PROXY STATEMENT

**ANNUAL MEETING OF SHAREHOLDERS
May 11, 2006**

INFORMATION CONCERNING SOLICITATION AND VOTING

This Proxy Statement is first being mailed on or about April 14, 2006 to shareholders of HCC Insurance Holdings, Inc., which is sometimes referred to in this Proxy Statement as HCC, or as we, us, or our, in connection with the solicitation by our Board of Directors of proxies to be voted at the Annual Meeting of Shareholders to be held on Thursday, May 11, 2006, at 8:30 a.m. Houston time, at the St. Regis Hotel, 1919 Briar Oaks Lane, Houston TX 77027, or any postponement or adjournment thereof. A shareholder giving a proxy has the power to revoke the proxy at any time before it is exercised. Such right of revocation is not limited by or subject to compliance with any formal procedure.

The cost of soliciting proxies will be borne by HCC. Copies of solicitation material may be furnished to brokers, custodians, nominees and other fiduciaries for forwarding to beneficial owners of shares of our common stock, and normal handling charges may be paid for such forwarding service. Solicitation of proxies may be made by mail, personal interview, telephone and facsimile by our officers and other management employees, who will receive no additional compensation for their services. It is contemplated that additional solicitation of proxies will be made in the same manner under the engagement and direction of Georgeson Shareholder Communications, Inc., 17 State Street, 10th Floor, New York, NY 10004 at an anticipated cost of \$7,000 plus reimbursement of out-of-pocket expenses.

Only shareholders of record on our record date of April 3, 2006 will be entitled to vote at the annual meeting, and each share will have one vote. At the close of business on such record date, there were 111,153,875 shares of our common stock outstanding and entitled to vote at the annual meeting.

A majority of the outstanding shares of the our common stock, represented in person or by proxy, will constitute a quorum at our annual meeting. The election of directors will be determined by a plurality of the votes cast if a quorum is present. Our Board of Directors does not anticipate calling for a vote on any matter other than those described herein.

Abstentions and broker non-votes are each included in the determination of the number of shares present and voting for purposes of determining the presence of a quorum. However, each is tabulated separately and treated differently. For instance, a proxy submitted by a shareholder may indicate that all or a portion of the shares represented by such proxy are not being voted by such shareholder with respect to a particular matter. This may occur, for example, when the stockholder does not give instructions on a particular matter and a broker is not permitted to vote stock held in street name on such a matter in the absence of instructions from the beneficial owner of the stock. The shares subject to such a proxy that are not being voted with respect to a particular matter, which are referred to in this proxy statement as non-voted shares, will be treated as shares not present and entitled to vote on such matter, although such shares may be considered present and entitled to vote for other matters and will count for purposes of determining the presence of a quorum. Conversely, shares voted to abstain as to a particular matter will not be considered non-voted shares. The election of directors requires a plurality of the shares. Thus, abstentions and non-voted shares will not affect the outcome of the election of directors.

PROPOSAL I ELECTION OF DIRECTORS

Each director elected at our annual meeting will continue to serve for a one-year term only and until his successor is duly elected and qualified at the next annual meeting of shareholders in 2007 or until his earlier death, resignation or removal. Each of the nominees is currently a director of HCC. Our Board of Directors has determined that each of Messrs. Collins, Crane, Dickerson, Duer, Flag, Fulkerson, Lack and Roberts are independent directors, as that term is defined by the New York Stock Exchange and the SEC. Such directors are collectively referenced in this Proxy Statement as the Independent Directors. Mr. Bramanti is referenced in this Proxy Statement as a Non-management Director. Mr. Molbeck was also considered a Non-management Director during 2005 and until his appointment as President and Chief Operating Officer in March 2006.

Our management notes that each of the proposed nominees is standing for re-election to our Board of Directors and that each has served our shareholders' interests well during his tenure as a director. Our management believes that HCC and its shareholders benefit from the wide variety of industry and professional experience that characterizes the Independent and Non-management Director members of our Board of Directors.

The following table presents information concerning persons nominated for election as directors of HCC, including current membership on committees of our Board of Directors, principal occupation or affiliations during the last five years, and certain directorships held. Although our Board of Directors does not contemplate that any of the nominees will be unable to serve, if such a situation arises prior to the annual meeting, the persons named in the enclosed form of Proxy will vote in accordance with their best judgment for a substitute nominee.

Director Independence

Our Board of Directors has established criteria for determining director independence as set forth in our Corporate Governance Guidelines. In particular, no director shall be deemed to be independent unless the board, as a whole, shall have affirmatively determined that no material relationship exists between such director and HCC other than the director's service as a member of our Board of Directors. In addition, the following criteria apply to determine independence:

no director who is an employee, or whose immediate family member is an executive officer of HCC, is deemed independent until three years after the end of such employment relationship;

no director who receives, or whose immediate family member receives, more than \$100,000 in any twelve-month period in direct compensation from HCC, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service), is deemed independent until three years after he or she ceases to receive more than \$100,000 in any twelve-month period in such compensation;

no director who is affiliated with or employed by, or whose immediate family member is affiliated with or employed in a professional capacity by, a present or former internal or external auditor of HCC is deemed independent until three years after the end of the affiliation or the employment of such auditing relationship;

no director who is employed, or whose immediate family member is employed, as an executive officer of another company where any of our present executives serve on that company's compensation committee is deemed independent until three years after the end of such service or the employment relationship; and

no director who is an executive officer or an employee, or whose immediate family member is an executive officer, of a company that makes payments to, or receives payments from, HCC for property or services in an amount that, in any single fiscal year, exceeds the greater of \$1 million or 2% of such other company's consolidated gross revenues, is deemed independent until three years after falling below such threshold.

In addition, members of our Audit Committee must meet the following additional independence requirements:

no director who is a member of the Audit Committee shall be deemed independent if such director is affiliated with HCC or any of its subsidiaries in any capacity, other than in such director's capacity as a member of our Board of Directors, the Audit Committee or any other board committee; and

no director who is a member of the Audit Committee shall be deemed independent if such director receives, directly or indirectly, any consulting, advisory or other compensatory fee from HCC or any of its subsidiaries, other than fees received in such director's capacity as a member of our Board of Directors, the Audit Committee or any other board committee, and fixed amounts of compensation under a retirement plan (including deferred compensation) for prior service with HCC (provided such compensation is not contingent in any way on continued service).

The Investment and Finance Committee held four meetings in 2005. The Investment and Finance Committee is charged with establishing investment policies for HCC and its subsidiaries and directing the investment of the funds of HCC and its subsidiaries in accordance with those policies. In this regard, the Investment and Finance Committee oversees the investment management activities of our third-party investment managers.

Nominating and Corporate Governance Committee

Our Nominating and Corporate Governance Committee consists of four Independent Directors. The members of the Nominating and Corporate Governance Committee during 2005 and currently are James R. Crane, J. Robert Dickerson, Walter J. Lack and Michael A. F. Roberts (Chairman). The Nominating and Corporate Governance Committee met four times in 2005. The Nominating and Corporate Governance Committee is charged with identifying and making recommendations to our Board of Directors of individuals suitable to become members of the Board of Directors and overseeing the administration of our various policies related to corporate governance matters. Our Board of Directors has determined that each member of the Nominating and Corporate Governance Committee is independent, as independence for nominating committee members is defined in the listing standards of the NYSE.

Director Nominations

The Nominating and Corporate Governance Committee has established criteria for the selection and recommendation of candidates to become nominees submitted by the Board of Directors for election to the Board of Directors by our shareholders. The committee selects each recommended nominee based on the nominee's experience, independence and availability. As set forth in our Corporate Governance Guidelines, the following criteria are also considered in selecting candidates for the Board of Directors: a high degree of personal and professional ethics, integrity and values, an independent mind and mature judgment. In addition, candidates are to be involved only in activities or interests that would not create a conflict of interest with potential directorial responsibilities to HCC and its shareholders.

When soliciting candidates for director, the Nominating and Corporate Governance Committee may solicit suggestions from incumbent directors, management and shareholders. While the committee has authority under its charter to retain a search firm for this purpose, no such firm was used in 2005. If the committee believes a candidate would be a valuable addition to our Board of Directors, it will recommend that candidate to the full Board of Directors.

Shareholder Nominations

The Charter of the Nominating and Corporate Governance Committee provides that the committee will consider proposals for nominees for director from shareholders. Shareholder nominations for director should be made in writing to Mr. Christopher L. Martin, Secretary, HCC Insurance Holdings, Inc., 13403 Northwest Freeway, Houston, Texas 77040-6094. In order to nominate a director at an annual meeting of shareholders, we require that a shareholder follow the procedures set forth in this section. In order to recommend a nominee for a director position, a shareholder must be a shareholder of record at the time he, she or it gives notice of recommendation and must be entitled to vote for the election of directors at the meeting at which such nominee will be considered. Shareholder recommendations must be made pursuant to written notice delivered to our Secretary at the principal executive offices of HCC (i) in the case of a nomination for election at an annual meeting, not less than 60 days prior to the first anniversary of the date of our notice of annual meeting

for the preceding year's annual meeting; and (ii) in the case of a special meeting at which directors are to be elected, not later than the close of business on the later of the 90th day prior to such special meeting or the tenth day following the day on which public announcement is first made of the date of the meeting and of the nominees proposed by our Board of Directors to be elected at the special meeting. In the event that the date of the annual meeting is changed by more than 30 days from the anniversary date of the preceding year's annual meeting, the shareholder notice described above will be deemed timely if it is received not later than the close of business on the later of the 90th day prior to such annual meeting or the tenth day following the day on which public announcement of the date of such meeting is first made.

The shareholder notice must set forth the following:

as to each person the shareholder proposes to nominate for election as a director, all information relating to such person that would be required to be disclosed in solicitations of proxies for the election of such nominees as directors pursuant to Regulation 14A under the Exchange Act, and such person's written consent to serve as a director if elected; and

as to the nominating shareholder and the beneficial owner, if any, on whose behalf the nomination is made, such shareholder's and beneficial owner's name and address as they appear on our books, the class and number of shares of our common stock which are owned beneficially and of record by such shareholder and such beneficial owner, and an affirmative statement of whether either such shareholder or such beneficial owner intends to deliver a proxy statement and form of proxy to a sufficient number of shareholders to elect such nominee or nominees.

In addition to complying with the foregoing procedures, any shareholder nominating a director must also comply with all applicable requirements of the Exchange Act, including the rules and regulations under such Act.

Directors who are also executive officers of HCC are not compensated for services rendered as a member of our Board of Directors or any committee of our Board of Directors. each Non-management and Independent Director serving at that time received an option to purchase 12,500 shares of HCC's common stock at an exercise price of \$30.35 per share under our 2004 Flexible Incentive Plan. In January 2006, Mr. Bush received an option to purchase 10,000 shares of HCC's common stock under the same plan at an exercise price of \$30.35 per share.

Under the terms of Mr. Molbeck's previous employment agreement, Mr. Molbeck provided consulting services to us for an annual consulting fee of \$200,000. In 2005, \$200,000 was paid to Mr. Molbeck for consulting services. Such consulting payments were suspended in March 2006 concurrently with his appointment as President and Chief Operating Officer of HCC. Under the terms of Mr. Bramanti's previous employment agreement with us, Mr. Bramanti provides consulting services to us for an annual consulting fee of \$100,000 per year through 2006 and \$50,000 per year through 2012, the end of the consulting period.

Certain Relationships and Related Transactions

We have strategic investments in a limited liability corporation and a related entity for which Mr. Fulkerson served in management and advisory roles through 2004. The carrying value of these investments was \$15.1 million at December 31, 2004. Income and realized gains (losses) from these investments totaled \$0.5 million in 2004. An entity that Mr. Fulkerson is affiliated with serves as the investment manager for fixed income securities valued at \$207.9 million at December 31, 2005. During 2005, we paid \$0.2 million in investment management fees to this entity.

In June 1994, HCC entered into an arrangement with an entity owned by Mr. Way, under the terms of which HCC leases equipment for providing transportation services to its employees, directors and clients. However, HCC provides its own employees to operate the equipment and pays all related operating expenses. During 2005, HCC paid \$1.1 million in lease payments to this entity.

We have entered into employment agreements with each of Messrs. Way, Ellis, Kelbel, Martin and Schell. A summary of the principal terms of such employment agreements is included under the caption "Employment Agreements" below.

There are no family relationships among the executive officers and directors, and there are no arrangements or understandings between any Independent or Non-management Director or any other person pursuant to which that Independent or Non-management Director was selected as a director. HCC has agreed under the employment agreement with Mr. Way to use its best efforts to ensure that Mr. Way is named as a director and Executive Chairman of the Board of Directors.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors and executive officers and persons who own more than 10% of a registered class of our equity securities to file initial reports of ownership and changes in ownership with the SEC. Such executive officers, directors and shareholders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file. The option grants to Mr. Kelbel on April 1, 2005, and to Mr. Way and Mr. Nagji on July 22, 2005, were not timely filed on Form 4, as required under Section 16(a), but such grants have been subsequently reported on Forms 4. Otherwise, based solely upon a review of the copies of such forms furnished to us and written representations from our directors and executive officers, all persons subject to the reporting requirements of Section 16(a) filed all required reports on a timely basis.

Stock Options

The following table provides details regarding stock options granted to the Named Executive Officers during 2005. In addition, in accordance with SEC rules, we show the hypothetical gains or option spreads that might exist for the respective options. The gains are based on assumed rates of annual compounded growth in stock price of 5% and 10% from the date the options were granted over the full option term. The actual value, if any, an executive may realize will depend on the spread between the market price and the exercise price on the date the option is exercised. The 5% and 10% assumed rates of growth are for illustrative purposes only. They are not intended to predict future stock prices, which will depend on market conditions and other factors such as our performance.

- (1) Potential gains are net of the exercise price, but before taxes associated with the exercise. These amounts represent certain assumed rates of appreciation only, based on SEC rules. Actual gains, if any, on stock option exercises are dependent on the future performance of our common stock, overall market conditions and the option holder's continued employment through the vesting period. The amount reflected in this table may not necessarily be achieved. Amounts shown under the Potential Realizable Value columns have been calculated by multiplying the exercise price by the annual appreciation rate shown (compounded for the term of the options), subtracting the exercise price per share and multiplying the gain per share by the number of shares covered by the options.

The following table shows stock options exercised by the Named Executive Officers during 2005, including the aggregate value of gains on the date of exercise. REPORT OF THE COMPENSATION COMMITTEE

During 2005, the Compensation Committee consisted of James R. Crane, Walter J. Lack (Chairman) and Michael A. F. Roberts.

All decisions by the Compensation Committee relating to the compensation of HCC's executive officers are reviewed by the full Board of Directors. The philosophy of HCC's compensation program is to employ, retain and reward executives capable of leading HCC in achieving its business objectives. These objectives include creating and then preserving strong financial performance, increasing HCC's assets, positioning HCC's assets and business operations in geographic markets and industry segments offering long-term growth opportunities, enhancing shareholder value, and ensuring HCC's survival. The accomplishment of these objectives is measured against conditions prevalent in the industry within which HCC operates.

The Compensation Committee's executive compensation policies are intended to provide competitive levels of compensation in order to attract and retain qualified executive officers. The forms of executive compensation utilized during 2005 by the Compensation Committee included base salary, cash bonus awards, deferred compensation awards and stock options. HCC's stock price performance is a key consideration for the Compensation Committee in considering executive officer compensation. HCC's compensation policy recognizes, however, that stock price performance is only one measure of performance and, given industry business conditions and HCC's long-term strategic direction and goals, it may not necessarily be the best current measure of executive performance. Therefore, HCC's compensation policy also gives consideration to HCC's achievement of business objectives when determining executive officer compensation.

The Compensation Committee has, with the approval of the full Board of Directors, determined that HCC's and its shareholders' interests are best served by HCC's entering into multi-year employment agreements with certain executive officers, including the Chief Executive Officer and the Named Executive Officers. A summary of the principal terms of such employment agreements is included under the caption "Employment Agreements" above. The Compensation Committee believes that such multi-year employment arrangements benefit HCC and its shareholders by permitting HCC to attract and retain executive officers with demonstrated leadership abilities and to secure the services of such executive officers at agreed upon terms over an extended period of time. The compensation payable to the subject executive officers according to the employment agreements is consistent with HCC's compensation policies as established by the Compensation Committee.

Compensation paid to executive officers is based upon a company-wide salary structure consistent for each position relative to its authority and responsibility compared to industry peers. Stock option awards have historically been used to reward executive officers and to retain them through the potential of capital gains and equity buildup in HCC. In 2005, the number of stock options granted, whether in conjunction with a written employment agreement or otherwise, was determined by the subjective evaluation of the executive's ability to influence HCC's long-term growth and profitability. The Board of Directors believes the award of equity-based incentives such as stock options represents an effective incentive to create value for the shareholders.

In 2005, the Compensation Committee reviewed base salary and annual bonus recommendations made by the Chief Executive Officer based upon his assessment of the performance of individual executive officers and his assessment of each executive officer's past performance and expectation as to future contributions.

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally disallows a tax deduction to public companies for compensation over \$1.0 million paid to a corporation's chief executive officer and the four other most highly compensated executive officers.

Section 162(m) further provides that qualifying performance-based compensation will not be subject to the deduction limit if certain requirements are met. HCC currently intends to structure grants under future stock option plans in a manner that complies with this statute. HCC does not currently intend to structure the discretionary annual bonus for executive officers to comply with Section 162(m). Such bonuses do not meet Section 162(m)'s requirement that they be payable solely on account of the attainment of one or more performance goals. Therefore, the Compensation Committee believes the annual discretionary bonuses, as

Table of Contents

currently structured, better serve the interests of our shareholders by allowing broader discretion in recognizing an executive officer's contribution and performance.

In connection with the compensation of HCC's executive officers, the Compensation Committee is aware of Section 162(m) as it relates to deductibility of qualifying compensation paid to executive officers. The Compensation Committee believes that compensation to be paid in 2006 may exceed the deductibility limitations on non-excluded compensation to certain of HCC's executive officers.

Chief Executive Officer Compensation

As referenced above, HCC has entered into an employment agreement with Mr. Way upon terms approved by the Compensation Committee. Under the terms of the agreement, Mr. Way serves as Executive Chairman of the Board of Directors and Chief Executive Officer of HCC. Summaries of the principal terms of Mr. Way's employment agreement and the HCC Insurance Holdings, Inc. Nonqualified Deferred Compensation Plan for Stephen L. Way are included under the caption "Employment Agreements" above. The Compensation Committee believes the Chief Executive Officer's compensation for 2005 and as contemplated by the employment agreement and the deferred compensation plan is warranted by HCC's continuing performance and the substantial growth and diversification of operations experienced by HCC under the CEO's leadership. The Compensation Committee believes that HCC's demonstrated ability to grow its business under a variety of market conditions and over an extended period is primarily attributable to Mr. Way's direction. In this regard, the Compensation Committee notes that 2005 represented a record year for HCC's financial performance and that HCC has averaged a 14% return on shareholders' equity over the past 10 years. HCC's underwriting experience continues to be exceptional and during the period 2001 through 2004, which is the latest period for which industry data is available, HCC had an average statutory combined ratio of 92.1% versus the less favorable 105.5% (source: A.M. Best Company, Inc.) recorded by the U.S. property and casualty insurance industry overall. During the period 2001 through 2005, HCC's gross written premium increased from \$1.0 billion to \$2.0 billion, an increase of 102%, while net written premium increased 303% from \$373.0 million to \$1.5 billion. During this period, HCC's revenues increased from \$511.2 million to \$1.6 billion, an increase of 222%. Additionally, during the period December 31, 2001 through December 31, 2005, HCC's shareholders' equity increased from \$763.5 million to \$1.7 billion, a 122% increase, and its assets increased from \$3.2 billion to \$7.0 billion, a 118% increase.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee is composed of three Independent Directors and acts under a written charter adopted by the Board of Directors. During 2005 and currently, the Audit Committee consisted of Mr. Collins, Mr. Duer and Dr. Flagg (Chairman).

The Audit Committee is responsible for overseeing HCC's financial reporting process on behalf of the Board of Directors. The Audit Committee has the sole responsibility for the appointment and retention of HCC's independent registered public accounting firm and the approval of all audit and other engagement fees. The Audit Committee meets periodically with management, the internal auditors and the independent registered public accounting firm regarding accounting policies and procedures, audit results and internal accounting controls. The internal auditors and the independent registered public accounting firm have free access to the Audit Committee, without management's presence, to discuss the scope and results of their audit work.

HCC's management is primarily responsible for its financial statements and the quality and integrity of the reporting process, including establishing and maintaining systems of internal control over financial reporting and assessing the effectiveness of those controls. The independent registered public accounting firm, PricewaterhouseCoopers LLP, is responsible for auditing those financial statements and for expressing an opinion on the conformity of the consolidated financial statements with accounting principles generally accepted in the United States of America and expressing an opinion on management's annual assessment of internal control over financial reporting.

In fulfilling its oversight responsibilities, the Audit Committee has reviewed and discussed the audited consolidated financial statements for the year ended December 31, 2005 and management's report of the effectiveness of HCC's system of internal control over financial reporting with HCC's management and representatives of the independent registered public accounting firm. The Audit Committee discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended. In addition, the Audit Committee discussed with the independent registered public accounting firm its independence from HCC and HCC's management, including the matters in the written disclosures required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, and has received from PricewaterhouseCoopers the written disclosure required by Standard No. 1. The Audit Committee has considered the compatibility of non-audit services, primarily tax and merger and acquisition activities.

PricewaterhouseCoopers LLP audited the financial records of HCC and its subsidiaries for the year ended December 31, 2005 and has served as HCC's independent registered public accounting firm since 1987. Representatives of PricewaterhouseCoopers LLP are expected to be present at the Annual Meeting of Shareholders and will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

In reliance on its review of the audited financial statements, the review of the report of management on the effectiveness of HCC's internal control over financial reporting and the discussion referred to above, the Audit Committee has recommended to the Board of Directors that the audited consolidated financial statements be included in HCC's Annual Report on Form 10-K for the year ended December 31, 2005, for filing with the SEC.

statements of our insurance company subsidiaries, actuarial certifications, review of our interim financial statements, review of our systems of internal control over financial reporting and other professional services related to SEC registration statements were \$3,200,000 and \$3,300,000, respectively. The 2005 fees include \$200,000 for audits of subsidiaries acquired in 2005.

Audit-Related Fees

The aggregate fees billed for the years ended December 31, 2005 and 2004 for assurance and related services rendered by PricewaterhouseCoopers LLP that are reasonably related to the performance of the audit or review of our financial statements but not reportable as Audit Fees were \$37,000 and \$30,000, respectively. Audit-related fees in 2005 and 2004 were primarily for services related to regulatory examinations.

Tax Fees

The aggregate fees billed for professional services rendered by PricewaterhouseCoopers LLP for tax compliance, tax advice and tax planning for the years ended December 31, 2005 and 2004 were \$246,000 and \$219,000, respectively. Tax fees in 2005 and 2004 included professional services for preparation of selected domestic and foreign tax returns for us and our subsidiaries and advice with respect to domestic and international tax issues related to tax return compliance and acquisition and disposition of subsidiaries.

All Other Fees

The aggregate fees billed for services rendered by PricewaterhouseCoopers LLP not reportable as Audit Fees, Audit-Related Fees or Tax Fees for the years ended December 31, 2005 and 2004 were \$3,200 and \$2,500, respectively. Such fees related to licenses for electronic databases.

The services provided by PricewaterhouseCoopers LLP described in Audit-Related Fees, Tax Fees and All Other Fees above, were approved by the Audit Committee according to Rule 2-01 (c)(7)(i)(C) of Regulation S-X. The Audit Committee has determined the rendering of the above-mentioned non-audit services by PricewaterhouseCoopers LLP was compatible with maintaining our independent registered public accounting firm's independence.

Audit Committee Pre-Approval Policies and Procedures

The Audit Committee's policy provides that our independent registered public accounting firm may provide only those services pre-approved by the Audit Committee or its designated subcommittee. The Audit Committee is required to pre-approve all auditing services and non-audit services that are provided to us. If the Audit Committee approves an audit service within the scope of the engagement of the independent registered public accounting firm, such audit service will be deemed to have been pre-approved.

Committee pre-approval is not required under the policies of the Audit Committee for non-audit services provided by the independent registered public accounting firm, if the aggregate amount of all such non-audit services provided to HCC constitutes not more than the 5% of the total amount of revenues paid by us to the independent registered public accounting firm during the fiscal year in which such non-audit services are provided, such non-audit services were not recognized by us at the time of the independent registered public accounting firm's engagement to be non-audit services, and such non-audit services are promptly brought to the attention of the Committee and approved by the Committee prior to the completion of the audit.

The Audit Committee may delegate to one or more members of the Audit Committee the authority to grant pre-approval of non-audit services. However, the decision of any member to whom such authority is delegated to pre-approve non-audit services shall be presented to the full Audit Committee for its approval at its next scheduled meeting.
