DESCRIPTION OF NOTES

The following description of the particular terms of the 6.50% Notes due 2006 (the "Notes") offered by this prospectus supplement and the accompanying prospectus expands on the description of the general terms and provisions of the debt securities included in the prospectus. The Notes are a series of debt securities described in the accompanying prospectus.

The following description of the Notes is qualified in its entirety by reference in the prospectus to the description of the Senior Indenture originally dated as of March 3, 1997, as amended, as of October 2, 1998, between BANK ONE and The Chase Manhattan Bank, as trustee (the "Senior Indenture").

General

Edgar Filing: BANK ONE CORP - Form 424B5

BANK ONE will issue an additional \$500,000,000 of the Notes as senior securities under the Senior Indenture. The Notes bear the same terms as the \$2,000,000,000 BANK ONE CORPORATION 6.50% Notes Due 2006 issued on January 30, 2001 and together with those Notes make up a single series of Notes. As a result, the outstanding principal amount of the series denominated as the BANK ONE CORPORATION 6.50% Notes Due 2006 is \$2,500,000,000. This description includes both those Notes issued on January 30, 2001 and the Notes expected to be issued on June 20, 2001 as a single series. The newly issued Notes will have the same ISIN, Common Code and CUSIP Number as, and upon closing will trade interchangeably with, the previously outstanding Notes.

The Senior Indenture allows us to "reopen" or later increase the amount of this series of Notes without notice by selling additional Notes with the same terms. Those additional Notes will be treated, for all purposes, like the Notes that we are describing in this prospectus supplement, except that any new Notes may begin to bear interest at a different date. No additional notes may be issued if an Event of Default has occurred with respect to the Notes.

The Notes will be issued in fully registered form only, in denominations of \$1,000 and multiples of \$1,000. Principal of and interest on the Notes will be payable, and the transfer of Notes will be registerable, through the Depository as described below.

BANK ONE may choose to redeem the Notes prior to maturity only upon the occurrence of certain events involving U.S. taxation. See "--Tax Redemption" below. If required under the Federal Reserve Board's capital rules, BANK ONE will obtain the approval of the Federal Reserve Board prior to exercising this redemption right.

As used in this prospectus supplement, "Business Day" means any day, other than a Saturday or Sunday, that is neither a legal holiday nor a day on which banking institutions are authorized or required by law or regulation to close in The City of New York or the city of Chicago, Illinois.

Bank One Trust Company, N.A., a subsidiary of BANK ONE, will act as principal paying agent for the Notes.

BANK ONE has appointed Chase Manhattan Bank Luxembourg S.A., as paying agent and transfer agent in Luxembourg with respect to the Notes in definitive form. As long as the Notes are listed on the Luxembourg Stock Exchange, BANK ONE will maintain a paying and transfer agent in Luxembourg, and any change in the Luxembourg paying agent and transfer agent will be published in Luxembourg. See "--Notices" below.

If any interest payment date for the Notes falls on a day that is not a Business Day, the interest payment will be postponed to the next day that is a Business Day, and no interest on such payment will accrue for the

S-11

period from and after the interest payment date. If the maturity date for a series of Notes falls on a day that is not a Business Day, the payment of interest and principal may be made on the next succeeding Business Day, and no interest on such payment will accrue for the period from and after the maturity date.

Interest payments for the Notes will include accrued interest from and including the date of issue or from and including the last date in respect of which interest has been paid, as the case may be, to, but excluding, the interest payment date or the maturity date, as the case may be.

Edgar Filing: BANK ONE CORP - Form 424B5

Interest Payments

The Notes will mature at par on February 1, 2006. Each Note will bear interest from January 30, 2001 at the annual rate of 6.50%, payable semi-annually on February 1 and August 1, commencing August 1, 2001, to the person in whose name the Note is registered at the close of business on the preceding January 15 or July 15. Interest payable at the maturity of the Note will be payable to the registered holder of the Note to whom principal is payable. Interest will be computed on the basis of a 360-day year of twelve 30-day months.

The Notes will constitute a separate series of senior securities of BANK ONE under the Senior Indenture. The Notes will rank on a parity with all other unsecured and unsubordinated indebtedness of BANK ONE.

Further Issues

We may from time to time, without notice to, or the consent of, the registered holders of the Notes, create and issue further notes equal in rank to the Notes offered by this prospectus supplement in all respects (or in all respects except for the payment of interest accruing prior to the issue date of the further notes or except for the first payment of interest following the issue date of the further notes). These further notes may be consolidated and form a single series with the Notes and will have the same terms as to status, redemption or otherwise as the Notes.

Book-Entry, Delivery and Form

The Notes will be issued in the form of one or more fully registered Global Notes (the "Global Notes") which will be deposited with, or on behalf of, The Depository Trust Company, New York, New York (the "Depository" or "DTC") and registered in the name of the Cede & Co., the Depository's nominee. Beneficial interests in the Global Notes will be represented through book-entry accounts of financial institutions acting on behalf of beneficial owners as direct and indirect participants in the Depository.

Investors may elect to hold interests in the Global Notes through the Depository, Clearstream Banking Luxembourg S.A. ("Clearstream") or Euroclear Bank, as operator of the Euroclear System ("Euroclear") if they are participants of such systems, or indirectly through organizations which are participants in such systems. Clearstream and Euroclear will hold interests on behalf of their participants through customers' securities accounts in Clearstream's and Euroclear's names on the books of their respective depositories, which in turn will hold such interests in customers' securities accounts in the depositories' names on the books of the Depository. Citibank, N.A. will act as depository for Clearstream and The Chase Manhattan Bank will act as depository for Euroclear (in such capacities, the "U.S. Depositories"). Except as described below, the Global Notes may be transferred, in whole and not in part, only to another nominee of the Depository or to a successor of the Depository or its nominee.

The Depository has advised BANK ONE as follows: the Depository is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Exchange Act. The Depository holds securities deposited with it by its participants and

Edgar Filing: BANK ONE CORP - Form 424B5

facilitates the settlement of transactions among its participants in such securities through electronic computerized book-entry changes in accounts of the participants, thereby eliminating the need for physical movement of securities certificates. The Depository's participants include securities brokers and dealers (including the Underwriters), banks, trust companies, clearing corporations and certain other organizations, some of whom (and/or their representatives) own the Depository. Access to the Depository book-entry system is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly.

Clearstream advises that it is incorporated under the laws of Luxembourg as a bank. Clearstream holds securities for its customers ("Clearstream Customers") and facilitates the clearance and settlement of securities transactions between Clearstream Customers through electronic book-entry transfers between their accounts. Clearstream provides to Clearstream Customers, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic securities markets in over 30 countries through established depository and custodial relationships. As a bank, Clearstream is subject to regulation by the Luxembourg Commission for the Supervision of the Financial Sector (Commission de Surveillance du Secteur Financier). Clearstream Customers are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. Clearstream's U.S. customers are limited to securities brokers and dealers and banks. Indirect access to Clearstream is also available to other institutions such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Clearstream Customer.

Distributions with respect to the Notes held through Clearstream will be credited to cash accounts of Clearstream Customers in accordance with its rules and procedures, to the extent received by the U.S. Depository for Clearstream.

Euroclear advises that it was created in 1968 to hold securities for its participants ("Euroclear Participants") and to clear and settle transactions between Euroclear Participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear provides various other services, including securities lending and borrowing and interfaces with domestic markets in several countries. Euroclear is operated by Euroclear Bank S.A. (the "Euroclear Operator"), under contract with Euroclear Clearance Systems, S.C., a Belgian cooperative corporation (the "Cooperative"). All operations are conducted by the Euroclear Operator, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator, not the Cooperative. The Cooperative establishes policy for Euroclear on behalf of Euroclear Participants. Euroclear Participants include banks (including central banks), securities brokers and dealers and other professional financial intermediaries and may include the Underwriters. Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear Participant, either directly or indirectly.

Securities clearance accounts and cash accounts with the Euroclear Operator are governed by the Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System, and applicable Belgian law (collectively, the "Terms and Conditions"). The Terms and Conditions govern transfers of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear, and receipts of payments with respect to securities in Euroclear. All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts.

Edgar Filing: BANK ONE CORP - Form 424B5

The Euroclear Operator acts under the Terms and Conditions only on behalf of Euroclear Participants and has no record of or relationship with persons holding through Euroclear Participants.

Distributions with respect to the Notes held beneficially through Euroclear will be credited to the cash accounts of Euroclear Participants in accordance with the Terms and Conditions, to the extent received by the U.S. Depository for Euroclear.

S-13

Euroclear further advises that investors that acquire, hold and transfer interests in the Notes by book-entry through accounts with the Euroclear Operator or any other securities intermediary are subject to the laws and contractual provisions governing their relationship with their intermediary, as well as the laws and contractual provisions governing the relationship between such an intermediary and each other intermediary, if any, standing between themselves and the Global Notes.

The Euroclear Operator advises as follows: Under Belgian law, investors that are credited with securities on the records of the Euroclear Operator have a co-property right in the fungible pool of interests in securities on deposit with the Euroclear Operator in an amount equal to the amount of interests in securities credited to their accounts. In the event of the insolvency of the Euroclear Operator, Euroclear Participants would have a right under Belgian law to the return of the amount and type of interests in securities credited to their accounts with the Euroclear Operator. If the Euroclear Operator did not have a sufficient amount of interests in securities on deposit of a particular type to cover the claims of all Participants credited with such interests in securities on the Euroclear Operator's records, all Participants having an amount of interests in securities of such type credited to their accounts with the Euroclear Operator would have the right under Belgian law to the return of their pro rata share of the amount of interests in securities actually on deposit.

Under Belgian law, the Euroclear Operator is required to pass on the benefits of ownership in any interests in securities on deposit with it (such as dividends, voting rights and other entitlements) to any person credited with such interests in securities on its records.

Individual certificates in respect of the Notes will not be issued in exchange for the Global Notes, except in very limited circumstances. If DTC notifies BANK ONE that it is unwilling or unable to continue as a clearing system in connection with the Global Notes or ceases to be a clearing agency registered under the Exchange Act, and a successor clearing system is not appointed by BANK ONE within 90 days after receiving such notice from DTC or upon becoming aware that DTC is no longer so registered, BANK ONE will issue or cause to be issued individual certificates in registered form on registration of transfer of, or in exchange for, book-entry interests in the Notes represented by such Global Notes upon delivery of such Global Notes for cancellation. In the event that individual certificates are issued, holders of the Notes will be able to receive payments (including principal and interest) on the Notes and effect transfer of the Notes at the offices of BANK ONE's paying and transfer agent in Luxembourg, Chase Manhattan Bank Luxembourg S.A.

Title to book-entry interests in the Notes will pass by book-entry registration of the transfer within the records of Clearstream, Euroclear or DTC, as the case may be, in accordance with their respective procedures. Book-entry interests in the Notes may be transferred within Clearstream and within Euroclear and between Clearstream and Euroclear in accordance with procedures established for these purposes by Clearstream and Euroclear. Book-entry

Edgar Filing: BANK ONE CORP - Form 424B5

interests in the Notes may be transferred within DTC in accordance with procedures established for this purpose by DTC. Transfers of book-entry interests in the Notes among Clearstream and Euroclear and DTC may be effected in accordance with procedures established for this purpose by Clearstream, Euroclear and DTC.

A further description of the Depository's procedures with respect to the Global Notes is set forth in the prospectus under "Global Securities." The Depository has confirmed to BANK ONE, the Underwriters and the Trustee that it intends to follow such procedures.

Global Clearance and Settlement Procedures

Initial settlement for the Notes will be made in immediately available funds. Secondary market trading between DTC participants will occur in the ordinary way in accordance with the Depository's rules and will be settled in immediately available funds using the Depository's Same-Day Funds Settlement System. Secondary market trading between Clearstream Customers and/or Euroclear Participants will occur in the ordinary way in accordance with the applicable rules and operating procedures of Clearstream and Euroclear and will be settled using the procedures applicable to conventional Eurobonds in immediately available funds.

S-14

Cross-market transfers between persons holding directly or indirectly through the Depository on the one hand, and directly or indirectly through Clearstream Customers or Euroclear Participants, on the other, will be effected in the Depository in accordance with the Depository's rules on behalf of the relevant European international clearing system by its U.S. Depository; however, such cross-market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in such system in accordance with its rules and procedures and within its established deadlines (European time). The relevant European international clearing system will, if the transaction meets its settlement requirements, deliver instructions to its U.S. Depository to take action to effect final settlement on its behalf by delivering interests in the Notes to or receiving interests in the Notes from the Depository, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to the Depository. Clearstream Customers and Euroclear Participants may not deliver instructions directly to their respective U.S. Depositaries.

Because of time-zone differences, credits of interests in the Notes received in Clearstream or Euroclear as a result of a transaction with a DTC participant will be made during subsequent securities settlement processing and dated the business day following the Depository settlement date. Such credits or any transactions involving interests in such Notes settled during such processing will be reported to the relevant Clearstream Customers or Euroclear Participants on such business day. Cash received in Clearstream or Euroclear as a result of sales of interests in the Notes by or through a Clearstream Customer or a Euroclear Participant to a DTC participant will be received with value on the Depository settlement date but will be available in the relevant Clearstream or Euroclear cash account only as of the business day following settlement in the Depository.

Although the Depository, Clearstream and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of interests in the Notes among participants of the Depository, Clearstream and Euroclear, they are under no obligation to perform or continue to perform such procedures and such procedures may be changed or discontinued at any time.

Tax Redemption

The Notes may be redeemed as a whole, at the option of BANK ONE at any time prior to maturity, upon the giving of a notice of redemption as described below, if BANK ONE determines that, as a result of any change in or amendment to the laws (or any regulations or rulings promulgated thereunder) of the United States or of any political subdivision or taxing authority thereof or therein affecting taxation, or any change in official position regarding the application or interpretation of such laws, regulations or rulings, which change or amendment becomes effective on or after January 23, 2001, BANK ONE has or will become obligated to pay Additional Amounts (as defined below) with respect to such Notes as described below under "Payment of Additional Amounts." The Notes will be redeemed at a redemption price equal to 100% of the principal amount thereof, together with accrued interest to the date fixed for redemption. Prior to the giving of any notice of redemption pursuant to this paragraph, BANK ONE will deliver to the Trustee (i) a certificate stating that BANK ONE is entitled to effect such redemption, including a statement of facts showing that the conditions precedent to the right of BANK ONE to so redeem have occurred and (ii) an opinion of independent counsel satisfactory to such Trustee to this effect based on such statement of facts; provided that no such notice of redemption will be given earlier than 60 days prior to the earliest date on which BANK ONE would be obligated to pay such Additional Amounts if a payment in respect of the Note were then due.

Notice of redemption will be given not less than 30 nor more than 60 days prior to the date fixed for redemption. The redemption date and the applicable redemption price will be specified in the notice. Any redemption notice will be given in accordance with "Notices" below.

If required under the Federal Reserve Board's capital rules, BANK ONE will obtain the approval of the Federal Reserve Board prior to exercising its foregoing redemption right.

S-15

Payment of Additional Amounts

BANK ONE will, subject to certain exceptions and limitations described below, pay additional amounts (the "Additional Amounts") to the beneficial owner of any Note who is a United States Alien as may be necessary in order that every net payment of the principal of and interest on the Note and any other amounts payable on the Note, after withholding for or on account of any present or future tax, assessment or governmental charge imposed upon or as a result of such payment by the United States (or any political subdivision or taxing authority thereof or therein), will not be less than the amount provided for in the Note to be then due and payable. BANK ONE will not, however, be required to make any payment of Additional Amounts to any beneficial owner for or on account of:

(a) any tax, assessment or other governmental charge that would not have been so imposed but for (1) the existence of any present or former connection between the beneficial owner (or between a fiduciary, settlor, beneficiary, member or shareholder of the beneficial owner, if the beneficial owner is an estate, a trust, a partnership or a corporation) and the United States and its possessions, including, without limitation, the beneficial owner (or the fiduciary, settlor, beneficiary, member or shareholder) being or having been a citizen or resident thereof or being or having been engaged in a trade or business or present therein or having, or having had, a permanent establishment therein or (2) the presentation by or on behalf of the beneficial owner of any such Note for payment on a date more than 15 days after the date on which the payment became due and

Edgar Filing: BANK ONE CORP - Form 424B5

payable on the date on which payment thereof is duly provided for, whichever occurs later;

(b) any estate, inheritance, gift, sales, transfer or personal property tax or any similar tax, assessment or governmental charge;

(c) any tax, assessment or other governmental charge imposed by reason of the beneficial owner's past or present status as a personal holding company or foreign personal holding company or controlled foreign corporation or passive foreign investment company with respect to the United States or as a corporation that accumulates earnings to avoid United States federal income tax or as a private foundation or other tax-exempt organization;

(d) any tax, assessment or other governmental charge that is payable otherwise than by withholding from payments on or in respect of any Note;

(e) any tax, assessment or other governmental charge that would not have been imposed but for the failure to comply with certification, information or other reporting requirements concerning the nationality, residence or identity of the beneficial owner of the Note, if the compliance is required by statute or by regulation of the United States or of any political subdivision or taxing authority thereof or therein as a precondition to relief or exemption from the tax, assessment or other governmental charge;

(f) any tax, assessment or other governmental charge imposed by reason of the beneficial owner's past or present status as the actual or constructive owner of 10% or more of the total combined voting power of all classes of stock entitled to vote of BANK ONE or as a controlled foreign corporation that is related directly or indirectly to BANK ONE through stock ownership; or

(g) any combination of items (a), (b), (c), (d), (e) or (f);

nor will Additional Amounts be paid with respect to any payment on a Note to a United States Alien who is a fiduciary or partnership or other than the sole beneficial owner of the payment to the extent the payment would be required by the laws of the United States (or any political subdivision thereof) to be included in the income, for tax purposes, of a beneficiary or settlor with respect to the fiduciary or a member of the partnership or a beneficial owner who would not have been entitled to the Additional Amounts had the beneficiary, settlor, member or beneficial owner held its interest in the Note directly.

The term "United States Alien" means any person who, for United States federal income tax purposes, is a foreign corporation, a nonresident alien individual, a nonresident alien fiduciary of a foreign estate or trust, or a foreign partnership to the extent that one or more of the members of which is a foreign corporation, a nonresident alien individual or a nonresident alien fiduciary of a foreign estate or trust.

S-16

Notices

Notices to holders of the Notes will be sent by mail to the registered holders and will be published, whether the Notes are in global or definitive form, and so long as the Notes are listed on the Luxembourg Stock Exchange, in a daily newspaper of general circulation in Luxembourg. It is expected that publication will be made in Luxembourg in the Luxemburger Wort. Any notice will be deemed to have been given on the date of such publication or, if published more than once, on the date of the first publication. So long as the Notes are

Edgar Filing: BANK ONE CORP - Form 424B5

listed on the Luxembourg Stock Exchange, any appointment of or change in the Luxembourg paying agent and transfer agent will be published in Luxembourg in the manner stated above.

Replacement Notes

In case of mutilation, destruction, loss or theft of any definitive Note, application for replacement is to be made at the office of the Trustee. Any such definitive Note will be replaced by the Trustee in compliance with such procedures, and on the terms as to evidence and indemnity, as BANK ONE and the Trustee may require and subject to applicable laws and regulations of the Luxembourg Stock Exchange. All costs incurred in connection with the replacement of any definitive Note will be borne by the holder of the Note. Mutilated or defaced definitive Notes must be surrendered before new ones will be issued.

UNITED STATES FEDERAL TAXATION

The following summary describes the material United States federal income and certain estate tax consequences of ownership and disposition of the Notes. This summary provides general information only and is directed solely to original beneficial owners purchasing Notes at the "issue price," that is, the first price to the public at which a substantial amount of the Notes in an issue is sold (excluding sales to bond houses, brokers or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers). This summary is based on the Internal Revenue Code of 1986, as amended to the date of this prospectus supplement (the "Code"), existing administrative pronouncements and judicial decisions, existing and proposed Treasury Regulations currently in effect, and interpretations of the foregoing, changes to any of which subsequent to the date of this prospectus supplement may affect the tax consequences described herein, possibly with retroactive effect. This summary discusses only Notes held as capital assets within the meaning of Section 1221 of the Code. This summary does not discuss all of the tax consequences that may be relevant to a beneficial owner in light of his particular circumstances or to beneficial owners subject to special rules, such as certain financial institutions, insurance companies, dealers in securities, persons holding Notes in connection with a hedging transaction, "straddle," conversion transaction or other integrated transaction or persons who have ceased to be United States citizens or to be taxed as resident aliens. Persons considering the purchase of Notes should consult their tax advisors with regard to the application of the United States federal income and estate tax laws to their particular situations as well as any tax consequences arising under the laws of any state, local or foreign taxing jurisdiction.

Tax Consequences to United States Persons

For purposes of the following discussion, "United States person" means a beneficial owner of a Note that is for United States federal income tax purposes (i) a citizen or resident of the United States, (ii) a corporation or other entity treated as a corporation for United States federal income tax purposes created or organized in or under the laws of the United States, any State or the District of Columbia, (iii) an estate the income of which is subject to United States federal income taxation regardless of its source, or (iv) a trust if a court within the United States is able to exercise primary supervision over the administration of the trust and one or more United States persons have the authority to control all substantial decisions of the trust. Partnerships are subject to special tax rules and should contact their tax advisors.

Edgar Filing: BANK ONE CORP - Form 424B5

Payments of Interest

Interest on a Note will generally be taxable to a United States person as ordinary interest income at the time it is accrued or is received in accordance with the United States person's method of accounting for tax purposes.

Amortizable Bond Premium

In general, if you purchase a Note for an amount (excluding any amount attributable to the pre-issuance accrued interest described below) in excess of the stated principal amount of the Note, such excess will constitute "bond premium". You generally may elect to amortize such bond premium over the remaining term of the Note on a constant yield basis. The amortized bond premium will offset your taxable interest from the Note. If you do not elect to amortize bond premium, that premium will decrease the gain or increase the loss you would otherwise recognize upon disposition of the Note. Your election to amortize premium on a constant yield basis will also apply to all debt obligations held or subsequently acquired by you on or after the first day of the first taxable year to which the election applies. You may not revoke the election without the consent of the IRS. You should consult your own tax advisor before making this election.

Pre-Issuance Accrued Interest

A portion of the purchase price of the Notes may be attributable to accrued interest and thus would not constitute bond premium (as defined above). Consequently, we intend to take the position that, for United States federal income tax purposes, the Notes may be treated as having been sold for an amount that excludes

S-18

any pre-issuance accrued interest. If the Notes are so treated, a portion of the first stated interest payment equal to any excluded pre-issuance accrued interest will be treated as a return of such pre-issuance accrued interest and will not be taxable to you or otherwise treated as an amount payable on the Notes.

Sale, Exchange or Retirement of the Notes

Upon the sale, exchange or retirement of a Note, a United States person will recognize taxable gain or loss equal to the difference between the amount realized on the sale, exchange or retirement and the United States person's adjusted tax basis in the Note. For these purposes, the amount realized does not include any amount attributable to accrued interest on the Note. Amounts attributable to accrued interest are treated as interest as described under "Payments of Interest" above. A United States person's adjusted tax basis in a Note generally will equal the cost of the Note to the United States person.

In general, gain or loss realized on the sale, exchange or redemption of a Note will be capital gain or loss. Prospective investors should consult their tax advisors regarding the treatment of capital gains (which may be taxed at lower rates than ordinary income for taxpayers who are individuals, trusts or estates) and losses (the deductibility of which is subject to limitations).

Backup Withholding and Information Reporting

Backup withholding and information reporting requirements may apply to certain payments of principal, premium and interest on a Note, and to payments of proceeds of the sale or redemption of a Note, to certain non-corporate United States persons. BANK ONE, its agent, a broker, or any paying agent, as

Edgar Filing: BANK ONE CORP - Form 424B5

the case may be, will be required to withhold from any payment a tax at a maximum rate of 31 percent of such payment if the United States person fails to furnish or certify his correct taxpayer identification number to the payor in the manner required, fails to certify that such United States person is not subject to backup withholding, or otherwise fails to comply with the applicable requirements of the backup withholding rules. Any amounts withheld under the backup withholding rules from a payment to a United States person may be credited against such United States person's United States federal income tax and may entitle such United States person to a refund, provided that the required information is furnished to the United States Internal Revenue Service.

Tax Consequences to Non-U.S. Persons

For purposes of the following discussion a "Non-U.S. Person" is:

- . an individual that is not a citizen or resident of the United States;
- . a corporation or other entity treated as a corporation for United States federal income tax purposes organized or created under non-U.S. law; or
- . an estate or trust that is not taxable in the U.S. on its worldwide income.

Withholding Taxes

Generally, payments of principal and interest on the Notes will not be subject to U.S. withholding taxes.

However, for the exemption from withholding taxes to apply to you, one of the following requirements must be met. These requirements have been changed for interest paid on or after January 1, 2001.

- . You provide a completed Form W-8BEN (or substitute form) to the bank, broker or other intermediary who holds the Notes. The Form W-8BEN contains your name, address and a statement that you are the beneficial owner of the Notes and that you are not a U.S. Person.
- . You hold your Notes directly through a "qualified intermediary", and the qualified intermediary has sufficient information in its files indicating that you are not a U.S. Person. A qualified intermediary is a bank, broker or other intermediary that (1) is either a U.S. or non-U.S. entity, (2) is acting out of a non-U.S. branch or office and (3) has signed an agreement with the IRS providing that it will administer all or part of the U.S. tax withholding rules under specified procedures.

S-19

- . You are entitled to an exemption from withholding tax on interest under a tax treaty between the U.S. and your country of residence. To claim this exemption, you must generally complete Form W-8BEN and claim this exemption on the form. In some cases, you may instead be permitted to provide documentary evidence of your claim to the intermediary, or a qualified intermediary may already have some or all of the necessary evidence in its files.
- . The interest income on the Notes is effectively connected with the conduct of your trade or business in the U.S., and is not exempt from U.S. tax under a tax treaty. To claim this exemption, you must complete Form W-8ECI.

Edgar Filing: BANK ONE CORP - Form 424B5

Even if you meet one of the above requirements, interest paid to you will be subject to withholding tax under any of the following circumstances:

- . The withholding agent or an intermediary knows or has reason to know that you are not entitled to an exemption from withholding tax. Specific rules apply for this test.
- . The IRS notifies the withholding agent that information that you or an intermediary provided concerning your status is false.
- . An intermediary through which you hold the Notes fails to comply with the procedures necessary to avoid withholding taxes on the Notes. In particular, an intermediary is generally required to forward a copy of your Form W-8BEN (or other documentary information concerning your status) to the withholding agent for the Notes. However, if you hold your Notes through a qualified intermediary--or if there is a qualified intermediary in the chain of title between yourself and the withholding agent for the Notes--the qualified intermediary will not generally forward this information to the withholding agent.
- . You own 10% or more of the voting stock of BANK ONE, are a "controlled foreign corporation" with respect to BANK ONE, or are a bank making a loan in the ordinary course of its business. In these cases, you will be exempt from withholding taxes only if you are eligible for a treaty exemption or if the interest income is effectively connected with your conduct of a trade or business in the U.S., as discussed above.

Interest payments made to you will generally be reported to the IRS and to you on Form 1042-S. However, this reporting does not apply to you if one of the following conditions applies:

- . You hold your Notes directly through a qualified intermediary and the applicable procedures are complied with.
- . You file Form W-8ECI.

The rules regarding withholding are complex and vary depending on your individual situation. They are also subject to change. In addition, special rules apply to certain types of non-U.S. Persons, including partnerships, trusts, and other entities treated as pass-through entities for U.S. federal income tax purposes. We suggest that you consult with your tax advisor regarding the specific methods for satisfying these requirements.

Sale or Retirement of Notes

If you sell a Note or it is redeemed, you will not be subject to federal income tax on any gain unless one of the following applies:

- . The gain is connected with a trade or business that you conduct in the U.S.
- . You are an individual, you are present in the U.S. for at least 183 days during the year in which you dispose of the Note, and certain other conditions are satisfied.

U.S. Trade or Business

If you hold your Note in connection with a trade or business that you are conducting in the U.S.:

- . Any interest on the Note, and any gain from disposing of the Note, generally will be subject to income tax as if you were a U.S. Person.

- . If you are a corporation, you may be subject to the "branch profits tax" on your earnings that are connected with your U.S. trade or business, including earnings from the Note. This tax is 30%, but may be reduced or eliminated by an applicable income tax treaty.

Estate Taxes

If you are an individual, your Notes will not be subject to U.S. estate tax when you die. However, this rule only applies if, at your death, payments on the Notes were not connected to a trade or business that you were conducting in the U.S.

Information Reporting and Backup Withholding

U.S. rules concerning information reporting and backup withholding are described above. These rules apply to Non-U.S. Persons as follows:

- . Principal and interest payments you receive will be automatically exempt from the usual rules if you are a Non-U.S. Person exempt from withholding tax on interest, as described above. The exemption does not apply if the withholding agent or an intermediary knows or has reason to know that you should be subject to the usual information reporting or backup withholding rules. In addition, as described above, interest payments made to you may be reported to the IRS on Form 1042-S.
- . Sale proceeds you receive on a sale of your Notes through a broker may be subject to information reporting and/or backup withholding if you are not eligible for an exemption. In particular, information reporting and backup withholding may apply if you use the U.S. office of a broker, and information reporting (but not backup withholding) may apply if you use the foreign office of a broker that has certain connections to the U.S. We suggest that you consult your tax advisor concerning information reporting and backup withholding on a sale.

Possible European Union Requirements

The European Union is considering new procedures that would apply to you if you are a tax resident of a member state and you receive interest on Notes from a paying agent located in another member state. Under these procedures, each member state would be required to provide information regarding payments of interest or other similar income paid by a person within its jurisdiction to an individual resident in another member state to the tax authorities of such other member state. Certain member states would have the right to opt instead for a transitional withholding system for such payments. These proposed procedures would not apply to Notes issued before March 1, 2001. We advise you to consult your tax advisor about the possible implications of these requirements.

The United States federal income tax discussion set forth above is included for general information only and may not be applicable depending upon an owner's particular situation. Owners should consult their own tax advisors with respect to the tax consequences to them of the ownership and disposition of the Notes, including the tax consequences under state, local, foreign and other tax laws and the possible effects of changes in federal or other tax laws.

UNDERWRITING

Banc One Capital Markets, Inc. and Salomon Smith Barney Inc. are joint bookrunners for the offering. Under the terms and subject to the conditions set forth in the Underwriting Agreement, dated June 13, 2001, the Underwriters named below have severally agreed to purchase, and BANK ONE has agreed to sell to them, severally, the respective principal amount of the Notes indicated opposite their respective names below:

Name ----	Principal Amount of Notes -----
Banc One Capital Markets, Inc.....	\$250,000,000
Salomon Smith Barney Inc.....	250,000,000
Total.....	----- \$500,000,000 =====

The Underwriting Agreement provides that the obligations of the several Underwriters to pay for and accept delivery of the Notes are subject to, among other things, the approval of certain legal matters by their counsel and certain other conditions. The Underwriters are obligated to take and pay for all the Notes if any are taken.

The Underwriters propose initially to offer part of the Notes to the public at the public offering price listed on the cover page of this prospectus supplement, plus accrued interest from January 30, 2001 to the date of delivery of these Notes. The Underwriters may sell the Notes in part to certain dealers at prices that represent a concession not in excess of 0.250% of the principal amount of the Notes. Any Underwriter may allow, and such dealers may reallow, a concession not in excess of 0.200% of the principal amount of the Notes to certain other dealers. After the initial offering of the Notes, the offering price and other selling terms may from time to time be varied by the Underwriters.

In order to facilitate the offering of the Notes, the Underwriters may engage in transactions that stabilize, maintain or otherwise affect the price of the Notes. Specifically, the Underwriters may over-allot in connection with this offering, creating short positions in the Notes for their own account. In addition, to cover over-allotments or to stabilize the price of the Notes, the Underwriters may bid for, and purchase, Notes in the open market. Finally, the Underwriters may reclaim selling concessions allowed to an underwriter or dealer for distributing Notes in this offering, if the Underwriters repurchase previously distributed Notes in transactions that cover syndicate short positions, in stabilization transactions or otherwise. Any of these activities may stabilize or maintain the market price of the Notes above independent market levels. The Underwriters are not required to engage in these activities, and may end any of these activities at any time.

One of the Underwriters, Banc One Capital Markets, Inc. ("BOCM"), is an affiliate of BANK ONE. The participation of BOCM in the offer and sale of the Notes as described in this prospectus supplement complies and will comply with Rule 2720 of the Conduct Rules of the National Association of Securities Dealers, Inc. (the "NASD") regarding the offer and sale of securities of an affiliate. No NASD member participating in offers and sales of securities will execute a transaction in the Notes in a discretionary account without the prior specific written approval of the member's customer. Any obligation of BOCM is the sole obligation of BOCM, and does not create any obligation on the part of

Edgar Filing: BANK ONE CORP - Form 424B5

BANK ONE or any other affiliate of BOCM.

This prospectus supplement and prospectus may be used by BOCM in connection with offers and sales related to secondary market transactions in the offered Notes and previously outstanding Notes. BOCM may act as principal or agent in such transactions. These sales will be made at prices related to prevailing market prices at the time of sale.

S-22

Certain of the Underwriters and their affiliates engage in transactions with, and perform services for, BANK ONE in the ordinary course of business and have engaged, and may in the future engage, in commercial banking and investment transactions with BANK ONE.

The Notes are offered for sale in those jurisdictions in the United States, Canada, Europe, Asia and elsewhere where it is lawful to make such offers.

Each of the Underwriters has represented and agreed that it has not and will not offer, sell or deliver any of the Notes directly or indirectly, or distribute this prospectus supplement or the prospectus or any other offering material relating to the Notes, in or from any jurisdiction except under circumstances that will result in compliance with the applicable laws and regulations thereof and that will not impose any obligations on BANK ONE except as set forth in the Underwriting Agreement.

(i) it has not offered or sold and will not offer or sell any Notes to persons in the United Kingdom prior to the expiry of the period of six months from the issue date of the Notes except to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purpose of their businesses or otherwise in circumstances which have not resulted and will not result in an offer to the public in the United Kingdom within the meaning of the Public Offers of Securities Regulations 1995;

(ii) it has only issued or passed on and will only issue or pass on in the United Kingdom any document received by it in connection with the issue of the Notes to a person who is of a kind described in Article 11(3) of the Financial Services Act 1986 (Investment Advertisements) (Exemptions) Order 1996 (as amended) or is a person to whom such document may otherwise lawfully be issued or passed on;

(iii) it has complied and will comply with all applicable provisions of the Financial Services Act 1986 with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom; and

(iv) it will not offer or sell any Notes directly or indirectly in Japan or to, or for the benefit of any Japanese person or to others, for re-offering or re-sale directly or indirectly in Japan or to any Japanese person except under circumstances which will result in compliance with all applicable laws, regulations and guidelines promulgated by the relevant governmental and regulatory authorities in effect at the relevant time. For purposes of this paragraph, "Japanese person" shall mean any person resident in Japan, including any corporation or other entity organized under the laws of Japan.

BANK ONE CORPORATION

BANK ONE CORPORATION is a multi-bank holding company organized in 1998 under the laws of the State of Delaware to effect the merger, effective October 2, 1998, of First Chicago NBD with BANC ONE.

Through its bank subsidiaries, BANK ONE provides domestic retail banking, finance and credit card services; worldwide commercial banking services; and trust and investment management services. BANK ONE operates banking offices in Arizona, Colorado, Florida, Illinois, Indiana, Kentucky, Louisiana, Michigan, Ohio, Oklahoma, Texas, Utah, West Virginia and Wisconsin. BANK ONE also owns nonbank subsidiaries that engage in businesses related to banking and finance, including credit card and merchant processing, consumer and education finance, mortgage lending and servicing, insurance, venture capital, investment and merchant banking, trust, brokerage, investment management, leasing, community development and data processing.

BANK ONE is a legal entity separate and distinct from its affiliate banks and its nonbank subsidiaries. Accordingly, the right of BANK ONE, and therefore the right of BANK ONE's creditors and shareholders, to participate in any distribution of the assets or earnings of any affiliate or subsidiary is necessarily subject to the prior claims of creditors of that entity except to the extent that claims of BANK ONE in its capacity as a creditor may be recognized. The principal sources of BANK ONE's revenues are dividends,

Edgar Filing: BANK ONE CORP - Form 424B5

interest on loans and fees from its affiliates and subsidiaries.

Like its predecessors, BANK ONE continually evaluates its business operations and organizational structures and routinely explores opportunities to (1) acquire financial institutions and other financial services-related businesses and assets, and (2) enter into strategic alliances to expand the scope of its services and its customer base. When consistent with its overall business strategy, BANK ONE also will sell assets or exit certain businesses and markets. In 1999, BANK ONE undertook several initiatives to combine its operations under a single identity. In May, BANK ONE introduced the Bank One name at former First Chicago NBD locations in Michigan and Florida. BANK ONE integrated former First Chicago NBD Indiana branches with Banc One banking centers in June. In September, substantially all Chicago metropolitan-area banking operations were integrated under the Bank One name.

BANK ONE's executive offices are located at 1 Bank One Plaza, Chicago, Illinois 60670, and the telephone number is (312) 732-4000.

RATIO OF EARNINGS TO FIXED CHARGES

The ratios of earnings to fixed charges for BANK ONE are listed below for the periods indicated. The ratios are computed on the basis of the total enterprise (as defined by the SEC) by dividing earnings before fixed charges and income taxes by fixed charges. Also listed below are the ratios of earnings to combined fixed charges and preferred stock dividends. These ratios are computed on the

6

basis of the total enterprise by dividing earnings before fixed charges and income taxes by fixed charges and preferred stock dividend requirements for the periods indicated. Fixed charges consist principally of interest expense on all long- and short-term borrowings, excluding or including interest on deposits as indicated.

USE OF PROCEEDS

BANK ONE currently intends to use the net proceeds from the sale of any securities for general corporate purposes, which may include the reduction of

Edgar Filing: BANK ONE CORP - Form 424B5

its short-term indebtedness, investments at the holding company level, investments in or extensions of credit to its affiliates and other banks and companies engaged in other financial service activities, possible acquisitions and any other purpose stated in any prospectus supplement. Pending this use, BANK ONE may temporarily invest the net proceeds. The precise amounts and timing of the application of proceeds will depend upon the funding requirements of BANK ONE and its affiliates and the availability of other funds. Except as may be described in any prospectus supplement, specific allocations of the proceeds to these purposes will not have been made at the date of that prospectus supplement. Based upon the historical and anticipated future growth of BANK ONE and the financial needs of its affiliates, BANK ONE anticipates that it will, on a recurrent basis, engage in additional financings of a character and amount to be determined as the need arises.

REGULATORY MATTERS

The following discussion describes certain of the material elements of the regulatory framework applicable to bank holding companies and their subsidiaries and provides certain specific information relevant to BANK ONE. This regulatory framework is intended primarily for the protection of depositors and the federal deposit insurance funds and not for the protection of security holders. To the extent that the following information describes statutory and regulatory provisions, it is qualified in its entirety by reference to those provisions. A change in the statutes, regulations or regulatory policies applicable to BANK ONE or its subsidiaries may have a material effect on the business of BANK ONE.

General

As a bank holding company, BANK ONE is subject to regulation under the Bank Holding Company Act of 1956, and to inspection, examination and supervision by the Board of Governors of the Federal Reserve System. Under the Bank Holding Company Act, bank holding companies, except those that have become "financial holding companies" as described below, generally may not own or control more than 5% of the voting shares or substantially all the assets of any company, including a bank, without the Federal Reserve's prior approval. In addition, bank holding companies, except those that have become "financial holding companies" as described below, generally may engage, directly or indirectly, only in banking and such other activities as are determined by the

7

Federal Reserve to be closely related to banking. See "--Gramm-Leach-Bliley Act of 1999" below for a description of new banking legislation which will significantly modify and expand the activities which certain types of financial services companies may engage in.

Various governmental requirements, including Sections 23A and 23B of the Federal Reserve Act, limit borrowings by BANK ONE and its nonbank subsidiaries from BANK ONE's affiliate banks. These requirements also limit various other transactions between BANK ONE and its nonbank subsidiaries, on the one hand, and BANK ONE's affiliate banks, on the other. For example, Section 23A limits to no more than 10% of its total capital the aggregate outstanding amount of any bank's loans and other "covered transactions" with any particular nonbank affiliate, and limits to no more than 20% of its total capital the aggregate outstanding amount of any bank's covered transactions with all of its nonbank affiliates. Section 23A also generally requires that a bank's loans to its nonbank affiliates be secured, and Section 23B generally requires that a bank's transactions with its nonbank affiliates be on arms' length terms.

Most of BANK ONE's affiliate banks are national banking associations and, as

Edgar Filing: BANK ONE CORP - Form 424B5

such, are subject to regulation primarily by the Office of the Comptroller of the Currency ("OCC") and, secondarily, by the Federal Deposit Insurance Corporation ("FDIC") and the Federal Reserve. BANK ONE's state-chartered banks also are subject to regulation by the FDIC and the Federal Reserve and, in addition, by their respective state banking departments. The banks' operations in other countries are subject to various restrictions imposed by the laws of those countries.

Gramm-Leach-Bliley Act of 1999

The Gramm-Leach-Bliley Act of 1999 (the "GLB Act") eliminates many legal barriers between banks and bank holding companies, on the one hand, and securities firms, insurance companies and other financial services providers, on the other. Among other things, the GLB Act repealed certain Glass-Steagall Act restrictions on affiliations between banks and securities firms, and amended the Bank Holding Company Act to permit bank holding companies that qualify as "financial holding companies" to engage in activities, and acquire companies engaged in activities, that are

- . financial in nature;
- . incidental to financial activities; or
- . complementary to financial activities if the Federal Reserve Board determines that they pose no substantial risk to the safety or soundness of depository institutions or the financial system in general.

The GLB Act treats various lending, insurance underwriting, insurance company portfolio investment, financial advisory, securities underwriting, dealing and market-making, and merchant banking activities as financial in nature for this purpose. The Federal Reserve Board, in consultation with the Secretary of the Treasury, may add to this list. The GLB Act not only permits bank holding companies to acquire securities and insurance firms, but also allows such firms to acquire banks and bank holding companies.

A bank holding company may become a financial holding company only if

- . all of its depository institution subsidiaries are well capitalized,
- . all of its depository institution subsidiaries are well managed, and
- . the bank holding company has filed with the Federal Reserve Board a declaration that the company elects to be a financial holding company.

In addition, a bank holding company generally may not commence any new activity or acquire any additional company as a financial holding company if any of its depository institution subsidiaries has received a rating of less than "satisfactory" in its most recent examination under the Community Reinvestment Act of 1977 ("CRA").

8

The GLB Act generally permits national banks to engage through special financial subsidiaries in the financial and other incidental activities authorized for financial holding companies by the act. However, such financial subsidiaries may not engage in insurance or annuity underwriting, insurance company portfolio investments, real estate investment and development or, at least for the first five years after the GLB Act's enactment, merchant banking. Also, the national bank in question and all its depository institution affiliates must be well capitalized, well managed and have satisfactory CRA ratings, and there are limits on such a bank's investments in such

Edgar Filing: BANK ONE CORP - Form 424B5

subsidiaries. With certain limited exceptions, a national bank's dealings with its financial subsidiaries are subject to Sections 23A and 23B of the Federal Reserve Act. BANK ONE has not yet determined whether or when it may elect to become a financial holding company or to establish a financial subsidiary.

The GLB Act also imposes new restrictions on financial institutions' transfer and use of nonpublic personal information about their customers. Among other things, it directs the federal banking agencies to develop new regulations for this purpose; gives customers the right to "opt out" of having their nonpublic personal information shared with nonaffiliated third parties; bars financial institutions from disclosing customer account numbers or other such access codes to nonaffiliated third parties for direct marketing purposes; and requires annual disclosure by financial institutions of their policies and procedures for protecting customers' nonpublic personal information.

Liability for Bank Subsidiaries

The Federal Reserve has a policy that a bank holding company is expected to act as a source of financial and managerial strength to each of its subsidiary banks and to maintain resources adequate to support each subsidiary bank. This support may be required at times when BANK ONE may not have the resources to provide it. In addition, Section 55 of the National Bank Act, permits the OCC to order the pro rata assessment of shareholders of a national bank whose capital has become impaired. If a shareholder fails within three months to pay this assessment, the OCC can order the sale of the shareholder's stock to cover the deficiency. In the event of a bank holding company's bankruptcy, any commitment by the bank holding company to a federal bank regulatory agency to maintain the capital of a subsidiary bank would be assumed by the bankruptcy trustee and entitled to priority of payment.

Any depository institution insured by the FDIC can be held liable for any loss incurred, or reasonably expected to be incurred, by the FDIC in connection with (1) the default of a commonly controlled FDIC-insured depository institution or (2) any assistance provided by the FDIC to a commonly controlled FDIC-insured depository institution in danger of default. "Default" is defined generally as the appointment of a conservator or receiver and "in danger of default" is defined generally as the existence of certain conditions indicating that a "default" is likely to occur in the absence of regulatory assistance. All of BANK ONE's subsidiary banks are FDIC-insured institutions. Also, in the event that such a default occurred with respect to a bank, any capital loans to the bank from its parent holding company would be subordinate in right of payment to payment of the bank's depositors and certain of its other obligations.

Capital Requirements

BANK ONE is subject to capital requirements and guidelines imposed by the Federal Reserve. The OCC, the FDIC and the Federal Reserve impose similar requirements and guidelines on BANK ONE's banks within their respective jurisdictions. These capital requirements establish higher capital standards for banks and bank holding companies that assume greater risks. For this purpose, a bank's or holding company's assets and certain specified off-balance sheet commitments are assigned to four risk categories. Each risk category is weighted differently based on the level of credit risk that is attributed to particular assets or commitments. In addition, risk weighted assets are

adjusted for low-level recourse and market risk equivalent assets. A bank's or holding company's capital, in turn, is divided into three tiers:

Edgar Filing: BANK ONE CORP - Form 424B5

- . core ("Tier 1") capital, which includes common equity, non-cumulative perpetual preferred stock and a limited amount of cumulative perpetual preferred stock and related surplus (excluding auction rate issues), and minority interests in equity accounts of consolidated subsidiaries, less goodwill, certain identifiable intangible assets and certain other assets;
- . supplementary ("Tier 2") capital, which includes, among other items, perpetual preferred stock not meeting the Tier 1 definition, mandatory convertible securities, subordinated debt and allowances for loan and lease losses, subject to certain limitations, less certain required deductions; and
- . market risk ("Tier 3") capital, which includes qualifying unsecured subordinated debt.

BANK ONE, like other bank holding companies, currently is required to maintain Tier 1 capital equal to at least 4% of its total risk-weighted assets and total capital (the sum of Tier 1, Tier 2 and Tier 3 capital) equal to at least 8% of its total risk-weighted assets. At March 31, 2000, BANK ONE met both requirements, with Tier 1 capital equal to 7.7% and total capital equal to 10.6% of its total risk-weighted assets.

The Federal Reserve, the FDIC and the OCC have adopted rules to incorporate market and interest rate risk components into their risk-based capital standards. Under the market risk requirements, capital is allocated to support the amount of market risk related to a financial institution's ongoing trading activities.

The Federal Reserve also requires bank holding companies to maintain a minimum "leverage ratio" (Tier 1 capital to adjusted average assets) of 3%, if the holding company has the highest regulatory rating or has implemented the risk-based capital measures for market risk, or 4% if the holding company does not meet these requirements. At March 31, 2000, BANK ONE's leverage ratio was 7.7%.

The Federal Reserve may set capital requirements higher than the minimums noted above for holding companies whose circumstances warrant it. For example, holding companies experiencing or anticipating significant growth may be expected to maintain capital ratios including tangible capital positions well above the minimum levels. Furthermore, the Federal Reserve has indicated that it will consider a "tangible Tier I capital leverage ratio" (deducting all intangibles) and other measures of capital strength in evaluating proposals for expansion or new activities. The Federal Reserve has not, however, imposed any special capital requirement on BANK ONE.

Each of the BANK ONE bank subsidiaries is subject to similar risk-based and leverage capital requirements adopted by its applicable federal banking agency. Each of the banks was in compliance with the applicable minimum capital requirements as of March 31, 2000.

Failure to meet capital requirements could subject a bank to a variety of enforcement remedies, including the termination of deposit insurance by the FDIC, and to certain restrictions on its business, which are described below.

The Federal Deposit Insurance Corporation Improvement Act of 1991, among other things, identifies five capital categories for insured depository institutions:

- . well capitalized,
- . adequately capitalized,

- . undercapitalized,
- . significantly undercapitalized, and
- . critically undercapitalized.

10

The act requires the respective federal regulatory agencies to implement systems for "prompt corrective action" for insured depository institutions that do not meet minimum capital requirements within such categories. The act imposes progressively more restrictive constraints on operations, management and capital distributions, depending on the category in which an institution is classified. Failure to meet the capital guidelines could also subject a depository institution to capital raising requirements. An "undercapitalized" depository institution must develop a capital restoration plan and its parent holding company must guarantee that bank's compliance with the plan. The liability of the parent holding company under any such guarantee is limited to the lesser of 5% of the depository institution's assets at the time it became "undercapitalized" or the amount needed to comply with the plan. In the event of the bankruptcy of the parent holding company, the guarantee would take priority over the parent's general unsecured creditors. This act also requires the various regulatory agencies to prescribe certain non-capital standards for safety and soundness relating generally to operations and management, asset quality and executive compensation and permits regulatory action against a financial institution that does not meet these standards.

As of March 31, 2000 each BANK ONE banking subsidiary was "well capitalized," based on the "prompt corrective action" ratios and guidelines described above. It should be noted, however, that a bank's capital category is determined solely for the purpose of applying the OCC's (or the FDIC's) "prompt corrective action" regulations and that the capital category may not constitute an accurate representation of the bank's overall financial condition or prospects.

Dividend Restrictions

Various federal and state statutory provisions limit the amount of dividends BANK ONE's affiliate banks can pay to BANK ONE without regulatory approval. For example, approval generally is required for any national bank, or any state chartered bank that is a member of the Federal Reserve System, to pay any dividend that would cause the bank's total dividends paid during any calendar year to exceed the sum of the bank's net income for the current year combined with retained net income for the prior two years. Such a bank generally may not pay any dividend in an amount greater than its net profits then on hand without regulatory approval. At January 1, 2000, \$2.5 billion of the total stockholders' equity of the affiliate banks was available for payment of dividends to BANK ONE without approval by the applicable regulatory authority.

In addition, federal bank regulatory authorities have authority to prohibit BANK ONE's affiliate banks from engaging in an unsafe or unsound practice in conducting their business. The payment of dividends, depending upon the financial condition of the bank in question, could be deemed to constitute an unsafe or unsound practice. The ability of BANK ONE's affiliate banks to pay dividends in the future is currently, and could be further, influenced by bank regulatory policies and capital guidelines.

Deposit Insurance Assessments

The domestic deposits of each of BANK ONE's banks are insured up to

Edgar Filing: BANK ONE CORP - Form 424B5

regulatory limits by the FDIC and, accordingly, are subject to deposit insurance assessments to maintain the Bank Insurance Fund and Savings Association Insurance Fund administered by the FDIC. The FDIC has adopted regulations establishing a permanent risk-related deposit insurance assessment system. Under this system, the FDIC places each insured bank in one of nine risk categories based on (a) the bank's capitalization and (b) supervisory evaluations provided to the FDIC by the institution's primary federal regulator. Each insured bank's insurance assessment rate is then determined by the risk category in which it is classified by the FDIC.

The annual insurance premiums on bank deposits insured by the Bank Insurance Fund and the Savings Association Insurance Fund vary between \$0.00 per \$100 of deposits for banks classified in the highest capital and supervisory evaluation categories to \$0.27 per \$100 of deposits for banks classified in the lowest capital and supervisory evaluation categories.

11

The Deposit Insurance Funds Act of 1996 provides for additional assessments to be imposed on insured depository institutions with respect to deposits insured by the Bank Insurance Fund and the Savings Association Insurance Fund to pay for the cost of Financing Corporation funding. The FDIC's current Financing Corporation or FICO assessment rates are approximately \$0.0212 per \$100 annually for both Bank Insurance Fund-assessable deposits and Savings Association Insurance Fund-assessable deposits. The FICO assessments do not vary depending upon a depository institution's capitalization or supervisory evaluations.

BANK ONE's banks held approximately \$10.5 billion of Savings Association Insurance Fund-assessable deposits as of March 31, 2000.

Depositor Preference Statute

Federal law provides that deposits and certain claims for administrative expenses and employee compensation against an insured depository institution are given a priority over other general unsecured claims against such institution, including federal funds and letters of credit, in the "liquidation or other resolution" of the institution by any receiver.

Brokered Deposits

Under FDIC regulations, no FDIC-insured depository institution can accept brokered deposits unless it (a) is well capitalized, or (b) is adequately capitalized and receives a waiver from the FDIC. In addition, these regulations prohibit any depository institution that is not well capitalized from (1) paying an interest rate on deposits in excess of 75 basis points over certain prevailing market rates or (2) offering "pass through" deposit insurance on certain employee benefit plan accounts unless it provides certain notice to affected depositors.

Interstate Banking

Under the Riegle-Neal Interstate Banking and Branching Efficiency Act of 1994 ("Riegle-Neal"), subject to certain concentration limits and other requirements, (a) bank holding companies such as BANK ONE are permitted, to acquire banks and bank holding companies located in any state; (b) any bank that is a subsidiary of a bank holding company is permitted to receive deposits, renew time deposits, close loans, service loans and receive loan payments as an agent for any other bank subsidiary of that holding company; and (c) banks are permitted to acquire branch offices outside their home states by merging with out-of-state banks, purchasing branches in other states, and

Edgar Filing: BANK ONE CORP - Form 424B5

establishing de novo branch offices in other states; provided that, in the case of any purchase or opening of individual branches, the host state has adopted legislation "opting in" to those provisions of Riegle-Neal; and provided that, in the case of a merger with a bank located in another state, the host state has not adopted legislation "opting out" of that provision of Riegle-Neal. BANK ONE might use Riegle-Neal to acquire banks in additional states and to consolidate its current banks across state lines.

Other

BANK ONE's nonbank subsidiaries and banking-related business units are subject to regulation by various state and federal regulatory agencies and self-regulatory organizations. Activities subject to such regulation include investment management, investment advisory services, commodities and securities brokerage, insurance services and products, municipal securities dealing and transfer agency services.

DESCRIPTION OF DEBT SECURITIES

General

The debt securities will be unsecured and may be issued in one or more series. The debt securities may be either senior or subordinated in priority of payment.

- . The senior securities will be issued under an Indenture dated as of March 3, 1997, originally between BANC ONE and The Chase Manhattan Bank ("Chase"), as trustee, which was supplemented by a First Supplemental Indenture dated as of October 2, 1998, between BANK ONE and Chase, as trustee. We refer to this indenture as the "Senior Indenture" in this prospectus.
- . The subordinated securities will be issued under an Indenture dated as of March 3, 1997, originally between BANC ONE and Chase, as trustee, which was supplemented by a First Supplemental Indenture dated as of October 2, 1998, between BANK ONE and Chase, as trustee. We refer to this indenture as the "Subordinated Indenture" in this prospectus.
- . The Senior Indenture and the Subordinated Indenture are collectively referred to as the "Indentures".
- . References to the "Trustee" will mean Chase in its capacity as trustee under the Senior Indenture or the Subordinated Indenture, as applicable.

The statements under this caption are brief summaries of certain provisions contained in the Indentures, do not purport to be complete and are qualified in their entirety by reference to the applicable Indenture, copies of which are exhibits to the registration statement. Whenever defined terms are used but not defined in this prospectus, the terms will have the meanings given to them in the applicable Indenture.

The following material describes certain general terms and provisions of the debt securities to which any prospectus supplement may relate. The particular terms of any debt securities and the extent, if any, to which these general provisions may apply to the debt securities will be described in the prospectus supplement relating to the debt securities.

Neither of the Indentures limits the aggregate principal amount of debt

Edgar Filing: BANK ONE CORP - Form 424B5

securities which may be issued under it. Debt securities of any series may be issued under either Indenture up to the aggregate principal amount authorized from time to time by BANK ONE. Debt Securities may be denominated in any currency or currency unit designated by BANK ONE. Neither the Indentures nor the debt securities will limit or otherwise restrict the amount of other indebtedness which may be incurred or the other securities which may be issued by BANK ONE or any of its subsidiaries.

Debt securities of a series may be issuable in registered form without coupons, in bearer form with or without coupons attached or in the form of one or more global securities in registered or bearer form. Bearer securities will be offered only to non-United States persons and to offices located outside the United States of certain United States financial institutions.

You should refer to the applicable prospectus supplement for a description of the following terms, where relevant, of each series of debt securities for which this prospectus is being delivered:

- . the title of the debt securities;
- . any limit on the aggregate principal amount or aggregate initial public offering price of the debt securities;
- . the priority of payment of the debt securities;
- . the price or prices, which may be expressed as a percentage of the aggregate principal amount, at which the debt securities will be issued;

13

- . the date or dates on which the principal of the debt securities will be payable;
- . whether the debt securities will bear interest, any rate or rates of interest, which may be fixed or variable, or the method of determining the rate or rates of interest;
- . the date or dates from which any interest on the debt securities will accrue, the date or dates on which any interest will be payable, the date or dates on which payment of any interest will begin and the regular record dates for these interest payment dates;
- . the extent to which any of the debt securities will be issuable in temporary or permanent global form, or the manner in which any interest payable on a temporary or permanent global debt security will be paid;
- . each office or agency where, subject to the terms of the applicable Indenture, the debt securities may be presented for registration of transfer or exchange;
- . the place or places where the principal of, any premium and any interest on the debt securities will be payable;
- . any date or dates after which the debt securities may be redeemed or purchased in whole or in part, at the option of BANK ONE or mandatorily under any sinking, purchase or analogous fund or may be required to be purchased or redeemed at the option of the holder, and the redemption or repayment price or prices;
- . any terms upon which the debt securities may be convertible into or exchanged for securities or indebtedness of any kind of BANK ONE or of any other issuer or obligor and the terms and conditions upon which a

Edgar Filing: BANK ONE CORP - Form 424B5

conversion or exchange will be effected, including the initial conversion or exchange price or rate, the conversion period and any other additional provisions;

- . the denomination or denominations in which the debt securities are authorized to be issued;
- . the currency, currencies or units based on or related to currencies for which the debt securities may be purchased and the currency, currencies or currency units in which the principal of, any premium and any interest on the debt securities may be payable;
- . any index used to determine the amount of payments of principal of, any premium and any interest on the debt securities;
- . whether any of the debt securities are issuable as bearer securities and/or registered securities, and if issuable as bearer securities, any limitations on issuance of such bearer securities and any provisions regarding the transfer or exchange of the bearer securities including exchange for registered debt securities of the same series;
- . the payment of any additional amounts with respect to the debt securities;
- . whether any of the debt securities will be issued as original issue discount securities;
- . information with respect to any book-entry procedures;
- . any additional covenants or Events of Default for a particular series of debt securities; and
- . any other terms of the debt securities not inconsistent with the provisions of the applicable Indenture.

If any of the debt securities are sold for one or more foreign currencies or foreign currency units or if the principal of, any premium or any interest on any series of debt securities is payable in one or more foreign currencies or foreign currency units, the restrictions, elections, tax consequences,

14

specific terms and other information with respect to that issue of debt securities and the currencies or currency units will be described in the applicable prospectus supplement. A judgment for money damages by courts in the United States, including a money judgment based on an obligation expressed in a foreign currency, will ordinarily be rendered only in U.S. dollars. New York statutory law provides that a court will render a judgment or decree in the foreign currency of the underlying obligation and that the judgment or decree will be converted into U.S. dollars at the exchange rate prevailing on the date of entry of the judgment or decree.

Debt securities may be issued as original issue discount debt securities which bear no interest or interest at a rate which at the time of issuance is below market rates. Original issue discount debt securities will be sold at a substantial discount below the stated principal amount due at their stated maturity. There may not be any periodic payments of interest on original issue discount securities. In the event of an acceleration of the maturity of any original issue discount security, the amount payable to the holder of the original issue discount security upon acceleration will be determined in accordance with the prospectus supplement, the terms of the security and the

Edgar Filing: BANK ONE CORP - Form 424B5

Indenture, but will be an amount less than the amount payable at the stated maturity of the principal of the original issue discount security. Federal income tax considerations with respect to original issue discount securities will be described in the applicable prospectus supplement.

Registration and Transfer

Debt securities normally will be issued only as registered securities. If bearer securities are issued, the United States federal income tax consequences and other special considerations, procedures and limitations relating to bearer securities will be described in the applicable prospectus supplement.

Debt securities issued as registered securities will not have interest coupons. Debt securities issued as bearer securities will have interest coupons attached, unless issued as zero coupon securities.

Registered securities, other than a global security, may be presented for transfer, with the form of transfer duly executed, or exchanged for other debt securities of the same series at the office of the note registrar according to the terms of the applicable Indenture. BANK ONE has agreed in each of the Indentures that, with respect to registered securities having The City of New York as a place of payment, BANK ONE will appoint a note registrar or co-note registrar located in The City of New York for such transfer or exchange. Transfer or exchange will be made without service charge, but BANK ONE may require payment of any taxes or other governmental charges as described in the applicable Indenture.

Provisions relating to the exchange of bearer securities for other debt securities of the same series, including, if applicable, registered securities, will be described in the applicable prospectus supplement. In no event, however, will registered securities be exchangeable for bearer securities.

Global securities

The debt securities of a series may be issued in whole or in part in the form of one or more global securities. Each global security will be deposited with, or on behalf of, a depository identified in the applicable prospectus supplement. Global securities may be issued in either registered or bearer form and in either temporary or permanent form. A global security may not be transferred except as a whole among the depository, any successor depository and any of their nominees.

15

The specific terms of the depository arrangement with respect to a series of debt securities and certain limitations and restrictions relating to a series of bearer securities in the form of one or more global securities will be described in the applicable prospectus supplement. BANK ONE anticipates that the following provisions will generally apply to all depository arrangements.

Upon the issuance of a global security, the depository or its nominee will credit, on its book-entry registration and transfer system, the respective principal amounts of the individual debt securities represented by the global security to the accounts of persons that have accounts with the depository. The underwriters or agents for the debt securities will designate the appropriate accounts. Ownership of beneficial interests in a global security will be limited to persons that have accounts with the depository ("participants") or persons that may hold interests through participants. Ownership of beneficial interests in a global security will be shown on, and the transfer of that ownership will be effected only through, records maintained by the depository

Edgar Filing: BANK ONE CORP - Form 424B5

or its nominee (with respect to interests of participants) and the records of participants (with respect to interests of persons other than participants). The laws of some states require that certain purchasers of securities take physical delivery of the securities in definitive form. These limits and laws may impair the ability to transfer beneficial interests in a global security.

So long as the depository or its nominee is the registered owner of a global security, the depository or its nominee will be considered the sole owner or holder of the debt securities represented by the global security for all purposes under the applicable Indenture. Except as provided below, owners of beneficial interests in a global security

- . will not be entitled to have any of the individual debt securities of the series represented by the global security registered in their names,
- . will not receive or be entitled to receive physical delivery of any debt securities of the series in definitive form and
- . will not be considered the owners or holders of the debt security under the applicable Indenture.

Payments of principal of, any premium and any interest on individual debt securities represented by a global security will be made to the depository or its nominee as the registered owner of the global security. Neither BANK ONE, the Trustee, any paying agent nor the note registrar for the debt securities will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests of the global security or for maintaining, supervising or reviewing any records relating to beneficial ownership interests.

Subject to certain restrictions relating to bearer securities, BANK ONE expects that the depository for a series of debt securities or its nominee will credit participants' accounts immediately upon receipt of any payment on a permanent global security representing any debt securities in amounts proportionate to their respective beneficial interests in the principal amount of the global security. BANK ONE also expects that payments by participants to owners of beneficial interests in a global security held through these participants will be governed by standing instructions and customary practices. This is now the case with securities held for the accounts of customers in bearer form or registered in "street name". Payments will be the responsibility of the participants. Payments of principal, premium or interest on a temporary global security representing bearer securities will be subject to additional restrictions.

A global security is exchangeable for definitive debt securities registered in the name of, and a transfer of a global security may be registered to, any person other than the depository or its nominee, only if:

(1) the depository for a series of debt securities is at any time unwilling, unable or ineligible to continue as depository and a successor depository is not appointed by BANK ONE within 90 days;

16

(2) BANK ONE at any time, and in its sole discretion, determines not to have any debt securities of a series represented by one or more global securities; or

(3) BANK ONE, in its discretion, specifies with respect to the debt securities of a series, that an owner of a beneficial interest in a global security representing debt securities of the series may, on terms acceptable to

Edgar Filing: BANK ONE CORP - Form 424B5

BANK ONE, the Trustee and the depository for the global security, receive debt securities of the series in definitive form in exchange for beneficial interests.

In any such instance, an owner of a beneficial interest in a global security will be entitled to physical delivery in definitive form of debt securities of the series represented by the global security equal in principal amount to the owner's beneficial interest and to have the debt securities registered in its name, if the debt securities of the series are issuable as registered securities. Debt securities of a series issued in definitive form will be issued

- . as registered securities in denominations, unless otherwise specified by BANK ONE, of \$1,000 and multiples of \$1,000 if the debt securities of the series are issuable as registered securities,
- . as bearer securities in the denomination, unless otherwise specified by BANK ONE, of \$5,000 if the debt securities of the series are issuable as bearer securities or
- . as either registered or bearer securities, if the debt securities of the series are issuable in either form.

Certain restrictions may apply, however, on the issuance of a bearer security in definitive form in exchange for an interest in a global security.

Payment and Paying Agents

Payment of principal of, any premium and any interest on registered securities will be made at the office of the paying agent or paying agents designated by BANK ONE from time to time. In addition, at the option of BANK ONE, payment of any interest may be made

- . by check mailed to the person entitled to payment as that person's address appears in the applicable note register or
- . by wire transfer to an account maintained by the person entitled to payment as specified in the applicable note register.

Payment of any installment of interest on registered securities will be made to the person in whose name the debt security is registered at the close of business on the regular record date for the payment.

Payment of principal of, any premium and any interest on bearer securities will be payable, subject to any applicable laws and regulations, at the offices of the paying agents outside the United States designated by BANK ONE from time to time. The payment will be made, at the option of the holder, by check or by transfer to an account maintained by the payee with a bank located outside the United States.

17

Payment of interest on bearer securities will be made only against surrender of the coupon relating to the interest payment date. No payment on any bearer security will be made at any office or agency of BANK ONE in the United States or by check mailed to any address in the United States or by transfer to an account maintained with a bank located in the United States.

Consolidation, Merger or Sale of Assets

Each Indenture provides that BANK ONE may, without the consent of the

Edgar Filing: BANK ONE CORP - Form 424B5

holders of any of the debt securities outstanding under the applicable Indenture, consolidate with, merge into or transfer assets substantially as an entirety to any person, provided that

- . any successor assumes BANK ONE's obligations on the applicable debt securities and under the applicable Indenture,
- . after giving effect to the merger, consolidation or transfer, no Event of Default (as defined in the Senior Indenture) in the case of the senior securities, or Default (as defined in the Subordinated Indenture) in the case of the subordinated securities, will have happened and be continuing and
- . certain other conditions under the applicable Indenture are met.

Any consolidation, merger or transfer of assets substantially as an entirety, which meets the conditions described above, would not create any Event of Default or Default which would entitle holders of the debt securities, or the Trustee on their behalf, to take any of the actions described below under "Senior Securities--Events of Default, Waivers, etc." or "Subordinated Securities --Events of Default, Waivers, etc."

Leveraged and Other Transactions

Each Indenture and the debt securities do not contain provisions which would protect holders of the debt securities in the event of a highly leveraged or other transaction involving BANK ONE which could adversely affect the holders of debt securities.

Modification of the Indenture; Waiver of Covenants

Each Indenture provides that, with the consent of the holders of not less than a majority in aggregate principal amount of the outstanding debt securities of each affected series, modifications and alterations of the Indenture may be made which affect the rights of the holders of such debt securities. However, no such modification or alteration may be made without the consent of the holder of each debt security so affected which would, among other things, (1) modify the terms of payment of principal, any premium, or interest on the debt securities or (2) reduce the percentage in principal amount of outstanding debt securities required to modify or alter the Indenture.

Regarding Chase

Chase is the Trustee under both the Senior Indenture and the Subordinated Indenture. Chase serves as trustee for certain subordinated debt securities issued by BANK ONE under indentures originally dated as of July 1, 1986, July 15, 1992, April 30, 1993, May 17, 1995 and December 1, 1995. Chase also serves as the institutional or property trustee under declarations of trust for four statutory business trusts formed under the laws of the State of Delaware and sponsored by BANK ONE. In connection with those transactions, Chase also serves as the debt trustee under indentures originally dated as of November 15, 1996 and as of January 1, 1997, with respect to junior subordinated debentures of BANK ONE purchased by such trusts and is also the guarantee trustee under each of four guarantee agreements dated as of December 3, 1996, December 5, 1996,

January 31, 1997 and September 20, 1999, respectively, from BANK ONE to the applicable trust guaranteeing certain payments to such trust. Chase has a

Edgar Filing: BANK ONE CORP - Form 424B5

principal corporate trust office at 450 West 33rd Street, New York, New York 10001.

Chase Manhattan Bank Delaware ("Chase Delaware"), an affiliate of Chase, serves as trustee for subordinated debt securities issued by BANK ONE under an indenture originally dated March 1, 1989. Chase Delaware also serves as the Delaware trustee for the four Delaware business trusts described in the preceding paragraph.

BANK ONE and its affiliates have normal banking relationships with Chase, Chase Delaware and their affiliates in the ordinary course of business.

SENIOR SECURITIES

The senior securities will be direct, unsecured obligations of BANK ONE and will rank on a parity with all outstanding unsecured senior indebtedness of BANK ONE.

Events of Default, Waivers, Etc.

An Event of Default with respect to senior securities of any series is defined in the Senior Indenture as

(1) default in the payment of principal of or any premium on any of the outstanding senior securities of that series when due;

(2) default in the payment of interest on any of the outstanding senior securities of that series when due and continuance of the default for 30 days;

(3) default in the performance of any other covenant of BANK ONE in the Senior Indenture with respect to senior securities of the series and continuance of the default for 90 days after written notice;

(4) certain events of bankruptcy, insolvency or reorganization of BANK ONE; and

(5) any other event that may be specified in a prospectus supplement with respect to any series of senior securities.

If an Event of Default with respect to any series of outstanding senior securities occurs and is continuing, either the applicable Trustee or the holders of not less than 25% in aggregate principal amount of the senior securities of such series outstanding may declare the principal amount (or if such senior securities are original issue discount securities, the portion of the principal amount as may be specified in the terms of that series) of all senior securities of that series to be immediately due and payable. The holders of a majority in aggregate principal amount of the senior securities of any series outstanding under the Senior Indenture may waive an Event of Default resulting in acceleration of such senior securities, but only if all Events of Default with respect to senior securities of the series have been remedied and all payments due, other than those due as a result of acceleration, have been made.

If an Event of Default occurs and is continuing, the applicable Trustee may, in its discretion, proceed to protect the rights of the holders of all the senior securities of the affected series. The Trustee must proceed to protect those rights if requested in writing by holders of not less than a majority in aggregate principal amount of the senior securities of any series outstanding under the Senior Indenture and if it is given reasonable indemnity against the costs, expenses and liabilities to be incurred in compliance with the request and subject to certain other conditions described in the Senior Indenture.

Edgar Filing: BANK ONE CORP - Form 424B5

Prior to acceleration of maturity of the senior securities of any series, the holders of a majority in aggregate principal amount of those senior securities may waive any past default under the Senior Indenture except a default in the payment of principal of, any premium or interest on the securities.

19

The Senior Indenture provides that upon the occurrence of an Event of Default specified in clauses (1) or (2) of the first paragraph under "--Events of Defaults, Waivers, etc.", BANK ONE will, upon demand of the applicable Trustee, pay to it, for the benefit of the holder of any affected senior security, the whole amount then due and payable on the senior securities for principal, any premium and interest. The Senior Indenture also provides that if BANK ONE fails to pay this amount promptly upon demand, the Trustee may, among other things, institute a judicial proceeding for the collection of the amount due.

The Senior Indenture also provides that despite any other provision of the Senior Indenture, the holder of a senior security of any series will have the right to institute suit for the enforcement of any payment of principal of, any premium and interest on the senior security when due. This right may not be impaired without the consent of each holder.

BANK ONE is required to file annually with the applicable Trustee a written statement of officers as to the existence or non-existence of defaults under the Senior Indenture or the senior securities.

SUBORDINATED SECURITIES

The subordinated securities will be direct, unsecured obligations of BANK ONE and, unless otherwise specified in the prospectus supplement relating to a particular series of subordinated securities, will be subject to the subordination provisions described below.

Subordination

BANK ONE intends that the subordinated securities be treated as capital for calculation of regulatory capital ratios. The Federal Reserve has issued interpretations of its capital regulations indicating that subordinated debt of bank holding companies issued on or after September 4, 1992 is includable in capital for calculation of regulatory capital ratios only if the subordination of the debt meets certain criteria and if the debt may be accelerated only for bankruptcy, insolvency and similar matters. The Subordinated Indenture contains subordination and acceleration provisions for the subordinated securities which are intended to be consistent with these interpretations. Subordinated debt of BANK ONE, including any of its predecessor corporations, issued after September 4, 1992, which meet the subordination interpretations of the Federal Reserve are referred to in this prospectus supplement as "new subordinated securities". Subordinated securities offered by this prospectus will constitute new subordinated securities.

- . Upon any distribution of assets of BANK ONE due to any dissolution, winding up, liquidation or reorganization of BANK ONE, the payment of the principal of, any premium and interest on the subordinated securities is to be subordinated in right of payment, to the extent provided in the Subordinated Indenture, to the prior payment in full of all senior indebtedness of BANK ONE.
- . In certain events of bankruptcy or insolvency of BANK ONE, the payment of the principal of, any premium and interest on the subordinated securities will, to the extent provided in the Subordinated Indenture,

Edgar Filing: BANK ONE CORP - Form 424B5

also be effectively subordinated in right of payment to the prior payment in full of all general obligations of BANK ONE.

- . Upon any distribution of assets due to any dissolution, winding up, liquidation or reorganization of BANK ONE, the holders of senior indebtedness will first be entitled to receive payment in full of all amounts due or to become due before the holders of the subordinated securities will

20

be entitled to receive any payment in respect of the principal of, any premium or interest on the subordinated securities.

- . If after any such payment or distribution of assets to the holders of senior indebtedness there remain any excess proceeds such as cash, property or securities available for payment or distribution to the subordinated securities and if, at such time, any creditors in respect of general obligations have not received payment in full of all amounts due or to become due on or in respect of such general obligations, then these excess proceeds will first be applied to pay or provide for the payment in full of the general obligations before any payment or distribution may be made to the new subordinated securities.
- . No payment may be made of the principal of, any premium or interest on the subordinated securities, or in respect of any redemption, retirement, purchase or other acquisition of any of the subordinated securities, at any time when
 - (1) there is a default in the payment of the principal of, any premium or interest on or otherwise in respect of any senior indebtedness or
 - (2) any event of default with respect to any senior indebtedness has occurred and is continuing, or would occur as a result of such payment on the subordinated securities or any redemption, retirement, purchase or other acquisition of any of the subordinated securities, permitting the holders of the senior indebtedness to accelerate the maturity of the senior indebtedness.
- . Due to the subordination provisions of the subordinated securities, in the event of a distribution of assets upon any dissolution, winding up, liquidation or reorganization, certain creditors of BANK ONE who are not holders of senior indebtedness or of the subordinated securities may recover less, ratably, than holders of senior indebtedness and may recover more, ratably, than holders of the subordinated securities.
- . Due to the subordination of payments and distributions on the new subordinated securities to creditors in respect of general obligations, in the event of a distribution of assets upon any dissolution, winding up, liquidation or reorganization, holders of subordinated securities issued prior to September 4, 1992 may recover less, ratably, than creditors in respect of general obligations and may recover more, ratably, than the holders of new subordinated securities.
- . Subject to payment in full of all senior indebtedness, the holders of subordinated securities will be subrogated to the rights of the holders of senior indebtedness to receive payments or distributions of cash, property or securities of BANK ONE applicable to senior indebtedness. This means that the holders of the subordinated securities will be entitled to the payments of any amounts that a holder of senior indebtedness receives to the extent that the holder of the senior

Edgar Filing: BANK ONE CORP - Form 424B5

indebtedness receives or has already received full payment of the senior indebtedness.

- . Subject to payment in full of all general obligations, the holders of the new subordinated securities will be subrogated to the rights of the creditors in respect of general obligations to receive payments or distributions of cash, property or securities of BANK ONE applicable to such creditors in respect of general obligations.

"Senior indebtedness" for purposes of the Subordinated Indenture generally is the principal of, any premium and interest on

- (1) all of BANK ONE's indebtedness for money borrowed, other than subordinated securities and junior subordinated securities, whether outstanding on the date of execution of the Subordinated Indenture or created, assumed or incurred afterward, except indebtedness that is by its terms expressly stated to be not superior in right of payment to the subordinated securities or to rank on a parity with the subordinated securities issued under the Subordinated Indenture; and
- (2) any deferrals, renewals or extensions of any such senior indebtedness.

The term "indebtedness for money borrowed" includes, without limitation, any obligation of, or

21

any obligation guaranteed by, BANK ONE for the repayment of borrowed money, whether or not evidenced by bonds, debentures, notes or other written instruments, and any deferred obligation for the payment of the purchase price of property or assets. There is no limitation on the issuance of additional senior indebtedness of BANK ONE.

The subordinated securities offered by this prospectus rank and will rank on a parity with the currently existing subordinated indebtedness of BANK ONE, subject to the obligations of the holders of subordinated securities (and, generally, holders of other new subordinated securities) to pay over to creditors in respect of general obligations any proceeds remaining after payments and distributions to holders of senior indebtedness. In the event of a distribution of assets of BANK ONE upon any dissolution, winding up, liquidation or reorganization, the holders of the new subordinated securities, including holders of the subordinated securities offered by this prospectus, may receive less, ratably, than holders of subordinated securities issued prior to September 4, 1992.

The subordinated securities rank and will rank senior to junior subordinated indebtedness of BANK ONE.

"General obligations" means all obligations of BANK ONE to make payment on account of claims in respect of derivative products such as interest and foreign exchange rate contracts, commodity contracts and similar arrangements, other than

- (1) obligations on account of senior indebtedness,
- (2) obligations on account of indebtedness for money borrowed ranking on a parity with or subordinate to the subordinated securities and
- (3) obligations which by their terms are expressly stated not to be superior in right of payment to the subordinated securities or to rank on parity with the subordinated securities.

Edgar Filing: BANK ONE CORP - Form 424B5

In the event that any rule, guideline or interpretation promulgated or issued by the Federal Reserve, or other competent regulatory agency or authority, specifies criteria for the inclusion in regulatory capital of subordinated debt of a bank holding company requiring that subordinated debt be subordinated to obligations to creditors in addition to those described above, then the term "general obligations" will also include such additional obligations to creditors. For purposes of this definition, "claim" has the meaning assigned in Section 101(4) of the Bankruptcy Code of 1978, as amended to the date of the Subordinated Indenture.

"Junior subordinated indebtedness", with respect to the subordinated securities, means the principal of, any premium and interest on all of BANK ONE's indebtedness for money borrowed, but excluding trade accounts payable arising in the ordinary course of business, whether outstanding on the date of execution of the Subordinated Indenture or created, assumed or incurred afterward and any deferrals, renewals or extensions of such debt, provided such debt

(1) is by its terms subordinated to the subordinated securities,

(2) is between or among BANK ONE and certain affiliated financing entities, including all debt securities and guarantees in respect of those debt securities issued to certain financing entities or a trustee of a financing entity sponsored by BANK ONE,

(3) is evidenced by securities issued under one of the indentures dated either as of November 15, 1996 or as of January 1, 1997, each between BANK ONE and The Chase Manhattan Bank, as trustee unless such securities are by their terms senior in right of payment to the securities issued previously under those indentures, or

(4) is a guarantee of BANK ONE on a subordinated basis under certain guarantee agreements dated December 3, 1996, December 5, 1996, January 31, 1997 or September 20, 1999, relating to securities issued by certain financing entities affiliated with BANK ONE.

22

The term "indebtedness for money borrowed" as used in the prior paragraph includes, without limitation, any obligation of, or any obligation guaranteed by, BANK ONE for the repayment of borrowed money, whether or not evidenced by bonds, debentures, notes or other written instruments, and any deferred obligation for the payment of the purchase price of property or assets.

As of March 31, 2000, the aggregate amount of senior indebtedness and general obligations of BANK ONE was approximately \$17.8 billion. As of March 31, 2000, \$5.4 billion aggregate principal amount of existing subordinated securities of BANK ONE would rank on a parity with the subordinated securities offered by this prospectus.

Limited Rights of Acceleration

Payment of principal of the subordinated securities may be accelerated only in case of the bankruptcy, insolvency or reorganization of BANK ONE. There is no right of acceleration in the case of a default in the payment of principal of, any premium or interest on the subordinated securities or the performance of any other covenant of BANK ONE in the Subordinated Indenture. Payment of principal of certain subordinated securities issued by BANK ONE prior to September 4, 1992, may also be accelerated in the case of the bankruptcy,

Edgar Filing: BANK ONE CORP - Form 424B5

insolvency or receivership of Bank One, National Association (Chicago, Illinois), or Bank One, Michigan.

Events of Default, Defaults, Waivers, Etc.

An Event of Default with respect to subordinated securities of any series is defined in the Subordinated Indenture as certain events involving the bankruptcy, insolvency or reorganization of BANK ONE and any other Event of Default provided with respect to subordinated securities of that series. A "Default" with respect to subordinated securities of any series is defined in the Subordinated Indenture as

- (1) an Event of Default with respect to the series;
- (2) default in the payment of the principal of or any premium on any subordinated security of the series when due;
- (3) default in the payment of interest upon any subordinated security of the series when due and the continuance of the default for a period of 30 days;
- (4) default in the performance of any other covenant or agreement of BANK ONE in the Subordinated Indenture with respect to subordinated securities of the series and continuance of the default for 90 days after written notice; or
- (5) any other Default provided with respect to subordinated securities of the series.

If an Event of Default with respect to any series of outstanding subordinated securities occurs and is continuing, either the applicable Trustee or the holders of not less than 25% in aggregate principal amount of the subordinated securities of the series may declare the principal amount, or if such subordinated securities are original issue discount securities, the portion of the principal amount specified in the terms of that series, of all subordinated securities of that series to be immediately due and payable. The holders of a majority in aggregate principal amount of the subordinated securities of any series outstanding under the Subordinated Indenture may waive an Event of Default resulting in acceleration of those subordinated securities, but only if all Defaults have been remedied and all payments due, other than those due as a result of acceleration, have been made.

23

If a Default occurs and is continuing, the Trustee may in its discretion proceed to protect the rights of the holders of the subordinated securities of an affected series. The Trustee must proceed to protect those rights if requested in writing by holders of not less than a majority in aggregate principal amount of the subordinated securities of any series outstanding under the Subordinated Indenture and if it is given reasonable indemnity against the costs, expenses and liabilities to be incurred in compliance with the request and subject to certain other conditions described in the Subordinated Indenture. Prior to acceleration of maturity of the subordinated securities of any outstanding series, the holders of a majority in aggregate principal amount of the subordinated securities may waive any past default under the Subordinated Indenture except a default in the payment of principal of, any premium or interest on the subordinated securities of the series.

The Subordinated Indenture provides that in the event of a Default specified in clauses (2) or (3) of the definition in payment of principal of, any premium

Edgar Filing: BANK ONE CORP - Form 424B5

or interest on any subordinated security of any series, BANK ONE will, upon demand of the applicable Trustee, pay to it, for the benefit of the holder of that subordinated security, the whole amount then due and payable on that subordinated security for principal, any premium and interest. The Subordinated Indenture further provides that if BANK ONE fails to pay the amount promptly upon demand, the applicable Trustee may, among other things, institute a judicial proceeding for collection.

The Subordinated Indenture also provides that despite any other provision of the Subordinated Indenture, the holder of any subordinated security of any series will have the right to institute suit for the enforcement of any payment of principal of, any premium and interest on a subordinated security on the respective stated maturities. This right may not be impaired without the consent of each holder.

BANK ONE is required to file annually with the applicable Trustee a written statement of officers as to the existence or non-existence of defaults under the subordinated Indenture or the subordinated securities.

24

DESCRIPTION OF DEBT WARRANTS

BANK ONE may issue warrants for the purchase of debt securities. Debt warrants may be issued independently or together with any securities offered by any prospectus supplement and may be attached to, or separate from, those securities. The debt warrants will be issued under warrant agreements between BANK ONE and a warrant agent named in the applicable prospectus supplement. The debt warrant agent will act solely as an agent of BANK ONE in connection with the debt warrants and will not assume any obligation or relationship of agency or trust for or with any holders or beneficial owners of debt warrants.

The following summaries of certain provisions of the form of debt warrant agreement and form of any certificate representing the debt warrants, do not purport to be complete and are subject to, and are qualified in their entirety by reference to, all the provisions of the debt warrant agreement and the debt warrant certificates, respectively, including the definitions contained in those documents. Any debt warrant agreement or debt warrant certificate will be filed as exhibits to, or incorporated by reference in, the registration statement of which this prospectus forms a part.

25

DESCRIPTION OF CURRENCY WARRANTS

BANK ONE may issue options, warrants or other rights relating to the exchange of certain currencies which, upon exercise at a permitted time or times in the future, entitle a holder to receive the cash settlement value of two designated currencies. Currency warrants may be issued independently or together with any securities offered by any prospectus supplement and may be attached to or separate from those securities. The currency warrants will be issued under warrant agreements between BANK ONE and a warrant agent named in the applicable prospectus supplement. The currency warrant agent will act solely as an agent of BANK ONE in connection with the currency warrants and will not assume any obligation or relationship of agency or trust for or with any holder or beneficial owners of currency warrants.

The following summaries of certain provisions of the form of currency warrant agreement and the form of any certificate representing the currency warrants do not purport to be complete and are subject to and are qualified in their entirety by reference to all the provisions of the currency warrant agreement and the currency warrant certificates, respectively, including the definitions contained in those documents. Any currency warrant agreement or currency warrant certificate, will be filed as an exhibit to, or incorporated by reference in, the registration statement of which this prospectus forms a part.

The currency warrants will not require, or entitle, any holder to sell any foreign currency to BANK ONE. BANK ONE will make only a U.S. dollar cash settlement upon exercise of a currency warrant and will not be obligated to purchase or take delivery of any foreign currency from any holder of a currency warrant.

The "cash settlement value" of an exercised currency warrant will be an amount stated in U.S. dollars which is the greater of (1) zero and (2) an amount equal to (a) the nominal amount of the currency warrant, minus (b) an amount equal to the nominal amount of the currency warrant times a fraction, the numerator of which is the strike price of the currency warrant and the denominator of which is the spot rate of the currency warrant on the exercise date.

Edgar Filing: BANK ONE CORP - Form 424B5

- . The "nominal amount" of a currency warrant refers to the principal amount, expressed in U.S. dollars, of a base currency which is to be compared to another second currency upon exercise of the currency warrant. Generally, the base currency will be U.S. dollars.
- . The "strike price" is the designated rate of exchange of the base currency for the second currency which BANK ONE will specify in the prospectus supplement relating to the currency warrants.
- . The "spot rate" refers to the floating rate of exchange of the base currency for the second currency on any given date, as quoted by a reference bank or banks or other institution at a designated time of day. The applicable prospectus supplement will specify the source of this quotation.

 - . the nominal amount of each currency warrant;
 - . the price of the currency warrants;

 - . the place or places at which payment of the cash settlement value is to be made by BANK ONE;
 - . whether the currency warrants will be represented by certificates or issued in book-entry form;
 - . the method by which the currency warrants are to be exercised;

 - . any other terms of the currency warrants, including risk factors specifically relating to the base currency or second currency and currency warrants relating to these currencies.

BANK ONE may issue options, warrants or other rights which, upon exercise at a permitted time or times in the future, entitle a holder to receive an amount of cash determined by reference to increases and/or decreases in the level of a specified stock index. These stock-index warrants may be issued independently or together with other securities offered by any prospectus supplement and may be attached to or separate from these other securities. The stock-index warrants will be issued under one or more warrant agreements between BANK ONE and a bank or trust company, as stock-index warrant agent, named in the applicable prospectus supplement. The stock-index warrant agent will act solely as an agent of BANK ONE in connection with the stock-index warrants and will not assume any obligation or relationship of agency or trust for or with any holder or beneficial owners of stock-index warrants.

The following summaries of certain provisions of the form of stock-index warrant agreement and form of any certificate representing the stock-index warrant do not purport to be complete and are subject to, and are qualified in their entirety by reference to, all the provisions of the stock-index warrant agreement and the stock-index warrant certificates, respectively, including the definitions contained in those documents. Any stock-index warrant or stock-index warrant certificate, will be filed as an exhibit to, or incorporated by reference in, the registration statement of which this prospectus forms a part.

BANK ONE may issue stock-index warrants either in the form of stock-index put warrants or stock-index call warrants.

- . Stock-index put warrants entitle the holders to receive from BANK ONE the stock-index cash settlement value, determined at the time of exercise of the warrant, by reference to the amount, if any, by which the stock-index exercise price exceeds the closing value of the stock-index on the valuation date.
- . Stock-index call warrants entitle the holders to receive from BANK ONE the stock-index cash settlement value, determined at the time of exercise of the warrant, by reference to the amount, if any, by which the closing value of the index on the valuation date exceeds the stock-index exercise price.

The prospectus supplement for the stock-index warrants will describe the formula to determine the stock-index cash settlement value.

27

A stock-index warrant will be settled only in cash and, accordingly, will not require or entitle a holder to sell, deliver, purchase or take delivery of any shares of any underlying stock or any other securities. The holders will not be entitled to any of the rights of the holders of any underlying stock.

If stock-index warrants are offered, the prospectus supplement will describe the terms of the stock-index warrants, the stock-index warrant agreement relating to the stock-index warrants and any stock-index warrant certificates, including the following:

- . the date on which the right to exercise the stock-index warrants begins and the date on which the right ends;
- . the procedures and conditions relating to exercise;
- . any circumstances which will cause the stock-index warrants to be deemed to be automatically exercised;
- . any minimum number of stock-index warrants to be exercised at any one time other than upon automatic exercise and any other restrictions on exercise;
- . any maximum number of the stock-index warrants that may, subject to BANK ONE's election, be exercised by all owners (or by any person or entity) on any day;
- . the method of providing for a substitute index or otherwise determining the amount payable in connection with the exercise of the stock-index warrants if the stock index changes or ceases to be made available by its publisher;

- . any provisions permitting a holder of a stock-index warrant to condition a stock-index exercise notice on the absence of certain specified changes in the index value after the stock-index warrant exercise date; and
- . any other terms of the stock-index warrants, including risk factors specifically relating to fluctuations in the applicable stock index and possible illiquidity in the secondary market.

Prospective purchasers of stock-index warrants should be aware that special U.S. federal income tax, accounting and other considerations may be applicable to stock-index warrants. The prospectus supplement relating to any issue of stock-index warrants will describe those considerations.

Edgar Filing: BANK ONE CORP - Form 424B5

- . some other item or unit of an index, other than indices covered by stock-index warrants.

Owners of these warrants will be entitled to receive from BANK ONE the cash settlement value in U.S. dollars of the right to buy or sell the applicable exercise items. An owner of these warrants will receive a cash payment upon exercise only if the warrants have a warrant cash settlement value in excess of zero at that time.

These warrants may be issued independently or together with other securities offered by any prospectus supplement and may be attached to or separate from such other securities. The warrants are to be issued under one or more warrant agreements between BANK ONE and a bank or trust company as warrant agent named in the applicable prospectus supplement. The warrant agent will act solely as an agent of BANK ONE in connection with the warrants and will not assume any obligation or relationship of agency or trust for or with any holder or beneficial owners of the warrants.

The following summaries of certain provisions of the form of warrant agreement and form of any certificate representing the warrants do not purport to be complete and are subject to, and are qualified in their entirety by reference to, all the provisions of the warrant agreement and the warrant certificates, respectively, including the definitions contained in these documents. Any warrant agreement or warrant certificate will be filed as an exhibit to, or incorporated by reference in, the registration statement of which this prospectus forms a part.

Unless otherwise indicated in the prospectus supplement, a warrant will be settled only in cash, in U.S. dollars, and accordingly, will not require or entitle an owner to sell, deliver, purchase or take delivery of any exercise items.

29

Prospective purchasers of these warrants should be aware that special U.S. federal income tax, accounting and other considerations may be applicable to these warrants. The prospectus supplement relating to any issue of these warrants will describe these considerations.

DESCRIPTION OF PREFERRED STOCK

The following description of the terms of the preferred stock describes certain general terms and provisions of the preferred stock to which any prospectus supplement may relate. Certain other terms of any series of preferred stock offered by any prospectus supplement will be specified in the applicable prospectus supplement. The terms of any series of preferred stock may differ from the terms described below. The following description of the terms of the preferred stock does not purport to be complete and is subject to and qualified in its entirety by reference to the certificate of designation relating to the applicable series of preferred stock. This certificate of designation will be filed as an exhibit to, or incorporated by reference in, the registration statement of which this prospectus forms a part.

General

Under BANK ONE's Restated Certificate of Incorporation, the Board of Directors of BANK ONE has the authority, without further stockholder action, to issue from time to time a maximum of 50,000,000 shares of preferred stock, \$0.01 par value, in one or more series. These shares may be issued for such consideration as may be fixed from time to time by the Board of Directors of BANK ONE. The Board of Directors is also authorized to set the following terms of a series of preferred stock before issuance:

- . the designation of the series;
- . the number of shares to comprise the series;
- . the dividend rate or rates payable with respect to the shares of the series;
- . any redemption price or prices and the terms and conditions of the redemption;
- . any voting rights;
- . any sinking fund provisions for the redemption or purchase of the shares of the series;
- . any terms and conditions upon which the shares are convertible; and
- . any other relative rights, preferences and limitations pertaining to such series.

As of March 31, 2000, BANK ONE had issued and outstanding 1,191,000 shares

Edgar Filing: BANK ONE CORP - Form 424B5

of Preferred Stock with Cumulative and Adjustable Dividends, Series B (\$100 stated value) and 713,800 shares of Preferred Stock with Cumulative and Adjustable Dividends, Series C (\$100 stated value).

BANK ONE may, at its option, elect to offer depositary shares each representing a fraction of a share of a particular series of preferred stock instead of offering full shares of a series of preferred stock.

Under interpretations adopted by the Federal Reserve, if the holders of preferred stock of any series become entitled to vote for the election of directors because dividends on such series are in arrears as described under "Voting Rights" below, such series may then be deemed a "class of voting securities" and a holder of 25% or more of such series, or a holder of 5% or more if it otherwise exercises a "controlling influence" over BANK ONE, may then be subject to regulation as a

30

bank holding company in accordance with the Bank Holding Company Act of 1956. In addition, at the time a series is deemed a class of voting securities, any other bank holding company may be required to obtain the prior approval of the Federal Reserve Board to acquire 5% or more of the series, and any person other than a bank holding company may be required to obtain the prior approval of the Federal Reserve Board to acquire 10% or more of the series.

The preferred stock will have the dividend, liquidation, redemption, voting and conversion rights described below. Reference is made to the applicable prospectus supplement relating to the particular series of preferred stock for specific terms, including:

- . the designation, stated value and liquidation preference of the preferred stock and the number of shares offered;
- . the initial public offering price at which the shares will be issued;
- . the dividend rate or rates, or method of calculation, the dividend periods, the date on which dividends will be payable and whether the dividends will be cumulative or noncumulative and, if cumulative, the dates from which dividends will begin to cumulate;
- . any redemption or sinking fund provisions;
- . any conversion provisions;
- . whether BANK ONE has elected to offer depositary shares as described below under "Description of Depositary Shares"; and
- . any additional dividend, liquidation, redemption, sinking fund and other rights, preferences, privileges, limitations and restrictions.

The preferred stock will, when issued, be fully paid and nonassessable. The shares of each series of preferred stock will rank on a parity in all respects with BANK ONE's existing preferred stock, described below, and any other series of preferred stock of BANK ONE which is outstanding at the time. The preferred stock will have no preemptive rights to subscribe for any additional securities which may be issued by BANK ONE. First Chicago Trust Division of EquiServe Limited Partnership, or an affiliate, will be the transfer agent and registrar for the preferred stock.

Because BANK ONE is a holding company, its rights and the rights of holders of its securities, including the holders of preferred stock, to participate in

Edgar Filing: BANK ONE CORP - Form 424B5

the assets of any BANK ONE subsidiary upon the latter's liquidation or recapitalization will be subject to the prior claims of such subsidiary's creditors and preferred stockholders, except to the extent BANK ONE may itself be a creditor with recognized claims against such subsidiary or a holder of preferred shares of such subsidiary.

Dividends

As described in the applicable prospectus supplement, the holders of the preferred stock will be entitled to receive dividends on such preferred stock when and if declared by the Board of Directors of BANK ONE. These dividends will be paid only out of funds legally available for such payment. The dividends will be payable at such rates and on such dates as described in the applicable prospectus supplement. The dividend rates may be fixed or variable or both. If variable, the formula used for determining the dividend rate for each dividend period will be specified in the applicable prospectus supplement.

Dividends will be payable to the holders of record as they appear on the stock books of BANK ONE, or, if applicable, the records of the depository referred to below under "Description of Depository Shares", on the record dates fixed by the Board of Directors of BANK ONE. Dividends may be paid in the form of cash, preferred stock, of the same or a different series, or common stock of BANK ONE, in each case as specified in the applicable prospectus supplement.

31

Dividends on any series of preferred stock may be cumulative or noncumulative, as specified in the applicable prospectus supplement. If the Board of Directors of BANK ONE fails to declare a dividend payable on a dividend payment date on any preferred stock for which dividends are noncumulative, then the holders of that preferred stock will have no right to receive a dividend in respect of the dividend period relating to that dividend payment date. In such case, BANK ONE will have no obligation to pay the dividend accrued for that period, whether or not dividends on the preferred stock are declared or paid on any future dividend payment dates.

BANK ONE will not declare or pay or set apart for payment any dividends on any series of its preferred shares ranking, as to dividends, on a parity with or junior to the outstanding preferred stock of any other series unless:

- . if the other outstanding series of preferred stock is cumulative, full cumulative dividends have been, or contemporaneously are, declared and paid or declared and a sum sufficient for the payment set apart for payment on that series of preferred stock for all dividend periods terminating on or prior to the date of payment of any dividends on the series of preferred shares, or
- . if the other series of preferred stock is noncumulative preferred stock, full dividends for the then-current dividend period on such preferred stock have been or contemporaneously are declared and paid or declared and a sum sufficient for the payment set apart for payment.

When dividends are not paid in full upon preferred stock of any series and any other shares of preferred stock of BANK ONE ranking on a parity as to dividends with such preferred stock, all dividends declared upon the preferred stock and any other preferred shares ranking on a parity will be declared pro rata so that the amount of dividends declared per share on the preferred stock and the other shares will in all cases bear to each other the same ratio that the accrued dividends per share on the preferred stock (which will not, if such preferred stock is noncumulative, include any accumulation for unpaid dividends for prior dividend periods) and the other preferred shares bear to each other.

Edgar Filing: BANK ONE CORP - Form 424B5

Except as described in the preceding paragraph, unless full dividends on the outstanding cumulative preferred stock of any series have been paid for all past dividend periods and full dividends for the then-current dividend period on the outstanding noncumulative preferred stock of any series have been declared and paid or declared and a sum sufficient for the payment set apart for payment:

- . no dividends (other than in common stock of BANK ONE or other shares of BANK ONE ranking junior to the preferred stock as to dividends and upon liquidation) will be declared or paid or set aside for payment nor any other distribution will be made on the common stock of BANK ONE or on any other shares of BANK ONE ranking junior to or on a parity with the preferred stock as to dividends or upon liquidation, and
- . no common stock or any other shares of BANK ONE ranking junior to or on a parity with the preferred stock as to dividends or upon liquidation will be redeemed, purchased or otherwise acquired for any consideration (or any moneys be paid or made available for a sinking fund for the redemption of any such shares) by BANK ONE or any subsidiary of BANK ONE except by conversion into or exchange for shares of BANK ONE ranking junior to such preferred stock as to dividends and upon liquidation.

Redemption

A series of the preferred stock may be redeemable, in whole or in part, at the option of BANK ONE. A series of preferred stock also may be subject to mandatory redemption pursuant to a sinking fund or otherwise. If a series of preferred stock is subject to either an optional or mandatory

32

redemption, the terms, the times for redemption and the redemption prices will be specified in the applicable prospectus supplement. Preferred stock redeemed by BANK ONE will be restored to the status of authorized but unissued preferred shares.

The prospectus supplement relating to a series of preferred stock that is subject to mandatory redemption will specify the number of shares that will be redeemed by BANK ONE in each year, the timing of redemption and the redemption price per share. Generally, the redemption payment will include an amount equal to all accrued and unpaid dividends on the preferred stock (which will not, if such preferred stock is noncumulative, include any accumulation for unpaid dividends for prior dividend periods) to the date of redemption. The redemption price may be payable in cash or other property as specified in the applicable prospectus supplement.

The redemption price for preferred stock of any series may be payable only from the net proceeds of an issuance of capital stock of BANK ONE. The terms of this type of preferred stock may provide that if no capital stock is issued or the net proceeds from any issuance are insufficient to pay in full the aggregate redemption price, then the preferred stock will automatically and mandatorily be converted into shares of the applicable capital stock of BANK ONE. Any conversion provisions will be specified in the applicable prospectus supplement.

If fewer than all the outstanding shares of preferred stock of any series are to be redeemed, the number of shares to be redeemed will be determined in a manner determined by the Board of Directors of BANK ONE. Shares will be redeemed pro rata from the holders of record in proportion to the number of shares held by the holders (with adjustments to avoid redemption of fractional

Edgar Filing: BANK ONE CORP - Form 424B5

shares) or by lot or by any other method determined by the Board of Directors of BANK ONE.

If any dividends, including any accumulation on cumulative preferred stock, of any series are in arrears, no preferred stock of that series will be redeemed unless all outstanding preferred stock of the series is simultaneously redeemed. Additionally, BANK ONE will not purchase or otherwise acquire any preferred stock of the series. The foregoing, however, will not prevent the purchase or acquisition of preferred stock of the series pursuant to a purchase or exchange offer, provided the offer is made on the same terms to all holders of the preferred stock of that series.

Notice of redemption will be given to each record holder of preferred stock to be redeemed, not less than 30 nor more than 60 days prior to the date fixed for redemption. The notice will be mailed to the respective addresses of the holders appearing on the stock books of BANK ONE. Each notice will state:

- (1) the redemption date;
- (2) the number of shares and series of the preferred stock to be redeemed;
- (3) the redemption price;
- (4) the place or places where certificates for the preferred stock are to be surrendered for payment of the redemption price;
- (5) that dividends on the shares to be redeemed will cease to accrue on such redemption date; and
- (6) the date upon which the any conversion rights as to such shares will terminate.

If fewer than all the shares of preferred stock of any series held by any holder are to be redeemed, the notice mailed to the holder will also specify the number of shares of preferred stock to be redeemed from the holder.

33

If notice of redemption of any shares of preferred stock has been given and BANK ONE provides money for the payment of the redemption price of the shares, from and after the redemption date, dividends on the shares will cease to accrue and the shares will no longer be deemed to be outstanding. In addition, all rights of the holders as shareholders of BANK ONE, except the right to receive the redemption price, will cease at such redemption date. Upon proper surrender of the preferred stock certificates in accordance with the redemption notices, the redemption price described above and in the applicable prospectus supplement will be paid out of the funds provided by BANK ONE. If fewer than all the shares represented by any certificate are redeemed, a new certificate will be issued representing the unredeemed shares without cost to the holder.

Conversion Rights

The prospectus supplement relating to a series of the preferred stock that is convertible will state the terms on which shares of the series are convertible into BANK ONE's common stock or another series of preferred stock.

Rights Upon Liquidation

In the event of any voluntary or involuntary liquidation, dissolution or winding up of BANK ONE, the holders of preferred stock will be entitled to

Edgar Filing: BANK ONE CORP - Form 424B5

receive liquidating distributions in the amount of the liquidation preference of the preferred stock plus accrued and unpaid dividends out of the assets of BANK ONE available for distribution to shareholders. This liquidating distribution will be made before any distribution of assets is made to holders of common stock or any other class or series of shares ranking junior to the preferred stock upon liquidation. If the preferred stock is noncumulative preferred stock, the liquidating distribution will not include any accumulation for unpaid dividends for prior dividend periods.

If, upon any voluntary or involuntary liquidation, dissolution or winding up of BANK ONE, the amounts payable with respect to preferred stock of any series and any other shares of BANK ONE ranking as to any distribution on a parity with the preferred stock are not paid in full, the holders of the preferred stock and of the other shares will share ratably in any distribution of assets of BANK ONE in proportion to the full respective preferential amounts to which they are entitled. After payment of the full amount of the liquidating distribution to which they are entitled, the holders of preferred stock of any series will not be entitled to any further participation in any distribution of assets by BANK ONE.

Voting Rights

Except as indicated below or except as expressly required by applicable law, the holders of the preferred stock will not be entitled to vote. In the event BANK ONE issues full shares of any series of preferred stock, each share will be entitled to one vote on matters on which holders of the series of the preferred stock are entitled to vote. However, as more fully described under "Description of Depositary Shares" below, if BANK ONE elects to issue depositary shares representing a fraction of a share of a series of preferred stock, each depositary share will, in effect, be entitled to a fraction of a vote, rather than a full vote, per depositary share. Since each full share of any series of preferred stock of BANK ONE will be entitled to one vote, the voting power of a series, on matters on which holders of that series and holders of other series of preferred stock are entitled to vote as a single class, will depend on the number of shares in the series, not the aggregate stated value, liquidation preference or initial offering price of the shares of such series of preferred stock.

If the equivalent of six quarterly dividends payable on any series of preferred stock are in default, the number of directors of BANK ONE will be increased by two. The holders of all outstanding series of preferred stock, voting as a single class without regard to series, will be entitled to elect the additional two directors until all dividends in default have been paid or declared and set apart for payment.

34

The affirmative vote or consent of the holders of at least 66 2/3 percent of the outstanding shares of preferred stock of any series, voting as a class, will be required for any amendment to BANK ONE's Restated Certificate of Incorporation, or any supplemental certificate, that will adversely affect the powers, preferences, privileges or rights of the preferred stock of the series.

The affirmative vote or consent of the holders of at least 66 2/3 percent of the outstanding shares of preferred stock of any series and any other series of preferred shares of BANK ONE ranking on a parity with the preferred stock of the series as to dividends or upon liquidation, voting as a single class without regard to series, will be required to authorize, effect or validate:

(1) the creation, authorization or issue of any shares of any class of stock of BANK ONE ranking prior to the preferred stock of the series as to

Edgar Filing: BANK ONE CORP - Form 424B5

dividends or upon liquidation, or

(2) the reclassification of any authorized stock of BANK ONE into any prior shares, or

(3) the creation, authorization or issue of any obligation or security convertible into or evidencing the right to purchase any prior shares.

Subject to the affirmative vote or consent of the holders of the outstanding shares of preferred stock of any series, BANK ONE may, by resolution of its Board of Directors or as otherwise permitted by law, from time to time alter or change the preferences, rights or powers of the preferred stock of the series. The holders of the preferred stock of a series will not be entitled to participate in any vote if, at or prior to the time when any alteration or change is to take effect, provision is made for the redemption of all the outstanding preferred stock of the series. Nothing in this section requires a class vote or consent in connection with the authorization, designation, increase or issuance of any shares of any class or series, including additional preferred stock of any series that rank junior to, or on a parity with, the preferred stock of a series as to dividends and liquidation rights or in connection with the authorization, designation, increase or issuance of any bonds, mortgages, debentures or other obligations of BANK ONE.

DESCRIPTION OF DEPOSITARY SHARES

General

BANK ONE may, at its option, elect to offer fractional shares of preferred stock rather than full shares of preferred stock. If this option is exercised, BANK ONE will issue receipts for depositary shares, each of which will represent a fraction of a share of the series of preferred stock as described in the applicable prospectus supplement.

The shares of any series of preferred stock represented by depositary shares will be deposited under a deposit agreement between BANK ONE and a bank or trust company selected by BANK ONE. This bank or trust company will have its principal office in the United States and have a combined capital and surplus of at least \$50,000,000. Subject to the terms of the deposit agreement, each owner of a depositary share will be entitled to all the rights and preferences of the preferred stock, including dividend, voting, redemption, conversion and liquidation rights, in proportion to the applicable fraction of a share of preferred stock represented by the depositary share.

The depositary shares will be represented by depositary receipts issued under the deposit agreement. Depositary receipts will be distributed to those persons purchasing the fractional shares of preferred stock in accordance with the terms of the offering. Copies of the forms of deposit agreement and depositary receipt will be filed as exhibits to, or incorporated by reference in, the registration statement of which this prospectus is a part. The following summary is qualified in its entirety by reference to these exhibits.

Unless the related depositary shares have previously been called for redemption, upon surrender of depositary receipts at the principal office of the preferred stock depositary, the owner of the depositary shares represented by the receipts is entitled to the number of whole shares of preferred

stock and any money or other property represented by such depositary shares. Partial shares of preferred stock will not be issued. If the depositary receipts delivered by the holder entitle the holder to the delivery of any

Edgar Filing: BANK ONE CORP - Form 424B5

fraction of a share of preferred stock, the preferred stock depositary will deliver to the holder the whole shares of preferred stock which the holder is entitled to and a new depositary receipt representing the fractional share holding. After withdrawing shares of preferred stock, holders will not be entitled to deposit shares under the deposit agreement or to receive depositary shares for their shares of preferred stock. BANK ONE does not expect that there will be any public trading market for withdrawn shares of preferred stock.

Dividends and Other Distributions

The preferred stock depositary will distribute all cash dividends or other cash distributions received on the preferred stock to the record holders of depositary shares relating to such preferred stock in proportion to the numbers of depositary shares owned by such holders. The preferred stock depositary will distribute only the amount, however, as can be distributed without attributing to any holder of depositary shares a fraction of one cent. Any balance not so distributed will be added to and treated as part of the next sum received by the preferred stock depositary for distribution to record holders of depositary shares.

In the event of a distribution other than in cash, the preferred stock depositary will distribute property received by it to the record holders of depositary shares entitled to such distribution, unless the preferred stock depositary determines that it is not feasible to distribute the property. If the depositary determines that distribution is not feasible, the preferred stock depositary may, with the approval of BANK ONE, sell the property and distribute the net proceeds from the sale to holders.

Redemption of Depositary Shares

If a series of preferred stock represented by depositary shares is subject to redemption, the depositary shares will be redeemed from the proceeds received by the preferred stock depositary resulting from the redemption of the series of preferred stock held by the depositary. The preferred stock depositary will mail notice of redemption not less than 30 nor more than 60 days prior to the date fixed for redemption to the record holders of the depositary shares to be redeemed. The notice will be mailed to the holders' addresses appearing in the preferred stock depositary's books. The redemption price per depositary share will be equal to the applicable fraction of the redemption price per share payable on the series of preferred stock. Whenever BANK ONE redeems shares of preferred stock held by the preferred stock depositary, the depositary will redeem as of the same redemption date the number of depositary shares representing shares of preferred stock so redeemed. If less than all the depositary shares are to be redeemed, the depositary shares to be redeemed will be selected by lot or pro rata as determined by the preferred stock depositary.

After the date fixed for redemption, the depositary shares called for redemption will no longer be deemed to be outstanding. On the redemption date, all rights of the holders of the depositary shares will cease, except the right to receive the moneys payable upon redemption and any money or other property to which the holders of depositary shares were entitled upon redemption upon surrender to the preferred stock depositary of the depositary receipts representing the depositary shares.

Voting the preferred stock

Upon receipt of notice of any meeting at which the holders of the preferred stock are entitled to vote, the preferred stock depositary will mail the information contained in the notice to the record holders of the depositary shares relating to the preferred stock. Each record holder of depositary shares on the record date, which will be the same date as the record date for the

Edgar Filing: BANK ONE CORP - Form 424B5

preferred stock, will be entitled to instruct the preferred stock depositary as to the exercise of the voting rights pertaining

36

to the amount of the preferred stock represented by the holder's depositary shares. The preferred stock depositary will endeavor, if practicable, to vote the amount of the preferred stock represented by depositary shares in accordance with the instructions it receives. BANK ONE will agree to take all action which may be deemed necessary by the preferred stock depositary in order to enable the preferred stock depositary to do so. The preferred stock depositary will abstain from voting shares of the preferred stock to the extent it does not receive specific instructions from the holders of depositary shares representing the preferred stock.

Taxation

Owners of the depositary shares will be treated for federal income tax purposes as if they were owners of the series of preferred stock represented by these depositary shares. Accordingly, owners will be entitled to take into account for federal income tax purposes income and deductions to which they would be entitled if they were holders of the series of preferred stock. In addition,

- . no gain or loss will be recognized for federal income tax purposes upon the withdrawal of preferred stock in exchange for depositary shares as provided in the deposit agreement,
- . the tax basis of each share of preferred stock to an exchanging owner of depositary shares will, upon exchange, be the same as the aggregate tax basis of the depositary shares exchanged and
- . the holding period for shares of the preferred stock in the hands of an exchanging owner of depositary shares who held depositary shares as a capital asset at the time of the exchange for preferred stock will include the period during which the person owned the depositary shares.

Amendment and Termination of the Deposit Agreement

The form of depositary receipt representing the depositary shares and any provision of the deposit agreement may at any time be amended by agreement between BANK ONE and the preferred stock depositary. However, any amendment which materially and adversely alters the rights of the holders of depositary shares will not be effective unless such amendment has been approved by the holders of at least a majority of the outstanding depositary shares. The deposit agreement may be terminated by BANK ONE or the preferred stock depositary only if (1) all outstanding depositary shares have been redeemed, or (2) there has been a final distribution on the preferred stock in connection with any liquidation, dissolution or winding up of BANK ONE and the distribution has been distributed to the holders of depositary receipts.

Charges of Preferred Stock Depositary

BANK ONE will pay all transfer and other taxes and governmental charges arising solely from the existence of the depositary arrangements. BANK ONE will pay charges of the preferred stock depositary in connection with the initial deposit of the preferred stock and any redemption of the preferred stock. Holders of depositary receipts will pay other transfer and other taxes and governmental charges and such other charges as are expressly provided in the deposit agreement to be for their accounts.

Edgar Filing: BANK ONE CORP - Form 424B5

Miscellaneous

The preferred stock depositary will forward to the holders of depositary shares all reports and communications from BANK ONE which are delivered to the preferred stock depositary and which BANK ONE is required to furnish to the holders of the preferred stock.

Neither the preferred stock depositary nor BANK ONE will be liable if it is prevented or delayed by law or any circumstance beyond its control in performing its obligations under the deposit

37

agreement. The obligations of BANK ONE and the preferred stock depositary under the deposit agreement will be limited to performance in good faith of their duties under the agreement. They will not be obligated to prosecute or defend any legal proceeding in respect of any depositary shares or preferred stock unless satisfactory indemnity is furnished. They may rely upon written advice of counsel or accountants, or information provided by persons presenting preferred stock for deposit, holders of depositary receipts or other persons believed to be competent and on documents believed to be genuine.

Resignation and Removal of Preferred Stock Depositary

The preferred stock depositary may resign at any time by delivering to BANK ONE notice of its election to do so. In addition, BANK ONE may at any time remove the preferred stock depositary. Any resignation or removal will take effect upon the appointment of a successor preferred stock depositary and the acceptance of the successor depositary of its appointment. A successor preferred stock depositary must be appointed within 60 days after delivery of the notice of resignation or removal and must be a bank or trust company having its principal office in the United States and having a combined capital and surplus of at least \$50,000,000.

DESCRIPTION OF EXISTING PREFERRED STOCK

The outstanding Series B preferred stock and Series C preferred stock of BANK ONE were issued as of October 2, 1998, as part of the merger of BANC ONE and First Chicago NBD in exchange for two similar series of preferred stock of First Chicago NBD then outstanding. The two series of preferred stock were originally issued by a predecessor corporation of First Chicago NBD in February 1983, and February 1984, respectively. The dividend rate on each series is adjusted quarterly, based on a formula that considers the interest rates for selected short- and long-term U.S. Treasury securities at the time the rate is set. The existing preferred stock ranks prior to BANK ONE's common stock, both as to dividends and upon liquidation, but has no general voting rights, except as described under "Description of Preferred Stock -- Voting Rights". Each series of the preferred stock ranks on a parity with the other series of preferred stock with respect to dividends and liquidation rights.

The Series B preferred stock is subject to a minimum annual dividend rate of 6 percent and maximum annual dividend rate of 12.00 percent. The annualized dividend rate for the quarterly period ended May 31, 2000, is 6.00 percent. Shares of this series are redeemable, at the option of BANK ONE, at their stated value of \$100 per share plus accrued and unpaid dividends. Shares of this series are not convertible into other securities of BANK ONE.

The Series C preferred stock is subject to a minimum annual dividend rate of 6.50 percent and maximum annual dividend rate of 12.50 percent. The annualized dividend rate for the quarterly period ended May 31, 2000, is 6.50 percent. Shares of this series are redeemable, at the option of BANK ONE, at their

Edgar Filing: BANK ONE CORP - Form 424B5

stated value of \$100 per share plus accrued and unpaid dividends. Shares of this series are not convertible into other securities of BANK ONE.

The shares of the outstanding existing preferred stock are listed on the New York Stock Exchange. First Chicago Trust Division of EquiServe Limited Partnership, or an affiliate, serves as transfer agent, registrar and dividend disbursing agent for shares of the existing preferred stock.

38

DESCRIPTION OF PREFERRED STOCK WARRANTS

BANK ONE may issue warrants for the purchase of preferred stock. Preferred stock warrants may be issued independently or together with other securities offered by any prospectus supplement and may be attached to or separate from such other securities. Each series of preferred stock warrants will be issued under one or more warrant agreements between BANK ONE and a bank or trust company, as preferred stock warrant agent, named in the applicable prospectus supplement. Prior to the exercise of any preferred stock warrant, a holder will have no rights of a holder of shares of the preferred stock purchasable upon exercise, including the right to receive payment of any dividends on the underlying preferred stock or the right to vote the underlying preferred stock.

39

Prospective purchasers of preferred stock warrants should be aware that special U.S. federal income tax, accounting and other considerations may be applicable to preferred stock warrants. The prospectus supplement relating to any issue of preferred stock warrants will describe these considerations.

DESCRIPTION OF COMMON STOCK WARRANTS

BANK ONE may issue warrants for the purchase of common stock. Common stock warrants may be issued independently or together with other securities offered by any prospectus supplement and may be attached to or separate from such securities. Each series of common stock warrants will be issued under one or more warrant agreements between BANK ONE and a bank or trust company, as common stock warrant agent, named in the applicable prospectus supplement. - . the number of shares of common stock purchasable upon exercise of each common stock warrant and the price at which the number of shares of common stock may be purchased upon the exercise;
- . the date on which the right to exercise the common stock warrants will begin and the date on which the right will end;
- . whether the common stock warrants represented by the common stock warrant certificates will be issued in registered or bearer form;

Common stock warrant certificates may be exchanged for new common stock warrant certificates of different denominations. If in registered form, they may also be presented for registration of transfer and may be exercised at the corporate trust office of the common stock

40

warrant agent or any other office indicated in the applicable prospectus supplement. Prior to the exercise of any common stock warrant, a holder will have no rights of a holder of shares of the common stock purchasable upon exercise, including the right to receive payments of any dividends on the common stock purchasable upon exercise or to exercise any applicable right to vote.

Prospective purchasers of common stock warrants should be aware that special U.S. federal income tax, accounting and other considerations may be applicable to common stock warrants. The prospectus supplement relating to any issue of common stock warrants will describe these considerations.

DESCRIPTION OF COMMON STOCK

General

BANK ONE is authorized to issue 2,500,000,000 shares of common stock, \$0.01 par value per share. As of March 31, 2000, there were outstanding 1,152,289,000 shares of BANK ONE's common stock.

Holders of BANK ONE's common stock are entitled to receive dividends when, as and if declared by the Board of Directors out of any funds legally available. So long as any shares of BANK ONE's preferred stock are outstanding, however, no dividends, other than dividends payable in common stock, or other distributions, including redemptions and purchases, may be made with respect to the common stock unless full cumulative dividends on BANK ONE's preferred stock have been made. Holders of BANK ONE's common stock are entitled upon the liquidation or winding up of BANK ONE, after claims of creditors and preferences of BANK ONE's preferred stock, to receive pro rata the net assets of BANK ONE.

The holders of the common stock are entitled to one vote for each share held and are vested with all of the voting power, except as the Board of Directors of BANK ONE has provided with respect to the outstanding shares of BANK ONE's existing preferred stock or may provide, in the future, with respect to any other series of preferred stock which it may authorize after the date of this prospectus. Generally, holders of BANK ONE's Series B preferred stock and Series C preferred stock have no voting rights.

Edgar Filing: BANK ONE CORP - Form 424B5

The shares of common stock have non-cumulative voting rights, which means that the holders of more than 50% of the shares of common stock voting for the election of directors can elect 100% of the directors standing for election at any meeting if they choose to do so. The holders of the remaining shares voting for the election of directors will not be able to elect any person or persons to the Board of Directors of BANK ONE at that meeting.

BANK ONE's Restated Certificate of Incorporation includes specific provisions with respect to mergers and other business combinations. In general, these provisions require that, in the case of a proposed merger or other business combination involving BANK ONE and an "interested stockholder" (as defined in the Restated Certificate of Incorporation), the holders of at least a majority of the voting power of all shares of voting stock held by persons who are not interested stockholders or persons affiliated with interested stockholders must approve this transaction, unless the business combination has been approved by a majority of directors not affiliated with the interested stockholder or unless certain conditions regarding minimum price and procedural protections are met with respect to each class of BANK ONE's then outstanding voting stock. The provisions of the Restated Certificate of Incorporation also require that the Board of Directors will not approve a proposal for a business combination or a tender offer until the Board of Directors has evaluated the proposal in light of its effect on the stockholders and employees of BANK ONE and the communities served by BANK ONE. These provisions of the Restated Certificate of Incorporation could be used to make a change in control of BANK ONE more difficult.

41

The issued and outstanding shares of BANK ONE's common stock are fully paid and nonassessable. The holders of BANK ONE's common stock do not have any preemptive rights to subscribe for additional shares of capital stock of BANK ONE. The holders of common stock have no conversion rights.
