FORWARD-LOOKING STATEMENTS

In order to utilize the "Safe Harbor" provisions of the United States Private Securities Litigation Reform Act of 1995 (the "Reform Act"), Sappi Limited (the "Company") is providing the following cautionary statement. Except for historical information contained herein, statements contained in this Report on Form 6-K may constitute "forward-looking statements" within the meaning of the Reform Act. The words "believe", "anticipate", "expect", "intend", "estimate", "plan", "assume", "positioned", "will", "may", "should", "risk" and other similar expressions, which are predictions of or indicate future events and future trends, which do not relate to historical matters, identify forward-looking statements. In addition, this Report on Form 6-K may include forward-looking statements relating to the Company's potential exposure to various types of market risks, such as interest rate risk, foreign exchange rate risk and commodity price risk. Reliance should not be placed on forward-looking statements because they involve known and unknown risks, uncertainties and other factors which are in some cases beyond the control of the Company, together with its subsidiaries (the "Group"), and may cause the actual results, performance or achievements of the Group to differ materially from anticipated future results, performance or achievements expressed or implied by such forward-looking statements (and from past results, performance or achievements). Certain factors that may cause such differences include but are not limited to: the impact of the global economic downturn, the highly cyclical nature of the pulp and paper industry (and the factors that contribute to such cyclicity, such as levels of demand, production capacity, production, input costs including raw material, energy and employee costs, and pricing), adverse changes in the markets for the group's products, consequences of substantial leverage, including as a result of adverse changes in credit markets that affect our ability to raise capital when needed, changing regulatory requirements, unanticipated production disruptions (including as a result of planned or unexpected power outages), economic and political conditions in international markets, the impact of investments, acquisitions and dispositions (including related financing), any delays, unexpected costs or other problems experienced with integrating acquisitions and achieving expected savings and synergies and currency fluctuations. These and other risks, uncertainties and factors are discussed in the Company's Annual Report on Form 20-F and other filings with and submissions to the Securities and Exchange Commission, including this Report on Form 6-K. Shareholders and prospective investors are cautioned not to place undue reliance on these forward-looking statements. These forward-looking statements are made as of the date of the submission of this Report on Form 6-K and are not intended to give any assurance as to future results. The Company undertakes no obligation to publicly update or revise any of these forward looking statements, whether to reflect new information or future events or circumstances or otherwise.

CANCELLATION OF CREDIT SALE AND COMBINED OPTION/DEFERRED SALE TRANSACTIONS

In terms of paragraph 3.63 of the Listings Requirements of the JSE Limited, we hereby provide the following information regarding the cancellation by Sappi of credit sale and combined option/deferred sales allocations under the Sappi Limited Share Incentive Scheme to the undermentioned directors of the Company and its major subsidiary companies:

Date of : 12 December 2011

Nature of : Cancellation of credit sale and combined option/deferred sale allocations under the Sappi Limited
transaction Share Incentive Scheme

Date of : 30 December 2003 and 14 January 2004 (*see below)
allocation

Allocation : R79.25 and R20.27 (*see below)
price

Vesting : Over 5 years, maximum 8 years, expiring 30 December 2011 and 14 January 2012 respectively.
period

The allocations concerned consisted of an initial allocation and then an allocation arising from entitlement in terms of the Sappi rights offer in December 2008, both of which allocations were required to be taken up/paid for in conjunction with each other. The average price of the allocations is well above the current market price and the Board has decided that it would not be in the best interests of the Company to enforce payment by the participants concerned. The purpose of the

Edgar Filing: SAPPI LTD - Form 6-K

Share Scheme is to offer participants an incentive and to force participants to pay for these allocations would impose a hardship on participants and serve as a disincentive. The allocations have therefore been cancelled in terms of the rules of the Scheme.

Class of security : Ordinary shares

Extent of interest : Direct beneficial

The necessary authority in terms of 3.66 was obtained and these were off-market transactions.
