PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation of proxies for use at the annual meeting of shareholders of F & M Bank Corp. (the Company) to be held Saturday, May 12, 2007 at **5:30 P.M.** at Broadway High School, Broadway, Virginia, and at any adjournments thereof (the Annual Meeting). The principal executive offices of the Company are located on Main Street, Timberville, Virginia 22853. The approximate mailing date of this Proxy Statement and the accompanying proxy is April 6, 2007.

The accompanying proxy is solicited by the Board of Directors of the Company (the Board). The cost of the solicitation of proxies will be borne by the Company. Solicitations will be made only by the use of the mail, except that, if necessary, officers, directors and regular employees of the Company, or its affiliates, may make solicitations of proxies by telephone, telegraph or by personal calls. Brokerage houses and nominees may be requested to forward the proxy solicitation material to the beneficial owners of the stock held of record by such persons, and the Company may reimburse them for their charges and expenses in this regard.

All properly executed proxies delivered pursuant to this solicitation will be voted at the Annual Meeting in accordance with any instructions thereon. Any person signing and mailing the enclosed proxy may, nevertheless, revoke the proxy at any time prior to the actual voting thereof by (i) filing written notice thereof with the Secretary of the Company (Larry A. Caplinger, Secretary, F & M Bank Corp., P. O. Box 1111, Timberville, Virginia 22853); (ii) submitting a duly executed proxy bearing a later date; or (iii) appearing at the Annual Meeting or any adjournment thereof and giving the Secretary notice of his or her intention to vote in person.

An Annual Report to shareholders, including current financial statements, is being mailed to the Company's shareholders concurrently with this Proxy Statement, but is not part of the proxy solicitation materials.

Interested shareholders may obtain, without charge, a copy of the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2006, as filed with the Securities and Exchange Commission, upon written request to Larry A. Caplinger, Secretary, F & M Bank Corp., P. O. Box 1111, Timberville, Virginia 22853.

OUTSTANDING SHARES AND VOTING RIGHTS

Only shareholders of record at the close of business on March 23, 2007 will be entitled to vote at the Annual Meeting. As of March 23, 2007, the Company had outstanding 2,372,763 shares of its common stock, \$5 par value (Common Stock), each of which is entitled to one vote at the Annual Meeting. A majority of votes entitled to be cast on matters considered at the Annual Meeting constitutes a quorum. If a share is represented for any purpose at the Annual Meeting, it is deemed to be present for purposes of establishing a quorum. Abstentions and shares held of record by a broker or its nominees (Broker Shares) that are voted on any matter are included in determining the number of votes present or represented at the Annual Meeting. Conversely, Broker Shares that are not voted on any matter will not be included in determining whether a quorum is present. If a quorum is established, directors will be elected by a plurality of the votes cast by shareholders at the Annual Meeting. Votes that are withheld or abstentions and Broker Shares that are not voted in the election of directors or in the ratification of auditors will not be included in determining the number of votes cast.

Officers and directors are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file. Based solely on review of the copies of such reports furnished to the Company or written representation that no other reports were required, the Company believes that, during 2006, all filing requirements applicable to its officers and directors were complied with except that Julian D. Fisher, Chairman of the Board, inadvertently failed to file Form 4s for one sale of 100 shares from his IRA on July 5, 2006 and two gifts of two shares each in December 2005 and December 2006. Corrective filings were made.

CORPORATE GOVERNANCE AND

THE BOARD OF DIRECTORS

General

The business and affairs of the Company are managed under the direction of the Board of Directors in accordance with the Virginia Stock Corporation Act and the Company's Articles of Incorporation and Bylaws. Members of the Board are kept informed of the Company's business through discussions with the Chairman of the Board, the President and Chief Executive Officer and other officers, by reviewing materials provided to them and by participating in meetings of the Board and its committees.

4

Code of Ethics

The Board of Directors has approved a Code of Ethics for Senior Financial Officers of the Company and the Bank. This document covers the Company's Chief Executive Officer, Chief Financial Officer and the Controller. The Code of Ethics states that the Senior Financial Officers are expected to conduct business and act in an honest and ethical manner; provide full, fair, accurate, timely and understandable financial reports; report any significant deficiencies in the Company's internal controls over financial reporting; may not use corporate property, information, or position for improper personal gain or compete with the Company; endeavor to protect the Company's assets and ensure their efficient use; and respect the rights of and deal fairly with the Company's customers, suppliers, competitors and employees. It is available upon request to the Secretary of the Company at P. O. Box 1111, Timberville, VA 22853.

Independence of Directors

The Board of Directors in its business judgment has determined that the following seven of its nine members are independent as defined by the listing standards of the Nasdaq Stock Market: Thomas L. Cline, John N. Crist, Ellen R. Fitzwater, Daniel J. Harshman, Richard S. Myers, Michael W. Pugh and Ronald E. Wampler. In reaching this conclusion, the Board considered that we and our subsidiary agencies provide

Edgar Filing: F&M BANK CORP - Form DEF 14A

services to, and otherwise conduct business with, companies of which certain members of the Board or members of their immediate families are or were directors or officers.

Our Board of Directors has established standards under which we view the following as impairing a director's independence:

a director who is our employee, or whose immediate family member is an executive officer;

a director who receives, or whose immediate family member receives, more than \$100,000 per year in direct compensation from us, other than director and committee fees and pension or other forms of deferred compensation for prior service;

a director who is affiliated with or employed by, or whose immediate family member is affiliated with or employed in a professional capacity by, our present or former internal or external auditor;

a director who is employed, or whose immediate family member is employed, as an executive officer of another company where any of our present executives serve on that company's compensation committee; and

a director who is an executive officer or an employee, or whose immediate family member is an executive officer, of a company that makes payments to, or receives payments from, us for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1 million or 2% of such other company's consolidated gross revenues.

While we conduct business with several of our directors, including John Crist (legal services), Michael Pugh (real estate appraisal services) and Richard Myers (automobile purchases and servicing), the total amounts paid to the entities with which our directors are affiliated are significantly less than the thresholds outlined above. Directors Withers and Fisher are not considered independent due to Mr. Withers' current employment by the Company and Mr. Fisher's status as a retired executive officer of the Company less than three years ago.

Board and Committee Meeting Attendance

There were 12 meetings of the Board of Directors of the Company in 2006. Each director attended greater than 75% of the aggregate number of meetings of the Board of Directors and meetings of committees of which the director was a member in 2006. The Board of the Bank, which met 12 times in 2006, primarily manages all matters for the Bank. All the directors of the Company are also directors of the Bank.

Committees of the Board

The Company has an Audit Committee, and the Bank has a Compensation Committee. The Company does not have a standing nominating committee.

Audit Committee

The Audit Committee assists the Board of Directors in fulfilling the Board's oversight responsibility to the shareholders relating to the integrity of the Company's financial statements, the Company's compliance with legal and

regulatory requirements, the qualifications, independence and performance of the Company's independent auditor and the performance of the internal audit function. The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the work of the independent auditor engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attestation services for the Company. The Board of Directors has adopted a written charter for the Audit Committee. The Audit Committee Charter is included as Appendix A to this proxy statement.

The members of the Audit Committee are Thomas L. Cline, Ellen R. Fitzwater, Daniel J. Harshman and Ronald E. Wampler, all of whom the Board in its business judgment has determined are independent as defined by the listing standards of the Nasdaq Stock Market ("Nasdaq"). The Board of Directors also has determined that all of the members of the Audit Committee have sufficient knowledge in financial and auditing matters to serve on the Audit Committee and that Ms. Fitzwater qualifies as an audit committee financial expert as defined by SEC regulations.

The Audit Committee met five times in 2006. For additional information regarding the Audit Committee, see "Audit Information-Audit Committee Report" on pages 17 and 18 of this Proxy Statement.

Compensation Committee

The Compensation Committee reviews senior management's performance and compensation and reviews and sets guidelines for compensation of all employees. All decisions by the Compensation Committee relating to the compensation of the Company's executive officers are reported to the full Board of Directors. There is no Compensation Committee Charter.

The members of the Compensation Committee are Richard S. Myers, Michael W. Pugh and Ronald E. Wampler, all of whom the Board in its business judgment has determined are independent as defined by Nasdaq's listing standards. The Compensation Committee met once in 2006. For additional information regarding the Compensation Committee, see "Compensation Committee Report on Executive Compensation" on page 13 of this Proxy Statement.

Director Nomination Process

The Company currently does not have a standing nominating committee. The entire Board performs the functions of a nominating committee. The Board does not believe it needs a separate nominating committee because the full Board is comprised predominantly of independent directors (as that term is defined by Nasdaq's listing standards) and has the time and resources to perform the function of selecting board nominees. The President & CEO, the sole management director, abstains from discussions and voting for nominees. When the Board performs its nominating function, the Board acts in accordance with the Company's Articles of Incorporation and Bylaws, but does not have a separate charter related to the nomination process.

Should a vacancy occur on the Board of Directors of the Company, the Board would look at the Corporate Governance Committee's list of director qualifications (similar to those listed below) and consider these qualifications in developing a pool of potential nominees from the communities served by the Company. The Board would then appoint the candidate who was best qualified following discussions among the independent directors. The Board also considers potential nominees that shareholders might submit informally.

The Company's independent directors consider, at a minimum, the following factors in recommending to the Board potential new directors, or the continued service of existing directors:

The ability of the prospective nominee to represent the interests of the shareholders of the Company;

The prospective nominee's standards of integrity, commitment and independence of thought and judgment;

The prospective nominee's ability to dedicate sufficient time, energy and attention to the diligent performance of his or her duties, including the prospective nominee's service on other public company boards; and

The extent to which the prospective nominee contributes to the range of talent, skill and expertise appropriate for the Board of Directors.

Shareholders entitled to vote for the election of directors may submit candidates for formal consideration by the Company in connection with an annual meeting of shareholders by providing the Company with timely written notice, in proper form, for each such recommended director nominee. If the notice is not timely and in proper form, the nominee will not be considered by the Company. To be timely for the 2008 annual meeting, the notice must be received within the time frame set forth in Shareholder Proposals on page 18 of this Proxy Statement. To be in proper form, the notice must include each nominee's written consent to be named as a nominee and to serve, if elected, and information about the

6

shareholder making the nomination and the person nominated for election. These requirements are more fully described in Section 2.5 of the Company's Bylaws, a copy of which will be provided, without charge, to any shareholder upon written request to the Secretary of the Company, whose address is P. O. Box 1111, Timberville, VA 22853.

Annual Meeting Attendance

The Company encourages members of the Board of Directors to attend the annual meeting of shareholders. Eight of the directors attended the 2006 annual meeting.

Communications with Directors

Edgar Filing: F&M BANK CORP - Form DEF 14A

Any director may be contacted by writing to him or her c/o P. O. Box 1111, Timberville, VA 22853. Communications to the non-management directors as a group may be sent to the same address, c/o the Secretary of the Company. The Company promptly forwards, without screening, all such correspondence to the indicated directors.

In addition, none of the named executive officers hold any unexercised stock options or unvested stock awards as of December 31, 2006.

Changes in Nonqualified Deferred Compensation

The Company has established a non-qualified deferred compensation plan for the benefit of our directors and certain employees, including the executive officers, to defer receipt of salary or bonus payments. See Compensation Discussion and Analysis on pages 11, 12 and 13 of this Proxy Statement for further details. The following table shows the changes in the balance of the named executive officers' nonqualified deferred compensation plans:

For 2006, the total contribution to the plan was \$55,875.

³Deferred amounts are deposited in separate accounts and are credited with earnings or losses based on the rate of return of mutual funds selected by the plan participants.

Retirement Benefits

The Company has a noncontributory pension plan that conforms to the Employee Retirement Income Security Act of 1974, as amended (ERISA). The amount of benefits payable under the plan is determined by an employee's period of credited service. The amount of normal retirement benefit will be determined based on a participant's credited service, earnings and the benefit formula as described in the plan's adoption agreement. The plan provides for early retirement for participants with 10 years of vesting service and the attainment of age 55. A participant who terminates employment with five or more years of vesting service will be entitled to a benefit. The benefits are payable in single or joint/survivor annuities, as well as a lump sum payment option upon retirement or separation of service (subject to limitations as described in the plan's adoption agreement).

The following table shows the estimated annual benefits payable upon retirement based on the specified remuneration and years of credited service classifications, assuming continuation of the present plan and retirement on October 1, 2006 at age 65 (normal retirement date):

Severance Benefits

In 1996, the Company and the Bank adopted a change in control severance plan that became effective July 1, 1996. The plan covers employees designated by the Company's Board of Directors, including Mr. Withers, Mr. Caplinger and Mr. Hayslett.

Under the plan, a covered termination is a cessation of employment with the Company or its then affiliates within 36 months after a change in control (as defined in the plan) on account of either (i) termination of employment by the covered employee for good reason (defined to mean the occurrence after a change in control of any of the following: the assignment of duties inconsistent with prior duties, the diminution of responsibilities, a reduction in base salary, a transfer of job location of more than 50 miles, a failure to pay compensation or deferred compensation within seven days after due, a failure to continue participation and benefits under any compensation or benefits plan (or any successor or replacement plan) at as favorable a level, or a failure of the Company to require any successor to the Company to comply with the plan) or (ii) termination initiated by the Company or any of its affiliates for any reason other than death, disability, mandatory retirement or

cause (as defined in the plan).

In the event of a covered termination, a covered employee will be entitled to the following severance benefits: (i) continuation of the employee's base pay (as defined in the plan) through the earlier of his or her death or the third anniversary of the date of the change in control (the severance pay period); (ii) continuation of the availability of coverage, and the employer's regular contribution towards that coverage, under the employer's health care plan during the severance pay period for the employee and his or her eligible dependents; (iii) the right to buy any car that the employee is assigned by the employer at its then fair market value; and (iv) a lump sum payment equal to the value of any qualified or nonqualified retirement benefits forfeited by the employee on account of his or her covered termination.

The following table indicates estimated benefits of a covered termination.

Estimated Current Value of Change in Control Benefits

(as of December 31, 2006)

	Severance	Other²	Total
	Amount¹		
Dean W. Withers	\$450,000	\$11,800	\$461,800
Larry A. Caplinger	\$330,000	\$11,800	\$341,800
Neil W. Hayslett	\$330,000	\$11,800	\$341,800

¹This amount represents the greater of three times the employee's base pay at the date of the Change in Control or his base pay at the date of his Covered Termination. The Severance Plan Benefit shall be paid at the same time and in the same manner as the employer's regular payroll payments rather than as a lump sum payment. Notwithstanding anything contained in the Plan, the payments and benefits under the plan will be reduced to the extent necessary so that no payment shall be subject to excise tax under Section 4999 of the Internal Revenue Code.

²This amount includes the continuation of the availability of health care benefits arising from a Covered Termination during the employee's 36-month severance pay period. The value to the executive officer of the automobile purchase option contained in the severance plan cannot be determined as it will vary depending on the timing of the event, the book value of the vehicle and the fair market value of the vehicle.

There are no other severance payments except as outlined above in the plan.

Compensation Discussion and Analysis

Overview. This section provides information regarding the compensation program in place for our Chief Executive Officer, Chief Financial Officer and Senior Loan Officer, collectively referred to as our executive officers. This section includes information regarding the overall objectives of our compensation program and each element of compensation that we provide.

The Compensation Committee, composed entirely of independent directors, administers the Company's executive compensation program. The role of the Committee is to oversee the Company's compensation and benefit plans and policies and to review and approve annually all compensation decisions relating to the executive officers named in the Summary Compensation Table. The Committee submits its decisions regarding compensation for the executive officers to the outside Directors of the Board for ratification.

General Compensation Objectives. The Compensation Committee's overall objectives applicable to our executive officers are to provide a compensation package intended to attract, motivate and retain qualified executives and to provide them with incentives to achieve our annual goals and to increase shareholder value. The Committee recognizes the need to implement sound principles that enhance its ability to develop and administer compensation and benefit programs. To this end the Committee has taken actions that include the following:

- Initiated a practice of holding executive sessions (without Company management present) at every Committee meeting;

- Hired an independent consultant to advise on executive compensation issues;

- Purchased survey information related to other Virginia banks of similar size;

- Reviewed a benchmarking report compiled by management containing information from proxy statements of approximately twelve other Virginia banks with comparable asset size, market capitalization and revenues.

We rely upon our judgment in making sound compensation decisions, after reviewing the performance of the Company and carefully evaluating the executive's performance during the year against established goals, leadership qualities, operational performance, business responsibilities, career with the Company, current compensation arrangements and long-term potential to enhance shareholder value. Specific factors affecting compensation decisions for the named executives include:

- Financial measures such as net profit, return on equity (ROE) and return on assets (ROA) relative to the peer group in the benchmarking report;

- Strategic objectives such as the establishment of new branch offices;

- Launching new or improving existing products that help us reach our goals of being a market leader and to attract and retain customers;

- Achievement of specific operational goals for the company, including improved productivity, risk management or portfolio management goals;

- Achieving excellence in their organizational structure and among their employees;

- Supporting our corporate values by promoting integrity through compliance with laws and regulations.

We generally do not strive for rigid formulas or react to short term changes in business performance in determining the amount or mix of compensation and benefits. While we consider the compensation paid by other banks in the benchmarking report and salary survey, we do not

attempt to maintain a certain target percentile within these peer groups.

Base Salaries. The Compensation Committee's policy is to provide salaries that it believes are necessary to attract and retain qualified executives. The objective of the base salary is to reflect job responsibilities, value to the Company and individual performance with respect to the Company's goals and objectives. The salaries of the executive officers are reviewed on an annual basis, as well as at the time of a promotion or other change in responsibilities. Increases in salary are based on an evaluation of the individual's performance and level of pay compared to industry

11

peers as contained in the previously mentioned salary survey and benchmarking report. The Committee generally relies on Mr. Withers' recommendations as our CEO (except in the case of his own compensation). With regard to Mr. Withers' compensation, the Committee relies on benchmarking report and other survey information and makes its decision as to his compensation while in executive session.

Annual Bonus. The annual bonus is based on attaining annual performance targets, such as net income goals determined by the board, as adjusted positively or negatively for one-time items. The Committee typically meets in November of each year and bases its decisions regarding bonuses on projected full year income. Bonuses for the executive officers were not increased in 2006 due to the projected decrease in earnings compared to 2005. The Committee considered whether to decrease the bonuses paid, but determined that several one-time events out of the control of the executive officers resulted in the decrease in earnings. These events included the loss of revenue from a loan participation program that is totally dependent upon the stream of available loans from the originating bank and the opening of three new branches that were expected to create a short-term drain on revenues. The Committee also considers our performance on key indicators such as ROE and ROA relative to comparable banks in the benchmarking report, and compares the level of bonuses paid our executive officers versus executive officers at these comparable banks. While the Committee does evaluate a variety of factors as outlined above, the payment of bonuses is discretionary and is not tied to a specific formula or performance targets.

Retirement Benefits. An important retention tool is the Company's various retirement plans. We balance the effectiveness of these plans as a compensation and retention tool with the cost to the Company of providing them.

Pension Plan. The Company has a noncontributory pension plan that covers all full time employees, including the executive officers. This plan conforms to the Employee Retirement Income Security Act of 1974, as amended (ERISA). The amount of benefits payable under the plan is determined by an employee's period of credited service. The amount of normal retirement benefit will be determined based on a participant's credited service, earnings and the benefit formula as described in the plan's adoption agreement. The plan provides for early retirement for participants with 10 years of vesting service and the attainment of age 55. A participant who terminates employment with five or more years of vesting service will be entitled to a benefit. The benefits are payable in single or joint/survivor annuities, as well as a lump sum payment option upon retirement or separation of service (subject to limitations as described in the plan's adoption agreement). The change in the pension value for the executive officers is contained in the Summary Compensation Table, while information regarding years of service, present value of accumulated benefits and plan payments for the executive officers is contained in the separate Pension Benefits Table.

Edgar Filing: F&M BANK CORP - Form DEF 14A

Deferred Compensation Plan. Our deferred compensation plan allows certain employees, including the executive officers, to defer receipt of salary and or bonus payments. The initial decision to create the deferred compensation plan included an evaluation of our total benefits package for our senior management team, compared to the benefits package available to all employees and to other comparable companies. The plan was created as a means of attracting and retaining qualified members of the management team. At the present time, participation in the plan is limited to our senior management team, consisting of five employees, including the three executive officers. Deferred amounts are deposited in separate accounts and are credited with earnings or losses based on the rate of return of mutual funds selected by the plan participants. Distributions are paid either upon termination or returned at a specific date in the future, as elected by the employee. The employee may elect to receive payments in either a lump sum or a series of installments. Participants may defer up to 100% of salary and bonus payments.

Each year the Committee considers whether to make a discretionary Company contribution to the plan for the benefit of the participants, including the executive officers. Contributions to the plan are based on a number of factors including an evaluation of overall bank performance and an evaluation of the total contributions to the bank's other retirement plans, including the ESOP and 401k plans. This contribution is shared on a pro-rated basis by the participants in the plan based on each participant's salary as a percentage of the total salaries of the participants in the plan. For 2006, the total contribution to the plan was \$55,875. Additional information regarding the plan is contained separately in the Deferred Compensation Table.

401K Savings Plan. Employees, including the executive officers, may contribute up to 97% of regular earnings on a before-tax basis into their Savings Plan (subject to IRS limits). We match an amount equal to one dollar for each two dollars contributed by participating employees on the first six percent of their earnings. Amounts held in the Savings Plan accounts may not be withdrawn prior to the employee's termination of employment (subject to certain exceptions as directed by the IRS).

Effective for 2006, the Savings Plan limits the annual additions that can be made to an employee's account to \$44,000 per year. Annual additions include our matching contributions, before-tax contributions made by our employee

12

under Section 401(k) of the Internal Revenue Code and employee after-tax contributions. Of those annual additions, the current maximum before-tax contribution is \$15,000 per year. Participants age 50 and over may also contribute, on a before-tax basis, and without regard to the \$44,000 limitation on annual additions or the \$15,000 general limitation on before-tax contributions, catch-up contributions of up to \$5,000 per year. The Company's matching contribution for each of the executive officers is contained in the Summary Compensation Table.

Employee Stock Ownership Plan (ESOP). This plan is a long-term incentive for our employees that promotes the achievement of goals which create value for our shareholders. This noncontributory plan covers all full time employees, including the executive officers. This plan conforms to the Employee Retirement Income Security Act of 1974, as amended (ERISA). An employee becomes a participant in the plan as of October 1st of the plan year in which the employee completes one full year of service. A participant who terminates employment with five or more years of vesting service will be vested in their benefit. Cash dividends paid by the Company are passed through to the participants on an annual basis. In 2006, the Company contributed \$260,750 to the plan. All eligible full time employees, including the executive officers, share in this contribution on a pro-rated basis based on each participant's eligible compensation as a percentage of the total eligible compensation of all the participants in the plan. The allocation to each of the executive officers is contained in the Summary Compensation Table.

Compensation Committee Report

The Compensation Committee has reviewed the Compensation Discussion and Analysis and discussed that analysis with management. Based on its review and discussions with management, the Committee recommended to our Board of Directors that the Compensation Discussion and Analysis be included in the Company's Annual Report on Form 10-K and the Company's 2007 Proxy Statement. This report is provided by the following independent directors, who comprise the Committee:

Compensation Committee Interlocks and Insider Participation

During 2006, no former or current executive officer of the Company or the Bank served on the Compensation Committee. In addition, there are no compensation committee interlocks with other entities with respect to any such member.

Indebtedness and Other Transactions

The Company's directors and officers, and other corporations, business organizations, and persons with whom some of the Company's directors and officers are associated, had loan transactions at December 31, 2006 with the Bank totaling approximately \$5,927,559 or about 15.9% of average shareholders' equity for the year. All such transactions were made in the ordinary course of business on substantially the same terms, including interest rates and collateral, as those prevailing at the time in comparable transactions with others and did not involve more than the normal risk of collectibility or present other unfavorable features.

In February 2007, the Board approved the Loan Credit Policy which includes guidelines as contained in Regulation O with regard to extensions of credit to executive officers, directors and principal shareholders. All such requests are presented to the full Board of Directors for approval. Under the policy, no executive officer, board member or principal shareholder may participate in the review of a transaction in which such member has an interest.

We have not adopted a formal policy that covers the review and approval of other related person transactions by our Board of Directors. The Board, however, does review all such transactions that are proposed to it for approval. During such a review, the Board will consider, among other things, the related person's relationship to the Company, the facts and circumstances of the proposed transaction, the aggregate dollar amount of the transaction, the related person's relationship to the transaction and any other material information. Our Audit Committee also has the responsibility to review significant conflicts of interest involving directors or executive officers.

PROPOSAL TWO

RATIFICATION OF APPOINTMENT OF

INDEPENDENT PUBLIC ACCOUNTANTS

Elliott Davis, L.L.C. (the successor to Larowe & Company, P.L.C.) of Galax, Virginia, was the auditor for the Company for 2006 and is being recommended to the Company's shareholders for the ratification of its appointment as auditor for 2007. A representative of Elliott Davis, L.L.C. is expected to be present at the Annual Meeting, will have the opportunity to make a statement if he desires to do so, and is expected to be available to respond to appropriate questions from shareholders.

On November 17, 2006, the Audit Committee of the Board of Directors of the Company was notified by the Company's independent accountants, Larowe & Company, P.L.C. ("Larowe"), that it had merged with the firm of Elliott Davis, L.L.C., effective on that date, and that it would no longer operate or provide audit services as a separate entity. At a meeting held on November 17, 2006, the Company's Audit Committee approved the engagement of Elliott Davis, L.L.C., the successor firm in the merger, to serve as the Company's independent accountants for the fiscal year ending December 31, 2006.

The Company engaged Larowe as its independent accountants for the fiscal year ended December 31, 2005. Larowe's report on the Company's financial statements for that year did not contain any adverse opinion or disclaimer of opinion, nor was the opinion expressed in the report qualified or modified as to uncertainty, audit scope, or accounting principles. During the most recent fiscal year and the interim period of the current fiscal year preceding the Audit Committee's decision to engage Elliott Davis as the Company's new independent accountants, there were no disagreements with Larowe on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Larowe, would have caused Larowe to make reference to the subject matter of the disagreement in connection with its report. During the same period, there have been no reportable events under applicable securities laws.

During the fiscal years ended December 31, 2005 and 2004, and the subsequent interim periods through and including the date of Elliott Davis' appointment as the Company's independent accountants, the Company has not consulted with Elliott Davis on either the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's financial statements or any other matter or reportable event under applicable securities laws.

Edgar Filing: F&M BANK CORP - Form DEF 14A

The Company engaged Larowe as its independent accountants on February 17, 2005 to replace S.B. Hoover & Company, L.L.P. On January 20, 2005, the Company determined that, effective after its completion of the audit for the fiscal year ended December 31, 2004, S. B. Hoover & Company, L.L.P would serve as the internal auditor of the Company and would not be reappointed as the Company's independent auditor for the fiscal year ending December 31, 2005. On February 17, 2005, the Company engaged Larowe & Company, P.L.C. as the Company's independent auditor for the year ending December 31, 2005. This action was recommended and approved by the Audit Committee.

During the Company's two fiscal years ended December 31, 2003, and during the subsequent period through January 20, 2005, there was no disagreement between the Company and S. B. Hoover & Company, L.L.P. on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure which, if not resolved to the satisfaction of S. B. Hoover & Company, L.L.P., would have caused them to make reference to the subject matter of the disagreement in connection with its reports on the Company's consolidated financial statements. The audit reports of S. B. Hoover & Company, L.L.P. on the consolidated financial statements of the Company as of and for the two fiscal years ended December 31, 2003 did not contain any adverse opinion or disclaimer of opinion, nor were these opinions qualified or modified as to uncertainty, audit scope or accounting principles.

In addition, during the two most recent fiscal years and through February 17, 2005, the Company did not consult with Larowe & Company, P.L.C. regarding the application of accounting principles to a specified transaction or the type of audit opinion that might be rendered on the Company's financial statements or any other matters or events that are required to be disclosed by applicable securities laws.

On March 29, 2005, following the filing of the Company's Annual Report on Form 10-K for the year ended December 31, 2004, the relationship of S. B. Hoover & Company, L.L.P. as independent auditor with the Company ended. There was no disagreement between F&M and S. B. Hoover & Company, L.L.P., as described above, through March 29, 2005, and the audit reports of S. B. Hoover & Company, L.L.P. on the consolidated financial statements of the Company

14

as of and for the fiscal year ended December 31, 2004 did not contain any adverse opinion or disclaimer of opinion, nor was the opinion qualified or modified as to uncertainty, audit scope or accounting principles.

A majority of the votes cast by holders of common stock is required for the ratification of the appointment of the independent public accountants.

The Board recommends a vote for Proposal Two.

PROPOSAL THREE

AMENDMENT TO ARTICLES OF INCORPORATION TO INCREASE AUTHORIZED STOCK

At its monthly meeting on January 18, 2007, the Board voted unanimously to recommend to its shareholders an Amendment of the Company's Articles of Incorporation to increase the number of the authorized shares of common stock from 3,000,000 shares to 6,000,000 shares. Adoption of this Amendment requires the approval of more than two-thirds (2/3) of all votes entitled to be cast at the Annual Meeting.

The text of the proposed Amendment is as follows:

RESOLVED that the Restated Articles of Incorporation of F&M Bank Corp. be amended by replacing paragraph 3. as follows:

3. The Corporation shall have the authority to issue 6,000,000 shares of the par value of \$5.00 each.

The Board considers the proposed increase in the number of authorized shares desirable because it would give the Board the necessary flexibility to issue Common Stock in connection with stock dividends and splits, possible future acquisitions, and the Company's Stock Bonus Plan and for other general corporate purposes without the expense and delay incidental to obtaining shareholder approval of an Amendment to the Articles of Incorporation increasing the number of authorized shares at the time of such action, except as may be required for a particular issuance by applicable law or by the rules of any stock exchange on which the Company's securities may then be listed. The shareholders of the Company do not have any preemptive rights with respect to the issuance of any additional shares of Common Stock, and the shares of Common Stock authorized pursuant to this proposal would likewise contain no preemptive rights. The Company has no current plans, understandings or agreements regarding stock dividends and splits, acquisitions, or the Company's Stock Bonus Plan that would cause the Company to issue any of the additional shares of Common Stock authorized by this proposal.

The authorization of additional shares of Common Stock pursuant to this proposal will have no dilutive effect upon the proportionate voting power of existing shareholders of the Company. However, to the extent that shares are subsequently issued to persons other than existing shareholders and/or in proportions other than the proportion that currently exists, such issuance could have a substantial dilutive effect on existing shareholders.

The Board believes, however, that the proposed Amendment to the Articles of Incorporation will provide several long-term benefits to the Company and its shareholders, including the flexibility to pursue acquisitions in exchange for Common Stock of the Company. While the Company has no specific plans, proposals, understandings or agreements for any such acquisition, the issuance of additional shares of Common Stock for an acquisition may have a dilutive effect on earnings per share and book value per share, as well as a dilutive effect on the voting power of existing shareholders. The Company would expect that any such dilutive effect on earnings per share and/or book value per share would be relatively short-term in duration.

The issuance of additional shares of Common Stock by the Company also may potentially have an anti-takeover effect by making it more difficult to obtain shareholder approval of various actions, such as a merger. The proposed increase in the number of authorized shares of Common Stock could enable the Board to render more difficult an attempt by another person or entity to obtain control of the Company, though the Board has no present intention of issuing additional shares for such purposes and has no present knowledge of any such takeover efforts.

The Board recommends a vote for Proposal Three.

15

PROPOSAL FOUR

AMENDMENT TO ARTICLES OF INCORPORATION TO CLARIFY STRUCTURE OF CLASSES OF DIRECTORS

At its monthly meeting on January 18, 2007, the Board voted unanimously to recommend to its shareholders an Amendment of the Company's Articles of Incorporation to revise the language relating to the establishment and election of three (3) classes of Directors. Adoption of this Amendment requires the approval of more than two-thirds (2/3) of all votes entitled to be cast at the Annual Meeting.

The text of the proposed Amendment is as follows:

The Articles of Incorporation of F&M Bank Corp. are amended by replacing Paragraph 11 with the following:

11. The Directors shall be divided into three Classes, A, B, and C, as nearly equal in number as possible. Commencing with the election of Directors at the Annual Meeting of shareholders in 1990, the term of each Director shall be determined by placing the names in alphabetical order and designating the first named Director as a Class A Director, the second named Director as a Class B Director, the third named Director as a Class C Director, and so forth throughout the list of Directors. The initial term of office for members of Class A shall expire at the Annual Meeting in 1991; the initial term of office for members of Class B shall expire at the Annual Meeting of shareholders in 1992; and the initial term of office for members of Class C shall expire at the Annual Meeting of shareholders in 1993. At each Annual Meeting of shareholders following the initial classification and election of Directors, elections of Directors whose terms are expiring, or Directors elected to succeed those Directors, except for their initial election, shall be elected for a term of office to expire at the third succeeding Annual Meeting of shareholders after their election and shall continue to hold office until their respective successors are elected and qualify. However, any Director appointed between Annual Meetings of shareholders shall be appointed for a term to expire at the next Annual Meeting of shareholders and shall be elected at the next Annual Meeting of shareholders to a term to expire consistent with the classification of the Director being replaced. In the event of any increase or decrease in the number of Directors fixed by the Bylaws, all classes of Directors shall be increased or decreased as equally as possible.

Edgar Filing: F&M BANK CORP - Form DEF 14A

In 1990, the Company adopted, and the shareholders approved, Amended and Restated Articles of Incorporation. The Articles of Incorporation provide that the Company's Board of Directors be divided into three classes. Specifically, they provided for the directors in Class A to serve for an initial term of one year, the directors in Class B to serve for an initial term of two years and the directors in Class C to serve for an initial term of three years. Directors at the time were slotted into classes by alphabetical order. The directors in each class would then be elected, one class per year, for a term of three years in the future. The classes would be as equal in number as possible.

When the Board of Directors adopted the Articles of Incorporation, it was the intent of the Board to fill any vacancy (of any class) by an appointment that would be effective until the next Annual Meeting of Shareholders. Virginia law requires any newly appointed director to be approved by shareholders at the first Annual Meeting of Shareholders following his or her appointment, regardless of the class in which he or she was. It was the further intent of the Board that, at such annual meeting, the appointed Director, if renominated to the Board and elected, would serve the remaining term of office to which his predecessor had been elected, if it was not expiring at that meeting.

The changes that the Board has proposed to make to Paragraph 11 of the Articles of Incorporation maintain the concept of the three classes and otherwise do not significantly amend the Articles of Incorporation. The Amendment simply clarifies the language in Paragraph 11 to reflect more accurately the concept of a classified board and to ensure consistent interpretation. For example, one interpretation under the current language is that any newly appointed director would serve in an unidentified class for a term of only one year. The Board desires to restate this paragraph in order to make its meaning clear and in line with the intent of the Board in 1990. The specific changes that are proposed are changes to the last three sentences of Paragraph 11 and are noted as follows:

At each Annual Meeting of shareholders following ~~such the~~ initial classification and election of Directors, ~~successive~~ elections of ~~those~~ Directors whose terms are expiring, or Directors elected to succeed those Directors, except for their initial election, shall be elected for a term of office to expire at the third succeeding Annual Meeting of shareholders after their election and shall continue to hold office until their respective successors are elected and qualify. However, any Director ~~named~~ appointed between ~~any~~ Annual Meetings of shareholders shall be appointed ~~for the a term of one year to expire at the next Annual Meeting of shareholders and shall~~ be elected at the next Annual Meeting of shareholders, ~~within the alphabetical order as aforesaid~~ to a term to expire consistent with the classification of the

16

Director being replaced. In the event of any increase or decrease in the number of Directors fixed by the Bylaws, all classes of Directors shall be increased or decreased as equally as possible

Despite the insignificant nature of the changes, the Company's shareholders must approve all amendments to the Articles of Incorporation.

The Board considers the Amendment of this paragraph to be essential to good corporate governance and the continuing vitality of the Board.

The Board recommends a vote for Proposal Four.

Pre-Approval Policies

All audit related services and tax services were pre-approved by the Audit Committee, which concluded that the provision of such services by Elliott Davis, L.L.C. was compatible with the maintenance of that firm's independence in the conduct of its auditing functions. The Charter authorizes the Audit Committee to delegate to one or more of its members pre-approval authority with respect to permitted services.

Audit Committee Report

Management is responsible for the Company's internal controls, financial reporting process and compliance with laws and regulations and ethical business standards. The independent auditor is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and issuing a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes on behalf of the Board of Directors.

17

In this context, the Audit Committee has reviewed and discussed with management and the independent auditors the audited financial statements. The Audit Committee has discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (Communication with Audit Committees). In addition, the Audit Committee has received from the independent auditors the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and discussed with them their independence from the Company and its management. Moreover, the Audit Committee has considered whether the independent auditor's provision of other non-audit services to the Company is compatible with the auditor's independence.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2006, for filing with the Securities and Exchange Commission. By recommending to the Board of Directors that the audited financial statements be so included, the Audit Committee is not opining on the accuracy, completeness or fairness of the audited financial statements.
