To Our Shareholders:

NOTICE IS HEREBY GIVEN that the following action will be taken pursuant to the written consent of a majority of stockholders in lieu of a special Meeting of the stockholders of Armitec, Inc. ("Armitec") on July \_\_, 2002:

The adoption of an amended and restated Certificate of Incorporation of Armitec to, among other things, increase the number of authorized shares of common stock of Armitec from 50,000,000 to 300,000,000 shares, and to create a class of blank check preferred stock, par value \$.001, with 10,000,000 authorized shares.

The Board of Directors has fixed the close of business on April 23, 2002 as the record date for determining the stockholders entitled to notice of the foregoing.

By order of the

\_\_\_\_\_, 2002

OUTSTANDING SHARES AND VOTING RIGHTS

As of April 23, 2002, Armitec's authorized capitalization consists of 50,000,000 shares of common stock, par value \$.00167 per share. As of April 23, 2002, there were 39,828,628 shares of common stock issued and outstanding, all of which were fully paid, non-assessable and entitled to vote. Holders of common stock of Armitec have no preemptive rights to acquire or subscribe to any of the additional shares of common stock.

Each share of common stock entitles its holder to one vote on each matter submitted to the stockholders. However, because stockholders holding at least a majority of the common stock issued and outstanding as of April 23, 2002, have voted in favor of the following proposals by written consent dated April 23, 2002, and having sufficient voting power to approve the adoption of the amended and restated certificate of incorporation through their ownership of Armitec's common stock, no other shareholder consents will be solicited in connection with this Information Statement.

Pursuant to Rule 14C-2 under the Exchange Act, the proposals will not be adopted until a date at least twenty (20) days after the date on which this Information Statement has been mailed to Armitec's stockholders. As this Information Statement is being sent to the beneficial owners of the common stock on June \_\_, 2002, which is more than twenty (20) days before the effective date of the adoption of the proposal, we anticipate that the actions contemplated herein will be effected on or about the close of business on July \_\_, 2002.

Armitec has asked brokers and other custodians, nominees and fiduciaries to forward this Information Statement to the beneficial owners of the common stock held of record by such persons and will reimburse such persons for out-of-pocket expenses incurred in forwarding such material.

This Information Statement will serve as written notice to stockholders pursuant to Section 228 of the General Corporation Law of the State of Delaware.

OWNERSHIP OF SECURITIES

The following table sets forth, as of April 23, 2002, the number of shares of common stock of Armitec owned by (i) each person who is known by us to own of record or beneficially five percent (5%) or more of Armitec's outstanding shares, (ii) each director of Armitec, (iii) each of the executive officers, and (iv) all directors and executive officers of Armitec as a group. The stockholders listed in the table have sole voting and investment powers with respect to the shares indicated. Except as otherwise indicated in the table, the address of the stockholders listed below is that of the Company's principal executive office. Directors not included in the table below do not hold Armitec securities.

### AMENDMENT OF THE CERTIFICATE OF INCORPORATION OF ARMITEC

#### Background

-----  
On April 15, 2002, Armitec's Board of Directors unanimously authorized an Amended and Restated Certificate of Incorporation that, among other things, increases the number of authorized shares from 50,000,000 to 300,000,000 shares of common stock, par value \$.00167, and authorizes 10,000,000 shares of preferred stock, par value \$.001. The amendment was approved by a majority of Armitec's stockholders on April 23, 2002.

A proposed form of the Amended and Restated Certificate of Incorporation is included as Exhibit A to this Information Statement. A Certificate in substantially the form of Exhibit A will be filed with the Delaware Secretary of State on or about July \_\_, 2002.

## Edgar Filing: ARMITEC INC - Form PRE 14C

The Amended and Restated Certificate of Incorporation was proposed to the Board of Directors, and the Board of Directors has determined that the adoption of the proposed amendments will be in the best interests of Armitec.

### Reasons for the Authorized Actions

-----

The Board of Directors amended and restated the Certificate of Incorporation of Armitec in order to consolidate the various amendments that have been filed previously, and to comply with the terms and conditions of a Convertible Note Purchase Agreement dated as of April 23, 2002, which Armitec entered into with Stonestreet Limited Partnership. The Amended and Restated Certificate of Incorporation completely supercedes the existing Certificate of Incorporation, as amended.

Other than as set forth in this Information Statement, Armitec's current Certificate of Incorporation and Bylaws do not presently contain provisions having an anti-takeover effect. The amending and restating of the Certificate of Incorporation is not part of a plan by management to adopt a series of such amendments, and management does not presently intend to propose other anti-takeover measures in future proxy solicitations.

Cumulative voting for members of the Board of Directors is not provided pursuant to the current Certificate of Incorporation, the Bylaws or Delaware corporate law.

The overall effect of the amendment and restatement of the Certificate of Incorporation is to give the Board of Directors more flexibility to raise capital for the operation of the business of Armitec, and to make more difficult the accomplishment of mergers or acquisitions or the assumption of control by a principal stockholder, and thus to make more difficult the removal of management.

6

Additionally, in connection with the Convertible Note Purchase Agreement, Galt Capital Corporation agreed to pledge as security for the conversion feature of the Convertible Note, all of its shares in Armitec. Upon effectiveness of this Information Statement, the Security Agreement will terminate and Stonestreet will release the shares of Armitec owned by Galt Capital Corporation to Galt Capital Corporation. Accordingly, Sandra Davis, a member of our Board of Directors and our Secretary and the owner of 100% of the outstanding stock of Galt Capital Corporation, has an interest in the actions described herein.

Other than as described above, the directors and executive do not have any substantial interest in the matters to be acted upon.

The following is a summary comparison of the major changes to the existing Certificate of Incorporation of Armitec. This summary does not purport to be complete and is qualified in its entirety by reference to the Amended and Restated Certificate of Incorporation attached as Exhibit A to this Information Statement.

Subject Matter of Change	Current Certificate of Incorporation	Proposed Amended and Restated Certificate of Incorporation

## Edgar Filing: ARMITEC INC - Form PRE 14C

- |                       |   |  |
|-----------------------|---|--|
| 1. Authorized Capital | 50,000,000 shares of common stock, par value \$.00167 | 310,000,000 total authorized shares, consisting of 300,000,000 shares of common stock, par value \$.00167, and 10,000,000 shares of preferred stock, par value \$.001. |
|-----------------------|---|--|

Purpose: The Board of Directors believes that it is in the best interests of Armitec to increase the number of authorized shares of common stock from 50,000,000 to 300,000,000 shares of common stock and to add 10,000,000 shares of preferred stock, par value \$.001, for among other reasons, to comply with an agreement between Armitec and Stonestreet Limited Partnership ("Stonestreet"). As of April 23, 2002, Armitec had 39,828,628 shares issued and outstanding. Under terms of its Convertible Note Purchase Agreement dated April 23, 2002, with Stonestreet (the "Purchase Agreement"), Armitec agreed to reserve for issuance 3,500,000 shares of common stock issuable upon exercise of outstanding common stock purchase warrants and a sufficient number of shares for issuance upon conversion of the Convertible Note. The Convertible Note is convertible into our common stock at the lesser of \$0.07 or 70% of our average per share market value (as defined in the Convertible Note). Because of the floorless conversion feature in the Convertible Note, the number of shares into which the Convertible Note could be converted may exceed the current number of authorized but unissued shares of Armitec. Presently, Armitec would have inadequate authorized capital to issue shares upon exercise of all of the warrants and conversion of the Convertible Note, which could result in a breach of the

7

Purchase Agreement, Convertible Note and/or Warrant. Additionally, in the Purchase Agreement with Stonestreet, Armitec agreed that it would increase the number of authorized shares, and a breach of this agreement would have a material adverse effect on Armitec. The Purchase Agreement provided working capital for the growth of the business.

Furthermore, the increase in authorized shares will also benefit Armitec by allowing for the continued equity financing of Armitec during its development stage, as well as the issuance of shares of common stock as employee compensation or through other strategic relationships or joint ventures with other uniform manufacturing companies.

The newly authorized shares of common and preferred stock will be issuable at any time and from time to time by action of the Board of Directors without further authorization from Armitec's stockholders, except as otherwise required by applicable law or rules and regulations to which Armitec may be subject, to such persons and for such consideration (but not less than the par value thereof) as the Board of Directors determines. Holders of common stock of Armitec have no preemptive rights to acquire or subscribe to any of the additional shares of common stock.

The terms of any preferred stock to be issued in the future, including dividend or interest rates, conversion price, voting rights, redemption price, maturity date and other terms shall be determined by the Board of Directors without further authorization from Armitec's stockholders, except as otherwise required by applicable law or rules and regulations to which Armitec may be subject.

Effect: Issuance of additional common and preferred stock, directly or upon exercise of warrants or options, if issued, has potentially dilutive effects on

## Edgar Filing: ARMITEC INC - Form PRE 14C

each of the stockholders to the extent that any of the authorized but unissued shares are subsequently issued. The issuance of such shares of common or preferred stock (or even the potential issuance) may have a depressive effect on the market price of Armitec's securities. Moreover, an increase in the number of authorized shares would have a dilutive effect on the voting power of the outstanding common stock of Armitec. The issuance of any of the additional shares of common or preferred stock, or options to purchase shares at prices below the current market price, would also have a dilutive effect on stockholders' equity in Armitec and may thereby reduce their voting power and reduce their rights to the net assets of Armitec upon dissolution.

This also is an anti-takeover measure. The Board of Directors has exclusive discretion to issue preferred stock with rights that may trump those of common stock. Preferred stock can delay or hinder a change in control of the Board of Directors and management.

2. Nature of the Business	The provision of management, administrative and consulting services in the medical and dental fields, and to engage in any lawful act or activity for which corporations may be organized under the General Corporation Law of the State of Delaware.	To engage in any lawful act or activity for which corporations may be organized under the General Corporation Law of the State of Delaware.
---------------------------	---	---

8

Purpose: Armitec no longer provides management, administrative and consulting services in the medical and dental fields.

Effect: No material change.

3. Insolvency	A Delaware court having jurisdiction may call a meeting of creditors and/or stockholders if Armitec reaches a compromise with its creditors and/or stockholders upon its insolvency. If creditors and/or stockholders representing three-fourths in value of the creditors and/or stockholders, as applicable, agree to a compromise and to a reorganization of Armitec, the compromise or reorganization will be binding on the creditors and/or the stockholders and Armitec if the court approves the compromise or	None.

reorganization.

Purpose: This provision is not required to be included in the Certificate of Incorporation pursuant to the General Corporation Law of the State of Delaware.

Effect: Removal of this provision may eliminate the ability of Armitec, its creditors and stockholders to petition the Delaware Court of Chancery to bind all creditors and/or stockholders to a plan of reorganization which has been approved by creditors and/or stockholders representing three-fourths in value of the creditors and/or stockholders.

4. Breach of Fiduciary Duty of Director	None.	A director of Armitec shall not be liable to Armitec or its stockholders for breach of a fiduciary duty as a director, to the fullest extent permitted under Delaware law.
--	-------	--

9

Purpose: Protects the members of the Board of Directors from liability for breach of fiduciary duty to the stockholders of Armitec.

Effect: Limits the liability of members of the Board of Directors for breach of fiduciary duty. However, the General Corporation Law of the State of Delaware does not allow the elimination or limitation of liability for breach of fiduciary duty involving (i) breach of duty of loyalty to Armitec and its stockholders, (ii) acts or omissions not made in good faith involving intentional misconduct or knowing violation of the law, (iii) unlawful payment of a dividend or unlawful stock purchase or redemption, (iv) any transaction in which the director received an improper personal benefit, or (v) any act or omission occurring prior to the date the provision becomes effective.

5. Indemnification	Extends the right of indemnification to the heirs and personal representatives of a person being indemnified.	Includes the right to be paid by Armitec for expenses incurred in advance of the final disposition of the proceeding.
--------------------	---	---

Allows Armitec to purchase insurance on behalf of someone being indemnified. The right of indemnification does not exclude other rights that a person being indemnified may have.

All other indemnification rights are the same in the existing Certificate of Incorporation and the Amended and Restated Certificate of Incorporation.

## Edgar Filing: ARMITEC INC - Form PRE 14C

Purpose: Provides indemnification by Armitec to members of the Board of Directors for lawsuits or other proceedings in which the member may be involved because of his or her position as a member of the Board of Directors.

Effect: No material change because the General Corporation Law of the State of Delaware (i) provides that the right of indemnification inures to the heirs, executors and assigns of the person being indemnified, (ii) allows Armitec to pay for expenses incurred in advance of the final disposition of the proceeding, (iii) allows Armitec to purchase insurance on behalf of someone being indemnified., and (iv) provides that the right of indemnification does not exclude other rights that a person being indemnified may have

10

6. Stockholder Action by Written Consent.	None.	Stockholder action may be taken without a meeting if a written consent is signed by stockholders having voting power to cast not less than the minimum number of votes necessary to authorize an action at a meeting at which all of the shares of Armitec are present and voted.
--	-------	---

Purpose: Allows an action to be taken by the stockholders by written consent in lieu of calling a meeting of the stockholders.

Effect: There is no material change, as the General Corporation Law of the State of Delaware allows stockholder action by written consent.

7. Number of Directors	None.	The number of directors shall be at least two, the exact number to be determined from time to time by the Board of Directors.
------------------------	-------	---

Purpose: To set the number of directors which may comprise the Board of Directors.

Effect: Sets the number of directors to at least two members.

8. Term of Office of Directors	None.	Each director shall hold office until the director's successor is duly elected and qualified or until the
-----------------------------------	-------	---

## Edgar Filing: ARMITEC INC - Form PRE 14C

director's earlier death,  
resignation or removal.

Purpose: To set the term of office of each member of the Board of Directors.

Effect: No material change, as the General Corporation Law of the State of Delaware governs the term of members of the Board of Directors.

11

9. Vacancies on  
Board of Directors

None.

Vacancies on the Board of Directors and newly created directorships may be filled solely by a majority of directors then in office, even if less than a quorum, or by the sole remaining director.

This provision is also included in the Bylaws of Armitec.

Purpose: To allow the remaining members of the Board of Directors to fill vacancies on the Board of Directors created by resignation or removal of a director, or an increase in the number of members of the Board of Directors.

Effect: Allows the directors to fill vacancies on the Board of Directors. This provision provides the Board of Directors with the ability to maintain control over its membership and prevent the removal of management. This provision also allows the Board of Directors to maintain a sufficient number of members without having to request a stockholder vote to fill vacancies.

Required Vote

-----

The adoption of the above described Amended and Restated Certificate of Incorporation requires the affirmative vote of not less than a majority of the votes entitled to be cast by all shares of common stock issued and outstanding on April 23, 2002. As discussed above, of majority stockholders have approved the foregoing amendment.

No Right of Appraisal

-----

Under the General Corporation Law of the State of Delaware, the state in which Armitec is incorporated, the increase in the number of authorized shares and the creation of the preferred stock does not require Armitec to provide dissenting stockholders with a right of appraisal and Armitec will not provide stockholders with such right.
