PART I

Item 1. Business.

The following discussion contains various "forward-looking statements." All statements, other than statements of historical fact, that address activities, events or developments that the Company expects or anticipates will or may occur in the future are forward-looking statements. Examples are statements that concern future revenues, future costs, future capital expenditures, business strategy, competitive strengths, competitive weaknesses, goals, plans, references to future success or difficulties and other similar information. The words "estimate," "project," "forecast," "anticipate," "expect," "intend," "believe," and similar expressions, and discussions of strategy or intentions, are intended to identify forward-looking statements.

The forward-looking statements in this document are based on the Company's expectations and are necessarily dependent upon assumptions, estimates and data the Company believes are reasonable and accurate but may be incorrect, incomplete or imprecise. Forward-looking statements are also subject to a number of business risks and uncertainties, any of which could cause actual results to differ materially from those set forth in or implied by the forward-looking statements. These risks and uncertainties include, among others, changes in the demand for rubber and foam products, the cost of raw materials, competitive conditions in the rubber and foam industries, the relative strength of the United States dollar as against other currencies, changes in United States and international trade regulations, and the discovery of unknown conditions (such as with respect to environmental matters and similar items). Accordingly, any forward-looking statements do not purport to be predictions of future events or circumstances and may not be realized.

The Company does not undertake publicly to update or revise the forward-looking statements even if it becomes clear that any projected results will not be realized.

General Development of Business-

Vulcan International Corporation ("Vulcan", the "Company" or the "Registrant") is a Delaware holding company which is the owner of 100% of the common stock of Vulcan Corporation, a manufacturer of the products described below.

Financial Information About Industry Segments-

The sales, operating profit and identifiable assets attributable to each of the Registrant's industry segments for the three years ended December 31, 2004, are set forth in Note 12 of the Notes to Consolidated Financial Statements included under Part IV, Item 14(a)1 of this Form 10-K.

- 1 -

Narrative Description of Business-

RUBBER AND FOAM PRODUCTS-

Vulcan manufactures rubber and foam products in a 272,000 sq. ft. building located in Clarksville, Tennessee. Approximately 57% of sales of those products in 2004 were for use by shoe manufacturers in the United States. The Company is concentrating on the manufacture of rubber sheet stock and custom-mix materials for those manufacturers. The majority of the non-footwear sales of products manufactured in Clarksville were for use as sports flooring and automobile mats. The Rubber Division also manufactures foam products for sale to manufacturers for diverse uses.

Raw materials used in shoe products include high density polyethylene plastic resin is available from Phillips, Quantum, Gulf, A. Schulman, Inc. and numerous other producers; nylon is available from Allied; synthetic rubbers are available from Ameripol Synpol, Goodyear, Polysar, Goldsmith & Eggleston, Inc. and a number of other concerns; fillers for rubber products such as clay are available from W.R. Grace & Co., J.M. Huber and others; and pigments are available from Uniroyal Chemical, Akrochem Corp., Monsanto and others.

Vulcan's products are sold through its own sales force, manufacturers' agents and distributors.

BOWLING PINS-

In December 2003, the Company received an offer from Brunswick Bowling & Billiards Corporation ("Brunswick") to acquire the Company's 50% interest in the joint venture. The Company, in accordance with a buy-sell provision in its partnership agreement with Brunswick, agreed to sell its interest for \$2,000,000. Subsequently, Brunswick refused to purchase the Company's interest in the partnership unless the Company agreed to indemnify Brunswick for any claims which might be made against Brunswick in the future and to provide Brunswick with unspecified representations and warranties. The Company filed suit against Brunswick seeking to enforce the buy-sell agreement for \$2,000,000, compensatory damages of \$10,000,000 and punitive damages of \$40,000,000. On March 19, 2004 Brunswick purchased the Company's 50% interest for \$2,000,000 and also purchased the Company's bowling pin business for approximately \$720,000. In connection with the purchase, the Company also agreed to dismiss its suit against Brunswick. The Company recognized a gain on these transactions of \$1,542,852 net of tax during the first quarter 2004.

REAL ESTATE-

Vulcan has a majority interest in the upper seven floors of the ten-story Cincinnati Club Building in downtown Cincinnati, Ohio. These floors contain approximately 56,000 square feet of finished office space and approximately 32,000 square feet of unfinished and common area space. Vulcan occupies a substantial portion of the tenth floor of the building and manages the seven floors of office space. The first three floors consist of public rooms owned by a company which uses the space for public functions and a catering service. There is direct access into the building from an eight-story parking garage immediately adjacent to the Cincinnati Club Building owned and operated by the City of Cincinnati. Vulcan Corporation also owns undeveloped lands in Michigan from which it sells timber. On January 18, 2005, Vulcan purchased a four-story office building in downtown Cincinnati, Ohio. The building contains approximately 68,612 square feet of finished office space. The entire first floor is leased.

Patents, trademarks, licenses, franchises and concessions are not material factors in the business.

No major expenditures for pollution controls are anticipated in 2005. Expenditures thereafter should not be in excess of 5% of normal capital expenditures in any one year. This rate of expenditure should not have a significant effect on either the earnings or the competitive position of the Registrant or any of its subsidiaries. See Item 3 - Legal Proceedings.

The Company had entered an agreement to purchase an office building in Cincinnati, Ohio for \$3,400,000. The Company has no other commitments for capital expenditures at December 31, 2004.

The Company had 68 employees at December 31, 2004.

Financial Information About Foreign and Domestic Operations and Export Sales-

The Registrant's entire operations are within the United States. Export sales of all products are handled by ACI International, Inc., a domestic international sales corporation (DISC) which during 2004, had sales of \$24,000; net loss of \$15,900; and assets of \$1,057,700.

Item 2. Properties.

The following schedule summarizes certain information regarding buildings owned or leased by the Registrant:

<u>Location</u>	<u>Type of Ownership</u>	<u>Square Footage</u>	
Clarksville, Tennessee	Owned	272,000	Administrative offices and manufacturing of rubber soling and other rubber and foam products.
Cincinnati, Ohio	Owned	88,000	Corporate offices and leasing of office space.

- 3 -

The age of the buildings ranges from approximately 39 to 78 years. The structures are of steel, brick and concrete construction and are generally in good condition. The plant is sprinklered. Excellent transportation facilities are available for the factory and it is located on a rail siding.

Item 3. Legal Proceedings.

On March 1, 1990 the United States of America filed a complaint against the Company and others in the United States District Court for the District of Massachusetts claiming that the Company was a potentially responsible party with respect to the Re-Solve, Inc. Superfund Site in North Dartmouth, Massachusetts seeking to recover response costs incurred and to be incurred in the future in connection with this site.

The Company had accrued an estimated liability of \$5,294,949, for the judgment, accrued interest for the past costs and a discounted present value for estimated future costs in connection with the site. On September 2, 2003 the claims of the United States against the Company for past and future clean-up costs and expenses with respect to the Re-Solve, Inc. Superfund Site in North Dartmouth, Massachusetts were resolved by the docketing of a settlement agreement in the Federal District Court of Massachusetts approved by Senior Federal Judge Roger Keeton. The settlement provided that the Company pay to the U.S. Department of Justice the amount of \$3,800,000 plus interest from November 1, 2002. The total settlement of \$3,846,831 was paid on September 2, 2003 and the Company then recognized income related to the settlement of \$1,448,118. The approved settlement agreement resolves all matters involved in this case.

The Company has an interest in a partnership, CCBA, which owns certain real estate. On August 13, 1999 a complaint for money damages, in excess of \$25,000, based upon breach of fiduciary duty was filed by the other partner in the Court of Common Pleas in Hamilton County, Ohio. Essentially, the plaintiff is seeking an adjustment of the capital account balances which would result in a higher distribution of cash flow to the plaintiff. The Court of Common Pleas in Hamilton County, Ohio, in 2003, granted summary judgment in the Company's favor. On January 6, 2004, the plaintiff appealed this decision. The Court of Appeals First Appellate District of Ohio, Hamilton County upheld the decision of the Court of Common Pleas on October 8, 2004 in favor of the Company. On November 22, 2004 the plaintiff appealed this decision to the Ohio Supreme Court. The Ohio Supreme Court ruled on February 16, 2005 that they would not hear the case which ends this matter.

CCBA appealed a real estate tax assessment from 1999 that had increased the annual real estate tax and was granted a revision. During 2001, the local school board appealed the revision and CCBA received a \$96,000 refund of the additional tax paid in 1999. In 2003 the Ohio Board of Tax Appeals ruled in favor of CCBA. The school board had appealed that ruling to the Ohio Supreme Court. A settlement agreement and dismissal of the suit was reached in May, 2004. CCBA had recorded a liability of approximately \$145,500 related to this issue based on the revised value asserted by the local school board. CCBA agreed to pay \$15,500 in connection with this settlement. The reversal of this liability resulted in recognition of \$130,000 income in 2004.

Item 4. Submission of Matters to a Vote of Security Holders.

There were no matters submitted to a vote of security holders through the solicitation of proxies or otherwise during the fourth quarter of the year ended December 31, 2004, that require disclosure under this item.

PART II

Item 5. Market for Registrant's Common Equity and Related Stockholder Matters.

The common stock of Vulcan International Corporation is listed and traded on the American Stock Exchange. There were approximately 264 shareholders of record as of December 31, 2004. The high and low sales price and the dividends paid for each quarterly period within the two most recent years were as follows:

	<u>High</u>	<u>Low</u>	<u>Dividend</u>
2004			
First Quarter	\$ 45.00	43.25	0.05
Second Quarter	47.40	43.10	0.05

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations.

The information required by this item is incorporated by reference to the 2004 Annual Report to Shareholders.

Item 7A. Quantitative and Qualitative Disclosures About Market Risk.

The Company's market risk primarily is represented by the risk of changes in the value of marketable equity securities caused by fluctuations in equity prices. Marketable securities, at December 31, 2004, are recorded at a fair value of approximately \$76,663,000, including net unrealized gains of \$70,519,760 and a net unrealized loss of \$9,655. Marketable securities have exposure to price risk. The Company's available for sale marketable securities, at fair value, are invested as follows; 81% in two financial institutions located in the Midwestern and Eastern United States, 18% in twelve communication and utility companies and 1% in other industries. The estimated potential loss in fair value resulting from a hypothetical 10% decrease in prices quoted by the stock exchange is \$7,666,300.

Item 8. Financial Statements and Supplementary Data.

The consolidated financial statements required by this item are included under Part IV, Item 14(a)1 of this Form 10-K.

Item 9. Changes in and Disagreements with Accountants on Accounting and Financial

Disclosure.

None.

Item 9A. Control and Procedures

(a) Evaluation of Disclosure Controls and Procedures.

The Company's principal executive officer and its principal financial officer, after evaluating the effectiveness of the Company's disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)), have concluded that, as of December 31, 2004, the Company's disclosure controls and procedures were adequate and effective to ensure that material information relating to the Company and its consolidated subsidiaries would be made known to them by others within those entities.

(b) Changes in Internal Controls.

There were no significant changes in the Company's internal controls or in other factors that could significantly affect the Company's disclosure controls and procedures subsequent to the date of their evaluation, nor were there any significant deficiencies or material weaknesses in the Company's internal controls. As a result, no corrective actions were required or undertaken.

Item 9B. Other Information

None

PART III

Item 10. Directors and Executive Officers of the Registrant.

Identification of Directors-

The information required by this item is incorporated herein by reference to the Registrant's Proxy Statement under the headings "Election of Directors", "Executive Officers" and "Section 16(a) Beneficial Ownership Reported Compliance", dated April 8, 2005, in connection with its Annual Meeting to be held May 11, 2005.

Identification of Executive Officers-

<u>NAME</u>	<u>AGE</u>	<u>POSITION AND TIME IN OFFICE</u>
Benjamin Gettler	79	President since November 1988; Chairman of The Board since June, 1990; Director since 1960.
Vernon E. Bachman	67	Vice President and Treasurer since November 1991; Secretary since 1973.

There are no family relationships among the officers listed and there are no arrangements or understandings pursuant to which any of them were elected as officers.

The officers are elected annually and serve at the pleasure of the Board of Directors. There have been no events under any bankruptcy act, no criminal proceedings and no judgments or injunctions material to the evaluation of the ability and integrity of any director or executive officer during the past five years.

Item 11. Executive Compensation.

The information required by this Item is incorporated herein by reference to the Registrant's proxy statement dated April 8, 2005, in connection with its annual meeting to be held May 11, 2005 under the heading "Management Compensation."

Item 12. Security Ownership of Certain Beneficial Owners and Management.

Any person after acquiring directly or indirectly the beneficial ownership of more than 5 percent of the Registrant's common stock is required to send to the Registrant at its principal executive office, by registered or certified mail, and to each exchange where the stock is traded and filed with the SEC, a statement containing information required by Schedule 13D or 13G, as appropriate. If any material change occurs in the facts set forth in the statement filed, the shareholder is required to file an appropriate amendment with each party with whom the original schedules were filed.

Other information required by this item is incorporated herein by reference from the Registrant's proxy statement dated April 8, 2005, in connection with its annual meeting to be held May 11, 2005 under the heading "Voting Securities and Principal Holders Thereof".

Item 13. Certain Relationships and Related Transactions.

The information required by this Item is incorporated herein by reference from the Registrant's Proxy Statement dated April 8, 2005, in connection with its Annual Meeting to be held May 11, 2005, under the heading "Directors' Meetings, Committee Information, Fees and Other Director Transactions".

Item 14. Principal Accountant Fees and Services

The information required by this Item is incorporated herein by reference to the Registrant's Proxy Statement dated April 8, 2005 in connection with its annual meeting to be held May 11, 2005 under the heading "Principal Accountant Fees and Services."

PART IV

Item 15. Exhibits, Financial Statement Schedules

(a) 1. Financial Statements.

The following Consolidated Financial Statements of Vulcan International Corporation and subsidiaries are included under This item (see attached shareholders' report and proxy statement):

	Page
Report of Independent Registered Public Accounting Firm	20
Consolidated Balance Sheets at December 31, 2004 and 2003.	21
Consolidated Statements of Income for the Three Years Ended December 31, 2004.	22
Consolidated Statements of Shareholders' Equity for the Three Years Ended December 31, 2004.	23
Consolidated Statement of Cash Flows for the Three Years Ended December 31, 2004.	24
Notes to Consolidated Financial Statements for the Three Years Ended December 31, 2004.	25-45

2. Financial Statement Schedule.

Report of Independent Registered Public Accounting Firm's report on schedule.

Schedule II - Valuation and Qualifying Accounts.

All other schedules are omitted because they are not applicable, not required, or because the required information is included in the Consolidated Financial Statements or notes thereto.

Separate financial statements of the Registrant or summarized financial information concerning subsidiaries are not required.

3. Exhibits.

- 3. Registrant's Articles of Incorporation and By-Laws are incorporated herein by reference.
- 11. Statement regarding computation of per share earnings is incorporated herein by reference to Registrant's 2004 Annual Report to Shareholders
- 13. Registrant's 2004 Annual Report to Shareholders is incorporated herein by reference.
- 14. Code of Ethics.
- 20. Proxy Statement dated April 8, 2005, is incorporated herein by reference.
- 21. Subsidiaries of the Registrant.
- 31.1 Certification of Benjamin Gettler pursuant to Rule 13a-14(a)/15d-14(a) of the Sarbanes-Oxley Act of 2002.
- 31.2 Certification of Vernon E. Bachman pursuant to Rule 13a-14(a)/15d-14(a) of the Sarbanes-Oxley Act of 2002.
- 32. Certification pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002.
- 99.1 Independent Auditors' Report on Schedule.
- 99.2 Valuation and Qualifying accounts.

SIGNATURES

Pursuant to the requirements of Section 13 or 15(d) of the Securities Exchange Act of 1934, the Registrant has duly caused this report to be signed on its behalf by the undersigned thereunto duly authorized.

To Our Shareholders:

The Year 2004 was once again a year of major events in the life of the Company.

On March 19, 2004, the Company completed its exit from the bowling pin business. Its 50% interest in the manufacturing Joint Venture known as Vulcan-Brunswick Bowling Pin Company, was sold to Brunswick Bowling & Billiards Corporation for \$2 million. On the same date, the Company sold its bowling pin sales business to the same company for \$716,890. Those sales resulted in a gain of \$1,542,852 net of income tax.

Late in 2004, the Company finally made substantial progress in its goal of expanding its real estate operation. It did so by concluding an agreement to purchase a four-story, 68,612 sq. ft. office building located in downtown Cincinnati for the sum of \$3,400,000. That sale was consummated on January 18, 2005. On the same date, the Company leased the first floor of its new acquisition to Hamilton County, Ohio for a period of ten years with a first-year rental of \$238,965 with yearly increases thereafter. We continue to investigate possible additional acquisitions since it continues to be our objective to expand the Company's operations in real estate management and development.

The rubber and foam business in Clarksville, Tennessee ended the year on a very disappointing note after a very promising first half of the year in which sales increased over 20%. In the last half of 2004, sales of uncured custom-mix rubber to shoe manufacturers for use in military footwear fell off drastically as a result of reduced purchases by the U.S. Defense Department from such manufacturers. The result was that for the entire Year 2004, sales at Clarksville decreased from \$7,895,291 in 2003 to \$7,182,771 in 2004 with an operating loss in 2004 of \$578,491. Those military-based sales constituted over 50% of Clarksville rubber sales volume. Such sales have not returned despite vigorous and continued efforts by its General Manager, Ed Ritter. We are currently engaged in endeavoring to find ways to reduce Clarksville costs to offset the reduced sales volume.

BENJAMIN GETTLER
Chairman of the Board
and President

- 15 -

DESCRIPTION OF BUSINESS

Vulcan International Corporation is a Delaware holding company which is the owner of 100% of the common stock of Vulcan Corporation and 100% Vulcan Property Management Co. Descriptions of each company's operations are set forth below.

RUBBER AND FOAM PRODUCTS

Vulcan manufactures rubber and foam products in a 272,000 sq. ft. building located in Clarksville, Tennessee. Over 50% of sales of products manufactured in Clarksville in 2004 were for use by shoe manufacturers in the United States. The majority of such sales were non-cured custom-mixed materials for use in military footwear. Non-footwear products manufactured in Clarksville were primarily for use by various prime manufacturers, including sports flooring, novelty items, recreational land and water vehicles and foam and custom-mix rubber for various non-footwear manufacturers.

REAL ESTATE OPERATIONS

The Company, through its operating subsidiaries, owns three major properties. Two are located in downtown Cincinnati. On January 18, 2005, the Company acquired a four-story, 68,612 sq. ft. office building in downtown Cincinnati. The first floor is subject to a ten year lease, while the remaining three floors are vacant. Company personnel, under the leadership of John Gabriel, are making vigorous efforts to lease the vacant space in the building. It also contains a lower level previously used by Procter & Gamble for training purposes. The Company owns a majority interest in the upper seven floors of the ten-story Cincinnati Club Building also located in downtown Cincinnati. These floors contain approximately 56,000 sq. ft. of finished office space and approximately 32,000 sq. ft. of unfinished and common area space. Vulcan occupies a substantial portion of the tenth floor of the building. The first three floors consist of public rooms owned by a company which uses the space for public functions and a catering service. The Company owns a third major parcel which consists of 14,000 acres of undeveloped land in the Upper

Peninsula of Michigan. Timber is harvested from that acreage and sold to a local sawmill. Company personnel is responsible for all aspects of the management of all of the real estate properties.

MANAGEMENT ANALYSIS OF RECENT YEARS

2004 COMPARED TO 2003

Sales in the first half of 2004 in the Rubber Division increased from \$3,730,941 in 2003 to \$4,468,356. In the last half of the year the situation more than reversed. Sales decreased from \$4,164,350 in 2003 to \$2,714,415 in 2004. The result was a decrease in sales for the entire year from \$7,895,291 in 2003 to \$7,182,771 in 2004. The decrease was entirely due to a drastic falloff in sales of uncured, custom-mix rubber to shoe manufacturers for use in military footwear, primarily as a result of reduced purchases by the U.S. Defense Department from such manufacturers. Sales of foam increased by \$122,254 or 11.8% of the foam sales in 2003. Over all sales decreased \$712,520 or 9% for the year 2004. The result of the foregoing is that there was a loss in the Rubber Division of \$578,491 in 2004 as compared to \$412,284 in 2003.

- 16 -

The real estate operations had an increase in operating profit of \$203,066 in 2004. Operating profit was \$465,577 in 2004 compared to \$262,511 in 2003. The increase of profit was due to two factors: (1) an increase in the timber harvesting and (2) the conclusion of litigation concerning a real estate assessment against the Cincinnati Club Building as to which the Company had recorded a liability of approximately \$130,000 which was taken into income in 2004.

On March 19, 2004 the Company completed the sale of its entire interest in the bowling pin business to Brunswick Bowling and Billiards Corporation. Pursuant to the agreement of sale, all of the operating income from manufacturing from January 1, 2003 forward became the property of Brunswick. The sale of the bowling pin division resulted in after-tax profit including capital gains of \$1,542,852 and income from discontinued operations (net of tax) of \$39,739 in 2004 compared to a loss from discontinued operations (net of tax) of \$57,217 in 2003. The sale means that Vulcan is no longer in the bowling pin business.

Net gains on the sales of assets were \$154,926 in 2004 compared to \$624,093 in 2003 excluding timber sales. In both years the gains were mainly from the sale of marketable securities. Dividends and interest (before taxes) were \$2,486,749 in 2004 compared to \$2,320,038 in 2003.

2003 COMPARED TO 2002

Sales in the Rubber Division increased from \$6,522,678 in 2002 to \$7,895,291 in 2003. During 2003, the Company's product mix continued to change with a greater emphasis on uncured custom mix. The sales of that product increased

from 58% of total net sales in 2002 to 72% of total net sales in 2003. Sales of foam did not increase due to the loss of one major customer; however, those sales were replaced

by sales to smaller customers as the Company continued to develop new foam products. The result of the foregoing is that there was a decrease in the operating loss in the Rubber Division from \$657,039 in 2002 to \$412,284 in 2003.

Sales of the Bowling Pin Division decreased from \$1,995,694 in 2002 to \$1,919,253 in 2003. The division had a loss from discontinued operations of \$57,217 net of tax in 2003 compared to income from discontinued operations of \$219,839 net of tax in 2002. As a result of accepting the sale side of a buy-sell offer from Brunswick, all of the operating income from manufacturing operations of the 50-50 partnership in Vulcan-Brunswick Bowling Pin Company from January 1, 2003 until the closing date of March 19, 2004 belong to Brunswick.

Operating profit (before taxes) in the real estate operations decreased from \$324,794 in 2002 to \$262,511 in 2003. The amount of decrease in operating profit was due to a reduction in the timber harvesting and the weak real estate market.

Net gains on the sale of assets, excluding timber sales were \$624,093 in 2003 compared to \$849,092 in 2002. In both years gains were mainly from the sale of marketable securities. Dividends and interest (before taxes) were \$2,320,038 in 2003 compared to \$2,298,876 in 2002.

2002 COMPARED TO 2001

Sales in the Rubber Division increased from \$6,129,434 in 2001 to \$6,522,678 in 2002. A decrease in sales in cured rubber shoe products and flooring was offset by a greater increase in the custom mix sales. The operating loss (before taxes) decreased from \$892,131 in 2001 to \$657,039 in 2002. The decrease in the operating loss was primarily a result of a change in the product mix and the increase in sales volume.

- 17 -

Sales of the Bowling Pin Division increased from \$1,783,318 in 2001 to \$1,995,694 in 2002. The increased production of the Joint Venture, which manufactures bowling pins, resulted in higher profits for the year and was largely responsible for the increase in operating profit. The division had income from discontinued operations of \$219,839, net of tax in 2002 compared to \$55,473, net of tax in 2001.

Operating profit (before taxes) in the real estate operations decreased from \$516,824 in 2001 to \$324,794 in 2002. The profits for 2001 included income from an adjustment of accrued real estate tax expense. The amount of real estate taxes for the years 1999, 2000 and 2001 was being appealed by the Cincinnati School Board which was seeking an increase in the amount of real estate taxes. The increase is reflected in the financial statements of the Company.

Net gains on the sale of assets excluding timber sales were \$849,092 in 2002 compared to \$2,011,978 in 2001. In both years gains were mainly from the sale of marketable securities. Dividends and interest (before tax) were \$2,298,876 in 2002 compared to \$2,287,609 in 2001.

FINANCIAL POSITION, LIQUIDITY AND CAPITAL COMMITMENTS

The Company's cash requirements in 2004 were funded by its cash flow and proceeds from the sales of the bowling pin business and other assets. The working capital increased \$2,777,882 during the current year. The increase in working capital was mainly a result of the increased value of marketable securities and a decrease in short term borrowing. Capital expenditures were \$466,131 compared to total depreciation and amortization of \$382,016.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors

Vulcan International Corporation

Wilmington, Delaware

We have audited the accompanying consolidated balance sheets of Vulcan International Corporation (a Delaware Corporation) and subsidiaries as of December 31, 2004 and 2003, and the related consolidated statements of income, shareholders' equity and cash flows for each of the three years in the period ended December 31, 2004. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Vulcan International Corporation and subsidiaries as of December 31, 2004 and 2003, and the results of their operations and their cash flows for each of the three years in the period ended December 31, 2004, in conformity with U.S. generally accepted accounting principles.

VULCAN INTERNATIONAL CORPORATION AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2004

NOTE 1 -

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

It is the policy of the Company to employ U.S. generally accepted accounting principles in the preparation of its financial statements. A summary of the Company's significant accounting policies follows:

ACCOUNTING ESTIMATES-

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

BASIS OF CONSOLIDATION-

The consolidated financial statements include the accounts of Vulcan International Corporation, its wholly-owned subsidiary companies and its majority-owned partnership. Intercompany accounts and transactions have been eliminated in consolidation.

MINORITY INTEREST-

Cincinnati Club Building Associates (CCBA) was formed in 1993 for the purchase of certain commercial property in Cincinnati, Ohio. The Company's corporate offices are located in a portion of the property with the remainder available for leasing. The Company's consolidated financial statements include 100% of the assets, liabilities and income, or loss, of CCBA. The minority owner's 2.5% interest in CCBA is reflected as a minority interest in

partnership and a minority interest in (income) of partnership in the respective consolidated balance sheets and consolidated statements of income.

CASH EQUIVALENTS-

The Company considers all time deposits, certificates of deposit and other highly liquid investments purchased with original maturities of three months or less to be cash equivalents.

MARKETABLE SECURITIES-

Marketable securities are classified as securities available-for-sale and, accordingly, are recorded at fair market value.

Marketable securities available for current operations are classified as current assets while securities held for non-current uses are classified as long-term assets. Dividends and interest are recorded in income when earned.

Unrealized holding gains and losses, net of deferred tax, are included as a component of shareholders' equity until realized. In computing realized gain or loss on the sale of marketable securities, the cost of securities sold is determined by the specific identification method.

NOTE 1 -

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Declines in the fair value of individual available-for-sale securities below their cost that are other than temporary result in write-downs of the individual securities to their fair value. The related write-downs are included in earnings as realized losses. In estimating other-than-temporary impairment losses, management considers (1) the length of time and the extent to which the fair value has been less than cost, (2) the financial condition and near-term prospects of the issuer, and (3) the intent and ability of the Company to retain its investment for a period of time sufficient to allow for any anticipated recovery in fair value.

RECEIVABLES AND CREDIT POLICIES-

Accounts receivable are uncollateralized customer obligations due under normal trade terms requiring payment within 30 to 90 days from the invoice date depending on the product purchased and the customer's creditworthiness. Accounts receivable are stated at the amount billed to the customer plus any accrued and unpaid interest. Customer account balances with invoices dated over 90 days old are considered delinquent. The Company has the option of charging interest monthly on past due unpaid accounts receivable. Payments of accounts receivable are allocated to the specific invoices identified on the customer's remittance advice or, if unspecified, are applied as credits to the customer's account.

The carrying amount of accounts receivable is reduced by a valuation allowance that reflects management's best estimate of the amounts that will not be collected. Management individually reviews all accounts receivable balances that exceed 90 days from the invoice due date and, based on an assessment of current creditworthiness, estimates the portion, if any, of the balance that will not be collected. Additionally, management reviews the remaining accounts receivable and judgmentally estimates a general allowance covering those amounts, based on past experience and expected future economic conditions that might give rise to results that differ from past experience.

INVENTORIES-

Substantially all inventories are stated at cost under the last-in, first-out (LIFO) method, which is not in excess of market.

PROPERTY, PLANT AND EQUIPMENT-

Property, plant and equipment are stated at cost. The Company provides for depreciation over the estimated useful lives of the respective assets using both straight line and accelerated methods. Buildings and improvements are depreciated over 10 to 45 years, machinery and equipment over 3 to 11 years, and leasehold improvements are amortized over the lives of the leases. Timber depletion charges are based on the cost of timber cut.

INVESTMENT IN JOINT VENTURE-

In June 1990, the Company formed a joint venture (the Vulcan Brunswick Bowling Pin Company) with Brunswick Bowling and Billiards Corporation to manufacture bowling pins. The Company, through a wholly-owned subsidiary, had an undivided 50% interest in the joint venture which was accounted for under the equity method of accounting.

Under this method, the Company recorded the investment at its original cost adjusted for 50% of the joint venture's income or loss since formation less any distributions received from the joint venture. The Company sold this investment in 2004 and also sold the remainder of its bowling pin business at that time. The sale has been reported as discontinued operations.

NOTE 1 -

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

DERIVATIVE INSTRUMENTS-

The Company has sold short-term option contracts on certain non-dividend paying securities owned by the Company in order to reduce the amount of investment in these securities and to assist in the disposition of such securities.

Option contracts are reported at their fair value as determined by quoted market prices. Gains and losses on the contracts are recorded in net gain on sale of property, equipment and investments in the statements of income.

INCOME TAXES-

Income tax provision includes the tax effects of all revenue and expense transactions included in the determination of pretax accounting income. Deferred income tax results from temporary differences in the financial statement basis and tax basis of assets and liabilities. Tax credits are recognized by a reduction of income tax expense in the periods the credits arise for tax purposes.

COMPREHENSIVE INCOME-

Other comprehensive income is reported in the statement of shareholders' equity. The Company includes unrealized gains, or losses, on its available-for-sale securities in comprehensive income and accumulated other comprehensive income.

RETIREMENT PLANS-

The Company maintains a noncontributory defined benefit pension plan for certain eligible salaried and hourly employees. Pension benefits are determined annually by consulting actuaries and are based on average compensation and years of service. Past service cost is amortized over periods not exceeding 30 years. The Company also maintains a noncontributory defined contribution pension plan for certain eligible union employees. Contributions to the plan are based upon a participant's hours of service. The qualified plans are funded annually to meet the minimum funding requirements of the Internal Revenue Code and the Employee Retirement Income Security Act of 1974.

NON-QUALIFIED STOCK OPTIONS-

Stock options are accounted for under Accounting Principles Board Opinion ("APB") No. 25, Accounting for Stock Issued to Employees and its related interpretations. Options are granted at a price equal to the market value of a common share on the day of grant, resulting in no compensation expense when the option is issued. If options are modified after issuance, the Company will recognize compensation expense under the intrinsic value method of APB No. 25. Statement of Financial Accounting Standards ("SFAS") No. 123, Accounting for Stock-Based Compensation prescribes the recognition of compensation expense based on the fair value of options determined on the grant date. The pro forma disclosures required by SFAS No. 123 are presented in Note 6.

SHIPPING AND HANDLING COSTS-

Shipping and handling costs are included in cost of sales.

ADVERTISING COSTS-

Advertising costs are generally expensed as incurred.

NOTE 1 -

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

NET INCOME PER SHARE-

Net income per share of common stock outstanding is computed on the basis of the weighted average number of common shares outstanding during each year. Diluted earnings per share includes the effect of stock options outstanding during the year.

INTANGIBLE ASSETS-

The Company adopted SFAS No. 142, "Goodwill and Other Intangible Assets" effective January 1, 2002. Accordingly, the Company discontinued the amortization of goodwill and evaluates goodwill for potential impairment annually.

RECENT ACCOUNTING PRONOUNCEMENTS-

The Financial Accounting Standards Board has issued SFAS No. 151, Amendment of ARB 43 on Inventory Costs, effective after June 15, 2005; SFAS No. 152, Accounting for Real Estate Time-Sharing Transactions an amendment of SFAS No. 66 and 67, effective after June 15, 2005; SFAS No. 153, Exchanges of Nonmonetary Assets an amendment of APB Opinion No. 29, effective after June 15, 2005; and revised SFAS No. 123, Accounting for Stock-Based Compensation, effective after December 15, 2005. These standards will not have a significant impact on the Company's financial condition or results of operation.

RECLASSIFICATIONS-

Certain amounts in the 2003 consolidated financial statements have been reclassified to conform to the 2004 presentation.

NOTE 2 -

MARKETABLE SECURITIES

The Company's investments in marketable securities have been classified as available-for-sale securities and are reported at their fair value as determined by quoted market prices as follows:

	<u>Cost</u>	Gross Unrealized <u>Gains</u>	Gross Unrealized <u>Losses</u>	Fair <u>Value</u>
<u>2004</u>	3,565,437			
Current	\$ 3,529,258	35,284,913	9,655	38,804,516
Long-term	<u>2,623,283</u>	<u>35,234,847</u>	<u>-</u>	<u>37,858,130</u>
	\$ <u>6,152,541</u>	<u>70,519,760</u>	<u>9,655</u>	<u>76,662,646</u>
 <u>2003</u>				
Current	\$ 3,565,437	34,183,094	14,268	37,734,263
Long-term	<u>2,623,283</u>	<u>33,448,712</u>	<u>-</u>	<u>36,071,995</u>
	\$ <u>6,188,720</u>	<u>67,631,806</u>	<u>14,268</u>	<u>73,806,258</u>

NOTE 2 -**MARKETABLE SECURITIES** (Continued)

Unrealized holding gains are included, net of deferred income tax of \$23,973,436 and \$22,989,963 at December 31, 2004 and 2003, respectively, as a component of shareholders' equity. Gross unrealized losses of \$9,655 consisted of one security with an unrealized loss greater than twelve months and a fair value of \$67,625 at December 31, 2004.

The Company did not recognize any losses from the write-down of securities with unrealized losses greater than twelve months.

The following summarizes gain and losses on marketable securities and call option contract activity for the years ended December 31:

	<u>2004</u>	<u>2003</u>
Realized gains from available-for-sale securities	\$ 155,988	432,068
Gross proceeds from sale of available-for-sale securities	192,129	561,697
Net realized and unrealized gains from call option contracts	34,555	192,667
Gross proceeds from call option contracts	42,935	136,922

The Company's marketable securities, at fair market value, are invested as follows: 81% in two financial institutions located in the Midwestern and eastern United States, 18% in twelve communication and utility companies and 1% in other industries. The Company is subject to the risk that the value of these securities may decline from the recorded fair market values.

NOTE 3 -**INVENTORIES**

Inventories at December 31, were classified as follows:

	2004	2003
Finished goods	\$ 114,846	449,619
Work in process	78,247	26,478
Raw materials	<u>340,340</u>	<u>174,813</u>
Total	\$ <u>533,433</u>	<u>650,910</u>

As indicated in Note 1, substantially all inventories are stated at cost determined under the last-in, first-out (LIFO) method. If valued at current replacement cost, inventories would have been approximately \$741,000 and \$846,000 greater than reported at December 31, 2004 and 2003, respectively.

In the years ended December 31, 2004 and 2003, inventory quantities were reduced. These reductions resulted in liquidations of LIFO inventory quantities carried at lower costs prevailing in prior years as compared with the cost of current purchases. The inventory reductions decreased 2004 and 2003 cost of sales by approximately \$104,500 and \$17,800, respectively.

NOTE 4 -

NOTES PAYABLE (Continued)

The Company maintains a revolving credit agreement with its bank that provides for borrowings of up to \$6,000,000 through October 31, 2005. Interest is payable monthly at the lesser of the federal funds rate plus 1.75% or a rate based on the Euro-Rate as determined by the bank in accordance with its usual procedures. Borrowings under the agreement were \$225,000 at December 31, 2004 and \$3,892,000 at December 31, 2003 and were secured by certain marketable equity securities.

The weighted average interest rate was 2.40% and 2.49% for the respective years ended December 31, 2004 and 2003. The interest rate at December 31, 2004 was 3.51%. Marketable securities pledged as collateral under the agreement had a market value of approximately \$28,518,000 at December 31, 2004.

The Company also maintains a revolving credit agreement with its bank, expiring October 31, 2005 that provides for additional short-term borrowings of up to \$5,000,000 at the prime rate, secured by certain real and personal property of the Company.

NOTE 5 -

LEASES

The Company leases office space to various tenants under operating leases expiring from 2004 to 2008.

The Company's basis in the property held for lease at December 31, 2004 and 2003 is as follows:

	<u>2004</u>	<u>2003</u>
Land	\$ 37,803	37,803

Edgar Filing: VULCAN INTERNATIONAL CORP - Form 10-K

Building and tenant improvements	891,282	770,249
	929,085	808,052
Less accumulated depreciation and amortization	480,993	476,413
	\$ 448,092	331,639

Minimum future rental income under noncancelable leases as of December 31, 2004, is as follows:

Year ending December 31,	
2005	\$ 364,581
2006	390,340
2007	396,724
2008	352,427
2009	165,099
Thereafter	177,527
Total	\$ 1,846,698

NOTE 6 -**EMPLOYEE BENEFIT PLANS**

The Company maintains a noncontributory defined benefit pension plan for certain eligible salaried and hourly employees. The measurement date for obligations and assets is December 31. The prepaid pension asset is included in other assets. The funded status and net pension credit recognized in the accompanying consolidated financial statements consisted of:

	<u>2004</u>	<u>2003</u>
Change in projected benefit obligation:		
Benefit obligation - January 1,	\$ 8,336,152	8,228,758
Service cost	44,648	40,569
Interest cost	499,757	514,496
Actuarial (gain) loss	187,811	221,669
Benefits paid	(670,821)	(669,340)
Projected benefit obligation December 31,	8,397,547	8,336,152
Change in plan assets:		
Fair value of plan assets January 1,	11,231,258	10,132,032
Actual return on plan assets	949,667	1,768,566
Benefits paid	(670,821)	(669,340)
Fair value of plan assets - December 31,	11,510,104	11,231,258
Funded status	3,112,557	2,895,106
Unrecognized net gain from actual experience		
different from that assumed	2,680,493	2,717,023
Prepaid pension expense December 31,	\$ 5,793,050	5,612,129
Accumulated benefit obligation	\$ 8,086,745	8,007,090

	<u>2004</u>	<u>2003</u>	<u>2002</u>
Components of net periodic			

Edgar Filing: VULCAN INTERNATIONAL CORP - Form 10-K

benefit costs:

Service cost	\$ 44,648	40,569	37,417
Interest cost	499,757	514,496	519,854
Expected return on plan			
assets	(869,939)	(782,071)	(953,947)
Recognized net actuarial			
(gain) loss	144,613	244,777	7,942
Amortization of prior service			
cost	-	20,597	20,597
Periodic pension (benefit)			
expense	\$ (180,921)	38,368	(368,137)

Weighted average assumptions used to determine benefit obligations as of December 31 were as follows:

	<u>2004</u>	<u>2003</u>
Discount rate	6.00%	6.25%
Compensation increase rate	5.00%	5.00%

NOTE 6 -**EMPLOYEE BENEFIT PLANS** (Continued)

Weighted average assumptions used to determine the net periodic benefit cost for the years ended December 31 were as follows:

	<u>2004</u>	<u>2003</u>
Discount rate	6.25%	6.50%
Expected long-term rate of return on plan assets	8.00%	8.00%
Compensation increase rate	5.00%	5.00%
Average remaining service period	11 years	11 years

The basis of the long-term rate of return assumption reflects the Plan's current asset mix of approximately 30% debt securities and 70% equity securities with assumed average annual returns of approximately 5% to 6% for debt securities and 10% to 12% for equity securities. It is assumed the Plan's investment portfolio will be adjusted periodically to maintain the current ratios of debt securities and equity securities. Additional consideration is given to the Plan's historical returns as well as future long range projections of investment returns for each asset category.

The Plan's weighted-average asset allocation at December 31, 2004 and 2003 by asset category are as follows:

	<u>2004</u>	<u>2003</u>
Asset Category:		
Equity securities	71%	70%
Debt securities	29%	30%
Total	100%	100%

The Company utilizes PNC Advisors Institutional Trust for investment management and as trustee. The Company has set a target allocation for the investment manager of 70% equities and 30% fixed securities. There is an acceptable variation of 5% from this target provided that such variation occurs because of market changes. Further, the Company has advised the manager that, despite such market changes, such variations should be adjusted to the basic targets within a reasonable time-frame. Equity investments are required to be in a diversified portfolio of Large Cap, Mid Cap, Small Cap and international equities.

Fixed income investments must be investment grade.

The Company does not expect to make a contribution to the defined benefit pension plan during the year ending December 31, 2005.

NOTE 6 -**EMPLOYEE BENEFIT PLANS** (Continued)

The following benefit payments, which reflect expected future service, as appropriate, are expected to be paid:

Fiscal Years Ending	Expected Benefit Payments
2005	\$ 704,723
2006	708,946
2007	719,617
2008	722,977
2009	704,393
2010-2014	3,232,462

Company contributions to its defined contribution plan were \$13,500 in 2004, \$13,800 in 2003, and \$15,000 in 2002.

The Company maintains a stock option plan that provides for the granting of options to certain key employees to purchase shares of treasury stock at such price as may be determined by the Board of Directors. If the employee voluntarily leaves the Company within two years of exercising a stock option, for reasons other than death or disability, the Company may, at its option, reacquire the employee's stock at the original exercise price within three months of the employee's termination.

In November 2001, the Company's Board of Directors ratified a December 1999 resolution of its executive committee making treasury shares available for purchase by directors, including directors of wholly-owned subsidiaries, at the lowest price for which a sale is made on the date of exercise up to a maximum of 25,000 shares per year. Shares purchased under this policy may not be transferred for a period of six months to anyone other than the Company, another director, or in the event of the death of the director, to the director's estate. The resolution provided for said policy to continue until rescinded by the Board of Directors. In 2004 and 2003 no shares were purchased by directors and in 2002 one director purchased 500 shares.

In 2001 the Company's Stock Option Committee granted options to the President of the Company to purchase not more than 50,000 shares of treasury stock at \$37.24 per share. These options expire in 2008. In 2003 the options were modified to decrease the option exercise price to \$33.20 per share. The closing price of the stock on December 31, 2004 was \$47.15. As a result, the Company accrued a liability of \$697,500 at December 31, 2004 for additional compensation expense and recognized expense of \$170,000 related to the stock options in 2004 and \$527,500 related to the stock options in 2003. No options were exercised under this grant during 2003 or 2004.

The Company applies APB No. 25 and related interpretations in accounting for stock options. Had compensation expense for the stock options been determined based on the fair value at the grant or modification dates in accordance with SFAS No. 123, the Company's net income and earnings per share would have been adjusted to the pro forma amounts as follows:

- 33 -

NOTE 6 -**EMPLOYEE BENEFIT PLANS** (Continued)

	<u>2004</u>	<u>2003</u>	<u>2002</u>
Net income, as reported	\$ 3,058,253	2,471,765	2,247,227
Add: Stock-option-based employee compensation expense included in reported net income, net of related tax effects	112,200	348,150	-
Deduct: Total stock-option-based Employee compensation expense Determined under fair value based Method, net of related tax effects	-	(162,096)	-
Pro forma net income	\$ 3,170,453	2,657,819	2,247,227
Earnings per share:			
As reported			
Basic	\$3.05	2.46	2.07
Diluted	3.02	2.46	2.07
Pro forma			
Basic	3.16	2.65	2.07
Diluted	3.13	2.65	2.07

The fair value was estimated at the date of the grant modification using a Black-Scholes option pricing model. Pricing model assumptions for 2003 and 2001 respectively, assumed a dividend yield of .6% and 2.15%; expected volatility of 16.1% and 15.2%; risk-free interest rates of 2.75% and 2.81%; and expected lives of 5.5 years and 3 years.

In December 2004 and 2003, the Compensation Committee awarded the President of the Company 2,000 shares of common stock, valued at \$87,520 and \$81,000, respectively, as additional compensation for his services.

NOTE 7 -

DISCONTINUED OPERATIONS

In December 2003, the Company received an offer from Brunswick Bowling & Billiards Corporation (Brunswick) to acquire the Company s 50% interest in the joint venture. The Company, in accordance with a buy-sell provision in its partnership agreement with Brunswick, agreed to sell its interest for \$2,000,000. On March 19, 2004 Brunswick purchased the Company s 50% interest for \$2,000,000 and also purchased the Company s bowling pin business for approximately \$720,000. The Company recognized a gain on

these transactions of approximately \$2,172,000 during the first quarter 2004. The gain has been reported as a gain on sale of discontinued operations in 2004.

NOTE 7 -**DISCONTINUED OPERATIONS** (Continued)

The assets of the discontinued operations consisted of the following:

Accounts receivable	\$	326,721
Inventory		<u>373,513</u>
Assets of discontinued operations in		
current assets		700,234
Investment in Joint Venture		<u>37,894</u>
Total	\$	<u>738,128</u>

Net sales and income (loss) from discontinued operations were as follows:

	2004	2003	2002
Net sales	\$ 400,217	1,919,253	1,995,694
Cost of sales	284,685	1,801,546	1,767,176
General and administrative	<u>60,193</u>	<u>235,836</u>	<u>254,035</u>
	55,339	(118,129)	(25,517)
Joint venture income	-	17,090	351,795
Loss on sale of assets	=	<u>(674)</u>	=
Income (loss) before income tax	55,339	(101,713)	326,278
Income tax (benefit) expense	<u>15,600</u>	<u>(44,496)</u>	<u>106,439</u>
Income (loss) from discontinued			
operations	\$ <u>39,739</u>	<u>(57,217)</u>	<u>219,839</u>

NOTE 8 -

INCOME TAXES

Alternative minimum tax credits may be carried forward indefinitely. In accordance with SFAS No. 109, a deferred tax liability of \$158,000 is not recognized for undistributed earnings of a subsidiary arising before 1993. These earnings will be subject to tax when distributed. During 2003 the Company generated a net operating loss of \$3,394,172 of which, \$1,713,900 is being utilized in 2004 with the remainder of \$1,680,272 expiring in 2023. In 2003, the Company had recognized a receivable of \$462,425 for expected net operating loss carrybacks to prior years. Subsequently the Company elected to carry these losses forward for use in the current year. The Company may be subject to Personal Holding Company tax in 2005.

NOTE 8 -**INCOME TAXES** (Continued)

Significant components of the Company's deferred tax liabilities and assets as of December 31 are as follows:

	2004	2003
Deferred tax liabilities:		
Excess tax depreciation	\$ 51,946	40,109
Undistributed earnings of domestic subsidiary	200,228	207,618
Other	51,608	78,970
Prepaid pension expense	1,969,637	1,908,124
Unrealized holding gains	<u>23,973,436</u>	<u>22,989,963</u>

NOTE 9 -**COMMITMENTS AND CONTINGENCIES**

The Company has an interest in a partnership, CCBA, which owns certain real estate. On August 13, 1999 a complaint for money damages, in excess of \$25,000, based upon breach of fiduciary duty was filed by the other partner in the

Court of Common Pleas in Hamilton County, Ohio. Essentially, the plaintiff sought an adjustment of the capital account balances which would result in a higher distribution of cash flow to the plaintiff. The Court of Common Pleas in Hamilton County, Ohio, in 2003, granted summary judgment in the Company's favor. On January 6, 2004, the plaintiff appealed this decision. The Court of Appeals First Appellate District of Ohio, Hamilton County, Ohio upheld the decision of the Court of Common Pleas on October 8, 2004 in favor of the Company. On November 22, 2004 the plaintiff appealed this decision to the Ohio Supreme Court. The Ohio Supreme Court ruled on February 16, 2005 that they would not hear the case which ends this matter.

CCBA appealed a real estate tax assessment from 1999 that had increased the annual real estate tax and was granted a revision. During 2001, the local school board appealed the revision and CCBA received a \$96,000 refund of the additional tax paid in 1999. In 2003 the Ohio Board of Tax Appeals ruled in favor of CCBA. The school board had appealed that ruling to the Ohio Supreme Court. A settlement agreement and dismissal of the suit was reached in May, 2004. CCBA had recorded a liability of approximately \$145,500 related to this issue based on the revised value asserted by the local school board. CCBA agreed to pay \$15,500 in connection with the settlement. The reversal of this liability resulted in recognition of \$130,000 income in 2004.

NOTE 9 -

COMMITMENTS AND CONTINGENCIES (Continued)

On March 1, 1990 the United States of America filed a complaint against the Company and others in the United States District Court for the District of Massachusetts claiming that the Company was a potentially responsible party with respect to the Re-Solve, Inc. Superfund Site in North Dartmouth, Massachusetts seeking to recover response costs incurred and to be incurred in the future in connection with this site.

The Company had accrued an estimated liability of \$5,294,949, for the judgment, accrued interest for the past costs and a discounted present value for estimated future costs in connection with the site. On September 2, 2003 the claims of the United States against the Company for past and future clean-up costs and expenses with respect to the Re-Solve, Inc. Superfund Site in North Dartmouth, Massachusetts were resolved by the docketing of a settlement agreement in the Federal District Court of Massachusetts approved by Senior Federal Judge Roger Keeton. The settlement provided that the Company pay to the U.S. Department of Justice the amount of \$3,800,000 plus interest from November 1, 2002. The total settlement of \$3,846,831 was paid on September 2, 2003 and the Company then recognized income related to the settlement of \$1,448,118 reported in environmental remediation costs. The approved settlement agreement resolves all matters involved in this case.

There may be other potential clean-up liabilities at other sites of which the Company has no specific knowledge.

At December 31, 2004 approximately 43% of the Company's labor force was subject to collective bargaining agreements which expire in October 2005.

NOTE 10 -

RELATED PARTY TRANSACTIONS

The Company utilizes the services of an attorney, for certain legal matters, who is also a director. Total fees paid to the director in connection with legal services were \$187,800, \$142,254 and \$105,006 for the respective years ended

December 31, 2004, 2003 and 2002. Accounts payable to the director for legal services were \$23,739 and \$68,132 at December 31, 2004 and 2003, respectively. The accounts payable is included in the fees paid during the respective years.

NOTE 11 -

FINANCIAL INSTRUMENTS

The carrying amounts of cash, accounts receivable, notes receivable and current liabilities approximate fair value. The fair value of marketable securities and unexpired option contracts was determined based on quoted market prices. The Company's trade account receivables that were ninety days or more past due amounted to \$92,700 and \$71,000 at December 31, 2004 and 2003, respectively. Other advances past due greater than 90 days was \$209,200 and \$196,278 at December 31, 2004 and 2003, respectively. These balances result from the operation of the CCBA building. Management believes there is adequate collateral for these advances.

NOTE 11 -

FINANCIAL INSTRUMENTS (Continued)

Financial instruments which potentially subject the Company to concentrations of credit risk are cash investments which may, at times, exceed federally insured limits, notes receivable and marketable securities. The Company places its cash investments with high-credit-quality financial institutions. The borrower's credit worthiness has been evaluated in connection with the note receivable. The Company does not believe significant concentrations of credit risk exists with respect to these financial instruments. Concentrations in marketable securities are as disclosed in Note 2.

NOTE 12 -

BUSINESS SEGMENTS

The Company's reportable segments are strategic business units that offer different products and services. They are managed separately because each business requires different technology and marketing strategies. The Company has two reportable segments: rubber and foam, and real estate operations. The rubber and foam segment produces foam products, uncured rubber and other rubber products. The estate operations segment consists of rental real estate and undeveloped real estate from which income is currently derived from the sale of timber. Total revenue by segment includes both sales to unaffiliated customers, as reported in the Company's consolidated income statement, and intersegment sales which are accounted for generally at current market prices. During 2004, the Company sold its bowling pin business and has reported the income and gain on sale as discontinued operations.

The Company sells its products principally within the United States. Sales in various foreign countries totaled \$23,991 in 2004, \$390,690 in 2003, and \$203,345 in 2002. The Company does not have assets located outside the United States.

Operating profit is total revenue less operating expenses. In computing operating profit, the following items have not been added or deducted: general corporate expenses, interest expense, federal and state income taxes, dividend and interest income and nonrecurring gains or losses realized on the sale of property, equipment and marketable securities. Revenue from timber sales is reported in the consolidated statement of income under gains on sale of property, equipment and investments.

Identifiable assets are reported for the Company's operations in each segment. Corporate assets consist principally of cash, marketable securities, notes receivable and prepaid pension expense. To reconcile industry information with consolidated amounts, intersegment sales of \$8,795 in 2004, \$25,852 in 2003, and \$65,423 in 2002 have been eliminated.

More than ten percent of aggregate revenues were derived from certain customers. The rubber and foam segment had sales to one customer amounting to \$1,046,000, \$1,564,000 and \$914,000 in 2004, 2003 and 2002, respectively and sales to a second customer amounting to \$1,191,000 and \$1,274,000 in 2004 and 2003 respectively and sales to a third customer amounting to \$1,162,000 and \$1,117,000 in 2004 and 2003 respectively.
