#### **EXPLANATORY NOTE**

This Amendment No. 1 to the Annual Report on Form 10-K of Escalade, Incorporated (the "Company") amends the Company's Annual Report on Form 10-K for the fiscal year ended December 25, 2010, originally filed with the Securities and Exchange Commission on March 1, 2011 (the "Original Filing"). The Company is filing this Amendment No. 1 for the sole purpose of revising Note 6 – Equity Interest Investments, included in Part IV, Item 15 – Exhibits, Financial Statement Schedules, regarding Stiga Sports AB (Stiga). Note 6 has been revised to eliminate references to Rule 3-09 of Regulation S-X, which Rule is not applicable to the Company as a smaller reporting company. Stiga is a significant equity investee of the Company pursuant to Rule 8-03(b)(3) of Regulation S-X which requires only summarized financial information to be provided with respect to significant equity investees of smaller reporting companies. Therefore, audited financial statements for Stiga are not required to be included in the Company's Form 10-K in accordance with Rule 8-03(b)(3) nor would such audited financial statements be material to investors. In addition, in connection with the filing of this Amendment No. 1 and pursuant to SEC rules, the Company is including with this Amendment No. 1 certain currently dated certifications and consents.

Except as described above, this Amendment No. 1 does not amend any other information set forth in the Original Filing and the Company has not updated disclosures included therein to reflect any events that may have occurred subsequent to March 1, 2011, the date of the Original Filing. The filing of this Amendment No. 1 is not a representation that any statements contained in the Company's Form 10-K are true and complete as of any date other than the date of the Original Filing.

Note 1 — Nature of Operations and Summary of Significant Accounting Policies

## Nature of Operations

Escalade, Incorporated and its wholly owned subsidiaries (the "Company") are engaged in the manufacture and sale of sporting goods and information security and print finishing products. The Company is headquartered in Evansville, Indiana and has manufacturing facilities in the United States of America, Mexico and Germany. The Company sells products to customers throughout the world.

## Principles of Consolidation

The consolidated financial statements include the accounts of Escalade, Incorporated and its wholly-owned subsidiaries. All material inter-company accounts and transactions have been eliminated.

#### **Basis of Presentation**

The consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP). The books and records of Subsidiaries located in foreign countries are maintained according to generally accepted accounting principles in those countries. Upon consolidation, the Company evaluates the differences in accounting principles and determines whether adjustments are necessary to convert the foreign financial statements to the accounting principles upon which the consolidated financial statements are based. As a result of this evaluation no material adjustments were identified.

#### Fiscal Year End

The Company's fiscal year is a 52 or 53 week period ending on the last Saturday in December. Fiscal 2010, 2009 and 2008 were 52 weeks long ending on December 25, 2010, December 26, 2009 and December 27, 2008 respectively.

#### Cash and Cash Equivalents

Highly liquid financial instruments with insignificant interest rate risk and with original maturities of three months or less are classified as cash and cash equivalents.

#### Accounts Receivable

Revenue from the sale of the Company's products is recognized as products are shipped to customers and accounts receivable are stated at the amount billed to customers. Interest and late charges billed to customers are not material and because collection is uncertain, are not recognized until collected and are therefore not included in accounts receivable. The Company does not offer the right of return on any of its sales and the Company does not engage in consignment or contingency sales. The Company provides an allowance for doubtful accounts which is described in Note 2 – Certain Significant Estimates.

#### **Inventories**

Inventory cost is computed on a currently adjusted standard cost basis (which approximates actual cost on a current average or first-in, first-out basis). Work in process and finished goods inventory are determined to be saleable based on a demand forecast within a specific time horizon, generally one year or less. Inventory in excess of saleable amounts is reserved, and the remaining inventory is valued at the lower cost or market. This inventory valuation reserve totaled \$1.8 million and \$3.2 million at fiscal year-end 2010 and 2009, respectively. Inventories, net of the valuation reserve, at fiscal year-ends were as follows:

In Thousands	2010	2009
Raw materials	\$5,973	\$6,357
Work in process	2,497	1,142

Finished goods	14,418	13,406
	\$22,888	\$20,905

## Property, Plant and Equipment

Property, plant and equipment are recorded at cost. Depreciation and amortization are computed for financial reporting purposes principally using the straight-line method over the following estimated useful lives: buildings, 20-30 years; leasehold improvements, term of the lease; machinery and equipment, 5-15 years; and tooling, dies and molds, 2-4 years. Property, plant and equipment consist of the following:
