Item 1.01 Entry into a Material Definitive Agreement.

On January 19, 2010, St. Bernard Software, Inc., a Delaware corporation (the “Company”), and Louis E. Ryan entered into an Amendment to Employment Agreement (the “Amendment”).

The Amendment, which amends the January 15, 2009 Employment Agreement between the Company and Louis E. Ryan, has an effective date of January 1, 2010. Pursuant to the terms of the Amendment, Mr. Ryan is entitled to receive payments of \$11,458 (before deductions made at Employee's request, if any, and deductions required by federal, state and local law) twice per month, which is an increase from his previous monthly base salary. Additionally, Mr. Ryan is entitled to receive a quarterly performance bonus (if any), not to exceed \$50,000 in the aggregate, based on specific performance targets set forth in the bonus plan established by the Board of Directors, which is a decrease from his previous quarterly performance bonus. The Company will also grant Mr. Ryan 100,000 non-qualified stock options to vest over a three (3) year period with one third (1/3) vesting on the first anniversary of the date of the grant and the remainder two thirds (2/3) vesting over the remaining two (2) years on a monthly basis thereafter (such shares to vest on the first day of each month thereafter until such shares are vested in full). The Amendment extends the Employment Agreement to December 31, 2010, after which the Mr. Ryan's employment shall continue on an “at-will” basis (unless the parties enter into a new contract). Starting on July 1, 2010 either party may terminate the Employment Agreement by providing the other party with thirty (30) days prior written notice.

The preceding description of the Amendment is summary in nature and does not purport to be complete. It should be read in conjunction with a review of the Amendment, and is qualified in its entirety by reference to the Amendment. The full text of the Amendment is attached as Exhibit 10.1 to this Report and is incorporated by reference herein.
