Section 16(a) of the Securities Exchange Act of 1934 requires Sonic's officers and directors, and persons who own more than ten percent of the Common Stock, to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Based solely upon a review of Forms 3 and Forms 4 furnished to us pursuant to Rule 16a-3 under the Exchange Act during our most recent fiscal year, to Sonic Foundry's knowledge, all reporting persons complied with all applicable filing requirements of Section 16(a) of the Securities Exchange Act of 1934, as amended.

Audit Committee Composition and Expert

Sonic has a standing audit committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Members of the Audit Committee are Messrs. Murphy (chair), Slayton and Wiegand, following the appointment of Messrs. Murphy and Slayton to the Board of Directors and the retirement of Mr. Kleinman in November 2017. Sonic's Board of Directors has determined that all members of Sonic's Audit Committee are "independent" as that term is used in Item 7(d)(3)(iv) of Schedule 14A under the Exchange Act and as defined under Nasdaq listing standards. The Audit Committee provides assistance to the Board in fulfilling its

oversight responsibility including: (i) internal and external financial reporting, (ii) risks and controls related to financial reporting, and (iii) the internal and external audit process. The Audit Committee is also responsible for recommending to the Board the selection of our independent public accountants and for reviewing all related party transactions. Sonic's Board of Directors has determined that, due to his experience serving in senior financial roles at several companies as well as his degree in accounting and designation as a certified public accountant, that Mr. Murphy meets the definition of audit committee financial expert as that term is defined under the rules of the Securities and Exchange Commission. The members of the Audit Committee also meet the Nasdaq Stock Market requirements regarding the financial sophistication and the financial literacy of members of the Audit Committee.

ITEM 11. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Introduction

This Compensation Discussion and Analysis describes our compensation strategy, policies, programs and practices for the executive officers identified in the Summary Compensation Table. Throughout this proxy statement, we refer to these individuals, who serve as our Chief Executive Officer, Chief Financial Officer and Executive Vice President of Sales as the “executive officers.”

The Executive Compensation Committee (“Committee”) establishes and oversees our compensation and employee benefits programs and approves the elements of total compensation for the executive officers. The day-to-day design and administration of our retirement and employee benefit programs available to our employees are handled by our Human Resources and Finance Department employees. The Committee is responsible for reviewing these programs with management and approving fundamental changes to them.

Overview and Objectives of our Executive Compensation Program

The compensation program for our executive officers is designed to attract, motivate, reward and retain highly qualified individuals who can contribute to Sonic’s growth with the ultimate objective of increasing stockholder value.

Our compensation program consists of several forms of compensation: base salary, annual bonus, long-term incentives and limited perquisites and benefits.

Base salary and annual bonus are cash-based while long-term incentives consist of stock option awards. The Committee does not have a specific allocation goal between cash and equity-based compensation or between annual and long-term incentive compensation. Instead, the Committee relies on the process described in this discussion and analysis in its determination of compensation levels and allocations for each executive officer.

The Committee established performance metrics for each of its Named Executive Officers in fiscal 2017 designed to match Company performance to the amount of incentive compensation paid to such officers following completion of the fiscal year.

The recommendations of the Chief Executive Officer play a significant role in the compensation-setting process. The Chief Executive Officer provides the Committee with an annual overall assessment of Sonic’s achievements and performance, his evaluation of individual performance and his recommendations for annual compensation and long-term incentive awards. The Committee has discretion to accept, reject or modify the Chief Executive Officer’s recommendations. The Committee determines the compensation for the Chief Executive Officer in an executive session.

Market Competitiveness

The Committee’s target is for total cash compensation to average between the 50th and 75th percentile of published compensation data derived from two sources: (i) a peer group of companies that are in our industry, competitors for key talent, or with similar financial characteristics; and (ii) published market survey data for companies within our revenue range. The peer group data was obtained from the most recently filed proxy statement of 12 publicly-traded technology companies with annual revenues ranging from approximately \$10 million to just under \$100 million;

market capitalization from approximately \$10 million to approximately \$200 million and approximately 300 employees or less. The following companies comprised the peer group for the study: Adesto Technologies, Corp, Asure Software Inc., Bsquare Corporation, Datawatch Corp., FalconStor Software Inc., GlobalSCAPE Inc., Glowpoint Inc., GSE Systems Inc., Inuvo Inc., MAM Software Group, Inc., Qumu Corporation and Smith Micro Software Company. Given competitive recruiting pressures, the Committee retains its discretion to deviate from this target under appropriate circumstances. The Committee periodically receives updates of the published compensation data.

Sonic Foundry, Inc.
Annual Report on Form 10-K/A
For the Year Ended September 30, 2017

Pay for Performance

The Committee believes that both long and short term compensation of executive officers should correlate to Sonic's overall financial performance. Incentive payouts will be larger with strong performance and smaller if Sonic's financial results decline. From time to time, extraordinary Board-approved initiatives in a fiscal year, such as a restructuring, acquisition, or divestiture, are considered by the Committee in its overall evaluation of Sonic's performance.

Peer Group Analysis

Compensation data came from a peer group of twelve public companies that we consider similar to our market for sales, or for key talent, or with similar financial or other characteristics such as number of employees. The companies in the peer group are described above.

Components of Executive Compensation

Base Salary

The Committee seeks to pay the executive officers a competitive base salary in recognition of their job responsibilities for a publicly held company. As noted above, the target compensation range for an executive's total cash compensation (salary and bonus) is between the 50th and 75th percentile of the market data reviewed by the Committee.

As part of determining annual compensation review, the Committee also considers the Chief Executive Officer's recommendation regarding individual performance as well as internal equitable considerations.

In evaluating individual performance, the Committee considers initiative, leadership, tenure, experience, skill set for the particular position, knowledge of industry and business, and execution of strategy in placing the individual within the range outlined.

The Committee considered base wage changes for Messrs. Weis, Minor and Lipps at a meeting of the Committee held on November 27, 2017. The Committee did not make any changes to the base salary of Messrs. Weis, Minor or Lipps, maintaining base wages at \$489,883, \$301,986 and \$242,811, respectively. After its review of all sources of market data as described above, the Committee believes that the base salaries and the bonuses described are within its targeted range for total cash compensation.

Annual Performance-Based Variable Compensation

The performance-based variable compensation reported for each executive officer represents compensation that was earned based on incentive plans. The following describes the methodologies used by the Compensation Committee to determine the final annual performance-based variable compensation earned by each executive officer:

Selection of Performance Metrics. For fiscal 2017, the Compensation Committee designed a short-term incentive program ("STIP") driven by four performance measures that it determined were appropriate to drive desired business behavior for the Company and would correlate positively with total shareholder return. These measures were the Company's results with respect to (1) customer billings, (2) adjusted EBITDA, (3) customer satisfaction, and (4) the officer's achievement of certain individual goals. Messrs. Weis, Minor and Lipps were included in the plan. Mr. Lipps' short term incentive plan included a separate component based solely on the level of customer billings achieved.

Establishment of Incentive Goals and Payout Approach. The Compensation Committee designed the relationship between pay and performance to ensure that desired performance would be rewarded with material payouts. Similarly, performance that did not meet the goals would reduce the performance-based variable compensation payout to as low as zero. In setting the performance levels, the Compensation Committee strived to establish challenging but achievable goals. The factors considered by the Compensation Committee in assessing the challenge inherent in the goals included:

Management's internal operating plan; and

Customer satisfaction.

Sonic Foundry, Inc.
Annual Report on Form 10-K/A
For the Year Ended September 30, 2017

Payout Based on Performance Against Goals. For fiscal 2017 the Company's performance, as evaluated by the Compensation Committee, led to the determination that none of the objectives were met with regard to financial performance of the Company and while individual goals were generally met and customer satisfaction is good, that no payout would be made with respect to non-financial objectives. Therefore, no incentives were earned under the STIP compensation plan. Total billings - based incentives paid to Mr. Lipps during fiscal 2017 was \$61,997.

Stock Options

The Committee has a long-standing practice of providing long-term incentive compensation grants to the executive officers. The Committee believes that such grants, in the form of stock options, help align our executive officers' interests with those of Sonic's stockholders. All stock options have been granted under our 1995 Stock Option Plan, the 1999 Non-Qualified Plan or the 2009 Stock Incentive Plan ("Employee Plans"). All but the 2009 Stock Incentive Plan are now terminated.

The Committee reviews option grant recommendations by the Chief Executive Officer for each executive officer, but retains full discretion to accept, reject or revise each recommendation. The Committee's policy is to grant options on the date it approves them or such other future date as the Committee may agree at the time of approval. The exercise price is determined in accordance with the terms of the Employee Plan and cannot be less than the Fair Market Value, as defined in the Plan, of Sonic's common stock. The Committee typically grants options once a year, but may grant options to newly hired executives at other times.

In making its determinations, the Committee considers the number of options or shares owned by the executive officers.

On November 27, 2017, the Committee approved awards to Messrs. Weis, Minor and Lipps of option grants, effective two days following the release of results, to purchase 92,857, 51,071 and 51,071 shares of common stock, respectively, with the strike price equal to the closing price of Sonic's stock on the date two days following release of financial results for the year ended September 30, 2017, which was \$2.49. Each grant will vest one third each on the first, second and third anniversaries of the grant.

Health and Welfare Benefits

Our officers are covered under the same health and welfare plans, including our 401(k) plan, as salaried employees.

Employment Agreements

The Company has employment agreements with Messrs. Minor and Lipps. Pursuant to such employment agreements, Messrs. Minor and Lipps receive annual base salaries subject to increase each year at the discretion of the Board of Directors. Messrs. Minor and Lipps are also entitled to incidental benefits of employment under the agreements. Each of the employment agreements provides that a cash severance payment be made upon termination, other than for cause, or upon death or disability. In each case, such cash severance is equal to the highest cash compensation paid in any of the last three fiscal years immediately prior to termination. In addition, Messrs. Minor and Lipps will receive immediate vesting of all previously unvested common stock and stock options and have the right to voluntarily terminate their employment, and receive the same severance arrangement detailed above following (i) any "person"

becoming a “beneficial” owner of stock of Sonic Foundry representing 50% or more of the total voting power of Sonic Foundry’s then outstanding stock; or, (ii) Sonic Foundry is acquired by another entity through the purchase of substantially all of its assets or securities; or (iii) Sonic Foundry is merged with another entity, consolidated with another entity or reorganized in a manner in which any “person” is or becomes a “beneficial” owner of stock of the surviving entity representing 50% or more of the total voting power of the surviving entity’s then outstanding stock; and, within two years and ninety days of any such event, Messrs. Minor or Lipps, as the case may be, is demoted without cause or his title, authority, status or responsibilities are substantially altered, their salary is reduced or the principal office is more than 50 miles outside the Madison metropolitan area. Pursuant to the employment agreements, each of Messrs. Minor and Lipps has agreed not to disclose our confidential information and not to compete against us during the term of his employment agreement and for a period of one year thereafter. Such non-compete clauses may not be enforceable, or may only be partially enforceable, in state courts of relevant jurisdictions.

Sonic Foundry, Inc.
Annual Report on Form 10-K/A
For the Year Ended September 30, 2017

The Company also has an employment agreement with Mr. Weis for his services as Chief Executive Officer and Chief Technology Officer. Pursuant to the terms of the amended and restated employment agreement, Mr. Weis will receive an annual base salary subject to increase at the discretion of the Board. Mr. Weis may also receive a performance bonus at the discretion of the Board.

The employment agreement continues in effect until terminated as set forth therein. In the event Mr. Weis's employment is terminated without cause, as defined in the employment agreement, or in the event his employment is constructively terminated, Mr. Weis will be entitled to receive, in equal bi-weekly installments over a one-year period, compensation equal to one and five hundredths (1.05) multiplied by the highest cash compensation paid to Mr. Weis in any of the last three years immediately prior to his termination. In the event of a Change of Control, as defined in the amended and restated employment agreement, Mr. Weis is entitled to terminate the agreement within one year following such Change of Control, in which event he shall be entitled to receive, in a lump sum payable within thirty days of such termination, compensation equal to two and one-tenth (2.1) multiplied by the highest cash compensation paid to Mr. Weis in any of the last three fiscal years immediately prior to his termination. In any of the above events, (i) all of Mr. Weis's unvested stock options and stock grants will vest immediately upon termination, and (ii) Mr. Weis will receive health insurance continuation as required by COBRA, salary accrued to the date of termination, and any accrued vacation pay. Mr. Weis has further agreed not to disclose the Company's proprietary information, and, until one year following the termination of his employment agreement, not to compete with the Company or solicit the Company's employees. Such non-compete clause may not be enforceable, or may be only partially enforceable, in state courts of relevant jurisdiction.

For illustrative purposes, if Sonic terminated the employment of Mr. Weis (not for cause) on September 30, 2017, Sonic would be obligated to pay \$599,275, representing 1.05 times the cash compensation paid Mr. Weis during fiscal 2016 (fiscal year with highest cash compensation in three year period preceding September 30, 2017) and \$1,198,550 if Mr. Weis elected to terminate his employment on September 30, 2017, following a change of control as defined in the employment agreement. If Sonic terminated Messrs. Minor and Lipps on September 30, 2017, (not for cause), or if Messrs. Minor and Lipps elected to terminate their employment following a demotion or alteration of duties on September 30, 2017, and a change of control as defined in the employment agreements had occurred, Sonic would be obligated to pay \$334,237 and \$329,018, respectively (based on fiscal 2016 compensation which was the fiscal year with highest cash compensation in three year period preceding September 30, 2017). In addition, any non-vested rights of Messrs. Weis, Minor and Lipps under the Employee Plans, would vest as of the date of employment termination. The value of accelerated vesting of the options under these circumstances would be \$147,000 for Mr. Weis and \$81,000 for both Messrs. Minor and Lipps.

Personal Benefits

Our executives receive a limited number of personal benefits certain of which are considered taxable income to them and which are described in the footnotes to the section of this Proxy Statement entitled "Summary Compensation Table".

Internal Revenue Code Section 162(m)

Internal Revenue Code Section 162(m) limits the ability of a public company to deduct compensation in excess of \$1 million paid annually to each of the Chief Executive Officer and each of the other executive officers named in the Summary Compensation Table. There are exemptions from this limit, including compensation that is based on the attainment of performance goals that are established by the Committee and approved by the Company stockholders.

No executive officer was affected by this limitation in fiscal 2017.

(1) The option awards in column (f) represent the aggregate grant date fair value computed in accordance with FASB ASC Topic 718 for stock options granted during the fiscal year. The assumptions and methodology used in calculating the compensation expense of the option awards are provided in Sonic's Form 10-K. See Note 1, "Accounting for Stock Based Compensation" in the Notes to the Consolidated Financial Statements in Sonic's Form 10-K. The amounts in this column represent value attributed to the awards at the date of grant and not necessarily the actual value that will be realized by the executive. There can be no assurance that the options will ever be exercised (in which case no value will be realized by the executive) or that the value on exercise will equal the ASC Topic 718 value.

(2) The amounts in column (g) represent cash bonuses which were awarded for performance during the prior fiscal year based on a pre-established formula.

(3) The amount shown under column (i) for the fiscal year 2017 includes Sonic's matching contribution under our 401(k) plan of \$7,537, \$6,676 and \$6,149 for Messrs. Weis, Minor and Lipps. Mr. Minor receives \$650 per month as a car allowance of which the taxable personal portions were \$7,150. Mr. Lipps receives a car allowance of \$700 per month of which there was no taxable personal portion. Mr. Weis received car and housing allowances totaling \$2,500 per month, of which there was no taxable personal portion.

The amount reported in column (l) represents the grant date fair value of the award following the required FASB ASC Topic 718 compensation methodology. Grant date fair value is calculated using the Lattice method. See Note 1, "Accounting for Stock Based Compensation" in the Notes to the Consolidated Financial Statements in Sonic's

(2) Form 10-K for the fiscal year ended September 30, 2017 for an explanation of the methodology and assumptions used in FASB ASC Topic 718 valuation. With respect to the option grants, there can be no assurance that the options will ever be exercised (in which case no value will be realized by the executive) or that the value on exercise will equal the FASB ASC Topic 718 value.

Sonic grants options to its executive officers under our employee stock option plans. As of September 30, 2017, options to purchase a total of 1,654,643 shares were outstanding under the plans, and options to purchase 1,008,390 shares remained available for grant thereunder.

Compensation Committee Interlocks and Insider Participation

The members of the Executive Compensation Committee of Sonic's Board of Directors for fiscal 2017 were those named in the Executive Compensation Committee Report. No member of the Committee was at any time during fiscal 2017 or at any other time an officer or employee of Sonic Foundry, Inc.

No executive officer of Sonic Foundry, Inc. has served on the board of directors or compensation committee of any other entity that has or has had one or more executive officers serving as a member of the Board of Directors of Sonic Foundry.

DIRECTORS COMPENSATION

Our directors who are not also our full-time employees, receive an annual retainer of \$20,000 in addition to a fee of \$1,500 for attendance at each meeting of the Board of Directors and \$1,000 per committee meeting attended. In addition, the chair of the Audit Committee receives an Audit Committee annual retainer of \$8,000 and the chair of the Compensation Committee receives a \$3,000 Compensation Committee annual retainer. Mr. Burish receives an annual retainer of \$35,000 as compensation for his services as Chair of the Board of Directors. The retainers earned by each director in fiscal 2017 were awarded in stock rather than in cash using a value per share calculated by reducing the closing price of the stock on the date of the 2017 annual meeting by 15%. The discount was intended to approximate the diminution in value created by restrictions on trading imposed on insiders. The total fee compensation earned by the four non-employee directors combined in Fiscal 2017 was \$213,000. When traveling from out-of-town, the members of the Board of Directors are also eligible for reimbursement for their travel expenses incurred in connection with attendance at Board meetings and Board Committee meetings. Directors who are also employees do not receive any compensation for their participation in Board or Board Committee meetings.

Pursuant to the 2008 Sonic Foundry Non-Employee Amended Directors Stock Option Plan (the "Directors Plan") we grant to each non-employee director who is reelected or who continues as a member of the Board of Directors at each annual stockholders meeting a stock option to purchase 2,000 shares of Common Stock. Further, the chair of our Audit Committee receives an additional stock option grant to purchase 500 shares of Common Stock per year pursuant to Sonic's Non-Employee Amended Directors Stock Option Plan.

The exercise price of each stock option granted was equal to the market price of Common Stock on the date the stock option was granted. Stock options issued under the Directors Plan vest fully on the first anniversary of the date of

grant and expire after ten years from date of grant. An aggregate of 150,000 shares are reserved for issuance under the Directors Plan.

If any change is made in the stock subject to the Directors Plan, or subject to any option granted thereunder, the Directors Plan and options outstanding thereunder will be appropriately adjusted as to the type(s), number of securities and price per share of stock subject to such outstanding options.

Potential Change in Control

Background Information

In or around May 2017, a Special Committee of Disinterested Directors, consisting of Brian T. Wiegand, David C. Kleinman and Frederick H. Kopko, Jr. was established to consider and negotiate acceptable terms and conditions of a possible issuance of securities to a director of the Company, namely Mark D. Burish (or a group of investors including Mr. Burish), who had expressed an interest in providing capital to the Company. From May 8, 2017 to June 6, 2017, the Special Committee met a total of nine times to discuss and consider materials received prior to such meetings (including but not limited to reports and analysis from management, market information, availability of alternative financing, form of transaction documents and other relevant information), and to negotiate terms and conditions that it believed would be fair and in the best interest of the Company and its common stockholders. On May 30, and June 8, 2017, following the recommendation of the Special Committee and the approval of the Board of Directors, with Mr. Burish abstaining, the Company sold, in a private transaction, an aggregate of 824.18 shares of Series A Preferred Stock, liquidation value \$1,000, for \$910 per share. Mr. Mark Burish, a director of the Company, purchased a total of 604.40 shares for \$550,000 in cash.

Following the transaction described above, the Special Committee was reconvened to consider and negotiate acceptable terms and conditions of a possible issuance of additional securities to Mr. Burish. From July 2017 to November 2017, the Special Committee met a total of four times to discuss and consider materials received prior to such meetings (including but not limited to reports and analysis from management, market information, availability of alternative financing, form of transaction documents and other relevant information), and to negotiate terms and conditions that it believed would be fair and in the best interest of the Company and its common stockholders. On August 23, 2017, following the recommendation of the Special Committee and the approval of the Board of Directors, with Mr. Burish abstaining, the Company entered into an agreement with Mr. Burish to sell, in a private transaction, another 1,310.88 shares of Series A Preferred Stock for \$762.85 per share in cash in two separate \$500,000 tranches, the first of which closed on August 23, 2017 and the second of which closed on November 9, 2017. The closing market price of the Company’s common stock on May 26, 2017 the business day immediately preceding the first issuance of the Series A Preferred Stock, was \$4.11 per share. The 1,915.28 shares of Series A Preferred Stock purchased by Mr. Burish in these transactions, and dividends of 189.27 shares of Series A Preferred Stock, calculated

as if each tranche of Series A Preferred Stock is converted into shares of Common Stock one year following each respective date of issuance, will be, subject to approval of this proposal, convertible into 497,528 shares of Common Stock.

On January 19, 2018, following the approval of the Board of Directors, with Mr. Burish abstaining, the Company issued to Mark Burish, for \$500,000, a \$500,000 principal amount 10.75% Convertible Secured Promissory Note. In addition, pursuant to a Subscription Agreement entered into on that same date, Mr. Burish agreed to purchase a second 10.75% Convertible Secured Promissory Note for \$500,000, at the election of the Company at any time prior to the 2018 Annual Meeting of Stockholders (each, a “Note”, and collectively, the “Notes”). Each Note will be converted, immediately following the 2018 Annual Meeting of Stockholders approving the issuance of shares of common stock underlying the shares of Series A Preferred Stock into which the Notes may be converted, into that number of shares of Series A Preferred Stock determined by dividing the principal and accrued and unpaid interest on each Note through the date of conversion by \$542.13 (the “Conversion Rate”). Assuming the 2018 Annual Meeting of Stockholders is held on May 17, 2018, the combined Notes will have a total of \$30,962 interest accrued thereon, which,

Sonic Foundry, Inc.
Annual Report on Form 10-K/A
For the Year Ended September 30, 2017

along with the principal of \$1,000,000 will therefore be convertible into approximately 1,981 shares of Series A Preferred Stock. The Conversion Rate was determined by multiplying the number \$1,000 (the liquidation value of the Series A Preferred Stock) by a factor of 0.91, reflecting a 9% discount to market price, and by further adjusting the resultant number by a factor of 0.577, which was determined by dividing the average bid price of the Company's common stock over the three business days preceding January 19, 2018 by \$4.23, which is the conversion price of the Series A Common Stock. Assuming both Notes were purchased by Mr. Burish on January 19, 2018, were immediately converted into shares of Series A Preferred Stock, and such shares were immediately converted into shares of Common Stock, each Note would have been convertible into 218,035 shares of Common Stock. The closing market price of the Company's common stock on January 18, 2018 the business day immediately preceding the issuance of the first Note, was \$2.44 per share. The Notes purchased by Mr. Burish in these transactions, with interest accruing on such Notes through May 17, 2018, and, assuming that this tranche of Series A Preferred Stock is converted into shares of Common Stock on May 17, 2019, will be convertible into 2080.62 shares of Series A Preferred Stock, which will be, subject to approval of this proposal, convertible into 491,872 shares of Common Stock.

Nasdaq Marketplace Rules

Nasdaq Marketplace Rule 5635(c) generally requires stockholder approval of any issuance of securities when a stock option or purchase plan is to be established or materially amended or other equity compensation arrangement made or materially amended, pursuant to which stock may be acquired by officers, directors, employees, or consultants. Nasdaq FAQ ID # 275 states that the issuance of common stock (or equivalents) or securities convertible into or exercisable for common stock to officers, directors, employees or consultants at a price less than the market value of the stock is considered a form of "equity compensation" and requires stockholder approval unless the issuance is part of a public offering. Nasdaq FAQ ID #275 further states that for the purpose of this Nasdaq FAQ, market value is the closing bid price immediately preceding the time the company enters into a binding agreement to issue the securities. As of the dates of each sale of each share of Series A Preferred Stock to Mr. Burish, the per share purchase price for the common shares underlying the Series A Preferred Stock was less than the market value of the Common Stock. As of the dates of the sale of the first Note to Mr. Burish, the per share purchase price for the common shares underlying the Note was less than the market value of the Common Stock.

Nasdaq Marketplace Rule 5635(b) requires an issuer to obtain stockholder approval prior to an issuance of securities that will result in a "change of control." While Nasdaq has not formally defined "change of control," Nasdaq Staff Interpretative Letters 2007-25, 2008-3 and 2008-5 provide some guidance. Pursuant to the Nasdaq Staff Interpretive Letters cited above, Nasdaq will consider several factors in determining whether a change of control will occur as a result of a transaction, the most salient of which are the post-transaction stock ownership and voting rights of the investors. Generally, if a transaction results in an investor or group of investors obtaining a 20% interest or a right to acquire that interest in the issuer on a post-transaction basis, and that ownership position would be the largest position in the issuer, the transaction may be presumed to be a change of control and should be carefully reviewed. Assuming the purchase of both Notes, the conversion of both Notes into Series A Preferred Stock at the 2018 annual meeting, the conversion of all Series A Preferred Stock into Common Stock, including dividends for one year, current common stock owned and the exercise of all outstanding common stock and warrants, Mr. Burish would have a 25.7% beneficial ownership interest in the Company, and therefore, a "change of control" could be deemed to have occurred.

Current Status of Right to Convert Series A Preferred Stock and Notes.

Pursuant to an agreement not to convert between the Company and Mark Burish, Mr. Burish waived his right to convert the Series A Preferred Stock into Common Stock until stockholder approval is obtained. Pursuant to the terms

of the 10.75% Convertible Secured Subordinated Promissory Note, the Notes may not be converted until conversion is approved by the stockholders of the Company.

In order to permit the conversion of the Series A Preferred Stock and Notes in accordance with applicable listing rules of The Nasdaq Stock Market, LLC, the Company agreed with Mr. Mark Burish to included a proposal in the annual meeting of stockholders for the purpose of obtaining stockholder approval to allow for conversion of the Notes and shares of Series A Preferred Stock into Common Stock. Pursuant to the listing rules of the Nasdaq Stock Market, LLC, the shares of Series A Preferred Stock held by Mr. Burish will not be counted towards approval of this proposal.

Description of the Agreement Not to Convert

On November 17, 2017, the Company entered into an Agreement Not to Convert with Mark D. Burish, pursuant to which Mr. Burish agreed that, until the stockholders of the Company approve the issuance by the Company of Common Stock underlying all of Mr. Burish's currently owned and to be acquired shares of Series A Preferred Stock, Mr. Burish would waive his right to convert into Common Stock all or any of the Series A Preferred Stock currently owned or to be acquired by him. The agreement of Mr. Burish to waive his right to convert all or any of his shares of Series A Preferred Stock into Common Stock will no longer be effective at such time as the stockholders of the Company approve the conversion of all of Mr. Burish's currently owned and to be acquired shares of Series A Preferred Stock. In connection therewith, the Company agreed with Mr. Burish to submit a proposal to its stockholders with respect to approval of such conversion at its next stockholders meeting.

Description of the Series A Preferred Stock

On May 30, 2017, in connection with the purchase by Mr. Burish of \$500,000 shares of Series A Preferred Stock, and in connection with the agreement by Mr. Burish that he or an assignee would, upon request of the Company, purchase an additional \$250,000 of Series A Preferred Stock, the Company created a new series of 1,000 authorized shares of preferred stock entitled 9% Cumulative Voting Convertible Preferred Stock, Series A, which became effective by filing Article Supplementary to the Articles of Incorporation of the Company with the Maryland Department of Assessments and Taxation. On August 23, 2017, in connection with the purchase by Mr. Burish of an additional \$500,000 shares of Series A Preferred Stock, and in connection with the agreement by Mr. Burish that he or an assignee would, upon request of the Company, purchase a further tranche of \$500,000 of Series A Preferred Stock, the Company increased the authorized shares of Series A Preferred Stock to 2,500, by filing Article Supplementary to the Articles of Incorporation (Series A Preferred Stock) with the Maryland Department of Assessments and Taxation. On November 21, 2017, the Company filed an additional Articles Supplementary to the Articles of Incorporation (Series A Preferred Stock) with the Maryland Department of Assessments and Taxation to decrease the voting rights of the Series A Preferred Stock from 236 to 221 votes per share, as required by the applicable rules of the Nasdaq Stock Market, LLC, which require that shares of any new class of preferred stock not vote at a higher rate, upon issuance, than the existing shares of common stock.

The shares of Series A Preferred Stock are convertible, at any time, at the option of the holder, or at any time after May 30, 2018, at the option of the Company (subject, in the case of Mr. Mark Burish, to approval of this proposal) into shares of Common Stock based on a conversion calculation equal to the Liquidation Amount of \$1,000, divided by the Conversion Price of \$4.23 per share, subject to customary anti-dilution adjustments, including in connection with stock dividends and distributions, stock splits, subdivisions and combinations.

Each holder of Series A Preferred Stock will receive monthly dividends at an annual rate of 9%, payable in additional shares of Series A Preferred Stock, based on the number of shares of Series A Preferred Stock held. Each holder of Series A Preferred Stock will vote together with the holders of common stock as a single class on all matters upon which the holders of common stock are entitled to vote, and shall have 221 votes per share, which represents the number determined by dividing the initial issuance price of the Series A Preferred Stock of \$910 by the market price of the common stock on such initial date of issuance of \$4.11, which number of votes per share is subject to adjustment in the event the Company subdivides or combines its outstanding shares of common stock. In addition, the holders of the Series A Preferred Stock will vote as a separate class with respect to any charter amendment that would alter the contract rights of the Series A Preferred Stock, as expressly set forth in the Company's charter.

Prior to obtaining stockholder approval of the conversion, the Company will not issue any shares of Common Stock to Mr. Burish upon conversion of the Series A Preferred Stock.

In the event the Company voluntarily or involuntarily liquidates, dissolves or winds up, the holders of the Series A Preferred Stock will be entitled, before any distribution or payment out of our assets may be made to or set aside for the holders of any of the junior capital stock and subject to the rights of creditors, to receive a liquidation distribution in an amount equal to \$1,000 per share.

Holders of Series A Preferred Stock will be entitled to a preferential payment of cash per share equal to \$1,000 per share, subject to the rights of creditors, upon the liquidation, dissolution or winding up of the affairs of the Company.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE

Frederick H. Kopko, Jr., a director and stockholder of Sonic Foundry, is a partner in McBreen & Kopko. Pursuant to the 2008 Non-Employee Directors Plan, Mr. Kopko was granted options to purchase 20,000 shares of Common Stock at exercise prices ranging from \$4.66 to \$14.83. During fiscal 2017, we paid the Chicago law firm of McBreen & Kopko certain compensation for legal services rendered subject to standard billing rates.

Director Independence

Through its listing requirements for companies with securities listed on the NASDAQ Capital Market, the NASDAQ Stock Market (“NASDAQ”) requires that a majority of the members of our Board be independent, as defined under NASDAQ’s rules. The NASDAQ rules have both objective tests and a subjective test for determining who is an “independent director.” The objective tests state, for example, that a director is not considered independent if he or she is an employee of the Company or has engaged in various types of business dealings with the Company. The subjective test states that an independent director must be a person who lacks a relationship that in the opinion of the Board would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. The Board has made a subjective determination as to each independent director that no relationship exists that, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making these determinations, the Board reviews information provided by the directors in an annual questionnaire with regard to each director’s business and personal activities as they relate to the Company. Based on this review and consistent with NASDAQ’s independence criteria, the Board has affirmatively determined that Mark D. Burish, Nelson A. Murphy, David F. Slayton and Brian T. Wiegand are independent.

Related Person Transaction

The Board has adopted a Related Person Transaction Policy (the “Policy”), which is a written policy governing the review and approval or ratification of Related Person Transactions, as defined in SEC rules.

Under the Policy, each of our directors and executive officers must notify the Chairman of the Audit Committee in writing of any new potential Related Person Transaction involving such person or an immediate family member. The

Audit Committee will review the relevant facts and circumstances and will approve or ratify the transaction only if it determines that the transaction is not inconsistent with, the best interests of the Company. The Related Party Transaction must then be approved by the independent directors. In determining whether to approve or ratify a Related Person Transaction, the Audit Committee and the independent directors may consider, among other things, the benefits to the Company; the impact on the director's independence (if the Related
