PROXIES

Shares represented by properly executed proxies received by us prior to the Meeting will be voted as specified thereon. If a proxy fails to specify how it is to be voted on any proposal it will be voted **FOR** the director nominees listed in this proxy statement and **FOR** the proposal to ratify the appointment of Ernst & Young LLP. If other matters come before the Meeting, the persons named on the accompanying proxy will vote in accordance with their best judgment with respect to such matters. A person giving a proxy shall have the power to revoke it at any time before it is voted by notifying our Secretary in writing or by personally withdrawing such proxy at the Meeting. With regard to election of directors, votes may be cast in favor or withheld; votes that are withheld will be excluded entirely from the vote and will

have no effect. Brokers who have not received instructions from their customers in uncontested elections may vote in the election of directors shares held in street name.

Shareholders may vote using any of the following methods:

1. **BY MAIL:** Mark, sign and date your proxy card and return it in the postage-paid envelope provided. The named proxies will vote your stock according to your directions. properly come before the meeting according to their best judgment to the same extent as the person delivering the proxy would be entitled to vote. Other than the approval of the matters above, we do not anticipate that any other matters will be raised at the meeting.

RECORD DATE

Only shareholders of record at the close of business on April 16, 2007 are entitled to vote at the Meeting. As of the record date, we had outstanding and entitled to vote 40,312,892 Class A shares of common stock and 1,001,714 Class B shares of common stock. Also outstanding as of the record date, were 29,014 shares of Series A Preferred Stock, entitled to vote based on the number of shares of Class A common stock into which such shares of Series A Preferred Stock are convertible as of the record date (or 2,525,300 shares of Class A common stock).

QUORUM AND VOTING

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of each class of our common stock entitled to vote at the Meeting, including, for the purposes of the Class A common stock vote, the presence, in person or by proxy, of holders of Series A Preferred Stock voting on the basis of the number of shares of Class A common stock into which such shares of Series A Preferred Stock are convertible as of the record date, is necessary to constitute a quorum for that particular class of common stock at the Meeting. Abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum for the transaction of business. If a quorum is not present or represented at the Meeting, the shareholders entitled to vote thereat, present in person or represented by proxy, have the power to adjourn or recess the Meeting from time to time for up to thirty (30) days without notice, other than announcement at the Meeting, until a quorum is present or represented. At such reconvened Meeting at which a quorum is present or represented, any business may be transacted which might have been transacted at the Meeting as originally noticed.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

We have two classes of common stock. Both classes of common stock are equal in all respects, except that (i) Class B common shareholders elect a simple majority of our Board of Directors and Class A common shareholders elect the remaining directors; and (ii) Class A shareholders are entitled to receive, on a per-share basis, twice the cash dividends paid on a per-share basis to Class B shareholders. Each outstanding share of common stock has one vote in all matters to be considered at the Meeting. In the election of directors, the nominees receiving the highest number of votes cast in their favor will be elected to our board, subject to the right of the Class B shareholders to elect a simple majority of the directors.

As of the record date, there were 29,014 shares of Series A Preferred Stock outstanding, entitled to vote based on the number of shares of Class A common stock into which such shares of Series A Preferred Stock are convertible as of the record date (or 2,525,300 shares of Class A common stock).

Management knows of no matters to be submitted at the Meeting with respect to which the shareholders are entitled to vote, other than the proposals described in this proxy statement. In

Table of Contents

the event other matters properly come before the Meeting, the persons named in the proxy will vote according to their best judgment.

The following table shows, as of April 16, 2007, certain information with regard to the beneficial ownership of our common stock:

by each of our executive officers and director nominees,

by all of our executive officers and director nominees as a group, and

by each person or group who is known by us to own beneficially more than 5% of our outstanding common stock.

What Constitutes Independence for non-employee Directors

Citizens determines whether a director and nominee to be a director is independent in accordance with the New York Stock Exchange (NYSE) requirements for independent directors (Section 303A of the NYSE's Listed Company Manual). In order to be considered independent, other than in his capacity as a member of the Board of Directors or any board committee, a director may not accept any consulting, advisory or other compensation fee from Citizens, and may not be an affiliated person of Citizens or any subsidiary. In addition to compliance with NYSE independence requirements, the Board is also responsible to determine affirmatively that each independent director has no other material relationship with Citizens or its affiliates or any executive officer of Citizens or his or her affiliates. A relationship will be considered material if in the judgment of the Board it would impair their effectiveness or independent judgment as a director.

Our Board of Directors has determined that directors Gage, Shelton, Timmerman, Scott and Teaff, as well as nominee for director, Dr. Sloan, are independent as set forth in the NYSE independence requirements. In addition, our Board of Directors has determined that each member of the Audit Committee and the Compensation Committee of our Board of Directors is independent in compliance with the independence requirements of the NYSE.

Your Board of Directors recommends a vote for the election of the Class A nominees. Proxies solicited by the Board of Directors will be voted for the nominees as indicated above unless instructions are given to the contrary.

MEETINGS AND COMMITTEES OF THE BOARD OF DIRECTORS

Our business affairs are conducted under the direction of our Board of Directors. The Board of Directors held three (3) meetings during 2006, at which all directors were present. We do not have an attendance policy, although our directors are expected to attend Board Meetings. The non-management directors hold regularly scheduled executive sessions in which those directors meet without management participation. The director chosen to preside at these sessions is determined on an informal basis at the time of the meeting. In addition, our Board members are encouraged to attend our annual meetings of shareholders, and all our Board members attended our 2006 Annual Meeting of Shareholders.

Nominating/Corporate Governance Functions

Our Board of Directors does not maintain a nominating/corporate governance committee with respect to (i) identifying, evaluating or recommending candidates for our Board of Directors, and (ii) shaping our corporate governance. Instead, these functions are performed by the full Board of Directors. Our Board does not maintain a nominating committee for the following reasons:

We are considered to be a controlled company since the majority of the members on our Board of Directors are elected by our Chairman, Harold E. Riley, through his beneficial ownership of all of our outstanding Class B common shares. Under NYSE rules, controlled companies are not required to maintain a nominating committee;

We are a mid-size company and we do not maintain a large number of directors as do many larger public companies; thus, we do not require a special committee whose sole purpose is to identify and evaluate a large director candidate pool or prepare corporate governance rules.

A majority of the directors on our Board of Directors are considered to be independent; thus, we believe that the nominating duties and corporate governance rules with respect to the Class A directors can be accomplished in a disinterested manner by our entire Board of Directors.

Our Board of Directors will consider a candidate for a Class A director position proposed by a shareholder. A candidate must be highly qualified in terms of business experience and be both willing and expressly interested in serving on the Board. A shareholder wishing to propose a candidate for the Board's consideration should forward the candidate's name and information about the candidate's qualifications to Citizens, Inc., Board of Directors, 400 East Anderson Lane, Austin, Texas 78752, Attn.: Mark A. Oliver. Submissions must include sufficient biographical information concerning the recommended individual, including age, employment history for at least the past five years indicating employer's names and description of the employer's business, educational background and any other biographical information that would assist the Board in determining the qualifications of the individual. The Board will consider recommendations received by a date not later than 120 calendar days before the date our proxy statement was released to shareholders in connection with the prior year's annual meeting for nomination at that annual meeting. The Board will consider nominations received beyond that date at the annual meeting subsequent to the next annual meeting.

The Board evaluates nominees for directors recommended by shareholders in the same manner in which it evaluates other nominees for directors. Minimum qualifications include the factors discussed above.

Code of Ethics

Our Board of Directors has adopted a Code of Business Conduct and Ethics (Code), which we have posted on our website located at www.citizensinc.com. You may also obtain a copy of our Code by requesting a copy in writing addressed to Citizens, Inc. at 400 East Anderson Lane, Austin, Texas 78752, Attn: Mark A. Oliver or General Counsel, or by calling us at 512-837-7100.

Table of Contents

Our Code provides general statements of our expectations regarding ethical standards that we expect our directors, officers and employees to adhere to while acting on our behalf. Among other things, the Code provides that:

We will comply with all laws, rules and regulations;

Our directors, officers and employees are to avoid conflicts of interest and are prohibited from competing with us or personally exploiting our corporate opportunities;

Our directors, officers and employees are to protect our assets and maintain our confidentiality;

We are committed to promoting values of integrity and fair dealing; and

We are committed to accurately maintaining our accounting records under generally accepted accounting principles and timely filing our periodic reports.

Our Code also contains procedures for our employees to report, anonymously or otherwise, violations of the Code.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis (CD&A)

The following Compensation Discussion and Analysis (CD&A) describes the material elements of compensation for our executive officers identified in the Summary Compensation Table on page 19 below.

Overview of the Compensation Program. As more fully described below, the Compensation Committee of the Board of Directors (the Compensation Committee), which is composed of three independent directors, has responsibility for establishing, implementing and continually monitoring adherence with our compensation philosophy for our executive officers as well as our directors. The compensation setting process consists of establishing compensation for each executive based on our long term objectives. The Compensation Committee also considers general industry practices and other factors in structuring executive compensation. We do not offer incentive based compensation, nor do we offer bonuses or stock options. Our executive compensation consists of salary and access to our qualified profit-sharing plan. The Compensation Committee seeks to ensure that executive compensation is fair, reasonable and competitive. In order to make this determination, toward the end of each calendar year, the Compensation Committee generally evaluates our performance relative to our business plan, and does the same with respect to similar companies. Additionally, each executive officer's contribution to our achievements during the year is evaluated.

Compensation Philosophy. The goal of the Compensation Committee is to ensure that we employ qualified, experienced executive officers whose financial interests are aligned with that of our shareholders. Because the Compensation Committee does not believe that a systematic pattern exists between executive compensation and performance variables, our compensation philosophy is not to motivate the right behaviors from the wrong people through a complex system of bonus incentives. Rather, our objective is to acquire and retain the right people in the first place.

Table of Contents

Compensation Performance Analysis. Harold E. Riley, our founder, was elected as our Chairman of the Board and Chief Executive Officer in 1987, although as our founder, his tenure began in 1968. In October 2000, he relinquished the position as our Chief Executive Officer, as well as his position as Chief Executive Officer to our life insurance subsidiaries, to Rick D. Riley, although he retained his position as our Chairman. However, on July 19, 2005, Mark A. Oliver, President, assumed the additional position of our Chief Executive Officer, while Rick D. Riley remained Chief Executive Officer of our life insurance subsidiaries, and remained as our Vice Chairman. In addition, on June 6, 2006, Mr. Oliver relinquished the position as our Chief Executive Officer and Harold E. Riley assumed that position. Harold E. Riley, Mark A. Oliver and Rick D. Riley have historically been, and currently are, employed by us on an at-will basis.

The Compensation Committee has conducted a thorough review of the performance of Harold E. Riley, Rick D. Riley and Mark A. Oliver for the year 2006. This review included an evaluation of the progress made by us towards the attainment of our goals and the role such persons played in our progress. The review also included a broad based comparison of salaries of senior executives of other public life insurance holding companies who are typically identified as comparable to us and the manner in which such executives are compensated.

We made progress financially in 2006 compared to 2005. Despite the impact of legislatively and judicially mandated extensions for filing claims and lawsuits, due to Hurricanes Katrina and Rita in Louisiana, the location of the operations of Security Plan Life Insurance Company, Security Plan Fire Insurance Company, and our home service business subsidiaries, we made progress financially in 2006 compared to 2005. Our 2006 net income per common share increased from \$.13 in 2005 to \$.16 in 2006, our net income grew sharply in 2006, reaching \$8.7 million, an approximately 18.8 % increase over our income in 2005 of \$7.3 million. We also experienced a 10.5% increase in premium income in 2006 over 2005.

Giving consideration to these factors, the Compensation Committee was encouraged by the progress we made during 2006, and it considers each of the above three persons to be valuable officers in implementing our goals. Therefore, it is the opinion of the Compensation Committee that annual salaries for Harold E. Riley, Rick D. Riley and Mark A. Oliver for 2007 be established at \$800,000, \$350,000, and \$325,000, respectively.

Compensation Comparables. To assist in establishing the compensation for 2007, the Compensation Committee also utilized independent sources to identify comparables within our industry. The following companies were identified as comparables: National Western Life, Erie Family Life Insurance Company, Financial Industries Corporation, Independence Holding Company, KMG America, Kentucky Investors, Inc., Security National Financial Corporation, UTG, Inc., and Cotton States Life. Compensation data found on these comparables was limited to only those individuals for whom compensation information was disclosed publicly. As a result, the data typically included only the five most highly compensated officers at each company as of their latest public filing. Generally, this correlated to the Chairman/CEO, Vice Chairman, President and the individuals who are executive vice presidents or the equivalent with us. Additional data obtained on each comparable company included total assets, debt, revenue and net income. No research was conducted to assist in establishing compensation at other levels within us.

Comparative Compensation Analysis. The overall results of the comparables study provided additional information for the Compensation Committee's final determination. As noted above, the Compensation Committee reviewed a number of factors within the comparable companies;

Table of Contents

however, the focus of attention was on base salary compensation, which consisted of salary excluding bonuses and any matching contributions to a company's 401(k) plan.

For the purposes of the comparison analysis, three comparables were selected for discussion. The Compensation Committee determined that these were the most congruent with Citizens, Inc. in relation to markets, assets, size and revenue. These comparables were: National Western Life (National Western), Financial Industries Corporation (FIC) and KMG America (KMG). Although National Western's assets and revenues are larger, it is a publicly traded insurance company in Austin, Texas with international marketing operations that are significantly similar to ours. FIC and KMG were closest to us in assets and revenue.

Based on the Compensation Committee's analysis, the 2007 compensation for Harold Riley of \$800,000, our Chairman and Chief Executive Officer, was determined to be appropriate in the determination of the Compensation Committee. This amount was significantly lower (approximately 46.4%) than the base compensation for the Chairman/CEO of National Western. This is to be expected since National Western reported assets in June 2006 of over \$6 billion and revenues close to three times that of ours. However, this amount is higher than both FIC and KMG. In the case of FIC, this amount was higher by approximately 13.7%. It should be noted, though, that FIC's last available SEC filing at the time of the Compensation Committee's review was December 31, 2003. Furthermore, FIC's Chairman/CEO also reported a bonus of \$2.5 million in 2003 (the last information available). As Harold E. Riley's recommended 2007 salary relates to KMG, this amount was significantly higher (approximately 41%) than the base compensation for its Chairman/CEO. The data for KMG was analyzed as of its June 2006 SEC filing.

In analyzing these factors, the Compensation Committee performed a subjective analysis of the averages for FIC and KMG, combined with the comparison to National Western, which suggests that \$800,000 is an appropriate compensation for our Chairman/CEO. This is particularly true when considering the fact that a significant majority of the comparable companies had targeted compensation beyond base salary. The compensation of executives in these companies included bonuses, stock options and contributions to company 401(k) plans.

The Compensation Committee followed a similar, albeit slightly less elaborate, process with respect to comparing the compensation for our other senior executives. These salaries were not objectively determined, but instead reflect the levels that the Compensation Committee concludes were appropriate based upon our compensation philosophy and their experience and tenure with us. The Compensation Committee also performed a similar analysis with respect to other senior management.

Board Process and Conclusion. The Compensation Committee's recommendations are subject to approval of the Board of Directors. Once the Board of Directors has completed its analysis, it discusses its conclusions with senior management. The Board of Directors has analyzed and discussed with senior management the recommended 2007 compensation. A similar exercise was conducted in 2006. Additionally, the Compensation Committee reviews and discusses the CD&A with our management. The Compensation Committee then recommends to the full Board of Directors that the CD&A be included in the Proxy Statement or discloses to the full Board of Directors the reasons that it cannot make such a recommendation.

CERTAIN REPORTS

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires that our directors, executive officers and persons who own more than ten percent of a registered class of our equity securities file reports of ownership and changes in ownership with the Securities and Exchange Commission. Based solely upon a review of such reports and amendments thereto furnished to us, we believe that during 2006, all reports were filed on a timely basis.

We are requesting that our shareholders ratify the appointment of Ernst & Young LLP by our Audit Committee as our registered independent public accounting firm for the fiscal year ending December 31, 2007. AUDIT COMMITTEE REPORT

Our Audit Committee reports to and acts on behalf of the Board of Directors by providing oversight of our financial management, registered independent public accounting firm and financial reporting procedures. The Audit Committee Charter was adopted in 2000. The Audit Committee Charter was updated and restated in April 2004 in order to meet the requirements of the Sarbanes-Oxley Act of 2002 and is attached to this proxy statement.

Management is responsible for preparing our financial statements and our registered independent public accounting firm is responsible for auditing those financial statements. The Audit Committee is responsible for overseeing the conduct of these activities by our management and our registered independent public accounting firm. The Audit Committee is also responsible for establishing procedures to address complaints regarding accounting, internal control or auditing issues, as well as the anonymous submission by employees of concerns regarding accounting or auditing matters. In this context, the Audit Committee has met and held discussions with management and our registered independent public accounting firm. Management represented to the Audit Committee that our consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America (GAAP), and the Audit Committee has reviewed and discussed the consolidated financial statements with management and our registered independent public accounting firm.

Dr. Richard C. Scott, the financial expert of the Audit Committee, as well as the other members of the Audit Committee, are independent directors as defined in the rules of the New York Stock Exchange. The members of the Audit Committee are not professionally engaged in the practice of auditing or accounting and are not experts in the fields of accounting or auditing, including auditor independence. The members of the Audit Committee rely without independent verification on the information provided to them and on the representations made by our management and the registered independent public accounting firm.

The Committee has discussed with KPMG LLP, our independent registered public accounting firm for our 2004 and 2005 financial statements and with Ernst & Young LLP, our independent registered public accounting firm for our 2006 financial statements, the independent registered public accounting firm s matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended, and applicable SEC Rules. In addition, our independent registered public accounting firm provided to the Audit Committee the written disclosures required by Independent Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Committee and our independent registered public accounting firm have discussed their independence from us and our management, including the matters in those written disclosures.

The Committee has discussed with our independent registered public accounting firm their evaluations of our internal accounting controls and the overall quality of our financial reporting.

In reliance on the reviews and discussions with management and our registered independent public accounting firm referred to above, the Audit Committee recommended to the Board of Directors and the Board has approved, the inclusion of the audited financial statements in our Annual Report on Form 10-K for the fiscal year ended December 31, 2006, for filing with the Securities and Exchange Commission.

Change in Accountants

(a) Dismissal of Accountant. KPMG LLP (KPMG) were previously the principal accountants for us and our subsidiaries. On March 20, 2006, that firm's appointment as principal accountants was terminated. The decision to change accountants was made by the Audit Committee of our Board of Directors.

The audit reports of KPMG on our consolidated financial statements as of and for the years ended December 31, 2005 and 2004 did not contain an adverse opinion or disclaimer of opinion, and were not qualified or modified as to uncertainty, audit scope or accounting principles. The audit reports of KPMG on management's assessment of the effectiveness of internal control over financial reporting and the effectiveness of internal control over financial reporting as of December 31, 2005 and 2004 did not contain an adverse opinion or disclaimer of opinion, and were not qualified or modified as to uncertainty, audit scope or accounting principles, except that KPMG's report indicated that we did not maintain effective internal control over financial reporting as of December 31, 2004 because of the effect of a material weakness on the achievement of the objectives of the control criteria and contained an explanatory paragraph that stated the Company's policies and procedures did not provide for adequate and effective management oversight and review of the Company's financial reporting process. Specifically, the Company did not revise its management oversight and review protocols to address changes in the qualifications of personnel performing financial reporting functions, and did not provide for effective cross-training of personnel performing financial reporting functions. As a result, numerous material errors were identified in the Company's financial statement footnotes. These errors were corrected prior to the issuance of our 2004 consolidated financial statements.

In connection with the audits of the two fiscal years ended December 31, 2005 and 2004, and the subsequent interim period through March 20, 2006, there were no: (1) disagreements with KPMG on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedures, which disagreements if not resolved to their satisfaction would have caused them to make reference in connection with their opinion to the subject matter of the disagreement, or (2) reportable events, except that KPMG advised us of the material weakness noted in the previous paragraph.

We provided KPMG with a copy of the foregoing disclosure and requested that KPMG furnish us with a letter, addressed to the Securities and Exchange Commission, stating whether or not KPMG agreed with the statements made in the disclosure, and, if not, stating the respects in which it did not agree. A copy of the letter from KPMG, dated March 23, 2006, was attached as Exhibit 16.1 to our Current Report on Form 8-K dated March 20, 2006.

Table of Contents

(b) Engagement of a New Accountant. Effective March 23, 2006 we engaged Ernst & Young LLP (E&Y) as our independent registered public accounting firm. The decision to engage E&Y was made by the Audit Committee of our Board of Directors.

OTHER BUSINESS

Should any other business come before the Meeting, and management is not aware of any at this time and does not expect any, the persons named in the proxy will vote on such business as their best judgment and discretion indicates.

ANNUAL REPORT AND OTHER MATERIAL

A copy of our 2006 Annual Report to Shareholders has been mailed under separate cover. ELECTRONIC DELIVERY OF PROXY MATERIALS AND ANNUAL REPORT

This Proxy Statement and our 2006 Annual Report are available on our website at www.citizensinc.com. Instead of receiving paper copies of next year's Proxy Statement and Annual Report in the mail, shareholders can elect to receive an e-mail message which will provide a link to these documents online. By opting to access your proxy materials online, you will save us the cost of producing and mailing documents to you, reduce the amount of mail you receive and help preserve environmental resources.

Shareholders of record may enroll in the electronic proxy and Annual Report access service for future Annual Meetings of Shareholders by registering online at www.computershare.com/US/ecomms If you vote by Internet, simply follow the prompts regarding electronic distribution consent on that site. Beneficial, or street name, shareholders who wish to enroll in electronic access service should review the information provided in the proxy materials mailed to them by their bank or stockbroker.

future Annual Reports. To do so, mark the designated box on each proxy card for which you wish to discontinue receiving an Annual Report. If you are voting by the Internet or telephone you can either follow the prompts when you vote or give us instructions to discontinue duplicate mailings of future Annual Reports. Street name shareholders who wish to discontinue receiving duplicate mailings of future Annual Reports should review the information provided in the proxy materials mailed to them by their bank or stockbroker.

SHAREHOLDER PROPOSALS

Under the rules of the SEC, if a shareholder wants us to include a proposal in our Proxy Statement and form of proxy for presentation at our 2008 Annual Meeting of Shareholders, the proposal must be received by us at our principal executive offices at 400 East Anderson Lane, Austin, Texas 78752 by January 2, 2008. The proposal should be sent to the attention of our Secretary.

The SEC also sets forth procedures under which shareholders may make proposals outside of the process described above or to introduce an item of business at an annual meeting of shareholders. These procedures require that shareholders must submit items of business in writing to our Secretary at our principal executive offices. We must receive the notice of your intention to propose an item of business at our 2008 Annual Meeting no later than 45 days in advance of the 2008 Annual Meeting if it is being held within 30 days preceding the anniversary date (June 5, 2007) of this year's meeting.

For any other meeting, the item of business must be received by the tenth day following the date of public disclosure of the date of the meeting. These requirements are separate from and in addition to the SEC's requirements described in the first paragraph of this section relating to including a proposal in our proxy statements.

Our annual meeting of shareholders is generally held on the first Tuesday in June. Assuming that our 2007 Annual Meeting is held on schedule, we must receive notice of your intention to introduce a nomination or other item of business at that meeting by April 21, 2008.

In order to curtail controversy as to the date on which a proposal was received by us, it is suggested that proponents submit their proposals by certified mail-return receipt requested. Such proposals must also meet the other requirements established by the Securities and Exchange Commission for shareholder proposals.

The Audit Committee shall discharge its responsibilities, and shall assess the information provided by the Company's management and the independent auditor, in accordance with its business judgment. Management is responsible for the preparation, presentation, and integrity of the Company's financial statements and for the appropriateness of the accounting principles and reporting policies that are used by the Company. The independent auditors are responsible for auditing the Company's financial statements and for reviewing the Company's unaudited interim financial statements. The authority and responsibilities set forth in this Charter do not reflect or create any duty or obligation of the Audit Committee to plan or conduct any audit, to determine or certify that the Company's financial statements are complete, accurate, fairly presented, or in accordance with generally accepted accounting principles or applicable law, or to guarantee the independent auditor's report.

Oversight of Independent Auditors

1. **Selection.** The Audit Committee shall be solely and directly responsible for appointing, evaluating, retaining and, when necessary, terminating the engagement of the independent auditor.  - confirm the regular rotation of the lead audit partner and reviewing partner as required by Section 203 of the Sarbanes-Oxley Act;
 - confirm that the CEO, controller, CFO, and CAO (or other persons serving in similar capacities) were not employed by the independent auditor, or if employed, did not participate in any capacity in the audit of the Company, in each case, during the one-audit-year period preceding the date of initiation of the audit, as required by Section 206 of the Sarbanes-Oxley Act; and
 - annually consider whether, in order to assure continuing auditor independence, there should be regular rotation of the independent audit firm.
4. **Quality Control Review.** Obtain and review a report from the independent auditor at least annually regarding (a) the auditor's internal quality-control procedures, (b) any material issues raised by the most recent quality-control review, or peer review, of the firm, (c) any steps taken to deal with any such issues, and (d) all relationships between the independent auditor and the Company. 5. **Compensation.** The Audit Committee shall have sole and direct responsibility for setting the compensation of the independent auditor. The Audit Committee is empowered, without further action by the Board of Directors, to cause the Company to pay the compensation of the independent auditor established by the Audit Committee. 6. **Pre-approval of Services.** The Audit Committee shall pre-approve all audit services to be provided to the Company, whether provided by the principal auditor or other firms, and all other services (review, attest and non-audit) to be provided to the Company by the independent auditor; provided, however, that de minimis non-audit services may instead be approved in accordance with applicable SEC rules.
7. **Oversight.** The independent auditor shall report directly to the Audit Committee, and the Audit Committee shall have sole and direct responsibility for overseeing the work of the independent auditor, including resolution of disagreements between Company management and the independent auditor regarding financial reporting. In connection with its oversight role, the Audit Committee shall, from time to time as appropriate, receive and consider the reports required to be made by the independent auditor regarding:
 - critical accounting policies and practices;

alternative treatments within generally accepted accounting principles for policies and practices related to material items that have been discussed with Company management, including ramifications of the use of such alternative disclosures and treatments, and the treatment preferred by the independent auditor; and

There are several routes to Buchanan Dam, Texas. This map outlines two. If you are leaving from the north side of Austin, take HWY 183 North towards Lampasas. At Seward Junction, turn left (west) on HWY 29 towards Burnet. From Seward Junction, it is 35 miles to the property entrance. Stay on HWY 29. From downtown Burnet, Buchanan Dam is approximately 12 miles. At Inks Lake bridge, you are 1 mile from the entrance to the property which is just past Buchanan Dam on your right. The entrance to the property has an iron pipe fence with white rock columns. From Mopac and 183, it is approximately 58 miles to the facility.

An alternate and more scenic route is HWY 71 (there are several ways to 71 from Austin other than IH 35). From HWY 71, take HWY 281 North towards Marble Falls. In Marble Falls, turn left on Farm Road 1431 (Pizza Hut and Shell will be on the left). Follow Farm Road 1431 to HWY 29 at the flashing red light and turn right. Buchanan Dam is 2.9 miles from this intersection. An old gas station with a chain link fence around it is on the left side of the road just before the property entrance. Again, look for the white rock columns and iron pipe fence.
