FOR IMMEDIATE RELEASE**

**PEACE ARCH ENTERTAINMENT GROUP INC. ANNOUNCES  
FOURTH QUARTER AND ANNUAL RESULTS**

**Vancouver, British Columbia** Peace Arch Entertainment Group Inc. (AMEX: "PAE"; TSE: "PAE.A", "PAE.B") today announced its results for three months and year ended August 31, 2002.

During the fourth quarter, the Company delivered eight episodes of our new 13-episode series **Whistler Stories**. Production commenced on its documentary special **Fantasy Lands** set to air on Discovery in the US. As well, the Company was in production of the third 13-episode season of its prime-time series, **Animal Miracles (Miracle Pets** in the US).

## Edgar Filing: PEACE ARCH ENTERTAINMENT GROUP INC - Form 6-K

In the fourth quarter, the Company's revenue totaled \$820,000, compared with \$6.2 million in the fourth quarter of FY2001. The Company reported a net loss of (\$4.2 million), or (\$1.09) per diluted share, for the three months ended August 31, 2002, compared with a net loss of (\$12.3 million), or (\$3.15) per diluted share, in the fourth quarter of FY2001. Diluted earnings per share was calculated on 3,887,844 weighted average shares outstanding in the most recent quarter and in the same quarter of the prior year. The loss for the quarter was largely due to an increase in amortization of investment in television programming, due to a reduction in the Company's estimates of ultimate revenues, and to a \$1.7 million bad debt. The bad debt relates to the Company's guarantee of a third party loan, which is currently in default. As well, during the quarter, the Company wrote-off the remaining balance of goodwill of \$166,000.

Selling, general and administrative (SG&A) expenses decreased by 46% to \$747,000 for the quarter, compared with \$1.4 million in the prior-year period, reflecting the Company's initiative to reduce overhead costs.

Earnings before interest, taxes, depreciation and amortization (EBITDA) for the three months ended August 31, 2002 totaled (\$4.1 million), compared with (\$11.5 million) in the comparable quarter of last year.

For the first quarter of 2003, the Company anticipates a decrease in revenue when compared to the comparable quarter of fiscal 2002, due to a reduction in production services revenue for dramatic programming. However, the Company anticipates that its revenue from proprietary programming will double, due to the delivery of episodes that were in production at the end of the fourth quarter.

For the year ended August 31, 2002, the Company's revenue declined to \$6.5 million, compared with \$54.9 million in the prior year. Increased amortization of the Company's investment in television programming also contributed to a net loss of (\$7.0 million), or (\$1.81) per diluted share, for the year ended August 31, 2002, compared with a net loss of (\$14.3 million), or (\$3.71) per diluted share, in the prior year. Diluted earnings per share were calculated on 3,887,844 weighted average shares outstanding for both the current and prior year.

During the year the Company repaid a \$7.4 million of subordinated debt and, to date, has fully repaid such debt prior to its due date of December 31, 2002. As well, in the first quarter of FY 2002, the Company restructured a \$7.8 million unsecured liability into 10% term debt.

The Company had a working capital deficiency at August 31, 2002 due in part to non-payment by a US broadcaster and poor sales results due to the weak US syndication market. The Notes to the Company's financial statements for the year ended August 31, 2002, reflect the Company's requirement

2

for additional capital to enable it to continue operations. The Company has entered into the following agreements which, subject to their closing, will correct its working capital deficiency.

On December 18<sup>th</sup>, the Company announced that it has entered into an agreement to acquire a business and certain related assets and to complete a \$1.5 million private placement financing, the proceeds of which will be used for working capital of the combined entity. The acquisition transaction is expected to contribute additional working capital of approximately \$2.5 million within eighteen months. The Company has also entered into agreements to issue convertible instruments in consideration for restructuring a \$1.6 million loan guarantee and \$7.3 million of term debt. The agreements provide that there are no set repayment dates and that payment and security for such amounts shall be restricted to the assets and undertaking of the Company prior to closing the acquisition and financing transactions. These transactions are scheduled to close in January, subject to shareholder approval.

Juliet Jones, President of Peace Arch Entertainment Group Inc. commented, "This has been a challenging year for the Company, however, I believe that we have made some significant accomplishments. We have substantially reduced our debt, continued to build our factual programming subsidiary, despite these financial challenges, and have negotiated a series of transactions that I believe will not only put the Company on solid financial ground, but will also substantially increase our business. I believe 2003 will be an excellent year for the Company."

The Company also announced that effective December 17, 2003, due to his retirement, Derek Douglas, Senior Vice President of Growthworks Capital, has resigned from the Board of Directors. Juliet Jones commented, "I would like to wish Derek Douglas all the best for his retirement, and to thank him for supporting Peace Arch over the two years that he has served on our Board."

Peace Arch Entertainment Group Inc., one of Canada's foremost entertainment companies, creates, develops, produces and distributes proprietary television programming for worldwide markets. Peace Arch is headquartered in Vancouver, British Columbia.

## PEACE ARCH ENTERTAINMENT GROUP INC.

### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS For the Three Months and Years Ended August 31, 2001 and 2002 (unaudited)

(Dollar amounts in tables expressed in thousands of Canadian dollars)

#### 1. Operations

Based in Vancouver, British Columbia, Canada, Peace Arch Entertainment Group Inc., together with its subsidiaries, (collectively, the "Company") is a fully integrated company that creates, develops, produces and distributes film, television and video programming for world-wide markets.

#### 2. Future Operations

The interim consolidated financial statements have been prepared on the "going concern" basis, which assumes the realization of assets and the settlement of liabilities in the normal course of operations. The application of the "going concern" basis is dependent upon the Company achieving profitable operations to generate sufficient cash flows to fund continuing operations or, in the absence of adequate cash flows from operations, obtaining additional financing to meet its obligations as they come due. There is substantial doubt about the appropriateness of the Company's use of the "going concern" assumption because of the significant losses from operations, material working capital and shareholder deficiencies as at August 31, 2002, contingency related to the listing of its shares, non-compliance with certain debt covenants and dependence upon the continued financial support of its secured lenders. The Company only has sufficient cash resources to maintain its current level of operations until December 2002. As a result of these factors, realization of assets and discharge of liabilities are subject to significant uncertainty.

Significant restructuring initiatives, including staff reductions, were carried out during the year ended August 31, 2002 in an effort to reduce operating costs. Management continues to review operations in order to identify additional strategies, including further cost reductions and obtaining future sales contracts, to increase cash flow, improve the Company's financial position and enable timely discharge of the Company's obligations. The Company has entered into a term sheet for a potential financing and restructuring transaction. There is no assurance the Company will be successful in its restructuring initiatives, its financing efforts and in achieving profitable operations. If the Company is unsuccessful, the Company may be required to significantly reduce or cease operations and liquidate assets or seek potential buyers of the Company.

The Company has credit facilities with a Canadian chartered bank and loans from subordinated lenders, all of which are secured by charges on the assets of the Company. The credit facility balance and certain loans are due on demand pursuant to the original terms of their agreements. The Company was not in compliance with certain loan covenants at August 31, 2002. There is also no assurance that the Company will remain in compliance with its other debt covenants and repayment requirements, which if violated could result in such obligations being immediately due and payable.

These consolidated financial statements do not reflect adjustments that would be necessary if the "going concern" basis is not appropriate. If the "going concern" basis is not appropriate for the consolidated financial statements, then significant adjustments would be necessary in the carrying value of assets and liabilities, the reported revenues and expenses, and the balance sheet classifications used. Additionally, the amounts reported could materially change because of any plan of reorganization in the future, since the reported amounts in the consolidated financial statements do not give effect to adjustments to the carrying value of the underlying assets or amounts of liabilities that may ultimately result.

### 3. Significant Accounting Policies

#### (a) Basis of Presentation

The interim consolidated financial statements of the Company have been prepared in accordance with accounting principles generally accepted in Canada for interim financial reporting. Accordingly, they do not include all of the information and footnote disclosures necessary for complete financial statements in conformity with Canadian generally accepted accounting principles. The interim consolidated financial statements have been prepared consistent with the accounting policies described in the Company's Annual Report for the year ended August 31, 2002 and should be read in conjunction therewith.

The interim consolidated financial statements include the accounts of the Company and its subsidiaries, all of which are wholly owned. All material intercompany balances and transactions have been eliminated.

#### (b) Comparative Figures

Certain comparative figures have been restated to conform to the basis of presentation adopted for the current period.

### 4. Segmented Information

The Company manages its operations in two business segments: production services for projects in which the Company does not hold a financial interest in a film or video program, and proprietary programming which is programming the Company owns or in which it holds a financial interest. The Company operates only in Canada, although its programs are distributed throughout the world. Selected information for the Company's operating segments, net of inter-company amounts, is as follows:

	<u>Production Services</u>	<u>Proprietary Programming</u>	<u>Other</u>	<u>Total</u>
<b>2001</b>				
Revenue	\$ 9,017	\$ 45,860	\$ 23	\$ 54,900
Gross profits	620	(5,110)	23	(4,467)
Total assets	10,349	35,354	1,567	47,270
<b>2002</b>				
Revenue	\$ 3,582	\$ 2,781	\$ 131	\$ 6,494
Gross profits	398	(1,139)	131	(6,110)
Total assets	658	8,539	1,566	10,913

Gross profits are comprised of revenue less amortization of television programming, production costs, and other costs of production and sales.
