Dear Stockholder of Global Power Equipment Group Inc.:

You are cordially invited to attend the Annual Meeting of Stockholders of Global Power Equipment Group Inc. (the "Company," "us" or "our"). The meeting will be held on Thursday, May 1, 2014 beginning at 9:00 a.m. local time, at the offices of the Company located at 400 East Las Colinas Boulevard, Irving, Texas, 75039.

Information about the meeting, nominees for election as directors and our other proposals are presented in the following Notice of Annual Meeting of Stockholders and proxy statement. At the meeting, management will make a presentation followed by a question and answer period.

The Company is pleased to announce that we are taking advantage of the Securities and Exchange Commission's "notice and access" proxy rule, which allows companies to furnish proxy materials via the Internet as an alternative to the traditional approach of mailing a printed set to each stockholder. We believe this will allow us to continue to provide stockholders with the proxy materials they need while reducing printing and postage costs associated with delivery and reducing the environmental impact of the annual meeting. In accordance with these rules, we have sent a Notice of Internet Availability of Proxy Materials to all stockholders. The Notice of Internet Availability of Proxy Materials contains instructions on how to access our proxy statement and annual report to stockholders, as well as how to vote either online or in person at the annual meeting.

It is important that your shares are represented at the annual meeting. Accordingly, please vote as soon as possible. I express our appreciation for your continued interest in the affairs of the Company. We look forward to your participation in the annual meeting.

2. to ratify the appointment of BDO USA, LLP as the Company's independent registered public accounting firm for 2014;
3. to consider an advisory vote on the compensation of our named executive officers; and
4. to transact such other business as may properly come before the meeting or any adjournments or postponements thereof.

A list of such stockholders will be available for inspection at the Company's headquarters located at 400 East Las Colinas Boulevard, Suite 400, Irving, Texas 75039, during ordinary business hours, for ten days prior to the Annual Meeting.

Important Notice Regarding the Availability of Proxy Materials for the 2014 Annual Meeting of Stockholders to be held on May 1, 2014. This year, instead of mailing a printed copy of our proxy materials, including the Company's Annual Report to Stockholders for the year ended December 31, 2013, to each stockholder of record, we have decided to provide access to these materials via the Internet. This reduces the amount of paper necessary to produce these materials, as well as the costs associated with mailing these materials to all stockholders. Accordingly, on March 20, 2014, we began mailing a Notice of Internet Availability of Proxy Materials (the "Notice") to all stockholders of record as of March 6, 2014, and posted our proxy materials on the website referenced in the Notice (<http://materials.proxyvote.com/37941P>). As more fully described in the Notice, all stockholders may choose to access our proxy materials on the website referred to in the Notice or may request a printed set of our proxy materials. In addition, the Notice and website provide information regarding how you may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis.

If you received a printed copy of the materials, we have enclosed a copy of the Company's Annual Report to Stockholders for the year ended December 31, 2013 with this notice and proxy statement.

To make it easier for you to vote, Internet voting is available. The instructions on the Notice describe how to use this service. Of course, if you prefer, you can vote by telephone or by mail by requesting a printed copy of the proxy materials and following the instructions on the proxy card to vote by telephone, or completing your proxy card and returning it in the accompanying envelope. No postage is required if your proxy card is mailed in the United States. If you vote your proxy by Internet or by telephone, you do NOT need to mail back your proxy card. We urge you to vote your proxy promptly by Internet, telephone or mail, whether or not you plan to attend the Annual Meeting in

person. If you do attend the Annual Meeting in person, you may withdraw your proxy and vote personally on all matters brought before the Annual Meeting.

Your vote is very important. Whether or not you plan to attend the Annual Meeting, please vote via the Internet by following the instructions on the Notice or, if you received a printed set of materials by mail, vote by telephone by following the instructions on your proxy card or complete and return your proxy card. Returning a proxy card or otherwise submitting your proxy does not deprive you of your right to attend the Annual Meeting and vote in person. PURPOSE OF MEETING

The specific proposals to be considered and acted upon at the Annual Meeting are summarized in the accompanying Notice of Annual Meeting of Stockholders. Each proposal is described in more detail in this proxy statement.

VOTING RIGHTS AND SOLICITATION OF PROXIES

Only holders of our common stock ("Common Stock") are entitled to vote at the Annual Meeting. At the close of business on March 6, 2014, the record date for determining the holders of Common Stock entitled to vote at the Annual Meeting (the "Record Date"), there were 17,063,000 shares of Common Stock outstanding. Each holder of a share of Common Stock is entitled to one vote per share. All votes will be tabulated by the inspector of elections appointed for the meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes.

Quorum Required

Our bylaws provide that the holders of a majority of the votes represented by the Common Stock issued and outstanding, and entitled to vote at the Annual Meeting, present in person or represented by proxy, shall constitute a quorum for the transaction of business at the Annual Meeting. Abstentions and broker non-votes will be counted as present for the purpose of determining the presence of a quorum.

Voting of Shares

Whether you plan to attend the Annual Meeting or not, we urge you to vote by proxy. All shares represented by valid proxies that we receive through this solicitation, and that are not revoked, will be voted in accordance with your instructions on the proxy card or as instructed via Internet or telephone. You may specify whether your shares should be voted for or withheld for each of the nominees for

Table of Contents

director, and whether your shares should be voted for, against or abstain with respect to each of the other proposals. Voting by proxy will not affect your right to attend the Annual Meeting.

If your shares are registered directly in your name through our stock transfer agent, Computershare, or you have stock certificates, you may vote:

By Internet. Follow the instructions on the Notice to vote by Internet.

By telephone or by mail. If you received a printed version of these proxy materials, follow the instructions on the enclosed proxy card to vote by telephone, or complete and mail the enclosed proxy card in the enclosed postage prepaid envelope. Your proxy will be voted in accordance with your instructions. If you sign the proxy card but do not specify how you want your shares voted, they will be voted as recommended by the Board.

In person at the meeting. If you attend the meeting, you may deliver your completed proxy card in person or you may vote by completing a ballot, which will be available at the Annual Meeting.

If your shares are held in "street name" (held in the name of a bank, broker or other nominee), you must provide the bank, broker or other nominee with instructions on how to vote your shares. If you received a printed version of these proxy materials, you should have received a voting instruction form from your broker or nominee that holds your shares. For shares held in street name, follow the instructions contained in the Notice or voting instruction form to vote by Internet, telephone or mail. If you want to vote by mail but have not received a printed version of these proxy materials, you may request a full packet of proxy materials as instructed by the Notice. If you want to vote your shares in person at the Annual Meeting, contact the bank, broker or other nominee who holds your shares to obtain a broker's proxy card and bring it with you to the Annual Meeting. You will not be able to attend the Annual Meeting unless you have a proxy card from your broker. You should contact your broker or nominee or refer to the instructions provided by your broker or nominee for further information.

If your shares are registered in your name or if you have stock certificates, they will not be voted if you do not vote by Internet or telephone, return your proxy card or vote at the Annual Meeting as described above, but, if you properly submit your proxy card without giving specific voting instructions, your shares will be voted in accordance with the Board's recommendations as specified below. The Company knows of no other matters to be presented at the Annual Meeting. However, if any other matters are properly presented, the proxy holders will be authorized to vote the shares represented by proxies according to their best judgment. Proxies will extend to, and be voted at, any adjournment or postponement of the Annual Meeting. You may revoke or change your proxy at any time before the Annual Meeting. To do this, send a written notice of revocation or another signed proxy with a later date to the Secretary of the Company at our principal executive office before the beginning of the Annual Meeting. You may also automatically revoke your proxy by attending the Annual Meeting and voting in person. All shares represented by a valid proxy received prior to the Annual Meeting will be voted.

If your shares are held in street name and you do not provide voting instructions to the bank, broker or other nominee that holds your shares as described above, the bank, broker or other nominee has the authority, even if it does not receive instructions from you, to vote your unvoted shares for Proposal 2, the ratification of our independent registered public accounting firm, but does not have authority to vote your unvoted shares for Proposal 1, the election of nominees to the Board or Proposal 3, the advisory vote on compensation of our named executive officers. If your broker cannot vote your shares on a particular matter because it has not received instructions from you and does not have discretionary voting authority on that matter or because your broker chooses not to vote on a matter for which it does have discretionary voting authority, this is referred to as a "broker non-vote." Please note that if your shares are held of record by a broker, bank or other nominee and if you

Table of Contents

provide instructions to that nominee on a form received from the nominee, you may revoke or change your voting instructions only by contacting the nominee who holds your shares. You may not vote in person at the Annual Meeting unless you obtain a legal proxy from the broker, bank or other nominee. In such event, your attendance at the Annual Meeting will not, by itself, revoke prior voting instructions.

Solicitation of Proxies

We will pay all of the costs of soliciting these proxies. Our employees may, without additional compensation, solicit proxies by mail, e-mail, facsimile, in person or by telephone or other forms of telecommunication. If your shares are held in "street name" (held in the name of a bank, broker or other nominee) and you have requested printed versions of these materials, we have requested that your bank, broker or other nominee forward this proxy statement to you and obtain your voting instructions. The Company may reimburse these persons for their expenses in so doing. Proxies are solicited to give all record holders of Common Stock an opportunity to vote on the matters to be presented at the Annual Meeting, even if they cannot attend the meeting.

Table of Contents**THE BOARD, ITS COMMITTEES AND ITS COMPENSATION**

Our Board of Directors is responsible for establishing broad corporate policies and for overseeing the overall management of the Company. In addition to considering various matters which require its approval, our Board of Directors provides advice and counsel to, and ultimately monitors the performance of, our senior management.

Board Leadership Structure and Committee Composition

The Board of Directors takes a flexible approach to the issue of whether the offices of Chairman and Chief Executive Officer ("CEO") should be separated or combined. This approach allows the Board to regularly evaluate whether it is in the best interests of the Company for the CEO or another director to hold the position of Chairman. Currently, the Company has separated the position of Chairman of the Board and Chief Executive Officer since the Company emerged from bankruptcy in January 2008. We believe that this is the appropriate leadership structure, as it permits our Chief Executive Officer, Mr. Ramírez, to focus his attention on running the business and developing corporate strategy, while our Chairman of the Board, Mr. Macaluso, provides independent leadership to the Board of Directors in performing its advisory, governance and oversight functions.

The Board of Directors has three (3) standing committees: the Audit Committee, the Compensation Committee, and the Nominating and Corporate Governance Committee.

The current membership of the standing committees is as follows:

Board Member	Audit	Compensation	Nominating/ Corporate Governance
Luis Manuel Ramírez			
Charles Macaluso	X		X
Carl Bartoli		X	X
Terence J. Cryan		Chairman	Chairman
Eugene I. Davis		X	
Michael E. Salvati	Chairman		X

Audit Committee. The Audit Committee assists the Board of Directors in overseeing our accounting and financial reporting processes and the audits of our consolidated financial statements and our internal control over financial reporting, including monitoring the integrity of our financial statements and the independence and performance of our independent registered public accounting firm. The Audit Committee appoints and oversees an independent registered public accounting firm to audit our financial statements and our internal control over financial reporting. In addition, the Audit Committee approves the scope of the annual audits and fees to be paid to our independent registered public accounting firm. The Audit Committee held four (4) meetings during 2013.

The Audit Committee regularly reviews and reassesses the adequacy of its Audit Committee Charter. A copy of the current Audit Committee Charter is available under the heading "Corporate Governance" of the Investor Relations section of our website at <http://www.globalpower.com/>.

Our Board of Directors has determined that:

Messrs. Salvati and Williams each qualifies as an "audit committee financial expert," as defined by Item 407(d)(5) of Regulation S-K of the Securities Exchange Act of 1934, as amended (the "Exchange Act");

Compensation Committee. The Compensation Committee reviews the performance of our executive officers, establishes compensation programs for the executive officers (including salary and short and long-term incentive programs) and reviews the overall compensation programs of the Company. The Compensation Committee also administers our stock incentive plans and awards. During 2013, the Compensation Committee held seven (7) meetings.

The Compensation Committee regularly reviews and reassesses the adequacy of its Compensation Committee Charter. A copy of the current Compensation Committee Charter is available under the heading "Corporate Governance" of the Investor Relations section of our website at <http://www.globalpower.com/>.

The CEO, Chief Financial Officer, General Counsel and Chief Human Resources Officer of the Company generally attend portions of Compensation Committee meetings and provide input to the Compensation Committee with respect to issues affecting compensation, key responsibilities, corporate objectives and equity plan management and compliance. As discussed in the "Compensation Discussion and Analysis" section beginning on page 18 below, the CEO makes recommendations to the Compensation Committee regarding the compensation of our executives and participates in discussions of such compensation. From time to time, other members of management and Company personnel may attend Compensation Committee meetings to provide presentations and where subject matters involving their expertise are discussed. No member of management is present during discussions of his or her performance or compensation, and no member of management (including the CEO) is present during deliberations and voting with respect to the CEO's performance or compensation.

The Compensation Committee may, in its sole discretion, select, retain and obtain, at our expense, the advice of independent compensation consultants. The Compensation Committee has the authority to set the compensation and oversee the work of the compensation consultant. In 2013, the Compensation Committee appointed Meridian Compensation Partners ("Meridian") to provide it with advice in connection with our 2013 compensation program, as further described below under "Compensation Discussion and Analysis Compensation Peer Group." The Compensation Committee has re-appointed Meridian to serve as its independent consultant in connection with our 2014 compensation program. Meridian reports directly to the Committee and serves at the sole discretion of the Committee. It does not perform any other services for the Company. The Compensation Committee has assessed the independence of Meridian pursuant to SEC rules and concluded that no conflict of interest exists that would prevent the consulting firm from providing independent advice to the Compensation Committee.

The Compensation Committee also may, in its sole discretion, retain and obtain, at our expense, the advice and assistance of outside counsel and such other advisors as it deems necessary.

The Compensation Committee Charter provides that the Compensation Committee may delegate its authority to one or more subcommittees. As of the date of this proxy statement, the Compensation Committee has not delegated such authority.

Director Independence

Our Board of Directors has reviewed the criteria for determining the independence of our directors under Nasdaq and Securities and Exchange Commission ("SEC") rules. It has affirmatively determined that each of Messrs. Macaluso, Bartoli, Cryan, Davis, Salvati and Williams is independent under such criteria. Accordingly, during 2013 and continuing through the date of this proxy statement, our Board of Directors has been comprised of a substantial majority of directors who qualify as independent directors under the rules adopted by the SEC and Nasdaq. As previously disclosed, Mr. Davis has decided not to stand for re-election at the Annual Meeting, and therefore, effective as of the date of the Annual Meeting, Mr. Davis will no longer be a member of the Board of Directors or any committee thereof.

In considering the independence of our directors, the Board of Directors specifically addressed those matters disclosed in "Certain Relationships and Related Transactions," beginning on page 48 below. Except as disclosed in that section, there were no specific transactions, relationships or arrangements that were considered by the Board of Directors in determining the independence of any of our directors.

Board's Role in Risk Oversight

The Board of Directors as a whole has ultimate responsibility for risk oversight and the standing committees of the Board of Directors assist in fulfilling this responsibility. In particular, the Audit Committee oversees risk management in the areas of internal control over financial reporting, disclosure controls and procedures, and legal and regulatory compliance. The Audit Committee also reviews with management our policies and practices with respect to risk assessment and management, and our exposure to material financial risk and management's efforts to monitor and control such exposure. The Compensation Committee oversees our compensation programs and reviews the conduct incented by those programs, including the impact on risk-taking by our executive officers and employees, as further described under "Compensation Discussion and Analysis Risk Assessment" beginning on page 29 below. The Nominating and Corporate Governance Committee oversees the organization, membership and structure of our Board of Directors and our corporate governance practices. The committee members regularly report to the full Board of Directors on material developments in their areas of oversight.

Board Meetings

The Board held eight (8) meetings during 2013. With the exception of the absence of one director at one meeting of the Board and one meeting of the Compensation Committee, each director serving on the Board in 2013 attended 100% of the meetings of the Board and committees on which he served. Each director is expected to devote the time necessary to appropriately discharge his responsibilities and to rigorously prepare for and attend and participate in all Board meetings and meetings of Board committees on which he serves.

Annual Meetings of Stockholders

Pursuant to our corporate governance guidelines and director nominations policy, directors are expected to attend the Annual Meeting of Stockholders. All of our directors attended the Annual Meeting of Stockholders held in May 2013 in person, with the exception of Mr. Davis.

Our Board of Directors has adopted a Code of Business Conduct and Ethics, which outlines the principles of legal and ethical business conduct under which the Company does business. The Code of Business Conduct and Ethics is applicable to all of our directors, officers and employees. Upon request to our Secretary, the Company will provide a copy of the Code of Business Conduct and Ethics free of charge. Any substantive amendment of the Code of Business Conduct and Ethics, and any waiver of the Code of Business Conduct and Ethics for executive officers or directors, will be made only after approval by our Board of Directors or a committee of the Board, and will be disclosed on our website. In addition, any such waiver will be disclosed within four days on a Form 8-K filed with the SEC if then required by applicable rules and regulations.

Any mail received by the Corporate Secretary will then be forwarded to the members of the Board of Directors or the appropriate committee for further action, if necessary. The non-management directors have requested that the Corporate Secretary not forward to them advertisements, solicitations for periodicals or other subscriptions, and other similar communications.

Director Compensation

The compensation of our directors is determined by the Nominating and Corporate Governance Committee subject to approval by the entire Board of Directors. The objectives for our non-employee director compensation program are to attract highly-qualified individuals to serve on the Board of Directors and align directors' interests with the interests of our stockholders. The Nominating and Corporate Governance Committee reviews the program periodically to ensure that it continues to meet these objectives. To determine whether the director compensation program is competitive, the Nominating and Corporate Governance Committee considers general market information on program design. In recommending director compensation levels, the Nominating and Corporate Governance Committee also considers the significant amount of time that directors expend in fulfilling their duties to the Company as well as the skill level required by the Company of members of the Board of Directors. The Nominating and Corporate Governance Committee recommends any change it considers appropriate to the full Board of Directors for its review and approval, and includes the relevant information and data for the Board of Directors to use in its considerations.

Directors who are employed by our Company or any of our subsidiaries do not receive compensation for serving as directors. Directors who are not employees of our Company or any of our subsidiaries are entitled to receive an annual retainer as follows:

\$47,500 for each non-employee director;

\$10,000 for membership in each committee;

\$50,000 for the Board of Directors Chairperson;

\$20,000 for the Audit Committee Chairperson;

\$13,750 for the Compensation Committee Chairperson; and

\$13,750 for the Nominating and Corporate Governance Committee Chairperson.

In addition, directors are entitled to receive:

a meeting fee of \$1,500 for each Board of Directors meeting attended in person;

a meeting fee of \$1,000 for each Board of Directors meeting attended telephonically;

a meeting fee of \$1,000 for each committee meeting attended in person or telephonically; and

a meeting fee of \$1,500 for each Board of Directors or committee meeting attended in person outside of normal Board and committee meetings.

We provide directors with an annual allowance for continuing education, the amount of which is set by the Board of Directors from time to time. For 2013 the amount was \$10,000. We also reimburse non-employee directors for out-of-pocket expenses incurred in connection with attending Board and committee meetings.

On January 22, 2013, each of the non-employee directors received 4,927 restricted shares of our Common Stock. Of the 4,927 restricted shares, 1,232 shares vested on January 22, 2014, 1,232 shares will vest on each of January 22, 2015 and 2016 and 1,231 shares will vest on January 22, 2017, subject to continued service as a director through the vesting dates.

Table of Contents

The Board recognizes that ownership by the non-employee directors in the Company's Common Stock will align their interests with the interests of the Company's stockholders. As a result, each non-employee director is required to own the lesser of (i) shares with a value of three times his or her annual cash retainer, or (ii) 8,000 shares. The target date for the existing directors to meet these stock ownership guidelines is January 1, 2015 and the target date for any new directors is five years from the date of his or her appointment. For purposes of these guidelines, the director will be deemed to "own" the Company's shares that are beneficially owned by such person, including equity awards that will payout within 60 days of the applicable measuring date. As of March 6, 2014, each non-employee director meets or exceeds the minimum ownership requirement.

PROPOSAL NO. 2
RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has appointed BDO USA, LLP as the Company's independent registered public accounting firm for 2014. The Board of Directors is asking stockholders to ratify this appointment. Although SEC regulations and the Nasdaq listing requirements require the Company's independent registered public accounting firm to be engaged, retained, and supervised by the Audit Committee, the Board considers the selection of an independent registered public accounting firm to be an important matter to stockholders. Accordingly, the Board considers a proposal for stockholders to ratify this appointment to be an opportunity for stockholders to provide input to the Audit Committee and the Board on a key corporate governance issue.

Representatives of BDO USA, LLP will be present at the Annual Meeting and will be offered the opportunity to make a statement if they so desire. They will also be available to answer questions.

When considered necessary, management prepares an estimate of fees for the service and submits the estimate to the Audit Committee for its review and pre-approval. Any modifications to the

estimates will be submitted to the Audit Committee for pre-approval at the next regularly scheduled Audit Committee meeting. All fees paid to our independent registered public accounting firm during 2013 were in accordance with this pre-approval policy.

Required Vote

Ratification of the appointment of BDO USA, LLP as our independent registered public accounting firm for the year ending December 31, 2014 requires the affirmative vote of a majority of the votes cast at the Annual Meeting. Abstentions will have no effect on the results of this vote. Brokerage firms have authority to vote customers' unvoted shares held by the firms in street name on this proposal. If a broker does not exercise this authority, such broker non-votes will have no effect on the results of this vote.

If the stockholders fail to ratify the appointment, the Audit Committee will reconsider its selection. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

Kenneth W. Robuck
Executive Summary

In furtherance of the business strategies and compensation objectives outlined below, we have undergone several significant changes in 2013. These changes include:

Short-Term Incentive Program

Key Changes in 2013

In 2013, we adopted a new short-term incentive ("STI") plan, which is designed to motivate our named executive officers to achieve each year's business plan objectives and individual performance goals. The changes to the STI plan include:

Greater Focus on Financial Objectives. Historically, the STI opportunity had been allocated 70% to financial goals and 30% to individual goals. For 2013, we increased the portion of the STI opportunity tied to financial goals from 70% to 80%, in order to enhance the link between the STI payout and the achievement of our short-term business objectives. For business unit

executives, we increased the portion of the STI opportunity allocated to corporate-wide financial metrics, in order to focus them on integrating business unit performance.

Greater Emphasis on Performance. Historically, the threshold performance level under the STI program was achievement of 80% of target. For 2013, we increased the threshold performance level for the financial goals from 80% to 90% to place a greater emphasis on a pay-for-performance.

Table of Contents

Long-Term Incentive Program

We also adopted a new long-term incentive ("LTI") program for 2013. These changes include:

Greater Emphasis on Performance. Historically, the LTI opportunity was split equally between time-based and performance-based awards. In 2013, we allocated $\frac{2}{3}$ of the LTI opportunity to performance-based awards to promote greater emphasis on pay-for-performance.

Greater Emphasis on Long-Term Performance. Historically, our performance-based awards were subject to a 1-year performance period. For the new 2013 performance-based awards, we extended the performance period from 1-year to 3-years to focus our executives on achieving sustainable long-term results.

Diversified the Performance Metrics. Historically, our performance-based awards were earned based on the achievement of a single financial goal (EBITDA, operating income or net income). For the new 2013 performance-based awards, we diversified the performance metrics by using two equally weighted goals: (i) operating margin and (ii) total stockholder return relative to the Russell 2000 Index.

Address Retention Concerns. Historically, our time-based awards vested ratably over a 4-year period. For 2013, we shortened the vesting period to 3 years in order to compensate executives for the increased variability of our incentive program.

Management Changes

We underwent several changes to our management structure. These changes were made in an effort to better align our leadership structure to achieve our long-term strategic objectives.

Mr. Robuck resigned as President of the Services Division and Mr. Glover resigned as President of the Products Division. In light of these departures, we reorganized into three segments: Product Solutions, Nuclear Services and Energy Services. This reorganization will help us to establish our \$1 billion platform that will capture the fast growing natural gas trend while building a strong market-facing commercial organization, and support our long-term strategy.

In November 2013, Mr. Willis resigned from all positions at the Company, including as Chief Financial Officer of the Company. Mr. Guba was hired as his replacement.

Table of Contents

We are committed to providing total direct compensation that supports our business strategies and the compensation objectives. As a result, we have implemented the following policies and practices:

Our Compensation Policies and Practices

Variable Compensation. A meaningful portion of our named executive officers' total direct compensation is variable and contingent upon financial and strategic performance, which supports our pay-for-performance culture. The variable compensation elements consist of: (i) an STI opportunity, which is paid in cash based on the extent to which certain annual operating income and individual performance goals are achieved; and (ii) an award of performance-based restricted stock units ("RSUs"), which vest over time based in part on the extent to which we achieve specified performance goals and in part on continuing employment of the named executive officer. The LTI opportunity encourages our named executive officers to continue to make decisions and to deliver results over a broader time period, thus keeping a focus on the long-term horizon and the retention of our executives.

Fixed Compensation. The fixed components of total direct compensation include base salary and time-based RSUs, which generally vest in equal installments over a three- or four-year period to enhance our retention incentives.

Stock Ownership Guidelines. Our stock ownership guidelines require the officers of the Company to hold a minimum level of the Company's shares of Common Stock to ensure that each executive has personal wealth tied to the long-term success of the Company and is therefore aligned with stockholder interests.

Claw-Back Policy. We maintain a "claw-back" policy, under which we may require the reimbursement of any incentive compensation paid to the executive officers of the Company if the payment was predicated upon financial results that were subsequently the subject of a restatement.

No Excise Tax Gross-Ups. We do not provide excise tax gross-ups for severance benefits received in connection with a change in control of the Company.

No SERP and Limited Perquisites. We do not maintain a supplemental executive retirement plan, or any other type of defined benefit retirement plan. In the past we have offered modest perquisites to named executive officers as part of a competitive compensation package, but we have discontinued this practice for new hires.

Consideration of Prior Year's "Say on Pay" Vote. As in previous years, stockholders continued to show strong support for our executive compensation program by approving the compensation of our named executive officers by a vote of approximately 95% of the shares represented by person or by proxy at the 2013 Annual Meeting. The Compensation Committee views the continued support of such stockholders as a strong endorsement of our compensation program and our compensation objectives.

Our compensation objectives are outlined below.

Our Compensation Objectives

Pay-For-Performance. Maintain the flexibility to recognize, differentiate and reward individual performance.

Focus on Long-Term Horizon. Create sustainable stockholder value consistent with our long-term strategic goals and avoid creating excessive or inappropriate risks that would be detrimental to our long-term goals.

Table of Contents

Talent Retention. Attract and retain high-caliber executives who can effectively manage our complex global business.

Alignment with Stockholder Interests. Align our executives' interests with those of our stockholders by making stock-based incentives a core element of our executives' compensation.

Maintain Financial Strength and Flexibility. Structure our compensation programs in recognition of the cyclical nature of our business and the need to manage for value throughout the business cycle.

Elements of Total Direct Compensation

A brief summary of our total direct compensation consisting of base salary, STI opportunities and LTI opportunities for our named executive officers is set forth below.

Annual Base Salaries

The Compensation Committee intends to provide our named executive officers with competitive base salaries that are commensurate with their job responsibilities, experience and performance.

As part of its annual management performance evaluation, the Compensation Committee reviewed the base salary levels of the named executive officers (other than Mr. Guba) to determine whether any adjustments were appropriate for 2013. The Compensation Committee reviewed the market data, performance evaluations conducted by Mr. Ramírez, and base salary histories. Based on this review, and in light of our financial performance, no changes to annual base salary were made for 2013. In November 2013, the Compensation Committee approved a base salary for Mr. Guba of \$390,000, which was negotiated at the time of his hire.

For more information about the 2013 base salaries for each of our named executive officers, please refer to the "Salary" column of and the related footnotes to the "Summary Compensation Table" on page 31.

Short-Term Incentive Compensation

As part of its annual management performance evaluation, the Compensation Committee reviewed the threshold, target and maximum award opportunities for each of the named executive officers (other than Mr. Guba) under the STI plan, which were expressed as a percentage of base salary. During the annual review process the Committee did not adjust the target STI opportunity for the named executive officers, because the levels were already competitively positioned. Mr. Guba did not participate in the STI plan for 2013 because he joined in the middle of the final quarter. Instead, he was awarded a guaranteed bonus of \$64,000 for the fourth quarter of 2013, which was negotiated at the time of his hire.

The threshold, target and maximum levels for the named executive officers (other than Mr. Guba) are set forth in the table below.

Named Executive Officer	Threshold	Target	Maximum
L. Ramírez	40%	80%	160%
P. Sherrod-Campanizzi	27.5%	55%	110%
T. Pagliara	27.5%	55%	110%
M. Barth	27.5%	55%	110%
D. Willis	32.5%	65%	130%
D. Glover	32.5%	65%	130%
K. Robuck	32.5%	65%	130%

Table of Contents**Performance Objectives**

The performance objectives for the short-term incentive opportunity for each named executive officer were allocated between financial objectives and individual objectives as follows:

Executive Level	Financial Objectives		Individual Objectives
	Business Operating Income	Corporate Operating Income	
Senior Corporate Executives ⁽¹⁾		80%	20%
Senior Business Unit Executives ⁽²⁾	50%	30%	20%

(1) Senior Corporate Executives include Messrs. Ramírez, Pagliara and Willis and Ms. Barth.

(2) Senior Business Unit Executives include Messrs. Robuck and Glover and Ms. Sherrod-Campanizzi.

Financial Objectives

The financial objectives were based on operating income. For this purpose, we define operating income as the subtotal of net income or (loss) for the year plus: (i) the following to the extent deducted in calculating net income for such period: interest charges; letter of credit fees; the provision for federal, state, local and foreign income taxes; other non-recurring, non-cash expenses; and any other non-cash write-downs or non-cash write-offs including fixed asset impairment or write-downs, intangible asset impairments, deferred tax asset write-offs and non-cash stock compensation expenses; and minus (ii) the following, to the extent included in calculating such net income: federal, state, local and foreign income tax benefits recorded by the Company; interest income; and all extraordinary, non-recurring, non-cash items increasing net income for such period.

The Compensation Committee established threshold, target and maximum performance levels for the operating income goals for both the corporate and divisional level executives. If actual performance for an operating income goal fell below the threshold level, then no bonus would be funded with respect to that goal. If actual performance for an operating income goal exceeded the maximum performance level, then the bonus for that goal would be capped.

The 2013 operating income ("OI") targets and actual performance results for purposes of the STI plan were as follows (in thousands):

Operating Income	Threshold (50% Payout)	Target (100% Payout)	Maximum (200% Payout)	Actual Results	Actual Payout Level
Consolidated OI	\$ 25,245	\$ 28,050	\$ 40,595	\$ 16,189	0.00%
EPCS OI	\$ 5,256	\$ 5,844	\$ 7,671	\$ 6,123	115.30%

Individual Goals

The Compensation Committee bases a meaningful portion of the short-term incentive opportunity on the achievement of individual goals, in order to provide the flexibility to recognize, differentiate and

reward individual performance. The individual goals for each named executive officer, other than Mr. Guba, who did not participate in the STI plan for 2013, are summarized below.

Table of ContentsPayouts

The Compensation Committee reviewed Mr. Ramírez's performance with respect to his 2013 individual goals. With regard to the other named executive officers, Mr. Ramírez made recommendations to the Compensation Committee concerning the level of performance of each officer with respect to the person's goals for 2013. After taking Mr. Ramírez's recommendations into consideration, and after making its own assessment of each executive's performance, the Compensation Committee determined the payouts under the 2013 STI plan, based on aggregate corporate and individual performance.

The weighted-average achievement and payout levels for the named executive officers under the 2013 STI plan are set forth below.

Named Executive Officer	Weighted Average Achievement Level	Payout
L. Ramírez	20.0%	\$ 88,000
P. Sherrod-Campanizzi	80.5%	\$ 133,686
T. Pagliara	21.2%	\$ 36,894
M. Barth	19.1%	\$ 32,050

Ms. Sherrod-Campanizzi was also granted a special discretionary bonus of \$50,000, grossed-up for applicable taxes, for her successful integration of acquisitions.

Mr. Guba did not participate in the STI plan for 2013, but was awarded a guaranteed bonus of \$64,000 for the fourth quarter of 2013, which was negotiated at the time of his hire. Messrs. Glover and Willis, pursuant to the terms of their respective employment agreements, each received payouts of pro-rata portions of their target bonuses in connection with their terminations. Mr. Robuck participated in the STI plan for 2013, but his bonus opportunity was forfeited due to his termination.

The amount of the 2013 STI payments for each named executive officer is set forth in the "Non-Equity Incentive Plan Compensation" column of, and the related footnotes to, the "Summary Compensation Table" of this proxy statement at page 31. The amount of bonuses paid outside of the STI plan for each named executive officer is set forth in the "Bonus" column of the "Summary Compensation Table." For more information on the 2013 STI opportunities for our named executive officers, please refer to the table "2013 Grants of Plan-Based Awards" in this proxy statement on page 34.

Long-Term Incentive Compensation**Grants During Annual Grant Cycle**

As part of its annual management performance evaluation, the Compensation Committee reviewed the LTI award levels for our named executive officers (other than Mr. Guba). When considering appropriate award levels, the Compensation Committee considered its assessment of each executive's general performance during the year, as well as his or her relative roles and responsibilities and potential within the Company, the estimated accounting expense, our burn rate, the potential dilution that will occur to our stockholders and the median levels of market surveys. Based on this information, the Committee decided not to make any changes in the 2013 LTI award levels for the named executive officers. In November 2013, the Compensation Committee approved the LTI grant for Mr. Guba, which was negotiated at the time of his hire.

As described in more detail in the Executive Summary, the number of RSUs granted to each named executive officer was allocated $\frac{1}{3}$ to time-based RSUs and $\frac{2}{3}$ to performance-based RSUs.

Table of Contents

The following chart illustrates the number of RSUs granted to each named executive officer in 2013.

Named Executive Officer	Time-Based RSUs	Performance-Based RSUs	Total RSUs
L. Ramírez	11,167	22,333	33,500
R. Guba	4,667	9,333	14,000
P. Sherrod-Campanizzi	1,833	3,667	5,500
T. Pagliara	3,000	6,000	9,000
M. Barth	3,474	6,949	10,423
D. Willis	3,667	7,333	11,000
D. Glover	3,667	7,333	11,000
K. Robuck	3,667	7,333	11,000

Payouts

Mr. Ramírez received a grant of performance-based RSUs in 2012, Ms. Sherrod-Campanizzi received grants of performance-based RSUs in 2011 and 2012, and Mr. Pagliara received grants of performance-based RSUs in 2010, 2011 and 2012. The performance target for purposes of these performance-based RSUs allocated to the 2013 performance cycle was operating income (as defined under our STI program) of \$28,050,000.

The performance-based RSUs for the 2013 performance cycle had separate payout levels for performance at 90% of target, 95% of target and 100% of target.

Percentage of Target Attained	Percentage of the Performance-Based RSUs Allocated to Each Performance Period Earned
90% but less than 95%	50%
95% but less than 100%	75%
100% or more	100%

Our 2013 operating income (as defined above) was \$16,189, which resulted in no payout level for units allocated to the 2013 performance period (i.e., 12.5% of the 2010, 2011 and 2012 grants).

Each of Messrs. Willis, Glover and Robuck also received grants of performance-based RSUs in 2010, 2011 and 2012. Pursuant to the terms of their employment agreements, each of Messrs. Willis and Glover received a payout of these units at 100%. Mr. Robuck forfeited his units upon his resignation.

For each named executive officer's actual payout, please refer to the "2013 Stock Vested" section on page 37 of this proxy statement.

Compensation Consultant and Peer Group

In 2013, the Compensation Committee retained Meridian Compensation Partners, LLC ("Meridian") to serve as its independent consultant to assist in developing and reviewing our executive compensation program. Meridian reports directly to the Committee and serves at the sole discretion of the Committee. It does not perform any other services for the Company. The Compensation Committee has assessed the independence of Meridian pursuant to Securities and Exchange Commission rules and concluded that no conflict of interest exists that would prevent the consulting firm from independently advising the Compensation Committee.

Table of Contents

We believe that each element of our compensation program should remain competitive in order to retain, and, if necessary, attract experienced, high-caliber executives. To achieve this objective, Meridian was asked to review competitive compensation data, compare current compensation levels to the market, and assist in establishing compensation levels. The market data was derived from several sources, including the companies in a compensation peer group established by the Compensation Committee, with the advice of Meridian, and selected compensation surveys. Each of these sources is described below.

Compensation Peer Group

Our compensation peer group consists of companies that have the same General Industry Classification and similar lines of business and operations as the Company. Based on these factors, and upon the advice and recommendation of Meridian, the Compensation Committee modified the compensation peer group to: (i) add Graham Corporation; (ii) add CECO Environmental Corp.; and (iii) remove Quanta Services Inc. These changes were made to reflect the evolving market in which we compete for executive talent and to decrease the median revenue size of the peer group.

The members of the compensation peer group for 2013 compensation decisions were as follows:

Compensation Peer Group	
Aegion Corporation	Graham Corporation
Astec Industries, Inc.	Matrix Service Company
AZZ Incorporated	MYR Group Inc.
CECO Environmental Corp.	PMFG, Inc.
Chicago Bridge & Iron Company	Powell Industries, Inc.
Donaldson Company, Inc.	Team, Inc.
Dycom Industries, Inc.	The Babcock & Wilcox Company
Foster Wheeler AG	Willbros Group, Inc.

Compensation data for the peer group was adjusted to reflect the Company's corporate or division revenue, where applicable, using regression analysis.

Compensation Surveys

Meridian supplemented the peer group data with published survey sources, with approximately 500 companies with revenues from \$500 million to \$2.5 billion, to provide the Committee with another perspective on market compensation levels.

Additional Compensation Matters

Severance and Change in Control Protections

In the past, the Company maintained employment agreements with each of its named executive officers. The Company, however, has made a strategic decision not to enter into further employment agreements with new hires, including named executive officers, in order to maintain the organizational flexibility needed in the continued evolution of our business.

Employment Agreements

We have entered into employment agreements with Messrs. Ramírez and Pagliara, which entitle them to severance benefits in the event of an involuntary termination of employment without "cause," termination by the executive for "good reason," (each as defined in his respective employment agreement) or if the Company elects not to renew the term of his agreement. In exchange for the severance benefits, the named executive officers must sign a release of claims against the Company,

Table of Contents

agree not to disclose Company confidential information, and agree not to compete against the Company or solicit its employees or customers. These provisions protect the Company's interests and help to ensure its long-term success.

Offer Letter with Ms. Sherrod-Campanizzi

We have a letter agreement with Ms. Sherrod-Campanizzi which provides that upon a termination without cause by the Company and the execution of a release of claims against the Company, she would be entitled to receive severance benefits.

Offer Letter with Ms. Barth

We have a letter agreement with Ms. Barth which provides that upon a termination without cause by the Company and the execution of a release of claims against the Company, she would be entitled to receive severance benefits.

Severance Arrangement with Mr. Guba

In connection with Mr. Guba's appointment and the Company's strategic decision to not enter into employment agreements with new hires, Mr. Guba entered into a "severance arrangement" with the Company. Pursuant to his severance arrangement, in the event that Mr. Guba's employment were terminated without "cause" or he resigned for "good reason" (both as defined in his severance arrangement), Mr. Guba would be eligible to receive severance benefits. Reduced severance levels would be available in the event of his death or "disability" (as defined in his severance arrangement). In exchange for the severance benefits, Mr. Guba must sign a release of claims against the Company, agree not to disclose Company confidential information, and agree not to compete against the Company or solicit its employees or customers.

Change in Control Protections

The RSUs granted to our named executive officers provide for full accelerated vesting of all RSUs (including both time-based and performance-based RSUs) if the Company undergoes a change in control. The committee believes that immediate vesting of RSUs upon a change in control is appropriate on the basis that our named executive officers should receive the full benefit of RSUs if the Company is sold or otherwise comes under the control of an outside party.

The named executive officers are not entitled to enhanced cash severance benefits as the result of a change in control, and we do not provide excise tax gross-up protection with respect to any benefits received in connection with a change in control.

Severance for Terminating Executives

We entered into severance agreements with Mr. Willis and Mr. Glover in connection with the termination of their employment. The severance agreements generally tracked the severance provisions of their employment agreements and re-affirmed the application of the restrictive covenants. We also entered into a consulting agreement with each of Mr. Willis and Mr. Glover to facilitate a smooth transition of their duties.

We entered into a severance agreement with Mr. Robuck in connection with his termination of employment. This agreement, however, was subsequently rescinded.

Please refer to the "Estimated Payments Upon Termination Without Cause or Related to a Change in Control" section of this proxy statement on page 39 for information regarding potential payments and benefits, if any, that each named executive officer would be entitled to receive under certain terminations (or, with respect to Messrs. Willis and Glover, the benefits they actually received upon termination).

Table of Contents**Retirement and Welfare Benefits**

We make available to each of our named executive officers certain benefits that are generally available to all salaried employees, including medical, dental, vision, life, accidental death and dismemberment, travel accident and short and long-term disability insurance. All of our named executive officers are entitled to participate in the Company's 401(k) plan and its flexible spending benefit plan and are entitled to four weeks of paid vacation each year. We make these benefits available so that we can provide a competitive compensation package to our salaried employees and our named executive officers.

Perquisites

We provided our named executive officers modest perquisites in 2013, such as (i) reimbursements for tax return preparation, which we believe are important to the financial stability of our executive team; (ii) reimbursement of country club dues for each of Messrs. Glover and Robuck, which was included in each executive's employment agreement (the Compensation Committee has decided to discontinue this practice for new hires); and (iii) an automobile allowance for Mr. Robuck. For more information about the perquisites provided in 2013 to each named executive officer, please refer to the "All Other Compensation" column of and the related footnotes to the "Summary Compensation Table" on page 31.

For more information about the perquisites provided in 2013 to our named executive officer, please refer to the "All Other Compensation" column of and the related footnotes to the "Summary Compensation Table" on page 31.

Stock Ownership Guidelines

In 2011, the Compensation Committee approved stock ownership guidelines for the Company's executive officers in order to further align the interests of the Company's executive officers with the interests of the Company's other stockholders. Under the guidelines, each named executive officer is expected to accumulate the lesser of the fixed and variable number of shares as follows:

Position	Fixed Number of Shares	Variable Number of Shares
Chief Executive Officer	75,000	3x Base Salary
Other Named Executive Officers	40,000	2x Base Salary

The target date for the existing named executive officers to meet these stock ownership guidelines is January 1, 2015 and the target date for any new named executive officers to meet these stock ownership guidelines is five years from the date of his or her appointment or hire date. For purposes of these guidelines, the named executive officer will be deemed to "own" shares of the Company's Common Stock that are beneficially owned by such person, including shares underlying equity awards that will pay out within 60 days of the applicable measuring date.

Table of Contents

The following table summarizes the progress of our named executive officers toward satisfying the applicable stock ownership requirement as of March 6, 2014:

Named Executive Officer	Ownership Guidelines for Shares or Units by Target Date (based on 3/6/2014 stock price)	Beneficial Ownership of Shares or Units (as of 3/6/2014)
L. Ramirez*	75,000	18,181
R. Guba*	4,594	1,556
P. Sherrod-Campanizzi	30,832	12,553
T. Pagliara	32,335	46,711
M. Barth	31,138	1,158

*

Mr. Ramirez was hired on 7/1/2012, Mr. Guba was hired on 11/18/2013 and Ms. Barth was hired on 11/12/12. They have five years from the date of hire to achieve the required ownership levels.

The Compensation Committee will periodically review and adjust, if appropriate, the fixed number of shares based on stock price, adjustments to compensation, evolving market practices, and such other factors as it deems appropriate. In establishing a named executive officer's total direct compensation each year, the Compensation Committee may consider each named executive officer's compliance with these guidelines.

Claw-Back Policy

In 2010, the Board approved a compensation recovery policy applicable to executive officers that, in general, provides that for every STI or other performance-based compensation awarded to a named executive officer on or after January 1, 2011, the named executive officer must repay or forfeit compensation received by him or her from such award if:

the payment, granting or vesting of such compensation was based on the achievement of financial results that were subsequently the subject of a restatement of the Company's consolidated financial statements;

the Board determines in its sole discretion that the named executive officer engaged in fraud or misconduct that caused or contributed to the need for the restatement;

the named executive officer received more compensation than he or she would have had if the financial results had been properly reported; and

the Board determines in its sole discretion that it is in the best interests of the Company and its stockholders for the named executive officer to repay or forfeit all or any portion of the compensation.

The claw-back policy supports the accuracy of our financial statements and, in conjunction with our stock ownership guidelines, helps to align the interests of our named executive officers with those of our stockholders. In light of our pay-for-performance culture, we felt strongly that our executives should be held to this higher standard of accountability.

Risk Assessment

The Company believes that its compensation policies and practices for all employees, including executive officers, do not create risks that are reasonably likely to have a material adverse effect on the Company. Although a significant portion of our executive compensation program is performance-based, we have focused on aligning our compensation policies with the long-term interests of our stockholders

Table of Contents

and avoiding rewards that could create excessive or inappropriate risks to the Company, as evidenced by policies and practices below.

Risk Reducing Policies and Practices

Balanced Mix of Compensation Elements. Our executive compensation program reflects an appropriate mix of compensation elements and balances current and long-term performance objectives, cash and equity compensation, and risks and rewards associated with executive roles.

Balanced Mix of Performance Metrics. We do not use highly-leveraged performance goals. Instead, incentive opportunities are based on a balanced mix of performance metrics that promote disciplined progress toward long-term goals, and all payouts are capped at a pre-established percentage of the target payment opportunity.

Scrutinized Financial Goals and Results. Our financial goals and results directly tie to our audited financial statements, subject to adjustments outlined in our incentive plans. These results are highly scrutinized by our finance and accounting departments as well as our external auditor.

Discretion to Adjust Compensation. We retain discretion to adjust compensation levels based on the quality of Company performance, individual performance and adherence to the Company's ethics and compliance programs, among other things.

Focus on Long-Term Horizon. Our LTI opportunities generally vest over a period of three to four years in order to focus our executives on long-term performance and enhance retention.

Outside Consultants. Utilizing the expertise of outside consultants, we evaluate our compensation programs and practices against our established peer group to confirm that our compensation programs are consistent and competitive with market practice.

Risk Mitigating Strategies. As described above, we have adopted several risk mitigating strategies, such as stock ownership guidelines and a "claw-back" policy.

Section 162(m) of the Tax Code

Section 162(m) of the Internal Revenue Code provides that the Company generally may not deduct, for federal income tax purposes, annual compensation in excess of \$1 million paid to certain named executive officers. Certain "performance-based compensation" paid pursuant to stockholder approved plans is not subject to the deduction limit.

Given our net operating loss carry forwards available to offset taxable income, the Compensation Committee has not adopted a policy that requires all compensation to be deductible. In this regard, the Compensation Committee wants to preserve the ability to award cash or equity compensation to an executive that is not deductible under Section 162(m) if we believe that it is in our stockholders' best interests.

COMPENSATION COMMITTEE REPORT

The Compensation Committee, comprised of independent directors, reviewed and discussed the above Compensation Discussion and Analysis with the Company's management. Based on that review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement and incorporated in our Annual Report on Form 10-K for the fiscal year ended December 31, 2013.

This column reflects the aggregate grant date fair value of RSUs granted to our named executive officers in the applicable year, computed in accordance with FASB ASC Topic 718. For 2013, the Compensation Committee approved a RSU award for each of the named executive officers. One-third of each 2013 RSU award vests based on continued employment, one-third of the RSU award vests based on both continued employment and the satisfaction of a three-year company-specific performance goal ("performance-based RSUs") and the other one-third of the RSU awards vests based on both continued employment and the satisfaction of a three-year market-based performance goal ("market-based RSUs"). The grant date fair value of the performance-based RSUs was based on the probable outcome of the applicable performance conditions as of the date of grant. The grant date fair value of each of those awards, assuming that the highest level of performance would be achieved, is as follows: for Mr. Ramirez: \$393,525; for Mr. Guba: \$164,465; for Ms. Sherrod-Campanizzi: \$64,630; for Mr. Pagliara: \$105,720; and for Ms. Barth: \$122,459. The grant date fair value of the market-based RSUs was based on the target outcome of the applicable performance conditions as of the date of grant which is the same grant date fair value based on the highest level of performance in accordance with FASB ASC Topic 718. This column also reflects the aggregate grant date fair value of certain legacy performance-based RSUs that are described in more detail in the table "2013 Grants of Plan-Based Awards" on page 34. For 2013, the amounts shown in this column for Messrs. Willis and Glover also include the incremental fair value, computed in accordance with FASB ASC Topic 718, of the accelerated vesting of their time-based and legacy performance-based RSUs that otherwise would have vested on March 31, 2014 had they not resigned. For a discussion of the assumptions we made in valuing the stock awards, see

Future equity grants will be subject to the discretion of the Compensation Committee. Mr. Ramírez is eligible to participate in our 401(k) and flexible benefit plans and is entitled to four weeks of paid vacation per year. 2013 GRANTS OF PLAN-BASED AWARDS

The following table presents information relating to short-term incentives and RSUs granted to our named executive officers in 2013.

For 2013, the Compensation Committee granted cash bonus opportunities to each named executive officer under the short-term incentive plan.

The Compensation Committee also approved a RSU award for each of the named executive officers. One-third of each 2013 RSU award vests based on continued employment ("time-based RSUs" or "TRSUs"), one-third of the RSU award vests based on both continued employment and the satisfaction of a three-year company-specific performance goal ("performance-based RSUs" or "PRSUs") and the other one-third of the RSU award vests based on both continued employment and the satisfaction of a three-year market-based performance goal ("market-based RSUs" or "MRSUs").

In addition, Mr. Ramírez received a grant of RSUs in 2012, Ms. Sherrod-Campanizzi received grants of RSUs in 2011 and 2012, and Mr. Pagliara received grants of RSUs in 2010, 2011 and 2012 (collectively, the "legacy performance-based RSUs" or "LRSUs"). These performance awards were segregated into four separate vesting installments, each of which was dependent upon the satisfaction of separate annual performance goals for each installment. For 2013, the performance goal was our annual operating income target under the short-term incentive plan. Because the performance goals are set each year, we consider each installment as a separate annual grant for purposes of reporting the

(1) These columns show the dollar value of the potential payout to each named executive officer for 2013 under our short-term incentive plan at threshold, target and maximum levels. Amounts we actually paid during 2014 for 2013 performance under the short-term incentive plan are included in the "Non-Equity Incentive Plan Compensation" column of the 2013 Summary Compensation Table on page 31.

(2) These columns show the number of units that could be paid to each named executive officer under our performance-based RSUs and market-based RSUs granted in 2013. These awards are subject to a three-year performance period commencing January 1, 2013 and ending December 31, 2015 and provide for separate payout levels for performance at 90% of target (50% payout), 100% of target (100% payout) and 200% of target (200% payout). These columns also reflect the legacy performance-based RSUs allocated to the 2013 performance period that were approved in 2010, 2011 and 2012, which provide for separate payout levels for performance at 90% of target (50% payout) and 100% of target (100% payout), with no additional payout

above the "target" performance level. Dividends paid on the underlying shares during the performance and vesting period are accumulated and paid in cash upon vesting.

- (3) This column shows the number of time-based RSUs granted to each named executive officer in 2013. The time-based RSUs vest ratably over a 3-year period. Dividends paid on the underlying shares during the vesting period are accumulated and paid in cash upon vesting.
- (4) These amounts reflect the aggregate grant date fair value of the equity awards computed in accordance with FASB ASC Topic 718. For a discussion of the assumptions we made in valuing the stock awards, see "Note 2 Summary of Significant Accounting Policies Stock-Based Compensation Expense" in the notes to our consolidated financial statements contained in our Annual Report on Form 10-K for the year ended December 31, 2013.
- (5) As the Company's performance for the 2013 performance period was below threshold, the named executive officers forfeited their legacy performance-based RSUs allocated to the 2013 performance period.
- (6) Reflects the incremental fair value, computed in accordance with FASB ASC Topic 718, of the accelerated vesting of Mr. Willis' and Mr. Glover's time-based RSUs that otherwise would have vested on March 31, 2014 had they not resigned from the Company.
- (7) Mr. Robuck forfeited all outstanding awards as of his resignation from the Company.

- (2) The market value of the unvested awards is computed by multiplying the closing market price of our Common Stock on the last trading day of 2013 by the number of unvested time-based RSUs held by each named executive officer.
- (3) This column reflects the sum of the unvested performance-based and market-based RSUs held by each named executive officer as of December 31, 2013, as well as the legacy performance-based RSUs allocated to the 2014 and 2015 performance periods. We have not reported the legacy performance-based RSUs that are allocated to the 2013 performance period, because they did not pay out and were forfeited as of December 31, 2013. We have reported all of the legacy performance-based RSUs at the "target" level and the performance-based and market-based RSUs at the threshold level.

We have not adopted any non-qualified deferred contribution plans or other deferred compensation plans.

Table of Contents**ESTIMATED PAYMENTS UPON TERMINATION
OR RELATED TO A CHANGE IN CONTROL**

The table below reflects the amount of incremental compensation to which each named executive officer would have been entitled as a consequence of certain terminations or in connection with a change in control. The amounts shown in the table below assume that such termination or change in control was effective as of December 31, 2013 and that the price of our Common Stock upon which certain of the calculations are made was the closing price of \$19.57 per share on the last trading day of 2013. Because the incremental amount of payments to be made depends on several factors, the actual amounts to be paid out upon termination of employment or a change in control can only be determined at the time of the event. None of the payments set forth below would be grossed-up for taxes. The estimated payments upon termination and change in control are as follows:

(1) No named executive officer would have been entitled to any severance payments if we terminated him/her for cause or he/she terminated his/her employment with us without good reason on December 31, 2013.

(2)

If terminated due to disability on December 31, 2013:

Each named executive officer would have been entitled to receive a pro-rated annual incentive based on actual performance for the year of termination. The amount of the pro-rated annual incentive shown in the table assumes a December 31, 2013 termination and, therefore, is equal to 100 percent of the 2013 annual incentive that would have been payable had the executive remained employed through the annual incentive payment date in 2014.

For Messrs. Ramírez and Pagliara, equals 100% of their base salary for six months, which is comprised of the 60% salary continuation benefit provided under the Company-sponsored short-term disability insurance program and the 40% supplemental disability benefit provided under their employment agreements.

See below for the treatment of RSUs.

(3)

Upon termination of employment by reason of death on December 31, 2013, a named executive officer's personal representative would have been entitled to the same pro-rated annual incentive to which the named executive officer would have been entitled upon termination by reason of disability.

(4)

Upon termination of the executive by us without cause, or termination by the executive for good reason, in either case, on December 31, 2013:

Messrs. Ramírez, Pagliara and Guba and Ms. Sherrod-Campanizzi would have been entitled to receive (i) salary continuation for one year, and (ii) a pro-rated annual incentive based on actual performance for the year of termination.

Ms. Barth would have been entitled to receive (i) six months of base salary, and (ii) a pro-rated annual incentive based on actual performance for the year of termination.

See below for the treatment of RSUs.

The amounts shown in the table assume a December 31, 2013 termination and, therefore, include 100 percent of the annual incentive that would have been payable had the executive remained employed through the annual incentive payment date in 2014. The named executive officers generally are subject to restrictive covenants, such as confidentiality, non-solicitation and non-compete provisions.

(5)

Upon a change in control on December 31, 2013, all RSUs held by a named executive officer that had not previously vested would fully vest, with performance awards vesting at the target level.

We have granted restricted stock unit and restricted share unit awards to our executive officers pursuant to our 2008 Management Incentive Plan and our 2011 Equity Incentive Plan. The termination provisions of the award agreements are described below.

Awards Granted in 2010 and 2011. The restricted stock unit agreements for awards granted in 2010 and 2011 provide that upon termination by the Company without cause or by the executive for good reason, or upon a change in control, all unvested RSUs shall immediately vest, and upon the death or disability of the executive, he is entitled to pro-rated vesting of restricted stock units, with the legacy performance-based RSUs paid based on actual performance results. As the 2010 and 2011 legacy performance-based RSUs allocated to the 2013 performance period were forfeited, they are not included in the tables above for death and disability.

Awards Granted in 2012. The RSU agreements for awards granted in 2012 provide that upon termination by the Company without cause, by the executive for good reason, or due to the executive's death or disability, each executive shall be entitled to pro-rated vesting of the awards that otherwise would have vested on March 31, 2014, with the legacy performance-based RSUs paid based on actual performance results. As the 2012 legacy performance-based RSUs allocated to the 2013 performance period were forfeited, they are not included in the tables above.

Awards Granted in 2013. The RSU agreements for awards granted in 2013 provide that upon termination by the Company without cause, by the executive for good reason, or due to the executive's death or disability, each executive shall be entitled to pro-rated vesting, with the performance-based and market-based RSUs paid based on actual performance results. For purposes of the table above, we have assumed "target" performance levels for the performance-based and market-based RSUs.

PROPOSAL NO. 3
ADVISORY VOTE TO APPROVE THE COMPENSATION OF THE NAMED EXECUTIVE OFFICERS

As required by the Dodd-Frank Wall Street Reform and Consumer Protection Act, we included a stockholder vote on the frequency of future votes on named executive officer compensation in our 2011 proxy statement which was advisory and nonbinding. Our stockholders approved the frequency of future votes on the recommendation of our Board of Directors to hold future say-on-pay votes on an annual basis. The next stockholder vote on the frequency of future votes on named executive officer compensation will occur at our 2017 annual meeting of stockholders.

As a result, our stockholders are entitled to vote at the Annual Meeting to approve the compensation of our named executive officers (commonly referred to as a "say on pay" vote), as disclosed in this proxy statement. Pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act, the stockholder vote on executive compensation is an advisory vote only, and it is not binding on the Company or the Board of Directors.

Since Global Power emerged from bankruptcy in January 2008, we have followed a compensation policy that has had the objectives of attracting and retaining talented individuals, motivating our executive team to achieve the Company's goals and objectives, and aligning the interests of our executives with those of our stockholders. As described in detail in "Executive Compensation Compensation Discussion and Analysis," we have sought to reward our named executive officers through an executive compensation program including base compensation that is competitive within our industry, short-term incentives conditioned upon the achievement of specific annual earnings goals, and long-term incentives conditioned upon the achievement of specific long-term financial, strategic and corporate objectives. As a result of these programs, we have been able to retain highly capable individuals in key Company positions, and retain others whose work is critical to the continued growth and success of our business. At the same time, we believe our programs do not encourage excessive risk-taking by management. The Board of Directors believes that our philosophy and practices have resulted in executive compensation decisions that are appropriate and that have benefited the Company over time.

For these reasons, the Board of Directors recommends that stockholders approve the compensation of the Company's executive officers as described in this proxy statement by approving the following advisory resolution:

RESOLVED, that the stockholders of Global Power Equipment Group Inc. (the "Company") approve, on an advisory basis, the compensation of the individuals identified in the Summary Compensation Table, as disclosed in the Company's 2014 proxy statement pursuant to the compensation disclosure rules of the SEC (which disclosure includes the Compensation Discussion and Analysis section, the compensation tables and the accompanying footnotes and narratives within the Executive Compensation section of the 2014 proxy statement).

Required Vote

The advisory vote regarding the compensation of the named executive officers described in this Proposal 3 will be approved if the votes cast in favor of the proposal exceed the votes cast against the proposal. Abstentions and broker non-votes will not be counted as having been voted for purposes of this proposal.

Because this vote is advisory, it will not be binding upon the Board of Directors. However, our Board values the opinions that our stockholders express in their votes and will take into account the outcome of the vote when and as it deems appropriate when making determinations regarding executive compensation.

Recommendation of the Board of Directors

The Board of Directors recommends a vote FOR the approval of the compensation of the Company's named executive officers.

AUDIT COMMITTEE REPORT

The Audit Committee operates under a written charter that the Board of Directors has adopted. The Audit Committee reviews the charter. The charter is available under the heading "Corporate Governance" in the Investor Relations section our website at <http://www.globalpower.com/>.

The Board of Directors has the ultimate authority for effective corporate governance, including the role of oversight of the management of our Company. The Audit Committee's purpose is to assist the Board of Directors in fulfilling its responsibilities by overseeing our accounting and financial reporting processes, the audits of our consolidated financial statements and the effectiveness of internal control over financial reporting, the independence, qualifications and performance of the independent registered public accounting firm engaged as our independent auditor, and the performance of our internal auditors.

The Audit Committee relies on the expertise and knowledge of management, the internal auditors and the independent auditor in carrying out its oversight responsibilities. Management is responsible for the preparation, presentation, and integrity of our consolidated financial statements, accounting and financial reporting principles, internal control over financial reporting and disclosure controls, and procedures designed to ensure compliance with accounting standards, applicable laws, and regulations. Management is responsible for objectively reviewing and evaluating the adequacy, effectiveness, and quality of our system of internal control. Our independent registered public accounting firm, BDO USA, LLP, is responsible for performing an independent audit of the consolidated financial statements and for expressing an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States of America. Our independent registered public accounting firm is also responsible for expressing an opinion on the effectiveness of our internal control over financial reporting as of December 31, 2013.

During 2013, the Audit Committee fulfilled its duties and responsibilities generally as outlined in the charter. The Audit Committee held four (4) meetings in 2013. Specifically, the Committee, among other actions:

reviewed and discussed our audited consolidated financial statements of our Company for the years ended December 31, 2012 and 2013 (which we refer to as the "Financial Statements"), the effectiveness of our internal control over financial reporting as well as interim reporting periods ended March 31, 2013, June 30, 2013 and September 30, 2013 with management and BDO USA, LLP;

discussed with management and BDO USA, LLP all the matters required by Auditing Standards No. 16, which include among other items, matters related to the conduct of the audit of the consolidated financial statements; and

received from BDO USA, LLP the written disclosures and the letter required by the applicable requirements of the PCAOB regarding the independent accountant's communications with the Audit Committee concerning independence (which relates to the auditor's independence from our Company and its related entities), and has discussed BDO USA, LLP's independence.

The Audit Committee has relied on management's representation that the Financial Statements have been prepared in conformity with generally accepted accounting principles and on the opinion of BDO USA, LLP included in their report on the Financial Statements. Based upon the aforementioned review, discussions and representations of BDO USA, LLP, and the unqualified audit opinion presented by BDO USA, LLP on the Financial Statements and effectiveness of internal control over financial reporting, the Audit Committee recommended to the Board of Directors that the Financial Statements be included in our Annual Report on Form 10-K for the year ended December 31, 2013 for filing with the SEC.
