The Annual Meeting will be held at the Renaissance Hotel, 933 Skokie Boulevard, Northbrook, Illinois. This Proxy Statement was filed with the Securities and Exchange Commission (the "SEC") and is first being sent or given to stockholders on or about March 31, 2015.

FREQUENTLY ASKED QUESTIONS

What am I voting on?

You will be voting on:

The election of four director nominees named in this Proxy Statement to serve on the Board;

The ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for 2015;

Advisory approval of the compensation of the Company's named executive officers as disclosed in the Compensation, Discussion and Analysis section and accompanying compensation tables and related narratives contained in this Proxy Statement (the "Say-on-Pay resolution"); and

Any other matters properly brought before the meeting.

How does the Board recommend that I vote on each proposal?

The Company's Board recommends that you vote:

FOR each of the director nominees;

FOR ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for 2015; and

FOR the approval of the non-binding Say-on-Pay resolution.

Who is entitled to vote at the meeting?

Holders of record of shares of the Company's common stock, \$.0001 par value per share ("Common Stock") at the close of business on March 16, 2015, (the "Record Date") will be entitled to vote. As of the close of business on the Record Date, there were 96,256,069 shares of

Edgar Filing: KAPSTONE PAPER & PACKAGING CORP - Form DEF 14A

Common Stock outstanding and entitled to vote.

How many votes am I entitled to?

You are entitled to one vote for each share of Common Stock that you own.

Table of Contents

How do I vote shares held in my name?

You may vote in person at the Annual Meeting or by proxy. If you properly complete and sign the enclosed proxy card, the shares held in your name will be voted as you direct. If you sign and return the proxy card but do not include voting instructions, the shares held in your name will be voted FOR the four director nominees named in this Proxy Statement, FOR the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm, and FOR the approval of the Say-on-Pay resolution.

Can I change my vote after I return my proxy card?

You may change your vote or revoke your proxy at any time before the polls close at the Annual Meeting by taking any of the following actions:

Delivering a later-dated proxy;

Giving written notice to the Company's Secretary; or

Voting in person at the Annual Meeting.

How do I vote my shares held by my broker?

If your shares are held in street name, you must either direct your broker as to how to vote your shares, or obtain a proxy from your broker giving you the right to vote the shares in person at the Annual Meeting.

How many votes must be present to constitute a quorum?

A quorum is the presence at the Annual Meeting in person or by proxy of a majority of the outstanding shares of Common Stock. There needs to be a quorum in order for the Annual Meeting to be held. Broker non-votes and proxies received but marked as abstentions will count for purposes of establishing a quorum. Broker non-votes occur when a broker holding shares for a beneficial owner does not vote on a particular proposal because the broker does not have discretionary voting power for the particular matter and has not received voting instructions from the beneficial owner.

May my shares be voted if I do not provide my proxy?

If your shares are held in street name, they may be voted on matters that the New York Stock Exchange (the "NYSE") considers "routine" even if you do not instruct your broker how to vote your shares. Accordingly, if you do not instruct your broker how to vote your shares, your broker can vote your shares to approve the appointment of Ernst & Young LLP as the Company's independent registered accounting firm, but your broker cannot vote your shares on the election of directors or the approval of the Say-on-Pay resolution.

What vote is required to approve each proposal, assuming a quorum is present at the Annual Meeting?

It will depend on each proposal.

For Proposal One: According to the Company's Bylaws, a plurality of the votes cast will be sufficient to elect directors. Therefore, stockholders will elect the four director nominees receiving the greatest number of votes. According to the Company's Corporate Governance Guidelines, in an uncontested election, if a director nominee fails to receive more votes cast for than against his or her re-election, the Board expects such director nominee to tender his or her resignation.

Table of Contents

For Proposal Two: The affirmative vote of the holders of a majority of the shares of Common Stock represented at the meeting and entitled to vote is required for the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for 2015.

For Proposal Three: The affirmative vote of the holders of a majority of the shares of Common Stock represented at the meeting and entitled to vote is required for approval of the compensation of our named executive officers. Because the vote is advisory, it will not be binding on the Board or the Company. However, the Board will review the voting results and take them into consideration when making future decisions regarding executive compensation.

How are we soliciting this proxy?

The Company may solicit stockholder proxies by mail, telephone, Internet, or personally through certain of its directors, officers and employees who will receive no extra compensation for their services. The Company will bear all costs of soliciting proxies, including, upon request, reimbursing brokers for the reasonable expenses incurred by them in forwarding proxy materials to the beneficial owners of Common Stock.

How can I contact the Board?

Anyone desiring to communicate directly with the Board or the non-management directors, individually or as a group, including the presiding director, may do so by written communication addressed to them at KapStone Paper and Packaging Corporation, 1101 Skokie Boulevard, Suite 300, Northbrook, IL 60062, Attention: Vice President, Secretary, and General Counsel. Relevant communications will be forwarded by the Secretary to the appropriate directors depending on the facts and circumstances outlined in the communication.

GOVERNANCE STRUCTURE

Role of the Board

The Board is the ultimate decision-making body of the Company, except with respect to matters reserved to stockholders. The primary function of the Board is oversight. The Board, in exercising its business judgment, acts as an advisor and counselor to senior management and defines and enforces standards of accountability all with a view to enabling senior management to execute their responsibilities fully and in the interests of stockholders. The following are the Board's primary responsibilities, some of which may be carried out by one or more Committees of the Board or the independent directors as appropriate:

Overseeing the conduct of the Company's business so that it is effectively managed in the long-term interests of stockholders;

Selecting, evaluating, and determining the compensation of the Chief Executive Officer (CEO) and planning for CEO succession, as well as monitoring management's succession planning for other key executives;

Overseeing and reviewing the Company's strategic direction and objectives;

Monitoring the Company's accounting and financial reporting practices and reviewing the Company's financial and other controls;

Overseeing the Company's compliance with applicable laws and regulations; and

Overseeing the processes that are in place to safeguard the Company's assets and mitigate risks.

In performing its oversight function, the Board is entitled to rely on the advice, reports and opinions of management, counsel, auditors and outside experts. In that regard, the Board and its Committees shall be entitled, at the expense of the Company, to engage such independent legal, financial or other advisors as they deem appropriate, without consulting or obtaining the approval of any officer of the Company.

Board Leadership Structure

Our Bylaws require that our Chairman shall be a member of the Board of Directors and may or may not be an officer or employee of the Company. The principal duty of the Company's Chairman is to lead and oversee the Board. The Chairman should facilitate an open flow of information between management and the Board, and should lead a critical evaluation of Company management, practices and adherence to the Company's strategic plan and objectives.

The Company's business is conducted by its employees, managers and officers, under the direction of senior management and led by the CEO. In carrying out the Company's business, the CEO and senior management are accountable to the Board and ultimately to stockholders. Management's primary responsibilities include the day-to-day operation of the Company's business, strategic planning, budgeting, financial reporting, and risk management.

Roger W. Stone is the Company's Chairman of the Board and Chief Executive Officer. The Board believes that Mr. Stone's holding of both positions is in the best interests of the Company due to his vast experience in and knowledge of the paper industry. In addition, the Board believes that having the same person serve as Chairman of the Board and Chief Executive Officer facilitates information flow between management and the Board and helps to assure that the Company speaks with one voice. Mr. Stone's biography can be found on page 8 of this Proxy Statement.

Table of Contents

The Board does not have a lead independent director. However, Brian R. Gamache, one of our independent directors, is the presiding director at each executive session of the Board's independent directors. Furthermore, each of our Board committees consists entirely of independent directors.

Who are the independent directors?

Our Corporate Governance Guidelines require that all directors except the Chief Executive Officer and President be independent. An independent director is one who is free of any relationship with the Company or its management that may impair, or appear to impair, the director's ability to make independent judgments, and who meets the NYSE's definition of independence. All members of the Audit, Compensation, and Nominating and Governance Committees shall be independent. The Board determines the independence of each director in accordance with the NYSE listing standards and the Corporate Governance Guidelines on an annual basis. The Board has determined that Robert J. Bahash, John M. Chapman, Jonathan R. Furer, David G. Gabriel, Brian R. Gamache, Ronald J. Gidwitz, Matthew H. Paull, Maurice S. Reznik, and David P. Storch are "independent" directors as that term is defined in the NYSE listing standards and the Corporate Governance Guidelines. In making this determination with respect to Mr. Gabriel, the Board considered, among other things, that he is the President and CEO of Sonepar North America, a company with which the Company engages in ordinary course business transactions, including sales to Sonepar of corrugated containers and purchase from Sonepar of industrial, safety, and electrical materials. The Board had also determined that Jay Stewart was an independent director before his resignation from the Board effective May 14, 2014.

How often did the Board meet during 2014?

Directors are expected to attend all Board meetings and meetings of the Committees on which they serve. During the year ended December 31, 2014, the Board held five meetings. Each director serving on the Board in 2014 attended at least 80% of the aggregate total number of Board meetings and Board committee meetings of which he was a member and eligible to attend. The Board's independent directors meet in executive session, without any members of management present, at each regularly scheduled meeting of the Board. Brian R. Gamache is the presiding director at the executive sessions.

What is the Company's policy regarding director attendance at the Annual Meeting?

Members of the Board are strongly encouraged to attend the Company's Annual Meeting of stockholders. All of the directors who were then serving on the Board attended the 2014 Annual Meeting of Stockholders.

Table of Contents***What committees has the Board established?***

The Board has established three standing committees: Audit, Compensation, and Nominating and Governance. All of the members of the Committees are independent in accordance with applicable SEC regulations, the NYSE listing standards and the Company's Corporate Governance Guidelines. Committee charters are available on the Governance tab of the Company's website at <http://governance.kapstonepaper.com>. Each Committee performs its own annual self-assessment.

Audit Committee. The Audit Committee's function is to review, with the Company's independent registered public accounting firm and management, the annual financial statements and independent registered public accounting firm's opinion, review and maintain direct oversight of the plan, scope and results of the audit by the independent registered public accounting firm, review and approve all professional services performed and related fees charged by the independent registered public accounting firm, be solely responsible for the retention or replacement of the independent registered public accounting firm, and monitor the adequacy of the Company's accounting and financial policies, controls, and reporting systems. In addition, the Audit Committee is responsible for risk oversight of the Company and provides risk assessment reports to the Board. None of the members serve on more than three public company audit committees. All of the members are "financially literate" under the NYSE listing standards, and the Board has determined that Mr. Paull is an "audit committee financial expert" within the meaning of relevant SEC regulations. The Audit Committee held nine meetings in 2014.

Compensation Committee. The functions of the Compensation Committee include providing guidance to management and assisting the Board in matters relating to the compensation of the Chief Executive Officer and executive officers, the Company's compensation and benefits programs, the Company's succession, retention and training programs, and such other matters that have a direct impact on the success of the Company's human resources. The details of the process and procedures followed by the Compensation Committee are disclosed in this Proxy Statement under the headings "Compensation Discussion and Analysis" and "Report of the Compensation Committee." The Compensation Committee held three meetings in 2014.

Nominating and Governance Committee. The Nominating and Governance Committee performs the following functions: assists the Board by identifying prospective director nominees and recommends to the Board the nominees for the annual meeting of stockholders; oversees the Board's annual performance evaluation process; evaluates the composition, organization and governance of the Board

and its committees; and oversees the Company's Corporate Governance Guidelines. In addition, if any incumbent director fails to receive the required vote for re-election, the Nominating and Governance Committee is responsible for making a recommendation to the Board about whether to accept the director's resignation. The Nominating and Governance Committee held four meetings in 2014.

How are directors nominated?

The Nominating and Governance Committee is responsible for selecting candidates for Board membership, subject to Board approval, and for extending invitations to join the Board. In selecting candidates, the Board endeavors to find individuals of high integrity who have a solid record of accomplishment in their chosen fields and who display the independence of mind and strength of character to effectively represent the best interests of the stockholders. Candidates are selected for their ability to exercise good judgment, and to provide practical insights. Consistent with its charter, the Nominating and Governance Committee is responsible for screening candidates, establishing criteria for nominees, and for recommending to the Board a slate of candidates for election to the Board at the Annual Meeting of Stockholders. In performing these tasks, the Nominating and Governance Committee has the sole authority to retain and terminate any search firm to be used to identify candidates. Candidates are approved by the full Board. Robert J. Bahash and Maurice S. Reznik were each appointed to the Board on July 24, 2014 upon the recommendation of the Nominating and Governance Committee. Mr. Bahash received a recommendation from Messrs. Gamache and Paull, and Mr. Reznik received a recommendation from Messrs. Stone and Kaplan.

All directors except the Chief Executive Officer and the President are required to be independent. An independent director is one who is free of any relationship with the Company or its management that may impair, or appear to impair, the director's ability to make independent judgments, and who meets the NYSE's definition of independence.

We do not have a specific diversity policy for our Board, however, we consider diversity to be a critical factor in evaluating the composition of the Board, and that for this purpose diversity includes perspectives, experience, differences and viewpoints, as well as race, ethnicity and gender. The Company values diversity and has women and/or minorities serving in several key positions including Chief Financial Officer, Treasurer, and Vice President of Containerboard and Kraft Paper Sales and Marketing.

The Nominating and Governance Committee will consider director candidates recommended by stockholders on the same basis as it considers director candidates identified by the Committee. A stockholder who wishes to recommend a prospective nominee to the Board for consideration by the Nominating and Governance Committee must send a written notice to the company's Vice President, Secretary, and General Counsel at the principal offices of the Company. Such notice must be delivered to our offices by the deadline relating to stockholder nominations as set forth in Article II, Section 4 of the Company's Bylaws and as described in this Proxy Statement under the heading "Additional Information."

Each notice delivered by a stockholder who wishes to recommend a prospective nominee to the Board for consideration by the Nominating and Governance Committee must include the same information about the recommended nominee that would be required by the Company's Bylaws were the stockholder actually nominating such individual for election, including the following information:

the name, age, business address and residence address of such person;

the class and number of shares of capital stock of the Company which are beneficially owned by such person and any other indirect pecuniary or economic interest in any capital stock of the Company, including, without limitation, derivative instrument, swap, option, warrant, short interest, hedge or profit sharing arrangement;

the principal occupation or employment of such person;

written consent to being named in the proxy statement as a nominee and to serving as a director if elected; and

a description of all arrangements or understandings between such stockholder and the beneficial owner, if any, on whose behalf the nomination is made.

A full description of the information that must be provided as to a prospective nominee is set forth in Article II, Section 4 of the Company's Bylaws, which are available on the Governance tab of the Company's website at <http://governance.kapstonepaper.com>. The Nominating and Governance Committee may require any prospective nominee to furnish such other information as the Committee may reasonably require to determine the qualifications of such nominee to serve as a director of the Company.

2014 Director Compensation

The Nominating and Governance Committee recommends to the Board the form and amount of compensation for non-employee directors. Only non-employee directors are paid for their service on the Board. Each non-employee director of the Company received the following compensation for service as a director in 2014:

an annual retainer paid in four quarterly payments of \$10,250 each, which was increased to \$18,750 each quarter starting in the second quarter of 2014;

Director Stock Ownership Requirements

The Board has created stock ownership requirements to further align the interests of our non-employee directors with those of the Company's stockholders and encourage long-term stockholder value by requiring our non-employee directors to hold a significant equity stake in the Company. On March 13, 2014, our Board increased the stock ownership requirements applicable to our non-employee directors from three times the annual Board cash retainer to five times the annual Board cash retainer. Restricted stock unit awards and vested stock options count toward the ownership requirements. Under the policy, newly appointed or elected directors have four (4) years from joining the Board to comply with these requirements. The Board may, in its discretion, make exceptions to the stock ownership requirements in periods of volatile markets. As of the record date, all directors met the applicable ownership threshold except for Messrs. Bahash, Gabriel, and Reznik. Mr. Gabriel joined the Board on May 16, 2013 and has until May 16, 2017 to meet the ownership threshold, while Messrs. Bahash and Reznik joined the Board on July 24, 2014 and have until July 24, 2018 to meet them.

The Company's Vice President and Chief Financial Officer as well as its Vice President and Controller both provide reports to the Audit Committee regarding risk factors, including, but not limited to, treasury risks pertaining to credit, debt, and interest rates as well as financial and accounting risks. The General Counsel keeps the Audit

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

In this section, we describe the compensation of our Named Executive Officers. Our Named Executive Officers for 2014 were the following individuals: Roger W. Stone, the Company's Chief Executive Officer; Matthew Kaplan, the Company's President and Chief Operating Officer; Timothy P. Keneally, the Company's Vice President and General Manager and President of the Company's Container Division; Randy J. Nebel, the Company's Vice President and General Manager and President of the Company's Mill Division; and Andrea K. Tarbox, the Company's Vice President and Chief Financial Officer.

Our compensation programs for our Named Executive Officers are administered by the Compensation Committee (the "Committee"), which is composed solely of independent directors as defined in the NYSE listing standards. The Committee operates under a written charter adopted by the Board. The Committee has reviewed and approved the following discussion and analysis, which analyzes the objectives and results for 2014 of the Company's compensation policies and procedures for its five Named Executive Officers. The Company's compensation programs have been adopted in order to implement the Committee's compensation philosophy, while taking into account the Company's financial performance. The Committee periodically reviews the Company's compensation programs and practices in light of the Committee's compensation philosophy, changes in laws and regulations, and the Company's financial goals.

Compensation Policies and Objectives

The Committee believes that compensation for Named Executive Officers should be determined according to a competitive framework, taking into account the financial performance of the Company, individual contributions and the external market in which the Company competes for executive talent. In determining the compensation of the Company's Named Executive Officers, the Committee seeks to achieve the following objectives through a combination of fixed and variable compensation.

Pay Competitively

A total compensation package should be competitive. For Named Executive Officers, including the Company's Chief Executive Officer, the Committee considers the level of compensation paid to individuals in comparable executive positions in the Company's peer group in order to recruit and retain executive talent.

Pay for Performance

Our compensation practices are designed to create a direct link between the aggregate compensation paid to each Named Executive Officer and the financial performance of the Company. In order to accomplish this, the Committee considers the individual performance of each Named Executive Officer by reviewing, among other factors, the achievement of pre-established corporate objectives as well as the recommendations of the Chief Executive Officer. The amount of each component of a Named Executive Officer's compensation is based in part on the Committee's assessment of that individual's performance as well as the other factors discussed in this section.

Executives as Stockholders

Our compensation practices are also designed to link a portion of each Named Executive Officer's compensation opportunity directly to the value of the Company's Common Stock through the use of stock-based awards.

Table of Contents

Elements of Compensation

To accomplish its compensation objectives and philosophy, the Committee relies on the following elements of compensation, each of which is discussed in more detail below:

Base salary;

Annual performance-based cash awards; and

Long-term incentive compensation (in the form of stock options and restricted stock units).

When approving the compensation of the Company's Named Executive Officers, the Committee reviews all of the elements of the Company's executive compensation program. Each component of executive compensation is designed for a specific purpose. For example, salaries are a significant component of cash-based annual compensation. Salaries are set to compensate each executive based on that executive's employment and salary history and position within the Company and comparable competitive salaries at companies included in our peer group and the survey data. With regard to the variable components of the compensation package, annual performance-based cash awards are tied generally to the Company's short-term financial performance, while equity-based compensation is directed towards the Company's successful results over a longer period. The purpose of the combination of salary, annual cash awards, and equity awards is to provide the appropriate level of total annual cash compensation and long-term incentives, combined with an appropriate performance-based component. The Committee places the greatest emphasis on performance-based compensation through annual cash awards and long-term equity-based awards, which together comprise the largest portion of Named Executive Officer compensation. The Committee believes that the Company's executive compensation package, consisting of these components, is comparable to the compensation provided in the market in which the Company competes for executive talent and is critical to accomplishing its recruitment and retention aims.

No Severance Agreements

The Company does not have employment agreements or severance arrangements with any of the Named Executive Officers.

Overview of Compensation Program and Process

Role of Committee

The Committee is responsible for reviewing and approving the base salaries, annual performance-based cash awards, and long-term incentive compensation for the Company's Named Executive Officers.

Role of Management

Management assists the Committee in fulfilling its responsibilities with respect to evaluating executive performance, proposing appropriate performance targets for the annual and long-term incentive plans and developing recommendations as to appropriate salary levels and award amounts. For 2014, the Company's Chief Executive Officer, Mr. Stone, provided to the Committee his recommendations with respect to potential compensation of the other Named Executive Officers. The Committee reviewed and gave considerable weight to these recommendations because of Mr. Stone's direct knowledge of the other executives' performance and contributions. With respect to those officers, the Committee ultimately used its collective judgment to determine the compensation levels, including base salaries, annual performance-based cash awards and long-term equity award grants. Mr. Stone recommended that his compensation levels be identical to those of the Company's President, Mr. Kaplan, due to the current and historical level of work and responsibilities shared by them. The

Table of Contents

Committee ultimately determined and approved Mr. Stone's compensation independently based on its collective judgment, and accepted his recommendation to compensate Mr. Kaplan in the same manner.

Role of Compensation Consultant

As part of its process, the Committee utilized the assistance of Frederic W. Cook & Co., an executive compensation consulting company ("Cook"), to assist in evaluating executive compensation programs and in evaluating Named Executive Officers' compensation compared to an established peer group of similar companies. Cook was engaged by and communicated directly with the Committee. In determining compensation for 2014, the Committee considered a market analysis prepared by Cook in early 2014 which compared our compensation program to a variety of third-party industry compensation surveys and a peer group of 17 companies. The companies included in the peer group are set forth in this Compensation Discussion and Analysis under the heading "Benchmarking."

Other than as described herein, Cook did not provide any other services to the Company or the Committee in 2014. The Committee has considered the independence of Cook in light of SEC rules and NYSE listing standards. In connection with this process, the Committee has reviewed, among other items, a letter from Cook addressing the independence of Cook and the members of the consulting team serving the Committee, including the following factors: (i) other services provided to us by Cook, (ii) fees paid by us as a percentage of Cook's total revenue, (iii) policies or procedures of Cook that are designed to prevent conflicts of interest, (iv) any business or personal relationships between the senior advisor of the consulting team with a member of the Committee, (v) any Company stock owned by the senior advisor or any immediate family member, and (vi) any business or personal relationships between our executive officers and the senior advisor. The Committee discussed these considerations and concluded that the work performed by Cook and its senior advisor involved in the engagement did not raise any conflict of interest.

Results of Advisory Votes

At the 2014 Annual Meeting of Stockholders, the Company's stockholders approved, on a non-binding advisory basis, the overall compensation of the Company's Named Executive Officers as presented in the Proxy Statement for that meeting, with approximately 97% of the votes cast in favor. Given the high level of stockholder support, the Compensation Committee did not make any changes to the Company's executive compensation philosophy, principles, and elements in response to the vote.

Benchmarking

The Committee reviews survey information of executive compensation payable by a designated peer group, both with respect to target and actual compensation data available. The purpose of this review is to evaluate whether the Company's total executive compensation levels (including base salaries, annual cash awards, and equity awards) is viewed by the Committee to be reasonable, competitive, and appropriate. The Committee considers executive compensation paid at the peer companies when setting executive compensation levels at the Company, but the Committee does not attempt to maintain a specified target percentile within this peer group to determine executive compensation. In light of the request by Mr. Stone that he and Mr. Kaplan receive the same level of compensation, the Committee compares the aggregate compensation for Messrs. Stone and Kaplan against the aggregate compensation for the chief executive officers and chief operating officers of the peer group companies.

The peer group of companies is comprised of firms that are similar to the Company in terms of business lines, market conditions, and size. The Committee expects to reevaluate from time to time the composition of the designated peer group as the Company executes its strategy of organic and strategic growth. For 2014, the Committee added Bemis Company, Inc., Boise Cascade LLC, Domtar

Corporation, and Sonoco Product Company and removed Boise, Inc., Buckeye Technologies, Verso Paper Corp., and Wausau Paper Corporation as a part of this exercise. These additions and removals were intended to reflect recent industry mergers as well as KapStone's significant growth in 2013. The comparison group of seventeen companies has a median revenue of approximately \$3.1 billion.

Components of Executive Compensation

The following provides an analysis of each element of compensation, what each is designed to reward, and why the Committee chose to include it as an element of the Company's executive compensation

Base Salary

Base salaries are reviewed annually in the context of the Committee's consideration of the effect of base compensation on recruiting and retaining executive talent. Accordingly, the Committee considers the executive compensation of the peer group. In establishing each Named Executive Officer's base salary, the Committee considers several factors, including individual job performance, salary history, competitive external market conditions for recruiting and retaining executive talent, the scope of the executive's position and level of experience and changes in responsibilities.

In March 2014, the base salaries of Named Executive Officers were established in accordance with the foregoing practices. Salaries for the Named Executive Officers were reviewed in March and increases, based on the compensation objectives discussed above, became effective April 1, 2014. Of the Named Executive Officers, the Committee increased the salaries of Mr. Stone and Mr. Kaplan from \$575,000 to \$650,000. The Committee increased the salary of Mr. Keneally from \$373,000 to \$400,000, the salary of Mr. Nebel from \$382,591 to \$400,000, and the salary of Ms. Tarbox from \$367,000 to \$400,000.

The salary increases for the Named Executive Officers reflect the performance of the Company in 2013, including net sales; earnings per share, earnings before interest, income taxes, depreciation and amortization (EBITDA); and successful integration of Longview Fibre Paper and Packaging, Inc. into the Company.

Annual Performance-Based Cash Awards

The objective of the annual performance-based cash award element of compensation is to align the interests of the Named Executive Officers with the Company's financial goals for the year. In setting financial and operating targets, which are established in the first calendar quarter, the Committee considers the Company's annual budget and certain short-term operating and financial objectives.

Table of Contents

With respect to the Company's EBITDA goal for 2014, the Committee established the following target payout levels:

	40% Payout	100% Payout	200% Payout
EBITDA	\$ 350,000,000	\$ 450,000,000	\$ 550,000,000

EBITDA is defined as net earnings excluding interest, income taxes, depreciation and amortization, extraordinary items and the cumulative effect of accounting changes. This non-GAAP measure is the same measure management uses internally to manage and to evaluate the business and performance of the Company. At the time it set these target payout levels, the Committee believed that, based on the Company's budget, it would be difficult for executives to achieve payouts towards the high end of the EBITDA target payout levels. The Company's EBITDA for 2014 used for incentive plan calculations was \$449,151,000 resulting in the Named Executive Officers achieving payouts of 99.5% of the EBITDA target ("EBITDA Achievement").

In 2014, Mr. Stone and Mr. Kaplan had an approved target of 100% of their respective salary, or \$650,000, and a maximum of 200% of their salary, or \$1,300,000. Their cash award was weighted 100% on the achievement of the Company's EBITDA goal. Accordingly, each achieved and was paid an incentive payment of \$646,750 ($\$650,000 \times 99.5\%$).

Mr. Keneally, Mr. Nebel, and Ms. Tarbox had an approved target of 65% of their respective salary, or \$260,000, and a maximum of 130% of their salary, or \$520,000. Their cash award was weighted 100% on the achievement of the Company's EBITDA goal. Accordingly, each achieved and was paid an incentive payment of \$258,700 ($\$260,000 \times 99.5\%$).

Long-Term Incentive Compensation

The Committee determines the awards of long-term compensation through equity incentives (in the form of stock options and restricted stock units) granted to Named Executive Officers as well as other eligible employees. The Committee believes that including an equity component in executive compensation closely aligns the interests of the executives and the Company's stockholders and rewards executives in line with stockholder gains. The practice of the Committee is to consider annual equity grants to key employees, including the Named Executive Officers, at its regularly scheduled meeting in March or April. Equity grants at other times depend upon extraordinary circumstances such as promotions, new hires, or acquisitions.

Equity awards were made under the Amended and Restated 2006 Incentive Plan ("2006 Incentive Plan"), which provides for the grant of non-qualified stock options, incentive stock options, restricted stock, restricted stock units and other stock-based awards. The Company's long-term incentive compensation for 2014 consisted of stock options and restricted stock units. This equity award allocation reflected the desire to maintain a strong long-term equity component in executive compensation, and to reduce the number of equity units required to provide such component.

Equity grants made during 2014 to executive officers and senior management, including the Named Executive Officers, were determined by the Committee based upon the compensation objectives of the Committee, as discussed above, and informed by the evolving nature of executive compensation practices. In determining the size of the equity grants for the Named Executive Officers, the Committee made an evaluation of a number of factors, including: competitive market practices; the level of responsibility of the individual; the individual's job performance and ability to influence corporate results; and the cost to the Company and the related effect of equity grants on earnings per share dilution. The Committee's intention was to deliver approximately the same economic value through the restricted stock unit component of the award as the stock option component. Accordingly, during 2014, restricted stock units were awarded in a ratio of about 1 restricted stock unit for about every 2.9 stock options awarded. This allocation reflects the relationship between the value of restricted

Table of Contents

stock units, which is based on the market value of the underlying Common Stock on the date of grant, and the fair market value of stock options on the date of grant (which is generally two or three to one).

Stock options produce value for executives and employees only if the Common Stock price increases over the exercise price, which is set at the closing price on the date of grant. Also, through vesting and forfeiture provisions, stock options and restricted stock units create incentives for executive officers and senior management to remain with the Company.

Prohibition on Repricing of Options Without Stockholder Approval

At the 2014 Annual Meeting of the Stockholders of the Company held on May 15, 2014 the Company's stockholders approved the KapStone Paper and Packaging 2014 Incentive Plan, which had been previously approved by the Company's Board, subject to shareholder approval. The 2014 Incentive Plan prohibits the purchase of underwater options and the repricing of options, and also prohibits buy-outs of options or restricted stock units without stockholder approval.

2014 Awards

The Committee granted the following equity awards under the 2006 Incentive Plan to the Named Executive Officers in 2014:

Executive Officers	Stock Options	Restricted Stock Units
Roger W. Stone	55,448	18,908
Matthew Kaplan	55,448	18,908
Timothy P. Keneally	20,251	6,906
Randy J. Nebel	20,251	6,906
Andrea K. Tarbox	20,251	6,906

Each of the stock options was granted by the Committee on March 12, 2014 with an exercise price of \$30.41 per share.

All stock options that were granted vest 50% on the second anniversary of the grant date and the remaining 50% on the third anniversary of the grant date, subject to the executive's continued employment through the vesting dates. Restricted stock units granted will vest 100% on the third anniversary of the grant date, subject to the executive's continued employment through the vesting date. All stock options and restricted stock units vest immediately upon the death, disability or retirement of a recipient who has attained the age of 65.

Clawback of Compensation

Clawback provisions are included in all awards under the 2006 Incentive Plan and the 2014 Incentive Plan (collectively, the "Incentive Plans"). Pursuant to those provisions, the Board may require an employee, executive officer, or director who engaged in fraud or misconduct to immediately repay annual performance-based cash awards and long-term incentive awards. In addition, the Board may terminate all vested and unvested options in the event that employee, executive officer, or director engages in fraud or misconduct.

No Pledging of Stock

The Company's Insider Trading Policy prohibits its executive officers, employees and directors from pledging Company securities as collateral for a loan or holding Company securities in a margin account. The 2014 Incentive Plan allows the Company to terminate any long-term incentive award that is pledged and repurchase any pledged restricted stock units upon notice to the grantee.

Table of Contents

No Hedging Transactions

The Company has enacted an anti-hedging policy regarding Company securities applicable to all executive officers and directors. The Company's Insider Trading Policy prohibits all directors, employees, and officers from (i) engaging in short sales in Company securities (including "sales against the box"); (ii) engaging in any zero-cost collars and forward sale contracts with respect to Company equity securities; or (iii) engaging in any transactions in puts, calls or other derivative securities, on an exchange or in any other organized market with respect to Company equity securities.

Severance and Change-in-Control Benefits

The Company does not agree in advance to provide post-termination or change-in-control benefits to Named Executive Officers in the event that they terminate employment with the Company. The Company reserves the right to provide severance benefits to executives when they terminate employment with the Company. None of the Named Executive Officers has an employment agreement that provides for termination, severance or change-in-control benefits.

The Company does not have formal change-in-control provisions in the Incentive Plans. However, the Incentive Plans provide the Board with the discretion to adjust equity awards in the event of certain corporate transactions, including a change-in-control. This adjustment may include the assumption of awards by an acquiring or successor entity, the termination of unexercised awards upon a change-in-control, and the cash-out of awards in the event of a sale or similar transaction which results in the Company's stockholders receiving a payment for their shares of Common Stock. The Committee may also provide for the acceleration and vesting of awards at any time, including upon a change-in-control.

Stock options and restricted stock units awarded under the Incentive Plans vest immediately upon an award recipient's death, Retirement or Disability. The terms "Retirement" and "Disability" are defined in the Incentive Plans.

The Performance Incentive Plan provides that if a participant is terminated by the Company following a change-in-control but prior to the payment of an annual incentive award for a performance period thereunder, the participant will be entitled to such award only if the applicable performance goals are achieved, such award to be prorated for the actual number of months worked in the year.

The Committee believes that the provisions provided under both the Incentive Plans and the Performance Incentive Plan are appropriate because an employee's position could be adversely affected by a change in control even if he or she is not terminated.

Perquisites and Personal Benefits

In general, the Company does not provide perquisites or personal benefits to the Named Executive Officers that are not available to other employees.

Pension Benefits or Supplemental Retirement Benefits

The Company provides pension or retirement benefits to the Named Executive Officers consisting of the 401(k) plan with company matching contributions and retirement savings account contributions. Pursuant to the 401(k) plan, the Company makes a matching contribution equal to 100% of the first 4% of the employee's pay contributed to the plan plus 50% of the next 2% of pay contributed. At the end of each 401(k) plan year, the Company makes an additional retirement savings account contribution based upon the age of the respective Named Executive Officer at the end of the plan year and total earnings for the year subject to maximum amount of \$260,000 in accordance with Internal Revenue Service regulations.

Table of Contents

Health and Welfare Benefits

All full-time employees, including our Named Executive Officers, may participate in our health and welfare benefit programs, including medical, dental and vision care coverage, disability insurance and life insurance.

Regulatory Considerations

Section 162(m) of the Internal Revenue Code generally denies a publicly traded company a Federal income tax deduction for compensation in excess of \$1.0 million paid to certain of its Named Executive Officers. Performance-based compensation is exempt from the deduction limit, however, if certain requirements are met. The Compensation Committee structures compensation to take advantage of this exemption under Section 162(m) to the extent practicable, while satisfying the Company's compensation policies and objectives. Because the Compensation Committee also recognizes the need to retain flexibility to make compensation decisions that may not meet the standards of Section 162(m) when deemed necessary to enable the Company to continue to attract, retain, and motivate highly-qualified executives, it reserves the authority to approve potentially non-deductible compensation.

Named Executive Officer Stock Ownership Requirements

Since 2011, our Board has had stock ownership requirements applicable to the Named Executive Officers based on a multiple of annual base salary. The Board created these requirements to further align the interests of our Named Executive Officers with those of the Company's stockholders and encourage long-term stockholder value by requiring our Named Executive Officers to hold a significant equity stake in the Company. The following table illustrates the current stock ownership requirements:

Position	Ownership requirement
Chief Executive Officer	6x base salary
Chief Operating Officer	6x base salary
Other Named Executive Officers	2x base salary

Named Executive Officers may aggregate their shareholdings to accomplish their ownership requirement, and restricted stock units and vested options count toward the ownership requirements. Newly appointed Named Executive Officers have four years from their appointment to comply with the requirements. The Board may, in its discretion, make exceptions to the policy in periods of volatile markets. As of the record date, all Named Executive Officers complied with these requirements, except for Mr. Nebel. Mr. Nebel joined the Company on July 18, 2013, upon the Company's acquisition of Longview Fibre. Accordingly, Mr. Nebel has until July 18, 2017 to comply with the stock ownership requirements, in accordance with their terms.

RISK OVERSIGHT OF COMPENSATION

The Compensation Committee assesses the risks and rewards associated with the Company's compensation programs. The Committee reviews and approves compensation programs with features designed to reward long-term achievement and discourage excessive short-term risk taking. As discussed in the Compensation Discussion & Analysis, an independent executive compensation consulting firm hired by the Committee advises the committee with respect to our executive compensation practices and programs, including their associated risks. The Committee concluded that the Company's compensation programs, taken as a whole and considered within the other financial control and approval processes in place at the Company, do not present a reasonable likelihood of having a material adverse effect on the Company.

	Cash Balance Plan	N/A	\$ 180,437	\$ 0

The Company acquired Longview Fibre Paper and Packaging, Inc. ("Longview") in July 2013. In connection with this acquisition the Company assumed the Employees' Pension Plan of Longview Fibre Paper and Packaging, Inc. (the "Plan").

Prior to January 1, 2009, the Plan was structured as a traditional pension plan pursuant to which the retirement benefits of participants were based on years of service and average ending compensation. Longview terminated and froze this aspect of the Plan on December 31, 2008. Mr. Nebel's benefit under this portion of the Plan will be \$278.81 per month payable commencing at age 65 as a single life annuity.

Effective January 1, 2009, the Plan was converted to a cash balance plan ("CB Plan"). Under the CB Plan, the benefit is based on the value of a hypothetical "cash account" in Mr. Nebel's name. The cash account is credited with pay credits at the end of each pay period. There are two pay credits: (1) a basic pay credit and (2) a supplemental pay credit. The basic pay credit is an amount equal to 5.5% of Mr. Nebel's eligible earnings for the pay period, while the supplemental pay credit is an amount equal to 4.5% of Mr. Nebel's salary for the pay period. In addition, Mr. Nebel's cash account is credited with quarterly interest credits, based on the balance at the beginning of the applicable quarter and any pay credits added to his account for that quarter. For 2014, the interest credit was calculated using an average 5.05% rate. Upon retirement, Mr. Nebel's cash account will either be converted to an annuity and he will receive a monthly benefit for his lifetime, or he has the option of receiving a lump sum payment.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

As discussed in the Compensation Discussion and Analysis, the Company generally does not agree in advance to provide post-termination or change-in-control benefits to its Named Executive Officers in the event that they terminate employment with the Company. None of the Company's Named Executive Officers has any agreement with the Company that provides for termination, severance or change-in-control benefits.

As also discussed in the Compensation Discussion and Analysis, the Committee has the authority to cause all equity awards made under the Incentive Plans to vest upon a change in control.

Stock options and restricted stock units awarded under the Incentive Plans vest immediately upon an award recipient's death, Retirement or Disability, and such stock options remain exercisable for a period of one year, but in no event may such exercise period extend beyond the expiration date of the options. The terms "Retirement" and "Disability" are defined in the Incentive Plans. Based on the closing market price of the Company's Common Stock of \$29.31 on the NYSE on December 31, 2014, the value of options and unvested restricted stock units held by each Named Executive Officer on December 31, 2014 that would vest immediately upon their respective death, Disability, or Retirement was: Mr. Stone, \$8,851,616; Mr. Kaplan, \$10,690,847; Ms. Tarbox, \$3,266,072; Mr. Keneally, \$2,297,163; and Mr. Nebel, \$730,585.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

The Board recognizes that Related Person Transactions (as defined below) can present potential or actual conflicts of interest and create the appearance that Company decisions are based on considerations other than the best interests of the Company and its stockholders. In March 2008, the Board delegated authority to the Nominating and Governance Committee to review and approve Related Person Transactions, and the Committee has adopted written procedures for the review, approval, or ratification of Related Person Transactions. Under such procedures, a "Related Person Transaction" is any transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness), or any series of similar transactions, arrangements or relationships, in which (a) the aggregate amount involved will or may be expected to exceed \$120,000 in any fiscal year, (b) the Company is or was a participant, and (c) any Related Person has or will have a material direct or indirect interest (other than solely as a result of being a director or trustee (or any similar position) or a less than 10 percent beneficial owner of another entity). A "Related Person" is any (a) person who is an executive officer, director or nominee for election as a director of the Company, (b) greater than 5 percent beneficial owner of the Company's outstanding Common Stock, or (c) Immediate Family Member of any of the foregoing. An "Immediate Family Member" is any child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law or sister-in-law and any person (other than a tenant or employee) sharing the household of a person. The Nominating and Governance Committee reviews all of the relevant facts and circumstances of all Related Person Transactions that require the Committee's approval and either approves or disapproves of the entry into the Related Person Transaction. In determining whether to approve or ratify a Related Person Transaction, the Committee will take into account, among other factors it deems appropriate, whether the Related Person Transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the Related Person's interest in the transaction.

From time to time, the Company retains the services of White Oak Aviation, LLC, an aviation services company owned by Messrs. Stone and Kaplan, for the use of an airplane to transport the Company's executive officers and directors, as well as advisors retained by the Company traveling with them, on business matters. During the year ended December 31, 2014, the Company paid White Oak Aviation an aggregate of \$560,724. White Oak Aviation, LLC invoices the Company using hourly rates and fuel charges and associated costs that are equal to or less than the market prices that it charges its third party customers. These payments were not designed to be, nor did they amount to, compensation to Messrs. Stone and Kaplan.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act, requires the Company's executive officers, directors and persons who beneficially own more than 10% of the Company's Common Stock to file initial reports of ownership and reports of changes in ownership with the SEC. SEC regulations require these individuals to give the Company copies of all Section 16(a) reports they file.

Based solely on its review of reports that were furnished to the Company and written representations from our executive officers and directors, the Company believes that its executive officers, directors and greater than 10% stockholders complied with all filing requirements related to Section 16(a) during 2014.

CODE OF ETHICS

The Company adopted a Code of Conduct and Ethics applicable to all directors, executive officers and employees of the Company including its Chief Executive Officer and Chief Financial Officer. The Code of Conduct and Ethics addresses, among other things, the items included in the definition of

PROPOSAL 2

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has appointed Ernst & Young LLP as the independent registered public accounting firm to audit the Company's consolidated financial statements for the fiscal year ending December 31, 2015. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting of Stockholders with the opportunity to make a statement if the representatives desire to do so, and to be available to respond to appropriate questions.

The affirmative vote of the holders of a majority of the shares of Common Stock represented and entitled to vote at the meeting is required for ratification of this appointment. Abstentions will not have any effect upon the outcome of voting with respect to this proposal. Because this proposal is considered a routine matter, there will not be any broker non-votes with respect to this proposal and your broker will have the discretion to vote your shares on this proposal even if you do not provide voting instructions.

Although there is no requirement that Ernst & Young LLP's appointment be terminated if the ratification fails, the Audit Committee will consider the appointment of other independent registered public accounting firms if the stockholders choose not to ratify the appointment of Ernst & Young LLP. The Audit Committee may terminate the appointment of Ernst & Young LLP as the Company's independent registered accounting firm without the approval of the stockholders whenever the Audit Committee deems such termination appropriate.

Amounts paid by the Company to Ernst & Young LLP for all services rendered in 2014 and 2013 are disclosed on page 22 of this Proxy Statement.

The Board of Directors and the Audit Committee Recommend a Vote "FOR" the Ratification of the Appointment of Ernst & Young LLP as the Company's Independent Registered Public Accounting Firm for the Fiscal Year Ending December 31, 2015.

PROPOSAL 3

APPROVAL OF THE COMPANY'S EXECUTIVE COMPENSATION

Pursuant to Section 14A of the Exchange Act, the Company asks that you indicate your approval, on a non-binding basis, of a resolution relating to the compensation of its named executive officers as disclosed in this Proxy Statement under the heading "Executive Compensation." This is the fourth year that the Company is asking stockholders to vote on this type of proposal, known as a "say-on-pay" vote. At the Annual Meeting of Stockholders held in 2014, of the total vote cast, approximately 90% of the Company's stockholders voted in favor of the Company's say-on-pay proposal. At the 2011 Annual Meeting, stockholders were asked to vote on a proposal seeking their views as to whether the say-on-pay vote should be held every year, every two years or every three years. A majority of stockholders voting on the matter indicated a preference for holding such vote on an annual basis. Accordingly, the Board decided, as previously disclosed, that the advisory vote on named executive officer compensation will be held on an annual basis at least until the next non-binding stockholder vote on the frequency with which future say-on-pay votes should be held.

As described in detail under the heading "Executive Compensation" and in the related tables and disclosures, our executive compensation programs are designed to attract, motivate, and retain our named executive officers, who are critical to our success.

The affirmative vote of the holders of a majority of the shares of Common Stock represented and entitled to vote at the meeting is required for approval of this proposal. Neither abstentions nor broker non-votes will have any effect upon the outcome of voting with respect to this proposal. Even though this say-on-pay vote is advisory and therefore will not be binding on the Company, the Compensation Committee and the Board value the opinions of our stockholders. The outcome of the vote, along with other relevant factors, will be considered when making future executive compensation decisions.

For the reasons discussed above and under the heading "Executive Compensation," we are asking our stockholders to indicate their support for our named executive officer compensation by voting FOR the following resolution at the Annual Meeting.

RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation paid to the named executive officers, as disclosed in the Proxy Statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission (which disclosure includes the Compensation Discussion and Analysis, the Summary Compensation Table and other related tables and disclosure).

The Board of Directors Recommends a Vote "FOR" the Approval of the Advisory Resolution Relating to the Company's Compensation of Our Named Executive Officers as Disclosed in this Proxy Statement.

ADDITIONAL INFORMATION

Our Bylaws contain procedures governing how stockholders can propose other business to be considered at a stockholder meeting or nominate directors. The SEC has also adopted regulations (Rule 14a-8 under the Exchange Act) that govern the inclusion of stockholder proposals in the Company's annual proxy materials.

Notice Requirements. A stockholder wishing to propose business to be considered at a meeting or nominate a director at a meeting must give timely notice to the Company's Vice President, Secretary, and General Counsel. A full description of the information that must be provided in the notice is set forth in Article II, Section 4 of the Company's Bylaws, which are available on the Governance tab of the Company's website at <http://governance.kapstonepaper.com>.

Notice Deadlines. Stockholder proposals submitted pursuant to Rule 14a-8 for possible inclusion in the Company's proxy materials relating to its 2016 Annual Meeting must be received by December 2, 2015.

Alternatively, under the Company's Bylaws, if a stockholder wants to submit a proposal or nominate a director for the Company's annual meeting of stockholders but does not want to include it in the Company's proxy materials, written notice of such stockholder proposal or nomination must be delivered to the Company's Vice President, Secretary, and General Counsel not less than 90 nor more than 120 days prior to the first anniversary of the date on which the Company first mailed its proxy materials for the prior year's annual meeting. However, if the Company's annual meeting is advanced or delayed by more than 30 days from the anniversary of the previous year's meeting, a stockholder's written notice will be timely if it is delivered not earlier than 120 days prior to such annual meeting and by the later of the 90th day prior to such annual meeting or the 10th day following the announcement of the date of the meeting.

For our 2016 Annual Meeting for stockholder proposals or nominations not proposed to be included in the Company's proxy materials, our Bylaws therefore require that notice of such stockholder proposals or nominations must be delivered between December 2, 2015 and January 1, 2016, unless the Company's 2016 Annual Meeting takes place before April 14, 2016, or after June 13, 2016, in which case stockholder proposals or nominations must be delivered not earlier than 120 days prior to the 2016 Annual Meeting and before the later of 90 days before the date of the 2016 Annual Meeting or the 10th day following the announcement of the date of the 2016 Annual Meeting. If stockholders do not comply with these Bylaw notice deadlines, the Company reserves the right not to submit the stockholder proposals or nominations to a vote at its annual meetings

Where to Send Notice. Notice of stockholder proposals or nominations must be addressed to the Company at its principal executive offices at 1101 Skokie Boulevard, Suite 300, Northbrook, IL 60062, Attention: Vice President, Secretary, and General Counsel.

At a special meeting of stockholders, only such business shall be conducted as shall have been brought before the meeting pursuant to the Company's notice of meeting.

Stockholders should carefully review the Company's Bylaws and Rule 14a-8 under the Exchange Act to ensure that they have satisfied all of the requirements necessary either to propose other business or nominate a director at a stockholder meeting or to request the inclusion of a stockholder proposal in the Company's annual proxy materials.

Householding. The SEC permits us to deliver a single copy of the notice, annual report and proxy statement to stockholders who have the same address and last name, unless we have received contrary instructions from such stockholders. Each stockholder will continue to receive a separate proxy card. This procedure, called "householding," will reduce the volume of duplicate information you receive and reduce our printing and postage costs. We will promptly deliver a separate copy of the annual report

and proxy statement to any such stockholder upon written or oral request. A stockholder wishing to receive a separate annual report or proxy statement can notify us at KapStone Paper and Packaging Corporation, 1101 Skokie Blvd., Suite 300, Northbrook, IL 60062, telephone: 847-239-8800.
