Sincerely,

Thomas G. Wiggans
Chief Executive Officer and Chairman of the Board

YOUR VOTE IS IMPORTANT

All stockholders are cordially invited to attend the meeting in person. Whether or not you plan to attend the meeting, you may submit your proxy and voting instructions via the Internet or by telephone, or, if you receive a paper proxy card and voting instructions by mail, you may vote your shares by completing, signing and dating the proxy card as promptly as possible and returning it in the enclosed envelope (to which no postage need be affixed if mailed in the United States). Even if you have given your proxy, you may still vote in person if you attend the meeting. Please note, however, that if your shares are held of record by a broker, bank or other nominee and you wish to vote at the meeting, you must obtain from the record holder a proxy issued in your name. You may revoke a previously delivered proxy at any time prior to the meeting. You may do so automatically by voting in person at the meeting, or by delivering to Dermira a written notice of revocation or a duly executed proxy bearing a date later than the date of the proxy being revoked.

PROXY STATEMENT FOR THE 2016 ANNUAL MEETING OF STOCKHOLDERS

April 28, 2016

Information About Solicitation and Voting

The accompanying proxy is solicited on behalf of Dermira, Inc.'s board of directors for use at Dermira, Inc.'s 2016 Annual Meeting of Stockholders to be held at our headquarters located at 275 Middlefield Road, Suite 150, Menlo Park, California 94025 on Tuesday, June 21, 2016, at 10:00 a.m. (Pacific Time), and any adjournment or postponement thereof. This proxy statement and the accompanying form of proxy were first mailed to stockholders on or about April 28, 2016. An annual report for the year ended December 31, 2015 is enclosed with this proxy statement. The notice of annual meeting, proxy statement, and annual report are available by visiting www.proxyvote.com and typing in the control number as set forth (i) on the proxy card (for stockholders of record), or (ii) on the voting instruction form (for individuals who hold shares through a broker, bank, trustee, or nominee).

General Information About the Meeting

Purpose of the Meeting

You are receiving this proxy statement because the Board is soliciting your proxy to vote your shares at the Annual Meeting with respect to the proposals described in this proxy statement. This proxy statement includes information that we are required to provide to you pursuant to the rules and regulations of the U.S. Securities and Exchange Commission ("SEC") and is designed to assist you in voting your shares.

Record Date; Quorum

Only holders of record of our common stock at the close of business on April 25, 2016, the record date, will be entitled to vote at the meeting. At the close of business on April 25, 2016, we had 30,016,737 shares of common stock outstanding and entitled to vote. For 10 days prior to the meeting, a complete list of the stockholders entitled to vote at the meeting will be available for examination by any stockholder for any purpose relating to the meeting during ordinary business hours at our headquarters.

The holders of a majority of the voting power of the shares of stock entitled to vote at the meeting as of the record date must be present at the meeting in order to hold the meeting and conduct business. This presence is called a quorum. Your shares are counted as present at the meeting if you are present and vote in person at the meeting or if you have properly submitted a proxy.

Voting Rights; Required Vote

In deciding all matters at the Annual Meeting, each holder of shares of common stock is entitled to one vote for each share of common stock held as of the close of business on April 25, 2016. We do not have cumulative voting rights for the election of directors. You may vote all shares owned by you as of April 25, 2016, including (1) shares held directly in your name as the stockholder of record and (2) shares held for you as the beneficial owner in street name through a broker, bank, trustee, or other nominee.

Edgar Filing: Dermira, Inc. - Form DEF 14A

Table of Contents

Stockholder of Record: Shares Registered in Your Name. If, on April 25, 2016, your shares were registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, LLC, then you are considered the stockholder of record with respect to those shares. As a stockholder of record, you may vote at the meeting or vote by telephone, through the Internet or, if you request or receive paper proxy materials, by mail, by filling out and returning the proxy card.

Beneficial Owner: Shares Registered in the Name of a Broker or Nominee. If, on April 25, 2016, your shares were held in an account with a brokerage firm, bank or other nominee, then you are the beneficial owner of the shares held in street name. As a beneficial owner, you have the right to direct your nominee on how to vote the shares held in your account, and your nominee has enclosed or provided voting instructions for you to use in directing it on how to vote your shares. However, the organization that holds your shares is considered the stockholder of record for purposes of voting at the meeting. Because you are not the stockholder of record, you may not vote your shares at the meeting unless you request and obtain a valid proxy from the organization that holds your shares giving you the right to vote the shares at the meeting.

Each director will be elected by a plurality of the votes cast, which means that the three individuals nominated for election to the board of directors at the meeting receiving the highest number of "FOR" votes will be elected. You may either vote "FOR" all of the nominees, "WITHHOLD" your vote with respect to all of the nominees or "FOR" all of the nominees except for any of the nominees that you specify. Ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the year ending December 31, 2016 will be obtained if the number of votes cast "FOR" the proposal at the meeting exceeds the number of votes "AGAINST" the proposal. Abstentions (shares present at the meeting and marked "abstain") are counted for purposes of determining whether a quorum is present, and have no effect on the outcome of the matters voted upon. Broker non-votes occur when shares held by a broker for a beneficial owner are not voted either because (1) the broker did not receive voting instructions from the beneficial owner, or (2) the broker lacked discretionary authority to vote the shares. Broker non-votes are counted for purposes of determining whether a quorum is present, and have no effect on the outcome of the matters voted upon. Note that if you are a beneficial holder and do not provide specific voting instructions to your broker, the broker that holds your shares will not be authorized to vote on the election of directors. Accordingly, we encourage you to provide voting instructions to your broker, whether or not you plan to attend the meeting.

Recommendations of the Board of Directors on Each of the Proposals Scheduled to be Voted on at the Meeting

The board of directors recommends that you vote **FOR** all of the Class II directors named in this proxy statement (Proposal No. 1) and **FOR** the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the year ending December 31, 2016 (Proposal No. 2). None of the directors or executive officers has any substantial interest in any matter to be acted upon, other than elections to office with respect to the directors so nominated.

Voting Instructions; Voting of Proxies

If you are a stockholder of record, you may:

vote in person we will provide a ballot to stockholders who attend the meeting and wish to vote in person;

vote by telephone or through the Internet in order to do so, please follow the instructions shown on your proxy card; or

vote by mail if you request or receive a paper proxy card and voting instructions by mail, simply complete, sign and date the enclosed proxy card and return it before the meeting in the

envelope provided or, if the envelope is missing, please mail your completed proxy card to Vote Processing, c/o Broadridge Financial Solutions, Inc., 51 Mercedes Way, Edgewood, New York 11717.

Votes submitted by telephone or Internet must be received by 11:59 p.m. Eastern Time on June 20, 2016. Submitting your proxy, whether by telephone, through the Internet or, if you request or receive a paper proxy card, by mail, will not affect your right to vote in person should you decide to attend the meeting. If you are not the stockholder of record, please refer to the voting instructions provided by your nominee to direct it how to vote your shares. You may either vote "FOR" all of the nominees to the board of directors, "WITHHOLD" your vote with respect to all of the nominees or "FOR" all of the nominees except for any of the nominees that you specify. For any other matter to be voted on you may vote "FOR" or "AGAINST" or "ABSTAIN" from voting. Your vote is important. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure that your vote is counted.

All proxies will be voted in accordance with the instructions specified on the proxy card. If you sign a physical proxy card and return it without instructions as to how your shares should be voted on a particular proposal at the meeting, your shares will be voted in accordance with the recommendations of our board of directors stated above.

If you do not vote and you hold your shares in street name, and your broker does not have discretionary power to vote your shares, your shares may constitute "broker non-votes" (as described above) and will not be counted in determining the number of shares necessary for approval of the proposals. However, shares that constitute broker non-votes will be counted for the purpose of establishing a quorum for the meeting.

If you receive more than one proxy card, your shares are registered in more than one name or are registered in different accounts. To make certain all of your shares are voted, please follow the instructions included on each proxy card and vote each proxy card by telephone, through the Internet or by mail. If you requested or received paper proxy materials and you intend to vote by mail, please complete, sign and return each proxy card you received to ensure that all of your shares are voted.

Expenses of Soliciting Proxies

Dermira will pay the expenses of soliciting proxies, including preparation, assembly, printing and mailing of this proxy statement, the proxy and any other information furnished to stockholders. Following the original mailing of the soliciting materials, Dermira and its agents may solicit proxies by mail, email, telephone, facsimile, by other similar means or in person. Our directors, officers, and other employees, without additional compensation, may solicit proxies personally or in writing, by telephone, email, or otherwise. Following the original mailing of the soliciting materials, Dermira will request brokers, custodians, nominees and other record holders to forward copies of the soliciting materials to persons for whom they hold shares and to request authority for the exercise of proxies. In such cases, Dermira, upon the request of the record holders, will reimburse such holders for their reasonable expenses. If you choose to access the proxy materials and/or vote through the Internet, you are responsible for any Internet access charges you may incur.

Revocability of Proxies

A stockholder of record who has given a proxy may revoke it at any time before it is exercised at the meeting by:

delivering to the Corporate Secretary of Dermira (by any means, including facsimile) a written notice stating that the proxy is revoked;

signing and delivering a proxy bearing a later date;

voting again by telephone or through the Internet; or

attending and voting at the meeting (although attendance at the meeting will not, by itself, revoke a proxy).

Please note, however, that if your shares are held of record by a broker, bank or other nominee and you wish to revoke a proxy, you must contact that firm to revoke any prior voting instructions.

Voting Results

A representative of our mailing agent, Broadridge Financial Solutions, Inc., will tabulate the votes and act as inspector of elections for the meeting. The preliminary voting results will be announced at the meeting and posted on our website at <http://investor.dermira.com>. The final results will be tallied by the inspector of elections and filed with the SEC in a current report on Form 8-K within four business days of the meeting.

BOARD OF DIRECTORS AND COMMITTEES OF THE BOARD; CORPORATE GOVERNANCE STANDARDS AND DIRECTOR INDEPENDENCE

Dermira is strongly committed to good corporate governance practices. These practices provide an important framework within which our board of directors and management can pursue our strategic objectives for the benefit of our stockholders.

Corporate Governance Guidelines

Our board of directors has adopted Corporate Governance Guidelines that set forth expectations for directors, director independence standards, board committee structure and functions, and other policies for the governance of the company. Our Corporate Governance Guidelines are available without charge on the "Investors" section of our website, which is located at <http://investor.dermira.com>, by clicking on "Corporate Governance Guidelines" in the "Corporate Governance" section of our website. Our nominating and corporate governance committee reviews the Corporate Governance Guidelines periodically, and changes are recommended to our board of directors as warranted.

Board Leadership Structure

Our Corporate Governance Guidelines provide that our board of directors shall be free to choose its chairperson in any way that it considers in the best interests of our company, and that the nominating and corporate governance committee shall periodically consider the leadership structure of our board of directors and make recommendations to the board of directors with respect thereto as appropriate. Our Corporate Governance Guidelines also provide that, when the positions of chairperson and chief executive officer are held by the same person, the independent directors shall designate a "lead independent director." In cases in which the chairperson and chief executive officer are the same person, the chairperson schedules and sets the agenda for meetings of the board of directors in consultation with the lead independent director, and the chairperson, or if the chairperson is not present, the lead independent director, chairs such meetings. The responsibilities of the chairperson or, if the chairperson and the chief executive officer are the same person, the lead independent director, include: presiding at executive sessions of independent directors, serving as a liaison between the chairperson and the independent directors of our board of directors, consulting with the chairperson regarding the information sent to the board of directors in connection with its meetings, having the authority to call meetings of the board of directors and meetings of the independent directors and performing such other functions and responsibilities as requested by the board of directors from time to time.

Table of Contents

Our board of directors believes that our stockholders and we currently are best served by having Thomas G. Wiggans, our Chief Executive Officer, serve as Chairman and Fred B. Craves serve as our lead independent director. Our board of directors believes that the current board leadership structure, coupled with a strong emphasis on board independence, provides effective independent oversight of management while allowing the board and management to benefit from Mr. Wiggans' extensive executive leadership and operational experience, including familiarity with our business as a founder and Chief Executive Officer and his experience serving on the boards of directors, including as chairman, of other public companies. Independent directors and management sometimes have different perspectives and roles in strategy development. Our independent directors bring experience, oversight and expertise from outside of our company, while the Chief Executive Officer brings company-specific experience and expertise. Our board of directors believes that Mr. Wiggans' combined role enables strong leadership, creates clear accountability, and enhances our ability to communicate our message and strategy clearly and consistently to stockholders. Our board of directors believes that its independence and oversight of management is maintained effectively through this leadership structure, including the role and responsibilities of the lead independent director, the composition of the board of directors and sound corporate governance policies and practices.

Role of Board in Risk Oversight

Our board of directors, as a whole, has responsibility for risk oversight, although the committees of our board of directors oversee and review risk areas that are particularly relevant to them. The risk oversight responsibility of our board of directors and its committees is supported by our management reporting processes, which are designed to provide visibility to the board of directors and to our personnel that are responsible for risk assessment and information about the identification, assessment and management of critical risks and management's risk mitigation strategies. These areas of focus include competitive, economic, operational, financial (accounting, credit, investment, liquidity and tax), legal, regulatory, compliance and reputational risks.

Each committee of the board of directors meets in executive session with key management personnel and representatives of outside advisors to oversee risks associated with their respective principal areas of focus. Our audit committee reviews our major financial risk exposures and the steps management has taken to monitor and control such exposures, including our risk assessment and risk management policies and guidelines. Our compensation committee evaluates our major compensation-related risk exposures and the steps management has taken to monitor or mitigate such exposures. Our nominating and corporate governance committee reviews and discusses the narrative disclosure regarding our board of directors' leadership structure and role in risk oversight. Our science and technology committee reviews our risk exposures in areas relating to our research and development activities, clinical development programs and intellectual property.

Agreements Applicable to Certain Directors

In March 2014, we entered into a development and commercialization agreement (the "UCB Agreement") with UCB Pharma S.A. ("UCB"). Pursuant to the UCB Agreement, UCB is entitled to designate one member of our board of directors, currently Mark D. McDade, and we have agreed not to remove the UCB designee from our board of directors and to re-nominate the UCB designee for election to our board of directors at each annual meeting of stockholders taking place until the earliest of the date that (1) Dermira has terminated the UCB Agreement for certain breaches of UCB, (2) UCB has terminated the UCB Agreement for certain breaches of Dermira, (3) UCB ceases to own 50% of the shares of Dermira that it has purchased directly from Dermira, (4) Dermira consummates a change of control, (5) specified time periods after the termination of the UCB Agreement, other than termination for a breach, have lapsed and (6) the later of the date on which (a) all valid claims under a patent relevant to the UCB Agreement have expired or the last unexpired valid claim of this patent is declared invalid and (b) the net sales of Cimzia to dermatologists in a calendar year during the term of

Table of Contents

the UCB Agreement are less than a specified percentage of the net sales of Cimzia to dermatologists in any prior calendar year during the term of the UCB Agreement. Other than the foregoing provisions of the UCB Agreement, there are no contractual obligations regarding the election of our directors.

Independence of Directors

Our board of directors determines the independence of our directors by applying the applicable rules, regulations and listing standards of The NASDAQ Stock Market LLC ("NASDAQ"). These provide that a director is independent if, in the opinion of that company's board of directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

Applying these standards, the board annually reviews the independence of the company's directors, taking into account all relevant facts and circumstances. In its most recent review, the board considered, among other things, the relationships that each non-employee director has with our company and all other facts and circumstances our board of directors deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director.

Based upon this review, our board of directors has determined that David E. Cohen, Fred B. Craves, Matthew K. Fust, Jake R. Nunn, William R. Ringo and Kathleen Sebelius, representing six of our nine directors, are currently independent as determined under applicable NASDAQ rules, regulations and listing standards. Our board of directors also previously determined that Wende S. Hutton, whose term on our board of directors ended in December 2015, was independent as determined under applicable NASDAQ rules, regulations and listing standards. In making these determinations, our board of directors reviewed and discussed information provided by the directors and us with regard to each director's business and personal activities and relationships as they may relate to us and our management, including the beneficial ownership of our capital stock by each non-employee director and the transactions involving them described in the section titled "Certain Relationships and Related Party Transactions." In particular, our board of directors considered each of the following:

Dr. Cohen's service as one of our scientific advisors from July 2010 to June 2014 and his receipt of advisory fees in connection with such role; and

Mr. Fust's service as an executive officer of Onyx Pharmaceuticals, Inc. from January 2009 until Onyx's acquisition by Amgen Inc. in October 2013, during which time Mr. Wiggans served as a member of Onyx's board of directors and as a member of its compensation committee.

All members of our audit committee, compensation committee and nominating and corporate governance committee must be independent directors under the applicable NASDAQ rules, regulations and listing standards. Members of the audit committee must also satisfy a separate SEC independence requirement, which provides that they may not (1) accept, directly or indirectly, any consulting, advisory or other compensatory fee from Dermira or any of its subsidiaries other than their directors' compensation (including in connection with such member's service as a partner, member or principal of a law firm, accounting firm or investment banking firm that accepts consulting or advisory fees from Dermira or any of its subsidiaries) or (2) be an affiliated person of Dermira or any of its subsidiaries. Members of the compensation committee also must satisfy a separate SEC independence requirement and a related NASDAQ listing standard relating to their affiliation with Dermira and what advisory, consulting or other fees they may have received from Dermira. Our board of directors has determined that all members of our audit committee, compensation committee and nominating and corporate governance committee are independent and all members of our audit committee satisfy the relevant SEC and NASDAQ independence requirements for the members of such committee.

Table of Contents

Committees of Our Board of Directors

Our board of directors has established an audit committee, a compensation committee, a nominating and corporate governance committee and a science and technology committee. The composition and responsibilities of each committee are described below. Each of these committees has a written charter approved by the board of directors. Copies of the charters for each committee are available, without charge, upon request in writing to Dermira, Inc., 275 Middlefield Road, Suite 150, Menlo Park, CA 94025, Attn: Legal Department, or in the "Investors" section of our website, which is located at <http://investor.dermira.com>, by clicking on "Documents & Charters" in the "Corporate Governance" section of our website. Members serve on these committees until their resignations or until otherwise determined by our board of directors.

Audit Committee

Our audit committee is comprised of Dr. Cohen and Messrs. Fust and Ringo. Mr. Fust is the Chairperson of our audit committee. Each member of our audit committee meets the requirements for independence under current NASDAQ listing standards and SEC rules and regulations and is financially literate as required by NASDAQ listing standards. In addition, our board of directors has determined that Mr. Fust is an "audit committee financial expert" as defined in Item 407(d)(5)(ii) of Regulation S-K promulgated under the Securities Act. This designation does not impose any duties, obligations or liabilities that are greater than those generally imposed on members of our audit committee and our board of directors. Our audit committee is directly responsible for, among other things:

selecting a firm to serve as the independent registered public accounting firm to audit our financial statements;

ensuring the independence of the independent registered public accounting firm;

discussing the scope and results of the audit with the independent registered public accounting firm and reviewing, with management and that firm, our interim and year-end operating results;

establishing procedures for employees to anonymously submit concerns about questionable accounting or audit matters;

considering the adequacy of our internal controls and internal audit function;

reviewing material related party transactions or those that require disclosure; and

approving or, as permitted, pre-approving all audit and non-audit services to be performed by the independent registered public accounting firm.

Compensation Committee

Our compensation committee is comprised of Dr. Craves and Messrs. Fust and Ringo. Dr. Craves is the Chairperson of our compensation committee. Ms. Hutton served as the Chairperson of our compensation committee until December 11, 2015 and as a member of our compensation committee until her resignation on December 31, 2015 and Dr. Craves joined the compensation committee in September 2015 and became Chairperson on December 11, 2015. The composition of our compensation committee meets the requirements for independence under current NASDAQ listing standards and SEC rules and regulations. Each member of our compensation committee is (1) an outside director, as defined pursuant to Section 162(m) of the Code, and (2) a non-employee director, as defined in Rule 16b-3 promulgated under the Exchange Act. Our compensation committee is responsible for, among other things:

reviewing and approving the compensation of our executive officers;

reviewing and recommending to our board of directors the compensation of our directors;

Table of Contents

administering our stock and equity incentive plans;

reviewing and approving, or making recommendations to our board of directors with respect to, incentive compensation and equity plans; and

reviewing our overall compensation philosophy.

The compensation committee has the exclusive authority and responsibility to determine all aspects of executive compensation packages for executive officers, including the chief executive officer, and makes recommendations to our board of directors regarding the compensation of non-employee directors. The compensation committee may take into account the recommendations of the board of directors (or any member thereof) with respect to compensation of the executive officers.

In 2015, the compensation committee engaged an external compensation consultant, Radford Consulting (an Aon Hewitt company), to evaluate our executive compensation program and practices and to provide advice and ongoing assistance on executive compensation matters for the year ended December 31, 2015 and the year ending December 31, 2016. Specifically, Radford was engaged to:

provide compensation-related data for a peer group of companies to serve as a basis for assessing competitive compensation practices;

review and assess our chief executive officer and other executive officer compensation policies and practices and equity grant profile relative to market practices;

review and assess our executive compensation program relative to market to identify any potential changes or enhancements to be brought to the attention of the compensation committee; and

review market practices on equity grant programs and employee stock purchase plans.

Other than the services described above and the provision of a subscription to surveys for executive and non-executive market data, for which we were billed a total of \$59,780 in 2015, Radford has not provided our company or our compensation committee with any other services for the year ended December 31, 2015. Representatives of Radford attend regular meetings of the compensation committee, including independent direction sessions from time to time without any members of management present. Radford works directly with our compensation committee (and not on behalf of management) to assist the committee in satisfying its responsibilities and will undertake no projects for management without the committee's prior approval. The compensation committee has determined that Radford does not have any conflicts of interest in advising the compensation committee under applicable SEC and NASDAQ rules and regulations.

The compensation committee has delegated, in accordance with applicable law, rules and regulations and our certificate of incorporation and bylaws, to an equity award committee comprised of the chief executive officer and chief financial officer of our company, the authority to make certain types of equity awards to employees other than specified officers or directors under our company's 2014 Equity Incentive Plan pursuant to the terms of such plan and the equity award guidelines approved by our compensation committee.

NOMINATIONS PROCESS AND DIRECTOR QUALIFICATIONS

Nomination to the Board of Directors

Candidates for nomination to our board of directors are selected by our board of directors based on the recommendation of the nominating and corporate governance committee in accordance with the committee's charter, our certificate of incorporation and bylaws, our Corporate Governance Guidelines and the criteria adopted by the board of directors regarding director candidate qualifications. In recommending candidates for nomination, the nominating and corporate governance committee considers candidates recommended by directors, officers, employees, stockholders and others, using the same criteria to evaluate all candidates. Evaluations of candidates generally involve a review of background materials, internal discussions and interviews with selected candidates as appropriate and, in addition, the committee may engage consultants or third-party search firms to assist in identifying and evaluating potential nominees.

Additional information regarding the process for properly submitting stockholder nominations for candidates for membership on our board of directors is set forth below under "Stockholder Proposals to Be Presented at Next Annual Meeting."

Director Qualifications

With the goal of developing a diverse, experienced and highly-qualified board of directors, the nominating and corporate governance committee is responsible for considering and recommending to the board of directors the desired qualifications, expertise and characteristics of members of our board of directors, including any specific minimum qualifications that the committee believes must be met by a committee-recommended nominee for membership on the board of directors and any specific qualities or skills that the committee believes are necessary for one or more of the members of the board of directors to possess.

Since the identification, evaluation and selection of qualified directors is a complex and subjective process that requires consideration of many intangible factors, and will be significantly influenced by the particular needs of the board of directors from time to time, our board of directors has not adopted a specific set of minimum qualifications, qualities or skills that are necessary for a nominee to possess, other than those that are necessary to meet U.S. legal, regulatory and NASDAQ listing requirements and the provisions of our certificate of incorporation, bylaws, Corporate Governance Guidelines and charters of the board committees. In addition, neither the board of directors nor the nominating and corporate governance committee has a formal policy with regard to the consideration of diversity in identifying nominees. When considering nominees, the nominating and corporate governance committee may take into consideration many factors including, among other things, a candidate's independence, integrity, skills, financial and other expertise, breadth of experience, knowledge about our business or industry and ability to devote adequate time and effort to responsibilities of the board of directors in the context of its existing composition. Through the nomination process, the nominating and corporate governance committee seeks to promote board membership that reflects a diversity of business experience, expertise, viewpoints, personal backgrounds and other characteristics that are expected to contribute to the board of directors' overall effectiveness. The brief biographical description of each director set forth in Proposal No. 1 below includes the primary individual experience, qualifications, attributes and skills of each of our directors that led to the conclusion that each director should serve as a member of our board of directors at this time.

Table of Contents**PROPOSAL NO. 1****ELECTION OF DIRECTORS**

Our board of directors currently consists of nine directors and is divided into three classes. Each class serves for three years, with the terms of office of the respective classes expiring in successive years. Directors in Class II will stand for election at our annual meeting to be held on June 21, 2016. The terms of office of directors in Class I and Class III do not expire until the annual meetings of stockholders held in 2018 and 2017, respectively. At the recommendation of our nominating and corporate governance committee, our board of directors proposes that each of the three Class II nominees named below, each of whom is currently serving as a director in Class II, be elected as a Class II director for a three-year term expiring at the 2019 annual meeting of stockholders and until such director's successor is duly elected and qualified or until such director's earlier death, resignation or removal.

Shares represented by proxies will be voted "FOR" the election of each of the three nominees named below, unless the proxy is marked to withhold authority to so vote. If any nominee for any reason is unable to serve or for good cause will not serve, the proxies may be voted for such substitute nominee as the proxy holder might determine. Each nominee has consented to being named in this proxy statement and to serve if elected. Proxies may not be voted for more than three directors. Stockholders may not cumulate votes for the election of directors.

The terms and conditions of his employment offer letter provided for an annual base salary of \$337,000, subject to adjustment from time to time, and eligibility for an annual bonus, health insurance and other employee benefits as we establish for our employees from time to time. His employment offer letter provided for the grant of an option to purchase 180,513 shares of our common stock, with a purchase price equal to the fair market value on the date of grant as approved by Dermira's Board of Directors. Additionally, Mr. Guggenhime's employment letter provided for an option grant to purchase a number of shares to be determined following the closing of our next preferred stock financing. In satisfaction of the terms of the offer letter, Mr. Guggenhime received an option grant to purchase 180,513 shares of our common stock in June 2014 and an additional option grant to purchase 73,287 shares in October 2014.

Dr. Bauer's Offer Letter

On November 1, 2010, we entered into an employment agreement with Dr. Bauer in connection with his appointment as our Chief Medical Officer, which we subsequently amended and restated on August 4, 2011. The terms and conditions of his amended employment agreement provided for an annual base salary of \$162,500, subject to adjustment from time to time, and eligibility for an annual bonus, health insurance and other employee benefits as we establish for our employees from time to time.

Other Benefits

In addition to the other arrangements described in this section, upon a termination of employment, each Named Executive Officer is eligible to receive any benefits accrued under our broad-based benefit plans, such as accrued vacation pay and 401(k) benefits, in accordance with those plans and policies.

Potential Payments upon Termination or Change in Control

In September 2014, we adopted a severance and change in control policy applicable to our Named Executive Officers and certain other employees pursuant to which each Named Executive Officer entered into a severance and change in control agreement that superseded all previous severance and change of control arrangements we had entered into with our Named Executive Officers. The severance and change in control agreement has a term of three years, which renews unless we provide written notice of non-renewal. Under the severance and change in control agreement:

If we terminate the employment of any of our Named Executive Officers without cause (as defined in the severance and change in control agreement), or such Named Executive Officer resigns for good reason (as defined in the severance and change in control agreement), and such Named Executive Officer has executed a general release of claims in a form prescribed by us, such Named Executive Officer would be entitled to:

severance in the amount of 12 months of his then current annual base salary for Mr. Wiggans and nine months of his then current annual base salary for Mr. Guggenhime and Dr. Bauer, paid in accordance with our standard payroll procedures; and

if such Named Executive Officer has elected to continue his health insurance coverage, the monthly benefits premium under COBRA for 12 months for Mr. Wiggans and for nine months for Mr. Guggenhime and Dr. Bauer.

If, three months prior to a change in control (as defined in the severance and change in control agreement) or 12 months following a change of control, we terminate a Named Executive Officer's employment without cause or such Named Executive Officer resigns for good reason, and such Named Executive Officer has executed a general release of claims in a form prescribed by us, such Named Executive Officer would be entitled to:

severance in the amount of (1) 18 months of his then current annual base salary for Mr. Wiggans and 15 months of his then current annual base salary for Mr. Guggenhime and Dr. Bauer, paid in accordance with our standard payroll procedures, and (2) 150% of the annual target bonus for Mr. Wiggans and 125% of the annual target bonuses for Mr. Guggenhime and Dr. Bauer;

if such Named Executive Officer has elected to continue his health insurance coverage, the monthly benefits premium under COBRA for 18 months for Mr. Wiggans and for 15 months for Mr. Guggenhime and Dr. Bauer; and

the shares underlying all unvested equity awards held by each such Named Executive Officer immediately prior to such termination will become 100% vested and exercisable.

401(k) Plan

We sponsor a retirement plan intended to qualify for favorable tax treatment under Section 401(a) of the Code, containing a cash or deferred feature that is intended to meet the requirements of Section 401(k) of the Code. U.S. employees who have attained at least 21 years of age are generally eligible to participate in the plan on the first day of the calendar month following the employees' date of hire, subject to certain eligibility requirements. Participants may make pre-tax contributions to the plan from their eligible earnings up to the statutorily prescribed annual limit on pre-tax contributions under the Code. Participants who are 50 years of age or older may contribute additional amounts based on the statutory limits for catch-up contributions. Pre-tax contributions by participants and the income earned on those contributions are generally not taxable to participants until withdrawn. Participant contributions are held in trust as required by law. No minimum benefit is provided under the plan. An employee's interest in his or her pre-tax deferrals is 100% vested when contributed. Although the plan provides for a discretionary employer matching contribution, to date we have not made such a contribution on behalf of employees. The Plan permits all eligible Plan participants to contribute between 1% and 100% of eligible compensation, on a pre-tax basis, into their accounts.

Limitations on Liability and Indemnification Matters

Our restated certificate of incorporation contains provisions that limit the liability of our directors for monetary damages to the fullest extent permitted by the Delaware General Corporation Law ("DGCL"). Consequently, our directors will not be personally liable to us or our stockholders for monetary damages for any breach of fiduciary duties as directors, except liability for:

any breach of the director's duty of loyalty to us or our stockholders;

any act or omission not in good faith or that involves intentional misconduct or a knowing violation of law;

unlawful payments of dividends or unlawful stock repurchases or redemptions as provided in Section 174 of the DGCL; or

Table of Contents

any transaction from which the director derived an improper personal benefit.

Our restated certificate of incorporation and our restated bylaws require us to indemnify our directors and officers to the maximum extent not prohibited by the DGCL and allow us to indemnify other employees and agents as set forth in the DGCL. Subject to certain limitations, our restated bylaws also require us to advance expenses incurred by our directors and officers for the defense of any action for which indemnification is required or permitted.

We have entered, and intend to continue to enter, into separate indemnification agreements with our directors, officers and certain of our key employees, in addition to the indemnification provided for in our restated certificate of incorporation and restated bylaws. These agreements, among other things, require us to indemnify our directors, officers and key employees for certain expenses, including attorneys' fees, judgments, penalties, fines and settlement amounts actually incurred by these individuals in any action or proceeding arising out of their service to us or any of our subsidiaries or any other company or enterprise to which these individuals provide services at our request. Subject to certain limitations, our indemnification agreements also require us to advance expenses incurred by our directors, officers and key employees for the defense of any action for which indemnification is required or permitted.

We believe that provisions of our restated certificate of incorporation, bylaws and indemnification agreements are necessary to attract and retain qualified directors, officers and key employees. We also maintain directors' and officers' liability insurance.

The limitation of liability and indemnification provisions in our restated certificate of incorporation and restated bylaws may discourage stockholders from bringing a lawsuit against our directors and officers for breach of their fiduciary duty. They may also reduce the likelihood of derivative litigation against our directors and officers, even though an action, if successful, might benefit us and other stockholders. Further, a stockholder's investment may be adversely affected to the extent that we pay the costs of settlement and damage awards against directors and officers as required by these indemnification provisions.

At present, there is no pending litigation or proceeding involving any of our directors or executive officers as to which indemnification is required or permitted, and we are not aware of any threatened litigation or proceeding that may result in a claim for indemnification.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, executive officers or persons controlling us, we have been informed that, in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

Other Compensation Policies and Tax and Accounting Considerations

Derivatives Trading and Hedging Policy

Our insider trading policy prohibits the use of puts, calls and shorts related to our shares by our directors, officers and employees.

Deductibility of Executive Compensation

Section 162(m) of the Code limits the amount that we may deduct from our federal income taxes for remuneration paid to our executive officers to \$1.0 million per executive officer per year, unless certain requirements are met. Section 162(m) provides an exception from this deduction limitation for certain forms of "performance-based compensation," as well as for the gain recognized by executive officers upon the exercise of qualifying compensatory stock options. While our Compensation Committee is mindful of the benefit to us of the full deductibility of compensation and will consider

Table of Contents

deductibility when analyzing potential compensation alternatives, our Compensation Committee believes that it should not be constrained by the requirements of Section 162(m) where those requirements would impair flexibility in compensating our executive officers in a manner that can best promote our corporate objectives. Therefore, our Compensation Committee has not adopted a policy that requires that all compensation be deductible.

No Gross-ups of Parachute Payments and Deferred Compensation

We did not provide any executive officer, including any Named Executive Officer, with a "gross-up" or other reimbursement payment for any tax liability that he or she might owe as a result of the application of Sections 280G, 4999 or 409A of the Code during the year ended December 31, 2015, and we have not agreed and are not otherwise obligated to provide any named executive officers with such a "gross-up" or other reimbursement.

UCB Agreement

In March 2014, we entered into the UCB Agreement, pursuant to which we are developing Cimzia in order for UCB to seek regulatory approval from the U.S. Food and Drug Administration, the European Medicines Agency and the Canadian federal department for health for the treatment of psoriasis, and upon the grant of regulatory approval in the United States and Canada, for us to promote sales of Cimzia to dermatologists and conduct related medical affairs activities in the United States and Canada. As of March 31, 2016, entities affiliated with UCB beneficially owned approximately 6.1% of our outstanding capital stock.

Mark D. McDade, a member of our board of directors, is Executive Vice President, Chief Operating Officer of UCB. Pursuant to the UCB Agreement, UCB is entitled to designate one member of our board of directors, currently Mr. McDade, and we have agreed not to remove the UCB designee from our board of directors prior to, and to re-nominate the UCB designee for election to our board of directors at, each annual meeting of stockholders taking place prior to the earliest of the date that (1) Dermira has terminated the UCB Agreement for certain breaches of UCB, (2) UCB has terminated the UCB Agreement for certain breaches of Dermira, (3) UCB ceases to own 50% of the shares of Dermira that it has purchased directly from Dermira, (4) Dermira consummates a change of control, (5) specified time periods after the termination of the UCB Agreement, other than termination for a breach, have lapsed and (6) the later of the date on which (a) all valid claims under a patent relevant to the UCB Agreement have expired or the last unexpired valid claim of this patent is declared invalid and (b) the net sales of Cimzia to dermatologists in a calendar year during the term of the UCB Agreement are less than a specified percentage of the net sales of Cimzia to dermatologists in any prior calendar year during the term of the UCB Agreement.

Review, Approval or Ratification of Transactions with Related Parties

Our board of directors has adopted a written related-party transactions policy. Under this policy, the audit committee reviews transactions that may be "related-person transactions," which are transactions between us and related persons in which the aggregate amount involved exceeds or may be expected to exceed \$120,000 and in which a related person has or will have a direct or indirect material interest. For purposes of the policy, a related person is a person who is, or at any time since the beginning of the Company's last fiscal year was, a director, executive officer or nominee for director; a beneficial owner of greater than 5% of our common stock; or a member of the immediate family of any of the foregoing. Our related-party transactions policy sets forth the procedures for the identification, review, consideration and approval of related-party transactions.
