CORPORATE GOVERNANCE HIGHLIGHTS (PAGES 13-18)

We are committed to high standards of ethical and business conduct and strong corporate governance practices. This commitment is highlighted by the practices described below as well as the information contained on our website at www.karauctionservices.com on the "Investor Relations" page under the link "Corporate Governance".

Annual Elections: Our directors are elected annually for one year terms.

Majority Voting: We maintain a majority voting standard for uncontested director elections with a policy for directors to tender their resignation should a majority of the votes cast not be in their favor.

Director and Committee Independence: Eight of our nine director nominees are independent, and all committees of our Board of Directors (the "Board") are comprised entirely of independent directors.

Executive Sessions: Our independent directors meet in executive session at each regularly scheduled Board meeting.

Lead Independent Director: We have a lead independent director who presides over the executive sessions of the independent directors and serves as the principal liaison between the independent directors and the Company's CEO and Chairman of the Board.

Board Diversity: More than twenty percent of our Board is comprised of women.

Annual Board and Committee Evaluations: The Board and each committee evaluates its performance each year.

Robust Equity Ownership Requirements for Non-Employee Directors: The stock ownership guideline for our non-employee directors is three times their annual cash retainer.

Robust Equity Retention Requirements for Non-Employee Directors: All shares of our common stock granted to non-employee directors must be held for four years after the grant while serving as a director and for six months after serving as a director.

Robust Equity Ownership Requirements for Executive Officers: We have stock ownership guidelines that are applicable to our executive officers. The stock ownership guideline for our CEO is five times his annual base salary. Executive officers are required to hold 60% of vested shares, net of taxes, until stock ownership guidelines are met.

Anti-Hedging and Pledging Policies: Our directors and executive officers are prohibited from hedging or pledging Company stock.

Annual management and CEO evaluation and succession planning review: Our Board conducts an annual evaluation and review of the CEO and each executive officer's performance, development and succession plan.

Board Risk Oversight: The Risk Committee assists the Board in its oversight of: (i) the principal business, financial, technology and operational risks and other material risks and exposures of the Company; and (ii) the actions, activities and initiatives of the Company to mitigate such risks and exposures. The Risk Committee provides oversight with respect to risk practices implemented by management, except for the oversight of risks that have been specifically delegated to another committee of the Board (in which case the Risk Committee may maintain oversight over such risks through the receipt of reports from such committees).

Table of Contents

EXECUTIVE COMPENSATION (PAGES 26-58)

We maintain a compensation program structured to achieve a close connection between executive pay and Company performance. We believe that this strong pay-for-performance orientation has served us well in recent years. For more information regarding our named executive officer compensation, see "Compensation Discussion and Analysis" and the compensation tables that follow such section.

WHAT WE DO

Stockholder alignment: We have consistently demonstrated close alignment between our total stockholder return ("TSR") performance and the compensation of our CEO, as shown in the chart on page 28.

Independent Compensation Committee: All of the members of our Compensation Committee are independent under NYSE rules.

Independent compensation consultant: The Compensation Committee retains its own independent compensation consultant to evaluate and review our executive compensation program and practices.

Pay for performance: Our annual incentive program is 100% performance-based and our equity incentive program is heavily performance-based with 75% of our equity awards in the form of performance restricted stock units ("RSUs").

Maximum payout caps: The Compensation Committee sets maximum amounts that may be payable for annual cash incentive compensation and RSUs.

Clawback policy for financial misconduct: Our clawback policy provides for the recovery and cancellation of incentive compensation of an executive officer in the event we are required to prepare an accounting restatement due to such executive officer's intentional misconduct.

Moderate change-in-control benefits: Change-in-control severance benefits are two times base salary and target bonus for the CEO and one times base salary and target bonus for the other executive officers.

Robust equity ownership requirements: We have stock ownership guidelines that are applicable to our executive officers. The stock ownership guideline for our CEO is five times his annual base salary. Executive officers are required to hold 60% of vested shares, net of taxes, until stock ownership guidelines are met.

WHAT WE DON'T DO

Allow dividends or dividend equivalents to be paid on unvested RSUs: Dividend equivalents are accrued but not paid on RSUs until (i) the performance conditions are satisfied; and (ii) the RSUs vest after the performance measurement period.

Provide excessive perquisites: We provide a limited number of perquisites that are designed to attract and retain highly qualified executives.

Allow hedging or pledging of the Company's securities: We prohibit hedging, pledging and short sales of Company stock by our directors and executive officers.

Reprice stock options: Stock option exercise prices are set equal to the grant date market price and cannot be repriced or discounted without stockholder approval.

Maintain a defined benefit pension plan: We do not maintain a defined benefit pension plan for our executive officers.

ELECTION OF DIRECTORS: PROPOSAL NO. 1

DIRECTORS ELECTED ANNUALLY

Our Board has nominated the nine individuals named below to stand for election to the Board at the 2017 annual meeting. The Company's directors are elected each year by the stockholders at the annual meeting. We do not have a staggered or classified board. Each director's term will last until the 2018 annual meeting of stockholders and until such director's successor is duly elected and qualified, or such director's earlier death, resignation or removal. Each director nominee must receive the affirmative vote of a majority of the votes cast in the election of directors at the 2017 annual meeting to be elected (i.e., the number of shares voted "FOR" a director nominee must exceed the number of votes cast "AGAINST" such nominee).

DIRECTOR INDEPENDENCE

The Board is responsible for determining the independence of our directors. Under the NYSE listing standards, a director qualifies as independent if the Board affirmatively determines that the director has no material relationship with us. While the focus of the inquiry is independence from management, the Board is required to broadly consider all relevant facts and circumstances in making an independence determination. Based upon its evaluation, our Board has affirmatively determined that the following directors and director nominees meet the standards of "independence" established by the NYSE: Todd F. Bourell, Donna R. Ecton, Mark E. Hill, J. Mark Howell, Lynn Jolliffe, Michael T. Kestner, John P. Larson and Stephen E. Smith. James P. Hallett, our CEO and Chairman of the Board, is not an independent director.

BOARD NOMINATIONS AND DIRECTOR NOMINATION PROCESS

The Board is responsible for nominating members for election to the Board and for filling vacancies on the Board that may occur between the annual meetings of stockholders. The Nominating and Corporate Governance Committee is responsible for identifying, screening and recommending candidates to the Board for Board membership. When formulating its Board membership recommendations, the Nominating and Corporate Governance Committee may also consider advice and recommendations from others, including stockholders, as it deems appropriate.

As detailed in both the Nominating and Corporate Governance Committee Charter and the Corporate Governance Guidelines, Board candidates also are selected based upon various criteria including experience, skills, expertise, diversity, personal and professional integrity, character, business judgment, time availability in light of other commitments, dedication, conflicts of interest and such other relevant factors that the Nominating and Corporate Governance Committee considers appropriate in the context of the needs of the Board. Board members are expected to prepare for, attend and participate in all Board and applicable committee meetings and the Company's annual meetings of stockholders.

In accordance with its charter, the Board also considers candidates for election as a director of the Company recommended by any stockholder, provided that the recommending stockholder follows the procedures set forth in Section 5 of the Company's Second Amended and Restated By-Laws for nominations by stockholders of persons to serve as directors, including the requirements of timely notice and certain information to be included in such notice. Though the Nominating and Corporate Governance Committee does not have a formal policy regarding consideration of director candidates recommended by stockholders, the Board generally evaluates such candidates in the same manner by which it evaluates other director candidates considered by the Board. Deadlines for stockholder nominations for next year's annual meeting are included in the "Requirements, Including Deadlines, for Submission of Proxy Proposals" section on page 64.

An employment agreement entered into on February 27, 2012, between the Company and James P. Hallett, the Company's CEO and Chairman of the Board, provides that Mr. Hallett shall be entitled to serve as a member of the Board for so long as the employment agreement is in effect.

Table of Contents

BOARD QUALIFICATIONS AND DIVERSITY

The Nominating and Corporate Governance Committee and the Board believe that diversity along multiple dimensions, including opinions, skills, perspectives, personal and professional experiences and other differentiating characteristics, is an important element of its nomination recommendations. The Nominating and Corporate Governance Committee has not identified any specific minimum qualifications which must be met for a person to be considered as a candidate for director. However, Board candidates are selected based upon various criteria including experience, skills, expertise, diversity, personal and professional integrity, character, business judgment, time availability in light of other commitments, dedication, conflicts of interest and such other relevant factors that the Nominating and Corporate Governance Committee considers appropriate in the context of the needs of the Board. Although the Board does not have a formal diversity policy, the Nominating and Corporate Governance Committee and Board review these factors, including diversity, in considering candidates for Board membership.

INFORMATION REGARDING THE NOMINEES FOR ELECTION TO THE BOARD OF DIRECTORS

The following information is furnished with respect to each nominee for election as a director. All of the nominees are currently directors and were elected by the stockholders at last year's annual meeting. Each of the nominees has consented to being named in this proxy statement and to serve as a director if elected. If a nominee is unavailable to serve as a director, your proxies will have the authority and discretion to vote for another nominee proposed by the Board or the Board may reduce the number of directors to be elected at the 2017 annual meeting. The ages of the nominees are as of the date of the 2017 annual meeting, June 5, 2017.

BOARD OF DIRECTORS STRUCTURE AND CORPORATE GOVERNANCE

ROLE OF THE BOARD OF DIRECTORS

The Board oversees the Company's CEO and other senior management in the competent and ethical operation of the Company and assures that the long-term interests of the stockholders are being served. The Company's Corporate Governance Guidelines are available on our website at www.karauctionservices.com on the "Investor Relations" page under the link "Corporate Governance." The information on our website is not part of this proxy statement and is not deemed incorporated by reference into this proxy statement or any other public filing made with the Securities and Exchange Commission (the "SEC").

BOARD LEADERSHIP

Neither the Company's Second Amended and Restated By-Laws nor the Company's Corporate Governance Guidelines require that the Company separate the roles of Chairman of the Board and CEO, and the Board does not have a policy on whether the same person should serve as both the CEO and Chairman of the Board, or if the roles must remain separate. The Board believes that it should have the flexibility to make these determinations from time to time in the way that it believes best to provide appropriate leadership for the Company under then-existing circumstances.

At present, the Board has chosen to combine the positions of CEO and Chairman of the Board and to appoint a Lead Independent Director. Our Board believes that having the same person serve in the roles of Chairman of the Board and CEO is appropriate for the Company at this time, as it fosters clear accountability, effective decision making and alignment on corporate strategy. Given Mr. Hallett's unparalleled knowledge of the industry and the Company, the Board believes Mr. Hallett is in the best position to focus the independent directors' attention on critical business matters and to speak for and lead both the Company and the Board. In addition, the Board believes that the appointment of a Lead Independent Director helps ensure that the Company benefits from effective oversight by its independent directors. Our Lead Independent Director presides over the executive sessions of the independent directors and serves as the principal liaison between the independent directors and the Company's CEO and Chairman of the Board. Our Lead Independent Director, Mr. Larson, has served on the Board since 2014 and has strong communication and leadership skills, as well as extensive knowledge about the Company's strategic objectives, the industry in which we operate, and the areas of strategic importance to the Company.

In connection with the appointment of a Lead Independent Director, the Board adopted a Lead Independent Director Charter, which sets forth a clear mandate with significant authority and responsibilities, including:

Board Meetings and Executive Sessions

Has the authority to call meetings of the independent members of the Board.

Presides at all meetings of the Board at which the Chairman of the Board is not present, including executive sessions of the independent members of the Board.

Communications

Serves as principal liaison on Board-wide issues between the independent directors and the Chairman and CEO and facilitates communication generally between and among directors.

Agendas

Reviews, in consultation with the Chairman and CEO, the agenda for Board meetings.

Meeting Schedules

Edgar Filing: KAR Auction Services, Inc. - Form DEF 14A

Reviews, in consultation with the Chairman and CEO, the meeting schedules to assure there is sufficient time for discussion of all agenda items.

Reviews, in consultation with the Chairman and CEO, information sent to the Board, including the quality, quantity, appropriateness and timeliness of such information.

Communicating with Stockholders

If requested by stockholders, ensures that he or she is available, when appropriate, for consultation and direct communication.

Chairman and CEO Performance Evaluation and Board Governance

Together with the Compensation Committee, conducts an annual evaluation of the Chairman and CEO, including an annual evaluation of his or her interactions with the independent directors.

Guides the Board's governance process, including self-evaluations.

Table of Contents**BOARD OF DIRECTORS MEETINGS AND ATTENDANCE**

The Board held 13 meetings during 2016. All of the incumbent directors attended at least 75% of the meetings of the Board and Board committees on which they served during 2016. As stated in our Corporate Governance Guidelines, each director is expected to attend all annual meetings of stockholders. All of our directors attended last year's annual meeting of stockholders in person.

COMMITTEES OF THE BOARD OF DIRECTORS

In 2016, the Board maintained four standing committees: the Audit Committee, the Compensation Committee, the Nominating and Corporate Governance Committee and the Risk Committee. Each of our committees operates pursuant to a written charter. Copies of the committee charters are available on our website at www.karauctionservices.com on the "Investor Relations" page under the link "Corporate Governance." BOARD OF DIRECTORS' RISK OVERSIGHT

Our management is responsible for the management and assessment of risk at the Company, including communication of the most material risks to the Board and its committees. Oversight of the Company's risks is carried out by the Board as a whole and by each of its various committees. The Risk Committee provides oversight with respect to risk practices implemented by management, except for the oversight of risks that have been specifically delegated to another committee of the Board. Even when the oversight of a specific area of risk has been delegated to another committee, the Risk Committee may maintain oversight over such risks through the receipt of reports from the committee chairpersons to the Risk Committee. The Board maintains oversight over such risks through the receipt of reports from the chairperson of the Risk Committee and from the other committees at each regularly scheduled Board meeting. The Risk Committee and other committee reviews occur principally through the receipt of reports from management and third parties on these areas of risk, and discussions with management and third parties regarding risk assessment and risk management.

At its regularly scheduled meetings, the Board generally receives a number of reports which include information relating to risks faced by the Company. The Company's Chief Financial Officer provides a report on the Company's results of operations, its liquidity position, including an analysis of prospective sources and uses of funds, and the implications to the Company's debt covenants and credit rating, if any. The Chief Executive Officer of each primary business unit provides an operational report, which includes information relating to strategic, operational and competitive risks. Finally, the Company's General Counsel provides a privileged report which provides information regarding the status of the Company's material litigation and related matters, if any, including environmental updates and the Company's continuing compliance with applicable laws and regulations. At each regularly scheduled Board meeting, the Board also receives reports from the Risk Committee chairperson as well as other committee chairpersons, which may include a discussion of risks initially overseen by the committees for discussion and input from the Board. As noted above, in addition to these regular reports, the Risk Committee receives reports on specific areas of risk such as regulatory, cyclical or other risks and reports to the Board on these matters.

The Board's leadership structure, through its committees, also supports its role in risk oversight. In general, the committees oversee the following risks:

Audit Committee: The Audit Committee maintains initial oversight over risks related to (i) the integrity of the Company's financial statements, (ii) internal controls over financial reporting and disclosure controls and procedures (including the performance of the Company's internal audit function), (iii) the performance of the independent registered public accounting firm; and (iv) ethics and related issues arising from the Company's whistleblower hotline.

Compensation Committee: The Compensation Committee maintains oversight over risks related to the Company's compensation practices.

Nominating and Corporate Governance Committee: The Nominating and Corporate Governance Committee monitors potential risks relating to the effectiveness of the Board, notably director succession, composition of the Board and the principal policies that guide the Company's governance.

Risk Committee: The Risk Committee maintains oversight over the Company's enterprise-level risks generally and specifically with respect to cyber security and information technology systems and procedures as noted above.

EXECUTIVE SESSIONS

The independent directors of the Company meet in executive session at every regularly scheduled Board meeting. The Company's Corporate Governance Guidelines state that the Chairman of the Board (if an independent director) or the Lead Independent Director (if the Chairman of the Board is not an independent director) shall preside at such executive sessions, or in such director's absence, another independent director designated by the Chairman of the Board or the Lead Independent Director, as applicable. Currently, Mr. Larson, our Lead Independent Director, presides at the executive sessions of our independent directors.

Table of Contents**DIRECTOR COMPENSATION**

We use a combination of cash and stock-based incentive compensation to attract and retain independent, qualified candidates to serve on the Board. The Board makes all director compensation determinations after considering the recommendations of the Nominating and Corporate Governance Committee. In connection with the Board's 2016 director compensation decisions, the Nominating and Corporate Governance Committee retained Semler Brossy Consulting Group LLC ("Semler Brossy") as its independent consultant. In setting director compensation, we considered market comparison studies and other data obtained from Semler Brossy, the responsibilities of directors generally, including committee chairs, and the significant amount of time that directors expend in fulfilling their duties. In establishing the non-employee director compensation recommendations, the Nominating and Corporate Governance Committee utilized a balance of cash and equity, with the majority of the compensation delivered through equity grants. Directors who also serve as employees of the Company do not receive payment for service as directors.

In making non-employee director compensation recommendations, the Nominating and Corporate Governance Committee considers various factors, including the form and amount of compensation paid to directors by comparable companies, the responsibilities of directors generally, as well as committee chairs, and the time commitments and required skill level of Board members.

CASH AND STOCK RETAINERS

Non-employee directors who served for the entirety of 2016 received:

One-fourth of the annual restricted stock grant vests quarterly following the date of the grant. The number of shares of our common stock received is based on the value of the shares on the date of the restricted stock grant.

All of our directors are reimbursed for reasonable expenses incurred in connection with attending Board meetings, committee meetings and Board education events.

For any director who started after the beginning of the year, became a committee chair after the beginning of the year or retired during the fiscal year, relevant compensation was prorated according to the number of months during which he or she served as a director or in a committee chair position, as applicable, during that year.

Table of Contents**DIRECTORS DEFERRED COMPENSATION PLAN**

Our Board adopted the KAR Auction Services, Inc. Directors Deferred Compensation Plan (the "Director Deferred Compensation Plan") in December 2009. Pursuant to the terms of the Director Deferred Compensation Plan, each non-employee director may elect to defer the receipt of his or her cash director fees into a pre-tax interest-bearing deferred compensation account, which account accrues interest as described in the Director Deferred Compensation Plan. Amounts under the Director Deferred Compensation Plan may also be invested in the same investment choices as are available under our 401(k) plan. Non-employee directors also may choose to receive all or a portion of their annual stock retainer in the form of a deferred share account. The Director Deferred Compensation Plan provides that the amount of cash in a director's deferred cash account, plus the number of shares of our common stock equal to the number of shares in the director's deferred share account, will be delivered to a director in installments over a specified period or within 60 days following the date of the director's departure from the Board, with cash being paid in lieu of any fractional shares.

DIRECTOR STOCK OWNERSHIP AND HOLDING GUIDELINES

The Company's non-employee directors are subject to the Company's director stock ownership and holding guidelines. The stock holding guideline requires each non-employee director to hold any shares of the Company's common stock granted by the Company for at least four years and all shares must be held for six months after service as a director has ended with the Company, subject to certain exceptions approved by the Nominating and Corporate Governance Committee.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended ("Exchange Act"), requires KAR Auction Services' directors and executive officers and persons who own more than 10% of the issued and outstanding shares of the Company's common stock to file reports of initial ownership of common stock and other equity securities and subsequent changes in that ownership with the SEC and the NYSE. Based solely on a review of such reports and written representations from the directors and executive officers, the Company believes that all such filing requirements were met during 2016, except that Mark Hill filed one Form 4 late to report two transactions that occurred on May 21, 2015 whereby Mr. Hill indirectly acquired ownership of shares as the trustee of a family member's trust.

ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION: PROPOSAL NO. 2

PROPOSAL

In accordance with Section 14A of the Exchange Act and related SEC rules, the Company seeks a non-binding advisory vote from its stockholders to approve the compensation of its named executive officers as described in the "Compensation Discussion and Analysis" section beginning on page 26 and the compensation tables that follow such section.

Our executive compensation program includes certain "best practices" in governance and executive compensation, including the following:

Stockholder alignment: We have consistently demonstrated close alignment between our TSR performance and the compensation of our CEO.

Independent Compensation Committee: All of the members of our Compensation Committee are independent under NYSE rules.

Independent compensation consultant: The Compensation Committee retains its own independent compensation consultant to review our executive compensation program and practices.

Pay for performance: Our annual incentive program is 100% performance-based and our equity incentive program is heavily performance-based with 75% of our equity awards in the form of PRSUs.

Maximum payout caps: The Compensation Committee sets maximum amounts that may be payable for annual cash incentive compensation and PRSUs.

Clawback policy for financial misconduct: Our clawback policy provides for the recovery and cancellation of an executive officer's incentive compensation in the event we are required to prepare an accounting restatement due to such executive officer's intentional misconduct.

Moderate change-in-control benefits: Change-in-control severance benefits are two times base salary and target bonus for the CEO and one times base salary and target bonus for the other executive officers.

Robust equity ownership requirements: We have stock ownership guidelines that are applicable to our named executive officers. The stock ownership guideline for our CEO is five times his annual base salary.

In deciding how to vote on this proposal, the Board encourages you to read the "Compensation Discussion and Analysis" section and the compensation tables that follow. Because this vote is advisory, it will not be binding upon the Board; however, the Board and the Compensation Committee value our stockholders' opinions, and the Compensation Committee will take into account the outcome of the advisory vote when considering future executive compensation decisions.

ADVISORY VOTE ON THE FREQUENCY OF FUTURE VOTES TO APPROVE EXECUTIVE COMPENSATION: PROPOSAL NO. 3

PROPOSAL

Section 14A of the Exchange Act and related SEC rules require that we provide stockholders the opportunity to vote, on a non-binding, advisory basis, as to how frequently we should hold future non-binding, advisory votes on the compensation of our named executive officers as disclosed in our proxy statement in accordance with SEC rules. SEC rules provide that stockholders must have an opportunity to indicate whether they would prefer that we hold future advisory votes on executive compensation every year, once every two years, or once every three years.

The Board has determined that holding an advisory vote on executive compensation every year is most appropriate for the Company and recommends that you vote in favor of holding an advisory vote to approve named executive officer compensation every year. The Board believes that an annual "say-on-pay" vote enables stockholders to provide frequent, direct input to the Company regarding its executive compensation philosophy, policies and practices.

The proxy card (or voting instruction card, if you hold your shares through a bank, broker or other nominee) provides stockholders with the opportunity to vote as to the frequency of advisory votes on named executive officer compensation. Accordingly, in voting on this proposal, you should mark your proxy card (or voting instruction card) for every year, every two years, or every three years, based on your preference as to the frequency with which an advisory vote on named executive officer compensation should be held. You may also choose to abstain from voting on this proposal.

This vote is advisory and will not be binding on the Company or the Board. The Board will take the outcome of the vote into consideration when determining the frequency of future advisory votes on named executive officer compensation.

COMPENSATION PHILOSOPHY AND OBJECTIVES

We design and administer our executive pay programs to help ensure the compensation of our named executive officers is (i) closely aligned with our performance on both a short-term and long-term basis; (ii) linked to specific, measurable results intended to create value for stockholders; and (iii) competitive in attracting and retaining key executive talent into the vehicle remarketing and auto finance industry. Each of the compensation programs that we have developed and implemented is intended to satisfy one or more of the following specific objectives:

align the interests of our executive officers with the interests of our stockholders so that our executive officers manage from the perspective of owners with an equity stake in the Company;

motivate and focus our executive officers through incentive compensation programs directly tied to our financial results;

support a one-company culture and encourage synergies among all business units by aligning rewards with long-term, overall Company performance and stockholder value;

provide a significant percentage of total compensation through variable pay based on pre-established, measurable goals and objectives;

provide competitive upside opportunity without encouraging excessive risk-taking;

enhance our ability to attract and retain skilled and experienced executive officers; and

provide rewards commensurate with performance and with competitive market practices.

While the Company does not target any specific percentile positioning versus the market, the market median is used as a reference point but is not the sole determinant when making compensation decisions. Compensation decisions are made considering a number of factors including experience, tenure, specific requirements of roles relative to the market and individual and Company performance.

THE ROLE OF THE COMPENSATION COMMITTEE AND THE EXECUTIVE OFFICERS IN DETERMINING EXECUTIVE COMPENSATION

Composition of the Compensation Committee. The Compensation Committee of our Board is comprised of Mmes. Ecton (Chairman) and Jolliffe and Messrs. Bourell and Larson.

Role of the Compensation Committee. The Compensation Committee has primary responsibility for all compensation decisions relating to our named executive officers. The Compensation Committee reviews the aggregate level of our executive compensation, as well as the mix of elements used to compensate our named executive officers on an annual basis.

Compensation Committee's Use of Market and Survey Data. In light of the unique mix of businesses that comprise KAR Auction Services and the lack of directly comparable public companies, the Compensation Committee had traditionally not adopted a specific peer group of companies for the purpose of formally benchmarking compensation; however, the Compensation Committee understands that most companies consider pay levels at comparably-sized, peer companies when setting named executive officer compensation levels. With assistance from its independent compensation consultant, the Compensation Committee has developed a meaningful comparator group for the Company. The Compensation Committee has refined its comparator group selection process from 2016 to 2017, as described below.

Edgar Filing: KAR Auction Services, Inc. - Form DEF 14A

In order to confirm competitiveness of compensation, the Compensation Committee reviews survey data and proxy compensation data of other comparably-sized companies. Prior to 2015, the Compensation Committee had not set compensation levels by reference to competitive market data using any specific target percentiles within such data. Beginning in late 2015, the Compensation Committee began using a combination of (i) survey data (cuts from the 2015 Aon Hewitt and Mercer general industry and service industry surveys); and (ii) proxy

Table of Contents

compensation data of a "proxy comparator group" more formally in setting and adjusting base salary levels for 2016. In light of the lack of directly comparable companies for KAR Auction Services' business, as noted above, companies in the proxy comparator group were selected based on (i) a focus on service-oriented industries; (ii) similarly-sized revenue and market capitalization levels; (iii) comparable growth, profitability and/or market valuation profiles; and (iv) the avoidance of over-representing any one industry. Where possible, the Compensation Committee included companies that are in related or similar industries to the Company. The proxy comparator group used in late 2015 until July 2016 consisted of the following 30 companies:

2016 Proxy Comparator Group

| | | |
|-------------------------------------|---------------------------------|---|
| Allison Transmission Holdings, Inc. | Kansas City Southern | Steelcase, Inc. |
| AOL, Inc. | Kirby Corp. | Stericycle, Inc. |
| Cintas Corporation | Landstar System, Inc. | Teradata Corp. |
| Comerica, Inc. | LKQ Corp. | Tetra Tech, Inc. |
| Copart, Inc. | MSC Industrial Direct Co., Inc. | Total System Services, Inc. |
| Equifax, Inc. | Old Dominion Freight Line, Inc. | Trimble Navigation Ltd. |
| GATX Corp. | Plexus Corp. | Vantiv, Inc. |
| Heartland Payment Systems, Inc. | Ritchie Bros. Auctioneers, Inc. | Waste Connections, Inc. |
| HNI Corp. | Solera Holdings, Inc. | Werner Enterprises, Inc. |
| Itron, Inc. | Springleaf Holdings, Inc. | Westinghouse Air Brake Technologies Corporation |

The Compensation Committee viewed the proxy comparator group and market data as an important guide, but not as the sole determinant in making its decisions regarding 2016 base salary levels. The Compensation Committee also considered experience and tenure, sustained performance and specific requirements of roles relative to market and individual and Company performance.

In July 2016, based on the recommendation of ClearBridge Compensation Group LLC ("ClearBridge"), the Compensation Committee continued to refine the comparator group and approved a revised proxy comparator group consisting of the following 17 companies (13 of which were part of the proxy comparator group for 2016) to be used in making 2017 compensation decisions:

Revised 2017 Proxy Comparator Group

| | | |
|-------------------------------------|--------------------------------|---|
| Allison Transmission Holdings, Inc. | GATX Corp. | Stericycle, Inc. |
| Cintas Corporation | LKQ Corp. | Total System Services, Inc. |
| Copart, Inc. | MSC Industrial Direct Co. Inc. | Vantiv, Inc. |
| CDK Global, Inc. | Old Dominion Freight Line Inc. | Werner Enterprises, Inc. |
| ebay Inc. | Pitney Bowes Inc. | Westinghouse Air Brake Technologies Corporation |
| Equifax Inc. | Sotheby's | |

Companies in the revised 2017 proxy comparator group were selected based on (i) a focus on companies in service-oriented industries; (ii) similarly-sized revenue and market capitalization levels; (iii) comparable growth, profitability and/or market valuation profiles; and (iv) companies with which KAR Auction Services competes for executive talent. Where possible, the Compensation Committee included companies that are in related or similar industries to the Company. The revised 2017 proxy comparator group does not include AOL, Inc., Heartland Payment Systems, Inc. and Solera Holdings, Inc. because these companies were recently acquired and thus are no longer viable comparator companies.

Role of the Independent Compensation Consultant. The Compensation Committee used Semler Brossy as its independent compensation consultant in 2015 and for the first half of 2016. In June 2016, the Compensation Committee retained ClearBridge as its independent compensation consultant following the conclusion of its engagement with Semler Brossy. Semler Brossy and ClearBridge each provided (i) advice to the Compensation Committee with respect to the assessment of the Company's executive compensation practices; (ii) advice regarding the evaluation of long-term incentive compensation practices; (iii) advice and guidance regarding the design of new long-term equity awards; (iv) advice regarding related compensation matters; (v) advice to the Compensation Committee with respect to annual and long-term incentive plan design; and (vi) guidance on the competitiveness of the executive officers' elements of compensation.

The Compensation Committee has reviewed the independence of Semler Brossy and ClearBridge in light of SEC rules and NYSE listing standards regarding compensation consultants and has concluded that (i) the work

Table of Contents

of Semler Brossy for the Compensation Committee did not raise any conflict of interest; and (ii) the work of ClearBridge for the Compensation Committee does not raise any conflict of interest. All work performed by each of Semler Brossy and ClearBridge is and was subject to review and approval of the Compensation Committee.

Role of the Executive Officers. Mr. Hallett regularly participates in meetings of the Compensation Committee at which compensation actions involving our named executive officers are discussed. Mr. Hallett assists the Compensation Committee by making recommendations regarding compensation actions for the executive officers other than himself. Mr. Hallett recuses himself and does not participate in any portion of any meeting of the Compensation Committee at which his compensation is discussed.

ELEMENTS USED TO ACHIEVE COMPENSATION PHILOSOPHY AND OBJECTIVES

Elements of 2016 Executive Compensation Program Design

The following table lists the elements of compensation for our 2016 executive compensation program. The program uses a mix of fixed and variable compensation elements and provides alignment with both short- and long-term business goals through annual and long-term incentives. Our incentives are designed to drive overall corporate performance and business unit strategies that correlate to stockholder value and align with our strategic vision. In order to confirm competitiveness of compensation, the Compensation Committee reviews survey data and proxy compensation data of other companies.

Compensation Structure and Goal Setting

Our executive compensation program is designed to deliver compensation in accordance with corporate and business unit performance with a large percentage of compensation at risk through long-term equity awards and annual cash incentive awards. These awards are linked to actual performance, consistent with our belief that a significant amount of executive compensation should be in the form of equity and that a greater percentage of compensation should be tied to performance for executives who bear higher levels of responsibility for our performance. The mix of target direct compensation for 2016 for our CEO and the average of our other named executives is shown in the charts below. Approximately 80% of our CEO's total compensation, and approximately 70% of the average total compensation of our other named executive officers, is at-risk, consisting of PRSUs, restricted stock units ("RSUs") and other performance-based incentives.

Other Named Executive Officer Average Compensation

Base Salary

General. Annual salary levels for our named executive officers are based upon various factors, including the amount and relative percentage of total compensation that is derived from base salary when setting the compensation of our executive officers, Company performance, individual performance, experience, job scope and tenure. In view of the wide variety of factors considered by the Compensation Committee in connection with determining the base salary of each of our named executive officers, the Compensation Committee has not attempted to rank or otherwise assign relative weights to the factors that it considers. A description of how these factors were applied in 2016 is described below.

Base Salaries for 2016. In late 2015 and the first quarter of 2016, the Compensation Committee reviewed the base salaries of each of our named executive officers for 2016. After considering multiple factors as noted above, the Compensation Committee approved a base salary adjustment for Messrs. Gottwald, St-Hilaire and Kelly. The Compensation Committee did not approve base salary adjustments for Messrs. Hallett and

Table of Contents

Loughmiller because the Compensation Committee determined that their base salaries were already set at competitive levels. The following base salaries were in effect for 2016:

| Name | Base Salary | Increase % | Effective Date | Why Was Increase Approved? |
|---------------------|--------------------|-------------------|-----------------------|-----------------------------------|
| Jim Hallett | \$900,000 | 0% | January 1, 2014 | N/A |
| Eric Loughmiller | \$450,000 | 0% | January 1, 2015 | N/A |
| Don Gottwald | \$566,500 | 3% | January 1, 2016 | Merit increase. |
| Stéphane St-Hilaire | \$459,000 | 2% | January 1, 2016 | Merit increase. |
| Peter Kelly | \$440,000 | 10% | January 1, 2016 | Merit and market adjustment. |

Base Salaries for 2017. In late 2016, the Compensation Committee reviewed the base salaries of each of our named executive officers for 2017. After considering multiple factors as noted above, the Compensation Committee approved the following base salaries, effective January 1, 2017:

| Name | Base Salary | Increase % |
|---------------------|--------------------|-------------------|
| Jim Hallett | \$900,000 | 0% |
| Eric Loughmiller | \$500,000 | 11.11% |
| Don Gottwald | \$583,000 | 2.9% |
| Stéphane St-Hilaire | \$472,770 | 3% |
| Peter Kelly | \$453,000 | 3% |

The Compensation Committee did not approve a base salary adjustment for Mr. Hallett because the Compensation Committee determined that his base salary was already set at competitive levels. In order to confirm competitiveness of compensation, the Compensation Committee reviews survey data and proxy compensation data of other companies.

Annual Cash Incentive Programs

General. Named executive officers with greater job responsibilities have a significant proportion of their annual cash compensation tied to Company performance through their annual incentive opportunity.

The KAR Auction Services, Inc. Annual Incentive Program. Under the KAR Auction Services, Inc. Annual Incentive Program (the "Annual Incentive Program"), which is part of the KAR Auction Services, Inc. 2009 Omnibus Stock and Incentive Plan, as amended (the "Omnibus Plan"), the grant of cash-based awards to eligible participants is contingent upon the achievement of certain pre-established corporate performance goals as determined by the Compensation Committee.

Use of 2016 Adjusted EBITDA

In 2016, the Compensation Committee used "2016 Adjusted EBITDA" for KAR Auction Services, ADESA and/or Digital Services, depending upon the named executive officer, as the relevant metric for determining awards under the Annual Incentive Program.

"Adjusted EBITDA" is equal to EBITDA (earnings before interest expense, income taxes, depreciation and amortization) adjusted to exclude, among other things:

gains and losses from asset sales;

unrealized foreign currency translation gains and losses in respect of indebtedness;

certain non-recurring gains and losses;

stock based compensation expense;

Edgar Filing: KAR Auction Services, Inc. - Form DEF 14A

certain other non-cash amounts included in the determination of net income;

charges and revenue reductions resulting from purchase accounting;

minority interest;

expenses associated with the consolidation of salvage operations;

consulting expenses incurred for cost reduction, operating restructuring and business improvement efforts;

expenses realized upon the termination of employees and the termination or cancellation of leases, software licenses or other contracts in connection with the operational restructuring and business improvement efforts;

expenses incurred in connection with permitted acquisitions;

any impairment charges or write-offs of intangibles; and

any extraordinary, unusual or non-recurring charges, expenses or losses.

Using these measures, the Compensation Committee establishes, on an annual basis, specific targets that determine the size of payouts under the Annual Incentive Plan. In 2016, the annual incentive opportunity for each named executive officer was as follows:

| Name | Base Salary | Bonus Opportunity | | | Bonus Goal Weighting % | | |
|---------------------|-------------|-------------------|------------------|------------------|------------------------|-------|------------------|
| | | Threshold | Target | Superior | 2016 Adjusted EBITDA | | |
| | | % of Base Salary | % of Base Salary | % of Base Salary | KAR | ADESA | Digital Services |
| Jim Hallett | \$900,000 | 50 | 100 | 150 | 100 | | |
| Eric Loughmiller | \$450,000 | 37.5 | 75 | 112.5 | 100 | | |
| Don Gottwald | \$566,500 | 50 | 100 | 150 | 100 | | |
| Stéphane St-Hilaire | \$459,000 | 50 | 100 | 150 | 50 | 50 | |
| Peter Kelly | \$440,000 | 50 | 100 | 150 | 50 | | 50 |

The chart below reflects Adjusted EBITDA performance metrics and actual results for 2016. The payout percentages are based on the achievement of the performance metrics set forth below, with payment amounts prorated for performance between the established levels.

Target Incentive Opportunity: Base Pay multiplied by Individual Target Opportunity

Business Performance Factor: 2016 Adjusted EBITDA of KAR (50% or 100%) and 2016 Adjusted EBITDA of Business Unit (0% to 50%)

Performance Targets for the Annual Incentive Program

The Compensation Committee reviews the Company's business plan approved by the Board and determines the level of performance required to receive threshold, target and superior annual incentive payouts. The Compensation Committee established the performance objectives in amounts which it believed would increase stockholder value and be achievable given a sustained performance on the part of the named executive officers and which would require increasingly greater results to achieve the target and superior objectives. The Compensation Committee may decrease the potential payouts at each performance target if, in the discretion

of the Compensation Committee, the circumstances warrant such an adjustment. In 2016, the Compensation Committee did not increase or decrease the performance targets or the payouts of any 2016 annual incentive program payout.

2016 Performance Targets. The chart which follows provides the 2016 Adjusted EBITDA performance targets established by the Compensation Committee for 2016 as well as the actual level of performance achieved (dollars in millions):

| | Threshold | Target | Superior | Achieved Results(1)(2) | Percentage of Target Annual Incentive Award Earned |
|----------------------|------------------|---------------|-----------------|-------------------------------|---|
| KAR Auction Services | \$656.8 | \$710.0 | \$745.5 | \$725.4 | 121.6% |
| ADESA | \$321.4 | \$347.3 | \$381.9 | \$382.9 | 150% |
| Digital Services | \$57.2 | \$61.9 | \$68.2 | \$79.6 | 150% |

(1) KAR's reported Adjusted EBITDA for the year ended December 31, 2016 was approximately \$748 million, but for Annual Incentive Program purposes, certain acquisitions consummated in 2016 were excluded, which resulted in Adjusted EBITDA of \$725.4 million.

(2) ADESA's performance targets and achieved results (in the above chart) are used for bonus purposes only and include certain technology expenses recorded in "holding company" expenses. ADESA's reported Adjusted EBITDA for the year ended December 31, 2016 was \$419.5 million and did not include such technology expenses recorded in "holding company" expenses.

2016 Annual Incentive Opportunities. Under the Annual Incentive Program, threshold performance objectives must be met in order for any payout to occur. Payouts can range from 50% of target awards for performance at threshold up to a maximum of 150% of target awards for superior performance or no payout if performance is below threshold. The table below shows the annual incentive opportunities for our named executive officers for 2016. Because KAR Auction Services, ADESA and Digital Services each achieved at least the threshold level of performance in 2016, each of our named executive officers was eligible to receive an award under the Annual Incentive Program in 2017, which are set forth in the "Summary Compensation Table for 2016" on page 44. Based on the Company's performance during 2016, and the accompanying payout percentages for the different performance goals set forth above, our named executive officers earned the following percentages and corresponding payout amounts of their target annual incentive awards:

| Name | Target Annual Incentive Award | Percentage of Target Annual Incentive Award Earned | 2016 Payout |
|---------------------|--------------------------------------|---|--------------------|
| Jim Hallett | \$900,000 | 121.6% | \$1,094,772 |
| Eric Loughmiller | \$337,500 | 121.6% | \$410,540 |
| Don Gottwald | \$566,500 | 121.6% | \$689,098 |
| Stéphane St-Hilaire | \$459,000 | 135.8%(1) | \$623,417 |
| Peter Kelly | \$440,000 | 135.8%(1) | \$597,611 |

(1) These amounts are based on the average of the percentages of the target annual incentive awards earned for KAR and ADESA, in the case of Mr. St-Hilaire and KAR and Digital Services, in the case of Mr. Kelly.

Table of Contents**Long-Term Incentive Opportunities**

The Company provides long-term incentive compensation opportunities in the form of PRSUs and RSUs, each as described below.

2016 Long-Term Incentive Awards. As previously disclosed, on February 22, 2016, the Compensation Committee granted PRSUs and RSUs under its long-term incentive program to the Company's named executive officers, as described in the table below. The Company did not grant any stock options to its named executive officers in 2016. Awards were based on the individual's ability to impact future results, job scope, individual performance and a review of competitive pay practices. Mr. Loughmiller's 2016 award was enhanced for retentive purposes due to the fact that Mr. Loughmiller did not have any equity grants that carried forward following the sale by our former equity sponsors of all of their holdings of our common stock in late 2013.

The aggregate target award value for each named executive officer was allocated such that 75% of the value was in the form of PRSUs and 25% of the value was in the form of RSUs.

| Name | Target PRSUs (Cumulative Operating Adjusted Net Income Per Share Goal) | Value of Target Shares at Grant | RSUs | Value of RSUs at Grant |
|---------------------|---|--|-------------|---------------------------------------|
| Jim Hallett | 65,651 | \$2,280,059 | 21,884 | \$760,031 |
| Eric Loughmiller | 28,298 | \$982,790 | 9,433 | \$327,608 |
| Don Gottwald | 16,031 | \$556,757 | 5,344 | \$185,597 |
| Stéphane St-Hilaire | 10,391 | \$360,879 | 3,464 | \$120,305 |
| Peter Kelly | 9,961 | \$345,946 | 3,321 | \$115,338 |

2016 Performance-Based RSU Awards

The PRSUs will vest if and to the extent that the Company's "Cumulative Operating Adjusted Net Income Per Share" exceeds certain levels over the three-year period beginning on January 1, 2016. "Cumulative Operating Adjusted Net Income Per Share" means the sum of the Company's Operating Adjusted Net Income Per Share for the three fiscal years in the measurement period beginning on January 1, 2016 and ending on December 31, 2018.

"Cumulative Operating Adjusted Net Income Per Share" for a fiscal year is calculated by dividing Operating Adjusted Net Income by the weighted average diluted common shares outstanding per year. "Operating Adjusted Net Income" for a fiscal year is equal to the Company's net income as reported in the Form 10-K filed by the Company with respect to such fiscal year, adjusted to (i) exclude gains/losses from certain non-recurring and unbudgeted capital transactions, including debt prepayment, debt refinancing, share repurchases and related financing costs not contemplated in the long term incentive targets; (ii) exclude amortization expense associated with acquired intangible assets recorded during purchase accounting of acquisitions; (iii) exclude acquisition contingent consideration; (iv) exclude the impact of significant acts of God or other events outside of the Company's control that may affect the overall economic environment; (v) exclude significant asset impairments; (vi) exclude the impact of adoption of new accounting standards; and (vii) exclude the impact of tax rate changes caused by changes in tax legislation.

The amount of the target PRSUs actually earned and paid in shares of common stock in a lump sum following the performance period will be: 0% for below threshold performance, 50% for threshold performance, 100% for target performance and up to 200% for achieving the maximum performance level or higher. Linear interpolation will be used to calculate the percentage of PRSUs earned and paid if performance falls between the levels described above.

2016 Time-Based RSU Awards

The RSUs will vest and convert into shares of common stock of the Company on each of the first three anniversaries of the grant date, subject to the named executive officer's continued employment with the Company through each such anniversary, provided that the Company has achieved the Section 162(m)

Table of Contents

performance goal of \$100 million in adjusted net income in its 2016 fiscal year (as reported in the Form 10-K filed by the Company with respect to such fiscal year, and which condition was satisfied).

Prior Years' Awards.

2015 Performance-Based and Time-Based RSU Awards

As previously disclosed, on February 20, 2015, the Compensation Committee granted PRSUs and RSUs to certain of the Company's named executive officers, which remain outstanding. The amounts of PRSUs and RSUs are disclosed in the "Outstanding Equity Awards" table below.

These awards have terms substantially similar to those granted in 2016. As of December 30, 2016, one-third of the RSUs vested, as disclosed in the "Option Exercises and Stock Vested" table below.

2014 PRSU Awards

As previously disclosed, on February 27, 2014, the Compensation Committee approved the grant of PRSUs to certain of the Company's named executive officers. The number of PRSUs that vested on March 7, 2017 was determined as follows: (i) fifty percent was determined based on the Company's Cumulative Adjusted Net Income Per Share ("CANIPS") exceeding certain levels over the three-year period beginning on January 1, 2014 and ending on December 31, 2016; and (ii) fifty percent was determined based on the Company's TSR relative to that of companies within the S&P 500 Index over a three-year period from February 27, 2014 through February 27, 2017.

Performance Metric: CANIPS

The number of PRSUs that vested based on CANIPS achieved was determined in accordance with the chart below:

| CANIPS During the Measurement Period | Number of PRSUs Vesting |
|---|--------------------------------|
| Below Threshold: | |
| Below \$4.18 | 0% of Target |
| Threshold: | |
| \$4.18 | 50% of Target |
| Target: | |
| \$4.52 | 100% of Target |
| Maximum: | |
| Greater than or equal to \$5.42 | 200% of Target |

The Company achieved CANIPS of \$4.75 versus a target of \$4.52 for the three-year performance period ended December 31, 2016. As such, on March 7, 2017, based on the CANIPS achieved, fifty percent of the 2014 PRSUs vested above the target level but below the maximum level and resulted in the following number of PRSUs vesting:

| Name | Number of PRSUs Vesting | 2017 CANIPS Payout(1) |
|---------------------|--------------------------------|------------------------------|
| Jim Hallett | 29,984 | \$1,340,885 |
| Eric Loughmiller | 14,992 | \$670,443 |
| Stéphane St-Hilaire | 5,997 | \$268,165 |

Plans under which Long-Term Incentive Awards are Granted. The Company currently grants long-term incentive awards under the Omnibus Plan and formerly granted awards under the Stock Incentive Plan.

Table of Contents

Omnibus Plan

Our Board initially adopted the Omnibus Plan on December 10, 2009, as amended. Under the Omnibus Plan, participants are eligible to receive options, restricted stock, RSUs, stock appreciation rights, other stock-based awards or cash-based awards, each as determined by the Compensation Committee.

Stock Incentive Plan

The Stock Incentive Plan was in effect prior to our initial public offering and was subsequently frozen as of December 10, 2009. No further awards have been issued under this plan.

Retirement, Health and Welfare Benefits

We offer a variety of health and welfare and retirement programs to all eligible employees, including our named executive officers. As with all Company employees, our named executive officers are eligible to receive 401(k) employer matching contributions equal to 100% of the first 4% of compensation contributed by the named executive officer. The health and welfare programs are intended to protect employees against catastrophic loss and encourage a healthy lifestyle. Our health and welfare programs include medical, dental, vision, pharmacy, life insurance, disability and accidental death and disability. We also provide travel insurance to all employees who travel for business purposes.

We also provide certain enhanced retirement vesting of equity-incentive awards as described in "Potential Payments Upon Termination of Change in Control Potential Payments Upon Termination of Change of Control Table".

Perquisites

The Company provides the named executive officers a limited number of perquisites that the Compensation Committee believes are reasonable and consistent with the objective of attracting and retaining highly qualified executive officers. The perquisites which are currently available to certain of our named executive officers include an automobile allowance or use of a Company-owned automobile, an allowance for executive physicals and Company-paid group term life insurance premiums. Please see footnote 4 to the "Summary Compensation Table for 2016" on page 44 for more information regarding perquisites.

COMPENSATION POLICIES AND OTHER INFORMATION

Employment and Severance Agreements

The Compensation Committee recognizes that, from time to time, it is appropriate to enter into agreements with our executive officers to ensure that we continue to retain their services and to promote stability and continuity within the Company. All of our named executive officers have an employment agreement with the Company or one of its subsidiaries. A description of these agreements can be found in the section titled "Potential Payments Upon Termination or Change in Control Employment Agreements with Named Executive Officers."

Tax and Accounting Considerations

Employment Agreements. Section 280G of the Internal Revenue Code of 1986, as amended (the "Code") and related provisions impose substantial excise taxes under Section 4999 of the Code on so-called "excess parachute payments" payable to certain named executive officers upon a change in control and results in the loss of the compensation deduction for such payments by the Company.

Mr. Hallett's employment agreement, which became effective as of February 27, 2012, provides for a potential "gross-up payment" in the event that such excise taxes result from any excess parachute payments. Mr. Hallett's employment agreement provides that in the event that any payment or benefit under such agreement in connection with Mr. Hallett's employment or termination of employment is or becomes subject to an excise tax under Section 4999 of the Code, then the Company will make a cash payment to Mr. Hallett, which, after the imposition of all income, employment, excise and other taxes thereon, as well as any penalty

Table of Contents

and interest assessments associated therewith, will be sufficient to place Mr. Hallett in the same after-tax position as he would have been in had such excise tax not been applied. However, in the event that a reduction of the total payments to Mr. Hallett would avoid the application of the excise tax, then the total payments will be reduced to the extent necessary to avoid the excise tax, but in no event by more than 10% of the original amount of the total payments.

None of the employment agreements entered into with Messrs. Loughmiller, Gottwald, St-Hilaire or Kelly contain excise tax gross-up provisions.

Omnibus Plan. Certain awards under the Omnibus Plan are designed so that they may comply with the performance-based compensation exception to the \$1,000,000 per person annual deductibility limit under Section 162(m) of the Code ("Section 162(m)") applicable to Covered Employees (as defined in Section 162(m)). Though tax deductibility is one of many factors considered by the Compensation Committee when determining executive compensation, the Compensation Committee retains the discretion to award compensation that exceeds or does not qualify for the Section 162(m) deductibility limit. For example, in seeking to tie executive pay to company performance in a meaningful way, the Compensation Committee may make decisions in designing and approving pay programs that are not driven by tax consequences to the Company.

Accounting for Stock-Based Compensation. We account for stock-based compensation in accordance with the requirements of ASC 718.

Clawback Policy for Financial Restatements. The Company's clawback policy provides for the recovery of incentive compensation in the event the Company is required to prepare an accounting restatement due to any current or former executive officer's intentional misconduct. In such an event, the executive officer would be required to repay to the Company the excess amount of incentive compensation received under the inaccurate financial statement. The Company intends to revise this policy as needed to comply with the requirements of the Dodd-Frank Wall Street Reform and Consumer Protection Act when such requirements become effective.

Insider Trading Policy

Our insider trading policy expressly prohibits:

ownership of margin securities;

trading in options, warrants, puts and calls or similar instruments on the Company's securities; or

selling the Company's securities "short."

We also prohibit officers, directors and employees from:

pledging the Company's securities as collateral for loans; and

purchasing or selling the Company's securities while in possession of material, non-public information, or otherwise using such information for their personal benefit.

Our executives and directors are permitted to enter into trading plans that are intended to comply with the requirements of Rule 10b5-1 of the Exchange Act so that they can prudently diversify their asset portfolios and exercise their stock options before their scheduled expiration dates.

Anti-Hedging Policy

In addition to the Company's existing anti-pledging of Company stock policy, the Company adopted a formal anti-hedging of Company stock policy, which prohibits our officers and directors from engaging in certain forms of hedging or monetization transactions with respect to the Company's stock, such as prepaid variable forward contracts, equity swaps, collars and exchange funds.

Table of Contents

Stock Ownership Guidelines and Stock Holding Requirement

The Compensation Committee adopted the following stock ownership guidelines which are applicable to our named executive officers:

| Title | Stock Ownership Guideline |
|--------------------------------|----------------------------------|
| CEO | 5 times annual base salary |
| Other Named Executive Officers | 3 times annual base salary |

The named executive officers must hold 60% of the vested shares, net of taxes, of Company stock received under awards granted on or after January 1, 2015 until the applicable ownership guideline is met. All named executive officers are in compliance with the stock ownership guidelines.

RESULTS OF SAY ON PAY VOTES AT 2014 ANNUAL MEETING

At the Company's 2014 annual meeting of stockholders, the Company held a non-binding stockholder vote on executive compensation (commonly referred to as "Say on Pay"). At the meeting, excluding broker non-votes, over 95% of the votes on the matter were cast to approve the Company's executive compensation programs, less than 4% of the votes were cast against, and less than 1% abstained from voting.

The Compensation Committee considered the results of the vote, including the appropriateness of the compensation philosophy and objectives, the role of the Compensation Committee and executive officers in setting compensation, the elements used to achieve the compensation philosophy and objectives and the levels of compensation provided to the named executive officers. Following its review, the Compensation Committee decided to retain the Company's general approach to executive compensation in 2015, 2016 and 2017, in part due to the significant majority of stockholders that voted to approve the Company's executive compensation programs at the 2014 annual meeting of stockholders.

Previously, at the Company's 2011 annual meeting of stockholders, the Company held a non-binding stockholder vote on whether to hold a Say on Pay vote every one, two or three years. At that meeting, a majority of our stockholders voted in favor of holding a Say on Pay vote every three years, and accordingly, the Company adopted a triennial Say on Pay vote frequency. As described in more detail in Proposal No. 3 above, the Board now recommends that stockholders adopt an annual Say on Pay vote frequency to enable stockholders to provide more frequent, direct input to the Company regarding its executive compensation philosophy, policies and practices.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed the Compensation Discussion and Analysis for executive compensation for 2016 and discussed that analysis with management. Based on its review and discussions with management, the Compensation Committee recommended to our Board that the Compensation Discussion and Analysis be included in this proxy statement and incorporated by reference into the Company's 2016 Annual Report on Form 10-K. This report is submitted by Donna R. Ecton, Todd F. Bourell, Lynn Jolliffe and John P. Larson, being all current members of the Compensation Committee, and J. Mark Howell, who was a member of the Compensation Committee for a portion of 2016.

ANALYSIS OF RISK IN THE COMPANY'S COMPENSATION STRUCTURE

The Compensation Committee considers the potential risks in our business when designing and administering the Company's pay program, and the Compensation Committee believes its balanced approach to performance measurement and pay delivery works to avoid misaligned incentives for individuals to undertake excessive or inappropriate risk. Further, program administration is subject to considerable internal controls, and when determining the principal outcomes performance assessments and pay decisions the Compensation Committee relies on principles of sound governance and good business judgment. As part of its responsibilities to annually review all incentive compensation and equity-based plans, and evaluate whether the compensation arrangements of the Company's employees incentivize unnecessary and excessive risk-taking, the Compensation Committee evaluated the risk profile of all of the Company's compensation policies and practices for 2016.

In its evaluation, the Compensation Committee reviewed the Company's employee compensation structures and noted numerous design elements that manage and mitigate risk without diminishing the incentive nature of the compensation. There is a balanced mix between cash and equity and between annual and longer-term incentives. In addition, annual incentive awards and long-term incentive awards granted to executives are tied to corporate performance goals, including Adjusted EBITDA and Cumulative Operating Adjusted Net Income Per Share. These metrics encourage performance that supports the business as a whole. The executive annual incentive awards include a maximum payout opportunity equal to 150% of target. Our executives are also expected to meet share ownership guidelines in order to align the executives' interests with those of our stockholders. Also, the Company's clawback policy permits the Company to recover incentive compensation paid to an executive officer if the compensation resulted from any financial result or metric impacted by the executive officer's intentional misconduct. This policy helps to discourage inappropriate risks, as executives will be held accountable for misconduct which is harmful to the Company's financial and reputational health.

The Compensation Committee also reviewed the Company's compensation programs for certain design features that may have the potential to encourage excessive risk-taking, including: over-weighting towards annual incentives, highly leveraged payout curves, unreasonable thresholds and steep payout cliffs at certain performance levels that may encourage short-term business decisions to meet payout thresholds. The Compensation Committee concluded that the Company's compensation programs (i) do not include such elements; or (ii) have implemented features, steps and controls that are designed to limit risks of our compensation arrangements. In light of these analyses, the Compensation Committee concluded that the Company has a balanced pay and performance program that does not encourage excessive risk-taking that is reasonably likely to have a material adverse effect on the Company.
