Independent Auditors' Report

To the Board of Trustees
Washington Real Estate Investment Trust
Rockville, Maryland

We have audited the accompanying Statement of Revenues and Certain Operating Expenses of 1140 Connecticut Avenue (the "Property") for the year ended December 31, 2010. This financial statement is the responsibility of the Property's management. Our responsibility is to express an opinion on the financial statement based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Property's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis for our opinion.

The accompanying financial statement was prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission as described in Note 1, and is not intended to be a complete presentation of the Property's revenues and expenses.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the revenues and certain operating expenses described in Note 1 of the Property for the year ended December 31, 2010, in conformity with U.S. generally accepted accounting principles.

The Statement of Revenues and Certain Operating Expenses (the "Financial Statement") has been prepared for the purpose of complying with Regulation S-X, Rule 3-14 of the Securities and Exchange Commission ("SEC"), which requires certain information with respect to real estate operations acquired to be included with certain filings made by WRIT with the SEC. This financial statement includes the revenue and certain operating expenses of the Property, exclusive of the following expenses which may not be comparable to the future operations:

- a) Interest expense on mortgages and borrowings, in existence prior to acquisition by WRIT
- b) Depreciation of property and equipment
- c) Management and leasing fees
- d) Certain corporate and administrative expenses

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Revenue Recognition - The Property reports base rental revenue on a straight-line basis over the term of the respective leases. The Property accounts for leases with its tenants as operating leases as substantially all of the benefits and risks of ownership of the property under lease have not been transferred to the respective tenants. Expense recoveries include real estate taxes and operating expenses and are recognized in the period in which they occur, and are computed based on final operating expenses for the year in accordance with the lease agreements. Parking revenue is recognized as services are rendered. As of December 31, 2010, the occupancy of the building was 97.7 percent.

Use of Estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimated amounts.

NOTE 3 - MINIMUM FUTURE LEASE RENTALS

Future minimum base rent due under noncancelable operating leases in effect as of December 31, 2010 and expiring at various dates through 2020, is as follows (in thousands):
