PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Peoples Financial Services Corp., parent company of Peoples National Bank, Peoples Advisors, LLC, and Peoples Financial Capital Corporation, for use at the Company's Annual Meeting of Shareholders to be held on April 25, 2009, (the "Meeting") at 8:30 a.m. E.S.T. at the Shadowbrook Inn and Resort, 315 SR 6 E, Tunkhannock, Pennsylvania. The Proxy Statement and the accompanying proxy are first being mailed to Shareholders of the Company on or about March 31, 2009.

PROXIES

The execution and return of the enclosed proxy will not affect a shareholder's right to attend the Meeting and vote in person. Any Shareholder giving a proxy may revoke it at any time before it is exercised by submitting written notice of its revocation or a subsequently executed proxy to the Secretary of the Company, Debra E. Dissinger, PO Box A, Hallstead, Pennsylvania, 18822, or by attending the Meeting and electing to vote in person after giving written notice thereof to the Secretary of the Company. Shareholders of record at the close of business on February 27, 2009 are entitled to notice of, and to vote at, the Meeting. On that date, the Company had 3,131,181 shares of common stock outstanding (the "Common Stock"), par value \$2 per share, each of which will be entitled to one vote at the meeting.

If the enclosed proxy is appropriately marked, signed, and returned in time to be voted at the Meeting, the shares represented by the proxy will be voted in accordance with the instructions marked thereon. Any proxy not specifying to the contrary will be voted FOR the election of the nominee for Class III Director.

Shares represented by properly executed proxies on the accompanying form will be voted FOR the nominee of the Board of Directors named unless otherwise specified on the proxy by the Shareholder. Any Shareholder who wishes to withhold authority from the proxyholder to vote for the election of the Director may do so by marking his or her proxy to that effect. No proxy may be voted for a greater number of persons than the number of nominees named. If the nominee should become unable to serve, the person named in the proxy may vote for another nominee. The Company's Board of Directors and Management, however, have no present reason to believe that the nominee listed will be unable to serve as a Director, if elected.

REQUIRED VOTE

The presence, in person or by proxy, of the holders of a majority of the Shares entitled to vote generally for the election of Directors is necessary to constitute a quorum at the Meeting. Abstentions and broker "non-votes" are counted as present and entitled to vote for purposes of determining a quorum. A broker "non-vote" occurs when a nominee holding Shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner.

Directors are elected by a plurality of the votes cast at the Meeting. Abstentions and broker "non-votes" will not be considered as votes cast for purposes of the Meeting.

COST OF PROXY SOLICITATION

The expense of soliciting proxies will be borne by the Company. It is expected that the solicitation of proxies will be primarily by mail. The Company's Directors, Officers and Employees may also, but without compensation other than their regular compensation, solicit proxies by further mailings or personal conversations, or by telephone, fax, or other electronic means. This expense for 2008 was \$4,000.

ADVANCE NOTICE PROCEDURES

The By-laws of the Company permit nominations for election to the Board of Directors to be made by the Board of Directors or by any Shareholder of the Company. All nominations are referred to the Board of Directors for consideration. There were no nominations by Shareholders submitted to the Board for consideration.

Any Shareholder proposal for consideration at the Company's Annual Meeting of Shareholders to be held in 2010 must be received by the Company at its principal office not later than December 24, 2009. A copy of the full text of the By-law provisions discussed above may be obtained by writing to the Corporate Secretary, PO Box A, Hallstead, Pennsylvania, 18822.

The Audit Committee Charter is posted on our website at www.peoplesnatbank.com/investors.

The Nominating and Governance Committee met one time during 2008. This committee is comprised of four members of the Board. The Asset/Liability Committee met 12 times in 2008. The primary objectives of the Asset/Liability management process include: optimize earnings and return on assets and equity within acceptable and controllable levels; provide for growth that is sound, profitable and balanced without sacrificing the quality of service; and manage and maintain policy and procedures that are consistent with the short - and long -term strategic goals of the Board of Directors. This committee is also responsible for insuring the adequacy of the Bank's loan loss reserve. The Loan Administration Committee meets with the Chief Credit Officer and other Executive Officers on a quarterly basis.

The Branch Committees each met 11 times during 2008. These committees consist of the Directors assigned to or representing a particular community office. These committees meet with the Branch Manager, Executive Officers and Associate Directors of that office on a monthly basis to discuss the progress and/or problems of the particular office they represent. The Committee may make recommendations on unlimited matters concerning that office for consideration at the monthly Board of Director's Meeting.

COMPENSATION DISCUSSION AND ANALYSIS

OVERVIEW OF OBJECTIVES

The executive compensation program of Peoples Financial Services Corp. (the “Company”) is designed to provide a competitive base salary as well as providing incentives to our executive officers to effectively lead and manage our company and its growth strategy. Decisions regarding executive compensation are determined by our Compensation Committee. This Committee reviews a number of factors including performance of the individual executive officers, the performance of the Company and compensation surveys for comparable banks based on asset size and geographic location.

The program is designed to support annual and long-term company goals that create consistent profitable growth while providing long-term value to our shareholders. The objectives of the Company’s executive compensation plan

are to: (1) attract, motivate and retain highly qualified executives; (2) link total compensation to both individual performance and the performance of the bank and holding company; (3) appropriately balance short-term and long-term financial objectives, build shareholder value and reward individual, team and Company performances, and (4) align executive and shareholder interests by including equity as part of total compensation.

In this compensation discussion and analysis, our Chief Executive Officer, our Chief Operating Officer/Chief Risk Officer, and our Chief Credit Officer are referred to collectively as our “Named Executive Officers”.

8

During the year ended December 31, 2008, we compensated our Named Executive Officers with a combination of base salary, bonus, equity compensation and benefit plans and perquisites which the Committee believed were comparable to other financial institutions of similar size in our region. Mr. Lochen, President/CEO, received a base salary of \$130,000 and \$23,287 in other compensation which is shown in detail in the Summary Compensation Table. In addition, Mr. Lochen received \$6,000 in Director's fees. Other than base salary and incentive bonuses, the employee stock ownership plan represents the equity compensation made available to our Named Executive Officers. This plan is also offered to all eligible full-time employees of the Company.

COMPONENTS OF THE COMPENSATION PROGRAM

The Company's executive compensation includes three key elements: base salary, annual incentives and long-term incentives.

BASE SALARY

Base salary is the basic element of the executive compensation program and the foundation for setting incentive compensation target awards. Management provides the Compensation Committee with salary information as compiled by L.R. Webber and Associates, Inc. This Webber survey gathers information for Pennsylvania banks and also provides information based on the institution's size and geographic region within the state. The Committee used a peer group of banks with asset sizes of \$400 to \$500 million in total assets and located in the Northeast Pennsylvania Region. See the "Compensation Survey Peer Group Table" for the listing of these peer banks. The Committee determines the base salary range for a particular position by evaluating (1) the duties, complexities and responsibilities of the position; (2) the level of experience required, and (3) the compensation for positions having similar scope and accountability within the peer group.

In most cases, base salary for an executive is set between 70 and 85 percent of the median salary for comparable positions within the peer group. Factors utilized to set actual salary also include individual performance, length and nature of experience and competency, and the potential for advancement.

ANNUAL INCENTIVES

In January 2008, the Compensation Committee recommended to the Board of Directors an Incentive Compensation Plan which was approved by the Company's Directors. Incentive Compensation represents the "at risk" portion of an executive's pay. The Company believes financial goals create a strong and objective link between executive compensation and shareholder value creation. The Corporation uses economic profit as the measurement for financial goal achievement because it promotes the simultaneous optimization of growth, earnings and capital efficiency. The Company believes economic profit is the best indicator of long-term shareholder value creation and correlates well with long-term stock price appreciation.

The Compensation Committee sets corporate goals for the Named Executive Officers to achieve in order to qualify for a cash bonus. Maximum cash bonus awards to the Named Executive Officers for 2008 are as follows: President/CEO – 25% of base salary; CRO/COO – 20% of base salary; and CCO – 15% of base salary. Measurements and weighting for 2008 are as follows: Net Income weighted at 50% of maximum bonus, Total Average Assets at 5%, Return on Average Assets at 5%, Return on Average Equity at 5%, Efficiency Ratio at 5%, and Execution of the Company's Strategic Plan weighted at 30%.

The Board also sets separate goals to align executives' interests with the financial performance of either the Company or their individual area of responsibility. The President/Chief Executive Officer and Chief Operations Officer/Chief Risk Officer are measured on the overall economic profit of the Company as well as implementation of the strategic plan. The other Named Executive Officer is measured on the economic profit of the Company as well as certain departmental goals.

The Compensation Committee recommends and the Board approves the payment of bonus plan awards. The awards are paid in the first quarter following the fiscal year for which an award is earned. The awards are paid in cash. Mr.

Lochen and Ms. Dissinger declined bonus payments in 2008 and have declined participation in the bonus plan in future years.

9

LONG-TERM INCENTIVES

The Company designs long-term incentives to focus executives on long-term value creation and to provide balance to the annual incentives. The Bank has an employee stock ownership program (“ESOP”) covering substantially all employees who have attained the age of 21 and have completed one year of service. Contributions to the plan are at the discretion of the Board of Directors. Employer contributions are allocated to participant accounts based on their percentage of total base and short-term incentive compensation for the plan year. The amounts contributed to the plan are the same percentage of compensation for the Named Executive Officers as for all employees. In 2008, \$6,509 was contributed to Mr. Lochen’s account, \$5,273 was contributed to Ms. Dissinger account, and \$4,558 was contributed to Mr. Ferretti’s account. During 2008, total contributions to the plan charged as an expense to operations were \$150,754. Under the terms of the ESOP, the trustee must invest assets primarily in common stock of the Company. Under the ESOP, employee participants are entitled to voting rights attributable to stock allocated to their accounts.

The Bank also maintains a profit sharing plan under the provisions of Section 401(K) of the Internal Revenue Code. The plan covers substantially all employees who have completed one year of service. Contributions to the plan by the Bank equal 50% of the employee contribution up to a maximum of 6% of annual salary. Mr. Lochen received \$4,522, Ms. Dissinger received \$3,955, and Mr. Ferretti received \$3,418 in employer contributions in 2008. During 2008, total employer contributions to the plan charged as an expense to operations were \$95,398.

On May 1, 1998, the Company made a grant of stock options to substantially all employees. These options had an exercise price of \$14.80 (price adjusted to reflect the Company’s five-for-two split in September 1998 and three-for-two split in May 2003). The options vested after five years of service and expired May 1, 2008. Discretionary, non-performance-based stock option grants were made to key officers and managers in 1999 through 2005 at exercise prices ranging from \$17.00 to \$34.10. The options have an expiration date of 10 years from the date of grant with the 2003 options vesting after five years. Recent philosophy of the Board of Directors has been to eliminate issuance of stock options as a segment of executive compensation.

OTHER COMPENSATION ELEMENTS

The Company has provided a supplemental employee retirement plan (“SERP”) to one Named Executive Officer. The awarding of SERPs to Named Executive Officers is a discretionary decision addressed annually by the Compensation Committee. As of December 31, 2008, Ms. Dissinger is the only Named Executive Officer with SERP benefits. Former President and Chief Executive Officer, John Ord, who retired January 2, 2007, also receives a SERP benefit from The Company. Mr. Ord’s plan provides for a yearly retirement benefit of \$84,520 paid in monthly disbursements. In the event of his death, Mr. Ord’s spouse is entitled to a payment of 50% of the monthly disbursements. Ms. Dissinger’s plan, funded through life insurance, provides a benefit of \$20,000 per year for 15 years commencing with the month following the month in which she terminates employment after reaching normal retirement age. If the executive’s employment is terminated before normal retirement age, absent a change in control, by the executive for good reason, or due to non-renewal of an employment agreement, disability, or termination by the Bank for reasons other than for cause, the benefit accrued to date will be paid on the date of termination. Upon death of the executive while actively employed by the Bank, the executive’s beneficiary will be paid a lump sum amount which is determined by the number of years the plan was in effect. In exchange for their supplemental retirement benefits, the executives have signed restrictive covenants which prohibit them from entering into business relationships which compete with the operation of the Bank. Participation in the SERP is provided to assure the overall competitiveness of the Company’s executive compensation program.

The Company entered into an employment agreement with Mr. Lochen, President & CEO, in February of 2007. The Company also has entered into change-in-control agreements with Ms. Dissinger and Mr. Ferretti. The CEO employment agreement and change-in-control agreements are designed to (1) assure the continuity of executive management during a threatened takeover; and (2) ensure executive management is able to objectively evaluate any change in control proposal and act in the best interests of shareholders during a possible acquisition, merger or combination. The Company designed the agreements to be part of a competitive compensation package, thereby aiding in attracting and retaining top quality executives.

The agreements define a change in control as having occurred (1) when a third person or entity becomes the beneficial owner of more than 19.99% of the combined voting power of the Company's securities then outstanding; (2) there occurs a merger, consolidation or reorganization to which the Company or the Bank is a party in which the members of the Board of Directors of the Company do not constitute a majority of the members of the Board of the resulting entity; (3) there occurs a sale, exchange or disposition of substantially all of the assets of the Company or the Bank to another entity; (4) there occurs a contested proxy solicitation that results in a contesting party obtaining the ability to elect candidates to a majority of the Company's Board; or (5) there occurs a tender offer for the shares of voting securities of the Company and the tender offeror obtains securities representing more than 19.99% of the combined voting power of the Company's outstanding securities.

The executive is entitled to certain benefits if, at any time within two years after the change in control, any of the following triggering events occurs: (1) employment is terminated by the Company for any reason other than cause or disability of the executive; or (2) employment is terminated by the executive for "good reason." "Good reason" is defined as (1) assignment to the executive of duties substantially inconsistent with the executive's position, authority or responsibilities, or any other substantial adverse changes in the executive's position (including title), authority or responsibilities; (2) the Company's failure to comply with any of the provisions of the agreement; (3) a required change of more than 50 miles in the executive's principal place of work, except for travel reasonably required in performing the executive's responsibilities; (4) a purported termination of the executive's employment by the Company which is not permitted by the agreement; (5) the Company's failure to require a successor company to assume the agreement; or (6) the executive's good faith determination that the change in control resulted in the executive being substantially unable to carry out authorities or responsibilities attached to his or her position due to the change in control.

When a triggering event occurs following a change in control, the executive is entitled to two times (2.99 times for the CEO) the sum of the executive's annual base salary. In the event the CEO's employment is voluntarily terminated by the Company without cause or the executive resigns from employment for good reason and no change in control shall have occurred at the date of such termination or resignation, the Company must pay to the executive in cash within twenty days following termination or resignation, an amount equal to 2.0 times the highest sum of (1) their taxable federal compensation reported on Form W-2 during each of the immediately preceding three calendar years; and (2) all amounts excluded from such compensation during the relevant calendar year under the Internal Revenue Code. In exchange for receipt of the severance payment where no change in control has occurred, the CEO is prohibited for a period of one year from the date of termination, from entering into any relationship with any enterprise which is engaged in a business which competes with the Company.

The CEO and other Executive Officers are entitled to receive reimbursement for any legal fees and expenses, plus interest thereon, that may be incurred in enforcing or defending his or her agreement. The CEO's employment agreement is automatically renewed, on an annual basis, for a period of three years and the change-in-control agreements of the other Named Executive Officers are automatically renewed, on an annual basis, for a period of two years.

AMOUNTS OWED IF A TRIGGERING EVENT HAD TAKEN PLACE

If a triggering event had occurred on December 31, 2008, the benefits payable in 2008 for Ms. Dissinger's SERP contract would have been \$103,626. If a triggering event had occurred on December 31, 2008, the benefits payable in 2008 for Mr. Lochen's employment agreement would have been \$388,700, for Ms. Dissinger's change-in-control agreement, \$220,000 and for Mr. Ferretti's change-in-control agreement, \$200,000.

PERQUISITES

The Compensation Committee annually reviews the perquisites that senior management receives.

Beginning in 2007, the Board agreed to provide Mr. Lochen with a \$1,000 per month vehicle allowance and spousal travel expenses for conventions.

The Committee believes that country clubs can serve as appropriate forums for building client relationships and for community interaction. The Bank reimburses monthly membership expenses for Messrs. Lochen and Ferretti based on demonstrable business requirements, which are approved monthly and reviewed annually.

11

The Compensation Committee regularly reviews People's perquisites and believes they are appropriate and modest when compared to peer companies and are necessary to attract and retain high-caliber talent.

IMPACT OF PRIOR COMPENSATION IN SETTING ELEMENTS OF COMPENSATION

Prior compensation of the Named Executive Officers does not impact how the Company sets elements of current compensation. The Compensation Committee believes the competitive environment mandates that current total compensation be sufficient to attract, motivate and retain top management. The Compensation Committee analyzes outstanding option grants, outstanding plan awards and overall Company stock ownership for each of the Named Executive Officers to ensure that future stock option grants, change-in-control agreements and other benefits provide appropriate and relevant incentives to the executives. Based on the current analysis, the Compensation Committee believes that prior compensation will not impact the ongoing effectiveness of the Company's compensation objectives.

THE ROLE OF THE COMPENSATION COMMITTEE AND INDEPENDENT CONSULTANT

The Compensation Committee evaluates management's executive compensation recommendations and provides independent review of the Company's executive compensation program. The Compensation Committee is comprised solely of Directors who are not current or former employees of the Company and each is independent as defined by the NASDAQ director independence standards. The Compensation Committee is responsible for recommending compensation policies to the Board for approval, as well as developing and implementing the compensation programs for the Named Executive Officers and other key members. Key items pertaining to executive compensation such as base salary increases, cash performance plan awards and stock option grants are submitted to the Board for approval following the review and recommendation of the Compensation Committee. In the case of the CEO, only the independent Directors of the Board approve the Compensation Committee's recommendation.

Operating within the framework of duties and responsibilities established by the Board, the Compensation Committee's role is to assure the Company's (1) compensation strategy is aligned with the long-term interests of the shareholders and members; (2) compensation structure is fair and reasonable; and (3) compensation reflects both corporate and individual performance. In discharging its responsibilities, the Compensation Committee utilizes broad-based, comparative compensation surveys developed by L.R. Webber Associates, Inc.

The Compensation Committee's Charter provides that any outside compensation consultants who offer advice on compensation levels and benefits for the CEO or other senior executives will be retained by the Compensation Committee, report to the Chair of the Compensation Committee and submit fee statements for approval to the Chair of the Compensation Committee. The consultant's findings are reported directly to the Compensation Committee. Any other consulting services by such compensation consultants for the Company must be approved in advance by the Compensation Committee Chair.

OTHER MATTERS

While we believe that it is important that our Executive Officers and Directors own shares of the Company's common stock, we do not have equity or security ownership requirements for Executive Officers or Directors.

The Bank has in effect a Directors' and Officers' liability insurance policy from the Zurich North America Company to cover certain liabilities, losses, damages, and expenses that the Bank's Directors and Officers may incur in such capacities. \$8,864 was charged to expenses in 2008 for this insurance.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed this CD&A, which begins on page 8 of this Proxy Statement, with management and based on such review and discussion, the Compensation Committee recommended to the Board that this CD&A be included in this Proxy Statement.

RELATIONSHIPS AND OTHER RELATED TRANSACTIONS

Several of the Directors and Officers of the Company, and the companies with which they are associated, are customers of, and during 2008 had banking transactions with, the Bank in the ordinary course of the Bank's business, and intend to do so in the future. All loans and commitments to loan included in such transactions were made under substantially the same terms, including interest rates, collateral, and repayment terms, as those prevailing at the time for comparable transactions with other persons and, in the opinion of the Bank's Management, do not involve more than the normal risk of collection or present other unfavorable features.

REPORT OF THE AUDIT COMMITTEE

The following report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates the report by reference therein.

The members of the Bank's Audit Committee are William E. Aubrey II, Russell D. Shurtleff, Esquire, and Ronald G. Kukuchka. The Committee met four times during fiscal 2008. The Committee's meetings include, whenever appropriate, executive sessions with the Company's independent auditors and with the Company's internal auditors, in each case without the presence of the Company's management. In addition, the Committee reviewed major initiatives and programs aimed at strengthening the effectiveness of the Company's internal control structure. As part of this process, the Committee continued to monitor the scope and adequacy of the Company's internal auditing program, reviewing staffing levels and steps taken to implement recommended improvements in internal procedures and controls. A copy of the Audit Committee Charter is included as an exhibit to this Proxy Statement.

Independent Auditor Fees The Sarbanes-Oxley Act of 2002 and the auditor independence rules of the Securities and Exchange Commission require all public accounting firms which audit issuers to obtain pre-approval from their respective Audit Committees in order to provide professional services without impairing independence.
