SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Accounting Principles

The consolidated balance sheets and related consolidated statements of operations and cash flows contained in this report include the accounts of the Company and its subsidiaries. All significant intercompany balances and transactions have been eliminated in consolidation. In the opinion of management, all entries necessary for a fair presentation of such consolidated financial statements have been included. These entries consisted only of normal recurring items.

The consolidated financial statements and accompanying notes are prepared in accordance with generally accepted accounting principles in the United States of America (GAAP). The preparation of financial statements in conformity with United States generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

Interim Reporting

While the information presented in the accompanying interim consolidated financial statements is unaudited, it includes all normal recurring adjustments, which are, in the opinion of management, necessary to present fairly the financial position, results of operations and cash flows for the interim periods presented in accordance with accounting principles generally accepted in the United States of America. These interim consolidated financial statements follow the same accounting policies and methods of their application as in our December 31, 2011 audited annual consolidated financial statements. It is suggested that these interim consolidated financial statements be read in conjunction with our December 31, 2011 annual consolidated financial statements.

Discontinued operations

The Company's former operations were discontinued in 2008 and were accounted for as discontinued operations. On October 21, 2011, the discontinued operations of QMotions, Inc. and Aptus Games Inc. were sold in a share purchase agreement to an individual. The Company retains ownership of the discontinued subsidiary Diagnostic Nano Applications Corp.

Cash and cash equivalents

Cash and cash equivalents consist primarily of cash on deposit.

2.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Revenue recognition

The Company recognizes revenue in accordance with the provision of the Securities and Exchange Commission Staff Accounting Bulletin (SAB) No. 104 (ASC 605-10) which establishes guidance in applying generally accepted accounting principles to revenue recognition in financial statements. Four basic criteria must be met before we recognize revenue: (1) persuasive evidence of an arrangement exists; (2) delivery has occurred or services rendered; (3) the price to the buyer is fixed and determinable; and (4) collectability is reasonably assured.

Research and development

All costs of research and development activities are expensed as incurred.

Income taxes

The Company records deferred tax assets and liabilities based on the net tax effects of tax credits, operating loss carryforwards and temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. The Company assesses the likelihood that its deferred tax assets will be recovered from future taxable income and the Company establishes a valuation allowance to reduce deferred tax assets to an amount which it believes to be more likely than not realizable. The valuation allowance is based on the Company's estimates of taxable income by jurisdiction in which it operates and the period over which its deferred tax assets will be recoverable.

Going concern

The accompanying financial statements have been prepared assuming that the company will continue to operate as a going concern. Through June 30, 2012, the Company has not generated significant operating or net profits. As of June 30, 2012, the accumulated deficit is \$9,110,342 and the working capital deficiency is \$1,593,996.

Property, plant and equipment

Property, plant and equipment are stated at original cost less accumulated depreciation and amortization.

Depreciation is provided to write off the cost of property, plant and equipment using the straight-line method at rates based on their estimated useful lives from the date on which they become fully operational and after taking into account their estimated residual values.

Accounting for the impairment of long-lived assets

The long-lived assets held and used by the Company are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of assets may not be recoverable. It is reasonably possible that these assets could become impaired as a result of technology or other industry changes. Determination of recoverability of assets to be held and used is by comparing the carrying amount of an asset to future net undiscounted cash flows to be generated by the assets. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets. Assets to be disposed of are reported at the lower of the carrying amount or fair value less costs to sell.

2.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Operating leases

Leases where substantially all the rewards and risks of ownership of assets remain with the leasing company are accounted for as operating leases.

Allowance for doubtful accounts

Accounts receivable are stated at the amount billed to customers. The Company recognizes an allowance for doubtful accounts to ensure trade and other receivables are not overstated due to uncollectibility. The Company's estimate is based on a variety of factors, including historical collection experience, existing economic conditions and a review of the current status of the receivable. No allowance for doubtful accounts was required at June 30, 2012 or December 31, 2011.

Related parties

Parties are considered to be related if one party has the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions. Parties are also considered to be related if they are subject to common control or common significant influence.

Basic and Diluted Net Loss per Share

Basic net loss per common share is computed by dividing net loss applicable to common shareholders by the weighted-average number of common shares outstanding during the period. Diluted net loss per common share is determined using the weighted-average number of common shares outstanding during the period, adjusted for the dilutive effect of common stock equivalents, consisting of shares that might be issued upon exercise of common stock options. In periods where losses are reported, the weighted-average number of common shares outstanding excludes common stock equivalents, because their inclusion would be anti-dilutive.

Recently issued accounting standards

There are no accounting standards or interpretations issued or recently adopted that are expected to have a material impact on the Company's financial position, operations or cash flows.

3.

SALE OF DISCONTINUED OPERATIONS

On October 21, 2011, the Company entered into Share Purchase Agreements with an individual for the sale of 100.0% of the outstanding shares of QMotions Inc. and for the sale of 100.0% of the outstanding shares of Aptus Games Inc., discontinued subsidiaries of the Company. Total consideration for the sale is \$1.00 each.

4.

NOTES PAYABLE

On November 4, 2011, the Company entered into a Settlement Agreement and General Mutual Release under which Alma Bailante Real Estate Inc. (a secured creditor) has agreed to release and forever discharge \$1,200,000 of debt in exchange for 4,666,929 shares of common stock of DADG beneficially owned by Albanna and 12,000,000 shares of common stock of DADG (new shares) and enter into a new Promissory Note evidencing the remaining \$945,962 of debt owned by Alma. Liquidity and Capital Resources

There is substantial doubt about our ability to continue as a going concern as the continuation of our business is dependent upon obtaining further long-term financing, successful and sufficient market acceptance of our products and achieving a profitable level of operations. The issuance of additional equity securities by us could result in a significant dilution in the equity interests of our current stockholders. Obtaining commercial loans, assuming those loans would be available, would provide liquidity and increase our liabilities and future cash commitments. Presently, our revenues are not sufficient to meet our operating and capital expenses. Management projects that we will require additional funding to maintain our current operations

Operating Activities: Net cash used in operating activities for the six months ended June 30, 2012 was \$254,920 as compared to \$38,520 for the six months ended June 30, 2011. The increase is primarily due to the net loss of \$342,241 in 2012 and an increase in accrued expenses of \$87,221.

Investing Activities: No cash was used in investing activities for the six months ended June 30, 2012. During the six months ended June 30, 2011, the Company paid \$73,000 in leasehold improvements.

Financing Activities: Net cash received from financing activities for the six months ended June 30, 2012 came primarily from proceeds from loans of \$250,000. During the six months ended June 30, 2011, the Company raised \$80,000 through the issuance of shares.

As a result of the above activities, the Company had cash and cash equivalents of \$17,474 as of June 30, 2012 as compared to \$22,394 at December 31, 2011. The ability the Company to continue as a going concern is dependent on its success in obtaining additional financing.

Quarterly Developments

On April 19, 2012, Mr. Loren Kaiser (Mr. Kaiser) resigned from his positions as President, Chief Executive Officer, Chief Financial Officer, Treasurer, Secretary, and a Director of the Company and appointed Mr. Richard Pak (Mr. Pak) to serve as the Company s President, Chief Executive Officer, Chief Financial Officer, Treasurer, and Director, and Ms. Katrina Van Duzee (Ms. Van Duzee) to serve as the Company s Secretary. Going Concern

We have not attained profitable operations and are dependent upon obtaining financing to pursue any extensive acquisitions and activities. For these reasons, our auditors stated in their report on our audited financial statements that they have substantial doubt that we will be able to continue as a going concern without further financing.

Future Financings

We will continue to rely on equity sales of our common shares in order to continue to fund our business operations. Issuances of additional shares will result in dilution to existing stockholders. There is no assurance that we will achieve any additional sales of the equity securities or arrange for debt or other financing to fund our operations and other activities.

Off-Balance Sheet Arrangements

We have no significant off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that are material to stockholders.

Our financial statements and accompanying notes have been prepared in accordance with United States generally accepted accounting principles applied on a consistent basis. We regularly evaluate the accounting policies and estimates that we use to prepare our financial statements. A complete summary of these policies is included in the notes to our financial statements. In general, management's estimates are based on historical experience, on information from third party professionals, and on various other assumptions that are believed to be reasonable under the facts and circumstances. Actual results could differ from those estimates made by management.

CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

Disclosure controls and procedures are controls and procedures that are designed to ensure that information required to be disclosed in our reports filed under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the SEC's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by our company in the reports that it files or submits under the Exchange Act is accumulated and communicated to our management, including its principal executive and principal financial officers, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure. Our management carried out an evaluation under the supervision and with the participation of our Principal Executive Officer and Principal Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures pursuant to Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934 ("Exchange Act"). Based upon that evaluation, our Principal Executive Officer and Principal Financial Officer have concluded that our disclosure controls and procedures were not effective as of June 30, 2012, due to the material weaknesses resulting from the Board of Directors not currently having any independent members and no director qualifies as an audit committee financial expert as defined in Item 407(d)(5)(ii) of Regulation S-K, and controls were not designed and in place to ensure that all disclosures required were originally addressed in our financial statements.

Changes in Internal Control over Financial Reporting

Our management has also evaluated our internal control over financial reporting, and there have been no significant changes in our internal controls or in other factors that could significantly affect those controls subsequent to the date of our last evaluation.

The Company is not required by current SEC rules to include, and does not include, an auditor's attestation report. The Company's registered public accounting firm has not attested to Management's reports on the Company's internal control over financial reporting.
