Information about the Board and its Committees

Each of our directors, other than Messrs. McCann and McCann, qualifies as an "independent director" as defined under the published listing requirements of The NASDAQ Stock Market. The NASDAQ independence definition includes a series of objective tests. For example, an independent director may not be employed by us and may not engage in certain types of business dealings with the Company. In addition, as further required by NASDAQ rules, the Board has made a subjective determination as to each independent director that no relationship exists which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making these determinations, the Board reviewed and discussed information provided by the directors and by the Company with regard to each director's business and personal activities as they may relate to the Company and Company's management. In addition, as required by NASDAQ rules, the Board determined that the members of the Audit Committee each qualify as "independent" under special standards established by NASDAQ and the U.S. Securities and Exchange Commission (the "Commission") for members of audit committees.

During Fiscal 2006, all Directors attended at least 75% of the meetings of the committees on which they served, except for Deven Sharma for the Audit Committee.

COMPENSATION COMMITTEE REPORT

The Compensation Committee advises the Board of Directors on issues concerning the Company's compensation philosophy, the compensation of executive officers and other individuals compensated by the Company, and sets the compensation for the Section 16 Executive Officers (the "executive officers"). The Compensation Committee is responsible for the administration of the Company's 2003 Long Term Incentive and Share Award Plan under which stock options, share appreciation rights, restricted shares, restricted share units, performance shares, performance units, dividend equivalents, and other share-based awards ("Awards") may be made to Directors, consultants, executive officers and employees of the Company and its subsidiaries. In addition, the Compensation Committee administers the Company's Sharing Success Program under which annual bonus compensation may be awarded. The Board of Directors has authorized a Secondary Committee of the Compensation Committee to also review Awards for all of the Company's employees other than its executive officers.

12

The Compensation Committee believes that the compensation programs for the Company's executive officers should reflect the Company's performance and the value created for the Company's stockholders. In addition, the compensation programs should support the short-term and long-term strategic goals and values of the Company and should reward individual contribution to the Company's success. The Company is engaged in a very competitive industry, and the Company's success depends upon its ability to attract and retain qualified executives through the competitive compensation packages it offers to such individuals.

General Compensation Policy. The fundamental policy of the Compensation Committee is to provide the Company's executive officers with competitive compensation opportunities based upon their contribution to the development and financial success of the Company and their personal performance. It is the Compensation Committee's philosophy that a portion of each executive officer's compensation should be contingent upon the Company's performance, as well as, upon such executive officer's own level of performance. Accordingly, the

Edgar Filing: 1 800 FLOWERS COM INC - Form DEF 14A

compensation package for each executive officer should be comprised of two elements: (i) base salary and bonus which reflects experience and individual and Company performance and is designed to be competitive with salary levels in the industry, and (ii) long-term incentive Awards which strengthen the mutuality of interests between the executive officers and the Company's stockholders.

Factors. The principal factors which the Compensation Committee considers in reviewing the components of each executive officer's compensation package are summarized below. The Compensation Committee may, however, in its discretion apply other factors with respect to executive compensation for future years.

o Base Salary. The suggested base salary for each executive officer is determined on the basis of the following factors: experience, personal performance, the salary levels in effect for comparable positions within and outside the industry and internal base salary comparability considerations. The weight given to each of these factors shall differ from individual to individual as the Compensation Committee deems appropriate and subject to any applicable employment agreements.

o Bonus. The bonus for Mr. James McCann is tied 100% to the Company's consolidated financial performance. The bonus for the other executive officers is based upon a combination of the Company's consolidated financial performance, and their individual performances, weighted heavily towards the financial performance. In addition, for certain other executive officers, consideration is also given to the financial performance of the specific areas of the Company under such executive officer's direct control. This balance supports the accomplishment of the Company's overall financial objectives and rewards the individual contributions of our executive officers.

o Long-Term Incentive Compensation. Long-term incentives are provided through grants of Awards, which in Fiscal 2006, was in the form of stock options and restricted stock. For Fiscal 2007, long-term incentives will continue to be provided through a combination of grants of stock options and/or restricted stock. The long-term incentives for the executive officers are tied solely to the Company's cumulative consolidated three year performance. The grants are designed to align the interests of each executive officer with those of the stockholders and provide each individual with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the Company.

Each stock option grant allows the individual to acquire shares of the Company's Class A Common Stock at a fixed price per share over a specified period of time. Each option generally becomes exercisable in installments over a fixed period, contingent upon the executive officer's continued employment with the Company. Accordingly, the option grant will provide a return to the executive officer only if the executive officer remains employed by the Company during the vesting period, and then only if the market price of the underlying shares appreciates.

Each restricted share grant allows the individual to acquire shares of the Company's Class A Common Stock over a specified period of time without payment. As in the case of the option grant, the restricted share grant will provide a return to the executive officer only if the executive officer remains employed by the Company during the vesting period.

The grant of an Award is set at a level intended to create a meaningful incentive based on the executive officer's current position with the Company, the base salary associated with that position, the size of comparable awards made to individuals in similar positions within the industry, the individual's potential for increased responsibility and promotion over the applicable term of the Award and the individual's personal performance in recent periods. The Compensation Committee also intends to consider the number of Awards held by the executive officer in order to maintain an appropriate level of incentive for

Edgar Filing: 1 800 FLOWERS COM INC - Form DEF 14A

that individual. However, the Compensation Committee may use its discretion in granting Awards to the Company's executive officers.

13

CEO Compensation. In July 1999, the Board of Directors approved the Employment Agreement between the Company and James F. McCann, its Chairman of the Board and Chief Executive Officer, which established his initial base annual salary and eligibility to participate in the Company's stock incentive plans and other bonus or benefits plans, and which is discussed in further detail under "Employment Agreements". The Board determined it to be in the best interests of the Company to enter into the Employment Agreement with Mr. McCann as of such date. The Compensation Committee believes that the compensation paid to Mr. McCann for Fiscal 2006 was fair and reasonable. In determining the total compensation for Mr. McCann, and that such compensation was fair and reasonable in Fiscal 2006, a number of factors were taken into account. These factors included: the key role Mr. McCann has performed with the Company from its inception; the benefit to the Company in assuring the retention of his services; the performance of the Company during Fiscal 2006; the competitive market conditions for executive compensation; and the objective evaluation of Mr. McCann's performance of his duties as Chairman of the Board and Chief Executive Officer.

Compliance with Internal Revenue Code Section 162(m). As a result of Section 162(m) of the Internal Revenue Code of 1986 ("Section 162(m)"), as amended, which was enacted into law in 1993, the Company will not be allowed a federal income tax deduction for compensation paid to certain executive officers, to the extent that compensation exceeds \$1 million per officer in any one year. This limitation will apply to all compensation paid to the covered executive officers, which is not considered to be performance based. Compensation which qualifies as performance-based compensation will not have to be taken into account for purposes of this limitation. The 2003 Long Term Incentive and Share Award Plan and the Sharing Success Program contain certain provisions which are intended to ensure that any compensation deemed paid in connection with the granting of Awards or bonus compensation will qualify as performance-based compensation.

The Compensation Committee does not expect that the non-performance based compensation to be paid to any of the Company's executive officers for Fiscal 2006 will be subject to the deduction limitations of Section 162(m). The Compensation Committee has recommended that Mr. McCann receive, and Mr. McCann has accepted, a base salary of \$975,000 for Fiscal 2007 in order to enable the Company to comply with Section 162(m). Further, in accordance with issued Treasury Regulations relating to the \$1 million limitation, the Committee may in the future determine to restructure one or more components of the compensation paid to the executive officers so as to qualify those components as performance-based compensation that will not be subject to the \$1 million limitation.

the disinterested members of the Board or by the stockholders of the Company.

Below are the transactions that occurred during Fiscal 2006 in which, to the Company's knowledge, the Company was or is a party, in which the amount involved exceeded \$60,000, and in which any director, director nominee, executive officer, holder of more than 5% of the Company's common stock or any member of the immediate family of any of the foregoing persons had or will have a direct or indirect material interest.

In Fiscal 2006, the Company employed Julie Mulligan, the sister of Directors and executive officers, James F. McCann and Christopher G. McCann, as a Personality Expert Designer. Ms. Mulligan's compensation for Fiscal 2006 was \$335,930, consisting of \$130,000 in base salary and \$205,930 in bonus, for products designed by Ms. Mulligan under the line of products bearing her name. In consideration for the bonus paid to Ms. Mulligan as above-mentioned, she was not eligible to receive any bonus under the Company's Sharing Success Program.
