ANNUAL MEETING OF STOCKHOLDERS, NOVEMBER 16, 2004

PROXY STATEMENT

PROXIES AND VOTING INFORMATION

The Board of Directors of DeVry Inc. (the Company) is sending you this Proxy Statement and the accompanying proxy card to solicit your proxy to vote your shares at the Company's Annual Meeting of Stockholders to be held on November 16, 2004, and any adjournment thereof. The solicitation of proxies gives every stockholder an opportunity to vote because your shares can be voted only if you are present or represented by proxy at the meeting. This Proxy Statement and accompanying proxy card are first being sent to stockholders on or about October 22, 2004.

When you have returned your proxy, the Proxy Committee (and each of them, with full powers of substitution) will vote your shares as you direct. Please follow the instructions on the enclosed card. You may submit your proxy by mail or telephone or by the Internet. If you return your proxy to us without choices for each proposal, the Proxy Committee will vote your shares on the unmarked proposals as recommended by the Company's Board of Directors. Abstentions, directions to withhold authority and broker non-votes (where a named entity holds shares for a beneficial owner who has not provided voting instructions) will be considered present at the meeting for purposes of a quorum but will not be counted in determining the total number of votes cast. A proxy may be revoked at any time before the proxy is voted at the meeting by: (1) notifying the Company in writing that the proxy has been revoked; (2) executing a later-dated proxy; or (3) voting in person at the meeting. The election of one Director and the ratification of the appointment of the independent auditors will each require the affirmative vote of a majority of the shares of Common Stock of the Company participating in the voting.

If you are a Company employee who is a participant in the DeVry Inc. Employee Stock Purchase Plan and/or the Profit Sharing Retirement Plan's DeVry Stock Fund, your proxy will serve as direction to the Custodian of the Stock Purchase Plan or the Trustee of the Stock Fund to vote your shares for your account as you have directed. If you submit a proxy without indicating your voting preference, your shares will be voted in the same proportion as shares for which instructions have been received.

The Company will bear the expense of soliciting proxies and will reimburse all stockholders for the expense of sending proxies and proxy material to beneficial owners, including expenditures for foreign mailings. The solicitation initially will be made by mail but also may be made by Company employees by telephone, electronic means or personal contact.

As of September 17, 2004, the Company had 70,365,498 shares of Common Stock (\$0.01 par value) outstanding. Stockholders are entitled to one vote per share owned on the record date.

ELECTION OF DIRECTORS

The Company's Certificate of Incorporation provides for a Board of Directors of not less than three nor more than twelve Directors, as determined by resolution of the Board, that is divided into three classes serving staggered three-year terms. The members of Class I, whose terms of office expire in 2004, are Thurston E. Manning, Hugo J. Melvoin and Harold T. Shapiro. Directors Manning and Melvoin have elected not to stand for re-election and will retire from the Board of Directors at the Annual Meeting after many years of outstanding service (14 years on the part of Dr. Manning and 31 years on the part of Mr. Melvoin, a founding director).

In light of (a) the retirement of Directors Manning and Melvoin and (b) the provision in the Company's Certificate of Incorporation that requires that each of the Board's three classes shall consist, as nearly as may be possible, of one-third of the total number of directors constituting the entire Board of Directors, the Board has taken the following action: (1) voted, effective as of November 16, 2004, to decrease the number of Directors from 11 to 9 and to reassign to Class I Directors Connie R. Curran (currently a member of Class II, whose term expires in 2005) and Ronald L. Taylor (currently a member of Class III, whose term expires in 2006) and (2) nominated Harold T. Shapiro to stand for re-election as a Class I Director, to hold office until 2007, or until his successor is elected and qualified.

It is intended that all shares represented by a proxy in the accompanying form will be voted for the election of Harold T. Shapiro as a Class I Director unless otherwise specified in such proxy. A proxy cannot be voted for more than one person. In the event that the nominee becomes unable to serve as a Director, the Proxy Committee will vote for the substitute nominee that the Board designates. The Board has no reason to believe that the nominee will become unavailable for election.

The nominee for election as Director is listed below, along with a brief statement of his current principal occupations, business experience and other information, including directorships in other public companies.

The Board of Directors recommends a vote FOR the nominee listed below.

Board of Directors and Board Committee Information

Board of Directors

The Company's Board of Directors held four regular and one special meeting during fiscal 2004. Board members are expected to attend Board meetings, the meetings of the committees on which they serve and the Company's annual meeting of stockholders except in unusual circumstances. During fiscal 2004 all incumbent Directors attended 75 percent or more of the aggregate of the total number of meetings of the Board of Directors and of the committees on which they served. Ten of the eleven Directors attended the Company's 2003 Annual Meeting. During fiscal 2004 the Board did not meet in executive session without management Directors or other employees. For fiscal year 2005 executive sessions of non-management Directors without management Directors or other employees will be regularly scheduled. (The first such session has already been held.)

Board Committees

The Board has standing governance, audit, compensation, finance and academic committees. A current copy of the charters of each of these committees can be found on the Company's website, www.devry.com. Only Directors who meet the New York Stock Exchange (NYSE) listing standards definition of "independent" are appointed to the governance, audit and compensation committees.

Governance Committee Directors Julia A. McGee (Chair), Robert C. McCormack and Harold T. Shapiro serve as members of the Company's Governance Committee (formerly Nominating and Governance Committee), which met 4 times during fiscal 2004. The Board of Directors has determined that all of the members of the Governance Committee are "independent," as defined in the applicable NYSE listing standards. In accordance with the Committee's Charter, which is attached to this Proxy Statement as Appendix A, the Committee's responsibilities include proposing a slate of directors for election by the stockholders at each annual meeting and proposing candidates to fill any vacancies on the Board; reviewing the committee structure and leading the Board and Committee evaluation process. The Governance Committee will consider stockholder recommendations of candidates for Director. Such recommendations should be sent to the Corporate Secretary. Detailed procedures, including minimum qualifications and specific qualities or skills believed necessary, and the Committee's process (arising primarily out of the Company's bylaws), for identifying and evaluating nominees, have been codified in the Company's Director Nomination Process. The full text of that policy is included in the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2004 as Exhibit 99(b) and is also included in this Proxy Statement as Appendix B. The Company may from time to time pay a fee to third parties to help identify or evaluate potential nominees and has currently retained such a consultant to help identify and evaluate potential nominees.

Audit Committee Directors Charles A. Bowsher (Chair), David S. Brown and Harold T. Shapiro serve as members of the Audit Committee, which was established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act. The Committee met 7 times in fiscal 2004. The Board of Directors has, in its business judgment, determined that all of the members of the Audit Committee are "independent" as required by the applicable listing standards of the NYSE. The Board has also determined that the Audit Committee has at least one "audit committee financial expert" serving on that Committee, namely, the Committee Chair, Charles A. Bowsher, whose business background may be found on page 3 of this Proxy Statement. Among the principal duties of the Audit Committee are appointing the Company's independent auditors, subject to ratification by the stockholders; review of scope, approach and results of the annual audits; review of annual and quarterly financial statements; and review of the representations of management and the findings and suggestions of the independent auditors regarding internal controls, financial policies and procedures and management's response thereto.

Additional detail about the Committee's activities are spelled out in the Committee's Charter, which was included as Exhibit B to the Company's 2003 Proxy Statement, and updated and filed as an exhibit to the Company's Report on Form 10-Q for the third quarter of fiscal year 2004.

Compensation Committee Directors Thurston E. Manning (Chair), Frederick A. Krehbiel and Hugo J. Melvoin serve as members of the Compensation Committee, which held 5 meetings in fiscal 2004. The Board of Directors has determined that all of the members of the Compensation Committee are independent as defined in the applicable NYSE listing standards. The role of the Compensation Committee is to establish and oversee the policies that govern Company compensation and benefit practices and includes review of the salaries of the senior officers of the Company each year, evaluation of the performance of the CEO and setting his compensation level, and approval of management incentive awards and stock option grants. A copy of the Compensation Committee's Charter is attached to this Proxy Statement as Appendix C. The report of the Compensation Committee on Executive Compensation appears on pages 11 to 13 of this Proxy Statement.

Academic Committee Directors Harold T. Shapiro (Chair), Thurston E. Manning and David S. Brown serve as members of the Company's Academic Committee, which was established to assure that the academic perspective is heard and represented at the highest policy-setting level, and incorporated in all of the Company's activities and operations. The purpose of the Committee, which met 4 times in fiscal 2004, is to provide oversight of the Company's academic policy and input to the Board regarding academic activities. A copy of the Committee's Charter is attached to this Proxy Statement as Appendix D.

Finance Committee Directors Robert C. McCormack (Chair), David S. Brown and Julia A. McGee serve as members of the Company's Finance Committee, which met 3 times during fiscal 2004. The Committee's principal duties include review and recommendation with respect to the Company's financing policies, including cash flow, capital structure and dividend policy, as well as risk management policy. A copy of the Committee's Charter is attached to this Proxy Statement as Appendix E.

Directors are each paid a retainer of \$24,000 per annum plus \$1,500 for each Board of Directors meeting attended. Non-employee committee members are also paid \$1,000 per committee meeting attended. In addition, the Chairman of the Audit Committee receives an annual retainer of \$10,000 for such services. Also, Directors are eligible to receive options under the Company's 1994, 1999 and 2003 Stock Incentive Plans and are currently granted options for 6,000 shares upon election or re-election to the Board. These options vest in 3 annual installments beginning 1 year from the date of election. Directors are reimbursed for any reasonable and appropriate expenditures attendant to Board membership.

Under the DeVry Inc. Board of Directors' Deferred Compensation Plan, a Director may elect to defer all or a portion of Board compensation. Any amount so deferred is, at the Director's election, valued as if invested in the Company's Common Stock and/or the average yield on corporate bonds as determined by Mergent Bond Record, and is payable in cash in installments or as a lump-sum on or after termination of services as a Director.

CERTAIN TRANSACTIONS

For fiscal year 2004 the Company paid The Revere Group, an information systems consulting organization, \$4.8 million for consulting services. Robert C. McCormack, one of the Company's Directors, is also a director of The Revere Group, and Trident Capital, Inc., of which Mr. McCormack is a founding partner, is an investor in the Revere Group. Also, Dennis J. Keller, Chairman, and Ronald L. Taylor, CEO, are investors and limited partners in Trident Capital, Inc.

During the same fiscal year, DeVry paid \$5,000, and is expected to pay an additional \$107,000 during fiscal 2005, to Lawrence Associates Incorporated (LAI) for 2 pilot tests of information technology

services. Thomas Taylor, brother of the Company's CEO, Ronald L. Taylor, is Executive Vice President and Chief Operating Officer of this Company.

Management believes that these transactions and any relationships during fiscal 2004 were on terms that were reasonable and competitive. Additional transactions and relationships of this nature may be expected to take place in the ordinary course of business in the future.

STOCKHOLDER COMMUNICATION WITH DIRECTORS

Stockholders wishing to communicate with the Board of Directors should send any communication to Corporate Secretary, DeVry Inc., One Tower Lane, Suite 1000, Oakbrook Terrace, Illinois 60181. Any such communication must be in writing, must set forth the name and address of the stockholder (and the name and address of the beneficial owner, if different), and must state the form of stock ownership and the number of shares beneficially owned by the stockholder making the communication. The Corporate Secretary will compile and periodically forward such communication to the Board of Directors.

CODE OF BUSINESS CONDUCT AND ETHICS

The Company has adopted a Code of Business Conduct and Ethics (the Code) that applies to its Directors, officers (including the Chief Executive Officer, the Chief Financial Officer and the Controller) and all other employees. The Code is intended to promote honest and ethical conduct; full, fair, accurate, timely and understandable disclosure; compliance with applicable governmental laws, rules and regulations; the prompt internal reporting of violations of the Code; and accountability for adherence to the Code. The Code is being filed as Appendix F to this Proxy Statement and is available on the Company's website, www.devry.com.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, (the Exchange Act), requires that the Company's Directors, executive officers and holders of more than 10% of the Company's Common Stock file reports of ownership and changes in ownership of Common Stock with the Securities and Exchange Commission. During the fiscal year ended June 30, 2004, all such persons filed on a timely basis all reports required by Section 10(a) of the Exchange Act, with the following exceptions: corporate officers Galen Graham, C. Robert LeValley, Patrick Mayers, Gerald Murphy, Kenneth Rutkowski and Gerald Wawrzynek (one report each on Form 4). Each was inadvertently late in filing these reports.

Profit Sharing Retirement Plan. Employees of the Company and its subsidiaries participate in the 401(k) component of the DeVry Inc. Profit Sharing Retirement Plan (the Profit Sharing Retirement Plan), which, as of June 30, 2004, covered 3,611 of the Company's employees, including 709 former employees. Under the Profit Sharing Retirement Plan, employees share in the success and profitability of the Company through a combination of Company matching and discretionary contributions to its eligible employees. Regular full-time employees and regular part-time employees who complete 1,000 hours of service during a Profit Sharing Retirement Plan Year (July 1 - June 30) are automatically enrolled in the Profit Sharing Retirement Plan following their completion of one year of service to the Company. Eligible employees may choose to open a 401(k) account and contribute from 1% to 50% (1% to 6% in the case of highly-compensated employees) of their annual eligible compensation, subject to IRS annual contribution limitations. To those employees contributing 1% to a 401(k) account, the Company makes a matching contribution of 1% of their total annual eligible compensation (including salary, overtime pay and bonuses); to those employees contributing 2% or more, the Company makes a matching contribution of 2% of their total annual eligible compensation. Allocations of the Company's discretionary profit sharing contribution under a formula based on salary and seniority are made to eligible employees who have completed one year of service as of the last day of any Profit Sharing Retirement Plan year.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

To Our Stockholders:

Introduction

Effective as of July 1, 2004 (the beginning of fiscal 2005), the Company significantly restructured senior management when Dennis J. Keller became solely Chairman of the Board, Ronald L. Taylor became the single CEO, Daniel J. Hamburger was appointed President and Chief Operating Officer and O. John Skubiak was promoted to President of DeVry University. This restructuring has been reflected in the compensation plans for this senior management team, which will be discussed in this report. Because, however, this report is focused also on compensation for fiscal 2004, particularly in terms of annual incentive compensation earned in fiscal 2004 but to be paid in fiscal 2005 for outcomes against targets in fiscal 2004, reference will be made to the previous senior management structure led by Co-CEOs Keller and Taylor.

Compensation Philosophy

The Company applies a consistent philosophy to compensation for all employees, including senior management. This philosophy is based on the premise that the achievements of the Company result from the combined efforts of all employees working toward common objectives. The Company seeks to achieve these objectives through teamwork that is focused on meeting the expectations of its customers (students and their employers) and its stockholders.

The Compensation Committee has the responsibility, with respect to the Company's executive officers, to implement that philosophy in a manner that will align executive compensation with the business objectives and performance of the Company and will also enable the Company to attract, retain and motivate executive officers to ensure its long-term success. To that end, the Committee evaluates the performance of senior management, reviews with senior management the performance of executive officers generally and reviews or determines recommendations for their compensation levels in terms of salaries, stock options, bonuses and related benefits.

Under the current program, there are three components to the compensation of executive officers: salary, annual incentive compensation and long-term incentive compensation. The Compensation Committee considers the total compensation of each executive in establishing the elements of executive compensation.

Salary

In its annual review of the salaries of each of the Company's executives, the Compensation Committee considers, among other factors, the responsibilities and individual performance (both in the current year and over time) of the executive, the Company's performance and the performance of the executive's business unit. Salaries at companies of comparable size, with whom the Company must compete for talent, are also considered.

With respect to the Co-CEOs, the Committee's policy was to provide total cash compensation that represented salary reasonable in amount, plus additional compensation determined by stockholder returns.

To that end, the Compensation Committee's practice was to limit Co-CEO salary increases to the percentage established by the Company as the pool amount for salary increases for all employees (3% in recent years, including fiscal year 2004). As a result, the salary portion of their total compensation was approximately 35%-45%, retaining annual incentive compensation, with its focus on long-term growth in earnings per share, as the primary compensation vehicle.

As to compensation under the new structure, the Compensation Committee determined that the Chairman of the Board should receive for executive service as Chairman a base salary only, and that the CEO should receive for executive service all three current components of compensation—salary, annual incentive compensation and long-term incentive compensation. The Committee also believed that the move to a single CEO should be reflected in a significant increase in base salary, bonus potential and long-term incentive compensation, and concluded that, even with the increase that it recommended, the compensation package would not be excessive when compared to consultant-provided data about compensation in the Company's industry, after recognizing the differences among the companies and the differences in emphasis in components of compensation. Further, the Committee determined that the CEO should recommend compensation for the other executives and report to the Committee for advice and counsel. The Committee's recommendations were adopted by the Board of Directors.

Annual Incentive Compensation

Annual incentive compensation for executive officers other than the Co-CEOs consists of discretionary cash bonuses awarded annually to executives (and certain other management employees) based on the achievement of certain Company targets and personal objectives. These bonuses are the primary vehicle for recognizing and rewarding accomplishments in a given year. The specific bonus an executive receives is dependent on individual performance and level of responsibility.

The Compensation Committee has adopted the premise that long-term growth in earnings is the single best proxy for stockholder interests. The annual incentive compensation plan for the Co-CEOs was designed to that end. (The Committee has, however, reserved the right to recognize or provide additional objectives for the Company and tie other cash awards to the achievement of those objectives and recommend approval of such to the Board of Directors.) The plan for the Co-CEOs was based on growth in earnings per share (GEPS), one factor (one-year factor) using only the GEPS for the most recent year (to which the bonus applies) and accounting for one-third of the bonus amount, the second factor (multi-year factor) using GEPS over the most recent five-year period and accounting for two-thirds of the bonus amount. The sum of the two factors is applied to the base cash compensation to arrive at the amount of the bonus.

Since the GEPS for FY2003 was 8.4% and therefore below +5%, the plan provided no bonus component for that year. The Committee recognized last year that the formula as applied in the past has two flaws: one is an overweighting of the most recent year, which affects not only the one-year factor, but also enters into the calculation of the second factor through the averaging of GEPS over the most recent five years. The second is the effect of the arithmetic mean in emphasizing the outliers in its terms—unusually high or low values strongly affect the mean. The Committee therefore revised the calculation. It also decided that it would in the future use as the EPS figure the EPS net of non-recurring gains or losses because the Committee believes that the CEO bonus should reflect operations only.

For fiscal 2004, GEPS was 6.5%, net of non-recurring gains or losses in fiscal 2003. Noting that if the formula were used the bonus of the Co-CEOs for fiscal 2004 would be substantially smaller than that of fiscal 2003, the Committee looked at the improved results for fiscal 2004 (15.5% increase in total revenue, near-miss on budget, 6.5% GEPS, the successful integration of Ross University and the implementation of the succession plan in the restructuring of senior management) and determined that the Co-CEOs should receive bonuses somewhat higher than those earned in fiscal 2003. The Committee recommended to the Board a bonus for each Co-CEO in the amount of \$475,000, resulting in total compensation of \$1,102,270. The Committee's recommendation was unanimously approved by the Board of Directors.

Long-term Incentive Compensation

Stock options are used as the primary long-term incentive vehicle. Options provide executives and other key employees with the opportunity to buy and maintain an equity interest in the Company and to

share in the appreciation in value of its Common Stock. To assure that the value of every stockholder's interest must appreciate before the option holder receives any benefit from the option, options have been granted at no less than the fair market value of the Company's Common Stock on the date of grant. Additionally, options are generally granted with a 5-year vesting period and a 10-year exercise period so as to encourage executives and others to take a longer-term view of their individual contributions to the Company. The Compensation Committee believes that stock options are an important tool to align the interests of management and stockholders. The Co-CEOs, the five other named executive officers and certain other executive officers were among the 474 Company employees granted stock options based on their superior performance during fiscal year 2004.

Deferred Compensation Plan. In August 1999, the Committee approved another component of DeVry's executive compensation program, the DeVry Inc. Deferred Compensation Plan (the *Deferred Plan*). The *Deferred Plan* is a voluntary, non-tax qualified, deferred compensation plan available to executive officers and certain other members of DeVry management that enables such individuals to save for retirement by deferring a portion of their current compensation. Under the *Deferred Plan*, participants are entitled to defer compensation until termination of service with DeVry or certain other specified dates. Participants may elect to have their deferred amounts credited with earnings based on various investment choices made available by the Committee for this purpose. Also, participants dependents are eligible to receive a pre-retirement death benefit. The purpose of this *Deferred Plan* is to encourage participants to remain in the service of DeVry as benefits of the *Deferred Plan* increase over time.

The salary, annual incentive compensation and long-term incentive compensation paid by the Company to the Co-CEOs and the four other named executive officers of the Company in fiscal 2004 is set forth on page 9. The Compensation Committee believes that the executive officers of the Company continue to be dedicated to increasing stockholder value and that the committee's compensation policies contribute to this focus.

The Compensation Committee does not believe that the provisions of Section 162(m) of the Internal Revenue Code relating to the deductibility of compensation paid to the executive officers named in the Summary Compensation Table will limit the deductibility of such compensation expected to be paid by the Company. Although the Board of Directors currently intends for all compensation to be tax deductible to the Company, the Compensation Committee will continue to evaluate the impact of such provisions and take such actions as it deems appropriate.

This Compensation Committee Report is not to be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933 or under the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates this Report by reference, and is not otherwise to be deemed filed under such Acts.

CODE OF BUSINESS CONDUCT

Code of Business Conduct and Ethics

A message from the
Co-Chief Executive Officers

For more than 70 years, DeVry has held a leading position in education by offering students excellent value education that is the best of its kind at an affordable cost. Our success derives in large part from having cultivated two intangible yet invaluable assets our good name and the wisdom, energy and skill of our faculty and staff. We are proud of the reputation and trust we have earned and are determined to protect and enhance it. Our *Code of Business Conduct and Ethics* (*Code*) contains policies, which must be followed by everyone who does business on behalf of DeVry.

We are committed to promoting integrity and maintaining the highest standard of ethical conduct in all of our activities. Our business success is dependent on trusting relationships, which are built on this foundation of integrity. While this *Code* covers a wide range of business practices, it is difficult to make a policy that applies to every situation, and there will be times when the *Code* does not address a particular question. Applying common sense, good judgment and integrity to every business issue will help to ensure that your decisions are consistent with DeVry's values and this *Code*. Remember, if in doubt, it is better to seek advice before a course of action is begun or a new commitment is made so that our standards and applicable legal requirements can be reviewed and difficulties avoided.

The principles and standards contained in this Code are applicable to all directors, officers, employees, agents, consultants and representatives of DeVry. You are responsible for reading and following these policies. If you are an employee and have questions, please contact your supervisor, the Human Resources Department or the General Counsel's Office.

DeVry's success depends upon each of us. Acting with integrity and the highest standards is not only good policy, it is also good business. Every DeVry employee and shareholder relies upon you to do the right thing.

Sincerely,

Dennis J. Keller

Ronald L. Taylor

DeVry Inc.

Code of Business Conduct and Ethics

INTRODUCTION

Our goal at DeVry Inc. and its subsidiaries (DeVry or the Company) is to provide high quality post-secondary education and excellent service to our students. In pursuit of our goal, we strive to achieve the highest business and personal standards of conduct, as well as compliance with the laws and regulations that apply to our business. Adherence to the standards contained in this Code of Business Conduct and Ethics (the Code) will help to ensure decisions that reflect care for all of our stakeholders. The policies in this Code apply across DeVry, in all subsidiaries, businesses, countries and states.

This Code is intended as an overview of the Company s guiding principles and not as a restatement of Company policies and procedures. This Code cannot and is not intended to cover every applicable law or provide answers to all questions that might arise; for that we must ultimately rely on each person s good sense of what is right, including a sense of when it is proper to seek guidance from others on the appropriate course of conduct. If a law conflicts with a policy in this Code, you must comply with the law.

Employees should refer to the policies contained in the Employee Handbook for a description of the policies and required reporting procedures applicable to them. This Code is a statement of goals and expectations for individual and business conduct. It is not intended to, and does not in any way, constitute an employment contract or assurance of continued employment, and does not create any rights in any employee, student, director, supplier, competitor, shareholder or any other person or entity.

If employees have questions regarding any of the goals or standards discussed or policies referenced in this Code or are in doubt about the best course of action in a particular situation, the employee should refer to the reporting requirements for that goal or standard as stated in the Code, or the reporting requirements for policies as stated in the Employee Handbook, and contact the person or party designated. If no resource is listed or when in doubt, ask the Corporate General Counsel (630-574-1901).

It is the obligation of each and every director, officer and employee of DeVry to become familiar with the goals and policies of the Company and to integrate them into every aspect of our business. Our corporate ethics are ultimately determined by all of us as we do our daily jobs. Our standard has been, and will continue to be, that of the highest ethical business conduct.

Any waiver of compliance with any policy in this Code must be approved by the Audit Committee of DeVry s Board of Directors.

CONFLICTS OF INTEREST

Directors, officers and employees of DeVry have a duty of loyalty to the Company and must therefore avoid any actual or apparent conflict of interest with the Company. No director or employee may abuse a corporate position for personal advantage or promote any action contrary to DeVry s stated standards for business conduct.

A conflict situation can arise when an employee, officer or director takes actions or has interests that negatively impact, or are perceived to negatively impact, that person s ability to act in the best interests of DeVry. Conflicts of interest also arise when an employee, officer or director, or a member of his or her immediate family (*i.e.*, spouse, parents, children, siblings and in-laws), receives improper personal benefits as a result of his or her position in the Company.

CORPORATE OPPORTUNITIES

No director, officer or employee may: (a) take for himself or herself personally opportunities that are discovered through the use of Company property, information or position; (b) use Company property, information or position for personal gain; or (c) compete with the Company. Employees, officers and directors owe a duty to the Company to advance its legitimate interests when the opportunity to do so arises.

USE OF INSIDE INFORMATION

DeVry has a long-standing commitment to comply with all securities laws and regulations. In this regard, it is the Company's goal to protect shareholder investments through strict enforcement of the prohibition against insider trading set forth in federal securities laws and regulations. No director, officer or employee may buy or sell DeVry stock at a time when in possession of material non-public information. (There is, however, an exception for trades made pursuant to certain pre-existing trading plans established in compliance with applicable law and filed with the General Counsel's Office.) Passing such information to someone who may buy or sell DeVry's securities is also prohibited. The prohibition on insider trading applies to DeVry's securities and to securities of other companies if the director, officer or employee learns of material non-public information about those other companies in the course of his or her duties for DeVry. This prohibition also extends to certain non-employees who may learn material non-public information about the Company, including spouses, relatives, and close friends of directors, officers or employees. When you are prohibited from buying or selling securities because you possess material non-public information, you may not have any other person purchase or sell such securities on your behalf. You should not provide advice to your family, friends or others about buying or selling DeVry stock.

Material information is any information that a reasonable investor would consider important in deciding whether to buy, sell or hold securities. Examples include information about Company acquisitions and divestitures, Company enrollment or earnings figures and trends and important information on litigation. Consult the General Counsel's Office if you are questioning whether certain information is material.

It is important to keep in mind that if any trade you make becomes the subject to a government investigation, the trade will be viewed after-the-fact with the benefit of hindsight. Consequently, employees should always carefully consider how their trades would look from this perspective. Two simple rules can help protect you in this area: (i) don't use material non-public information for personal gain; and (ii) don't pass along such information to someone else who has no need to know.

Insider trading is both unethical and illegal and will be dealt with firmly. To review the policy and for specific employee reporting procedures, employees should refer to the Company's Insider Trading Policy.

It is also improper and inappropriate for DeVry directors, officers and employees to engage in short-term or speculative transactions involving Company securities. Accordingly, DeVry directors, officers and employees are prohibited from short sales of, or buying puts and calls with respect to, DeVry securities.

COMPETITION AND FAIR DEALING

We seek to outperform our competitors fairly and honestly. We seek competitive advantage through superior performance, not through unethical or illegal business practices. This commitment also prohibits any unfair or untrue disparagement of a DeVry competitor. Each director, officer and employee must endeavor to deal fairly and in good faith with, and respect the rights of, DeVry students, employees, suppliers, competitors and others.

Federal and state laws prohibit unfair methods of competition and unfair or deceptive acts and practices. These laws are designed to protect competitors and consumers. While it is impossible to list all types of prohibited conduct, some examples include:

- commercial bribery or payoffs to induce business or breaches of contracts by others;
- price fixing, bid rigging, colluding to allocate customers or markets, boycotting suppliers or customers;
- acquiring a competitor's trade secrets through bribery or theft;
- making false, deceptive, or disparaging claims or comparisons regarding competitors or their products;
- mislabeling products; and
- making affirmative claims concerning one's own products without a reasonable basis for doing so.

In particular, all public statements by or on behalf of DeVry, including in connection with advertising, promotional materials, sales representations, warranties and guarantees, should always be truthful and have a reasonable basis in fact and should not be misleading or purposefully made easily susceptible of misinterpretation.

CONFIDENTIALITY

One of our most valuable assets is our body of business information, ideas and data. The widespread use of computers has made this information accessible to many employees. Failure to adequately protect this information may place DeVry at a competitive disadvantage in the marketplace or breach our contractual obligations. Accordingly, all directors, officers and employees should maintain the confidentiality of information entrusted to them by the Company and students or others related to DeVry's business. Such information must not be disclosed to others, except when disclosure is authorized by DeVry or legally mandated. The obligation to preserve confidential information continues even after employment ends. Confidential information includes all non-public information that might be of use to competitors or harmful to DeVry or its students if disclosed. To review the policy, employees should refer to the Company's policy regarding Confidentiality in the Employee Handbook.

PROTECTION AND USE OF COMPANY ASSETS

Company assets, such as information, materials, supplies, time, intellectual property, software, hardware, and facilities, among other property, are valuable resources owned, licensed, copyrighted or otherwise belonging to the Company. Safeguarding Company assets is the responsibility of all directors, officers and employees. Theft, carelessness and waste can have a direct impact on DeVry's profitability. All Company assets should be used for legitimate business purposes. Use of Company equipment and property, such as the telephone, computer and e-mail systems, may be monitored and/or searched by DeVry, and by engaging in such use you consent to such monitoring and searching. To review the policy, employees should refer to the Company's policies regarding Company assets contained in the Employee Handbook.

FULL, FAIR, ACCURATE, TIMELY AND UNDERSTANDABLE DISCLOSURE

It is the policy of DeVry to provide full, fair, accurate, timely and understandable disclosures in all reports and documents that DeVry files with or submits to the SEC, as well as in all other public communications made by DeVry. It is also DeVry's policy to provide full, fair, accurate, timely and understandable disclosure about the financial condition of the Company in compliance with applicable accounting principles, laws, rules and regulations. All books and records of DeVry shall be kept in such a

way as to fully and fairly reflect all Company transactions. You are expected to comply fully with the Company's internal controls and disclosure controls and procedures and to provide full, fair, accurate, timely and understandable responses to all requests for information in accordance therewith.

It is the Company's policy to address all material concerns regarding its financial statements and its accounting, internal accounting controls or audit matters. If you have complaints or concerns regarding questionable accounting or auditing matters involving the Company, you may submit these concerns or complaints confidentially and, if you wish, anonymously in accordance with the procedures set forth below under Duty to Report and Consequences. In addition, if you wish, you may submit your concerns or complaints directly to the chairperson of the Company's Audit Committee.

ACCURACY AND RETENTION OF BUSINESS RECORDS

DeVry requires honest and accurate recording and reporting of information in order to make responsible business decisions and accurate public disclosures. We expect employees to record and report information accurately and honestly. This includes accurate reporting of time worked, business expenses incurred and all other business-related activities. Use good judgment and common sense when preparing any Company document to ensure that it objectively and accurately reflects the facts of the situation. Business records and communications often become public, and derogatory remarks, guesswork or inappropriate characterizations of people and companies that can be misunderstood should be avoided. This applies equally to e-mail, internal memos and formal reports.

Financial records must accurately reflect transactions and conform to generally accepted accounting principles. No entry may be made on the Company's books and records which intentionally hides or disguises the true nature of any transaction. No undisclosed or unrecorded funds or assets may be established.

As a matter of good housekeeping, you should retain Company documents for the period of time specified in the applicable Company record-retention schedule and then dispose of them. A copy of the applicable record-retention policy can be obtained from DeVry's General Counsel's Office.

COMPLIANCE WITH LAWS, RULES AND REGULATIONS

Obeying the law, both in letter and spirit, is the foundation on which DeVry's ethical standards are built. All employees must respect and obey the laws of each governmental unit in which we operate. Although not all employees are expected to know the details of the laws, it is important to know enough to determine when to seek advice from supervisors, managers or other appropriate personnel. In addition, DeVry requires that its officers and employees comply with the workplace policies and applicable laws and regulations described in the Employee Handbook.

GIFTS

Neither directors, officers nor employees of DeVry nor their immediate family members may accept gifts or favors that create any obligation either stated or implied to a competitor, supplier, student or customer. Gifts should not be accepted from such companies or their agents unless the gift either has been previously approved in writing by a supervisor or is of only nominal value (e.g., tee shirts, caps, etc.).

Directors, officers and employees may not offer any gift or favor to any employee, or a member of the immediate family of an employee, of a competitor, supplier, student or customer if the gift or favor might place the recipient under any obligation to the person making the gift or to DeVry.

Kickbacks, bribes, rebates or other illegal consideration are never acceptable, and must never be either given or accepted by anyone acting on behalf of DeVry. Directors, officers and employees dealing

with government agencies should be particularly alert to any agency rules limiting or prohibiting gifts or other favors.

If a customer, supplier or government agency has adopted a more stringent policy than DeVry's regarding gifts and gratuities, DeVry directors, officers, employees, agents and representatives must comply with that more stringent policy.

POLITICAL CONTRIBUTIONS AND PUBLIC SERVICE INVOLVEMENT

DeVry works hard to earn and maintain the respect of the communities in which it operates. Directors, officers and employees are encouraged to speak out on important community issues; however, they must be careful not to give the impression they are speaking on behalf of DeVry unless they are actually authorized to do so.

DeVry is not permitted to contribute, directly or indirectly, to any federal political campaign or party. Directors, officers and employees may not use Company expense accounts to pay for any personal political contributions or seek any other form of Company reimbursement. In addition, directors, officers and employees should not use Company facilities or Company assets for the benefit of any party or candidate, including an employee individually running for office.

Political payments in foreign countries pose special legal problems. Employees engaged in foreign operations should never make a payment to any foreign government official, agency or instrumentality, or to any foreign political party, party official or candidate unless the specific payment has been reviewed and approved by the General Counsel's Office.

EMPLOYEE DISCRIMINATION AND HARASSMENT

DeVry is firmly committed to the principle of equality of opportunity in employment and human relationships. It is the Company's policy to ensure equal treatment for all employees and applicants, regardless of race, color, religion, national origin, age, gender, sexual orientation or disability. This policy applies to all Company activities, including, but not limited to, recruiting, hiring, training, transfers, promotions and benefits.

Business relationships with competitors, suppliers, students, and customers of DeVry must always be conducted free of discrimination based on race, religion, gender, national origin, veteran status or disability.

Each employee is expected to treat fellow employees and students with respect and dignity. It is Company policy to provide a workplace free from tensions involving matters that do not relate to the Company's business. In particular, an atmosphere of tension created by ethnic, racial, sexual or religious remarks, unwelcome sexual advances, or requests for sexual favors, will not be tolerated.

Harassment of employees, applicants, students, customers, contractors or suppliers by employees is a violation of Company policy. Harassment includes, without limitation, verbal harassment (epithets, derogatory statements, slurs), physical harassment (hitting, pushing or other aggressive physical contact) and visual harassment (posters, cartoons, drawings) which continues after being told to stop. Harassment may be unlawful and is prohibited whether it occurs in the workplace, at student residences, at customer or vendor sites, or at other employment related events or activities. However, the objectionable conduct need not be unlawful to violate Company policy. Company policy prohibits all inappropriate harassing conduct, whether or not the conduct is so severe as to be considered a violation of law.

Sexual harassment is defined as unwelcome sexual advances, requests for sexual favors, and verbal or physical conduct of a sexual nature, (1) when submission to or rejection of such conduct is made either explicitly or implicitly a term or condition of employment or student services; (2) or is used as a basis for

employment decisions or academic assessment; or (3) when such conduct has the purpose or effect of unreasonably interfering with an individual's work or school performance by creating an intimidating, hostile, humiliating or sexually offensive environment.

RESPONSIBLE MANAGEMENT OF GOVERNMENT FUNDS

Federal law and regulations prohibit DeVry from participating in any federal student financial aid program under Title IV of the Higher Education Act of 1965, as amended, if DeVry has any employee who has been convicted of, or pled *nolo contendere* or guilty to, any crime involving the acquisition, use or expenditure of federal, state or local government funds, or who has been administratively or judicially determined to have committed fraud or any material violation involving federal, state or local government funds. To ensure that DeVry does not violate these regulations, each employee working in Student Finance and each officer must certify in writing as a condition of employment that no such convictions, pleas or determinations have been made with respect to him or her. If any current or future DeVry employee is affected by any such conviction, plea or determination, their employment or prospect for employment with DeVry will immediately cease.

CONFIDENTIALITY OF STUDENT RECORDS

The Family Educational Rights and Privacy Act of 1974, as amended (FERPA) contains requirements designed to afford parents and students privacy and other rights with respect to student educational records. In addition, FERPA includes limitations on what student records institutions can disclose and to whom institutions can disclose student records without the student's prior consent. FERPA applies to the education records of all current and former DeVry students. DeVry will fully comply with all the FERPA requirements, and each employee at each of DeVry's location is responsible for knowing, understanding and following the FERPA requirements.

SALES AGENTS, CONSULTANTS OR OTHER PROFESSIONAL SERVICES

Sales agents, consultants and representatives are required to observe the same standards of conduct as DeVry's directors, officers and employees when conducting business with or for DeVry. No director, officer or employee may indirectly, through agents, do anything the director, officer or employee is prohibited from doing under DeVry's policy. No payment on behalf of the Company will be approved or made with the intent that any part of the payment is to be used for any purpose other than that described by the documents supporting the payment. Business integrity is a key standard for the selection and retention of those who represent DeVry. It is extremely important that we engage in thorough due diligence before retaining any sales agent or consultant.

DUTY TO REPORT AND CONSEQUENCES

All DeVry directors, officers, employees, agents, consultants and representatives must understand and comply with DeVry's Code. Violation of the Code may result in discipline for directors, officers and employees, up to and including termination of employment, and other appropriate consequences for non-employees.

Each director, officer, employee, agent, consultant and representative is responsible for adhering to DeVry policy in all matters related to DeVry's business. If you know or have good grounds for suspecting that any illegal business conduct, or any other conduct that violates the Code, has occurred or is planned by any employee or non-employee agent or representative, you must report it in a timely manner to the General Counsel's Office at DeVry, or by calling the confidential employee hotline at (800-335-7635). Doing so is not an act of disloyalty, but an action that shows your sense of responsibility and fairness to your fellow employees, as well as to our customers, suppliers and shareholders. Your report may be

anonymous. Reports of Code violations will be promptly investigated. Reasonable measures will be undertaken to preserve the confidentiality of information that is reported during the investigation and to protect persons who report information from retaliation. Following the investigation, appropriate corrective measures will be taken. Individuals who falsely report in order to harass or punish another person will also be subject to appropriate disciplinary measures.

To achieve compliance with this Code, it is the managers' and supervisors' assignment to ensure that all employees are made fully aware of the importance of compliance and understand the procedure for reporting violations.

Employees can report suspected violations of Company policies contained in the Employee Handbook by following the reporting procedures for that specific policy in the Employee Handbook. A confidential employee hotline has been established with an independent company to provide employees with a confidential and anonymous way to report suspected violations of the Code or the policies set forth in the Employee Handbook. (Call 1-800-335-7639). Individuals who falsely report in order to harass or punish another person will also be subject to appropriate disciplinary measures.

The Company forbids retaliation against employees who report violations of this Code of Business Conduct and Ethics in good faith.

SEEKING ADVICE

DeVry is committed to operating its business in accordance with the highest level of integrity and ethical standards and all applicable laws, regulations and rules. The Company wants to make sure that everyone who does business on behalf of DeVry fully understands what this Code requires and is able to ask questions if advice is needed. Should an improper practice or irregularity occur within the Company, we are committed to correcting the problem and taking appropriate steps to make sure it cannot happen again.

If you are unsure of what a policy requires of you, are concerned that DeVry may be in violation of law or feel that a company policy is being violated, you may seek advice from your supervisor, senior management, DeVry's Human Resources Department or DeVry's General Counsel's Office.
