Item 2.02 Results of Operations and Financial Conditions.

On October 27, 2005, Chemtura Corporation (the Company) issued a press release announcing its financial results for the third quarter of 2005, which was furnished on Form 8-K on October 27, 2005. The press release included supplemental financial information including, among other things, (i) a Supplementary Schedule setting forth segment sales and operating profit (loss) for the third quarter and nine months ended September 30, 2005 and 2004, and (ii) an Appendix setting forth the unaudited pro forma and non-GAAP segment sales and operating profit (loss), in each case, for each fiscal quarter of 2004, the 2004 fiscal year and the first three fiscal quarters of 2005.

The operating profit (loss) information for the Company's Plastic Additives and Specialty Additives segments for each fiscal quarter of 2004, the 2004 fiscal year and the nine months ended September 30, 2004 were incorrect in the Supplementary Schedule and the Appendix to the press release. A copy of the corrected pages of the Supplementary Schedule and the Appendix is attached hereto as Exhibit 99.1 and is incorporated in this report by reference. These corrections do not impact the total segment operating profit (loss) for the applicable periods in 2004 as previously set forth in the Supplementary Schedule and the Appendix nor do they impact the previously issued financial statements of the Company.

Item 7.01 Regulation FD Disclosure.

The announcement described in Item 2.02 above and Exhibit 99.1 are incorporated in this Item 7.01 by reference.

The information contained in Exhibit 99.1 is being furnished under Items 2.02 and 7.02 of Form 8-K/A. Such information is not deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, is not subject to the liabilities of that section and is not deemed incorporated by reference into any filing under the Securities Act of 1933, as amended, except as shall be expressly set forth by specific reference in such filing.
