**NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**

*Principles of Consolidation*

The consolidated financial statements include our accounts and those of our wholly-owned and majority-owned subsidiaries and variable interest entities for which we are the primary beneficiary. Minority interest represents a minority owner's proportionate share of the equity in certain of our consolidated entities. All significant intercompany transactions and account balances have been eliminated in consolidation.

*Discontinued Operations*

In accordance with Statement of Financial Accounting Standards (SFAS) No. 144, *Accounting for the Impairment or Disposal of Long-Lived Assets*, we have reported the results of operations of WGGB-TV in Springfield, Massachusetts as assets and liabilities held for sale in the accompanying consolidated statements of operations. Discontinued operations have not been segregated in the consolidated statements of cash flows; therefore, amounts for certain captions will not agree with the accompanying consolidated statements of operations. The operating results of WGGB-TV are not included in our consolidated results from continuing operations for the three and nine months ended September 30, 2008 and 2007. See *Note 8. Discontinued Operations*, for additional information.

*Interim Financial Statements*

The consolidated financial statements for the three and nine months ended September 30, 2008 and 2007 are unaudited. In the opinion of management, such financial statements have been presented on the same basis as the audited consolidated financial statements and include all adjustments, consisting only of normal recurring adjustments necessary for a fair presentation of the consolidated balance sheets, consolidated statements of operations and consolidated statements of cash flows for these periods.

As permitted under the applicable rules and regulations of the Securities and Exchange Commission, the consolidated financial statements do not include all disclosures normally included with audited consolidated financial statements and, accordingly, should be read together with the audited consolidated financial statements and notes thereto in our Annual Report on Form 10-K for the year ended December 31, 2007 filed with the Securities and Exchange Commission. The consolidated statements of operations presented in the accompanying consolidated financial statements are not necessarily representative of operations for an entire year.

*Recent Accounting Pronouncements*

In May 2008, the Financial Accounting Standards Board (FASB) issued FASB Staff Position (FSP) APB 14-1, *Accounting for Convertible Debt Instruments That May Be Settled in Cash Upon Conversion (Including Partial Cash Settlement)*. This FSP requires issuers of convertible debt instruments that may be settled in cash upon conversion to account for the liability and equity components in a manner that will reflect the entity's nonconvertible debt borrowing rate when interest cost is recognized in subsequent periods. Issuers will need to determine the carrying value of just the liability portion of the debt by measuring the fair value of a similar liability (including any embedded features other than the conversion option) that does not have an associated equity component. The excess of the initial proceeds received from the debt issuance and the fair value of the liability component should be recorded as a debt discount with the offset recorded to equity. The discount will be amortized to interest expense using the interest method over the life of a similar liability that does not have an associated equity component. Transaction costs incurred with third parties shall be allocated between the liability and equity components in proportion to the allocation of proceeds and accounted for as debt issuance costs and equity issuance costs, respectively, with the debt issuance costs amortized to interest expense. This FSP is effective for financial statements issued for fiscal years beginning after December 15, 2008, and interim periods within those fiscal years. Early adoption is not permitted. This statement should be applied retrospectively to all periods presented as of the beginning of the first period presented with an offsetting adjustment to the opening balance of retained earnings. In 2009, we will record the impact of this FSP retrospectively by recording additional interest expense on our 3% Convertible Senior Notes, due 2027 of approximately \$6.4 million for the year ended December 31, 2007 and approximately \$9.9 million for the year ended December 31, 2008. We expect to record additional interest expense of approximately \$12.1 million and \$4.5 million in the years ended December 31, 2009 and 2010, respectively.

In June 2008, the Emerging Issues Task Force (EITF) issued Issue No. 08-4, *Transition Guidance for Conforming Changes to Issue No. 98-5, Accounting for Convertible Securities with Beneficial Conversion Features or Contingently Adjustable Conversion Ratios*. The Issue provides transition guidance for changes made to Issue 98-5 resulting from the issuance of EITF Issue No. 00-27, *Application of EITF Issue*

Table of Contents

*No. 98-5, Accounting for Convertible Securities with Beneficial Conversion Features or Contingently Adjustable Conversion Ratios, to Certain Convertible Instruments, and FASB Statement No. 150, Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity.* The Issue requires that an entity: (a) apply the guidance in this issue to its first fiscal year beginning after December 15, 2008; (b) recognize the effect of the change retrospectively, with the cumulative effect of the change recognized as an adjustment to the opening balance of retained earnings for the earliest period presented; and (c) include disclosures as required for a change in accounting principle by FASB Statement No. 154. We do not expect the impact of this issue to have a material effect on our consolidated financial statements.

In June 2008, the FASB issued FSP EITF 03-6-1, *Determining Whether Instruments Granted in Share-Based Payment Transactions Are Participating Securities*. This FSP clarifies that unvested share-based payment awards that contain non-forfeitable rights to dividends or dividend equivalents are participating securities as defined in EITF 03-6, *Participating Securities and the Two-Class Method under FASB Statement No. 128* and should therefore be included in the computation of earnings per share. This FSP is effective for financial statements issued for fiscal years beginning after December 15, 2008, and interim periods within those fiscal years. In addition, all prior period earnings per share data shall be adjusted retrospectively. We are currently evaluating the impact of this FSP on our consolidated financial statements.

In June 2008, the EITF issued Issue No. 07-5, *Determining Whether an Instrument (or an Embedded Feature) is Indexed to an Entity's Own Stock*. This Issue requires that an entity use a two-step approach to evaluate whether an equity-linked financial instrument (or embedded feature) is indexed to its own stock, including evaluating the instrument's contingent exercise and settlement provisions. This Issue is effective for fiscal years beginning after December 15, 2008, and interim periods within those fiscal years. We are currently evaluating the impact of this Issue on our consolidated financial statements.

In September 2008, the EITF reached a consensus for exposure on Issue No. 08-6, *Equity Method Investment Accounting Considerations*. This Issue addresses the accounting for equity method investments as a result of the accounting changes prescribed by FAS 141(R) and FAS 160. The Issue includes clarification on the following: (a) transaction costs should be included in the initial carrying value of the equity method investment; (b) an impairment assessment of an underlying indefinite-lived intangible asset of an equity method investment need only be performed as part of any other-than-temporary impairment evaluation of the equity method investment as a whole and does not need to be performed annually; (c) the equity method investee's issuance of shares should be accounted for as the sale of a proportionate share of the investment, which may result in a gain or loss in income, and d) a gain or loss should not be recognized when changing the method of accounting for an investment from the equity method to the cost method. This Issue will be effective for fiscal years beginning in 2009. We are currently evaluating the impact of this issue on our consolidated financial statements.

*Use of Estimates*

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses in the consolidated financial statements and in the disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

*Acquisitions*

In February 2008, we acquired the non-licensed assets of KFXA-TV in Cedar Rapids, Iowa for \$17.0 million, net of cash acquired, and the right to purchase licensed assets, pending FCC approval, for \$1.9 million. Our CBS affiliate in Cedar Rapids, KGAN-TV, provides sales and other non-programming related services to KFXA-TV pursuant to an outsourcing agreement. We have determined that based on the terms of the outsourcing agreement, the KFXA-TV licensed asset entity is a variable interest entity and that we are the primary beneficiary of variable interests. As a result, we consolidate the assets and liabilities of the non-licensed and licensed assets of KFXA-TV.

In March 2008, we acquired a 50% equity interest in Bay Creek South, LLC (Bay Creek). Bay Creek is a land development venture that primarily includes residential and commercial unimproved and improved land surrounding two golf courses on Virginia's eastern shore. In conjunction with the equity investment, we purchased certain of Bay Creek's outstanding debt that was used to finance improvements to and the development of land in the venture. Our total cash, debt and equity investment in Bay Creek, including transaction costs, was \$35.2 million, net of cash acquired. Approximately \$0.8 million of the \$35.2 million investment was funded through the conversion of an existing bridge loan to a portion of the 50% equity interest. Based on our role as the day-to-day manager and our ability to control all major decisions of the venture, the accounts of Bay Creek are included in our consolidated balance sheet. Approximately \$11.8 million of debt was assumed by us through the consolidation of Bay Creek; however, this debt was subsequently paid down to a zero balance at March 31, 2008. As of September 30, 2008, approximately \$49.0 million of property, equipment, land inventory and intangibles were included in property and equipment, net in our consolidated balance sheet. Bay Creek is not material to our consolidated financial statements and we expect to finalize the purchase price allocation by the first quarter of 2009. Our cash investment is shown in the consolidated statement of cash flows as payments for acquisitions of other operating divisions' companies.

Table of Contents

In June 2008, we acquired Jefferson Park Development, LLC (Jefferson Park) for \$19.0 million. Jefferson Park is a mixed use land development project located in Frederick County, Maryland, a suburb of Washington, D.C. We consolidate the assets and liabilities of Jefferson Park as a result of our control over its operations.

In June 2008, we entered into an asset purchase agreement with Raycom Media, Inc. (Raycom) to acquire WTVR-TV, a CBS affiliate, in Richmond-Petersburg, Virginia for \$85.0 million and simultaneously sell the license assets of WRLH-TV, a FOX affiliate, in Richmond, Virginia to an unrelated third party. In August 2008, the U.S. Department of Justice-Antitrust Division declined the approval of the acquisition of WTVR-TV due to a Consent Decree between Raycom and the Department of Justice (DOJ). Under the Consent Decree, which was entered into by Raycom to obtain DOJ approval of its earlier acquisition of three television stations from Lincoln Financial Media, any potential sale of WTVR could be rejected unilaterally by the DOJ without cause. Notwithstanding the action of the DOJ, we believe that this proposed transaction would not have violated the anti-trust laws. However, it appears that the acquisition of WTVR and the sale of the license assets of WRLH will not occur. We will continue to explore our rights under the asset purchase agreement with Raycom.

***Investments***

From time to time, we make equity and debt investments in non-broadcast assets. During first quarter 2008, we made a \$6.0 million cash investment in Patriot Capital II, LP (Patriot Capital). Patriot Capital provides structured debt and mezzanine financing to small businesses. After the \$6.0 million cash investment, our remaining unfunded commitment to Patriot Capital is \$14.0 million. As of September 30, 2008, we made new investments of \$23.2 million and add-on cash investments of \$2.0 million primarily in real estate ventures. As of the filing date, in fourth quarter 2008, we made additional investments of \$3.8 million in various real estate ventures.

***Nonmonetary Asset Exchanges***

In 2009, television broadcasters are required to cease transmitting their signals using the existing analog spectrum and begin transmitting in digital. This government mandate was established so that the analog frequencies can be freed up for use by public safety communications such as police, fire and emergency rescue. In 2004, Sprint Nextel Corporation (Nextel) also agreed to relocate its airwaves to end interference between its cellular signals and the wireless signals used by the country's public safety agencies. As part of this agreement, the FCC granted Nextel the right to a certain spectrum within the 1.9 GHz band that is currently used by television broadcasters (the analog spectrum). Accordingly, Nextel has entered into agreements with several of our stations to exchange our existing analog equipment for comparable digital equipment. As equipment is exchanged and placed in service, we will record a gain to the extent that the fair market value of the equipment received exceeds the carrying amount of the equipment relinquished. The equipment will be recorded at the estimated fair market value and will be depreciated over a useful life of 8 years. In the third quarter of 2008, we recorded a gain of \$2.2 million.

***Goodwill Impairment***

SFAS No. 142, *Goodwill and Other Intangible Assets* requires that goodwill be tested for impairment at the reporting unit level at least annually. We test for impairment by comparing the book value of our reporting units, including goodwill, to the estimated fair value of our reporting units. We estimate the fair value of our reporting units using a combination of observed earnings multiples, discounted cash flow models and appraisals. During the three months ended September 30, 2008, we did not record an impairment. During the nine months ended

## Edgar Filing: SINCLAIR BROADCAST GROUP INC - Form 10-Q

September 30, 2008, certain events led us to test our goodwill associated with an other operating division company, Acrodyne Communications, Inc. As a result of this testing, we recorded a \$1.6 million impairment charge in our consolidated statements of operations.

### *Property and Equipment*

As of September 30, 2008, approximately \$94.1 million of our \$359.3 million of net property and equipment consisted of real estate held for development and sale or for investment.

### *Comprehensive Income*

SFAS No. 130, *Reporting Comprehensive Income*, requires that entities present comprehensive income, which is the sum of net income and other comprehensive income, for each of the periods presented in the consolidated financial statements. Comprehensive income was \$11.7 million and \$10.0 million for the three months ended September 30, 2008 and 2007, respectively and \$41.6 million and \$9.9 million for the nine months ended September 30, 2008 and 2007, respectively.

Table of Contents**Reclassifications**

Certain reclassifications have been made to prior years' consolidated financial statements to conform to the current year's presentation.

**2. STOCK-BASED COMPENSATION:**

From time to time, we grant subsidiary stock awards to employees. The subsidiary stock is typically in the form of a membership interest in a consolidated limited liability company, not traded on a public exchange and valued based on the estimated fair value of the subsidiary. Fair value is typically estimated using discounted cash flow models and appraisals. These stock awards vest immediately. For the three and nine months ended September 30, 2008, we recorded compensation expense of \$0.1 million and \$2.5 million, respectively, related to these awards. We did not issue any subsidiary stock awards during the nine months ended September 30, 2007. This expense reduced our consolidated income, but had no effect on our consolidated cash flows. These awards have no effect on the shares used in our basic and diluted earnings per share.

On April 1, 2008, 350,000 stock-settled appreciation rights (SARs) were granted to David Smith, our President and Chief Executive Officer, pursuant to the 1996 Long-Term Incentive Plan. The SARs have a 10-year term and vest immediately. The base value of each SAR is \$8.94 per share, which was the closing price of our Class A Common Stock on the grant date. The SARs had a grant date fair value of \$0.5 million. We valued the SARs using the Black-Scholes model and the following assumptions:

Risk-free interest rate	4.25%
Expected life	10 years
Expected volatility	46.10%
Annual dividend yield	9.23%

For the nine months ended September 30, 2008, we recorded expense of \$0.5 million related to this grant. This expense reduced our consolidated income but had no effect on our consolidated cash flows.

**3. COMMITMENTS AND CONTINGENCIES:****Litigation**

We are a party to lawsuits and claims from time to time in the ordinary course of business. Actions currently pending are in various preliminary stages. After reviewing developments to date with legal counsel, our management is of the opinion that the outcome of our pending and threatened matters will not have a material adverse effect on our consolidated balance sheets, consolidated statements of operations or consolidated statements of cash flows.

***FCC License Renewals***

In April 2008, the FCC granted the license renewal application of WUXP-TV in Nashville, Tennessee. In July 2008, the FCC granted the renewal application of WVTV-TV in Milwaukee, Wisconsin. In August 2008, the FCC granted the renewal applications of WGME-TV in Portland, Maine; WMSN-TV in Madison, Wisconsin; WSYT-TV in Syracuse, New York; WUTV-TV in Buffalo, New York; WYZZ-TV in Peoria, Illinois; andWSTR-TV in Cincinnati, Ohio.

Under FCC rules, we have continuing authority to operate each of these stations for which we have a pending renewal application until the FCC takes final action on that application.

***Other FCC Adjudicatory Proceedings***

On October 12, 2004, the FCC issued a Notice of Apparent Liability for Forfeiture (NAL) in the amount of \$7,000 per station to virtually every FOX station, including the 15 FOX affiliates presently licensed to us, the four FOX affiliates programmed by us and one FOX affiliate we sold in 2005. The NAL alleged that the stations broadcast indecent material contained in an episode of a FOX network program that aired on April 7, 2003. We, as well as other parties including the FOX network, filed oppositions to the NAL. On February 22, 2008, the FCC released an order assessing a \$7,000 per station forfeiture against thirteen FOX stations, including KDSM-TV in Des Moines, Iowa, WZTV-TV in Nashville, Tennessee and WVAH-TV in Charleston, West Virginia, which we program pursuant to a Local Marketing Agreement (LMA). We did not pay the forfeiture for our stations. On March 24, 2008, we joined the FOX network and other FOX affiliates in filing a petition for reconsideration of the forfeiture order. On April 4, 2008, the FCC returned the petition without consideration based on the alleged failure to comply with a procedural rule. On

Table of Contents

April 21, 2008, we joined the FOX network and other FOX affiliates in seeking reconsideration of the FCC's April 4, 2008 decision to return the petition for reconsideration. On April 4, 2008, the DOJ, on behalf of the FCC, sued several of the stations that had not paid the forfeiture amounts assessed by the FCC, including the two stations we own and WVAH-TV. Our stations and WVAH-TV paid the forfeiture assessments in April 2008. The proceedings initiated by the DOJ have been dismissed. The FOX network has agreed to indemnify its affiliates for the full amount of the forfeiture assessment paid.

**4. SUPPLEMENTAL CASH FLOW INFORMATION:**

During the nine months ended September 30, 2008 and 2007, our supplemental cash flow information was as follows (in thousands):

	<b>Nine Months Ended September 30,</b>	
	<b>2008</b>	<b>2007</b>
Income taxes paid related to continuing operations	\$ 2,973	\$ 57
Income tax refunds received related to continuing operations	\$ 72	\$ 59
Income tax refunds received related to sale of discontinued operations	\$	\$ 157
Interest paid	\$ 58,848	\$ 82,101
Premium payments related to extinguishment of debt	\$ 13	\$ 27,285
Debt assumed in conjunction with the acquisition of other operating divisions companies	\$	\$ 7,400

Non-cash barter and trade expense are presented in the consolidated statements of operations. Non-cash transactions related to capital lease obligations were \$10.0 million and less than \$0.1 million for the nine months ended September 30, 2008 and 2007, respectively.

**5. DERIVATIVE INSTRUMENTS:**

We enter into derivative instruments primarily to reduce the impact of changing interest rates on our floating rate debt and to reduce the impact of changing fair market values on our fixed rate debt.

As of December 31, 2007, we had two remaining derivative instruments. Both of these instruments were interest rate swap agreements. One of these swap agreements, with a notional amount of \$180.0 million and an expiration date of March 15, 2012, was accounted for as a fair value hedge in accordance with SFAS 133, *Accounting for Derivative Instruments and Hedging Activities* (SFAS 133); therefore, any changes in its fair market value are reflected as an adjustment to the carrying value of our 8.0% Senior Subordinated Notes, due 2012, which was the underlying debt being hedged. The interest we paid on the \$180.0 million swap was variable based on the three-month LIBOR plus 2.28% and the interest we received was fixed at 8.0%. The other interest rate swap, with a notional amount of \$120.0 million and an expiration date of March 15, 2012, was undesignated as a fair value hedge in 2006 due to a reassignment of the counterparty; therefore, any subsequent changes in the fair market value are reflected as an adjustment to income. The interest we paid on the \$120.0 million swap was variable based on the three-month LIBOR plus 2.35% and the interest we received was fixed at 8.0%.

## Edgar Filing: SINCLAIR BROADCAST GROUP INC - Form 10-Q

In February 2008, the counterparty to our swap agreements, elected to change the termination dates of the \$180.0 million and \$120.0 million swaps to March 25, 2008 and March 26, 2008, respectively. We received a termination fee of \$3.2 million from the counterparty for the early termination of the \$120.0 million swap. After the removal of the related \$2.4 million derivative asset from our consolidated balance sheet, the resulting \$0.8 million, along with \$0.2 million of interest was recorded in gain from derivative instruments. We received a termination fee of \$4.8 million from the counterparty for the early termination of the \$180.0 million swap. In accordance with SFAS 133, the carrying value of the underlying debt was adjusted to reflect the \$4.8 million termination fee and that amount is treated as a premium on the underlying debt that was being hedged and is amortized over its remaining life as a reduction to interest expense. The total termination fees received of \$8.0 million are included in the cash flows from financing activities section of the consolidated statement of cash flows for the nine months ended September 30, 2008.

As of September 30, 2008, we had no derivative instruments other than embedded derivatives related to contingent cash interest features in our 4.875% Convertible Senior Notes, due 2018 and 3.0% Convertible Senior Notes, due 2027, which had negligible fair values.

Table of Contents**6. EARNINGS PER SHARE:**

The following table reconciles income (numerator) and shares (denominator) used in our computations of earnings per share for the three and nine months ended September 30, 2008 and 2007 (in thousands):

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2008	2007	2008	2007
<b>Income (Numerator)</b>				
Income from continuing operations and numerator for diluted earnings per common share from continuing operations	\$ 11,693	\$ 9,577	\$ 41,337	\$ 9,167
(Loss) income from discontinued operations, including gain on sale of broadcast assets related to discontinued operations, net of taxes	(38)	324	9	542
Numerator for diluted earnings per common share	\$ 11,655	\$ 9,901	\$ 41,346	\$ 9,709
<b>Shares (Denominator)</b>				
Weighted-average common shares outstanding	86,158	87,175	86,951	86,816
Dilutive effect of outstanding stock options and restricted stock		52	4	133
Weighted-average common and common equivalent shares outstanding	86,158	87,227	86,955	86,949

We apply the treasury stock method to measure the dilutive effect of our outstanding stock options and restricted stock awards and include the respective common share equivalents in the denominator of the diluted EPS computation. For the three months ended September 30, 2008, our outstanding stock options and restricted stock awards were anti-dilutive; therefore, they were not included in the computation of diluted EPS. For the three and nine months ended September 30, 2008 and 2007, our 4.875% Convertible Senior Notes, due 2018, our 6.0% Convertible Debentures, due 2012, our 3.0% Convertible Senior Notes, due 2027 and our outstanding SARs were anti-dilutive; therefore, they were not included in the computation of diluted EPS. As of the filing date, in fourth quarter 2008, we repurchased 3.8 million shares of Class A Common Stock for \$13.3 million, including transaction costs.

**7. RELATED PERSON TRANSACTIONS:**

David, Frederick, Duncan and Robert Smith (collectively, the controlling shareholders) are brothers and hold substantially all of the Class B Common Stock. During each of the periods presented in the accompanying consolidated financial statements, we engaged in transactions with them, their immediate family members and/or entities in which they have substantial interests (collectively, affiliates).

Certain assets used by us and our operating subsidiaries are leased from Cunningham Communications, Inc., Keyser Investment Group, Gerstell Development Limited Partnership and Beaver Dam, LLC (entities owned by the controlling shareholders). Lease payments made to these entities were \$1.3 million for each of the three months ended September 30, 2008 and 2007. Lease payments made to these entities were \$3.6 million and \$4.0 million for the nine months ended September 30, 2008 and 2007, respectively.

## Edgar Filing: SINCLAIR BROADCAST GROUP INC - Form 10-Q

In January 1999, we entered into a LMA with Bay Television, Inc. (Bay TV), which owns the television station WTTA-TV in Tampa, Florida. Our controlling shareholders own a substantial portion of the equity of Bay TV. The LMA provides that we deliver television programming to Bay TV, which broadcasts the programming in return for a monthly fee to Bay TV of \$143,500. We must also make an annual payment equal to 50% of the adjusted annual broadcast cash flow of the station (as defined in the LMA) that is in excess of \$1.7 million. The additional payment is reduced by 50% of the adjusted broadcast cash flow of the station that was below zero in prior calendar years until that amount is recaptured. An additional payment of \$1.5 million was made during the nine months ended September 30, 2008 related to the excess adjusted broadcast cash flow for the year ended December 31, 2007. Lease payments made to Bay TV were \$0.4 million for each of the three months ended September 30, 2008 and 2007 and \$1.3 million for each of the nine months ended September 30, 2008 and 2007. We received \$0.1 million for each of the three months ended September 30, 2008 and 2007 and \$0.4 million for each of the nine months ended September 30, 2008 and 2007 from Bay TV for certain equipment leases.

We sold advertising time to and purchased vehicles and related vehicle services from Atlantic Automotive Corporation (Atlantic Automotive), a holding company which owns automobile dealerships and an automobile leasing company. David D. Smith, our President and Chief Executive Officer, has a controlling interest in, and is a member of the Board of Directors of Atlantic

Table of Contents

Automotive. Our stations in Baltimore, Maryland and Norfolk, Virginia received payments for advertising time from Atlantic Automotive totaling \$0.1 million and \$0.5 million for the three and nine months ended September 30, 2008, respectively. We received payments for advertising time from Atlantic Automotive totaling \$0.2 million and \$0.4 million for the three and nine months ended September 30, 2007, respectively. We paid \$0.2 million and \$0.7 million for vehicles and related vehicle services from Atlantic Automotive for the three and nine months ended September 30, 2008, respectively. We paid \$0.2 million and \$0.7 million for vehicles and related vehicle services from Atlantic Automotive for the three and nine months ended September 30, 2007, respectively.

Basil A. Thomas, a member of our Board of Directors, is the father of Steven A. Thomas, a partner and founder of Thomas & Libowitz, P.A. (Thomas & Libowitz), a law firm providing legal services to us on an ongoing basis. Basil A. Thomas also serves as a member of the board of directors of Thomas & Libowitz. We paid fees of \$0.2 million and \$0.1 million to Thomas & Libowitz for the three months ended September 30, 2008 and 2007, respectively. For the nine months ended September 30, 2008 and 2007, we paid fees of \$0.8 million and \$0.5 million to Thomas & Libowitz, respectively.

From time to time, we charter aircraft owned by certain controlling shareholders. We did not incur expenses related to aircraft for the three months ended September 30, 2008. We incurred \$0.1 million for the nine months ended September 30, 2008 and less than \$0.1 million for each of the three and nine months ended September 30, 2007.

In April 2008, we extended four of our LMAs with Cunningham Broadcasting Corporation (Cunningham) pursuant to which we will continue to provide programming to Cunningham to air on WTAT-TV in Charleston, South Carolina, WVAH-TV in Charleston, West Virginia, WRGT-TV in Dayton, Ohio and WMYA-TV in Anderson, South Carolina. We made payments to Cunningham under LMA agreements of \$1.9 million for each of the three months ended September 30, 2008 and 2007, respectively and \$5.7 million and \$5.8 million for the nine months ended September 30, 2008 and 2007, respectively.

In September 2008, AP Management Company, the management company of Patriot Capital, entered into a lease agreement with Skylar Development LLC (Skylar), a subsidiary of one of our real estate ventures. The office space lease is for a term of five years and one month commencing on October 1, 2008.

As of September 30, 2008, Frederick Smith funded \$0.2 million of his investment commitment of \$0.5 million to Patriot Capital.

**8. DISCONTINUED OPERATIONS:**

*WGGB Disposition*

On July 31, 2007, we entered into an agreement to sell WGGB-TV, including the FCC license, to an unrelated third party for \$21.2 million in cash. The FCC approved the transfer of the broadcast license and the sale was completed on November 1, 2007. We recorded \$1.1 million, net of \$0.5 million tax provision, as gain from discontinued operations in our consolidated statements of operations for the year ended December 31, 2007. The net cash proceeds were used in the normal course of operations and for capital expenditures.

Accounts receivable related to WGGB-TV is included in the accompanying consolidated balance sheets, net of allowance for doubtful accounts, for all periods presented. This is because we continue to own the rights to collect the amounts due to us through the closing date of the non-license television broadcast assets. As of September 30, 2008, there were no outstanding accounts receivable related to our discontinued operations. Accounts receivable related to our discontinued operations was \$0.1 million (net of allowance of less than \$0.1 million) as of December 31, 2007.

Table of Contents**9. SEGMENT DATA:**

We have one reportable operating segment, Broadcast, that is disclosed separately from our corporate and other business activities. Corporate and Other primarily includes our costs to operate as a public company and to operate our corporate headquarters location, our investment activity and our other operating divisions' activities. Currently, our other operating divisions primarily earn revenues from information technology staffing, consulting and software development; transmitter manufacturing; sign design and fabrication; regional security alarm operating and bulk acquisitions; and real estate ventures. Transactions between our operating segment and Corporate and Other are not material.

Financial information for our operating segment is included in the following tables for the three and nine months ended September 30, 2008 and 2007 (in thousands):

**10. CONDENSED CONSOLIDATING FINANCIAL STATEMENTS:**

Sinclair Television Group, Inc. (STG), a wholly-owned subsidiary of Sinclair Broadcast Group, Inc. (SBG), is the primary obligor under our existing Bank Credit Agreement, as amended and the 8.0% Senior Subordinated Notes, due 2012. Our Class A Common Stock, Class B Common Stock, the 6.0% Convertible Debentures, due 2012, the 4.875% Convertible Senior Notes, due 2018 and the 3.0% Convertible Senior Notes, due 2027 remain obligations or securities of SBG and are not obligations or securities of STG.

SBG, KDSM, LLC, a wholly-owned subsidiary of SBG, and STG's wholly-owned subsidiaries (guarantor subsidiaries), have fully and unconditionally guaranteed all of STG's obligations. Those guarantees are joint and several. There are certain contractual restrictions on the ability of SBG, STG or KDSM, LLC to obtain funds from their subsidiaries in the form of dividends or loans.

The following condensed consolidating financial statements present the consolidated balance sheets, consolidated statements of operations and consolidated statements of cash flows of SBG, STG, KDSM, LLC and the guarantor subsidiaries, the direct and indirect non-guarantor subsidiaries of SBG and the eliminations necessary to arrive at our information on a consolidated basis. These statements are presented in accordance with the disclosure requirements under Securities and Exchange Commission Regulation S-X, Rule 3-10.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

This report includes or incorporates forward-looking statements within the meaning of the U.S. Private Securities Litigation Reform Act of 1995. We have based these forward-looking statements on our current expectations and projections about future events. These forward-looking statements are subject to risks, uncertainties and assumptions about us, including, among other things, the following risks:

*General risks*

- the impact of changes in national and regional economies including the possibility of an extended recession;
- the activities of our competitors;
- terrorist acts of violence or war and other geopolitical events;

*Industry risks*

- the business conditions of our advertisers, including the impact of the economy on their businesses and their ability to purchase advertising;
- competition with other broadcast television stations, radio stations, multi-channel video programming distributors (MVPDs) and internet and broadband content providers serving in the same markets;
- labor disputes and other union activity;
- availability and cost of programming;
- the effects of governmental regulation of broadcasting or changes in those regulations and court actions interpreting those regulations, including ownership regulations, indecency regulations, retransmission regulations, political advertising restrictions and regulations;
- the continued viability of networks and syndicators that provide us with programming content;
- the February 17, 2009 mandatory transition from analog to digital over-the-air broadcasting, including the impact the transition will have on television ratings;
- the broadcasting community's ability to adopt and to accept a viable mobile digital television strategy and platform;

- competition related to the potential implementation of regulations requiring MVPDs to carry low power television stations programming;

*Risks specific to us*

- the effectiveness of our management;
- our ability to attract and maintain local and national advertising;
- our ability to successfully renegotiate retransmission consent agreements;
- our ability to service our outstanding debt;
- our ability to renew our FCC licenses;
- our ability to maintain our affiliation agreements with our networks;
- the popularity of syndicated programming we purchase and network programming that we air;
- successful integration of outsourcing and news share agreements;
- the strength of ratings for our local news broadcasts including our news sharing arrangements;
- changes in the makeup of the population in the areas where our stations are located;
- the success of our multi-channel broadcasting initiatives strategy execution including mobile digital television;
- the results of prior year tax audits by taxing authorities; and
- our ability to identify and consummate investments in attractive non-television assets and to achieve anticipated returns on our investments.

Other matters set forth in this report and our other reports filed with the Securities and Exchange Commission, including the *Risk Factors* set forth in our Annual Report on Form 10-K for the year ended December 31, 2007 and our Quarterly Report on Form 10-Q for the quarter ended June 30, 2008, may also cause actual results in the future to differ materially from those described in the forward-looking statements. We undertake no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. In light of these risks, uncertainties and assumptions, the forward-looking statements discussed in this report might not occur.

Table of Contents

The following Management's Discussion and Analysis provides qualitative and quantitative information about our financial performance and condition and should be read in conjunction with our consolidated financial statements and the accompanying notes to those statements. This discussion consists of the following sections:

Executive Overview financial highlights since June 30, 2008;

Recent Accounting Pronouncements a description of new accounting pronouncements that apply to us;

Results of Operations an analysis of our revenues and expenses for the three and nine months ended September 30, 2008 and 2007, including comparisons between quarters and expectations for the fourth quarter 2008; and

Liquidity and Capital Resources an analysis of our cash flows from or used in operating activities, investing activities and financing activities and an update of our debt repurchases during the quarter.

**EXECUTIVE OVERVIEW**

*Third Quarter 2008 Highlights*

- In July 2008, we entered into a news share agreement in which WHO-TV owned by Local TV, LLC, will produce a newscast to air on KDSM-TV in Des Moines, Iowa;
- In August 2008, we repurchased 2.7 million shares of Class A Common Stock for \$16.3 million, including transaction costs;
- During the third quarter 2008, we repurchased in the open market \$22.3 million face value of our 8.0% Senior Subordinated Notes, due 2012 and \$12.0 million of our 6.0% Convertible Debentures, due 2012;
- During the third quarter 2008, we made new investments of \$10.0 million and add-on cash investments of \$0.5 million primarily in real estate ventures; and
- Excluding political, local revenues decreased 1.7% and national revenues decreased 13.7% in the third quarter 2008 versus the third quarter 2007, as current negative financial and economic conditions have severely impacted advertising spending levels.

**Other Highlights**

- In October 2008, we received a \$17.2 million federal income tax cash refund;
- As of the filing date, in fourth quarter 2008, we repurchased in the open market \$1.0 million face value of our 8.0% Senior Subordinated Notes, due 2012;
- As of the filing date, in fourth quarter 2008, we made additional investments of \$3.8 million in various real estate ventures; and
- As of the filing date, in fourth quarter 2008, we repurchased 3.8 million shares of Class A Common Stock for \$13.3 million, including transaction costs.

**RECENT ACCOUNTING PRONOUNCEMENTS**

In May 2008, the Financial Accounting Standards Board (FASB) issued FASB Staff Position (FSP) APB 14-1, *Accounting for Convertible Debt Instruments That May Be Settled in Cash Upon Conversion (Including Partial Cash Settlement)*. This FSP requires issuers of convertible debt instruments that may be settled in cash upon conversion to account for the liability and equity components in a manner that will reflect the entity's nonconvertible debt borrowing rate when interest cost is recognized in subsequent periods. Issuers will need to determine the carrying value of just the liability portion of the debt by measuring the fair value of a similar liability (including any embedded features other than the conversion option) that does not have an associated equity component. The excess of the initial proceeds received from the debt issuance and the fair value of the liability component should be recorded as a debt discount with the offset recorded to equity. The discount will be amortized to interest expense using the interest method over the life of a similar liability that does not have an associated equity component. Transaction costs incurred with third parties shall be allocated between the liability and equity components in proportion to the allocation of proceeds and accounted for as debt issuance costs and equity issuance costs, respectively, with the debt issuance costs amortized to interest expense. This FSP is effective for financial statements issued for fiscal years beginning after December 15, 2008, and interim periods within those fiscal years. Early adoption is not permitted. This statement should be applied retrospectively to all periods presented as of the beginning of the first period presented with an offsetting adjustment to the opening balance of retained earnings. In 2009, we will record the impact of this FSP retrospectively by recording additional interest expense on our 3% Convertible Senior Notes, due 2027 of approximately \$6.4 million for the year ended December 31, 2007 and approximately \$9.9 million for the year ended December 31, 2008. We expect to record additional interest expense of approximately \$12.1 million and \$4.5 million in the years ended December 31, 2009 and 2010, respectively.

Table of Contents

In June 2008, the Emerging Issues Task Force (EITF) issued Issue No. 08-4, *Transition Guidance for Conforming Changes to Issue No. 98-5, Accounting for Convertible Securities with Beneficial Conversion Features or Contingently Adjustable Conversion Ratios*. The Issue provides transition guidance for changes made to Issue 98-5 resulting from the issuance of EITF Issue No. 00-27, *Application of EITF Issue No. 98-5, Accounting for Convertible Securities with Beneficial Conversion Features or Contingently Adjustable Conversion Ratios, to Certain Convertible Instruments*, and FASB Statement No. 150, *Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity*. The Issue requires that an entity: (a) apply the guidance in this issue to its first fiscal year beginning after December 15, 2008; (b) recognize the effect of the change retrospectively, with the cumulative effect of the change recognized as an adjustment to the opening balance of retained earnings for the earliest period presented; and (c) include disclosures as required for a change in accounting principle by FASB Statement No. 154. We do not expect the impact of this issue to have a material effect on our consolidated financial statements.

In June 2008, the FASB issued FSP EITF 03-6-1, *Determining Whether Instruments Granted in Share-Based Payment Transactions Are Participating Securities*. This FSP clarifies that unvested share-based payment awards that contain non-forfeitable rights to dividends or dividend equivalents are participating securities as defined in EITF 03-6, *Participating Securities and the Two-Class Method under FASB Statement No. 128* and should therefore be included in the computation of earnings per share. This FSP is effective for financial statements issued for fiscal years beginning after December 15, 2008, and interim periods within those fiscal years. In addition, all prior period earnings per share data shall be adjusted retrospectively. We are currently evaluating the impact of this FSP on our consolidated financial statements.

In June 2008, the EITF issued Issue No. 07-5, *Determining Whether an Instrument (or an Embedded Feature) is Indexed to an Entity's Own Stock*. This Issue requires that an entity use a two-step approach to evaluate whether an equity-linked financial instrument (or embedded feature) is indexed to its own stock, including evaluating the instrument's contingent exercise and settlement provisions. This Issue is effective for fiscal years beginning after December 15, 2008, and interim periods within those fiscal years. We are currently evaluating the impact of this Issue on our consolidated financial statements.

In September 2008, the EITF reached a consensus for exposure on Issue No. 08-6, *Equity Method Investment Accounting Considerations*. This Issue addresses the accounting for equity method investments as a result of the accounting changes prescribed by FAS 141(R) and FAS 160. The Issue includes clarification on the following: (a) transaction costs should be included in the initial carrying value of the equity method investment; (b) an impairment assessment of an underlying indefinite-lived intangible asset of an equity method investment need only be performed as part of any other-than-temporary impairment evaluation of the equity method investment as a whole and does not need to be performed annually; (c) the equity method investee's issuance of shares should be accounted for as the sale of a proportionate share of the investment, which may result in a gain or loss in income, and d) a gain or loss should not be recognized when changing the method of accounting for an investment from the equity method to the cost method. This Issue will be effective for fiscal years beginning in 2009. We are currently evaluating the impact of this issue on our consolidated financial statements.

**RESULTS OF OPERATIONS**

In general, this discussion is related to the results of our continuing operations, except for discussions regarding our cash flows, which also include the results of our discontinued operations. Unless otherwise indicated, references in this discussion and analysis to the third quarter of 2008 and 2007 refer to the three months ended September 30, 2008 and 2007, respectively. Additionally, any references to the first, second or fourth quarter are to the three months ended March 31, June 30 and December 31, respectively, for the year being discussed.

(a) Political revenue is not comparable from year to year due to cyclicity of elections. See *Political Revenues* below for more information.

*Net broadcast revenues.* From a revenue category standpoint, the third quarter 2008, when compared to the same period in 2007, was impacted by an increase in advertising revenues generated from the political, fast food, food-grocery and media sectors. These increases were offset by decreases in the retail, movies, restaurants, paid programming and home products sectors. Automotive, our single largest category, representing 18.2% of the quarter's net time sales, was down 15.4% for the three months ended September 30, 2008 compared to the same period in 2007.

The following table presents our time sales revenue from continuing operations, net of agency commissions, by network affiliates for the three and nine months ended September 30, 2008 and 2007 (dollars in millions):

*Political Revenues.* Political revenues increased by \$7.6 million to \$8.7 million for the third quarter 2008 when compared to the same period in 2007. For the nine months ended September 30, 2008, political revenues increased by \$12.7 million to \$15.5 million when compared to the same period in 2007. Political revenues are typically lower in non-election years such as 2007 and have been helped in 2008 by the presidential election. We expect political advertising revenues to reach record levels this year compared to the 2004 presidential election year political spending.

Table of Contents

*Local Revenues.* Our revenues from local advertisers, excluding political revenues, were down \$1.5 million for the three months ended September 30, 2008 when compared to 2007. For the nine months ended September 30, 2008, local advertisers, excluding political revenues, were up \$4.8 million when compared to the same period in 2007. The decrease of revenues for the three months ended September 30, 2008, when compared to 2007, was primarily due to current negative financial and economic conditions which have impeded advertising spending levels offset by \$1.2 million in revenues from our stations in Cedar Rapids, Iowa including KFXA TV, acquired in February 2008, and KGAN-TV which was previously accounted for as an outsourcing agreement. The increase of revenues for the nine months ended September 30, 2008, when compared to 2007, was primarily due to \$3.8 million related to our stations in Cedar Rapids. Our FOX stations local news and strong network prime-time continued to grow our revenues during the first six months of the year with flat performance in the third quarter. We continue to provide an enhanced sales training course for all of our salespeople with a focus on local revenue sales. We expect to continue these efforts throughout 2008.

*National Revenues.* Our revenues from national advertisers, excluding political revenues, were down \$6.2 million for the three months ended September 30, 2008 when compared to 2007. For the nine months ended September 30, 2008, national advertisers, excluding political revenues, were down \$7.6 million when compared to the same period in 2007. The decrease in revenues was lessened by the abovementioned effects of KFXA-TV and KGAN-TV, our stations in Cedar Rapids. The overall decrease in revenues is primarily due to current negative financial and economic conditions which have impeded advertising spending levels. Automotive companies have reduced advertising budgets in response to earlier in the year record-high oil prices and declines in SUV and truck sales, and current period economic uncertainty. We expect this trend to continue throughout 2008 and into 2009. In addition, over the past few years, national revenues have trended downward. Advertisers like automotive continue to reduce their advertising budgets and shift portions of their advertising budgets away from spot television into non-traditional media, in-store promotions and product placement in network shows and we believe these trends will continue in the future.

*Other Revenues.* Our other revenues consist primarily of revenues from retransmission consent agreements with multi-channel video programming distributors, network compensation, production revenues and revenues from our outsourcing agreements. Our retransmission consent agreements, including the advertising component, generated \$17.9 million in total broadcast revenues during the third quarter 2008 compared with \$17.3 million during the same period in 2007. This growth trend is the result of our ability to monetize our existing relationships as cable providers struggle with increased competition from alternative video delivery providers and have begun to recognize the value of our digital and high definition signals and local and other programming. Pursuant to EITF 00-21, *Revenue Arrangements with Multiple Deliverables*, during the third quarter 2008, \$13.3 million of the total \$17.9 million in revenues generated from our retransmission consent agreements is included in other revenues, while the remaining \$4.6 million is included in net time sales. During the third quarter 2007, \$12.2 million of the total \$17.3 million in revenues generated from our retransmission consent agreements is included in other revenues, while the remaining \$5.1 million is included in net time sales. We expect to continue to generate revenues from retransmission consent agreements at terms as favorable as or more favorable than our existing agreements upon expiration of those agreements. Our retransmission consent agreements include automatic annual fee escalators.

## Edgar Filing: SINCLAIR BROADCAST GROUP INC - Form 10-Q

For the nine months ended September 30, 2008, \$39.8 million of the total \$56.2 million in revenues generated from our retransmission consent agreements are included in other revenues, while the remaining \$16.4 million is included in net time sales. For the nine months ended September 30, 2007, \$33.0 million of the total \$42.9 million in revenues generated from our retransmission consent agreements are included in other revenues, while the remaining \$9.9 million is included in net time sales.

*Station production expenses.* Station production expenses increased during the third quarter 2008 compared to the same period in 2007. Excluding Cedar Rapids, there were increases in news expenses of \$1.0 million, engineering expenses of \$0.6 million, costs related to LMAs and outsourcing agreements of \$0.2 million, production expenses of \$0.2 million and programming expenses of \$0.2 million. In addition, there were \$1.3 million in costs related to our stations in Cedar Rapids including KFXA TV, acquired in February 2008, and KGAN-TV which was previously accounted for as an outsourcing agreement. These increases were partially offset by decreases in promotion expenses of \$0.2 million.

Station production expenses increased for the nine months ended September 30, 2008 compared to the same period in 2007. Excluding Cedar Rapids, there were increases in news expenses of \$3.3 million, engineering expenses of \$1.2 million, programming expenses of \$0.7 million, rating service expenses of \$0.6 million, production expenses of \$0.6 million, costs related to LMAs and outsourcing agreements of \$0.3 million, on-air operations of \$0.1 million and other expenses of \$0.1 million. In addition, there were \$3.0 million in costs related to our stations in Cedar Rapids. These increases were partially offset by decreases in promotion expenses of \$0.7 million and music license fees of \$0.6 million.

*Station selling, general and administrative expenses.* Station selling, general and administrative expenses increased during the third quarter 2008 compared to same period in 2007. Excluding Cedar Rapids, there were increases in general and administrative expenses of \$0.1 million and other expenses of \$0.1 million offset by a decrease in sales expenses of \$0.8 million. Selling, general and administrative expenses related to our stations in Cedar Rapids were \$0.8 million.

## Edgar Filing: SINCLAIR BROADCAST GROUP INC - Form 10-Q

Station selling, general and administrative expenses increased for the nine months ended September 30, 2008 compared to the same period in 2007. Excluding Cedar Rapids, there was an increase in traffic costs of \$0.3 million. There were \$2.1 million in expenses related to our stations in Cedar Rapids offset by decreases in sales costs of \$0.7 million, general and administrative expenses of \$0.5 million and other expenses of \$0.1 million.

We expect fourth quarter 2008 station production and station selling, general and administrative expenses, excluding barter, to trend higher than our third quarter 2008 results but lower than our fourth quarter 2007 results.

*Amortization of program contract costs.* The amortization of program contract costs decreased during the third quarter 2008 compared to the same period in 2007 primarily due to a decrease in write-downs of our program contract costs of \$6.6 million and program amortization of \$0.9 million. The amortization of program contract costs decreased during the nine months ended September 30, 2008 compared to the same period in 2007 primarily due to decreases of \$5.5 million in write-downs of our program contract costs and program amortization of \$4.8 million. We expect program contract amortization to trend higher in fourth quarter 2008 compared to third quarter 2008.

Table of Contents

*Corporate general and administrative expenses.* Corporate general and administrative expenses represent the costs to operate our corporate headquarters location. Such costs include, among other things, corporate departmental salaries, bonuses, fringe benefits and other compensation, directors and officers insurance, health and other insurance, rent, telephone, consulting fees, legal, accounting, director fees and strategic development initiatives. Corporate departments include executive, treasury, finance and accounting, human resources, technology, corporate relations, legal, sales, engineering, operations and purchasing.

Corporate general and administrative expenses increased in the third quarter 2008 when compared to the same period in 2007 due to increases in compensation expenses including stock based awards of \$0.2 million and professional and other fees of \$0.2 million.

Corporate general and administrative expenses increased for the nine months ended September 30, 2008 when compared to the same period in 2007 due to increases in compensation expenses including stock-based awards of \$1.2 million and professional and other fees of \$0.3 million. These increases were partially offset by decreases in insurance costs of \$0.2 million and shareholder service expenses of \$0.1 million.

We expect corporate overhead expenses to increase in fourth quarter 2008 compared to third quarter 2008.

*Gain on asset exchange.* For the nine months ended September 30, 2008, we recognized a non-cash gain of \$2.2 million from the exchange of equipment under agreements with Sprint Nextel Corporation.

*Impairment of goodwill.* In second quarter 2008, we recorded an impairment of \$1.6 million related to goodwill associated with Acrodyne Communications, Inc. See *Note 1. Summary of Significant Accounting Policies* in the notes to our consolidated financial statements for more information.

*Interest expense.* Interest expense has been decreasing since 2004, primarily due to refinancings we have undertaken; specifically in 2007 when certain debt was replaced with a lower cost LIBOR based Term Loan and 3.0% Convertible Senior Notes, due 2027. The decrease during the third quarter 2008 compared to the same period in 2007 and the year to date numbers is primarily due to the partial redemption of the 8.0% Senior Subordinated Notes, due 2012 (the 8.0% Notes) on July 10, 2008, August 7, 2008, and August 13, 2008. In addition, a decrease in LIBOR has lowered interest expense on our Revolving Credit Facility and Term Loans and we had other partial redemptions of the 8.0% Notes during the earlier part of 2008. The partial redemption of our 6.0% Convertible Debentures, due 2012 (the 6.0% Notes) during the later part of the quarter had a minimal effect on interest expense.

We expect interest expense to increase in fourth quarter 2008 compared to third quarter 2008.

*Gain (loss) from extinguishment of debt.* During the third quarter of 2008, we repurchased, in the open market, \$22.3 million face value of the 8.0% Notes and \$12.0 million face value of the 6.0% Notes, resulting in an overall gain of \$0.4 million from extinguishment of debt. In August 2007, we partially redeemed our 8.0% Notes, which resulted in a \$0.1 million loss from extinguishment of debt.

For the nine months ended September 30, 2008, we partially redeemed our 8.0% Notes, which resulted in a \$0.3 million gain from extinguishment of debt and 6.0% Notes, resulting in a loss of \$0.2 million from extinguishment of debt. For the nine months ended September 30, 2007, we redeemed our 8.75% Notes, which resulted in a \$15.7 million loss from extinguishment of debt and we partially redeemed our 8.0% Notes, which resulted in a \$15.0 million loss from extinguishment of debt. For further information see *Liquidity and Capital Resources*.

*Gain from derivative instruments.* We record gains and losses related to certain of our derivative instruments not treated as hedges in accordance with SFAS No. 133, *Accounting for Derivative Instruments and Hedging Activities*, as amended. The fair value of our derivative instruments is primarily based on the anticipated future interest rate curves at the end of each period. In March 2008, we terminated one of our interest rate swap agreements with a notional amount of \$120.0 million and received a cash payment termination fee of \$3.2 million from our counterparty. The gain from our derivative instruments during 2008 when compared to 2007 is due to normal market fluctuations and the termination of the interest rate swap agreement.

*Gain (loss) from equity and cost method investments.* During the nine months ended September 30, 2008, we recorded a loss of \$1.1 million related to our venture capital investments. The loss was partially offset by a profit of \$0.3 million related to certain real estate ventures and a distribution of \$0.7 million from a direct investment in a privately held small business. During the nine months ended September 30, 2007, we recorded an impairment of \$1.0 million related to one of our direct investments in a privately held small business and a loss of \$0.3 million related to that investment. These losses were primarily offset by income of \$1.1 million related to our venture capital investments.

*Income tax provision.* The effective tax rate for the three and nine months ended September 30, 2008 was a provision of 44.5% and 43.1%, respectively, as compared to a provision of 31.1% and 20.2% for the same periods in 2007, respectively. The increase in the effective tax rate is primarily because in 2007 the provision was reduced as a result of discrete items including: (1) the release of tax and related interest reserves of \$4.0 million related to statute expirations; (2) an increase in the valuation allowance of \$1.1 million

Table of Contents

related to a change in judgment with respect to the realizability of certain deferred tax assets; and (3) a reduction in our state net operating loss valuation allowance of \$1.5 million related to new tax legislation.

**Other Operating Divisions Revenue and Expense**

The following table presents other operating divisions revenue and expenses related to G1440 Holdings, Inc. (G1440), an information technology staffing, consulting and software development company, Acrodyne Communications, Inc. (Acrodyne), a manufacturer of television transmissions systems, Triangle Sign & Service, LLC (Triangle), a sign designer and fabricator, Alarm Funding Associates, LLC (Alarm Funding), a regional security alarm operating and bulk acquisition company and real estate ventures, for the three and nine months ended September 30, 2008 and 2007 (in millions):

**LIQUIDITY AND CAPITAL RESOURCES**

As of September 30, 2008, we had \$11.6 million in cash and cash equivalent balances and a negative working capital of approximately \$21.3 million. Our working capital reduction of \$34.6 million since December 31, 2007 is primarily the result of the use of operating cash flow for investments in certain real estate ventures and private investment funds. Cash generated by our operations and availability under our Revolver are used as our primary source of liquidity. We anticipate that cash flow from our operations and borrowings under the Revolver will be sufficient to continue paying dividends under our current policy and to satisfy our debt service obligations, capital expenditure requirements, certain strategic investments and working capital needs. Our dividend policy could be adjusted with an unfavorable change in current tax rates and because of the deterioration in the economy. During the third quarter 2008, we repurchased on the open market \$22.3 million face value of the 8.0% Notes and \$12.0 million face value of the 6.0% Notes. As of September 30, 2008, we had drawn \$91.9 million on our Revolver and \$76.7 million of current borrowing capacity was available. Due to the Lehman Brothers Holdings, Inc. (Lehman Brothers) bankruptcy, Lehman Brothers has not been funding their \$6.4 million pro rata share under our \$175.0 million committed revolving line of credit.

*Operating Activities*

Net cash flows from operating activities decreased during the third quarter 2008 compared to the same period in 2007. We received \$3.0 million less in cash receipts from customers, net of cash payments to vendors for operating expenses and other working capital cash activities and paid \$1.6 million more in program payments for the third quarter 2008 compared to the same period in 2007. These amounts were partially offset by paying \$2.5 million less in interest payments.

Net cash flows from operating activities increased during the nine months ended September 30, 2008 compared to the same period in 2007. During 2008, we paid \$27.2 million less for the extinguishment of debt due to the full redemption of the 8.75% Notes and the partial redemption of the 8.0% Notes in the first nine months of 2007. Additionally, we paid \$23.3 million less in interest payments and received \$2.4 million more in receipts from customers, net of cash payments to vendors for operating expenses and other working capital cash activities for the nine months ended September 30, 2008 compared to the same period in 2007. These amounts were partially offset by paying \$3.1 million more in taxes, net

of tax refunds, \$2.0 million more in program payments and receiving \$0.4 million less in distributions on our investments from equity and cost method investees for the nine months ended September 30, 2008 compared to the same period in 2007.

In October 2008, we received a \$17.2 million federal income tax cash refund.

We expect program payments to increase in the fourth quarter 2008 compared to third quarter 2008.

***Investing Activities***

Net cash flows used in investing activities decreased during the third quarter 2008 compared to the same period in 2007. During the third quarter 2008, we paid \$18.1 million less than third quarter 2007 related to our acquisitions of non-television assets. This amount was partially offset by additional equity investments of \$10.4 million in other real estate ventures, \$3.8 million in alarm monitoring contracts purchased by Alarm Funding, which we acquired in November 2007, an increase in capital expenditures of \$3.2 million and a decrease in proceeds from the sale of assets of \$0.7 million during the third quarter 2008 as compared to the same period in 2007.

Net cash flows used in investing activities increased during the nine months ended September 30, 2008 compared to the same period in 2007. During the nine months ended September 30, 2008, we paid \$19.4 million more for acquisitions of non-television assets compared to the same period in 2007. During the nine months ended September 30, 2008, we paid \$34.4 million, net of cash acquired, related to our acquisition of Bay Creek South, LLC and \$19.0 million related to our acquisition of Jefferson Park Development, LLC. During the nine months ended September 30, 2007, we paid \$16.0 million, net of cash acquired, related to our acquisition of Triangle and \$18.1 million related to our acquisition of real estate ventures. Additionally, during the nine months ended September 30, 2008, we paid \$17.1 million, net of cash acquired, for the acquisition of the non-license assets of KFXA-TV in Cedar Rapids, Iowa. We made equity investments of \$6.2 million and \$25.0 million in private investment funds and real estate ventures, respectively. Finally, there was an increase in capital expenditures of \$7.8 million and we purchased \$6.1 million of alarm monitoring contracts during the nine months ended September 30, 2008.

The investments we have made in real estate reflect our strategy to maximize value for our shareholders. We believe that the depressed real estate market and tight credit market allows us to invest in what we believe to be under-valued non-television assets to drive future cash flows. In addition, we continue to explore strategic opportunities in our core television broadcast business. For fourth quarter 2008, we anticipate incurring lower capital expenditures than incurred in the third quarter 2008. We expect to fund such capital expenditures with cash generated from operating activities and borrowings under our Bank Credit Agreement.

***Financing Activities***

On February 5, 2008, our Board of Directors renewed its authorization to repurchase up to \$150.0 million of our Class A Common Stock on the open market or through private transactions.

On February 6, 2008, the Board of Directors approved an increase to our quarterly dividend to 20.0 cents per share from 17.5 cents per share.

Net cash flows used in financing activities decreased in the third quarter of 2008 compared to the same period in 2007. Our debt issuances, net of debt repayments to non-affiliates were \$8.5 million in the third quarter 2008 compared to debt repayments, net of debt issuances of \$13.6 million during the same period in 2007. These amounts were partially offset by \$16.3 million of repurchased Class A Common Stock and \$4.4 million more paid for common stock dividends.

## Edgar Filing: SINCLAIR BROADCAST GROUP INC - Form 10-Q

Net cash flows used in financing activities decreased in the nine months ended September 30, 2008 compared to the same period in 2007. Our debt issuances, net of debt repayments to non-affiliates in the nine months ended September 30, 2008, were \$40.2 million compared to debt repayments, net of debt issuances of \$68.0 million during the same period in 2007. In addition, we received \$8.0 million in proceeds from derivative termination fees and paid \$6.5 million less in financing costs in the third quarter 2008 as compared to the same period in 2007. These amounts were partially offset by \$16.3 million paid for the repurchase of Class A Common Stock, \$13.4 million less in proceeds received from the exercise of stock options and paying \$13.4 million more for common stock dividends during the nine months ended September 30, 2008, as compared to the same period in 2007.

### *Seasonality/Cyclical*

Our operating results are usually subject to seasonal fluctuations. Usually, the second and fourth quarter operating results are higher than the first and third quarters because advertising expenditures are increased in anticipation of certain seasonal and holiday spending by consumers. The current negative financial and economic conditions may effect the usual seasonal fluctuations.

Our operating results are usually subject to fluctuations from political advertising. In even years, political spending is usually significantly higher than in odd years due to advertising expenditures preceding local and national elections. Additionally, every four years, political spending is elevated further due to advertising expenditures preceding the presidential election.

**CONTRACTUAL CASH OBLIGATIONS**

During first quarter 2008, we repurchased on the open market \$15.4 million face value of the 8.0% Notes.

During first quarter 2008, we made a \$6.0 million cash investment in Patriot Capital. Patriot Capital provides structured debt and mezzanine financing to small businesses. After the \$6.0 million cash investment, our remaining unfunded commitment to Patriot Capital is \$14.0 million.

During the third quarter 2008, we repurchased on the open market \$22.3 million face value of the 8.0% Notes and \$12.0 million face value of the 6.0% Notes. From time to time, we may repurchase additional outstanding debt on the open market. As of September 30, 2008, the face amount of the 8.0% Notes was \$225.7 million and the face amount of the 6.0% Notes was \$141.2 million.

As of the filing date, in fourth quarter 2008, we repurchased on the open market \$1.0 million face value of the 8.0% Notes.

There were no other material changes outside the ordinary course of business to our contractual cash obligations disclosed in our Annual Report on Form 10-K for the year ended December 31, 2007.

**ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

We are exposed to market risk from changes in interest rates. We enter into derivative instruments primarily to reduce the impact of changing interest rates on our floating rate debt and to reduce the impact of changing fair market values on our fixed rate debt. We account for our derivative instruments under SFAS No. 133, *Accounting for Derivative Instruments and Hedging Activities*, as amended (SFAS 133).

As of December 31, 2007, we had two remaining derivative instruments. Both of these instruments were interest rate swap agreements. One of these swap agreements, with a notional amount of \$180.0 million and an expiration date of March 15, 2012, was accounted for as a fair value hedge in accordance with SFAS 133; therefore, any changes in its fair market value are reflected as an adjustment to the carrying value of our 8.0% Senior Subordinated Notes, due 2012, which was the underlying debt being hedged. The interest we paid on the \$180.0 million swap was variable based on the three-month LIBOR plus 2.28% and the interest we received was fixed at 8.0%. The other interest rate swap, with a notional amount of \$120.0 million and an expiration date of March 15, 2012, was undesignated as a fair value hedge in 2006 due to a reassignment of the counterparty; therefore, any subsequent changes in the fair market value are reflected as an adjustment to income. The interest we paid on the \$120.0 million swap was variable based on the three-month LIBOR plus 2.35% and the interest we received was fixed at 8.0%.

In February 2008, the counterparty to our swap agreements, elected to change the termination dates of the \$180.0 million and \$120.0 million swaps to March 25, 2008 and March 26, 2008, respectively. We received a termination fee of \$3.2 million from the counterparty for the early

## Edgar Filing: SINCLAIR BROADCAST GROUP INC - Form 10-Q

termination of the \$120.0 million swap. After the removal of the related \$2.4 million derivative asset from our consolidated balance sheet, the resulting \$0.8 million, along with \$0.2 million of interest was recorded in gain from derivative instruments. We received a termination fee of \$4.8 million from the counterparty for the early termination of the \$180.0 million swap. In accordance with SFAS 133, the carrying value of the underlying debt was adjusted to reflect the \$4.8 million termination fee and that amount is treated as a premium on the underlying debt that was being hedged and is amortized over its remaining life as a reduction to interest expense. The total termination fees received of \$8.0 million are included in the cash flows from financing activities section of the consolidated statement of cash flows for the nine months ended September 30, 2008.

As of September 30, 2008, we had no derivative instruments other than embedded derivatives related to contingent cash interest features in our 4.875% Convertible Senior Notes, due 2018 and 3.0% Convertible Senior Notes, due 2027, which had negligible fair values.

As of September 30, 2008 and after the termination of the above mentioned interest rate swap, \$452.5 million or approximately 34.2% of the face value of our debt excluding capital lease obligations effectively pays interest at a floating rate.

**ITEM 4. CONTROLS AND PROCEDURES**

*Evaluation of Disclosure Controls and Procedures*

Our management, with the participation of our Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of our disclosure controls and procedures as of September 30, 2008. The term "disclosure controls and procedures," as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act, means controls and other procedures of a company that are designed to ensure that information required to be disclosed by a company in the reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the SEC's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by a company in the reports that it files or submits under the Exchange Act is accumulated and communicated to the company's management, including its principal executive and principal financial officers, as appropriate to allow timely decisions regarding required disclosure. Management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving their objectives and management necessarily applies its judgment in evaluating the cost-benefit relationship of possible controls and procedures. Based on the evaluation of our disclosure controls and procedures as of September 30, 2008, our Chief Executive Officer and Chief Financial Officer concluded that, as of such date, our disclosure controls and procedures were effective at the reasonable assurance level.

*Changes in Internal Control over Financial Reporting*

There was no change in our internal control over financial reporting, as defined in Rules 132-15(f) and 15d-15(f) under the Exchange Act, during or subsequent to the quarter ended September 30, 2008 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

**PART II. OTHER INFORMATION**

**ITEM 1. LEGAL PROCEEDINGS**

We are a party to lawsuits and claims from time to time in the ordinary course of business. Actions currently pending are in various preliminary stages. After reviewing developments to date with legal counsel, our management is of the opinion that the outcome of our pending and threatened matters will not have a material adverse effect on our consolidated balance sheets, consolidated statements of operations or consolidated statements of cash flows.

**ITEM 1A. RISK FACTORS**

The following section represents an update to risk factors contained in our Annual Report on Form 10-K for the year ended December 31, 2007 and our Quarterly Report on Form 10-Q for the quarter ended June 30, 2008.

**The effects of the economic environment could require us to record an asset impairment of goodwill and FCC licenses.**

Statement of Financial Accounting standards No. 142, *Goodwill and Other Intangible Assets* (SFAS 142) requires companies to analyze goodwill and certain other intangible assets for impairment. SFAS 142 establishes a method of testing goodwill and FCC licenses for impairment on an annual basis, or on an interim basis if an event occurs that would reduce the fair value of a reporting unit below its carrying value.

We test our goodwill and FCC licenses for impairment. To perform this test, we estimate the fair values of our station assets and liabilities using a combination of observed prices paid for similar assets and liabilities, discounted cash flow models and appraisals. We make certain critical estimates about the future revenue growth rates within each of our markets as well as the discount rates that would be used by market participants in an arms-length transaction. If these growth rates decline or if the discount rate increases, our goodwill and/or FCC licenses could be impaired. These growth rates may be affected by a continued drag in advertising spending if perceived to be permanent in nature, an inability to successfully renegotiate retransmission consent agreements and the lack of future revenues from mobile television. An impairment of some or all of the value of these assets could result in a material effect on the consolidated statements of operations.

**ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS**

The following table summarizes repurchases of our stock in the quarter ended and year to date September 30, 2008:

Edgar Filing: SINCLAIR BROADCAST GROUP INC - Form 10-Q

Period	Total Number of Shares Purchased (1)	Average Price Paid Per Share	Total Number of Shares Purchased as a Part of a Publicly Announced Program	Approximate Dollar Value of Shares That May Yet Be Purchased Under The Program (in millions)

(1) All repurchases were made in open-market transactions.

(2) On October 28, 1999, we announced a share repurchase program. On February 6, 2008, the Board of Directors renewed its authorization to repurchase up to \$150.0 million of our Class A Common Stock. There is no expiration date for this program and currently, management has no plans to terminate this program.
