  - o Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))
-

**Item 2.05. Costs Associated with Exit or Disposal Activities.**

On January 7, 2009, Facet Biotech Corporation (the Company or we ) implemented a restructuring and reduction in force (the 2009 Restructuring ). We decided to implement the 2009 Restructuring as a result of a strategic review process we undertook to narrow our focus and significantly reduce our operating costs.

In connection with the 2009 Restructuring, on January 7, 2009, we provided notice to 78 employees that we would eliminate their employment position and terminate their employment with the Company. We notified 65 of these employees that their employment with the Company would terminate in 60 days and we notified the remaining 13 employees that their employment with the Company would terminate over the course of the next five months.

The 2009 Restructuring is in addition to the reductions in force we disclosed in our Registration Statement on Form 10 filed with the Securities and Exchange Commission (the Registration Statement ) under the ongoing restructuring of our biotechnology operations, which was initiated in March 2008 by PDL BioPharma, Inc. ( PDL ), the entity we spun off from on December 18, 2008. Consistent with the disclosures in our Registration Statement we will continue our plan to eliminate the employment positions of approximately 45 employees in connection with the March 2008 restructuring. Subsequent to these reductions in force, resulting from both the March 2008 restructuring and the 2009 Restructuring, we expect our workforce will total approximately 200 employment positions.

We will offer severance benefits to each employee who we terminate under the 2009 Restructuring (each, an Impacted Employee ). The severance benefits we will offer Impacted Employees consist of:

- A lump sum severance payment that is determined based on the Impacted Employee s length of service with the Company, with credit given for service as an employee with PDL;
- Payment of premiums for continued health insurance benefits under COBRA for a period of time based on the Impacted Employee s length of service with the Company, with credit given for service as an employee with PDL; and
- Outplacement services.

Impacted Employees must execute a separation agreement and general release of claims to receive these offered severance benefits.

As a result of the 2009 Restructuring, we expect to incur costs of approximately \$5 million, substantially all of which we expect to incur in the first half of 2009. The foregoing represents our good faith estimate of the amount of the total costs we expect to incur in connection with the 2009 Restructuring. We may incur additional restructuring charges or costs in connection with our planned consolidation of operations into one of the two buildings we currently lease in Redwood City, California, however, we are not able at this time to make a good faith estimate of the amount or range of amounts of these additional charges or costs. We may incur additional costs not currently contemplated due to events that may occur as a result of, or associated with, the 2009 Restructuring.

Edgar Filing: FACET BIOTECH CORP - Form 8-K

We issued a press release on January 7, 2009 announcing the restructuring and reduction in force. A copy of this press release is attached hereto as Exhibit 99.1 and is incorporated herein by reference.
