ITEM 2.02. RESULTS OF OPERATIONS AND FINANCIAL CONDITION.

On April 28, 2009, Registrant issued a press release announcing its first quarter 2009 financial results. A copy of the press release is attached hereto as Exhibit 99.1 and incorporated herein by reference.

Such information shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the Exchange Act), and is not incorporated by reference into any filing under the Securities Act of 1933, as amended, or the Exchange Act, regardless of any general incorporation language in such filing.

ITEM 7.01. REGULATION FD DISCLOSURE.

On its First Quarter 2009 Earnings Conference Call held April 28, 2009, a question was asked as to whether the Company's current leverage ratio allowed the opportunity to repay preferred stock. The Company responded that the current consolidated leverage ratio (6.2x as of March 31, 2009 as disclosed in the press release filed as Exhibit 99.1 to this report) did not allow the opportunity to repay preferred stock and further, that the consolidated leverage ratio needed to be below 6.0x before the Company could repay preferred stock. The Company wishes to correct that statement by reporting that, while the Applebee's subordinated notes are outstanding, the Company may not repay preferred stock or repurchase common stock if the consolidated leverage ratio is above 6.75x; provided, however, that the Company may repurchase its preferred stock if the purchase price is paid solely from the proceeds of the issuance of common stock or other non-redeemable equity securities and no default or event of default under the Applebee's securitization is continuing at the time of the repurchase.

The information set forth in response to this item shall not be deemed filed for purposes of Section 18 of the Exchange Act, and is not incorporated by reference into any filing under the Securities Act of 1933, as amended, or the Exchange Act, regardless of any general incorporation language in such filing.
