ITEM 1.01. ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT.

On July 27, 2011, Black Raven Energy, Inc. (BRE or the Company) completed the purchase of the oil and gas properties in the Adena Field in Morgan County, Colorado (the Properties) pursuant to a previously announced purchase and sale agreement, as amended (the Adena Purchase Agreement). The acquisition consists of an 80% working interest in 18,760 gross acres, with a purchase price of \$15.75 million, subject to adjustments for production after the effective date and other matters. The effective date of the acquisition is May 1, 2011. The Company will operate the Properties. The Company has entered into an agreement with a strategic partner which will provide geological, engineering, and management services associated with this project and will earn 24% of the Company s 80% working interest after payout of all costs, including financing costs. The Properties consist of an existing waterflood in the J Sand, and a conventional oil field in the D Sand. In addition, there is a gas cap in the J Sand that can be produced in the future.

On July 27, 2011, in order to finance the acquisition of the Properties, the Company entered into a note purchase agreement (the Note Purchase Agreement) with Carlyle Energy Mezzanine Opportunities Fund, L.P., Carlyle Energy Mezzanine Opportunities Fund-A, L.P., CEMOF Coinvestment, L.P., and Carlyle CIM Agent, L.L.C., as administrative agent and collateral agent (Carlyle). Pursuant to the Note Purchase Agreement, the Company closed on the issuance and sale of Tranche A promissory notes (the Tranche A Notes) in the aggregate principal amount of \$18.0 million. The Tranche A Notes mature and are due and payable on July 27, 2016. They bear interest at a stated rate of 13% per annum, of which 10% must be paid in cash, and, at the election of the Company, 3% may be paid in cash or paid in kind. A portion of the proceeds received from the sale of the Tranche A Notes was used for the acquisition of the Properties with the balance to be used according to a mutually approved plan of development for the Properties.

Subject to certain conditions, the Company can voluntarily prepay the Tranche A Notes. If the Company prepays the Tranche A Notes before July 27, 2014, subject to certain exceptions, the Company must pay a make-whole amount.

Concurrently with the issuance of the Tranche A Notes, the Company issued to the holders of the Tranche A Notes Tranche B promissory notes (Tranche B Notes, and with the Tranche A Notes the Notes) in the aggregate principal amount of \$2.5 million with a stated interest rate of 13% per annum, all of which is paid in kind. The Company may prepay the Tranche B Notes only in whole, and upon prepayment, the Company must pay a make-whole amount.

As additional consideration for the issuance of the Notes, the Company conveyed to the holders of the Notes overriding royalty interests equal to 3% of 8/8ths in the Properties and agreed to convey overriding royalty interests in certain additional oil and gas properties acquired by the Company during the term of the Note Purchase Agreement.

The Notes are collateralized by substantially all of the assets of the Company and its subsidiaries. The Notes are subject to customary events of default. Upon the occurrence of an event of default, as described in the Note Purchase Agreement, the payment of the principal amounts under the Notes may be accelerated and the interest rate applicable to the principal amounts will be increased to a stated interest rate of 16% per annum during the period the default exists. West Coast Opportunity Fund, LLC (WCOF), a majority stockholder in the Company and the holder of an outstanding senior secured debenture issued by the Company, agreed to subordinate the payment obligations under the debenture and related security interests to the payment obligations arising under the Notes and the security interests securing payment of the Notes, pursuant to the terms and conditions of an intercreditor and subordination agreement. As further security for the payment of the Notes, WCOF pledged to Carlyle all of the shares of stock in the Company held by it.
