NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(unaudited)

NOTE 1 GENERAL

Basis of Presentation

The accompanying unaudited consolidated financial statements include the results of operations, financial position and cash flows of US Ecology, Inc., and its wholly-owned subsidiaries (collectively, "US Ecology" or "the Company"). All significant intercompany balances have been eliminated.

In the opinion of management, the accompanying unaudited consolidated financial statements include all adjustments necessary to present fairly, in all material respects, the results of the Company for the periods presented. These consolidated financial statements have been prepared by the Company pursuant to the rules and regulations of the Securities and Exchange Commission ("SEC"). Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States have been omitted pursuant to the rules and regulations of the SEC. These consolidated financial statements should be read in conjunction with the consolidated financial statements and accompanying notes included in the Company's 2010 Annual Report on Form 10-K filed with the SEC on March 15, 2011. The results of operations and cash flows for the three and nine months ended September 30, 2011 are not necessarily indicative of results to be expected for the entire fiscal year.

The Company's Consolidated Balance Sheet as of December 31, 2010 has been derived from the Company's audited Consolidated Balance Sheet as of that date.

Use of Estimates

The preparation of the Company's consolidated financial statements, in conformity with accounting principles generally accepted in the United States, requires management to make estimates and assumptions. Some of these estimates require difficult, subjective or complex judgments about matters that are inherently uncertain. As a result, actual results could differ from these estimates, in some cases materially. These estimates and assumptions affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenue and expenses during the reporting period.

Financial Instruments. Cash and cash equivalents, accounts receivable, short-term borrowings, restricted cash, accounts payable and accrued liabilities as presented in the consolidated financial statements approximate fair value because of the short-term nature of these instruments.

NOTE 2 ACCUMULATED OTHER COMPREHENSIVE INCOME/(LOSS)

The components of accumulated other comprehensive income/(loss) were as follows (in thousands):

	September 30, 2011	December 31, 2010
Cumulative adjustment of foreign currency statements	\$ (627)	\$ 676
Accumulated other comprehensive (loss) income	\$ (627)	\$ 676

NOTE 3 CONCENTRATION AND CREDIT RISK

Major Customers. No customer represented more than 10% of total revenue for the three and nine months ended September 30, 2011. Revenue under the Company's multiple year disposal contract with the U.S. Army Corps of Engineers (USACE) represented 19% and 18% of total revenue for the three and nine months ended September 30, 2010, respectively. Revenue from General Electric, Inc. (GE) represented 11% of total revenue for the three months ended September 30, 2010. No other customer represented more than 10% of total revenue for the three and nine months ended September 30, 2010.

Edgar Filing: US ECOLOGY, INC. - Form 10-Q

Table of Contents

No customers accounted for more than 10% of total trade receivables as of September 30, 2011. The following customers accounted for more than 10% of total trade receivables as of December 31, 2010:

Customer	Percent of Receivables December 31, 2010
U.S. Army Corps of Engineers	12%
Honeywell International, Inc.	10%
General Electric, Inc.	10%

Credit Risk Concentration. We maintain most of our cash and short-term investments with nationally recognized financial institutions like Wells Fargo National Association (Wells Fargo). Substantially all of our balances are uninsured and are not used as collateral for other obligations. Concentrations of credit risk on accounts receivable are believed to be limited due to the number, diversification and character of the obligors and our credit evaluation process.

NOTE 8 DEBT

We have a credit agreement (the Credit Agreement) with Wells Fargo which provides for borrowings in an aggregate of \$89.4 million, net of commitment reductions. The Credit Agreement provides a \$20.0 million revolving line of credit (the Revolving Line of Credit) with a maturity date of June 15, 2013 and a \$69.4 million reducing revolving line of credit (the Reducing Revolving Line of Credit), net of commitment reductions with a maturity date of November 1, 2015.

Revolving Line of Credit

The Revolving Line of Credit provides up to \$20 million in revolving credit loans or letters of credit for working capital needs (the Commitment Amount). These revolving loans are available based on the Prime Rate or LIBOR, at the Company's option, plus an applicable margin, which is determined according to a pricing grid under which the interest rate decreases or increases based on our ratio of funded debt to earnings before interest, taxes, depreciation and amortization (EBITDA). At September 30, 2011, the effective interest rate of the Revolving Line of Credit was 1.9%. Interest only payments are due either monthly or on the last day of any interest period, as applicable. At September 30, 2011 and December 31, 2010 there were no amounts outstanding under the Revolving Line of Credit. At September 30, 2011, the availability under the Revolving Line of Credit was \$16.0 million with \$4.0 million of the line of credit issued in the form of a standby letter of credit utilized as collateral for closure and post-closure financial assurance.

Reducing Revolving Line of Credit

The Reducing Revolving Line of Credit provides an initial commitment amount of \$75.0 million, the proceeds of which were used to acquire all of the shares of Stablex, and thereafter will be used to provide financing for working capital needs (the Reducing Revolving Commitment Amount). The initial Reducing Revolving Commitment Amount is reduced by \$2.8 million on the last day of each June, September, December and March beginning June 30, 2011, and continuing through November 1, 2015. At September 30, 2011, the net commitment amount under the Reducing Revolving Line of Credit after consideration of scheduled commitment reductions was \$69.4 million. Under the Reducing Revolving Line of Credit revolving loans are available based on the Prime Rate or LIBOR, at the Company's option, plus an applicable margin, which is determined according to a pricing grid under which the interest rate decreases or increases based on our ratio of funded debt to EBITDA. At September 30, 2011, the effective interest rate of the Reducing Revolving Line of Credit was 2.4%. Interest only payments are due either monthly or on the last day of any interest period, as applicable. There was \$48.0 million and \$63.0 million outstanding on the Reducing Revolving Line of Credit at September 30, 2011 and December 31, 2010, respectively. At September 30, 2011, the availability for additional borrowings under the Reducing Revolving Line of Credit was \$21.4 million.

Table of Contents

In addition to standard fees, origination and commitment fees apply based on the average daily unused portion of the Commitment Amount and the Reducing Revolving Commitment Amount. The Credit Agreement contains certain quarterly financial covenants, including a maximum funded debt ratio, a maximum fixed charge coverage ratio, a minimum required tangible net worth and a minimum current ratio. In addition, we may only declare quarterly or annual dividends if on the date of declaration, no default has occurred, or no other event or condition has occurred that would constitute an event of default after giving effect to the payment of the dividend. Obligations under the Credit Agreement are guaranteed by US Ecology and all of its subsidiaries.

At September 30, 2011, we were in compliance with all of the financial covenants in the Credit Agreement.

NOTE 9 CLOSURE AND POST-CLOSURE OBLIGATIONS

Closure and post-closure obligations are recorded when environmental assessments and/or remedial efforts are probable and the costs can be reasonably estimated. We perform periodic reviews of both non-operating and operating facilities and revise accruals for estimated post-closure, remediation and other costs when necessary. Our recorded liabilities are based on estimates of future costs and are updated periodically to reflect existing environmental conditions, current technology, laws and regulations, permit conditions, inflation and other factors.

Changes to reported closure and post-closure obligations were as follows:

(in thousands)	Three Months Ended September 30, 2011	Nine Months Ended September 30, 2011
Beginning obligation	\$ 17,314	\$ 16,773
Accretion expense	323	970
Payments	(281)	(431)
Currency translation	(106)	(62)
Ending obligation	17,250	17,250
Less current portion	(2,462)	(2,462)
Long-term portion	\$ 14,788	\$ 14,788

NOTE 10 INCOME TAXES

During the three months ended September 30, 2011, the Company recorded unrecognized tax benefits of \$420,000 and accrued interest of \$9,000 related to filing positions taken on our recently filed 2010 U.S. income tax returns. As of September 30, 2011, we had unrecognized tax benefits of \$429,000 (including interest of \$9,000) that, if recognized, would positively affect the effective tax rate. We had no unrecognized tax benefits as of December 31, 2010. The Company does not anticipate the total unrecognized tax benefits to increase or decrease materially within the next twelve months. We recognize interest assessed by taxing authorities as a component of interest expense. We recognize any penalties assessed by taxing authorities as a component of selling, general and administrative expenses. Interest and penalties for the three and nine months ended September 30, 2011 and 2010 were not material.

Edgar Filing: US ECOLOGY, INC. - Form 10-Q

Our effective tax rate for the three and nine months ended September 30, 2011 was 33.4% and 37.8%, respectively, down from 39.3% and 40.0% for the three and nine months ended September 30, 2010, respectively. The decrease in our effective tax rate reflects a reduction in our estimated state income tax rate, favorable adjustments resulting from filing our 2010 income tax returns and higher earnings levels in 2011 as compared with the same period in 2010.

We file a consolidated U.S. federal income tax return with the Internal Revenue Service (IRS) as well as income tax returns in various states and Canada. We may be subject to examination by taxing authorities in the U.S. and Canada for tax years 2008 through 2010. Additionally, we may be subject to examinations by various state and local taxing jurisdictions for tax years 2006 through 2010. We are currently not aware of any examinations by taxing authorities.

Table of Contents**NOTE 11 COMMITMENTS AND CONTINGENCIES**

In the ordinary course of business, we are periodically involved in judicial and administrative proceedings involving federal, state or local governmental authorities.
