Item 7.01. Regulation FD Disclosure

The ServiceMaster Company (the Company) announced today that it has withdrawn its \$1.0 billion offering of 6.125% senior notes due 2020, which was scheduled to close on August 20, 2012.

The Company also announced that it has commenced an offering (the Offering) of \$750 million in principal amount of senior unsecured notes due 2020 (the Notes) in transactions that are exempt from registration under the Securities Act of 1933, as amended (the Securities Act). The Company intends to use the proceeds of the Offering to repay indebtedness and for general corporate purposes, as described below.

As previously announced, the Company is soliciting consents of the lenders under its \$2.5 billion senior secured term loan facility (the Term Loan Facility) to amend the credit agreement governing such facility (the Term Loan Facility Amendment) primarily to extend to January 31, 2017 the maturity date of borrowings under such facility in an amount that the Company currently anticipates to be approximately \$1.0 billion (after giving effect to the anticipated repayment of term loan borrowings with the proceeds from the sale of the Notes). If the requisite consents for the Term Loan Facility Amendment are received and lenders holding a sufficient principal amount of the loans under the Term Loan Facility, as the Company determines in its discretion, agree to extend their loans, the Company anticipates that the Term Loan Facility Amendment will become effective promptly after the closing of the Offering. The Company can provide no assurance that the requisite consents will be received, nor as to the ultimate terms of the Term Loan Facility Amendment. In conjunction with the Term Loan Facility Amendment, and assuming the Company receives the requisite consents thereto and lenders holding a sufficient principal amount of loans, as the Company determines in its discretion, agree to extend their loans, the Company currently intends to use (i) approximately \$300.0 million of the proceeds from the Offering to repay an equal amount of the borrowings outstanding under the Term Loan Facility, plus an additional amount to pay accrued interest, (ii) \$396.0 million of the proceeds to redeem the outstanding 10.75% senior notes due 2015 (the 2015 Notes) at 102.6875% of the principal amount thereof, plus an additional amount to pay accrued interest, and (iii) the remaining proceeds, if any, for general corporate purposes, which may include the repayment of other indebtedness. The Company may elect in its discretion to apply a greater amount of proceeds from the Offering to repay borrowings under the Term Loan Facility, or to reduce the amount of 2015 Notes that it redeems. If, however, the requisite consents for the Term Loan Facility Amendment are not received or lenders holding a sufficient principal amount of loans thereunder, as the Company determines in its discretion, do not agree to extend their loans, the Company currently intends to use proceeds from the Offering for general corporate purposes, which may include the repayment of indebtedness. The Offering and sale of the Notes is not contingent on the effectiveness of the Term Loan Facility Amendment.

This report does not constitute an offer to sell or a solicitation of an offer to buy the Notes. The Notes have not been registered under the Securities Act or the securities laws of any other jurisdiction and may not be offered or sold in the United States absent registration or an applicable exemption from registration requirements.

In accordance with General Instruction B.2 of Form 8-K, the information in this Current Report on Form 8-K shall not be deemed filed for the purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liability of that section, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except as shall be expressly set forth by specific reference in such a filing.
