Item 1.01. Entry into a Material Definitive Agreement.

On October 23, 2012, NGL Energy Partners LP (the **Partnership**) entered into an Equity Purchase Agreement (the **Equity Purchase Agreement**) with Pecos Gathering & Marketing, L.L.C. and its affiliated companies (collectively, **Pecos**) and the owners of Pecos, whereby all of the limited liability company membership interests of Pecos will be purchased by the Partnership in exchange for approximately \$125,000,000 in cash, plus an additional payment for agreed upon capital expenditures, and the assumption of certain equipment financing facilities of up to approximately \$17,000,000 (the **Pecos Acquisition**). The purchase price is subject to further adjustment under the terms of the Equity Purchase Agreement, including with respect to refinements to the estimated value of the acquired working capital. In addition, the Partnership and Pecos have agreed to indemnify each other for certain losses, and Pecos shall deposit \$7,500,000 of the purchase price in an escrow account at closing to secure its indemnification obligations under the Equity Purchase Agreement.

The Partnership expects to enter into a Call Agreement with the former owners of Pecos upon closing of the Pecos Acquisition pursuant to which the former owners of Pecos will purchase \$45,000,000 (or at their option, up to \$60,000,000) of common units of the Partnership in a private placement following the consummation of the Pecos Acquisition.

The Equity Purchase Agreement contains customary representations and warranties and covenants, including with respect to non-competition and non-solicitation by certain affiliates of Pecos. The closing is subject to the satisfaction of customary conditions to closing, including the performance of material covenants, accuracy of representations and warranties and obtaining material third party consents. The Pecos Acquisition is expected to close in early November 2012; however, there can be no assurances that the closing conditions will be satisfied or the Pecos Acquisition will be completed in a timely manner or at all.

The business of Pecos consists primarily of crude oil purchasing and logistics operations in the Permian and Eagle Ford areas in Texas and New Mexico. Following the closing of the Pecos Acquisition, the Partnership expects that one of Pecos' significant customers for the delivery of its blended crude products will become a significant customer of the Partnership and may have a significant amount of accounts receivable with the Partnership outstanding at any time. The Partnership and certain former owners of Pecos expect to enter into a credit enhancement arrangement relating to such accounts receivable.

A copy of the press release announcing the Pecos Acquisition is filed as Exhibit 99.1 and incorporated by reference herein.
