NOTICE TO THE MARKET

Oi S.A. (Oi), in compliance with requests made by the Brazilian Securities Commission, hereby reiterates and clarifies to its shareholders and to the market certain information related to the transactions provided for in the Memorandum of Understanding for the merger of the activities of Oi and Portugal Telecom SGPS S.A. (Portugal Telecom) (the Transactions), announced in the Fato Relevante dated October 2, 2013.

As described in the Fato Relevante, once the subscription period for the Oi capital increase is closed, Portugal Telecom may elect not to consummate the Transactions and all other corporate transactions related to the Transactions if the percentage of the participation of Portugal Telecom in CorpCo is equal to or less than 36.6%, on a fully diluted basis after giving effect to the merger of shares of Oi and CorpCo (as described below). Additionally, Telemar Participações S.A. (TmarPart) may elect not to consummate the Transactions and all other corporate transactions related to the Transactions if the percentage of the participation of Portugal Telecom in CorpCo is greater than 39.6%, on a fully diluted basis after giving effect to the merger of shares of Oi and CorpCo.

The announced percentage range of Portugal Telecom s participation in CorpCo s capital, between 36.6% and 39.6%, corresponds to the participation of Portugal Telecom in the outstanding shares of CorpCo immediately after the merger of shares of Oi and CorpCo (that is, the potential participation of Portugal Telecom in CorpCo relates to the total outstanding shares, excluding treasury stock) and does not consider shares issued by CorpCo to Telemar Norte Leste S.A. (TMAR) in exchange for shares of Portugal Telecom that TMAR currently holds.

With respect to the estimated net debt of CorpCo, also announced in the Fato Relevante, Oi clarifies that, giving *pro forma* effect to the financials statements released by the companies involved in the Transactions as of June 30, 2013 (the Base Date), and assuming that the cash portion of the Oi capital increase is in the amount of R\$8.0 billion, the estimated net debt of CorpCo following the completion of the Transactions has been calculated as follows:

	Net Debt (in R\$ million)
Portugal Telecom (excluding net debt of Oi and Contax)	14,480
Oi	30,262
Capitalization of the holding companies (TmarPart, AG Telecom Participações S.A. and LF Tel S.A.)	4,496
Oi Capital Increase	(8,000)
Total	41,238

Edgar Filing: PORTUGAL TELECOM SGPS SA - Form 6-K

The calculation of Oi's net debt on the Base Date was made based on Oi's total gross debt of R\$33,582 million on the Base Date, comprised as follows:

- (i) R\$20,954 million in domestic currency-denominated debt;
- (ii) R\$13,965 million in foreign currency-denominated debt; and
- (iii) The fair value of Oi's derivative contracts equivalent to R\$1,338 million.

In calculating Oi's net debt on the Base Date, an amount equivalent to the value of Portugal Telecom shares held by Oi (R\$773 million) was deducted from the amount of Oi's cash (R\$4,092 million), resulting in net cash of R\$3,219 million. Based on these calculations, Oi's net debt (total gross debt and *less* net cash) on the Base Date was R\$30,262 million.

Portugal Telecom's net debt as of June 30, 2013, which has been reported on Portugal Telecom's Investor Relations website, was calculated based on Portugal Telecom's total gross debt of EUR 7,431 million (equivalent to R\$22,427 million based on an exchange rate of R\$3.0181/EUR), and is comprised of:

- (i) EUR 734 million of short term debt (R\$2,215 million); and
- (ii) EUR 6,697 million of medium and long term debt (R\$20,212 million).

Portugal Telecom's gross debt is comprised of loans for convertible and non convertible obligations, bank loans, debt related to equity swaps over its own shares, commercial paper and derivative financial instruments, which are detailed on its Investor Relations website. In calculating Portugal Telecom's net debt on the Base Date, the amount of EUR 189 million (R\$570 million) relating to unused tax credits was deducted from the amount of Portugal Telecom's cash (EUR 2,822 million (R\$8,517 million)), resulting in net cash of EUR 2,633 million (R\$7,947 million). Based on these calculations, Portugal Telecom's net debt (total gross debt *less* net cash) on the Base Date was R\$14,480.

The calculation of the net debt of LF Tel S.A. (LF) debt on the Base Date was made based on LF's total gross debt of R\$648.2 million on the Base Date, comprised of the outstanding amount of issued debentures equivalent to R\$548.9 million and accrued interest on such debentures in the amount of R\$99.3 million. LF's cash on the Base Date was R\$3.1 million, and its net debt (total gross debt *less* cash) on the Base Date was R\$645.1 million.

Edgar Filing: PORTUGAL TELECOM SGPS SA - Form 6-K

The calculation of the net debt of AG Telecom Participações S.A. (AG) on the Base Date was made based on AG 's total gross debt on the Base Date of R\$648.1 million.

Edgar Filing: PORTUGAL TELECOM SGPS SA - Form 6-K

AG's cash on the Base Date was R\$8.1 million, and its net debt (total gross debt *less* cash) on the Base Date was R\$640.0 million.

The calculation of TmarPart's net debt on the Base Date was made based on TmarPart's total gross debt on the Base Date of R\$3,263.9 million, comprised of the outstanding principal and accrued interest on its issued debentures in the amount of R\$1,708.7 million, and other obligations such as promissory notes, redeemable preferred shares and usufruct of shares. TmarPart's net debt (total gross debt *less* cash and cash equivalents) on the Base Date was R\$3,193.9 million.

Oi will keep its shareholders and the market informed of any subsequent material events related to Transactions.
