Section 1 - Conflict Minerals Disclosure

Item 1.01 Conflict Minerals Disclosure and Report

Rule 13p-1 under the Securities Exchange Act of 1934 provides that a company must file this specialized disclosure report if it manufactures, or contracts to manufacture, products for which one or more conflict minerals are necessary to the functionality or production of the company's products. Rule 13p-1 defines conflict minerals as (i) columbite-tantalite (or coltan), cassiterite, gold and wolframite, or their derivatives, which are currently limited to tantalum, tin and tungsten; or (ii) any other mineral or its derivatives determined by the U.S. Secretary of State to be financing conflict in the Democratic Republic of the Congo or an adjoining country. As specified under Rule 13p-1, Veeco Instruments Inc. conducted in good faith a reasonable country of origin inquiry that we believe was reasonably designed to determine whether any of the necessary conflict minerals contained in our products manufactured in calendar year 2016 originated in the Democratic Republic of the Congo or an adjoining country, or were from recycled or scrap sources. Our Conflict Minerals Report, which discusses this inquiry and other information, is provided as an exhibit to this report and is also publicly available on our website at <http://ir.veeco.com/financial-information/sec-filings>.

Item 1.02 Exhibit

Our Conflict Minerals Report is attached as Exhibit 1.01 to this report.
