This Amendment No. 1 on Form 10-K/A (this Amendment No. 1) amends our Annual Report on Form 10-K for the fiscal year ended December 31, 2018 (the Original Filing), filed with the U.S. Securities and Exchange Commission (the SEC) on March 5, 2019 (the Original Filing Date). The sole purpose of this Amendment No. 1 is to include the information required by Items 10 through 14 of Part III of Form 10-K. This information was previously omitted from the Original Filing in reliance on General Instruction G(3) to Form 10-K, which permits the information in the above referenced items to be incorporated in the Form 10-K by reference from our definitive proxy statement if such statement is filed no later than 120 days after our fiscal year-end. We are filing this Amendment No. 1 to include Part III information in our Form 10-K because we will not file a definitive proxy statement containing such information within 120 days after the end of the fiscal year covered by the Original Filing. The reference on the cover of the Original Filing to the incorporation by reference to portions of our definitive proxy statement into Part III of the Original Filing is hereby deleted.

In accordance with Rule 12b-15 under the Securities Exchange Act of 1934, as amended (the Exchange Act), Part III, Items 10 through 14 and Part IV, Item 15 of the Original Filing are hereby amended and restated in their entirety. Corporate Governance

General

Our Board believes that adherence to sound corporate governance policies and practices is important in ensuring that we are governed and managed with the highest standards of responsibility, ethics and integrity and in the best interests of our stockholders. As a result, our Board has adopted key governance documents, including Corporate Governance Guidelines, Corporate Code of Business Conduct and Ethics and committee charters, which are intended to reflect a set of core values that provide the foundation for our governance and management systems and our interactions with others.

Copies of these documents are available on our website at <http://goodrichpetroleumcorp.investorroom.com/corporate-governance> and are also available in print, free of charge, to any stockholder who requests them.

Corporate Governance Guidelines

Our Board has adopted Corporate Governance Guidelines, which can be viewed on our website at <http://goodrichpetroleumcorp.investorroom.com/corporate-governance>.

Among other things, the Corporate Governance Guidelines address the following matters:

- director qualification standards,
- director responsibilities,
- director access to management and independent advisors,
- director compensation,
- director orientation and continuing education,
- management succession, and
- annual performance evaluations of our Board.

Corporate Code of Business Conduct and Ethics

Our Corporate Code of Business Conduct and Ethics, which is applicable to our directors, employees, agents and representatives, can be viewed on our website at <http://goodrichpetroleumcorp.investorroom.com/corporate-governance>. Any change to, or waiver from, our Corporate Code of Business Conduct and Ethics may be made only by our independent directors and will be disclosed as required by applicable securities laws and listing standards. We intend to satisfy the disclosure requirement under Item 5.05 of Form 8-K relating to amendments to or waivers from any provision of our Corporate Code of Business Conduct and Ethics applicable to our principal executive officer, principal financial officer, principal accounting officer and other persons performing similar functions by posting such information on our website.

Our Board

Board Size

Our Board consists of seven members, including two Class I directors, three Class II directors and two Class III directors.

Board Meetings, Annual Meeting Attendance

Our Board held twelve meetings during the fiscal year ended December 31, 2018. Each director attended 100% of the meetings of the Board and the committees of which each is a member. Board members are requested and encouraged to attend the Annual meeting. In 2018, all directors attended the annual meeting in person.

Executive Sessions and Presiding Director

To facilitate candid discussion by our non-management directors, the agenda for certain Board and committee meetings provides for a meeting of non-management directors in executive session without any members of management present. Timothy D. Leuliette has been designated as the director to preside over executive sessions of non-management directors. Our independent directors meet separately at least once a year in accordance with the listing standards of the NYSE American.

Limitation on Public Company Board Service

To ensure that each director is able to devote sufficient time to performing his or her duties, the number of other public company boards on which a director may serve is subject to a case-by-case review by the Nominating and Corporate Governance Committee. In addition, the Audit Committee's Charter prohibits committee members from serving on the audit committee of more than two other public company boards unless

our Board determines that such simultaneous service does not impair the ability of the director to effectively serve on the Audit Committee.

Chairman and Chief Executive Officer

Our Board has determined that a leadership structure consisting of a combined role of Chairman of the Board and Chief Executive Officer, together with a strong Lead Independent Director, is appropriate for our Company. As Mr. Goodrich bears the primary responsibility for managing our day-to-day business, the combination of the role of Chairman and Chief Executive Officer ensures that key business issues and stockholder interests are brought to the attention of our Board. In addition, as a result of his role as the Chief Executive Officer of the Company, Mr. Goodrich has Company-specific experience that can benefit his role as Chairman of the Board in identifying strategic priorities, leading the discussion and execution of strategy, and facilitating the flow of information between management and the Board.

To give a significant voice to our independent, non-management directors and to reinforce effective, independent leadership on the Board, and in recognition of his demonstrated leadership skills, the Board has appointed Mr. Leuliette as Lead Independent Director. As Lead Independent Director, Mr. Leuliette serves as liaison between the Chairman and the independent directors; approves meeting agendas for the Board; approves meeting schedules to assure that there is sufficient time for discussion of all agenda items; has the authority to call meetings of the independent directors; and if requested by major stockholders, ensures that he is available for consultation and direct communication.

Table of Contents

We believe that the above structure, when combined with the Company's other governance policies and procedures, provide for appropriate oversight, discussion and evaluation of decisions and direction from the Board, and are in the best interest of our stockholders.

Our Board's Role in Risk Oversight

Our Board generally administers its risk oversight function through the Board as a whole. Our Chief Executive Officer, who reports to the Board, and the other executives named in this proxy statement, who report to our Chief Executive Officer, have day-to-day risk management responsibilities. Each of these executives attends the meetings of our Board, where the Board routinely receives reports on our financial results, the status of our operations and our safety performance, and other aspects of implementation of our business strategy, with ample opportunity for specific inquiries of management. The Audit Committee provides additional risk oversight through its quarterly meetings, where it receives a report from our Chief Financial Officer, and reviews our contingencies, significant transactions and subsequent events, among other matters, with management and our independent auditors. In addition, our Hedging Committee assists management in establishing pricing and production guidelines to be used by management in entering into oil and gas hedging contracts in order to manage the commodity price risk for a portion of our oil and gas production.

Annual Board Evaluation

The Nominating and Corporate Governance Committee is responsible for the Board evaluation process. In December of each fiscal year, the Nominating and Corporate Governance Committee requests that the Chairman of each committee report to the full Board about the committee's annual evaluation of its performance and evaluation of its charter. In addition, the Nominating and Corporate Governance Committee receives comments from all directors and reports to the full Board with an assessment of the Board's and management's performance each fiscal year.

Director Orientation and Continuing Education

Our Board takes measures as it deems appropriate to ensure that its members may act on a fully informed basis. The Nominating and Corporate Governance Committee evaluates general education and orientation programs for our directors. Newly appointed directors are required to become knowledgeable (if not already) about the responsibilities of directors for publicly traded companies. In addition, we provide our directors with information regarding changes in our business and industry as well as the responsibilities of the directors in fulfilling their duties.

Communications with our Board

Our Board welcomes communications from our stockholders and other interested parties. Stockholders and any other interested parties may send communications to our Board, to any Board committee, to the Chairman of our Board, or to any director in particular, to:

Table of Contents**Item 11. Executive and Director Compensation.****Executive Compensation**

We are currently considered a smaller reporting company for purposes of the SEC's executive compensation and other disclosure rules. In accordance with such rules, we are required to provide a Summary Compensation Table and an Outstanding Equity Awards at Fiscal Year End Table, as well as limited narrative disclosures. Further, our reporting obligations extend only to the individuals serving as our chief executive officer and our two next most highly compensated executive officers. We refer to the aforementioned individuals throughout this discussion as the Named Executive Officers and their names, titles and positions are as follows:

Name	Title and Position
Walter G. Goodrich	Chairman and Chief Executive Officer
Robert C. Turnham, Jr.	President and Chief Operating Officer
Mark E. Ferchau	Executive Vice President

(1) For 2017, the amounts include shares issued under the Company's annual non-equity incentive plan.

(2) The amounts included in the Stock Awards column reflect the grant date fair value of the awards under Financial Accounting Standards Board's Accounting Standards Codification Topic 718, assuming the completion of the service-based vesting conditions to which such awards are subject. The performance shares use the grant date value determined using a Monte Carlo method with respect to the target amount of awards granted. Pursuant to SEC rules, the amounts shown exclude the impact of estimated forfeitures related to service-based vesting conditions. These amounts reflect the Company's accounting expense for these awards, and do not correspond to the actual value that will be recognized by our Named Executive Officers. Assumptions used in the calculation of these amounts are included in Note 2 to our audited financial statements for the fiscal year ended December 31, 2017 and 2018 included in our Annual Report on Form 10-K.

Non-Equity Incentive Plan Compensation.

Incentive awards, considered for payment annually, ensure that our executive officers focus on the achievement of near-term goals that are approved by the Board. The awards may be earned if the Company achieves its objectives in key performance metrics and executes on strategic achievements as discussed below. Award targets as a percentage of base salary have historically been set near the median for similar positions.

Incentive award targets as a percentage of base salary for 2018 were set at 125% for the CEO and President and 80% for the Executive Vice President. The total amounts received under our incentive plan are composed of both quantitative performance metrics (with potential award payout ranging from zero to 180%, with a target award payout of 90% of the overall target award) and qualitative subjective evaluation (with potential award payout ranging from zero to 20%, with a target award payout of 10% of the overall target award).

Quantitative Performance Metrics.

The Compensation Committee selected the following performance metrics as the relevant financial targets, which the Compensation Committee viewed as consistent with the Company's 2018 business plan.

In general, the Company's performance was at or just below targeted goal for each component. Accordingly, the Compensation Committee approved incentive award payouts for the executives at 83.61% of the total target award amount for the components tied to quantitative performance metrics.

Edgar Filing: GOODRICH PETROLEUM CORP - Form 10-K/A

Qualitative Subjective Evaluation. Given the overall performance of the Company in 2018, the Compensation Committee decided the subjective portion under the incentive award would payout at 20% of target.

Metrics	Target	Performance	Target Percentage	Percentage Payout
Production vs Plan (Mcf per day)	79,200	70,875	25%	21.72%
Finding & Development Costs (Developed)	\$ 1.15/Mcfe	\$ 1.20/Mcfe	20%	16.67%

Discretionary			10%	20.00%
Total:			100%	103.61%

Following our 2018 annual meeting of stockholders, the Compensation Committee initiated a review of the executive compensation decisions and policies for 2018, including engaging in discussions with various stockholders. Pursuant to these discussions with various stockholders, the Compensation Committee reduced the named executive officers' final payout under the NEIP by 20%, which was approved by the Board of Directors. The awards paid for the

In addition, the restricted phantom stock will vest on a change of control of the Company (see the Potential Payments Upon Termination or a Change of Control section below for definitions). Payment of vested restricted phantom stock may be made in cash, shares of our common stock or any combination thereof, as determined by the Committee in its discretion. Any payment to be made in cash will be based on the fair market value of a share of common stock on the payment date. Additional Narrative Disclosure

Other Benefits

In addition to base pay, annual incentive awards, long-term equity-based incentives and severance benefits, we provide the following forms of compensation:

- *401(k) Savings Plan.* We have a defined contribution profit sharing 401(k) plan designed to assist our eligible officers and employees in providing for their retirement. We have a plan that allows us to match the contributions of our employees to the plan in cash. When matching occurs, employees are immediately 100% vested in Company contributions. Matching contributions were suspended effective April 1, 2016 and to date have not been reinstated.
- *Health and Other Welfare Benefits.* Our executive officers are eligible to participate in medical, dental, vision, disability insurance and life insurance to meet their health and welfare needs. These benefits are provided so as to assure that we are able to maintain a competitive position in terms of attracting and retaining officers and other employees. This is a fixed component of compensation and the benefits are provided on a non-discriminatory basis to all employees.
- *Perquisites.* We do not provide perquisites to our executive officers.

Potential Payments Upon Termination or a Change of Control

The discussion below discloses the amount of compensation and/or other benefits potentially due to Messrs. Goodrich, Turnham, and Ferchau in the event of a Change of Control, or a termination of their employment, including, but not limited to, in connection with a change of control of the Company. We believe that change of control protection allows management to focus their attention and energy on the business transaction at hand without any distractions regarding the effects of a change of control. Likewise, post-termination payments allow management to focus their attention and energy on making the best objective business decisions that are in the interest of the Company without allowing personal considerations to cloud the decision-making process.

On August 22, 2018, following approval by the Board, the Company entered into an amended and restated severance agreement (the Amended Severance Agreement) with each of Walter G. Goodrich, Robert C. Turnham and Mark E. Ferchau, which Amended Severance Agreements supersede and replace the Prior Severance Agreements previously entered into with Messrs. Goodrich, Turnham and Ferchau.

Edgar Filing: GOODRICH PETROLEUM CORP - Form 10-K/A

Each Amended Severance Agreement provides for a term that commences on August 22, 2018 and ends on the third anniversary of such date. The term of each Amended Severance Agreement may be renewed and extended by mutual agreement of the parties thereto.

Each Amended Severance Agreement provides that if the executive incurs a Qualifying Termination (as defined below), the executive will generally receive (i) a lump sum payment in cash equal to two times the sum of the executive's annualized base salary and the most recent annual cash bonus awarded to the executive and (ii) health and life insurance coverage under the Company's plans (or the equivalent thereof) on the same basis as it is provided to other senior executives of the Company through the second anniversary of the date of the Qualifying Termination. The Amended Severance Agreements do not entitle an executive to a payment based on the value of the equity awards granted by the Company to such executive within a specified period preceding a Qualifying Termination as the Prior Severance Agreements did.

In addition, upon a Qualifying Termination, subject to an executive's compliance with non-competition and non-solicitation covenants that apply during the executive's employment and for 12 months thereafter, the executive will be entitled to (x) immediate vesting of the portion of any outstanding and unvested restricted stock (or restricted stock unit) awards subject to time-based vesting (Restricted Stock) that would have vested during the Vesting Continuation Period (as defined below) if the executive had remained employed and (y) pro-rata vesting (based on the number of months from the date of grant through the end of the Vesting Continuation Period) of outstanding and unearned performance awards (Performance Shares) based on actual performance through the date of the Qualifying Termination. However, subject to the executive's compliance with the aforementioned non-competition and non-solicitation covenants, the executive will be entitled to full accelerated vesting of Restricted Stock on the date of a

Table of Contents

Qualifying Termination if such Qualifying Termination occurs on or within 18 months following a Change of Control (as defined in the Amended Severance Agreements). Further notwithstanding the foregoing, upon a Change of Control, any unearned Performance Shares will vest based on actual performance through the date of the Change of Control. However, the awards granted to the executives in connection with the Company's emergence from bankruptcy, specifically the Grant of Restricted Stock (Secondary Exit Award; UCC Warrant Exercise) and the Grant of Restricted Stock (Secondary Exit Award: 2L Note Conversion), are not entitled to any accelerated vesting pursuant to the Amended Severance Agreements.

For purposes of the Amended Severance Agreements, the terms below are generally defined as follows:

1. Current annual rate of total compensation means the sum of (i) Employee's rate of annual base salary as in effect immediately prior to the Change of Control or subsequent termination of employment, whichever is greater, and (ii) the annual cash bonus last awarded to Employee immediately prior to the Change of Control or the most recent annual cash bonus awarded to Employee, whichever is greater. In regards to cash bonuses received pursuant to item (ii) above, for purposes of this calculation, any special or one time cash bonuses shall be excluded. No other items of compensation shall be considered for this purpose.

2. Cause means (i) any material failure of Employee, after written notice, to perform his duties as an officer of the Company; (ii) the commission of fraud, embezzlement or misappropriation by Employee against the Company; (iii) a material breach by Employee of his fiduciary duty owed by him to the Company or its affiliates, or of any written workplace policies applicable to him (including the Company's code of conduct and policy on workplace harassment), whether adopted on or after the date of this Agreement; or the (iv) conviction of Employee of a felony offense or a crime involving moral turpitude.

3. A Change of Control of the Company is deemed to have occurred if, at any time on or after the date hereof, (i) there is a sale, lease or other transfer of all or substantially all of the assets of the Company; (ii) the Company or its stockholders adopt a plan relating to the liquidation or dissolution of the Company; (iii) any person or group of persons acting in concert becomes the beneficial owner of fifty percent (50%) or more of the voting power of the Company's securities generally entitled to vote in the election of directors; or (iv) there occurs a merger or consolidation of the Company unless, for at least six months after the transaction, beneficially own greater than fifty (50%) of the total voting power of all securities generally entitled to vote in the election of directors, managers or trustees of the surviving entity.

4. Change in Duties shall mean the occurrence, on or within 18 months after the date upon which a Change of Control occurs, of any one or more of the following: (i) a reduction in the duties or responsibilities of Employee from those applicable to him immediately prior to the date on which the Change of Control occurs; (ii) a reduction in Employee's current annual rate of total compensation; or (iii) a change in the location of Employee's principal place of employment by more than 50 miles from the location where he was principally employed immediately prior to the date on which the Change of Control occurs, unless such relocation is agreed to in writing by Employee; provided, however, that a relocation scheduled prior to the date of the Change of Control shall not constitute a Change in Duties. Employee must provide written notice to the Company of any alleged Change in Duties within 60 days of such change and the Company shall have a period of 30 days in which it may remedy the condition. In the event it is remedied by the Company within such cure period, such event shall cease to be a Change in Duties for purposes of this Agreement. In the event it is not timely remedied by the Company, Employee may terminate his employment due to a Change in Duties at any time during the 30 day period following the end of the cure period.

5. Qualifying Termination shall mean the termination of Employee's employment with the Company either by the Company without Cause, whether before or after a Change of Control, or by Employee due to a Change in Duties on or within 18 months following a Change of Control.

6. Vesting Continuation Period shall mean, as applicable, (i) if Employee experiences a Qualifying Termination on or before December 31, 2018, the period beginning on the date of the Qualifying Termination and ending on December 31, 2019 or (ii) if Employee experiences a Qualifying Termination after December 31, 2018, the period beginning on the date of the Qualifying Termination and ending on the date that is 12 months following the date of the Qualifying Termination.

Item 13. Certain Relationships and Related Transactions and Director Independence

Policies and Procedures

Introduction

The Board of Directors recognizes that related person transactions present a heightened risk of conflicts of interest and/or improper valuation (or the perception thereof) and therefore has adopted a policy that requires the following in connection with all related person transactions involving the Company.

Any Related Person Transaction shall be consummated or shall continue only if:

1. the Audit Committee shall approve or ratify such transaction in accordance with the guidelines set forth in the policy and if the transaction is on terms comparable to those that could be obtained in arm's length dealings with an unrelated third party;
2. the transaction is approved by the disinterested members of the Board of Directors; or
3. the transaction involves compensation approved by the Compensation Committee.

For these purposes, a Related Person is:

1. a senior officer (which shall include at a minimum each executive vice president and Section 16 officer) or director;
2. a stockholder owning in excess of five percent of the Company (or its controlled affiliates);
3. a person who is an immediate family member of a senior officer or director; or

4. an entity which is owned or controlled by someone listed in 1, 2 or 3 above, or an entity in which someone listed in 1, 2 or 3 above has a substantial ownership interest or control of such entity.

For these purposes, a Related Person Transaction is a transaction between us and any Related Person (including any transactions requiring disclosure under Item 404 of Regulation S-K), other than:

1. transactions available to all employees generally; or
2. transactions involving less than \$5,000 when aggregated with all similar transactions.

Audit Committee Approval

The Board of Directors has determined that the Audit Committee of the Board is best suited to review and approve Related Person Transactions. Management shall present any proposed Related Person Transactions to the Committee for review prior to consummation of the transaction. After review, the Audit Committee shall approve or disapprove such transactions and at each subsequently scheduled meeting, management shall update the Audit Committee as to any material change to those proposed transactions.

Corporate Opportunity

The Board recognizes that situations exist where a significant opportunity may be presented to management or a member of the Board of Directors that may equally be available to us, either directly or via referral. An example is a potential property acquisition which could become available to us. Before such opportunity may be consummated by a Related Person (other than an otherwise unaffiliated 5% stockholder), such opportunity shall be presented to the Board of Directors for consideration. The intent is for members of management, directors, or employees who become aware of opportunities (such as potential acquisitions) in an area in which we are currently active to present those opportunities to us before the individual is free to pursue it in his personal capacity. For example, through his/her contacts Director X becomes aware of a land acquisition in the Haynesville Shale, and knows this is something that we might also be interested in buying. Thus, before he/she can buy the land or lease the property, he/she must put it before the Board and we must pass on the opportunity before Director X may take action.

Table of Contents

Disclosure

All Related Person Transactions are to be disclosed in the Company's applicable filings as required by the Securities Act of 1933 and the Securities Exchange Act of 1934 and related rules. Furthermore, all Related Person Transactions shall be disclosed to the Audit Committee of the Board and any material Related Person Transaction shall be disclosed to the full Board of Directors.

Other Agreements

Management shall assure that all Related Person Transactions are approved in accordance with any requirements of the Company's financing agreements.

Related Person Transactions

There were no reportable Related Person Transactions for the fiscal year ended December 31, 2018.

Director Independence

In determining director independence, the Nominating and Corporate Governance Committee reviews the relationships between the Company and each director and reports the results of its review to the Board. The Board uses this information to aid it in making its determination of independence. The Board has determined that to be considered independent, an outside director may not have a direct or indirect material relationship with the Company. A material relationship is one which impairs or inhibits or has the potential to impair or inhibit a director's exercise of critical and disinterested judgment on behalf of the Company and its stockholders. In determining whether a material relationship exists, the Board considers, for example, any transactions between the Company and an entity with which a director is affiliated (as an executive officer, partner or substantial stockholder) and whether a director is a current or former employee or consultant of the Company. The Board consults with the Company's legal counsel to ensure that the Board's determinations are consistent with all relevant securities and other laws and regulations regarding the definition of independent director, including but not limited to those set forth in pertinent listing standards of the NYSE American and SEC rules as in effect from time to time.

Consistent with these considerations, the Board has reviewed all the relationships between the Company and the members of the Board and has affirmatively determined that all directors are independent directors except Mr. Walter G. Goodrich and Mr. Robert C. Turnham, Jr., who are employees of the Company.

The chart below describes the basis for the Board's determination that the director is independent. Although service as a director of another company alone is not a material relationship that would impair a director's independence, those relationships have been reviewed and are set forth below. None of the relationships considered below are relationships that would preclude a finding of independence under the NYSE American bright line rules or would require disclosure pursuant to Item 404 of Regulation S-K. In addition, none of the relationships considered

below would cause a director who serves on a Board committee to violate a heightened standard applicable to membership on that committee.
