Pre-Arranged Trading Plans

Certain directors and officers of IPG Photonics Corporation (the “Company”) adopt from time to time pre-arranged trading plans (each, a “Plan”) designed to comply with Rule 10b5-1 under the Securities Exchange Act of 1934, as amended, and the Company’s policies regarding stock transactions. Under Rule 10b5-1, directors, officers and other persons who are not in possession of material non-public information may adopt a plan or contract for pre-arranged sales of Company securities under specified conditions and at specified times. Using these Plans, insiders can gradually diversify their investment portfolios, spread stock trades out over an extended period of time to reduce market impact and avoid concerns about transactions occurring at a time when they might possess inside information.

The Plan adopted by Valentin Gapontsev, the Chief Executive Officer, Chairman and a member of the Company’s Board of Directors, provides for the sale of up to a total of 200,000 shares over a period ending June 2011, unless terminated sooner in certain circumstances. Shares will be sold under the Plan on the open market at prevailing market prices, subject to minimum price thresholds.

The Plan adopted by Robert Blair, a member of the Company’s Board of Directors, provides for the sale of up to a total of 25,000 shares over a period ending August 2011, unless terminated sooner in certain circumstances. Shares will be sold under the Plan on the open market at prevailing market prices, subject to minimum price thresholds.

The Company does not undertake to report Plans that may be adopted by any directors or officers of the Company in the future, or to report any modification or termination of any Plan, except to the extent required by law.

Sale of Minority Interest by Subsidiary

On December 16, 2010, the Company completed the issuance and sale of a 12.5% interest in its subsidiary, NTO IRE-POLUS, to the Russian Corporation of Nanotechnologies in consideration of an investment of \$25 million in NTO IRE-POLUS.
