ITEM 2. ACQUISITION AND DISPOSITION OF ASSETS

On April 1, 2002, and pursuant to a Stock Purchase Agreement dated February 21, 2002 (the "Agreement"), the Registrant completed the acquisition of virtually all of the issued and outstanding common stock of Interstate University, Inc., a privately owned Kentucky corporation ("Interstate"). Located in Evansville, Indiana, Interstate was engaged in the business of educating and training individuals to drive commercial trucks. The acquisition was effected through the purchase of ninety-nine percent (99%) of Interstate's issued and outstanding shares of common stock (the "Shares") from Midwest Merger Management, LLC, a Kentucky limited liability company ("Midwest"). In consideration for the Shares, Midwest tendered it 4%, one year promissory note in the principal amount of \$200,000 secured by a first lien and security interest in the Shares (the "Note"); and received a five year, 10% net profit interest in Interstate (the "Interest").

The Registrant and Midwest mutually agreed that Interstate had failed to meet performance criteria set forth in the Agreement, and was likely to continue to do so. Accordingly, and on October 28, 2002, the parties executed a Rescission and Release Agreement whereby in consideration for the exchange of general releases and the return of the Note, the Registrant relinquished the Interest and returned the Shares to Midwest.
