To the Stockholders of Ellie Mae, Inc.:

NOTICE IS HEREBY GIVEN that the Annual Meeting of Stockholders (“Annual Meeting”) of Ellie Mae, Inc., a Delaware corporation (the “Company”), will be held on May 29, 2013, at 9:30 a.m. local time, at the Company’s offices, 4155 Hopyard Road, Suite 200, Pleasanton, California 94588 for the following purposes:

1. To elect three Class II directors to hold office until the 2016 annual meeting of stockholders or until their successors are elected;
2. To ratify the selection, by the Audit Committee of the Board of Directors, of Grant Thornton LLP as the independent registered public accounting firm of the Company for its fiscal year ending December 31, 2013;
3. To hold an advisory vote to approve named executive officer compensation as disclosed in these materials; and
4. To transact such other business as may properly come before the Annual Meeting or any adjournment or postponement thereof.

The foregoing items of business are more fully described in the Proxy Statement accompanying this Notice. Only stockholders who owned our common stock at the close of business on April 2, 2013 can vote at this meeting or any adjournments that take place.

Our Board of Directors recommends that you vote FOR the election of the director nominees named in Proposal No. 1 of the Proxy Statement, FOR the ratification of the appointment of Grant Thornton LLP as our independent registered public accounting firm as described in Proposal No. 2 of the Proxy Statement, and FOR the approval, on an advisory basis, of the compensation of our named executive officers as described in Proposal No. 3 of the Proxy Statement.

For our Annual Meeting, we have elected to use the Internet as our primary means of providing our proxy materials to stockholders. Consequently, most stockholders will not receive paper copies of our proxy materials. We will instead send to these stockholders a Notice of Internet Availability of Proxy Materials with instructions for accessing the proxy materials, including our Proxy Statement and Annual Report to Stockholders, and for voting via the Internet. The Notice of Internet Availability of Proxy Materials also provides information on how stockholders may obtain paper copies of our proxy materials free of charge, if they so choose. The electronic delivery of our proxy materials will significantly reduce our printing and mailing costs and the environmental impact of the proxy materials.

The Notice of Internet Availability of Proxy Materials will also provide the date, time and location of the Annual Meeting; the matters to be acted upon at the meeting and the Board of Directors’ recommendation with regard to each matter; a toll-free number, an e-mail address and a website where stockholders can request a paper or email copy of the Proxy Statement, our annual report to stockholders and a form of proxy relating to the Annual Meeting; information on how to access the form of proxy; and information on how to attend the meeting and vote in person.

You are cordially invited to attend the Annual Meeting, but whether or not you expect to attend in person, you are urged to vote and submit your proxy by following the voting procedures described in the Notice of Internet Availability of Proxy Materials or on the proxy card.

PROXY STATEMENT
FOR THE 2013 ANNUAL MEETING OF STOCKHOLDERS
MAY 29, 2013

The Board of Directors of Ellie Mae, Inc. is soliciting your proxy to vote at the Annual Meeting of Stockholders to be held on May 29, 2013, at 9:30 a.m., local time, and any adjournment or postponement of that meeting (the "Annual Meeting"). The Annual Meeting will be held at the Company's offices, 4155 Hopyard Road, Suite 200, Pleasanton, California 94588.

We have elected to use the Internet as our primary means of providing our proxy materials to stockholders. Accordingly, on or about April 16, 2013, we are making this Proxy Statement and the accompanying Proxy Card, Notice of Annual Meeting of Stockholders and Annual Report to Stockholders available on the Internet and mailing a Notice of Internet Availability of Proxy Materials to stockholders of record as of April 2, 2013 (the "Record Date"). Brokers and other nominees who hold shares on behalf of beneficial owners will be sending their own similar notice. All stockholders as of the Record Date will have the ability to access the proxy materials on the website referred to in the Notice of Internet Availability of Proxy Materials or request to receive a printed set of the proxy materials. Instructions on how to request a printed copy by mail or electronically may be found in the Notice of Internet Availability of Proxy Materials and on the website referred to in the notice, including an option to request paper copies on an ongoing basis. We intend to mail this Proxy Statement, together with the accompanying Proxy Card, to those stockholders entitled to vote at the Annual Meeting who have properly requested paper copies of such materials within three business days of request.

The only voting securities of Ellie Mae are shares of common stock, par value \$0.0001 per share (the "common stock"), of which there were 26,299,031 shares outstanding as of the Record Date (excluding any treasury shares). We need the holders of a majority in voting power of the shares of common stock issued and outstanding and entitled to vote, present in person or represented by proxy, to hold the Annual Meeting.

In this Proxy Statement, we refer to Ellie Mae, Inc. as the "Company," "Ellie Mae," "we" or "us" and our Board of Directors as the "Board." When we refer to Ellie Mae's fiscal year, we mean the twelve-month period ending December 31 of the stated year.

The Company's Annual Report to Stockholders, which contains consolidated financial statements as of and for the year ended December 31, 2012, accompanies this Proxy Statement. You also may obtain a paper copy of the Company's Annual Report on Form 10-K for fiscal 2012 that was filed with the Securities and Exchange Commission (the "SEC") by writing to our Secretary at the above address. The Company's Annual Report on Form 10-K is also available in the "Financial Information" section of our website at <http://ir.elliemae.com> and at the SEC's website at www.sec.gov.

THE PROXY PROCESS AND STOCKHOLDER VOTING
QUESTIONS AND ANSWERS ABOUT THIS PROXY MATERIAL AND VOTING

Who can vote at the Annual Meeting?

Only stockholders of record at the close of business on April 2, 2013 will be entitled to vote at the Annual Meeting. At the close of business on the Record Date, there were 26,299,031 shares of common stock issued and outstanding and entitled to vote.

Stockholder of Record: Shares Registered in Your Name

If, on April 2, 2013, your shares were registered directly in your name with the transfer agent for our common stock, Wells Fargo Shareowner Services, then you are a stockholder of record. As a stockholder of record, you may vote in person at the Annual Meeting or vote by proxy. Whether or not you plan to attend the Annual Meeting, we urge you to fill out and return the enclosed proxy card or vote by proxy over the telephone or on the Internet as instructed below to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker, Bank or Other Agent

If, on April 2, 2013, your shares were held in an account at a brokerage firm, bank, dealer or other similar organization, then you are the beneficial owner of shares held in "street name" and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your broker or other agent on how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the Annual Meeting unless you request and obtain a valid proxy card from your broker or other agent.

What am I being asked to vote on?

You are being asked to vote FOR:

- the election of three Class II directors to hold office until our 2016 Annual Meeting of Stockholders;
- the ratification of the selection by the audit committee of the Board of Grant Thornton LLP as our independent registered public accounting firm for the year ending December 31, 2013; and
- the approval, on an advisory basis, of the compensation of the Company's named executive officers.

In addition, you are entitled to vote on any other matters that are properly brought before the Annual Meeting.

How do I vote?

You may vote by mail or follow any alternative voting procedure described on the proxy card or the Notice of Internet Availability of Proxy Materials. To use an alternative voting procedure, follow the instructions on each proxy card that you receive or on the Notice of Internet Availability of Proxy Materials.

For the election of directors, you may either vote "For" each of the three nominees or you may "Withhold" your vote for any nominee you specify. For the ratification of the selection of the Company's

independent auditors and the advisory vote to approve named executive officer compensation, you may vote “For” or “Against” or abstain from voting.

The procedures for voting are as follows:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote in person at the Annual Meeting. Alternatively, you may vote by proxy over the Internet or, if you properly request and receive a proxy card by mail or email, by signing, dating and returning the proxy card or by telephone. Whether or not you plan to attend the Annual Meeting, we urge you to vote by proxy to ensure your vote is counted. Even if you have submitted a proxy before the Annual Meeting, you may still attend the Annual Meeting and vote in person. In such case, your previously submitted proxy will be disregarded.

To vote in person, come to the Annual Meeting and we will give you a ballot when you arrive.

To vote by proxy over the Internet, follow the instructions provided in the Notice of Internet Availability of Proxy Materials or on the proxy card. The Internet voting procedures comply with Delaware law.

To vote by telephone, if you properly requested and received a proxy card by mail or email, you may vote by proxy by calling the toll free number found on the proxy card.

To vote by mail, if you properly requested and received a proxy card by mail or email, simply complete, sign and date the proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us before the Annual Meeting, we will vote your shares as you direct.

Beneficial Owner: Shares Registered in the Name of Broker, Bank or Other Agent

If you are a beneficial owner of shares registered in the name of your broker, bank or other agent, you should have received a voting instruction card and voting instructions with these proxy materials from that organization rather than from us. Simply complete and mail the voting instruction card to ensure that your vote is counted. To vote in person at the Annual Meeting, you must obtain a valid proxy from your broker, bank or other agent. Follow the instructions from your broker, bank or other agent included with these proxy materials, or contact your broker, bank or other agent to request a proxy form.

Who counts the votes?

Broadridge Financial Solutions, Inc. (“Broadridge”) has been engaged as our independent agent to tabulate stockholder votes. If you are a stockholder of record, and you choose to vote over the Internet or by telephone, Broadridge will access and tabulate your vote electronically, and if you have requested and received proxy materials via mail or email and choose to sign and mail your proxy card, your executed proxy card is returned directly to Broadridge for tabulation. As noted above, if you hold your shares through a broker, your broker (or its agent for tabulating votes of shares held in “street name,” as applicable) returns one proxy card to Broadridge on behalf of all its clients.

How are votes counted?

With respect to Proposal No. 1, the election of directors, the three nominees receiving the highest number of votes will be elected. With respect to Proposal Nos. 2 and 3, the affirmative vote of the holders of a majority in voting power of the shares of common stock which are present in person or by proxy and entitled to vote on each proposal is required for approval.

Brokers who hold shares for the accounts of their clients (that is, in “street name”) may vote such shares either as directed by their clients or in the absence of such direction, in their own discretion if permitted by the stock exchange or other organization of which they are members. If your shares are held by a broker on your behalf, and you do not instruct the broker as to how to vote these shares on Proposal No. 2, the broker may exercise its discretion to vote for or against that proposal in the absence of your instruction. With respect to Proposal Nos. 1 or 3, the broker cannot exercise discretion to vote on those proposals. This would be a “broker non-vote” and these shares will not be counted as having been voted on the applicable proposal. However, “broker non-votes” will be considered present at the Annual Meeting and will be counted towards determining whether or not a quorum is present. Please instruct your bank or broker so your vote can be counted.

If stockholders abstain from voting, these shares will be considered present and entitled to vote at the Annual Meeting and will be counted towards determining whether or not a quorum is present. Abstentions will have no effect with regard to Proposal No. 1 and, with regard to Proposal Nos. 2 and 3, will have the same effect as an “Against” vote.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of common stock you owned as of April 2, 2013.

Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

Pursuant to rules adopted by the SEC, we have elected to provide access to our proxy materials over the Internet. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials to our stockholders of record as of the Record Date. All stockholders as of the Record Date will have the ability to access the proxy materials on the website referred to in the Notice of Internet Availability of Proxy Materials or request to receive a printed set of the proxy materials. Instructions on how to access the proxy materials over the Internet or to request a printed copy may be found in the Notice of Internet Availability of Proxy Materials and on the website referred to in the notice. In addition, stockholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. We encourage stockholders to take advantage of the availability of the proxy materials on the Internet to help reduce the environmental impact of the Annual Meeting.

How do I vote via Internet or telephone?

You may vote by proxy via the Internet by following the instructions provided in the Notice of Internet Availability of Proxy Materials or on the proxy card. If you properly request and receive printed copies of the proxy materials by mail, you may vote by proxy by calling the toll-free number found on the proxy card. Please be aware that if you vote over the Internet or by telephone, you may incur costs such as telephone and Internet access charges, as applicable, for which you will be responsible. The Internet and telephone voting facilities for eligible stockholders of record will close at 11:59 p.m. Eastern Time on May 28, 2013. The giving of such a telephonic or Internet proxy will not affect your right to vote in person should you decide to attend the Annual Meeting.

The telephone and Internet voting procedures are designed to authenticate stockholders' identities, to allow stockholders to give their voting instructions and to confirm that stockholders' instructions have been recorded properly.

What if I return a proxy card but do not make specific choices?

If we receive a signed and dated proxy card and the proxy card does not specify how your shares are to be voted, your shares will be voted "FOR" the election of each of the three nominees for director, "FOR" the ratification of the appointment of Grant Thornton LLP as our independent registered public accounting firm and "FOR" the approval, on an advisory basis, of named executive officer compensation. If any other matter is properly presented at the Annual Meeting, your proxy (one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to mailing proxy materials, our directors, officers and employees may also solicit proxies in person, by telephone or by other means of communication. Directors, officers and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

What does it mean if I receive more than one set of materials?

If you receive more than one set of materials, your shares are registered in more than one name or are registered in different accounts. In order to vote all the shares you own, you must follow the instructions for voting on each Notice of Internet Availability of Proxy Materials or proxy card that you receive by mail or email pursuant to your request, which include voting over the Internet, by telephone or by signing, dating and returning any of such proxy cards.

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the final vote at the Annual Meeting. If you are the record holder of your shares, you may revoke your proxy in any one of three ways:

You may submit another properly completed proxy over the Internet, by telephone or by mail with a later date.

You may send a written notice that you are revoking your proxy to our Secretary at 4155 Hopyard Road, Suite 200, Pleasanton, California 94588.

You may attend the Annual Meeting and vote in person. Simply attending the Annual Meeting will not, by itself, revoke your proxy.

If your shares are held by your broker, bank or other agent, you should follow the instructions provided by them.

When are stockholder proposals due for next year's annual meeting?

To be considered for inclusion in our proxy materials for next year's annual meeting, your proposal must be submitted in writing by December 17, 2013, to our Secretary at 4155 Hopyard Road, Suite 200, Pleasanton, California 94588; provided that if the date of the annual meeting is earlier than April 29, 2014 or later than June 28, 2014, the deadline is a reasonable time before we begin to print and send our proxy materials for next year's annual meeting. If you wish to submit a proposal that is not to be included in our proxy materials for next year's annual meeting pursuant to the SEC's shareholder proposal procedures or to nominate a director, you must do so between January 29, 2014 and February 28, 2014; provided that if the date of that

annual meeting is earlier than April 29, 2014 or later than July 28, 2014, you must give notice not earlier than the 120th day prior to the annual meeting date and not later than the 90th day prior to the annual meeting date or, if later, the 10th day following the day on which public disclosure of the annual meeting date is first made. You are also advised to review our Bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if the holders of a majority in voting power of the shares of common stock issued and outstanding and entitled to vote are present in person or represented by proxy at the Annual Meeting. On the Record Date, there were 26,299,031 shares outstanding and entitled to vote. Accordingly, 13,149,516 shares must be represented by stockholders present at the Annual Meeting or by proxy to have a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy vote or vote at the Annual Meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, either the chairperson of the Annual Meeting or a majority in voting power of the stockholders entitled to vote at the Annual Meeting, present in person or represented by proxy, may adjourn the Annual Meeting to another time or place.

How can I find out the results of the voting at the Annual Meeting?

Voting results will be announced by the filing of a Current Report on Form 8-K within four business days after the Annual Meeting. If final voting results are unavailable at that time, we will file an amended Current Report on Form 8-K within four business days of the day the final results are available.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

The Company's Amended and Restated Certificate of Incorporation provides that the Board shall be divided into three classes, with the directors in each class having a three-year term. Unless the Board determines that vacancies (including vacancies created by increases in the number of directors) shall be filled by the stockholders, and except as otherwise provided by law, vacancies on the Board may be filled only by the affirmative vote of a majority of the remaining directors. A director elected by the Board to fill a vacancy (including a vacancy created by an increase in the number of directors) shall serve for the remainder of the full term of the class of directors in which the vacancy occurred and until such director's successor is elected and qualified.

The Board currently consists of nine directors, divided into the three following classes:

Class I directors: Sigmund Anderman, Alan S. Henricks and Bernard M. Notas, whose current terms will expire at the annual meeting of stockholders to be held in 2015;

Class II directors: Carl Buccellato, A. Barr Dolan and Frank Schultz, whose current terms will expire at the Annual Meeting; and

Class III directors: Craig Davis, Robert J. Levin and Jeb S. Spencer, whose current terms will expire at the annual meeting of stockholders to be held in 2014.

At each annual meeting of stockholders, the successors to directors whose terms will then expire will be elected to serve from the time of election and qualification until the third subsequent annual meeting of stockholders.

Messrs. Buccellato, Dolan and Schultz have been nominated to serve as Class II directors and have each elected to stand for reelection. Each director to be elected will hold office from the date of their election by the stockholders until the third subsequent annual meeting of stockholders or until his successor is elected and has been qualified, or until such director's earlier death, resignation or removal.

Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the three nominees named below. In the event that any nominee should be unavailable for election as a result of an unexpected occurrence, such shares will be voted for the election of such substitute nominee as the Board may propose. Each person nominated for election has agreed to serve if elected, and management has no reason to believe that any nominee will be unable to serve. Directors are elected by a plurality of the votes cast at the meeting.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE
FOR THE ELECTION OF EACH NAMED NOMINEE.

Independence of the Board of Directors

As required under the rules and regulations of the New York Stock Exchange (the “NYSE”), a majority of the members of a listed company’s board of directors must qualify as “independent,” as affirmatively determined by the Board. The Board consults with the Company’s counsel to ensure that the Board’s determinations are consistent with all relevant securities and other laws and regulations regarding the definition of “independent,” including those set forth in pertinent listing standards of the NYSE, as in effect from time to time.

Consistent with these considerations, after review of all relevant transactions or relationships between each director, or any of his or her family members, and the Company, its senior management and its independent registered public accounting firm, the Board has affirmatively determined that Messrs. Davis, Dolan, Henricks, Levin, Notas and Schultz are independent directors within the meaning of the applicable NYSE listing standards.

As required under the NYSE rules and regulations, our independent directors meet in regularly scheduled executive sessions at which only independent directors are present. The lead independent director, or if unavailable another independent director designee, presides at such executive sessions. All of the committees of the Board are composed entirely of directors determined by the Board to be independent within the meaning of the NYSE rules and regulations.

Information Regarding the Board of Directors and its Committees

Board Responsibilities; Risk Oversight

The Board is responsible for, among other things, overseeing the conduct of our business; reviewing and, where appropriate, approving our major financial objectives, plans and actions; and reviewing the performance of our chief executive officer and other members of management based on reports from the compensation committee. Following the end of each year, the Board conducts a self-evaluation, which includes a review of any areas in which the Board or management believes the Board can make a better contribution to our corporate governance, as well as a review of the committee structure and an assessment of the Board’s compliance with corporate governance principles. In fulfilling the Board’s responsibilities, directors have full access to our management and independent advisors. With respect to the Board’s role in our risk oversight, the audit committee discusses with management our policies with respect to risk assessment and risk management and our significant financial risk exposures and the actions management has taken to limit, monitor or control such exposures. The audit committee reports to the full Board with respect to these matters, among others.

Board Leadership

Mr. Anderman currently serves as our chairman of the Board and chief executive officer. In November 2012, the independent directors designated Mr. Henricks to serve as the lead independent director.

The Board has not adopted a specific policy on whether the same person should serve as both the chief executive officer and chairman of the Board or, if the roles are separate, whether the chairman should be selected from the non-employee directors or should be an employee. The Board believes it is appropriate to retain the discretion and flexibility to make these determinations from time to time as needed to provide appropriate leadership for the Company. At this time, the Board believes that the best Board leadership

structure for the Company and our stockholders is to combine the two roles, a structure which the Board believes provides for strong and efficient company leadership and encourages accountability and effective decision-making.

Mr. Anderman has extensive knowledge of the Company and the Company's business gained through his positions as one of our founders and as our chief executive officer for over 15 years. The Board believes the experience, leadership and vision that Mr. Anderman provides as chairman of the Board are essential to the short- and long-term success of the Company. In addition, the Board believes that the combined role facilitates the flow of information and fosters a constructive and cooperative relationship between management and the Board.

The lead independent director presides at all meetings of the Board at which the chairman and chief executive officer is not present, including executive sessions of the Board and the independent directors, briefs the chairman of the Board on any issues arising in the executive sessions, facilitates discussions among independent directors on key issues and concerns outside of Board meetings, suggests calling Board meetings to the chairman of the Board when appropriate, serves as a liaison between the chairman and the other directors, approves information sent to the Board, collaborates with the chairman of the Board to set meeting agendas and Board information, assists the chairs of the committees of the Board as requested, is available for consultation and direct communication with major stockholders upon request and performs such other functions and responsibilities as set forth in the our corporate governance guidelines or as requested by the Board or the independent directors from time to time. The lead independent director also has the authority to call additional executive sessions of the independent directors and to encourage direct dialogue between all directors and management, set the agenda for executive sessions of the Board and independent directors and to retain outside advisors and consultants that will report directly to the Board on board-wide issues. In performing the duties described above, the lead independent director is expected to consult with the chairs of the appropriate Board committees. The lead independent director may not also serve as the chair of the Nominating and Corporate Governance Committee.

The Board believes that the authority of the combined chairman of the Board and chief executive officer is appropriately counter-balanced by the fact that the Company has a lead independent director, six of our nine directors are independent and all of the members of the Board's committees are independent. The Board is committed to good corporate governance practices and values independent board oversight as an essential component of strong corporate performance. All directors are well engaged in their responsibilities, express their views and are open to the opinions expressed by other directors. In addition, our corporate governance guidelines require that the directors meet in executive session without management directors or management present on a regularly scheduled basis, but not less than two times a year.

Board Committees

The Board has the following standing committees: an audit committee; a compensation committee; and a nominating and corporate governance committee. The composition and responsibilities of each committee are described below. Members serve on these committees until their resignation or until otherwise determined by the Board.

Audit Committee

The audit committee oversees our corporate accounting and financial reporting process. Among other matters, the audit committee evaluates the independent auditors' qualifications, independence and performance; determines the engagement of the independent auditors; reviews and approves the scope of the annual audit and the audit fee; discusses with management and the independent auditors the results of the annual audit and the review of our quarterly consolidated financial statements; approves the retention of the independent auditors to perform any proposed permissible non-audit services; monitors the rotation of partners of the independent auditors on the Ellie Mae engagement team as required by law; reviews our critical accounting policies and

estimates; reviews and approves all material transactions with any related party; and annually reviews the audit committee charter and the committee's performance. The current members of the audit committee are Alan S. Henricks, Robert J. Levin and Bernard M. Notas, with Mr. Notas serving as chairman of the committee. The Board has determined that each of Messrs. Henricks, Levin and Notas is an audit committee financial expert as defined under the applicable rules of the SEC and has the financial literacy and accounting or related financial management expertise required under applicable NYSE rules and regulations. All of the members of the audit committee are independent directors as defined under applicable SEC and NYSE rules and regulations. The audit committee operates under a written charter that satisfies the applicable standards of the SEC and the NYSE. A copy of the audit committee charter is available to security holders on the Company's website at <http://ir.elliemae.com>.

Compensation Committee

The compensation committee reviews and recommends policies relating to compensation and benefits of our officers and employees. The compensation committee reviews and approves corporate goals and objectives relevant to compensation of our chief executive officer and other executive officers, evaluates the performance of these officers in light of those goals and objectives, and sets the compensation of these officers based on such evaluations. The compensation committee also administers the issuance of stock options and other awards under our stock plans. In addition, the compensation committee has authority to retain and fund compensation consultants, independent legal counsel and other compensation advisers and is generally responsible for considering the independence of such advisers prior to selecting them. The compensation committee will review and evaluate, at least annually, the performance of the compensation committee and its members, including compliance of the compensation committee with its charter. In fulfilling its responsibilities, the compensation committee may delegate any or all of its responsibilities to a subcommittee of the compensation committee, but only to the extent consistent with our certificate of incorporation and bylaws, Section 162(m) of the Internal Revenue Code of 1986 (to the extent applicable), NYSE rules and other applicable law. The current members of the compensation committee are Craig Davis, A. Barr Dolan and Bernard M. Notas, with Mr. Dolan serving as the chairman of the committee. All of the members of the compensation committee are independent under the applicable rules and regulations of the SEC, the NYSE and the Internal Revenue Code. A copy of the compensation committee charter is available to security holders on the Company's website at <http://ir.elliemae.com>.

Nominating and Corporate Governance Committee

The nominating and corporate governance committee is responsible for making recommendations regarding candidates for directorships and the size and composition of the Board. In addition, the nominating and corporate governance committee is responsible for overseeing our corporate governance guidelines and reporting and making recommendations concerning governance matters. The current members of the nominating and corporate governance committee are Craig Davis, Robert J. Levin and Frank Schultz, with Mr. Schultz serving as chairman of the committee. A copy of the nominating and corporate governance committee charter is available to security holders on the Company's website at <http://ir.elliemae.com>.

In recommending candidates for election to the Board, the independent members of the nominating and corporate governance committee may consider the following criteria, among others the nominating and corporate governance committee shall deem appropriate: personal and professional integrity, ethics and values; experience in corporate management, such as serving as an officer or former officer of a publicly held company, and a general understanding of marketing, finance and other elements relevant to the success of a publicly-traded company in today's business environment; experience in the Company's industry; experience as a board member of another publicly held company; academic expertise in an area of the Company's operations; and practical and mature business judgment, including the ability to make independent analytical inquiries. The Board evaluates each individual in the context of the Board as a whole, with the objective of assembling a group

that can best perpetuate the success of the business and represent stockholder interests through the exercise of sound judgment using its diversity of experience in these various areas.

The nominating and corporate governance committee will consider director candidates recommended by stockholders. For a stockholder to make any nomination for election to the Board at an annual meeting, the stockholder must provide notice to the Company, which notice must be delivered to, or mailed and received at, the Company's principal executive offices not less than 90 days and not more than 120 days prior to the one-year anniversary of the preceding year's annual meeting; provided, that if the date of the annual meeting is more than 30 days before or more than 60 days after such anniversary date, the stockholder's notice must be delivered, or mailed and received, not later than 90 days prior to the date of the annual meeting or, if later, the 10th day following the date on which public disclosure of the date of such annual meeting is made. Further updates and supplements to such notice may be required at the times and in the forms required under our Bylaws. As set forth in our Bylaws, submissions must include the name and address of the proposed nominee, information regarding the proposed nominee that is required to be disclosed in a proxy statement or other filings in a contested election pursuant to Section 14(a) under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), information regarding the proposed nominee's indirect and direct interests in shares of the Company's common stock, and a completed and signed questionnaire, representation and agreement of the proposed nominee. Our Bylaws also specify further requirements as to the form and content of a stockholder's notice. We recommend that any stockholder wishing to make a nomination for director review a copy of our Bylaws, as amended and restated to date, which is available, without charge, from our Secretary, at 4155 Hopyard Road, Suite 200, Pleasanton, California 94588.

Meetings of the Board of Directors, Board and Committee Member Attendance and Annual Meeting Attendance
The Board met seven times during last year. The audit committee met 11 times, the compensation committee met 11 times and the nominating and corporate governance committee met three times during last year. During 2012, each Board member attended 75% or more of the aggregate of the meetings of the Board and of the committees on which he served.

We encourage all of our directors and nominees for director to attend our annual meeting of stockholders; however, attendance is not mandatory. All of our directors attended our annual meeting of stockholders in 2012.

Stockholder Communications with the Board of Directors

Should stockholders wish to communicate with the Board or any specified individual directors, including our lead independent director, such correspondence should be sent to the attention of the Secretary, at 4155 Hopyard Road, Suite 200, Pleasanton, California 94588. The Secretary will forward the communication to the Board or any specified individual directors, as appropriate.

Compensation Committee Interlocks and Insider Participation

During 2012, the compensation committee was composed of Craig Davis, A. Barr Dolan and Bernard M. Notas, with Mr. Dolan serving as the chairman of the committee. None of the members of the compensation committee is or has at any time during last year been an officer or employee of ours or was formerly an officer of ours. None of our executive officers currently serves or in the last year has served as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving on the Board or compensation committee.

Risk Assessment and Compensation Practices

Our management assesses and discusses with the compensation committee our compensation policies and practices for our employees as they relate to our risk management and, based upon this assessment, we believe that any risks arising from such policies and practices are not reasonably likely to have a material adverse effect on us in the future. Our employees' base salaries are fixed in amount and thus we do not believe that they encourage excessive risk-taking. While performance-based cash bonuses and sales commissions focus on achievement of short-term or annual goals, which may encourage the taking of short-term risks at the expense of long-term results, we believe that our compensation policies help mitigate this risk and our performance-based cash bonuses and sales commissions are limited, representing a small portion of the total compensation opportunities available to most employees. We also believe that our performance-based cash bonuses and sales commissions appropriately balance risk and the desire to focus our employees on specific short-term goals important to our success, and do not encourage unnecessary or excessive risk-taking.

A significant proportion of the compensation provided to our employees is in the form of long-term equity-based incentives that we believe are important to help further align our employees' interests with those of our stockholders. We do not believe that these equity-based incentives encourage unnecessary or excessive risk taking because vesting schedules are staggered and their ultimate value is tied to our stock price.

This Proxy Statement, including the preceding paragraphs, contains forward-looking statements. We have based these forward-looking statements largely on our current expectations and projections about future events. Forward-looking statements contained in this Proxy Statement should be considered in light of the many uncertainties that affect our business and specifically those factors discussed from time to time in our public reports filed with the SEC, such as those discussed under the heading, "Risk Factors," in our most recent Annual Report on Form 10-K, and as may be updated in subsequent SEC filings.

PROPOSAL NO. 2
 RATIFICATION OF SELECTION OF INDEPENDENT
 REGISTERED PUBLIC ACCOUNTING FIRM

The audit committee of the Board has engaged Grant Thornton LLP as our independent registered public accounting firm for the year ending December 31, 2013, and is seeking ratification of such selection by our stockholders at the Annual Meeting. Grant Thornton LLP has audited our financial statements since the year ended December 31, 2002. Representatives of Grant Thornton LLP are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither our Bylaws nor other governing documents or applicable law require stockholder ratification of the selection of Grant Thornton LLP as our independent registered public accounting firm. However, the audit committee is submitting the selection of Grant Thornton LLP to our stockholders for ratification as a matter of good corporate practice. If our stockholders fail to ratify the selection, the audit committee will reconsider whether or not to retain Grant Thornton LLP. Even if the selection is ratified, the audit committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if they determine that such a change would be in the best interests of the Company and our stockholders.

To be approved, the ratification of the selection of Grant Thornton LLP as our independent registered public accounting firm must receive a “For” vote from the holders of a majority in voting power of the shares of common stock which are present in person or represented by proxy and entitled to vote on the proposal. Abstentions and broker non-votes will be counted towards a quorum. Abstentions will have the same effect as an “Against” vote for purposes of determining whether this matter has been approved. Broker non-votes will have no effect on the outcome of this proposal.

Pre-Approval Policies and Procedures

The audit committee pre-approves all audit and non-audit services provided by its independent registered public accounting firm. This policy is set forth in the charter of the audit committee and available at <http://ir.elliemae.com>.

The audit committee approved all audit and tax consulting services provided by Grant Thornton LLP for 2012 and 2011 and the estimated costs of those services. Actual amounts billed, to the extent in excess of the estimated amounts, were periodically reviewed and approved by the audit committee.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE RATIFICATION OF THE SELECTION OF GRANT THORNTON LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2013.

PROPOSAL NO. 3

ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

Pursuant to Section 14A of the Exchange Act, the Company is providing stockholders with an advisory (non-binding) vote to approve compensation programs for our named executive officers (sometimes referred to as “say on pay”).

Accordingly, you may vote on the following resolution at the 2013 annual meeting:

“Resolved, that the stockholders approve, on an advisory basis, the compensation of the Company’s named executive officers as disclosed in the Compensation Discussion and Analysis, the accompanying compensation tables and the related narrative disclosure in this Proxy Statement.”

To be approved, this proposal must receive a “For” vote from the holders of a majority in voting power of the shares of common stock which are present in person or represented by proxy and entitled to vote on the proposal. Abstentions and broker non-votes will be counted towards a quorum. Abstentions will have the same effect as an “Against” vote for purposes of determining whether this matter has been approved. Broker non-votes will have no effect on the outcome of this proposal.

This vote is nonbinding. The Board and the compensation committee, which is composed of independent directors, expect to take into account the outcome of the vote when considering future executive compensation decisions to the extent they can determine the cause or causes of any significant negative voting results. Consistent with the stated preference of a majority of our stockholders, the Board and the compensation committee determined that we will hold a say on pay vote every year. Unless the Board and the compensation committee modify their policy on the frequency of future say on pay votes, the next say on pay vote will be held at the 2014 annual meeting of stockholders.

As described in detail under “Compensation Discussion and Analysis,” our compensation programs are designed to motivate our executives to create a successful company. Our philosophy is to make a significant percentage of an executive officer’s compensation tied to stockholder returns and to keep cash compensation to a nominally competitive level while providing the opportunity to be well-rewarded through equity if we perform well over time. We believe that our compensation program, with its balance of short-term incentives (including performance bonuses) and long-term incentives (including equity awards), rewards sustained performance that is aligned with long-term stockholder interests. Stockholders are encouraged to read the Compensation Discussion and Analysis, the accompanying compensation tables and the related narrative disclosure.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THE COMPENSATION DISCUSSION AND ANALYSIS, THE ACCOMPANYING COMPENSATION TABLES AND THE RELATED NARRATIVE DISCLOSURE.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's directors and executive officers and persons who own more than 10% of a registered class of the Company's equity securities to file with the SEC initial reports of ownership and reports of changes in ownership of common stock and other equity securities of the Company. Officers, directors and greater than 10% stockholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

To the Company's knowledge, based solely on a review of the copies of such reports furnished to the Company and written representations that no other reports were required, during the fiscal year ended December 31, 2012, all Section 16(a) filing requirements applicable to our officers, directors and greater than 10% stockholders were complied with.

DIRECTOR COMPENSATION

Our non-employee director compensation policy provides that each non-employee director receives an annual cash retainer of \$26,000. Our lead independent director receives an additional annual cash retainer of \$15,000. In addition, all non-employee directors who serve on one or more committees are eligible to receive the following committee fees:

Committee	Chair	Other Member
Audit committee	\$15,000	\$5,000
Compensation committee	8,000 (1)	3,000 (1)
Nominating and corporate governance committee	3,000	1,500 (2)

(1) On November 6, 2012, the Board, upon recommendation by the compensation committee, approved an increase in fees for: the chair of the compensation committee from \$8,000 to \$12,000; and the members of

the compensation committee (other than the chair) from \$3,000 to \$5,000 per year beginning January 1, 2013.

On December 19, 2012, the Board, upon recommendation by the compensation committee, approved an increase in (2) fees for the members of the nominating and corporate governance committee (other than the chair) from \$1,500 to \$2,000 beginning January 1, 2013.

Other than the annual retainers and committee fees described above, non-employee directors are not entitled to receive any cash fees in connection with their service on the Board. However, such non-employee directors are entitled to receive an option to purchase 20,000 shares of our common stock upon initial election or appointment to the Board and an option to purchase 12,000 shares of our common stock annually thereafter to be granted automatically immediately after each annual meeting of stockholders. Options granted to non-employee directors will have a per share exercise price equal to the per share fair market value of our common stock as of the date of grant. The initial option grant will vest in equal monthly installments over three years from the date of grant. Subsequent option grants will vest in equal monthly installments over one year from the date of grant. Our directors who are employees are compensated for their service as employees and do not receive any additional compensation for their service on the Board.

The following table sets forth information concerning the compensation earned by our non-employee directors during the year ended December 31, 2012.

Name	Fees Earned or Paid in Cash	Option Awards (1)	All Other Compensation	Total

COMPENSATION DISCUSSION AND ANALYSIS

This section discusses the principles underlying our policies and decisions with respect to the compensation of our executive officers who are named in the “2012 Summary Compensation Table” and the material factors relevant to an analysis of these policies and decisions. Our named executive officers for 2012 were as follows: Sigmund Anderman, chief executive officer and president; Edgar Luce, chief financial officer and executive vice president of finance and administration; Jonathan Corr, chief operating officer; Limin Hu, chief technology officer and executive vice president of technology and operations; and Elisa Lee, executive vice president, general counsel and secretary.

Objectives and Philosophy of Our Executive Compensation Program

We recognize that the ability to excel depends on the integrity, knowledge, imagination, skill, diversity and teamwork of our named executive officers. To this end, we strive to create an environment of mutual respect, encouragement and teamwork that rewards commitment and performance and that is responsive to the needs of our named executive officers. The principles and objectives of our compensation and benefits programs for our employees generally, and for our named executive officers specifically, are to:

- attract, engage and retain individuals of superior ability, experience and managerial talent enabling us to be an employer of choice in the highly-competitive and dynamic information technology industry;
- ensure compensation is closely aligned with our corporate strategies, business and financial objectives and the long-term interests of our stockholders;
- motivate and reward executives whose knowledge, skills and performance ensure our continued success;
- ensure that the elements of compensation, individually and in the aggregate, do not encourage excessive risk-taking; and
- ensure that total compensation is fair, reasonable and competitive.

The compensation components described below simultaneously fulfill one or more of these principles and objectives.

Components of Our Executive Compensation Program

The individual components of our executive compensation program consist primarily of (i) base salary, (ii) performance-based bonuses, (iii) equity incentives, (iv) retirement savings opportunities, (v) post-termination benefits and (vi) various other employee benefits. We view each of these components as related but distinct, reviewing them each individually, as well as collectively to ensure that the total compensation paid to our named executive officers meets the objectives of our executive compensation program as detailed above. Not all compensation components are provided to each named executive officer. Instead, we determine the appropriate level for each compensation component based in part, but not exclusively, on our understanding of the market in which we compete for talent based on the experience of members of the Board, the length of service of our named executive officers, our overall performance and other considerations we deem relevant. The compensation committee endeavors to make compensation decisions that are consistent with our recruiting and retention goals. We review each compensation component for internal equity and consistency between named executive officers with similar levels of responsibility.

We strive to achieve an appropriate mix between equity incentive awards and cash payments in order to meet our objectives. We do not currently have any policies for allocating compensation between short- and long-term compensation or cash and non-cash. While we utilize both short- and long-term compensation components, our strategy with respect to the compensation of our named executive officers is to tie a greater percentage of their total compensation to stockholder returns, which we achieve through the use of equity incentives. Cash compensation paid to our named executive officers is kept at a competitive level, as determined by members of the compensation committee and other members of the Board based on their experience and their review of market surveys, with the opportunity for each named executive officer to achieve higher total compensation through equity incentives if we perform well over time. We believe that because the achievement of our business and financial objectives will be reflected in the value of our equity, thereby increasing stockholder value, our named executive officers will be incentivized to achieve these objectives when a larger percentage of their total compensation is tied to the value of our stock. In order to accomplish these goals, we use stock options and performance-based restricted stock units (“RSUs”) as a significant component of compensation. While we offer competitive base salaries, we believe stock-based compensation is a significant motivator in attracting employees for technology companies.

Each of the individual components of our named executive officers’ compensation is discussed in more detail below. While we have identified particular compensation objectives that each component of our named executive officers’ compensation serves, our compensation programs are designed to be flexible and complementary and to collectively serve all of the compensation objectives described above. Accordingly, whether or not specifically mentioned below, we believe that, as a part of our overall executive compensation policy, each individual element, to a greater or lesser extent, serves each of our objectives.

Compensation Determination Process

Compensation of our named executive officers has historically been highly individualized, resulting from independent negotiations between us and such individuals and based on a variety of informal factors considered at the time of the applicable compensation decisions including, in addition to the factors listed above:

- our financial condition and available resources;
- the need for a particular position to be filled;
- the evaluation of the competitive market by members of the Board based on their experiences on boards of directors at other companies;
- the length of service of the named executive officer; and
- comparisons to the compensation levels of our other executives.

Our chief executive officer, and, in the case of our chief executive officer, the Board, typically reviews the performance of each of our named executive officers on an annual basis, though we do not set a predetermined time for such review. Our chief executive officer, based on his experience and his review of our executives’ performance, recommends compensation levels for our named executive officers, other than himself, to the compensation committee for approval. With respect to compensation levels for our chief executive officer, the compensation committee makes recommendations to the Board for approval.

In 2009, the Board initiated a comprehensive review of our policies. In that regard, the compensation committee engaged Compensia, an independent compensation consulting firm with substantial experience in the technology sector, to evaluate our levels and types of executive compensation and to recommend changes as appropriate. Among other objectives, we engaged Compensia to assist us in identifying a group of peer

companies for purposes of evaluating our levels of compensation, to gather and analyze compensation data from those peer companies, to advise us on determining target bonus levels and to assist us in structuring awards as part of the equity element of our compensation program. Compensia does not provide any other services to the Company. Following Compensia's engagement, a Compensia representative worked with the compensation committee to establish a peer group of companies for evaluating our compensation levels in light of compensation paid by our market competitors based on an analysis of companies in our industry and their relative revenue and market capitalizations. On an annual basis, Compensia recommends, and the compensation committee approves, a peer group of companies in the software and internet software services industry with revenue and market capitalization that we believe reflects the competitive market we will face as a high growth, young public company. This peer group is reviewed annually and revised as necessary. In November 2011, Compensia updated its recommendation as certain companies previously approved as part of the peer group in 2011 were either acquired by other companies or were no longer relevant due to the size as these companies either had revenue exceeding \$150 million or market capitalization greater than \$1 billion. The 2012 peer group recommended by Compensia and approved by our compensation committee was as follows:

Actuate	American Software	Callidus Software
Convio	Cornerstone OnDemand	eGain Communications
Financial Engines	Guidance Software	Keynote Systems
LivePerson	LogMeIn	OpenTable
Pervasive Software	Saba Software	SPS Commerce
support.com	Vocus	Zix

In January 2012, after reviewing market data from the market compensation study prepared by Compensia, the compensation committee established, with the approval of the Board, a compensation philosophy to provide base salaries to our executives at the 50th percentile of compensation at companies within our peer group. The compensation committee believes that setting base salaries at the mid-point of the market is a sufficient competitive position for attracting and retaining executives; provided, however, that the compensation committee may make exceptions to this philosophy if it believes it is necessary to attract or retain an executive with the experience and skill that the compensation committee determines is desirable for a particular position, to provide additional incentive to an executive to achieve our goals or to maintain internal parity among executives with similar levels of responsibilities. In December 2011, Compensia provided updated market data at the 50th percentile of compensation at companies within our peer group, which the compensation committee and the Board referred to in setting 2012 compensation levels for our executive officers.

Base Salaries

In general, base salaries for our named executive officers were initially established through arm's-length negotiation at the time a named executive officer was hired, taking into account such named executive officer's qualifications, experience and salary prior to joining the Company. We strive to maintain base salaries for our named executive officers that are competitive, while remaining cost-effective.

Periodic adjustments to the base salaries of our named executive officers are based on the level of each executive's responsibilities, individual contribution, prior experience and sustained performance. Decisions regarding salary increases may take into account the executive's current salary and equity ownership, and the salaries paid to the executive's peers within the Company. Base salaries are typically reviewed as part of the promotion process or upon other significant changes in responsibility.

In determining 2012 base salaries for our executives, Compensia provided updated market data showing the competitive range with specific data for the 25th, 50th and 75th percentiles. Market data consisted of both the peer group and the broader survey data of similarly sized technology companies provided by Radford, an independent compensation consulting firm. The market positioning of each executive varied between the peer and survey data. In addition, the weight given to the market data varied by executive based on how closely the executive's position and responsibilities appeared to match those for the position the executive was matched against in the market data. The compensation committee and the Board referred to this market data in setting 2012 compensation levels for our executive officers in order to confirm that their decisions appeared competitive and reasonable. The compensation committee in its review of base salaries for our executive officers found that the base salaries in 2011 were between the 25th and 50th percentile of the market data. In addition, the compensation committee increased target bonus opportunities for our executive officers as discussed below in order to incentivize the continued performance of a young high growth public company. Based on the compensation committee's strong emphasis on internal pay equity, the compensation committee determined that all of chief financial officer, chief operating officer and chief technology officer would receive the same new base salaries. Base salaries for fiscal year 2012 were as follows:

Name and Principal Position	New Base Salary	Increase Over Prior Year
Sigmund Anderman, Chief Executive Officer	\$365,000	4.3%
Edgar Luce, Chief Financial Officer	260,000	4
Jonathan Corr, Chief Operating Officer	260,000	15.7
Limin Hu, Chief Technology Officer	260,000	4
Elisa Lee, General Counsel	250,000	11.1

Following the base salary increases above, our chief executive officer and chief financial officer were at approximately the 50th percentile, our chief operating officer and chief technology officer were at approximately the 60th percentile, and our general counsel as at approximately the 75th percentile of similarly situated executives within our peer group. Our chief financial officer, chief operating officer and chief technology officer salaries were set to emphasize internal pay equity while our general counsel salary increase rewarded strong company and individual performance, including guiding the Company through the initial public offering and the expanded duties as general counsel of a public company.

The actual base salaries paid to all of our named executive officers during fiscal year 2012 are set forth in the "2012 Summary Compensation Table."

Annual Cash Bonuses

In addition to base salaries, annual cash bonus opportunities have been awarded to our named executive officers when the compensation committee, upon the recommendation of our chief executive officer (other than with respect to his own annual cash bonus opportunity), and the Board, upon recommendation of the compensation committee on the annual cash bonus for our chief executive officer, have determined that such an incentive is necessary to align our corporate goals with the cash compensation payable to an executive. Historically, annual cash bonus opportunities have been awarded to each of our named executive officers.

In January 2012, the compensation committee reviewed the executive cash bonus opportunities against the market data. This review indicated that our executive cash bonus opportunities in January 2012 were slightly above the 50th percentiles of the market data, but total cash compensation levels varied between the 25th and 75th percentile of the market data. Consistent with the compensation committee's focus on performance-based compensation, the compensation committee determined, or with respect to our chief executive officer, the Board determined, that there should be a greater emphasis on the bonus component of cash compensation in

comparison to the market data. In addition, the executive target bonus recommendations made by the chief executive officer took into consideration the market data, the exemplary company performance and the competitive landscape for software executives in the Bay Area. Increases were proposed to continue the emphasis on pay for performance and to provide the executives with an opportunity to earn additional cash compensation for successful performance of the Company's annual business plan. In approving the cash bonus targets, the compensation committee considered the market data to understand how the target bonuses and the target total cash compensation compared to market, but they did not target a specific market percentile.

On January 12, 2012, the compensation committee approved an increase in the annual cash bonus opportunities for our executive officers, other than our chief executive officer, and on February 21, 2012, the Board approved, based on the compensation committee's recommendation, to increase the chief executive officer's annual cash bonus opportunity.

Following these increases, the 2012 cash target bonus eligibility for Messrs. Anderman, Luce, Corr and Hu and Ms. Lee were \$450,000, \$165,000, \$275,000, \$165,000 and \$130,000, respectively. Under their bonus arrangements, Messrs. Anderman, Luce, Corr and Hu and Ms. Lee were entitled to receive these amounts if bonus goals were achieved at target. We pay 50% of the annual cash bonus targets to each of Messrs. Anderman, Luce, Corr and Hu and Ms. Lee in quarterly installments over the first three quarters of the calendar year and the remainder of any bonus amount earned after performance has been determined shortly after the end of the calendar year. The compensation committee and, with respect to our chief executive officer, the Board retain complete discretion over whether any additional compensation is paid to the executives if bonus goals are achieved at a level greater than target and the amount of any such compensation, which does not have to correlate to the amount of overachievement. The compensation committee and, with respect to our chief executive officer, the Board also retain complete discretion over whether any compensation will be paid to the executives in the event the bonus goals are not achieved at target and the amount of any such compensation.

The goals for Messrs. Anderman, Luce, Corr and Hu and Ms. Lee were based on the Company's overall performance, measured in terms of net revenue and adjusted EBITDA (defined as net income (loss) before interest (income) expense, income tax expense (benefit), depreciation and amortization, amortization of acquired intangibles and stock-based compensation expense) of \$68.7 million and \$9.3 million, respectively, the successful integration of Del Mar Datatrac, Inc. ("DMD"), the conversion of 5,000 DMD users onto the Encompass360 software platform and increase in Company market share growth of at least 10%, for fiscal year 2012, as well as individual performance measures. Mr. Anderman's individual performance measures included setting overall corporate direction and strategy, developing an annual business plan consistent with corporate strategy, setting and managing the achievement of annual and quarterly goals, managing executive staffing and development, assuring appropriate corporate governance, integrating DMD successfully, defining and executing on the Company's acquisition strategy, developing an appropriate strategy in the event of unforeseen economic developments and communicating effectively with the Board, stockholders and investors. Mr. Luce's individual performance measures included delivering financial statements with clean audit results, preparing timely reports internally and to the SEC and investors, effectively participating in earnings and other investor conferences, producing effective and timely internal budgets and forecasts, managing financial due diligence and integration for acquisitions, cash management, assuring human resources and administrative functions reflect and advance corporate culture and strategy and communicating effectively with the Board, stockholders and investors. Mr. Corr's individual performance measures included selecting, effectively on-boarding and overseeing the success of the senior vice president of sales, managing and developing direct reports in business development, sales and services, marketing and product strategy, managing the achievement of quarterly revenue and earnings goals, meeting product delivery plans, integrating DMD successfully and converting 5,000 DMD users to the Encompass 360 software platform, identifying acquisition targets, client satisfaction and communicating effectively with the Board, stockholders and investors. Mr. Hu's individual performance measures included managing service and data center uptime, building new data infrastructure and establishing and managing effective data center operations, effectively on-boarding the chief information officer, product development, managing technical operations within budget, enhancing back office operations and supervising cross-functional efforts from product to customer interactions. Ms. Lee's individual performance measures included corporate

governance, managing and assisting with SEC filings, preparing annual proxy and coordinating the annual meeting of stockholders, managing legal fees, providing guidance to the Board, performing legal work for structuring acquisitions and managing litigation matters.

In late 2012, the compensation committee and the Board determined that the Company achieved the corporate goals at 148.2% and 353% based on net revenue and adjusted EBITDA results of \$101.9 million and \$32.8 million, respectively, successfully converting DMD users to the Encompass360 software platform, and Company market share growth of 25.6%, for fiscal year 2012, respectively. Based on the Company's far exceeding the corporate objectives for 2012, individual performance objectives were not taken into consideration when the compensation committee and, with respect to our chief executive officer, the Board decided to pay each of Messrs. Anderman, Luce and Hu and Ms. Lee 200%, of their respective target bonus amounts.

We have put in place similar bonus programs for our named executive officers for 2013.

Long-Term Equity Incentives

The goals of our long-term, equity-based incentive awards are designed to align the interests of our named executive officers with the interests of our stockholders. Because vesting is based on continued employment, our equity-based incentives also encourage the retention of our named executive officers through the vesting period of the awards.

In determining the size of the long-term equity incentives to be awarded to our named executive officers, we take into account a number of internal factors, such as the relative job scope, the value of existing long-term incentive awards, individual performance history, prior contributions to us and the size of prior grants. The Board draws upon the experience of its members, the members of the compensation committee and our chief executive officer and reviews market data from our peer group of companies provided by Compensia in determining long-term equity incentive awards. Based upon these factors, our chief executive officer, other than with respect to himself, determines the size of the long-term equity incentives at levels he considers appropriate to create a meaningful opportunity for reward predicated on the creation of long-term stockholder value and recommends grants to the compensation committee for approval. Using the experience of its members, the compensation committee recommends the level of grants for our chief executive officer to the Board for approval.

To reward and retain our named executive officers in a manner that best aligns their interests with stockholders' interests, we use stock options and RSUs as the primary incentive vehicles for long-term compensation. We believe that stock options and performance-based RSUs are effective tools for meeting our compensation goal of increasing long-term stockholder value by tying the potential value our named executive officers can receive to the value of our stock. Because named executive officers are able to profit from stock options only if our stock price increases relative to the stock option's exercise price and performance-based RSUs only if certain company performance metrics have been met, we believe stock options and performance-based RSUs provide meaningful incentives to named executive officers to achieve increases in the value of our stock over time.

We typically make grants in connection with the commencement of employment, promotions and periodic "refresher" grants. In August 2012, the compensation committee reviewed executive officer annual equity grant practices with those of our peer group of companies and established a compensation philosophy to link our executive officer annual equity grants with the performance of the Company. In light of this goal, the compensation committee approved the Senior Executive Performance Share Program (the "Program") under the 2011 Equity Incentive Award Plan (the "2011 Plan"). Under the Program, the compensation committee may grant performance awards consisting of performance-based RSUs to designated participants if the applicable performance-based vesting requirements are satisfied. Each performance-based RSU represents the right to receive up to four shares of the Company's common stock upon achievement of performance goals established by the compensation committee under the Program (the "Performance Shares"). The Program also

contemplates that the compensation committee may establish the performance period over which attainment of the performance goals is determined and the vesting period. In addition, the participant must remain employed by the Company following the performance period in order to earn the common stock underlying his or her Performance Shares. The performance goals may not be changed for a performance period once set except to reflect extraordinary events, and the compensation committee may not discretionarily increase the number of shares issuable to a participant for a performance period.

On August 9, 2012, the compensation committee approved the Performance Shares set at the 50th percentile of the Company's peer group to be granted on August 9, 2012 to the named executive officers (other than our chief executive officer) and designated a performance period of July 1, 2012 through June 30, 2013, the performance goals and the vesting schedule underlying the Performance Shares. The number of shares of common stock issuable pursuant to the Performance Shares will be based on the Company's achievement of certain financial goals during the period from July 1, 2012 to June 30, 2013 related to both year-over-year revenue growth as well as maintaining certain profit margins during this period. The Compensation Committee set the achievement of these financial goals at levels that require significant effort by the named executive officers. On August 14, 2012, the Board approved, upon a recommendation by the compensation committee, the Performance Shares set at the 50th percentile of the Company's peer group to be granted to our chief executive officer with the same performance period, performance goals and vesting schedule as the other named executive officers of the Company. The following table sets forth the number of Performance Shares for each participant:

Executive Officer	Annual Performance Share Grant
Sigmund Anderman, Chief Executive Officer	55,000
Edgar Luce, Chief Financial Officer	22,000
Jonathan Corr, Chief Operating Officer	28,000
Limin Hu, Chief Technology Officer	22,000
Elisa Lee, General Counsel	20,000

The number of shares of common stock issuable pursuant to the Performance Shares will be based on the Company's achievement of certain financial goals related to revenue and profit margin. Shares of common stock earned, if any, under the Performance Shares will be issued in the third quarter of 2013 after the compensation committee determines the Company's level of achievement of the performance goals (the "Determination Date"), with 25% of the shares being immediately vested and the remaining shares vesting with respect to 25% of the shares on each of the first three anniversaries of the Determination Date, subject to continuous employment of the participant through such dates.

Employee Benefits

We provide standard employee benefits to our full-time employees in the United States, including our named executive officers, including health, disability, life insurance and a 401(k) plan as a means of attracting and retaining our employees. Additionally, the Company provides for a \$1,000,000 term life insurance policy for each named executive officer, other than Mr. Anderman, whose policies are for \$2,000,000. Premiums for this life insurance policy are paid by the individual, but reimbursed by the Company and are intended to provide liquid funds to the executive's estate and or spouse for the purposes of exercising stock options in the event of said executive's untimely death. Under the tax rules, our named executive officers are subject to ordinary income with respect to reimbursement of the term life insurance premiums. We do not think these additional benefits are a significant element of our compensation structure.

Termination Based Compensation

The compensation committee provides our named executive officers with termination protection when it determines that such protection is necessary to attract or retain a named executive officer.

We entered into an amended and restated employment agreement with Mr. Anderman pursuant to which we must generally provide a severance payment of two times his annual base salary as then in effect and continued payments for health coverage under the Consolidated Budget Reconciliation Act of 1985, as amended, or COBRA, for no more than 24 months, if he is terminated without cause or experiences a constructive termination and he provides us a general release of claims within 60 days following such termination. Termination for cause means (i) an act of dishonesty in connection with his responsibilities as an employee, (ii) the conviction of, or plea of nolo contendere to, a felony, (iii) gross misconduct or (iv) continued substantial violations of employment duties after receipt of a written demand for performance from the Board which specifically sets forth the factual basis for the Company's belief that he has not substantially performed his duties. Constructive termination means Mr. Anderman's resignation from employment with the Company after the occurrence, without Mr. Anderman's written consent, of any of the following: (a) a material reduction by the Company in his base salary as in effect immediately prior to such reduction; (b) a material breach by the Company of this Agreement or any offer letter or employment agreement between him and the Company; (c) the material relocation of his principal place of employment to a facility or a location more than 50 miles from his then present principal place of employment; or (d) a material reduction of his duties, authority or responsibilities with respect to the business of the Company as it existed prior to a change in control. Mr. Anderman's right to severance payments is conditioned upon his compliance with his confidentiality and non-solicitation obligations to the Company and any breach of such obligations may result in the recovery by us of any severance payments made to Mr. Anderman. In addition, if Mr. Anderman is terminated without cause or experiences a constructive termination within 24 months following a change in control, the vesting of each equity award held by Mr. Anderman will be fully accelerated and, to the extent applicable, such equity award will be exercisable for the duration of its original term.

In connection our initial public offering, the compensation committee determined that it was more appropriate to adopt comprehensive change in control severance arrangements with our named executive officers, other than Mr. Anderman, in order to encourage the focus and dedication of our named executive officers in the event a strategic transaction became an alternative for the Company. Accordingly, we entered into change in control severance agreements with each of our named executive officers other than Mr. Anderman. Under the terms of the change in control severance agreements, each named executive officer, other than Mr. Anderman, will be entitled to receive severance benefits, accelerated vesting and extended exercisability if his employment is terminated (i) other than for cause or (ii) as the result of a constructive termination within 60 days prior to or 12 months following a change in control, in each case, within the meaning of the change in control severance agreements, and such executive officer provides us a general release of claims within 60 days following such termination. The severance benefits consist of a lump sum cash payment equal to 12 months' base salary, as well as continued payment of group health continuation coverage premiums for the executive officer and his or her eligible dependents under Title X of the COBRA beginning on the date of termination and ending on the earlier of: (i) 12 months after the date when the employment termination is effective and (ii) the date upon which the executive officer or his or her eligible dependents become eligible for coverage under another plan. In addition, the vesting of each equity award held by the named executive officer will be fully accelerated and, to the extent applicable, such equity award will be exercisable for the duration of its original term.

Under the Performance Share Program, in the case of a named executive officers termination of employment by the Company for other than cause, by reason of death or disability or by such named executive officer for good reason (each as defined in the Program) after the Determination Date for a performance period but prior to settlement, the Performance Shares earned by the named executive officer which have not yet been settled will be issued to such named executive officer on the thirtieth (30th) day following the termination of employment. In the event of a change in control that occurs during a performance period, such performance

period will be shortened to end on the last business day of the last completed fiscal quarter preceding the date of the change in control and each named executive officer employed by the Company immediately prior to the change in control will be entitled to a payment under the Performance Shares based on achievement over the shortened performance period.

The severance payments and benefits that are payable under Mr. Anderman's employment agreement and each other named executive officer's change in control severance agreement are further described below in the section titled "Potential Payments Upon Change in Control, Upon Termination Apart From a Change in Control and Upon Termination Following Change in Control."

Stockholder Advisory Vote to Approve Executive Compensation

At our 2011 Annual Meeting of Stockholders our stockholders voted, in non-binding advisory votes (i) to approve the compensation of our named executive officers and (ii) in favor of having a non-binding stockholder vote on executive compensation once every year. The compensation committee reviewed the result of the stockholders' advisory vote on executive compensation. In light of the approval by a substantial majority of our stockholders of the compensation programs described in our 2011 proxy statement (with approval of over 85% of the shares represented in person or by proxy at the meeting and entitled to vote), the compensation committee did not implement changes to our executive compensation programs as a result of the stockholders' advisory vote. The compensation for each of the Company's named executive officers for fiscal year 2011 reflects the continued improvements in each individual's performance and the changes regarding Company's financial and operating performance. Consistent with the stated preference of a majority of the our stockholders (with approval over 95% of the shares represented in person or by proxy at the meeting and entitled to vote), the compensation committee determined that we will hold a "say-on-pay" vote every year, the next "say-on-pay" advisory vote will be held at the 2014 annual meeting of stockholders.

Tax Considerations

The Board has considered the potential future effects of Section 162(m) of the Internal Revenue Code on the compensation paid to our named executive officers. Section 162(m) disallows a tax deduction for any publicly held corporation for individual compensation exceeding \$1.0 million in any taxable year for our chief executive officer and each of the other named executive officers (other than our chief financial officer), unless compensation is performance-based. As we only recently became publicly-traded, the Board has not previously taken the deductibility limit imposed by Section 162(m) into consideration in setting compensation. We expect that the Board, or committee thereof, however, will adopt a policy that, where reasonably practicable, we will seek to qualify the variable compensation paid to our named executive officers for an exemption from the deductibility limitations of Section 162(m). As such, in approving the amount and form of compensation for our named executive officers in the future, the Board, or committee thereof, will consider all elements of the cost to the Company of providing such compensation, including the potential impact of Section 162(m). However, the Board, or committee thereof, may, in its judgment, authorize compensation payments that do not comply with the exemptions in Section 162(m) when it believes that such payments are appropriate to attract and retain executive talent.

(1) Our management bonus program provides for payments of up to 100% of our named executive officers' target bonus amounts based upon performance. Amounts reported in the bonus column represent the amount of each bonus paid to our named executive officers that exceeded the 100% of their target bonus amounts and was discretionarily awarded.

(2) The amounts included in the "Stock Awards" and "Option Awards" columns represent the grant date fair value of awards granted, calculated in accordance with ASC Topic 718. For stock awards, the amount reported represents the value of the awards at their grant date assuming that the highest level of performance conditions will be achieved. For a discussion of the assumptions made in the valuations reflected in this column, see Notes 2 and 10 of the Consolidated Financial Statements included in our Annual Report on Form 10-K for the year ended December 31, 2012.

For the Performance Shares awarded in 2012, the grant date fair value is based upon the probable outcome of the performance-related component, as described below, and is consistent with the estimate of aggregate compensation cost to be recognized over the service period determined as of the grant date under ASC Topic 718. Consistent with

ASC Topic 718, the full grant date fair value for the market-related component for the entire performance cycle is included in the amounts shown for 2012 (the year of grant).

The table below sets forth the grant date fair value determined in accordance with ASC Topic 718 principles established each year for the performance-related component of these awards (i) based upon the probable outcome of the performance-related component as of the grant date, and (ii) based upon achieving the maximum level of performance under the performance-related component as of the grant date. See “Compensation Discussion and Analysis—Long-Term Equity Incentives” for a more complete description of the Performance Shares.

(1) These stock options were granted with a standard four year vest schedule; 25% of the total number of shares will be vested on the one year anniversary of the grant date, and an additional 1/48th of the total number of shares shall be vested on the anniversary of each month thereafter, until all shares are vested on the fourth anniversary of the grant date.

(2) The vesting of the shares subject to this award is determined based on performance criteria established by the compensation committee. In accordance with the SEC rules, the number of units shown represents the number of units that may be earned as of December 31, 2012 based on maximum performance, and adjusted to give effect to the units that cannot be earned at maximum performance based on actual performance for 2012 under the performance conditions for the Performance. See “Compensation Discussion and Analysis—Long-Term Equity Incentives” in this Proxy Statement for a more complete description of these Performance Shares.

(3) The dollar amounts shown are determined by multiplying the number of unearned shares or units by \$27.75 (the closing price of our common stock on the last trading day of fiscal 2012).

Offer Letters and Employment Agreements

On March 27, 2012, we entered into an amended and restated employment agreement with Mr. Anderman, which replaces in its entirety Mr. Anderman’s previous employment agreement dated June 17, 2010, and sets forth the terms and conditions of his employment as our chief executive officer, president and chairman of the Board. The amended and restated employment agreement provides for an annual base salary of \$365,000, which may be adjusted from time to time. Mr. Anderman’s agreement also provides that he will be eligible to participate in any bonus plans as may be adopted by the Board in its discretion. In addition, Mr. Anderman’s agreement guarantees that while he remains with the Company, we will reimburse him for premiums for term life insurance coverage with an aggregate amount of \$2,000,000, as well as any other life

insurance maintained by the Company for executives. Mr. Anderman is also entitled to receive certain severance benefits if his employment is terminated by us without cause or he experiences a constructive termination, both as defined in his employment agreement, and if he provides us with a general release of claims in the form attached to his employment agreement within 60 days following such termination or resignation. In such an event, Mr. Anderman is entitled to a severance payment equal to two times his base salary in effect at the time of termination subject to reduction, as provided in the employment agreement, if his termination occurs on or following a change of control but prior to our common stock being publicly traded, as well as continued payment of group health continuation coverage premiums for Mr. Anderman and his eligible dependents under Title X of the COBRA beginning on the date of termination and ending on the earlier of: (i) twenty-four months after the date when the employment termination is effective or (ii) the upon which Mr. Anderman or his eligible dependents become eligible for coverage under a similar plan; provided, however that Mr. Anderman will be solely responsible for timely election of such coverage.

Mr. Anderman's severance amount is to be paid in a single lump sum as soon as administratively practicable following the date his release of claims is no longer subject to revocation. In the event such termination takes place within 24 months following a change in control, Mr. Anderman's equity awards will vest with respect to 100% of the shares subject to the awards.

We have also entered into offer letter agreements with Messrs. Luce and Corr and Ms. Lee in connection with their commencement of employment with us. These offer letter agreements typically include the executive officer's initial base salary, stock option grant and bonus arrangement for the fiscal year in which they commenced employment. We no longer have any executory obligations under these agreements.

In September 2010, we entered into change of control severance agreements with each of our officers, other than Mr. Anderman. Under the terms of the change in control severance agreements, each named executive officer, other than Mr. Anderman, will be entitled to receive severance benefits and accelerated vesting if his or her employment is terminated other than for cause or as the result of a constructive termination within 60 days prior to or 12 months following a change in control, in each case, within the meaning of the change in control severance agreements, and such executive officer provides us a general release of claims within 60 days following such termination. The severance benefits consist of a lump sum cash payment equal to 12 months' base salary, as well as continued payment of group health continuation coverage premiums for the executive officer and his or her eligible dependents under Title X of the COBRA beginning on the date of termination and ending on the earlier of (i) 12 months after the date when the employment termination is effective and (ii) the date upon which the executive officer or his or her eligible dependents become eligible for coverage under another plan. In addition, the vesting of each equity award held by the named executive officer will be fully accelerated and, to the extent applicable, such equity award will be exercisable for the duration of its original term.

Potential Payments Upon Change in Control, Upon Termination Apart From a Change in Control and Upon Termination Following Change in Control

Potential Payments Upon a Change in Control

The following table sets forth quantitative estimates of the benefits that would have accrued to each of our named executive officers upon a change in control of the Company on December 31, 2012. Amounts below reflect potential payments pursuant to stock options granted under our Amended and Restated 1999 Stock Option and Incentive Plan (the "1999 Plan"), our 2009 Stock Option and Incentive Plan (the "2009 Plan") and our 2011 Plan upon a change in control in which our outstanding options are not assumed or substituted. In addition, in the event of a change in control that occurs during a performance period, the performance period will be shortened to the last business day of the last completed fiscal quarter preceding the date of the change in control and each named executive officer employed by the Company immediately prior to such change in control is entitled to a payment based on the shortened performance period.

Name of Executive Officer	Value of Accelerated Options if Not Assumed or Substituted (\$)(1)	Value of Accelerated Stock Awards if Not Assumed or Substituted (\$)
Sigmund Anderman	2,566,557	—
Edgar Luce	1,282,724	—
Jonathan Corr	4,406,461	—
Limin Hu	1,282,724	—
Elisa Lee	881,980	—

Amounts calculated based on the aggregate amount by which the fair value of the common stock subject to unvested equity awards exceeded the aggregate exercise price of the awards as of December 31, 2012, using \$27.75 per share, the closing trading price of our common stock as of that date. For the Performance Shares, the (1) vesting is assumed to be accelerated based on the actual performance through the last business day immediately prior to the change in control, which would be December 28, 2012 assuming the change in control occurred on December 31, 2012. For these purposes, no Performance Shares would have been earned through the shortened performance period.

Potential Payments Upon Termination Apart From a Change in Control

The following table sets forth quantitative estimates of the benefits that would have accrued to Mr. Anderman if his employment had been involuntarily terminated by us without cause or had he experienced a constructive termination on December 31, 2012, in the event such termination occurred prior to, or more than 24 months following, a change in control of the Company, pursuant to Mr. Anderman's employment agreement described above under "—Offer Letters and Employment Agreements." Payments pursuant to Mr. Anderman's employment agreement for certain terminations within 24 months after a change in control are addressed below under the section titled "Potential Payments upon Termination Following a Change in Control." No other named executive officer was eligible for benefits in the event of termination of employment during 2012. Under the Performance Share Program, in the case of a named executive officers termination of employment by the Company for other than cause, by reason of death or disability or by such named executive officer for good reason (each as defined in the Program) after the Determination Date for a performance period but prior to settlement, the Performance Shares earned by the named executive officer which have not yet been settled will be issued to such named executive officer on the thirtieth (30th) day following the termination of employment. Since the Determination Date of the Performance Shares has not yet occurred, no amount would be payable.

Name of Executive Officer	Salary Continuation (\$)	Value of Continued Health Care Coverage Premiums (\$)(1)	Total (\$)
Sigmund Anderman	730,000	26,862	756,862

If Mr. Anderman elects to receive continued healthcare coverage pursuant to the provisions of COBRA, he will be (1) eligible for reimbursement or direct payment of COBRA coverage premiums for the executive and any dependents for up to a maximum of 24 months. If Mr. Anderman and/or his dependents become eligible for healthcare coverage under a subsequent employer's plans, payment of health care coverage premiums will cease.

Potential Payments Upon Termination Following a Change in Control

The following table sets forth quantitative estimates of the benefits that would have accrued to Mr. Anderman pursuant to Mr. Anderman's employment agreement and the change in control severance agreement entered into with each other named executive officer, each as described above under "—Offer Letters and Employment Agreements," if their employment had been terminated by us other than for cause or as a result of a constructive termination within 24 months following a change in control consummating on December 31, 2012 for Mr. Anderman and within 60 days prior to or 12 months following a change in control consummating on December 31, 2012 for all other named executive officers.

Name of Executive Officer	Salary Continuation (\$)	Value of Accelerated Equity Awards (\$)(1)	Value of Continued Health Care Coverage Premiums (\$)	Total (\$)
Sigmund Anderman	730,000	2,566,557	13,431 (2)	3,309,988
Edgar Luce	260,000	1,282,724	19,710 (3)	1,562,434
Jonathan Corr	260,000	4,406,461	19,710 (3)	4,686,171
Limin Hu	260,000	1,282,724	19,710 (3)	1,562,434
Elisa Lee	250,000	881,980	13,431 (3)	1,145,411

Amounts calculated based on the aggregate amount by which the fair market value of the common stock subject to unvested equity awards exceeded the aggregate exercise price of the awards as of December 31, 2012, using (1) \$27.75 per share, the closing trading price of our common stock as of that date. This value does not include the Performance Shares which accelerate automatically upon a change in control, for the value of the Performance Shares, please see the table above under "—Potential Payments Upon a Change in Control."

If Mr. Anderman elects to receive continued healthcare coverage pursuant to the provisions of COBRA, he will be eligible for reimbursement or direct payment of COBRA coverage premiums for himself and any dependents. If (2) Mr. Anderman and/or his dependents become eligible for healthcare coverage under a subsequent employer's plans, payment of health care coverage premiums will cease.

If Messrs. Luce, Corr, Hu and Ms. Lee elect to receive COBRA pursuant to provisions of their change of control severance agreements, each will be eligible for reimbursement or direct payment of COBRA premiums for himself (3) or herself and dependents, for up to a maximum of 12 months. The value of continued healthcare is based on benefit premiums for 2012.

Proprietary Information and Inventions Agreements

Each of our named executive officers has entered into a standard form agreement with respect to proprietary information and inventions. Among other things, this agreement obligates each named executive officer to refrain from disclosing any of our proprietary information received during the course of employment and, with some exceptions, to assign to us any inventions conceived or developed during the course of employment.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The material in this report is not “soliciting material,” is not deemed “filed” with the SEC and is not to be incorporated by reference into any filing of Ellie Mae under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended.

The primary purpose of the audit committee is to oversee our financial reporting processes on behalf of the Board. The audit committee’s functions are more fully described in its charter, which is available on our website at <http://ir.elliemae.com>. Management has the primary responsibility for our financial statements and reporting processes, including our systems of internal controls. In fulfilling its oversight responsibilities, the audit committee reviewed and discussed with management our audited consolidated financial statements as of and for the year ended December 31, 2012.

The audit committee has discussed with Grant Thornton LLP, the Company’s independent registered public accounting firm, the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1, AU section 380) as adopted by the Public Company Accounting Oversight Board (“PCAOB”) in Rule 3200T. In addition, the audit committee discussed with Grant Thornton LLP their independence, and received from Grant Thornton LLP the written disclosures and the letter required by Ethics and Independence Rule 3526 of the PCAOB. Finally, the audit committee discussed with Grant Thornton LLP, with and without management present, the scope and results of Grant Thornton LLP’s audit of such financial statements.

Based on these reviews and discussions, the audit committee has recommended to the Board that such audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2012 for filing with the SEC. The audit committee also has engaged Grant Thornton LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2013 and is seeking ratification of such selection by the stockholders.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

We describe below transactions and series of similar transactions, during our last fiscal year or currently proposed, to which we were a party or will be a party, in which:

the amounts involved exceeded or will exceed \$120,000; and
any of our directors, executive officers, holders of more than 5% of our common stock or any member of their immediate family had or will have a direct or indirect material interest.

Investors' Rights Agreement

We are party to an investors' rights agreement which provides that certain holders of our common stock have the right to demand that we file a registration statement or request that their shares be covered by a registration statement that we are otherwise filing.

Transactions with Directors

Director Carl Buccellato served as the chief executive officer of SavingStreet (formerly New Casa 188, LLC) from May 2008 until February 2012 and owns 32% of the membership interests of SavingStreet. On February 16, 2008, we entered into a strategic relationship agreement with SavingStreet, which was subsequently amended and restated on June 15, 2010, pursuant to which we provided to SavingStreet certain information from borrowers who consent to the distribution of such information, SavingStreet used this borrower information to market certain move-related and home ownership-related products and services and we are entitled to receive 20% of SavingStreet's net income until investors have recouped their initial investment, and then 50% of its net income thereafter. In connection with this transaction, we issued to SavingStreet a five-year warrant to purchase up to 133,333 shares of our common stock at an exercise price of \$5.94 per share. This warrant may only be exercised at any time after we have received an aggregate of \$5.0 million pursuant to the agreement and prior to the termination date of the warrant, which was December 31, 2012. The agreement was amended effective July 1, 2010 to specify additional marketing, sales and funding responsibilities for both parties, as well as to introduce additional protection measures for customer data utilized in connection with the agreement. On August 10, 2011, we entered into another amendment to the strategic relationship agreement with SavingStreet to enable the parties to offer to Encompass users a lead generation service, referred to as the Early Alert Program. Pursuant to this amendment, SavingStreet agreed to design, develop, administer, maintain and deliver the Early Alert Program and we agreed to market and sell this program to our Encompass users. The parties would equally share in the revenue received from the Early Alert Program, after deducting third party lead generation costs. The strategic relationship agreement was further amended effective November 1, 2011 to engage Exito Consulting LLC, or Exito, to provide certain marketing and sales services and assist in the market validation of a borrower retention service to our Encompass users. As part of this amendment, we agreed to pay Exito \$12,000 per month in arrears for services performed beginning in November 1, 2011 through February 29, 2012, and we have the right to terminate any and all agreements and arrangements with SavingStreet in the event that, at any time after the end of the engagement of Exito, we determine that such a borrower retention service is not beneficial (financially or otherwise) to the Company. On March 27, 2012, we terminated our existing agreements and arrangements with SavingStreet. A general manager of SavingStreet has ownership interests in Exito. As of December 31, 2012, we have not been paid any profit-sharing amounts pursuant to the agreement and the warrant terminated by its own terms on December 31, 2012.

Other Transactions

We entered into change of control agreements with certain of our executive officers that, among other things, provide for certain severance and change of control benefits. For a description of these agreements, see "Compensation Discussion and Analysis—Termination-Based Compensation."

We have granted stock options to our executive officers and all of our directors. For a description of these options, see “Compensation Discussion and Analysis—Grants of Plan-Based Awards in 2012 Table.”

We have entered into indemnification agreements with each of our current directors and officers. These agreements provide for the indemnification of our directors and officers for certain expenses and liabilities incurred in connection with any action, suit, proceeding or alternative dispute resolution mechanism, or hearing, inquiry or investigation that may lead to the foregoing, to which they are a party, or are threatened to be made a party, by reason of the fact that they are or were a director, officer, employee, agent or fiduciary of the Company, or any of our subsidiaries, by reason of any action or inaction by them while serving as an officer, director, agent or fiduciary, or by reason of the fact that they were serving at our request as a director, officer, employee, agent or fiduciary of another entity. Under the indemnification agreements, indemnification will only be provided in situations where the indemnified parties acted in good faith and in a manner they reasonably believed to be in or not opposed to our best interest, and, with respect to any criminal action or proceeding, to situations where they had no reasonable cause to believe the conduct was unlawful. In the case of an action or proceeding by or in the right of the Company or any of our subsidiaries, no indemnification will be provided for any claim where a court determines that the indemnified party is prohibited from receiving indemnification.

Other than as described above under this section “Certain Relationships and Related Transactions,” since the beginning of last year, we have not entered into any transactions, nor are there any currently proposed transactions, between us and a related party where the amount involved exceeds, or would exceed, \$120,000, and in which any related person had or will have a direct or indirect material interest. We believe the terms of the transactions described above were comparable to terms we could have obtained in arm’s length dealings with unrelated third parties.

Policies and Procedures for Related Party Transactions

The Board has adopted a written policy to set forth the policies and procedures for the review and approval or ratification of related party transactions. This policy covers any transaction, arrangement or relationship, or any series of similar transactions, arrangements or relationships in which we are to be a participant, the amount involved exceeds \$120,000 and a related person had or will have a direct or indirect material interest, including purchases of goods or services by or from the related person or entities in which the related person has a material interest, indebtedness, guarantees of indebtedness and employment by us of a related person. The audit committee is responsible for reviewing and either approving or rejecting such proposed transactions, agreements or relationships and, in doing so, will consider the relevant facts and circumstances available and deemed relevant to them, including, but not limited to, the risks, costs and benefits to us, the terms of the agreement, the availability of other sources for comparable services or products, and, if applicable, the impact on a director’s independence. No director may participate in the approval of a related party transaction for which he is a related party. We adopted a written Code of Business Conduct and Ethics which requires that directors, officers and employees make appropriate disclosure of potential conflicts of interest situations to their supervisor or our general counsel, as appropriate.

OTHER MATTERS

The Board knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the Annual Meeting, it is the intention of the persons named in the accompanying proxy to vote on such matters in accordance with their best judgment.
