PROXY STATEMENT FOR THE
2013 ANNUAL MEETING OF STOCKHOLDERS

GENERAL INFORMATION

The enclosed Proxy is solicited on behalf of the Board of Directors of NETGEAR, Inc., a Delaware corporation, for use at the Annual Meeting of Stockholders. The Board of Directors has made these materials available to you on the Internet or in printed proxy materials in connection with the solicitation of proxies for use at its 2013 Annual Meeting of Stockholders, which will take place at 10:00 a.m. Pacific Daylight Time on Friday, May 31, 2013 at its executive offices located at 350 East Plumeria Drive, San Jose, California 95134.

This proxy statement contains important information regarding our annual meeting. Specifically, it identifies the proposals on which you are being asked to vote, provides information you may find useful in determining how to vote and describes the voting procedures.

We use several abbreviations in this proxy statement. We may refer to our Company as “NETGEAR”, “we,” “us” or “our.” The term “proxy materials” includes this proxy statement and our Annual Report on Form 10-K for the year ended December 31, 2012, as well as the proxy or voter instruction card if you received or requested printed proxy materials.

We are mailing the proxy materials on or about April 16, 2013 to all of our stockholders as of the record date, April 1, 2013. Stockholders who owned NETGEAR common stock at the close of business on April 1, 2013 are entitled to attend and vote at the annual meeting. On the record date, approximately 38,497,992 shares of our common stock were issued and outstanding and no shares of our preferred stock were issued and outstanding. We had 26 stockholders of record as of the record date and our common stock was held by approximately 19,334 beneficial owners.

You may also view this proxy statement, as well as our Annual Report on Form 10-K for the year ended December 31, 2012, online at the following address: <http://materials.proxyvote.com/64111Q>.

Notice Regarding the Availability of Proxy Materials

Pursuant to rules adopted by the Securities and Exchange Commission, we have elected to provide access to the proxy materials over the Internet. Accordingly, we are sending a Notice Regarding the Availability of Proxy Materials (the “Notice”) to some of our stockholders. All stockholders will have the ability to access the proxy materials on the website referred to in the proxy materials and on the website referred to in the Notice. Instructions on how to access the proxy materials over the Internet or to request a printed copy may be found in the Notice.

Voting Procedures

As a stockholder, you have the right to vote on certain business matters affecting us. The four (4) proposals that will be presented at the annual meeting, and upon which you are being asked to vote, are discussed in the sections entitled “Proposal One,” “Proposal Two,” “Proposal Three,” and “Proposal Four.” Each share of NETGEAR common stock you own entitles you to one vote.

Methods of Voting

Voting by Mail. If you received or requested printed proxy materials, then by signing and returning the proxy or voter instruction card according to the enclosed instructions, you are enabling our Chairman and Chief Executive Officer, Patrick C.S. Lo, and our Chief Financial Officer, Christine M. Gorjanc, who are named on the proxy as “proxies and attorneys-in-fact,” to vote your shares as proxy holders at the meeting in the manner you indicate. We encourage you to sign and return the proxy or voter instruction card even if you plan to attend the meeting. In this way, your shares will be voted even if you are unable to attend the meeting.

Your shares will be voted in accordance with the instructions you indicate on the proxy or voter instruction card. If you submit the proxy or voter instruction card, but do not indicate your voting instructions, your shares will be voted as follows:

1

FOR the election of the director nominees identified in Proposal One;
FOR the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2013;
FOR the non-binding advisory proposal regarding executive compensation; and
FOR the approval of the Executive Bonus Plan.

Voting over the Internet. If you received the Notice (as described above), you can vote by proxy over the Internet by following the instructions provided on the Notice.

Voting in Person at the Meeting. If you plan to attend the annual meeting and vote in person, we will provide you with a ballot at the meeting. If your shares are registered directly in your name, you are considered the stockholder of record and you have the right to vote in person at the meeting. If your shares are held in the name of your broker or other nominee, you are considered the beneficial owner of shares held in your name, but if you wish to vote at the meeting, you will need to bring with you to the annual meeting a legal proxy from your broker or other nominee authorizing you to vote these shares.

To reduce the expenses of delivering duplicate voting materials to our stockholders who may have more than one NETGEAR stock account, we are delivering only one set of the voting materials to certain stockholders who share an address unless otherwise requested. For stockholders receiving printed proxy materials, a separate proxy card is included in the voting materials for each of these stockholders. If you share an address with another stockholder and have received only one set of voting materials, you may request a separate copy of these materials at no cost to you by writing our Corporate Secretary at NETGEAR, Inc., 350 East Plumeria Drive, San Jose, California 95134, or calling our Corporate Secretary at (408) 907-8000. For future annual meetings, you may request separate voting materials, or request that we send only one set of voting materials to you if you are receiving multiple copies, by writing or calling our Corporate Secretary. You may receive a copy of NETGEAR's Annual Report on Form 10-K for the year ended December 31, 2012, including the Consolidated Financial Statements, schedules and list of exhibits, and any particular exhibit specifically requested by sending a written request to NETGEAR, Inc., 350 East Plumeria Drive, San Jose, California 95134, Attn: Corporate Secretary.

Revoking Your Proxy

You may revoke your proxy at any time before it is voted at the annual meeting. In order to do this, you may do any of the following:

- sign and return another proxy bearing a later date;
- provide written notice of the revocation to the Company's Corporate Secretary, at NETGEAR, Inc., 350 East Plumeria Drive, San Jose, California 95134, prior to the time we take the vote at the annual meeting; or
- attend the meeting and vote in person.

Quorum Requirement

A quorum, which is a majority of our outstanding shares as of the record date, must be present in order to hold the meeting and to conduct business. Your shares will be counted as being present at the meeting if you appear in person at the meeting, if you vote over the Internet, or if you submit a properly executed proxy or voter instruction card.

Votes Required for Each Proposal

The vote required, and method of calculation for the proposals to be considered at the annual meeting, are as follows:

Edgar Filing: NETGEAR, INC - Form DEF 14A

Proposal One - Election of Directors. The nine (9) director nominees receiving the highest number of votes, in person or by proxy, will be elected as directors. You may vote (i) "for" all nominees, (ii) "withhold" for all nominees or (iii) "withhold" for certain nominees by indicating the name(s) of such nominees on your proxy or voter instruction card.

Proposal Two - Ratification of the Appointment of PricewaterhouseCoopers LLP as Our Independent Registered Public Accounting Firm for the Fiscal Year Ending December 31, 2013. Ratification of PricewaterhouseCoopers LLP as our independent registered public accounting firm will require the affirmative vote of a majority of the shares present at the annual meeting and entitled to vote, in person or by proxy. You may vote "for," "against," or "abstain"

Table of Contents

from voting on this proposal.

Proposal Three - Approval of the Non-Binding Advisory Proposal Regarding Executive Compensation. Approval of the non-binding advisory proposal regarding executive compensation will require the affirmative vote of a majority of the shares present at the annual meeting and entitled to vote, in person or by proxy. You may vote “for,” “against,” or “abstain” from voting on this proposal.

Proposal Four - Approval of the Executive Bonus Plan. Approval of the Executive Bonus Plan will require the affirmative vote of a majority of the shares present at the annual meeting, in person or by proxy. You may vote “for,” “against,” or “abstain” from voting on this proposal.

Abstentions

If you return a proxy or voter instruction card that indicates an abstention from voting on all matters, the shares represented will be counted as present for the purpose of determining a quorum, but they will not be voted on any matter at the annual meeting. Consequently, if you abstain from voting on Proposals Two, Three or Four, your abstention will have the same effect as a vote against such Proposal(s).

Broker Non-Votes

A “broker non-vote” occurs when a broker holding shares for a beneficial owner does not vote on a particular proposal because the broker does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner as to how to vote on that proposal. Broker non-votes are counted for the purpose of determining the presence or absence of a quorum but are not counted for determining the number of votes cast for or against a proposal.

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in “street name.” If you hold your shares in street name it is critical that you cast your vote if you want it to count in the election of directors (Proposal One), the approval of our executive compensation, on an advisory basis (Proposal Three), and the approval of the adoption of the Executive Bonus Plan (Proposal Four). For more information on this topic, see Securities and Exchange Commission Investor Alert issued in March 2012 entitled “Voting in Annual Shareholder Meetings - What's New in 2012” at <http://www.sec.gov/investor/alerts/votinginannualshareholdersmeetings.pdf>. Thus, if you hold your shares in street name and you do not instruct your bank, broker or other nominee how to vote for Proposal One, Proposal Three or Proposal Four, no votes will be cast on your behalf for those Proposals. In addition, broker non-votes will have the same effect as a vote against Proposal Three and Proposal Four.

Your bank, broker or other nominee will, however, continue to have discretion to vote any uninstructed shares on the ratification of the appointment of our independent registered public accounting firm (Proposal Two).

Proxy Solicitation Costs

We will bear the entire cost of proxy solicitation, including the preparation, assembly, printing and mailing of proxy materials. We expect our Corporate Secretary, Andrew W. Kim, to tabulate the proxies and act as inspector of the election. We may reimburse brokerage firms, custodians, nominees, fiduciaries and other persons representing beneficial owners of Common Stock for their reasonable expenses in forwarding solicitation material to such beneficial owners. Our directors, officers and employees may also solicit proxies in person or by other means of communication. Such directors, officers and employees will not be additionally compensated but may be reimbursed for reasonable out-of-pocket expenses in connection with such solicitation.

Deadline for Receipt of Stockholder Proposals for 2014 Annual Meeting

As a stockholder, you may be entitled to present proposals for action at a forthcoming meeting if you comply with the requirements of the proxy rules established by the Securities and Exchange Commission. Proposals by our stockholders intended to be presented for consideration at our 2014 Annual Meeting of Stockholders must be received by us no later than December 17, 2013 (120 calendar days prior to the anniversary of the mailing date of this proxy statement), in order that they may be included in the proxy statement and form of proxy related to that meeting. The submission of the stockholder proposal does not guarantee that it will be included in our 2014 proxy statement.

The Securities and Exchange Commission rules establish a different deadline with respect to discretionary voting for stockholder proposals that are not intended to be included in a company's proxy statement. The proxy card grants the proxy holders discretionary authority to vote on any matter raised at the annual meeting. The discretionary vote deadline for our 2014 Annual

Meeting is March 2, 2014, which is 45 calendar days prior to the anniversary of the mailing date of this proxy statement. If a stockholder gives notice of a proposal after the discretionary vote deadline, our proxy holders will be allowed to use their discretionary voting authority to vote against the stockholder proposal when and if the proposal is raised at our 2014 Annual Meeting.

In addition, our amended and restated bylaws establish an advance notice procedure with regard to specified matters, including stockholder proposals and director nominations, which are proposed to be properly brought before an Annual Meeting of Stockholders. To be timely, a stockholder's notice shall be delivered no less than 120 days prior to the date of the annual meeting specified in the proxy statement provided to stockholders in connection with the preceding year's annual meeting, which is January 31, 2014 in connection with our 2014 Annual Meeting of Stockholders. In the event that no annual meeting was held in the previous year or the date of the annual meeting is changed by more than 30 days from the date contemplated at the time of the previous year's proxy statement, notice by the stockholder must be received not later than the tenth (10th) business day following the day notice of the date of the meeting was mailed or public disclosure was made, whichever occurs first. A stockholder's notice shall include: (i) a brief description of the business desired to be brought before the annual meeting and the reasons for conducting such business at the annual meeting, (ii) the name and address of the stockholder proposing such business, (iii) the class and number of shares of our stock which are beneficially owned by the stockholder, (iv) any material interest of the stockholder in such business and (v) any other information required by the Securities Exchange Act of 1934, as amended (the "1934 Act"). In addition, if a stockholder wishes to nominate a candidate for director, the stockholder's notice shall also include the following information for the candidate: (i) name, age, business address and residence address of such nominee, (ii) principal occupation or employment of such nominee, (iii) class and number of shares of our stock beneficially owned by such nominee, (iv) description of all arrangements or understandings between the stockholder and the nominee and (v) any other information required by the 1934 Act (including the candidate's written consent to being named in the proxy statement as a nominee and to serving as a director if elected). A copy of the full text of our amended and restated bylaws is available from our Corporate Secretary upon written request. Proposals should be sent to our Corporate Secretary, c/o NETGEAR, Inc., 350 East Plumeria Drive, San Jose, California 95134.

Stockholder Communications to Directors

Stockholders may communicate directly with any of our directors by writing to them c/o NETGEAR, Inc., 350 East Plumeria Drive, San Jose, California 95134. Unless the communication is marked "confidential," our Corporate Secretary will monitor these communications and provide appropriate summaries of all received messages to the Chairperson of our Nominating and Corporate Governance Committee. Any stockholder communication marked "confidential" will be logged as "received" but will not be reviewed by the Corporate Secretary. Such confidential correspondence will be immediately forwarded to the Chairperson of the Nominating and Corporate Governance Committee for appropriate action. Where the nature of a communication concerns questionable accounting or auditing matters, such communication will be directed to the Audit Committee and our Corporate Secretary will log the date of receipt of the communication as well as (for non-confidential communications) the identity of the correspondent in the Company's records.

Our Board of Directors has determined that all members of the Compensation Committee meet the non-employee director definition of Rule 16b-3 promulgated under Section 16 of the 1934 Act, the outside director definition of Section 162(m) of the Internal Revenue Code of 1986, as amended, and the independence standards of the applicable NASDAQ Marketplace Rules. Mr. Faison serves as chairman of our Compensation Committee. The Compensation Committee may form and delegate authority to subcommittees (consisting solely of Compensation Committee members) when appropriate.

Nominating and Corporate Governance Committee

Our Board of Directors formed a Nominating and Corporate Governance Committee and adopted its written charter in April 2004. A copy of our current amended and restated Nominating and Corporate Governance Committee charter is available on the investor relations section of our website at www.netgear.com. None of the members of the Nominating and Corporate Governance Committee is an employee of NETGEAR. Mr. Lacy serves as chairman of our Nominating and Corporate Governance Committee.

Policy for Director Recommendations and Nominations

The Nominating and Corporate Governance Committee considers candidates for Board membership suggested by members of our Board of Directors, management and stockholders. It is the policy of the Nominating and Corporate Governance Committee to consider recommendations for candidates to our Board of Directors from stockholders who have provided the following written information: the candidate's name; home and business contact information; detailed biographical data and qualifications; information regarding any relationships between the candidate and NETGEAR within the last three years; and evidence of the nominating person's ownership or beneficial ownership of NETGEAR stock and amount of stock holdings. The Nominating and Corporate Governance Committee will consider persons recommended by our stockholders in the same manner as a nominee recommended by our Board of Directors, individual Board members or management.

In addition, a stockholder may nominate a person directly for election to our Board of Directors at an annual meeting of our stockholders provided they meet the requirements set forth in our amended and restated bylaws and the rules and regulations of the Securities and Exchange Commission related to stockholder proposals. The process for properly submitting a stockholder proposal, including a proposal to nominate a person for election to our Board of Directors at an annual meeting, is described above in the section entitled "General Information - Deadline for Receipt of Stockholder Proposals for 2014 Annual Meeting."

Where the Nominating and Corporate Governance Committee has either identified a prospective nominee or determines that an additional or replacement director is required, the Nominating and Corporate Governance Committee may take such measures that it considers appropriate in connection with its evaluation of a director candidate, including candidate interviews, inquiry of the person or persons making the recommendation or nomination, engagement of an outside search firm to gather additional information, or reliance on the knowledge of the members of the committee, the Board or management. In its evaluation of director candidates, including the members of our Board of Directors eligible for re-election, the Nominating and Corporate Governance Committee considers, among other factors:

- the current size and composition of the Board of Directors and the needs of the Board of Directors and the respective committees of the Board; and

- such factors as judgment, independence, character and integrity, area of expertise, diversity of experience, length of service, and actual or potential conflicts of interest.

With respect to diversity, the Nominating and Corporate Governance Committee also focuses on various factors such as diversity of gender, race and national origin, education, professional experience and differences in viewpoints and skills. The Nominating and Corporate Governance Committee does not have a formal policy with respect to diversity; however, the Board and the Nominating and Corporate Governance Committee believe that it is essential that the Board members represent diverse viewpoints.

In connection with its evaluation, the Nominating and Corporate Governance Committee determines whether it will interview potential nominees. After completing the evaluation and review, the Nominating and Corporate Governance Committee may nominate the nominee(s) for election to our Board of Directors.

We maintain a corporate governance page on the investor relations section of our website at www.netgear.com. A majority of the members of the Board are independent directors, as defined by the NASDAQ Marketplace rules. Independent directors do not receive consulting, legal or other fees from us other than standard Board and Committee compensation.

Mr. Lacy has served as the lead independent outside director since April 2006.

The independent directors of the Board meet regularly without the presence of management.

The Board has adopted a code of ethics that is applicable to all of our employees, officers and directors. This code is intended to deter wrongdoing and promote ethical conduct. Directors, officers and employees are required to complete annual surveys relating to their knowledge of any violation of legal requirements or the code of ethics, including any violations of our anti-corruption compliance policy. We will post any amendments to, or waivers from, our code of ethics on our website.

Directors stand for re-election every year.

The Audit, Compensation and Nominating and Corporate Governance Committees each consist entirely of independent directors.

The charters of the Board committees clearly establish their respective roles and responsibilities.

At least annually, the Board reviews our business initiatives, capital projects and budget matters.

The Audit Committee reviews and approves all related party transactions.

The Board has implemented a process of periodic self-evaluation of the Board and its Committees.

As part of our Whistleblower Policy, we have made a “whistleblower” hotline available to anyone, including all employees, for anonymous reporting of financial or other concerns. The Audit Committee receives directly, without management participation, all hotline activity reports, including complaints on accounting, internal controls or auditing matters.

Directors are encouraged to attend our annual meeting. While their attendance is not required, at the 2012 Annual Meeting of Stockholders, every one of our directors who was a director at that time was in attendance in person.

Directors and officers are encouraged to hold and own common stock of the Company to further align their interests and actions with the interest of our stockholders, pursuant to our director and officer stock ownership guidelines.

Under our insider trading policy, directors and employees, including our executive officers, are prohibited from hedging or pledging of the Company's securities and from investing in derivatives of the Company's securities.

Board Leadership Structure

The Board believes that the Company's Chief Executive Officer is best situated to serve as Chairman because he is the director most familiar with the Company's business and industry, and most capable of effectively identifying strategic priorities and leading any discussion about the Company's business. The Board and management have different perspectives and roles in strategy development. The Company's independent directors bring experience, oversight and expertise from outside the Company and from industry, while the Chief Executive Officer brings company-specific experience and expertise. The Board believes that the combined role of Chairman and Chief Executive Officer

promotes strategy development and execution, and facilitates information flow between management and the Board, which are essential to effective governance.

One of the key responsibilities of the Board is to develop strategic direction and hold management accountable for the execution of strategy once it is developed. The Board believes the combined role of Chairman and Chief Executive Officer, together with a lead independent director having the duties described below, is in the best interest of stockholders because it provides the appropriate balance between strategy development and independent oversight of management.

Lead Independent Director

Mr. Lacy has served as the lead independent director since April 2006. Mr. Lacy also serves as the chairman of the Nominating and Corporate Governance Committee. As the lead independent director, Mr. Lacy has the responsibility of presiding at all executive

sessions of the Board, consulting with the Chairman and Chief Executive Officer on Board and committee meeting agendas, acting as a liaison between management and the non-management directors, including maintaining frequent contact with the Chairman and Chief Executive Officer and advising him or her on the efficiency of the Board meetings, and facilitating teamwork and communication between the non-management directors and management.

Director Compensation

Our non-employee directors receive a \$25,000 annual retainer. The chairperson of the Audit Committee is also paid an additional annual retainer of \$10,000, and each chairperson of our other committees is also paid an additional annual retainer of \$4,000. In addition, the lead independent director receives an additional annual retainer of \$5,000. Retainers are paid on a quarterly basis after the end of each quarter.

Our non-employee directors receive \$1,000 per meeting attended and are entitled to reimbursement of travel (first-class domestic and business-class international) and other related expenses incurred in connection with their attendance at meetings of the Board of Directors and committee meetings. The chairperson of the Audit Committee receives an additional \$1,000 per committee meeting or sub-meeting with management attended, and the chairperson of the Compensation Committee and of the Nominating and Corporate Governance Committee each receives an additional \$500 per meeting attended. Meeting fees are aggregated and paid on a quarterly basis after the end of each quarter.

Upon joining the Board, a non-employee director is eligible to receive an initial grant of 8,000 restricted stock units. The restricted stock units will vest 1/3 on each anniversary of the grant date, so that the entire grant will be fully vested over a three year period, subject to continued service through such dates.

On an annual basis, a non-employee director who has been a director for at least six months at the time of our annual stockholders meeting is eligible to receive a grant of 6,000 restricted stock units, which will be fully vested on the date of the following year's annual stockholders meeting. However, in the past, as a result of an insufficient amount of restricted stock units available for grant, we have also granted a combination of options and restricted stock units in lieu of such annual grant of 6,000 restricted stock units. The exercise price per share of the options was the closing price of the Company's common stock on the NASDAQ Stock Market on the date of grant. The restricted stock units and the options shall all become fully vested on the date of the following year's annual stockholders meeting, subject to continued service through such date.

In order to encourage continuing director education, the Nominating and Corporate Governance Committee has also established a budget for director education of \$6,000 over any two-year period for each director. Directors serving on multiple boards are encouraged to obtain pro rata reimbursement of their director education expenses from each corporation that they serve.

Risk Management

The Board has an active role, as a whole and also at the committee level, in overseeing management of the Company's risks. The Board regularly reviews information regarding the Company's credit, liquidity and operations, as well as the risks related thereto. The Company's Compensation Committee is generally responsible for overseeing the management of risks relating to the Company's executive compensation plans and arrangements. The Audit Committee oversees management of financial risks. The Nominating and Corporate Governance Committee manages risks associated with the independence of the Board of Directors and potential conflicts of interest. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board of Directors is regularly informed through committee reports about such risks. In addition, the Company has a Risk Committee that reports to the Board regarding enterprise risk. The Risk Committee is led by the Company's internal

audit team and is composed of department heads and leaders across the Company. The Risk Committee meets on a regular basis and reviews enterprise risk across the Company's various functional groups.

The guidelines require our directors to own a minimum of 5,000 shares of NETGEAR common stock. Directors have a five year period in which to achieve the required compliance level. Shares owned directly by a director and unvested restricted stock units are counted toward the guidelines. All of our directors are currently in compliance with the guidelines.

PROPOSAL TWO

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

In accordance with its charter, the Audit Committee has selected PricewaterhouseCoopers LLP, independent registered public accounting firm, to audit our financial statements for the fiscal year ending December 31, 2013 and, with the endorsement of our Board of Directors, recommends to stockholders that they ratify that appointment. PricewaterhouseCoopers LLP served in this capacity for the year ended December 31, 2012. A representative of PricewaterhouseCoopers LLP will be present at the annual meeting and will have the opportunity to make a statement if he or she desires to do so and be available to answer any appropriate questions.

Audit and Related Fees

The following table is a summary of the fees billed to us by PricewaterhouseCoopers LLP for professional services for the years ended December 31, 2012 and December 31, 2011:

Fee Category	2012 Fees	2011 Fees
Audit Fees	\$1,620,904	\$1,455,023
Audit-Related Fees	7,060	10,755
Tax Fees	230,089	152,213
All Other Fees	3,600	3,600
Total Fees	\$1,861,653	\$1,621,591

Audit Fees. Consists of fees billed for professional services rendered for the audit of our consolidated financial statements and internal control over financial reporting and review of our quarterly interim consolidated financial statements, as well as services that are normally provided by PricewaterhouseCoopers LLP in connection with statutory and regulatory filings or engagements.

Audit-Related Fees. Consists of fees billed for consultations in connection with Sarbanes-Oxley compliance, acquisitions, as well as financial accounting and reporting standards.

Tax Fees. Consists of fees billed for professional services including assistance regarding federal, state and international tax compliance and related services, as well as professional services for tax advice and tax planning.

All Other Fees. Consists of fees billed for use of an online accounting research tool provided by PricewaterhouseCoopers LLP.

Before selecting and prior to determining to continue its engagement for 2013 with PricewaterhouseCoopers LLP, the Audit Committee carefully considered PricewaterhouseCoopers LLP's qualifications as an independent registered public accounting firm. This included a review of the qualifications of the engagement team, the quality control procedures the firm has established, as well as its reputation for integrity and competence in the fields of accounting and auditing. The Audit Committee's review also included matters required to be considered under the Securities and Exchange Commission's rules on auditor independence, including the nature and extent of non-audit services, to ensure that the auditors' independence will not be impaired. The Audit Committee pre-approves all audit and non-audit services provided by PricewaterhouseCoopers LLP, or subsequently approves non-audit services in those circumstances where a subsequent approval is necessary and permissible. All of the services provided by PricewaterhouseCoopers LLP described under "Audit-Related Fees," "Tax Fees," and "All Other Fees" were pre-approved by the Audit Committee. The Audit Committee of our Board of Directors has determined that the provision of non-audit related services by PricewaterhouseCoopers LLP is compatible with maintaining the independence of PricewaterhouseCoopers LLP as our independent registered public accounting firm.

Vote Required and Board of Directors' Recommendation

Stockholder ratification of the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm is not required by our amended and restated bylaws or other applicable legal requirement. However, our Board of Directors is submitting the selection of PricewaterhouseCoopers LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, our Audit Committee and Board of Directors will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee at its discretion may direct the appointment of a

different independent registered public accounting firm at any time during the year if it determines that such a change would be in our best interests and in the best interests of our stockholders.

The affirmative vote by a majority of shares present in person or by proxy at the annual meeting and entitled to vote is required to approve this proposal. Our Board of Directors has unanimously approved this proposal and recommends that stockholders vote "FOR" the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2013.

PROPOSAL THREE

APPROVAL OF NON-BINDING ADVISORY VOTE ON EXECUTIVE COMPENSATION

Executive compensation is an important matter for NETGEAR and our stockholders. This proposal gives our stockholders the opportunity to cast an advisory vote to approve compensation to our executive officers set forth in the Summary Compensation Table (the “Named Executive Officers”).

Our executive compensation programs aim to address a number of objectives, such as attracting and retaining highly qualified executive officers, rewarding individual contribution, loyalty, teamwork and integrity, and motivating our Named Executive Officers to achieve returns for our stockholders. We believe our compensation program is strongly aligned with the long-term interests of our stockholders. Furthermore, we believe that the various elements of our executive compensation program combine to promote our goal of ensuring that total compensation should be related to both NETGEAR's performance and individual performance.

We urge you to carefully read the Compensation Discussion and Analysis (“CD&A”) section of this proxy statement for additional information regarding our executive compensation, including our compensation philosophy and objectives and the 2012 compensation of the Named Executive Officers. The following highlights important aspects of executive compensation with respect to our Named Executive Officers in fiscal year 2012:

• Approximately 65% of total compensation for executive officers is variable and tied to achievement of internal performance targets or Company performance;

• We granted long-term equity awards (four-year standard vesting) that link the interests of our Named Executive Officers with those of our stockholders;

• Named Executive Officers are not entitled to any tax gross-up treatment on any severance, change-of-control benefits or other benefits;

• We have clawback provisions for the executive bonus plan for Named Executive Officers and stock option and restricted stock unit award agreements for Named Executive Officers; and

• Minimum Company performance requirements for payment of annual cash incentive bonuses in 2012 were not achieved, and accordingly Named Executive Officers did not receive any annual cash incentive bonuses for 2012.

We believe the compensation program for the Named Executive Officers is instrumental in helping us try to achieve our financial performance and business goals. In 2012 our revenue grew to \$1.27 billion, representing an increase of \$90.9 million, or 7.7% over the prior year. We operate our business profitably, with net income of \$86.5 million in 2012. Our earnings and operational performance helped drive a cash, cash equivalents and short-term investments balance at the end of 2012 of \$376.9 million, an increase of \$23.2 million over the prior year-end.

We request stockholder approval of the compensation of our Named Executive Officers as disclosed pursuant to the requirements of Section 14A of the 1934 Act and the Securities and Exchange Commission's compensation disclosure rules (which disclosure includes the CD&A, the compensation tables and the narrative disclosures that accompany the compensation tables). Accordingly, we ask our stockholders to vote “FOR” the following resolution at the Annual Meeting:

“RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the Named Executive Officers, as disclosed in the Company's Proxy Statement for the 2013 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the

Compensation Discussion and Analysis, the compensation tables and the other related disclosure.”

Vote Required and Board of Directors' Recommendation

As an advisory vote, this proposal is not binding upon the Company. However, the Compensation Committee, which is responsible for designing and administering our executive compensation program, values the opinions expressed by stockholders in their vote on this proposal and will consider the outcome of the vote when making future compensation decisions for Named Executive Officers. The Company intends to conduct an advisory vote to approve the Company's executive compensation annually. The next such vote will be conducted at our 2014 Annual Meeting of Shareholders.

The affirmative vote by a majority of shares present in person or by proxy at the annual meeting and entitled to vote is required to approve this proposal. Our Board of Directors has unanimously approved this proposal and recommends that stockholders vote “FOR” the approval of the compensation of our Named Executive Officers.

PROPOSAL FOUR

APPROVAL OF THE EXECUTIVE BONUS PLAN

We are asking stockholders to re-approve our Executive Bonus Plan (the “Bonus Plan”). In particular, we are seeking stockholder approval of the material terms of the Bonus Plan for purposes of complying with Section 162(m) of the Internal Revenue Code of 1986, as amended (“Section 162(m)”). The Bonus Plan was last approved by stockholders at our 2008 Annual Meeting of Stockholders. The Bonus Plan has not been changed in any material way since stockholders last approved the Bonus Plan.

If stockholders re-approve the Bonus Plan, the Company may continue to be eligible to receive a federal income tax deduction for certain compensation paid under the Bonus Plan. If stockholders do not re-approve the Bonus Plan, we may need to implement alternative incentive arrangements for our executives to achieve our goals of properly motivating and retaining our executives, but we may not receive a federal income tax deduction for some or all of the compensation paid under any such arrangement.

The following paragraphs provide a summary of the principal features of the Bonus Plan and its operation. The Bonus Plan is set forth in its entirety as Appendix A to this proxy statement. The following summary is qualified in its entirety by reference to Appendix A.

Purpose

The purpose of the Bonus Plan is to increase stockholder value and the success of the Company by motivating key executives to perform to the best of their abilities and to achieve the Company's objectives. The Bonus Plan accomplishes this by paying awards under the Bonus Plan only after the achievement of the specified goals.

The Bonus Plan also is designed to qualify as “performance-based” compensation under Section 162(m). Under Section 162(m), the Company may not receive a federal income tax deduction for compensation paid to our Chief Executive Officer and certain other highly compensated executive officers to the extent that any of these persons receives more than \$1 million in any one year. However, if we pay compensation that is “performance-based” under Section 162(m), the Company still can receive a federal income tax deduction for the compensation even if it is more than \$1 million during a single year. The Bonus Plan allows us to structure incentive compensation so that it may qualify as performance-based and therefore be tax deductible on the Company's federal income tax return.

Eligibility to Participate

The Compensation Committee selects which of our employees (and employees of our affiliates) will be eligible to receive awards under the Bonus Plan. The actual number of employees who will be eligible to receive an award during any particular year cannot be determined in advance because the Compensation Committee has discretion to select the participants. However, it is expected that our Chief Executive Officer and all of his direct reports will participate in the Bonus Plan in any year.

Target Awards and Performance Goals

Each performance period, the Compensation Committee assigns each participant a target award and performance goal or goals that must be achieved before an award actually will be paid to the participant. A performance period generally means a fiscal year, but the Compensation Committee may adjust this to any longer period but not in excess of three fiscal years. With respect to any participant, there will exist no more than three (3) performance periods under the Bonus Plan at any one time. The participant's target award is generally expressed as a percentage of his or her base

salary at the end of the fiscal year, but may be designated as a dollar amount or some other fashion as the Compensation Committee may determine.

The performance goals require the achievement of objectives for one or more of: cash flow; cash flow from operations; total earnings; earnings per share, diluted or basic; earnings per share from continuing operations, diluted or basic; earnings before interest and taxes; earnings before interest, taxes, depreciation, and amortization; pre-tax profit; earnings from operations; net asset turnover; inventory turnover; capital expenditures; net earnings; net operating earnings; gross or operating margin; profit margin, debt; working capital; return on equity; return on net assets; return on total assets; return on capital; return on investment; return on sales; net or gross sales; market share; economic value added; cost of capital; change in assets; expense reduction levels; debt reduction; productivity; new product introductions; delivery performance; safety record; stock price; individual objectives; and total stockholder return. The performance goals may differ from participant to participant and from award to award.

Table of Contents

After the performance period ends, the Compensation Committee certifies in writing the extent to which the pre-established performance goals actually were achieved or exceeded. The actual award that is payable to a participant is determined using a formula that increases or decreases the participant's target award based on the level of actual performance attained. However, the Bonus Plan limits actual awards to a maximum of \$3,000,000 per participant in any performance period, even if the formula otherwise indicates a larger award.

Actual awards are generally paid in cash no later than the fifteenth day of the third month after the completion of the fiscal year during which the bonus is earned. If a participant terminates employment before the end of the performance period in which the bonus is to be earned, the Compensation Committee has discretion to pay out part or all of the award otherwise earned.

Administration, Amendment and Termination

The Compensation Committee administers the Bonus Plan. Members of the Compensation Committee must qualify as outside directors under Section 162(m) in addition to meeting other qualifications mandated by our Compensation Committee Charter. Subject to the terms of the Bonus Plan, the Compensation Committee has sole discretion to:

- select the employees who will receive awards;
- determine the target award for each participant;
- determine the performance goals that must be achieved before any actual awards are paid;
- determine a formula to increase or decrease an award to reflect actual performance versus the predetermined performance goals;
- interpret the provisions of the Bonus Plan; and
- eliminate or reduce the actual award payable to a participant that which otherwise would be payable under the payout formula.

The Compensation Committee may amend or terminate the plan at any time and for any reason. An amendment also will be submitted for stockholder approval if necessary to maintain the Bonus Plan's compliance with Section 162(m).

Forfeitures

Notwithstanding anything to the contrary in the Bonus Plan, we may adjust the amount of any actual award to any participant that was previously determined based on our financial performance if (i) our financial statements are subsequently restated (whether or not the conduct of a participant resulted in the restatement), and (ii) in the judgment of a majority of independent members of the Board or the Compensation Committee, the financial statements as restated would have resulted in less of an actual award being paid to a participant. In such an event and as permitted by law, the participant may be required to repay all or a portion of the actual award as originally calculated or we may cancel the portion of any award not yet paid.

Awards to be Granted to Certain Individuals and Groups

Because awards under the Bonus Plan are determined based on actual performance, it is not presently possible to determine the dollar amounts that will be received by participants in the Bonus Plan in fiscal 2013 or in future years. However, set forth below are the target awards approved by the Compensation Committee for fiscal 2013. Payment of an actual award will be subject to the achievement of the pre-established performance goals.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information with respect to the beneficial ownership of our common stock as of March 15, 2013 by:

- each stockholder who we know beneficially owns more than 5% of our common stock;
- each of our directors and director nominees;
- each of our Named Executive Officers set forth in the Summary Compensation Table; and
- all of our current directors and executive officers as a group.

Beneficial ownership is determined in accordance with the rules and regulations of the Securities and Exchange Commission. In computing the number of shares beneficially owned by a person, and the percentage ownership of that person, shares of common stock subject to stock options or other rights held by that person that are currently exercisable or that will become exercisable within 60 days of March 15, 2013, are deemed outstanding. Such shares, however, are not deemed outstanding for the purpose of computing the percentage ownership of any other person.

Unless otherwise indicated below, the address of each beneficial owner listed in the table is c/o NETGEAR, Inc., 350 East Plumeria Drive, San Jose, California 95134. The percentages in the table below are based on 38,493,144 shares of our common stock outstanding as of March 15, 2013. Except as indicated in the footnotes to this table and pursuant to applicable community property laws, to our knowledge, each stockholder named in the table has sole voting and investment power with respect to the shares set forth opposite such stockholder's name. The information provided in this table is based on our records and information filed with the Securities and Exchange Commission, unless otherwise noted.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

NETGEAR is a global networking company that delivers innovative products to consumers, businesses and service providers. In 2012 our revenue grew to \$1.27 billion, representing an increase of \$90.9 million, or 7.7% year-over-year. We operate our business profitably, with net income of \$86.5 million in 2012. Our earnings and operational performance helped drive a cash, cash equivalents and short-term investments balance at the end of 2012 of \$376.9 million, an increase of \$23.2 million year-over-year.

The worldwide macroeconomic environment throughout 2012 proved challenging for us, especially during the second half of 2012. Despite this, we grew the business and were able to make important share gains in key areas worldwide. We remain committed to pursuing growth opportunities we see in smart homes, next generation service providers and 21st century small and medium-sized businesses. We have maintained financial discipline while continuing to drive innovation with continual investment in research and development. We have also maintained a strong balance sheet and continue to closely manage our expenses, inventory and cash.

In light of the various challenges facing our business, we believe the compensation program for our Named Executive Officers is instrumental in driving the Company's focus on long-term growth and strong financial performance. The compensation of our Named Executive Officers consists of three main elements: base salary, annual incentive compensation, and long-term incentive compensation. Compensation is based on overall company performance as well as individual performance. We continue to seek to have total compensation for Named Executive Officers at or near the median for our Peer Group, as identified below. We believe all of these factors help us achieve total compensation for our Named Executive Officers that is fair, reasonable and competitive.

General Compensation Philosophy

We compete in an aggressive and dynamic industry and, as a result, we believe that finding, motivating and retaining quality employees, particularly senior managers, sales personnel and technical personnel, are critical factors to our future success.

Our compensation programs aim to address a number of objectives, including attracting and retaining highly qualified executive officers, rewarding individual contribution, loyalty, teamwork and integrity, and motivating management to achieve returns for our stockholders. The Compensation Committee, as well as our Board of Directors, does not believe that our compensation policies encourage excessive risk taking by our executives or employees. Our programs are geared for short and long-term performance with the goal of increasing stockholder value over the long term. Our executive compensation program impacts all of our employees by setting general levels of compensation and helping to create an environment of goals, rewards and expectations. Because we believe the performance of every employee is important to our success, we are mindful of the effect executive compensation and incentive programs have on all of our employees.

We believe that the compensation of our executives should reflect their success as a management team in attaining key short term and long term operating objectives, such as growth of sales, operating margins and earnings per share, market share, long term competitive advantage, and ultimately, in attaining and sustaining an increased market price for our common stock. We believe that the performance of our executives in managing the Company, considered in light of general economic conditions, our company and industry, and competitive conditions, should be the basis for determination of their overall compensation. We also believe that their compensation should not be based on the short-term performance of our stock, whether favorable or unfavorable, as we expect the price of our stock will, in the long-term, reflect our operating performance, and ultimately, the management of the Company by our executives.

In June 2012, we held a stockholder advisory vote to approve the compensation of our Named Executive Officers, commonly referred to as a say-on-pay vote. Our stockholders overwhelmingly approved the compensation of our Named Executive Officers, with over 91% of stockholder votes cast in favor of our say-on-pay resolution. As we evaluated our compensation practices and talent needs throughout 2012, we were mindful of the strong support our stockholders expressed for our philosophy of linking compensation to our operating objectives and the enhancement of stockholder value. As a result, our Compensation Committee retained and continued our general approach to executive compensation, with an emphasis on short and long-term incentive compensation that rewards our most senior executives when they help deliver on our objectives.

Designing a Competitive Compensation Package

Recruitment and retention of our Named Executive Officers and other executive management require a competitive compensation package. Our Compensation Committee has the responsibility for evaluating the executive compensation plans,

Table of Contents

policies, and programs and making such recommendations or changes as it deems appropriate. Our Compensation Committee's approach emphasizes fixing total compensation for executives, which consists of base salary and benefits, annual cash incentive and long-term incentive awards, at approximately the median of our peer group (the "Peer Group"). The Peer Group was last reviewed and confirmed in the first half of 2012 by Compensation Strategies, the Compensation Committee's compensation consultant, with input from our Chief Executive Officer and Compensation Committee Chairman. The Peer Group is the same as the group that was last used by the Compensation Committee in 2011, as well as 2010. The Peer Group consists of 17 U.S. publicly traded companies from the computer peripheral and communications equipment industries of relatively similar annual revenue and market capitalization as compared to us:

Arris Group, Inc.	Fortinet, Inc.
Aruba Networks, Inc.	Juniper Networks, Inc.
Brocade Communications Systems, Inc.	Logitech International S.A.
Ciena Corporation	NetApp, Inc.
Digi International, Inc.	Plantronics, Inc.
Emulex Corp.	Polycom, Inc.
Extreme Networks, Inc.	Radisys Corp.
F5 Networks, Inc.	SanDisk Corp.
Finisar Corp.	

For companies within the Peer Group, the median annual 2011 revenues were approximately \$1.1 billion, with an average of \$1.7 billion. The median market capitalization was \$1.8 billion, with an average of \$3.9 billion. Statistical analysis was used to adjust all market compensation data to approximate the current annual revenues of the Company given the variation in size of the companies from which compensation data is collected. Statistical regression techniques were used to remove the significant swings that can occur with individual raw data points. Specifically, all market compensation amounts were size-adjusted and reflected 50th percentile pay levels for a company with \$1.475 billion in revenues, with business unit revenues of \$635 million, \$335 million, and \$505 million for the Retail, Commercial, and Service Provider Business Units, respectively.

Each element of compensation as well as total compensation are quantified and reviewed to determine the Company's competitiveness compared to the Peer Group. Precise comparisons of some forms of compensation are not possible due to lack of data or different valuation approaches for compensation that is contingent, of uncertain duration or not dollar or share-based. Therefore, certain comparisons are based on observations generally rather than comparison survey data. When data is not current through the most recent year, estimates are made to update values and public and private survey information was also used as a supplement to the data.

In determining the appropriate individual compensation levels for Named Executive Officers, the Compensation Committee considers the Peer Group compensation data as well as the individual's tenure, experience, skills, and individual and Company performance. Compensation levels for all Named Executive Officers, except our CEO, are developed by the Compensation Committee in consultation with our CEO and Compensation Strategies. The Compensation Committee engages in an active dialogue with our CEO concerning the Company's strategic objectives and performance targets. The Compensation Committee reviews the appropriateness of the financial measures used in the incentive plans and the degree of difficulty in achieving specific performance targets. The Compensation Committee also reviews with our CEO the individual responsibilities, abilities and objectives achieved in the prior year for each of the Named Executive Officers. In the case of the CEO, the Compensation Committee develops its own recommendation with the assistance of Compensation Strategies in executive session without the CEO, or any other member of management, present. The Compensation Committee independently reviews and approves the compensation for Named Executive Officers, and the Board (including all independent members of the Board) also ratifies and approves such compensation.

Compensation Committee Consultant

The Compensation Committee engages Compensation Strategies, Inc., an independent third party compensation consulting firm, to assist in selecting the Peer Group and gathering general industry compensation data. The consultant reports directly to the Compensation Committee but has been authorized by the Compensation Committee to work with certain executive officers and employees of the Company. In order to determine and confirm independence, the consultant completes an independence questionnaire provided by the Company. In addition, each director and executive officer of the Company completes an annual questionnaire which includes questions which ask about any actual or potential conflicts or relationship between such individual and the consultant. The consultant conducts regular reviews of total compensation of the Named Executive Officers and members

Table of Contents

of the Board. The consultant also provides advice with respect to other executive and Board compensation issues that might arise during the year, but otherwise provides no other services to the Company.

Setting the Pay Mix

Total Compensation

The Compensation Committee emphasizes performance-based compensation, which includes elements dependent directly on results, for our executive team. Total cash compensation (i.e., base salary and annual cash incentive) is targeted at approximately the median total cash compensation of the Peer Group for Named Executive Officers. Comparing the elements of total target compensation for 2012, base salary comprises approximately 35%, target annual incentive compensation approximately 23%, and long-term incentive compensation approximately 42% of the pay mix.

For 2012, our target total compensation (i.e., base salary, annual cash incentive and long-term incentives) for Named Executive Officers as a group was below the median for the Peer Group by approximately 27%. We believe the significant percentage below median resulted primarily from the fact that the Company deviated in 2012 from typical equity award grant practices for the Named Executive Officers. Specifically, restricted stock unit awards were not granted and the 2011 RSU replacement bonus plan was not repeated. As explained in last year's proxy statement, the Compensation Committee granted cash incentive awards in 2011 under an RSU replacement bonus plan to replace restricted stock unit awards that otherwise would have been granted in 2012. In addition, annual incentive compensation was below the Peer Group median, which contributed to the target total compensation being lower than the Peer Group median. We continue to regularly evaluate our compensation practices and expect target total compensation for Named Executive Officers to return to normal and closer to median Peer Group amounts in the future.

Fixed Compensation

Principal elements of fixed compensation consist of base salary and benefits (e.g., 401(k) plan, health, life and disability insurance and employee stock purchase plan). We target the value of fixed compensation generally near the median of the Peer Group to facilitate a competitive recruitment and retention strategy. As a result, base salary for Named Executive Officers is generally set at approximately the 50th percentile of the Peer Group with individual variations based on job scope, tenure, retention risk and other factors relevant to the Compensation Committee. Increases in base salary reflect assessed performance, providing a performance link to this element of fixed compensation. Base salaries are generally reviewed by the Compensation Committee and approved by the independent members of the Board of Directors about the third quarter of the year. Accordingly, the Compensation Committee reviewed and determined base salaries for Named Executive Officers to be effective as of July 1, 2012: Mr. Lo's salary was increased from \$680,000 to \$715,000, Ms. Gorjanc's salary was increased from \$425,000 to \$440,000, Mr. Soares's salary was increased from \$315,000 to \$330,000, Mr. Falcon's salary was increased from \$315,000 to \$325,000, and Mr. Clegg's salary was increased from \$270,000 to \$300,000. As a group, the base salaries for Named Executive Officers exceeded the median for the Peer Group by approximately 5%; we believe this result is generally consistent with our stated goal of targeting the median metrics for the Peer Group.

We provide various employee benefit programs to our Named Executive Officers, including health, life and disability insurance, a 401(k) plan and the opportunity to purchase our common stock through payroll deductions at a discounted price through our 2003 Employee Stock Purchase Plan. In addition, we match contributions made by Named Executive Officers to their 401(k) plan up to an amount equal to \$3,000 per year. These benefit programs are generally available to all our employees on substantially equal terms

Incentive Compensation

Our executive incentive compensation is linked directly to our sales and earnings growth and long-term total return to stockholders. Our incentive compensation awards include annual cash incentives tied to the current year's performance and equity awards that generally vest over four years to reward long-term performance. As noted, our incentive compensation awards in 2012 did not include any grants of restricted stock unit awards. In addition, Named Executive Officers did not receive any payments under the annual incentive plan in 2012.

Annual Incentive Plan (Cash). Our Named Executive Officers participate under our annual bonus plan and are eligible to receive a cash bonus primarily based upon the level of annual non-GAAP operating income achieved by the Company relative to a target established at the beginning of the calendar year. We believe that annual non-GAAP operating income is an appropriate measure which indicates profitable revenue growth and as such, generally reflects achievement of some of our shorter term objectives for growth in sales, operating margins and earnings per share, and market share.

Table of Contents

Under the 2012 executive bonus plan, our Chief Executive Officer was eligible to receive an incentive bonus between 100% to 125% of his base salary, and each other participating Named Executive Officer was eligible to receive an incentive bonus between 25% to 62.5% of his or her base salary, in each case based upon the level of annual non-GAAP operating income achieved by the Company (which would be commensurate with the non-GAAP operating income as reported in the Company's earnings release for the 2012 fiscal year, except that the reported amount is calculated before accounting for the cost of any respective bonus amount). The actual target bonus amount for our Chief Executive Officer was 100% of base salary and the actual target bonus for each other participating Named Executive Officer was 50% of base salary. These actual target bonus amounts for the Named Executive Officers would have been payable based upon (a) the Company achieving \$168.0 million for 2012 annual non-GAAP operating income target under our 2012 annual operating plan reviewed and approved by our Board of Directors, and (b) achievement of individual performance goals. As in years past, the non-GAAP operating income target included a bonus plan which was to be self-funding; in other words, the \$168.0 million target amount included the pro forma cost of any respective bonus amounts to be paid. In order to properly evaluate the target amount, the Company must make certain adjustments to account for the cost of the expected bonus payments.

We believe that the target \$168.0 million non-GAAP operating income amount was set at an appropriate level based on market and industry expectations at that time and that it was achievable and not unrealistic. In addition, once the eligible bonus is determined based upon the level of annual non-GAAP operating income achieved, the Compensation Committee also has discretion to reduce such bonus based upon the executive's achievement of his or her individual annual objectives. As a group, the target annual incentive cash bonus amount for Named Executive Officers was below the median for the Peer Group by approximately 11%. The Peer Group generally separates target annual incentive cash bonus amounts into three tiers, namely one for the CEO, one for the CFO and then one for the other Named Executive Officers. In the past (including in 2012), we generally have two tiers, namely one for the CEO and then one for the rest of the Named Executive Officers (including the CFO). We continue to evaluate this practice and contemplate moving to the same three tiers as our Peer Group in the future. For 2012, we believe that not having a separate tier for our CFO contributed to the below median metrics as compared to the Peer Group.

In order to further align the interests of our Chief Executive Officer and our stockholders, the minimum threshold amount of non-GAAP operating income to be achieved in order for our Chief Executive Officer to receive any incentive bonus for 2012 was \$168.0 million (which is the actual target amount as well). The minimum threshold amount of non-GAAP operating income to be achieved by the Company in order for the other Named Executive Officers to receive any incentive bonus for 2012 was \$145.8 million. The Company's reported 2012 annual non-GAAP operating income was \$147.7 million. However, as noted above, this reported \$147.7 million amount did not include the pro forma cost and expense of an additional \$3.9 million in company-wide bonus amounts that would have been paid as a result of the self-funding nature of the bonus plan. Accordingly, when the pro forma \$3.9 million bonus expense is subtracted from the \$147.7 million actual reported 2012 annual non-GAAP operating income, the result is a \$143.8 million annual non-GAAP operating income adjusted amount.

The \$143.8 million adjusted amount is the amount by which to compare against the minimum thresholds for payment of bonus amounts to Named Executive Officers. Based on 2012 adjusted annual non-GAAP operating income of \$143.8 million not reaching the minimum threshold target annual operating income amount of \$168.0 million with respect to our Chief Executive Officer and \$145.8 million with respect to our other Named Executive Officers, no annual incentive cash bonuses were paid to any Named Executive Officer for services performed during fiscal year 2012.

Equity Awards. We provide long-term incentives through our 2003 Stock Plan ("2003 Plan") and our Amended and Restated 2006 Long-Term Incentive Plan ("2006 Plan"), and in addition for 2011, through a restricted stock unit substitute bonus plan. Equity grants have been granted in the past under the 2003 Plan and are periodically granted under the 2006 Plan to provide additional incentive to Named Executive Officers to maximize long-term total return

to our stockholders. We generally provide an initial grant upon employment commencement and subsequent smaller annual refresh grants. We may grant a mixture of equity grants, including stock options, restricted stock and restricted stock units. We believe that equity grants are a particularly strong incentive, because they increase in value to our employees as the fair market value of our common stock increases. In the case of restricted stock and restricted stock units, which have immediate underlying value, such awards also provide a retention benefit over the vesting period of the awards. While the annual incentive plan might focus on achievement of shorter term objectives related to Company performance, we believe equity awards to our Named Executive Officers provide an incentive to reach some of our longer term objectives and metrics, such as building on our long-term competitive advantages and increasing the market value of our common stock over time.

With respect to the size of the equity awards granted to our Named Executive Officers, the Compensation Committee mostly relies on input from two sources to determine the amount of equity awards to be granted: research from Compensation Strategies, and input from our Chief Executive Officer. The Compensation Committee also reviews the then-current status of equity awards available for grant under our 2006 Plan for the current year as well as for the foreseeable future. In addition, the Compensation Committee considers relevant factors, including without limitation the executive's position, the executive's individual performance,

Table of Contents

the number of equity awards held (if any), and the extent to which those equity awards are vested. Compensation Strategies prepares a comprehensive analysis of the equity award practices of our Peer Group. Objectively, we generally target our compensation to be at the median for the Peer Group. Our Chief Executive Officer also gives his input on the size of equity grants to be made to the Named Executive Officers, other than himself, with a review of the prior year's grants as the baseline starting point and such officer's individual performance for the year. Accordingly, by combining analysis of specific objective data (from both the Peer Group report and the status of equity awards available for grant) with subjective input from our Chief Executive Officer, the Compensation Committee determines an appropriate amount of equity awards to be granted for each Named Executive Officer for the current year.

The Compensation Committee makes a formal recommendation to the independent members of the Board of Directors of any proposed awards for their review and approval. Equity awards for our Named Executive Officers may be granted pursuant to written consent of the Board but are typically granted during a Board of Directors meeting, which meetings are scheduled a year in advance to minimize the discretionary selection of grant dates and the appearance of granting options based on the timing of disclosure of material information to the public.

As part of the Company's annual compensation review in the first half of the year, annual equity awards were made to the Named Executive Officers during this period. The Named Executive Officers typically receive a combination of option and restricted stock unit awards each year. However for 2012, while the Named Executive Officers received an option award, the Named Executive Officers did not receive a restricted stock unit award. The Company's long-term incentive compensation for Named Executive Officers as a group was below the targeted median of the Peer Group by approximately 49%. As described above, the lower amounts for long-term incentive compensation resulted from both of the following: (a) no restricted stock unit awards being granted to Named Executive Officers in 2012 and (b) the 2011 RSU replacement bonus plan was not repeated.

Clawback Policy

In order to minimize the risk of undue overpayment of bonus amounts and granting excessive option and restricted stock unit awards, the Compensation Committee and the Board of Directors in 2010 approved the addition of a clawback provision to the executive bonus plan and to award agreements which apply to the Named Executive Officers. The clawback provision may require a forfeiture of previously paid bonus amounts or previously awarded option or restricted stock unit awards in the event that the financial statements of the Company are subsequently restated and if such restated statements would have resulted in less of an actual bonus award being paid to Named Executive Officer or less of an actual option or restricted stock unit award being awarded to an Named Executive Officer, if such information had been known at the time the actual award had originally been calculated or determined. Pursuant to the clawback provision, the independent members of the Board of Directors or the Compensation Committee may require, in its discretion, that such Named Executive Officer forfeit and/or repay to the Company the amount by which an actual bonus award previously paid exceeds the lesser pro forma bonus award and the amount by which an actual award previously awarded exceeds the lesser pro forma option or restricted stock unit award, as the case may be. The policy is to put the Company in no worse position had the Compensation Committee known of the restatement of financial statements at the time of the awards. We believe this is a fair and equitable way to address any potential windfall that may benefit a Named Executive Officer in the event that our financial statements are materially inaccurate.

Stock Ownership Guidelines

We have also adopted, effective as of January 1, 2005, stock ownership guidelines for our Named Executive Officers to own and hold common stock of the Company to further align their interests and actions with the interests of our stockholders. Under the guidelines, our Chief Executive Officer is expected to own approximately five times his annual base salary. Other Named Executive Officers are expected to achieve ownership levels equal to approximately

one to three times base salary. Named Executive Officers have a five year period in which to achieve the required compliance level. Shares owned directly by the executive and unvested restricted stock units are counted toward the guidelines. As of December 31, 2012, all of the Named Executive Officers were in compliance with the stock ownership guidelines.

Policy Against Hedging or Pledging NETGEAR Stock

Under our insider trading policy, directors and employees, including our Named Executive Officers, are prohibited from hedging or pledging of the Company's securities and from investing in derivatives of the Company's securities.

Executive Severance and Change of Control Benefits

The Company does not have a formal executive severance or change in control plan. The severance and change of control benefits that each Named Executive Officer is eligible for is governed by his or her employment agreement, change of control

agreement or offer letter with us. The Compensation Committee believes that these agreements and offer letters are an essential element of our Named Executive Officers' compensation packages in order to be competitive with other companies that compete with us for executive officer talent, and also to ensure that our Named Executive Officers feel that they have adequate financial security to manage any circumstances that would obligate us to pay them severance or change in control benefits. For a more detailed description of these severance and change of control benefits, please see "Executive Compensation-Potential Payments Upon Termination or Change In Control."

Tax Deductibility of Executive Compensation

Section 162(m) of the IRS Code generally disallows a tax deduction to publicly held companies for compensation paid to certain executive officers, to the extent that compensation exceeds \$1 million per officer in any year. The Company generally seeks to maximize the deductibility for tax purposes of all elements of compensation. Our 2006 Plan is structured so that any compensation recognized by an executive officer in connection with the exercise of his or her outstanding options under the plan will qualify as performance-based compensation and will not be subject to the \$1 million limitation. In addition, our 2006 Plan allows our Compensation Committee to structure equity awards other than stock options as performance based compensation under Section 162(m). In addition, our Executive Bonus Plan allows us to structure our cash incentives that are paid thereunder to be qualify for a deduction under Section 162(m). The Compensation Committee, however, periodically reviews applicable tax provisions, such as Section 162(m), and may revise compensation plans from time to time to comply with their rules and to maximize deductibility. Also, while the Compensation Committee believes that structuring compensation to be deductible under Section 162(m) generally is desirable, it may decide that foregoing a tax deduction is desirable to otherwise achieve its performance objectives.

As required, the amounts shown exclude the impact of estimated forfeitures. For a discussion of the valuation assumptions for stock options, see Note 11 to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2012. Please see the “Grants of Plan-Based Awards” table for more information regarding the option awards we granted in 2012.

Under the 2011 RSU Substitute Bonus Plan, each Named Executive Officer was eligible to earn a cash bonus if the Company achieved in 2011 fully-diluted non-GAAP earnings per share of \$2.20, subject to certain exclusions. The Company
- (3) achieved this target. Accordingly, the Named Executive Officers were paid 50% of the target bonus in the fourth quarter of 2012 and the remaining 50% will be paid in the first quarter of 2014, if the participant satisfies the continued employment requirement through the actual payout date.
- (4) Represents cash bonuses earned under our annual bonus plan for each corresponding fiscal year and paid in the following March.

Grants of Plan-Based Awards

The following table provides certain information relating to incentive compensation and equity awards granted to, and the range of payouts that were achievable for, each of our Named Executive Officers during the fiscal year ended December 31, 2012. All stock options were granted under our 2006 Plan and have a term of ten years, subject to earlier termination in the event that the optionee's services to us cease. Shares issued through our employee stock purchase plan are issued under our 2003 Employee Stock Purchase Plan. Cash awards paid under our annual incentive plan are reflected in the Summary Compensation Table under "Non-Equity Incentive Plan Compensation" for each of our Named Executive Officers. A description of the incentive plans can be found in "Compensation Discussion and Analysis-Incentive Compensation-Annual Incentive Plan."

(1) These shares were issued under our 2003 Employee Stock Purchase Plan and are not subject to vesting.

25% of the shares subject to these options will vest twelve months after the grant date, and 1/48 of the shares (2) subject to these options shall vest each month thereafter, subject to the optionee continuing to be a service provider through such dates.

(3) These amounts represent the full grant date value without regard to vesting. See Note 11 of the consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2012, regarding assumptions underlying the valuation of option awards. Regardless of the value placed on a stock option on the

grant date, the actual economic value of the option to the Named Executive Officer will depend on the market value of the Company's common stock at the date in the future when the option is exercised.

(4) These payouts were pursuant to the terms of the Company's Annual Bonus Plan for Executives. The maximum payout that could have been earned by the Named Executive Officers was dependent upon the Company's level of operating income achieved during 2012, and was reduced by the Compensation Committee for certain Named Executive Officers based upon the executive's achievement of his or her individual objectives. Notwithstanding the foregoing, a bonus is paid only if the Company achieves a certain level of operating income. As a result, payout under the 2012 Bonus Plan for Executives was \$0.

Pension Benefits and other Nonqualified Deferred Compensation Plans

We do not offer any defined benefit retirement or nonqualified deferred compensation plans for Named Executive Officers.

Potential Payments Upon Termination or Change in Control

We have entered into employment agreements and/or change of control and severance agreements with each of our current Named Executive Officers. Each employment agreement may be terminated by either us or the executive officer at any time with or without cause. In addition, the employment agreements provide for annual salary and bonus amounts and severance benefits, as may be adjusted from time to time by our Board of Directors. In the event of a change of control, all equity awards issued under our 2006 Plan, including those issued to our executive officers, will become fully vested and exercisable. We have no tax gross-up agreements with any executive for change in control arrangements.

We entered into an employment agreement dated December 3, 1999, as amended, with Patrick C.S. Lo, our Chairman and Chief Executive Officer. This agreement provides that if within one year following a change of control, Mr. Lo is terminated without cause or resigns for good reason, he is entitled to full acceleration of any unvested portion of his stock options, and severance payments at his final base salary rate for a period of one year after his termination or resignation. If Mr. Lo is terminated without cause other than as set forth above, he is entitled to receive severance payments at his final base salary rate for a period of one year and will continue to have his equity awards vest for one year after such termination.

We entered into an employment agreement dated November 16, 2005, as amended, with Christine M. Gorjanc, our Chief Financial Officer. This amended agreement provides that if within one year following a change of control, Ms. Gorjanc is terminated without cause or resigns for good reason, she is entitled to receive two years acceleration of any unvested portion of her stock options, and for terminations without cause, severance payments at her final base salary rate for a period of 26 weeks after her termination or resignation. If Ms. Gorjanc is terminated without cause other than as set forth above, she is entitled to receive severance payments at her final base salary rate for a period of 26 weeks and will continue to have her equity awards vest for one year after such termination.

We entered into an employment agreement dated March 31, 2011, with David Soares, Senior Vice President and General Manager of the Retail Business Unit. This agreement provides that if within one year following a change of control, Mr. Soares is terminated without cause or resigns for good reason, he is entitled to receive two years acceleration of any unvested portion of his stock options, and for terminations without cause, severance payments at his final base salary rate for a period of 26 weeks after his termination or resignation. If Mr. Soares is terminated without cause other than as set forth above, he is entitled to receive severance payments at his final base salary rate for a period of 26 weeks and will continue to have his equity awards vest for one year after such termination.

We entered into an employment agreement dated November 4, 2002, as amended, with Michael F. Falcon, our Senior Vice President of Worldwide Operations and Support. This amended agreement provides that if within one year following a change of control, Mr. Falcon is terminated without cause or resigns for good reason, he is entitled to receive two years acceleration of any unvested portion of his stock options, and for terminations without cause, severance payments at his final base salary rate for a period of 39 weeks after his termination or resignation. If Mr. Falcon is terminated without cause other than as set forth above, he is entitled to receive severance payments at his final base salary rate for a period of 39 weeks and will continue to have his equity awards vest for one year after such termination.

We entered into an employment agreement dated January 25, 2012, with Michael P. Clegg, our Senior Vice President and General Manager of the Service Provider Business Unit. If Mr. Clegg is terminated without cause other than as set forth above, he is entitled to receive severance payments at his final base salary rate for a period of 26 weeks and will continue to have his equity awards vest for one year after such termination.

For purposes of these employment agreements, “good reason” means the occurrence of any of the following conditions, subject to certain notice provisions in the executive's respective employment agreement: (i) a material decrease in the executive's base compensation; or (ii) a material, adverse change in the executive's authority, responsibilities or duties, as measured against the executive's authority, responsibilities or duties immediately prior to such change. Notwithstanding the foregoing, in no event will the executive have good reason to resign due merely to a change in title or a change in the executive's reporting caused by a change of control or discontinuance of any duties and responsibilities solely related to the operation of a public company.

For purposes of the employment agreement for Mr. Lo, a termination “for cause” occurs if Mr. Lo is terminated for any of the following reasons: (i) theft, dishonesty, material misconduct, or any material violation of the Company's personnel policies and procedures, or falsification of any employment or Company records; (ii) disclosure of the Company's confidential or proprietary information in violation of the Company's form of invention and proprietary information agreement; (iii) any intentional action by Mr. Lo which has a material detrimental effect on the Company's reputation or business; (iv) Mr. Lo's failure or inability to perform any assigned duties after written notice from the Company to Mr. Lo of, and a reasonable opportunity to cure, such failure or inability, which is not less than 90 days; or (v) Mr. Lo's conviction (including any plea of guilty or no contest) for any criminal act that impairs Mr. Lo's ability to perform his duties under the employment agreement. For purposes of the employment agreements for Messrs. Soares, Falcon and Clegg and Ms. Gorjanc, “cause” is defined as (i) an act of dishonesty made by the executive in connection with executive's responsibilities as an employee, (ii) executive's conviction of, or plea of nolo contendere to, a felony, (iii) executive's gross misconduct, or (iv) executive's continued violation of his or her employment duties after executive has received a written demand for performance from the Company which specifically sets forth the factual basis for the Company's belief that executive has not substantially performed his or her duties.

For purposes of these employment agreements, a “change of control” of the Company shall be deemed to have occurred if at any time after the effective date of the employment agreements, respectively: (i) any person, other than a trustee or other fiduciary holding securities of the Company under an employee benefit plan of the Company and other than Nortel Networks Corporation and its affiliates, becomes the beneficial owner, directly or indirectly, of securities of the Company representing 50% or more of (A) the outstanding shares of common stock of the Company or (B) the combined voting power of the Company's then-outstanding securities entitled to vote generally in the election of directors; or (ii) (A) the Company is party to a merger, consolidation or exchange of securities which results in the holders of voting securities of the Company outstanding immediately prior thereto failing to continue to hold at least 50% of the combined voting power of the voting securities of the Company, the surviving entity or a parent of the surviving entity outstanding immediately after such merger, consolidation or exchange, or (B) the Company sells or disposes of all or substantially all of the Company's assets (or any transaction having similar effect is consummated), or (C) the individuals constituting the Board immediately prior to such merger, consolidation, exchange, sale or disposition shall cease to constitute at least 50% of the Board, unless the election of each director who was not a director prior to such merger, consolidation, exchange, sale or disposition was approved by a vote of at least two-thirds of the directors then in office who were directors prior to such merger, consolidation, exchange, sale or disposition; provided, however, in the case of the employment

agreements for Mr. Lo and Mr. Clegg, a change of control will not have occurred due solely to the decrease or increase of any ownership of the Company by Nortel Networks NA Inc., its parent corporations, subsidiaries, or affiliates.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

Notwithstanding any statement to the contrary in any of our previous or future filings with the Securities and Exchange Commission, this report of the Audit Committee of our Board of Directors shall not be deemed “filed” with the Securities and Exchange Commission or “soliciting material” under the 1934 Act, and shall not be incorporated by reference into any such filings.

The Audit Committee, which currently consists of A. Timothy Godwin, Linwood A. Lacy, Jr., Jocelyn E. Carter-Miller and Barbara V. Scherer, evaluates audit performance, manages relations with our independent registered public accounting firm and evaluates policies and procedures relating to internal accounting functions and controls. Our Board of Directors first adopted a written charter for the Audit Committee in September 2000 and most recently amended it in February 2012, which details the responsibilities of the Audit Committee. This report relates to the activities undertaken by the Audit Committee in fulfilling such responsibilities.

The Audit Committee members are not professional auditors, and their functions are not intended to duplicate or to certify the activities of management and the independent registered public accounting firm. The Audit Committee oversees NETGEAR's financial reporting process on behalf of our Board of Directors. NETGEAR's management has the primary responsibility for the financial statements and reporting process, including NETGEAR's systems of internal controls over financial reporting. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed with management the audited financial statements included in the Annual Report on Form 10-K for the year ended December 31, 2012. This review included a discussion of the quality and the acceptability of NETGEAR's financial reporting and internal control over financial reporting, including the clarity of disclosures in the financial statements.

The Audit Committee also reviewed with NETGEAR's independent registered public accounting firm, who are responsible for expressing an opinion on the conformity of NETGEAR's audited financial statements with generally accepted accounting principles, their judgments as to the quality and the acceptability of NETGEAR's financial reporting and such other matters required to be discussed with the Audit Committee under generally accepted auditing standards in the United States including Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1, AU Section 380, as adopted by the Public Company Accounting Oversight Board (the “PCAOB”) in Rule 3200T). The Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the PCAOB regarding the independent accountant's communications with the Audit Committee concerning independence. The Audit Committee discussed with the independent registered public accounting firm such auditors' independence from management and NETGEAR, including the matters in such written disclosures required by applicable requirements of the PCAOB regarding the independent accountant's communications with the Audit Committee concerning independence.

The Audit Committee further discussed with NETGEAR's independent registered public accounting firm the overall scope and plans for their audits. The Audit Committee meets periodically with the independent registered public accounting firm, with and without management present, to discuss any significant matters regarding internal control over financial reporting that have come to their attention during the audit, and to discuss the overall quality of NETGEAR's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to our Board of Directors and our Board of Directors approved that the audited financial statements and disclosures under “Management's Discussion and Analysis of Financial Condition and Results of Operations” be included in the Annual Report on Form 10-K for the year ended December 31, 2012, as filed with the Securities and Exchange Commission on February 26, 2013.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the 1934 Act requires our officers and directors, and persons who own more than 10% of a registered class of our equity securities, to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Executive officers, directors and greater than 10% stockholders are required by Securities and Exchange Commission regulations to furnish us with copies of all Section 16(a) forms they file. Based solely on our review of the copies of such forms that we have received, or written representations from reporting persons, we believe that during 2012, all Section 16(a) filing requirements applicable to our officers, directors and greater than 10% stockholders were met.

RELATED PARTY TRANSACTIONS

We have determined that there were no related party transactions to disclose in 2012.

Review, approval or ratification of transactions with related parties

We, or one of our subsidiaries, may occasionally enter into transactions with certain “related parties.” Related parties include our executive officers, directors, nominees for directors, or 5% or more beneficial owners of our common stock and immediate family members of these persons. We refer to transactions in which the related party has a direct or indirect material interest as “related party transactions.” Each related party transaction must be reviewed and approved by the Audit Committee of the Board of Directors prior to the entering into of such transaction.

The Audit Committee considers all relevant factors when determining whether to approve a related party transaction including, without limitation, the following:

• the extent of the related party's interest in the related party transaction;

• the aggregate value of the related party transaction;

• the benefit to the Company; and

whether the transaction involves the provision of goods or services to the Company that are available from unaffiliated third parties and whether the transaction is on terms and made under circumstances that are at least as favorable to the Company as would be available in comparable transactions with or involving unaffiliated third parties.

OTHER MATTERS

We know of no other matters to be submitted at the annual meeting. If any other matters properly come before the annual meeting, it is the intention of the persons named on the proxy to vote the shares they represent as our Board of Directors may recommend.

It is important that your shares be represented at the annual meeting, regardless of the number of shares, which you hold. You are, therefore, urged to vote as promptly as possible.

SECTION 3

SELECTION OF PARTICIPANTS AND DETERMINATION OF AWARDS

3.1 Selection of Participants. The Committee, in its sole discretion, shall select the Employees who shall be Participants for any Performance Period. Participation in the Plan is in the sole discretion of the Committee, and on a Performance Period by Performance Period basis. Accordingly, an Employee who is a Participant for a given Performance Period in no way is guaranteed or assured of being selected for participation in any subsequent Performance Period.

3.2 Determination of Performance Goals. The Committee, in its sole discretion, shall establish the Performance Goals for each Participant for the Performance Period. Such Performance Goals shall be set forth in writing.

3.3 Determination of Target Awards. The Committee, in its sole discretion, shall establish a Target Award for each Participant. Each Participant's Target Award shall be determined by the Committee in its sole discretion, and each Target Award shall be set forth in writing.

3.4 Determination of Payout Formula or Formulae. On or prior to the Determination Date, the Committee, in its sole discretion, shall establish a Payout Formula or Formulae for purposes of determining the Actual Award (if any) payable to each Participant. Each Payout Formula shall (a) be in writing, (b) be based on a comparison of actual performance to the Performance Goals, (c) provide for the payment of a Participant's Target Award if the Performance Goals for the Performance Period are achieved, and (d) provide for an Actual Award greater than or less than the Participant's Target Award, depending upon the extent to which actual performance exceeds or falls below the Performance Goals. Notwithstanding the preceding, in no event shall a Participant's Actual Award for any Performance Period exceed the Maximum Award.

3.5 Date for Determinations. The Committee shall make all determinations under Section 3.1 through 3.4 on or before the Determination Date.

3.6 Determination of Actual Awards. After the end of each Performance Period, the Committee shall certify in writing the extent to which the Performance Goals applicable to each Participant for the Performance Period were achieved or exceeded. The Actual Award for each Participant shall be determined by applying the Payout Formula to the level of actual performance that has been certified by the Committee. Notwithstanding any contrary provision of the Plan, the Committee, in its sole discretion, may eliminate or reduce the Actual Award payable to any Participant below that which otherwise would be payable under the Payout Formula, and determine what Actual Award, if any, will be paid in the event of a Termination of Employment or a change of control prior to the end of the Performance Period.

SECTION 4

PAYMENT OF AWARDS

4.1 Right to Receive Payment. Each Actual Award that may become payable under the Plan shall be paid solely from the general assets of the Company. Nothing in this Plan shall be construed to create a trust or to establish or evidence any Participant's claim of any right to payment of an Actual Award other than as an unsecured general creditor with respect to any payment to which he or she may be entitled.

4.2 Timing of Payment. Payment of each Actual Award shall be made as soon as practical following the determination and certification of the Actual Award as set forth in Section 3.6, but in no event later than the fifteenth day of the third month of the Fiscal Year following the date the Participant's Actual Award is no longer subject to a substantial risk of forfeiture; provided that the Committee may permit Participants to elect to defer payment of their Actual Awards in a manner satisfying the requirements of §409A of the Code.

It is the intent that this Plan comply with the requirements of Code Section 409A so that none of the payments to be provided hereunder will be subject to the additional tax imposed under Code Section 409A, and any ambiguities herein will be interpreted to so comply.

4.3 Form of Payment. Each Actual Award shall be paid in cash (or its equivalent) in a single lump sum unless otherwise deferred in accordance with Section 4.2.

4.4 Payment in the Event of Death. If a Participant dies prior to the payment of an Actual Award earned by him or her prior to death for a prior Performance Period, the Award shall be paid to his or her estate.

4.5 Forfeiture Provisions. Notwithstanding anything to the contrary in the Plan, the Company will adjust the amount of any Actual Award of a Participant that was previously determined based on the financial performance of the Company (or a business unit of the Company) if:

The financial statements of the Company (or the business unit on which the calculation or determination of the Actual Award in any form was based) are subsequently restated (whether or not the conduct of the Participant directly or indirectly resulted in the restatement), and

In the reasonable judgment of a majority of the independent members of the Board or the Compensation Committee of the Board, the financial statements as so restated would have resulted in less of an Actual Award being paid to the Participant if such information had been known at the time the Actual Award had originally been calculated or determined.

In such event and to the extent permitted by law, the independent members of the Board or the Compensation Committee of the Board, may require, in its discretion, that the Participant repay to the Company the amount by which such Actual Award as originally calculated or determined exceeds the Actual Award as adjusted pursuant to the preceding sentence; and the Company may cancel, without payment of any consideration whatsoever, the portion of any Actual Award not yet paid or delivered that exceeds the Actual Award adjusted pursuant to the previous sentence. Any failure by the Company to assert the forfeiture and repayment rights under this Section 4.5 with respect to specific claims against the Participant shall not waive, or operate to waive, the Company's right to later assert its rights hereunder with respect to other or subsequent claims against the Participant.

The Company's forfeiture and repayment rights under this Section 4.5 shall be in addition to, and not in lieu of, actions the Company may take to remedy or discipline any misconduct by the Participant including, but not limited to, termination of employment or initiation of appropriate legal action.

SECTION 5

ADMINISTRATION

5.1 Committee is the Administrator. The Plan shall be administered by the Committee. The Committee shall consist of not less than two (2) members of the Board. The members of the Committee shall be appointed from time to time by, and serve at the pleasure of, the Board. Each member of the Committee shall qualify as an "outside director" under section 162(m) of the Code. If it is later determined that one or more members of the Committee do not so qualify, actions taken by the Committee prior to such determination shall be valid despite such failure to qualify.

5.2 Committee Authority. It shall be the duty of the Committee to administer the Plan in accordance with the Plan's provisions. The Committee shall have all powers and discretion necessary or appropriate to administer the Plan and to control its operation, including, but not limited to, the power to (a) determine which Employees shall be granted awards, (b) prescribe the terms and conditions of awards, (c) interpret the Plan and the awards, (d) adopt such procedures and subplans as are necessary or appropriate to permit participation in the Plan by Employees who are foreign nationals or employed outside of the United States, (e) adopt rules for the administration, interpretation and application of the Plan as are consistent therewith, and (f) interpret, amend or revoke any such rules.

5.3 Decisions Binding. All determinations and decisions made by the Committee, the Board, and any delegate of the Committee pursuant to the provisions of the Plan shall be final, conclusive, and binding on all persons, and shall be given the maximum deference permitted by law.

5.4 Delegation by the Committee. The Committee, in its sole discretion and on such terms and conditions as it may provide, may delegate all or part of its authority and powers under the Plan to one or more directors and/or officers of the Company; provided, however, that the Committee may delegate its authority and powers only with respect to awards that are not intended to qualify as performance-based compensation under section 162(m) of the Code.

SECTION 6

GENERAL PROVISIONS

6.1 Tax Withholding. The Company shall withhold all applicable taxes from any Actual Award, including any federal, state and local taxes (including, but not limited to, the Participant's FICA and SDI obligations).

6.2 No Effect on Employment. Nothing in the Plan shall interfere with or limit in any way the right of the Company to terminate any Participant's employment or service at any time, with or without cause. For purposes of the Plan, transfer of employment of a Participant between the Company and any one of its Affiliates (or between Affiliates) shall not be deemed a Termination of Employment. Employment with the Company and its Affiliates is on an at-will basis only. The Company expressly reserves the right, which may be exercised at any time and without regard to when during a Performance Period such exercise occurs, to terminate any individual's employment with or without cause, and to treat him or her without regard to the effect which such treatment might have upon him or her as a Participant.

6.3 Participation. No Employee shall have the right to be selected to receive an award under this Plan, or, having been so selected, to be selected to receive a future award.

6.4 Indemnification. Each person who is or shall have been a member of the Committee, or of the Board, shall be indemnified and held harmless by the Company against and from (a) any loss, cost, liability, or expense that may be imposed upon or reasonably incurred by him or her in connection with or resulting from any claim, action, suit, or proceeding to which he or she may be a party or in which he or she may be involved by reason of any action taken or failure to act under the Plan or any award, and (b) from any and all amounts paid by him or her in settlement thereof, with the Company's approval, or paid by him or her in satisfaction of any judgment in any such claim, action, suit, or proceeding against him or her, provided he or she shall give the Company an opportunity, at its own expense, to handle and defend the same before he or she undertakes to handle and defend it on his or her own behalf. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled under the Company's Certificate of Incorporation or Bylaws, by contract, as a matter of law, or otherwise, or under any power that the Company may have to indemnify them or hold them harmless.

6.5 Successors. All obligations of the Company under the Plan, with respect to awards granted hereunder, shall be binding on any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation, or otherwise, of all or substantially all of the business or assets of the Company.

6.6 Beneficiary Designations. If permitted by the Committee, a Participant under the Plan may name a beneficiary or beneficiaries to whom any vested but unpaid award shall be paid in the event of the Participant's death. Each such designation shall revoke all prior designations by the Participant and shall be effective only if given in a form and manner acceptable to the Committee. In the absence of any such designation, any vested benefits remaining unpaid at the Participant's death shall be paid to the Participant's estate.

6.7 Nontransferability of Awards.
