QUESTIONS AND ANSWERS ON VOTING

Your vote is important to Enbridge Inc. (Enbridge or the Corporation). Set forth below is guidance with respect to voting your Enbridge common shares. Note that unless otherwise specified, the answers relate to all shareholders regardless of whether you are a registered or beneficial shareholder (as explained below).

Q: Am I entitled to vote?

A: If you are a holder of common shares at the close of business on Wednesday, March 15, 2006, you are entitled to vote at the meeting, or at any adjournment of that meeting, on the items of business set forth in the notice of annual meeting of shareholders.

Q: Am I a registered shareholder?

A: You are a registered shareholder if you hold any common shares in your own name. Your common shares are represented by a physical share certificate.

Q: Am I a beneficial (non-registered) shareholder?

A: You are a beneficial shareholder if your common shares are held in an account where they are held in the name of a nominee (bank, trust company, securities broker or other). Your common shares are not represented by a physical share certificate but are recorded on an electronic system.

Q: How many votes am I entitled to?

A: You are entitled to one vote for each common share you hold.

Q: What items of business am I voting on?

A: You are voting on the:

(a) election of directors for the upcoming year;

(b) appointment of the auditors and authorization of the directors to fix the auditors' remuneration; and

(c) any other business that may be properly brought before the meeting, or any adjournment of that meeting.

Q: How will these items of business be decided at the meeting?

A: A simple majority of the votes cast (50% plus one vote), by the shareholders, in person or by proxy, will constitute approval of the election of directors and the appointment of auditors.

Q: How do I vote?

A: If you are a **registered shareholder**, you can vote in person at the meeting or by proxy.

(a) *To vote in person* Do not complete and return the form of proxy but simply attend the meeting where your vote will be taken and counted. Be sure to register with CIBC Mellon Trust Company (CIBC Mellon), the Corporation's transfer agent and registrar, when you arrive at the meeting.

(b) *To vote by proxy* You can convey your voting instructions by mail, telephone, facsimile or internet and by doing so your common shares will be voted at the meeting by P.D. Daniel or D.A. Arledge, who are the appointees set forth in the form of proxy. Instructions as to how to convey your voting instructions by any of these means are set forth on the back of the form of proxy and should be carefully followed.

If you convey your instructions by mail, **your instructions must be received by 6:00 p.m. (mountain daylight time) on the second last business day (May 1, 2006) preceding the day of the meeting, or any adjournment of that meeting.**

If you convey your instructions by telephone, facsimile or internet, **your instructions must be received by 6:00 p.m. (mountain daylight time) on May 1, 2006.**

If you are a *beneficial shareholder*, your nominee will have their own means of conveying voting instructions which should be carefully followed. Most nominees will mail you a voting instruction form that will need to be completed and returned. In addition to conveying voting instructions by mail, a nominee may also provide you with the option to convey your voting instructions by telephone, facsimile or internet.

If you hold your common shares both as a registered and beneficial shareholder, you will need to convey your vote using each of the applicable procedures set forth above.

Q: As a beneficial shareholder can I vote in person at the meeting?

A: Yes.

Enbridge does not have the names of the beneficial shareholders and so, if you attend the meeting, Enbridge will not have a record of the number of common shares you own or your entitlement to vote, unless your nominee has appointed you as proxyholder. To be appointed, you should insert your own name in the space provided on the voting instruction form provided to you by your nominee and carefully follow the instructions provided. Do not otherwise complete the form. This will allow you to attend the meeting and vote your common shares in person. Be sure to register with CIBC Mellon when you arrive at the meeting.

Q: Can I appoint a person as proxyholder other than the management nominees, P.D. Daniel and D.A. Arledge?

A: **Whether or not you attend the meeting, you have the right to appoint a person, who does not need to be a shareholder, to represent you and vote your common shares in accordance with your voting instructions at the meeting.** To exercise this right, strike out the names of the management nominees and insert the name of the person you wish to act as proxyholder, or complete another proper form of proxy. You may also appoint a person to act as proxyholder through the internet if you elect to vote separately on each item of business. Specific instructions as to how you can appoint a proxyholder will be provided to you when you elect to vote separately using the internet. Be sure that the person is aware that he/she is your proxyholder and registers with CIBC Mellon at the meeting indicating that he/she is your proxyholder.

This right only exists if you convey your voting instructions by mail, and if you vote separately on each item of business using the internet.

Q: Who is soliciting my proxy?

A: Management is soliciting your proxy and the costs of doing so are being borne by Enbridge. In addition to soliciting proxies by mail, employees of Enbridge may also, without additional compensation, solicit personally or by telephone.

Q: How will my proxy be voted?

A: Your proxyholder, whether it is the management nominees or another person designated by you, must vote or withhold your vote in accordance with the instructions you have conveyed. If you do not convey any instructions and appoint a proxyholder, you can let your proxyholder decide your vote for you. **If you do not convey any instructions and appoint the management nominees as proxyholder or your proxyholder does not give specific instructions, your common shares will be voted FOR the election of directors and the appointment of auditors.**

Q: What if there are amendments or variations to the items of business set forth in the notice of meeting or other matters are brought before the meeting?

A: The enclosed form of proxy gives the person named on it the authority to use their discretion on voting on amendments or variations of the items set forth in the notice of meeting and on any other matters brought before the meeting. Proxyholders will vote in accordance with their best judgment pursuant to this discretionary authority.

As at the date of this management information circular, the board of directors and management do not know of any variations or amendments to the proposed items of business or any additional matters which may be presented for consideration at the meeting.

Q: Can I change my mind once I have submitted my proxy?

A: Yes.

You can revoke your proxy at any time before it is acted upon.

As a **registered shareholder**, if your proxy was submitted by facsimile or mail, you can revoke it by instrument in writing executed by you, or by your attorney authorized in writing, or if the shareholder is a corporation, under

corporate seal or by an officer or attorney duly authorized, and deposit such instrument in writing at the registered office of Enbridge. If you conveyed your voting instructions by telephone or internet then conveying new instructions will revoke prior instructions.

Instructions can be revoked at any time up to and including 6:00 p.m. (mountain daylight time) on the business day preceding the meeting (May 2, 2006), or any adjournment of that meeting; or by depositing the revoking instrument with the Chair of the meeting on the day of the meeting, or any adjournment of that meeting; or in any other manner permitted by law, including personal attendance at the meeting, or any adjournment of that meeting.

If an instrument of revocation is deposited with the Chair, it will not be effective with respect to any item of business that has been voted upon prior to the deposit.

If you are a *beneficial shareholder*, you should contact your nominee for instructions on how to revoke your proxy.

Q: Who counts the votes?

A: CIBC Mellon, the Corporation's transfer agent and registrar, who will also act as scrutineer at the meeting.

Q: How are my common shares voted if a ballot is called at the meeting on any of the items of business and a proxyholder other than myself is appointed?

A: Your common shares will be voted as you specified in your proxy. **If no such specification is made, then your common shares will be voted FOR the election of directors and the appointment of auditors.**

Q: Who can I contact if I have any further questions on voting at the meeting?

A: You can contact CIBC Mellon, our transfer agent and registrar,
By e-mail: inquiries@cibcmellon.com; or

By telephone: Toll free in North America 1-800-387-0825.

Under such orders, certain trustees, including Mr. Martin, were prohibited from trading Atlas trust units until the Commission was in receipt of the necessary filings. Atlas made the requisite filings on January 27, 2004 and the cease trade order lapsed on February 2, 2004.

6 Management Information Circular

All of the proposed nominees for election as Directors other than Messrs. Leslie, Taylor and Tutchter were elected at the annual and special meeting of shareholders held on May 5, 2005 (the 2005 Meeting). Mr. Leslie was appointed to the Board on July 26, 2005. Mr. Taylor was re-appointed to the Board on June 7, 2005. Mr. Taylor had been Chair of the Board from June 1990 to May 2005 and did not stand for re-election at the 2005 Meeting as he had attained the age of retirement, being 70. Subsequent to the 2005 Meeting, the Board evaluated its guideline relating to its age of retirement and determined that in special circumstances it would invite a Director to remain on the Board beyond the age of 70 for an additional two years. As a result, Mr. Taylor was re-appointed to the Board.

There is no family relationship between any of the proposed nominees for election as Directors.

The Subscription Agreement among Noverco, Gaz and the Corporation not only sets forth terms by which Noverco will acquire and maintain an ownership interest in the Corporation but also contains terms regarding the composition of the Board. The parties agreed that so long as Noverco or its subsidiaries remain the registered and beneficial owners of an aggregate of at least 8% of the outstanding Enbridge Shares, on an annual basis, the Corporation shall nominate and support the election to the Board of individuals proposed by Noverco, being at least one, in proportion to the percentage of outstanding Enbridge Shares owned by Noverco to all Enbridge Shares outstanding. Currently, no proposed nominee for election as Director represents Noverco by such right of nomination.

Unless specified in a Proxy Form or by telephone or internet voting instructions that the Enbridge Shares represented by the proxy shall be withheld from voting for the election of one or more proposed nominees for election as Directors, it is the intention of the persons designated in the enclosed Proxy Form to vote FOR the election of the proposed nominees set forth above.

Other than Mr. Leslie, all proposed nominees for election as Directors meet the share ownership requirements as set forth under the heading Remuneration of Directors below.

Remuneration of Directors

Directors of the Corporation, other than P.D. Daniel, are compensated pursuant to the Corporation's Directors Compensation Plan which became effective July 1, 2004. The Board, through its Governance Committee, and considering recommendations from external independent consultants, is responsible for the development and implementation of the Directors Compensation Plan. The main objectives of the Directors Compensation Plan are: (a) to attract and retain the services of the most qualified individuals; (b) to compensate the Corporation's Directors in a manner that is commensurate with the risks and responsibilities assumed in Board and Board Committee membership and competitive with other comparable public issuers; and (c) to align the interests of the Directors with the Corporation's Shareholders. To meet and maintain these objectives, the Board periodically performs a comprehensive review of the Directors Compensation Plan, making any changes it deems necessary.

Under the Directors Compensation Plan, Directors receive an annual retainer for membership on the Board and any Board Committee. The

Chair of the Board and the Chair of each of the four Board Committees receives an additional annual retainer. These annual retainers assist the Board to maintain a competitive position and are determined in relation to a comparator group of public issuers. The Governance Committee will define and review on a regular basis the appropriate marketplace against which comparisons are made. The Board's policy is for the annual retainers to be approximately equivalent to compensation levels paid to directors of the comparator group.

Directors may elect to receive the annual retainers in the form of cash, Enbridge Shares or DSUs in increments of 25% up to a certain percentage, which election is dependent upon a Director's share ownership. Directors are expected to hold a personal investment in Enbridge Shares and DSUs of at least two times the annual board retainer (i.e., \$300,000) (the Voluntary Minimum Share Ownership). Directors are expected to achieve the Voluntary Minimum Share Ownership by the later of July 1, 2009 or five years from the date they became a Director.

Directors Compensation Plan

The following table sets forth the percentages of each payment form that each Director may elect before and after reaching the Voluntary Minimum Share Ownership.

Notes:

- 1 These amounts are paid quarterly, in arrears.*
- 2 Directors with a U.S. principal residency are paid the same face amounts in U.S. currency (US\$).*
- 3 Under this payment option, the Director is paid the equivalent after-tax value of the fee in Enbridge Shares based on the weighted average of the trading price for the Enbridge Shares on the TSX for the five trading days immediately preceding the date of payment.*
- 4 Under this payment option, the Director is paid the equivalent value of the fee in DSUs based on the weighted average of the trading price for the Enbridge Shares on the TSX for the five trading days immediately preceding the date of payment. The value of a DSU, when converted to cash, is equivalent to the market value of an Enbridge Share at the time the conversion takes place. DSUs attract dividends in the form of additional DSUs at the same rate as dividends on the Enbridge Shares. A Director cannot convert DSUs to cash until the Director ceases to be a member of the Board.*
- 5 Directors who travel from their home province or state to a meeting in another province or state receive a per trip cash allowance of \$1,500.*

Directors are reimbursed for all out-of-pocket expenses incurred to attend a Board or Board Committee meeting. Each Director's attendance at Board and Board Committee meetings is reviewed by the Governance Committee each year and the Chair of such Committee, along with the Chair of the Board, at their discretion, will recommend appropriate penalties for non-attendance, which may include dismissal from the Board in the event that an inordinate number of meetings are missed.

Appointment of Auditors

PricewaterhouseCoopers LLP (or a predecessor firm, Price Waterhouse) (PwC) have been the auditors of the Corporation and its wholly-owned subsidiary, Enbridge Pipelines Inc., since 1992 and 1949, respectively. PwC's address is Suite 3100, 111 5th Avenue S.W., Calgary, Alberta, T2P 5L3. Under the Canadian Securities Administrators' National Instrument 52-108 Auditor Oversight, PwC is a participating audit firm with the Canadian Public Accountability Board. PwC has also confirmed to the Board and the AFR Committee its status as independent within the meaning of applicable Canadian and U.S. rules.

The Board, on recommendation from the AFR Committee, recommends the re-appointment of PwC as auditors.

Unless specified in a Proxy Form or by telephone or internet voting instructions that the Enbridge Shares represented by the proxy shall be withheld from voting for the appointment of auditors, it is the intention of the persons designated in the enclosed Proxy Form to vote FOR the re-appointment of PwC as auditors of the Corporation to hold office until the close of the next annual meeting of Shareholders at a remuneration to be fixed by the Board.

Representatives of PwC are expected to be present at the Meeting, will have the opportunity to make a statement if they so desire, and will be available to respond to appropriate questions.

The U.S. SEC adopted new rules effective on July 31, 2005 which requires, among other things, that the audit committee be responsible for any recommendation or nomination of an outside auditor by the Corporation. Canadian securities regulators adopted a similar rule effective to the Corporation on May 5, 2005 for the Corporation. The Corporation complies with these rules.

Auditor Independence

The Corporation understands that auditor independence is an essential element to maintaining the integrity of its financial statements. The Corporation's AFR Committee has responsibility to oversee the external auditor. A description of the Corporation's AFR Committee is set forth under the heading Report of the Audit, Finance & Risk Committee on page 25 in Appendix A of this Circular.

The Canadian securities regulators have passed rules, applicable to the Corporation as of the date of the Meeting, which address the independence of the external auditor, the services for which they may be engaged and the disclosure of fees paid to them. The Corporation is also subject to the provisions of the United States Sarbanes-Oxley Act of 2002

(the Sarbanes-Oxley Act), and the accounting and corporate governance reforms and rules adopted by the U.S. SEC under that Act, which specify certain services the external auditors may not provide. The Corporation complies with all such rules which are applicable in Canada and in the United States.

In response to legislative and regulatory requirements regarding auditor independence, the Corporation's AFR Committee adopted a policy that requires pre-approval by the AFR Committee of any services to be provided by the auditors, whether audit or non-audit services. The external auditors may be best equipped to render certain categories of services (such as tax compliance services) to the Corporation in the most efficient and economical manner. The Board believes that it is appropriate for the Corporation to preserve its ability to retain its external auditors for non-audit services in the permitted categories. The AFR Committee believes that the policy will protect the Corporation from the potential loss of independence of the external auditors. Further information regarding the pre-approval policies and procedures of the AFR Committee is set forth under the heading Pre-Approval Policies and Procedures on page 32 in Appendix A of this Circular.

The AFR Committee annually reviews with the external auditors their qualifications and independence, including formal written statements delineating all relationships between the auditors, their affiliates and the Corporation that may impact the auditors' independence and objectivity.

Fees Billed by Auditors

The following table sets forth all services rendered by the auditors by category, together with the corresponding fees billed by the auditors for each category of service for the financial years ended December 31, 2004 and 2005.

Following negotiation, Real Assets' proposal regarding the Corporation's social responsibility reporting was withdrawn as was Ethical Funds', dealing with the Corporation's policies for protecting biodiversity and indigenous peoples' rights.

The Canada Business Corporations Act, which governs the Corporation, provides that Shareholder proposals must be received by December 1, 2006 to be considered for inclusion in the management information circular and the form of proxy for the 2007 annual meeting of Shareholders, which is expected to be held on or about May 2, 2007.

The compensation program components—base pay, annual incentives, long-term incentives, benefits and pension arrangements—are all designed and administered within this overall framework.

Target Reward Levels

Given that the senior management team is located partly in Canada and partly in the United States, target reward levels are set within the context of separate Canadian and United States comparator groups (the "Comparator Groups"). The Comparator Groups include selected pipeline companies, integrated energy producers, and related industrials of comparable size and complexity with which the Corporation competes for senior management

talent and for which compensation data is available through a combination of public disclosure and/or reliable surveys through independent consulting firms. The Board regularly reviews the Comparator Groups and the data provided by independent consultants to ensure they continue to reflect the Corporation's senior management talent labour markets. Enbridge designs its base pay, annual incentives, and various forms of long-term incentives such that the total of the plans pays at the 50th percentile of the comparable total pay of the Comparator Groups when corporate, business unit and individual each achieve their target goals, and pays at the 75th percentile of the comparable total pay of the Comparator Groups when corporate, business unit and individual each achieve 75th percentile performance among the Comparator Groups. In all circumstances, the Corporation's policy is that pay is commensurate with performance.

Base Pay

Senior management salaries are reviewed annually to ensure they reflect a balance of market conditions, the levels of responsibility and accountability of each individual, his/her unique talents and the level of demonstrated performance.

Annual Incentives

The Corporation's Short Term Incentive Plan (the STIP) is designed to reward senior management for achieving and exceeding performance at the Shareholder, corporate, business unit and individual level.

For 2005, the performance measures for each of the Chief Executive Officer, the Chief Financial Officer and the three other executive officers of the Corporation with the highest salary and bonus compensation in the 2005 financial year (the Named Executive Officers) included return on equity in 2005 and individual performance. Business unit heads performance measures also included business unit earnings. Measures for corporate performance and business unit earnings are established and reviewed annually by the HRC Committee.

Target incentives based on each participant's level of responsibility within the Corporation are established as a percentage of base salary and reflect competitive practice within the Comparator Groups. Awards under the STIP are paid in cash.

The STIP provides for the payment of incentive awards that may be below or in excess of target awards. No incentives are payable if threshold performance levels are not attained. Senior members of management could receive up to 100% (150% in the case of the President & Chief Executive Officer) of base salaries when outstanding performance results are achieved. The factor by which incentive awards are calculated is pro rated between the threshold, target and maximum award depending on actual performance under each of the performance measures. In administering the STIP, the HRC Committee may, in its judgment, vary incentive awards payable to participants if the application of the incentive formula confers unintended results. The STIP award for the President & Chief Executive Officer is recommended by the HRC Committee for approval by the Board while awards for the other Named Executive Officers are considered and, if thought fit, approved by the HRC Committee on the recommendation of the President & Chief Executive Officer.

For 2005, awards under the STIP were determined by the HRC Committee on the basis of a combination of: (1) the actual return on equity being above the targeted return on equity threshold level; (2) business unit performance measures, where applicable, ranging between meeting budget to exceptional performance; and (3) individual performance measures as assessed by the President & Chief Executive Officer and, in the case of the President & Chief Executive Officer, by the HRC Committee. In the opinion of the HRC Committee, STIP payments reflected corporate performance, business unit performance and the individual contributions of the Named Executive Officers in 2005.

Long-Term Incentives

Consistent with its overall compensation strategy described above, Enbridge continues to use long-term incentive programs to ensure reward programs are aligned with its business strategy and Shareholder interests. In summary, Enbridge has three active programs:

- § The Enbridge Performance Stock Unit Plan is an overlapping three-year plan with annual grants that provides focus on comparative total shareholder return.
- § The Enbridge Incentive Stock Option Plan (2002) is a conventional stock option plan with annual grants that provides focus on long-term (up to 10 years) share price growth.

§ The Enbridge Performance-Based Stock Option Plan is a special, periodic plan that provides focus on achieving specific stretch share price targets over the period September 2002 to September 2007.

The mix of performance stock units (PSUs), time-vested stock options and performance-based stock options will vary according to a participating member of senior management's level within the Corporation and competitiveness with award opportunities offered by the Comparator Groups.

Performance Stock Unit Plan

The Performance Stock Unit Plan (the PSU Plan) is highly performance-based and is designed to strengthen the link between the interests of the Shareholders and the participating members of senior management by aligning the awards with total shareholder value creation in a manner consistent with advancing the interests of the Corporation. PSUs provide an incentive that focuses senior management on stock price performance and dividend growth. Performance conditions reward or penalize senior management for relative shareholder value creation during the plan term.

Under the PSU Plan, participating members of senior management are eligible to receive annual grants of PSUs. The initial value of each of these PSUs is equivalent to the market value of one Enbridge Share. Each award may be paid out at the end of a three-year performance cycle based on: (1) the market value of an Enbridge Share at the end of the three-year period; (2) additional PSUs representing dividends paid during the three-year period; and (3) the Corporation's total shareholder return over a three-year period relative to a peer group of companies established in advance by the HRC Committee.

Payments under the PSU Plan may be increased up to 200% of the original award when the Corporation outperforms its peer group. If the Corporation's performance fails to meet threshold performance levels, no payments are made under the PSU Plan. The Corporation will not issue any Enbridge Shares in connection with the PSU Plan.

During 2005, 130,130 PSUs were granted to 36 eligible employees, including the Named Executive Officers. For additional information regarding these grants, see *Performance Share Unit Plan Grants* on page 16 of this Circular.

Incentive Stock Option Plan

Under the Incentive Stock Option Plan, participating members of senior management and designated high potential employees are eligible to receive stock option grants. Generally, grants of stock options are considered annually by the HRC Committee on the recommendation of the President & Chief Executive Officer and by the HRC Committee alone concerning the President & Chief Executive Officer. Each stock option granted entitles the recipient to acquire a specified number of Enbridge Shares at an exercise price not less than 100% of the last sale price of the Enbridge Shares on the TSX on the trading day prior to the date of the grant. In the event that an option is granted at a time when a trading blackout is in effect, the effective date of the stock option shall be no earlier than the fourth trading day following the date of termination of the trading blackout and the exercise price shall be no less than the weighted average trading price of Enbridge Shares on the TSX for the three trading days immediately prior to the effective date of the stock option. In connection with the determination of the number of stock options that may be granted, the HRC Committee further considers a target ratio of the current Enbridge Share price to base salary as well as considering individual performance achievements and succession potential. Further information on the Incentive Stock Option Plan (2002) is set forth under the heading *Incentive Stock Option Plan (2002)* on page 16 of this Circular.

During 2005, stock options to acquire 1,532,600 Enbridge Shares at prices ranging from \$31.10 to \$33.55 per share were granted to 304 eligible employees, including the Named Executive Officers. For additional information on the outstanding stock options, including the cost of the stock options to the Corporation, see Note 17 to the Corporation's Financial Statements contained in the Annual Report.

Performance-Based Options

In order to provide further long-term incentives to participating members of senior management and to align their interests with those of Shareholders, on September 16, 2002, special performance-based stock options to acquire an aggregate of 1,620,000 Enbridge Shares at \$23.15 per share were granted to eligible employees, including the Named Executive Officers, for a five-year term, which term will extend to eight years if any of the stock options become exercisable before the end of the five-year term. The performance-based stock options become exercisable, as to 50% of the grant, if the price of an Enbridge Share equals or exceeds \$30.50 for 20 consecutive trading days during the period September 16, 2002 to September 16, 2007 and, as to 100% of the grant, if the price of an Enbridge Share equals or exceeds \$35.50 for 20 consecutive trading days during the same aforementioned period. As of December 31, 2005 both performance-based targets had been met. In addition to the performance hurdles, the options also have a time vesting criteria in that 20% of the options vest annually over 5 years. As of December 31, 2005, 60% of the options had vested and were exercisable. Further information on the Performance-Based Options is set forth under the heading *Performance Options* on page 17 of this Circular.

For additional information on the outstanding performance-based stock options, see Note 17 to the Corporation's Financial Statements contained in the Annual Report.

Share Ownership Guidelines

On January 1, 2002, the Corporation implemented share ownership guidelines for senior management requiring them to attain target levels of ownership by December 31, 2005. The President & Chief Executive Officer is required to own Enbridge Shares with a value equal to four times his annual salary. As of December 31, 2005, Mr. Daniel held 320,514 Enbridge Shares, representing a share ownership level of approximately 12 times his annual salary.

Other members of senior management including the President & Chief Executive Officer's direct reports and senior vice presidents are required to own Enbridge Shares with a value of two times their annual salary. Members of senior management at the vice president level are required to own Enbridge Shares with a value equal to their annual salary. These guidelines apply to any individuals subsequently hired or appointed to assume such positions, provided that such individuals will have a period of four years from their date of hiring or appointment to attain the applicable target level of share ownership. As of December 31, 2005, other members of senior management averaged approximately 9.3 times their annual salaries; and members of senior management at the vice president level averaged approximately 1.7 times their annual salaries.

Enbridge encourages all employees to share in its long-term success through its various supported voluntary savings plans. As of December 31, 2005, employees in Canada and the United States, other than the Named Executive Officers, owned approximately 4,737,654 Enbridge Shares under these plans.

Compensation Consultant

The HRC Committee engaged Mercer Human Resource Consulting (Mercer) to provide specific support to the Committee in determining compensation for the Corporation's officers during the most recently completed financial year. This support has consisted of (i) the provision of general market observations with respect to market trends and issues, (ii) the provision of benchmark market data, and (iii) attendance at two Committee meetings to review market trends and issues, and one other meeting at which market analysis findings were presented to the Committee. The decisions made by the HRC Committee are the responsibility of the Committee and may reflect factors and considerations other than the information and recommendations provided by Mercer.

For fiscal year 2005, Mercer's fees as the Committee's advisor totaled approximately \$131,000. Enbridge also paid Mercer approximately \$1,301,000 in fiscal 2005 consisting of various routine administration, actuarial and compliance mandates from Enbridge management at various locations around the world.

Compensation of the Chief Executive Officer

Mr. Daniel's base salary is determined through annual compensation surveys of the Comparator Groups and is reviewed annually based on corporate and personal performance. The Board determines Mr. Daniel's annual bonus award based on two factors (the weight ascribed to each factor is noted below): (1) the assessment of the Corporation's annual return on equity compared to budgeted return on equity (80%); and (2) the HRC Committee's evaluation of Mr. Daniel's performance in relation to annual objectives agreed to in advance (20%). Based on these factors, the Board approved the award to Mr. Daniel of a cash bonus of \$1,043,000 for 2005. For the Performance Stock Unit component of 2005 compensation, Mr. Daniel was granted 32,000 PSUs. For the Incentive Stock Option component of 2005 compensation, Mr. Daniel was granted stock options to purchase 170,000 Enbridge Shares at a price of \$31.68 per share. Based on competitive market data, this grant is within the competitive range of long-term incentive grants for chief executive officers in the Comparator Groups.

Notes:

- 1 Threshold* refers to the minimum amount payable for a certain level of performance under the PSU Plan. No payments will be made under the PSU Plan if the Corporation's total shareholder return over a three-year period in relation to a peer group of companies (TSR) is at or below the 25th percentile. The number of PSUs set forth in this column assume the Corporation's TSR is at the 26th percentile and does not include dividends on the PSUs.
- 2 Target* refers to the amount payable if the specified performance target is reached. Pursuant to the PSU Plan, each Named Executive Officer would receive 100% of the PSUs granted in the event that the Corporation's TSR is at the 50th percentile. The number of PSUs set forth under this column assume the Corporation's TSR is at the 50th percentile and does not include dividends on the PSUs.
- 3 Maximum* refers to the maximum payout possible under the PSU Plan. Pursuant to the PSU Plan, each Named Executive Officer would receive 200% of the PSUs granted in the event that the Corporation's TSR is at or above the 75th percentile. Stock Options

Incentive Stock Option Plan (2002)

Pursuant to the Incentive Stock Option Plan (2002) (the "ISOP"), which was approved at the annual and special meeting of Shareholders of the Corporation on May 3, 2002, the HRC Committee, subject to Board approval, may grant options and stock appreciation rights ("SARs") to full-time key employees, including officers, of the Corporation or its subsidiaries. The purpose of the ISOP is to provide such employees the opportunity to acquire or enjoy the benefit of an increased proprietary interest in the Corporation in a manner that is consistent with and will advance the interests of the Corporation and its subsidiaries by motivating and rewarding the employees in relation to the long-term performance and growth of the Corporation and the total return to Shareholders, which thereby allows the Corporation to attract and retain the best employees.

Features of the Incentive Stock Option Plan

Restrictions on Enbridge Shares Reserved and Issued

The ISOP restricts the number of Enbridge Shares reserved for issuance and the number of Enbridge Shares to be issued as follows:

- (a) the total number of Enbridge Shares reserved for issuance to any one participant shall not exceed in the aggregate 5% of the Enbridge Shares outstanding at the time of reservation;
- (b) the total number of Enbridge Shares reserved for issuance to insiders shall not exceed 10% of the number of the Enbridge Shares outstanding at the time of reservation; and
- (c) the total number of Enbridge Shares issued to insiders, as a group, and to any one insider and such insider's associates, within a one-year period shall not exceed 10% and 5%, respectively, of the number of Enbridge Shares outstanding at the time of issuance.

Term, Vesting Provisions and Exercise Price

Options have a term of ten years or less and are subject to earlier termination if the holder leaves the employ of the Corporation unless the HRC Committee otherwise decides. (See "Termination of Employment" below.) An option shall only become exercisable after one year of continued employment following the day of its grant and only then in such installments as the HRC Committee may determine. In no case, other than when an option is awarded during a corporate trading blackout, shall an option be granted at an exercise price less than 100% of the last sale price of Enbridge Shares on the TSX on the trading day prior to the date of the grant. In the event an option is awarded during a corporate trading blackout, the effective date of the option shall be no earlier than the fourth trading day following the date of the termination of the blackout and the option price shall in no case be less than the weighted average trading price of the Enbridge Shares on the TSX for the three trading days immediately prior to the effective date of the option.

16 Management Information Circular

Incentive stock options, within the meaning and requirements of the United States Internal Revenue Code (the Code), may be granted to designated employees of the Corporation's United States subsidiaries at an exercise price of not less than 100% of the last sale price of Enbridge Shares on the TSX on the trading day prior to the date of the grant. Such options may be afforded favourable tax treatment under United States law.

For U.S. option holders, to the extent that the aggregate fair market value of Enbridge Shares with respect to which an incentive stock option is exercisable for the first time by any individual during any calendar year exceeds \$100,000, such option is treated as a non-statutory option (or non-qualified option).

SARs Granted in Connection with Options

SARs may be granted in connection with an option. The number of Enbridge Shares covered by SARs shall not exceed the number of Enbridge Shares available to the employee under his/her option. Generally, SARs will be exercisable at such times and in such amounts as the underlying options. SARs entitle the holder to surrender all or part of the underlying and unexercised option and receive in exchange the amount by which the then aggregate fair market value of the Enbridge Shares covered by the option (based on the trading price of the Enbridge Shares on the TSX) exceeds the aggregate option exercise price, to a maximum of 100% of the exercise price. Payment of the amount may be paid and satisfied by the Corporation in Enbridge Shares, cash or both. SARs have not been granted in connection with options since 1994.

Transferability and Assignability

No options or rights granted under the ISOP are transferable or assignable by the holder other than by will or according to the laws governing descent and distribution.

Termination of Employment

Retirement or Disability

In the event of retirement or disability of a participant, the options held by such participant continue to vest and those options that are exercisable or become exercisable are exercisable until the earlier of the third anniversary of the date of retirement or disability and the expiration of the term of the option.

Death

In the event of death of a participant, all options held become vested and are exercisable until the earlier of the first anniversary of the date of death and the expiration of the term of the option.

Other

In the event of termination of employment for reasons other than retirement, disability or death, only options that have vested remain exercisable for 30 days from the date of termination unless extended by the HRC Committee but in no event shall such extension be more than the third anniversary of termination and the expiration of the term of the option.

With respect to designated employees in the United States, the HRC Committee may determine terms and conditions in accordance with the Code under which options and SARs may be exercised upon termination of employment.

In the event that a participant who holds U.S. options, after one year of continuous employment following the grant date and before completely exercising the option, terminates their employment due to normal or early retirement under the retirement plan of the Corporation (or a subsidiary of the Corporation) or due to permanent and total disability or under conditions acceptable to the HRC Committee, options will be treated as follows: unexercised installments of the option that are exercisable on the date of termination remain exercisable; unvested installments of the option that would have vested within three years of the date of retirement or disability (in accordance with the vesting schedule set forth above) shall vest; and the option remains exercisable until the thirtieth day following the date of the termination of employment or the expiry date, whichever is the shorter period.

Amendments to the ISOP

Subject to regulatory approval (which approval may also require shareholder approval), the Board may amend the ISOP in whole or in part. The Board, subject to allowable adjustments in the event of reorganization of the Corporation, shall not change the minimum exercise price at which options or SARs will be granted, or extend the maximum term during which an option or SAR may be exercised.

Performance Options

Performance options, such as those described under the heading Performance-Based Options on page 14 of this Circular, are issued and managed under the overall terms of the ISOP, particularly with regards to the total number of Enbridge Shares issued, such that the total number of options issued under the ISOP includes both regular incentive stock options and performance-based options.

An aggregate of 30,000,000 Enbridge Shares are issuable under the ISOP. To date, a total of 11,958,379 Enbridge Shares have been issued upon the exercise of stock options, representing approximately 3.4% of the Enbridge Shares outstanding on March 3, 2006. This leaves a total of 18,041,621 Enbridge Shares available for issuance upon the exercise of stock options, representing approximately 5.2% of the Enbridge Shares outstanding as of March 3, 2006. There are currently 12,284,991 stock options outstanding.

Pension Plan

The following tables illustrate the benefits payable under the defined benefit component of the Corporation's trusted non-contributory pension plans (the Plan), which apply to the Corporation's Corporate and Transportation units and include the Named Executive Officers. The tables illustrate the total annual pension entitlements assuming the eligibility requirements for an unreduced pension have been satisfied. Plan benefits that exceed maximum pension rules applicable to registered plan benefits are paid from the Corporation's supplemental pension plan. Other trusted pension plans, with varying contribution formulae and benefits, cover the balance of Canadian and United States employees.

For service prior to January 1, 2000, the Plan provides a yearly pension payable after age 60 in the normal form (60% joint and last survivor) equal to: (a) 1.6% of the sum of (i) the average of the participant's highest annual salary during three consecutive years out of the last ten years of credited service and (ii) the average of the participant's three highest annual performance bonus periods, represented in each period by the greater of 50% of the actual bonus paid or the lesser of the target bonus and actual bonus, in respect of the last five years of credited service, multiplied by (b) the number of credited years of service. This pension is offset, after age 60, by 50% of the participant's Canada Pension Plan (CPP) benefit prorated by years in which the participant has both credited service and

CPP coverage. An unreduced pension is payable if retirement is after age 55 with 30 or more years of service, or after age 60. Early retirement reductions apply if a participant retires and does not meet these requirements.

For service after December 31, 1999, the Plan provides for senior management employees (including the Named Executive Officers) a yearly pension payable after age 60 in the normal form (60% joint and last survivor) equal to: (a) 2% of the sum of (i) the average of the participant's highest annual base salary during three consecutive years out of the last ten years of credited service and (ii) the average of the participant's three highest annual performance bonus periods, represented in each period by 50% of the actual bonus paid, in respect of the last five years of credited service, multiplied by (b) the number of credited years of service. An unreduced pension is payable if retirement is after age 55 with 30 or more years of service, or after age 60. Early retirement reductions apply if a participant retires and does not meet these requirements. Retirement benefits paid from the Plan are indexed at 50% of the annual increase in the consumer price index.

For additional information on post-employment benefits, including funded status and pension assets and liabilities, see Note 20 to the Corporation's Financial Statements, which are contained in the Annual Report.

Key Assumptions

It is important to note that the amounts illustrated in the preceding two tables are based on contractual entitlements as well as assumptions that may change over time. The methods used to estimate these amounts will not be identical to the methods used by other issuers and as a result the amounts may not be directly comparable across issuers. The following table illustrates the key assumptions used to determine the service cost and benefit obligation, each of which is consistent with the assumptions used for the Corporation's Financial Statements.

20 Management Information Circular

Termination of Employment and Change of Control Arrangements

The Corporation has entered into employment contracts with each of the Named Executive Officers. Each contract provides that should the Named Executive Officer experience involuntary termination of employment for any reason (other than for cause) or elect to terminate their employment within 60 days of the first anniversary of the occurrence of a change of control of the Corporation (as defined in the agreements) or elect to terminate their employment within 60 days following constructive dismissal (as defined in the agreements), subject to the terms of the contract, the executive will be paid 200% of the sum of: (i) twelve times the gross monthly salary paid to the executive in the last full month of employment; (ii) the average of the last two years of the STIP awards paid to the executive; and (iii) the cash value of the last annual flex benefit credit allowance and flexible perquisite allowance provided to the executive; plus an amount equal to the value of the STIP award to be paid for the calendar year in which termination occurs, pro-rated based upon the number of days of employment of the executive in such year.

Each employment contract also provides that the Named Executive Officer is entitled to certain benefits, including two years of additional service added to the service already accrued at date of termination under the Corporation's defined benefit pension plan and supplemental benefit pension plan and cash payment of certain non-vested options, if any, that are cancelled under the ISOP as a consequence of termination of their employment. In the case of options granted pursuant to the ISOP, the payment is calculated based on the in-the-money value of their non-vested options at the date of termination.

The President & Chief Executive Officer has entered into an employment contract on identical terms to those described above, except that he is entitled to 300%, rather than 200%, of the amounts noted above.

Under the Corporation's supplemental benefit pension plan, in the event of a change of control of the Corporation, the Corporation shall make contributions to the Retirement Compensation Arrangement and the Grantor Trust Fund within a reasonable timeframe, not to exceed 180 days, such that, as of the date of the change of control, plan assets are no less than the target level of assets as defined in the funding policy. Under the Corporation's PSU Plan, the Named Executive Officers would be entitled to receive, within 30 days after the date of a change of control, the PSU compensation accrued to the date of the change in control, appropriately adjusted for the Corporation's performance relative to its peer group, as defined in the PSU Plan.

Further information concerning the Corporation's pension plans, ISOP and PSU Plan is set forth under the headings "Pension Plan", "Incentive Stock Option Plan (2002)" and "Performance Stock Unit Plan", on pages 19, 16 and 13 of this Circular, respectively.

Total Compensation

In establishing total compensation levels for senior management including the Named Executive Officers, Enbridge considers a broad range of compensation including base pay, annual incentives, perquisites, and the present value of PSUs and stock option grants. Total compensation is defined as these items plus certain executive perquisites and the annual pension service cost.

APPENDIX A STATEMENT OF CORPORATE GOVERNANCE PRACTICES

General Approach

During 2005, new Canadian and United States corporate governance guidelines and rules became applicable to Enbridge Inc. (Enbridge or the Corporation).

In Canada, on May 5, 2005, Multilateral Instrument 52-110 Audit Committees (MI 52-110) became applicable to Enbridge, and on June 30, 2005, certain amendments to MI 52-110, including amendments to the definition of independence, became effective. Information with respect to Enbridge s audit committee, required pursuant to MI 52-110, is set forth under the heading Audit, Finance & Risk Committee Further Information beginning on page 31 in this Appendix A .

In addition, on June 30, 2005, National Instrument 58-101 Disclosure of Corporate Governance Practices (NI 58-101) and National Policy 58-201 Corporate Governance Guidelines (NP 58-201) became effective, for purposes of the TSX, and replaced the TSX s 14 corporate governance guidelines and its related corporate governance disclosure rules. Information about Enbridge s corporate governance practices, required pursuant to NI 58-101, is set forth under the heading Corporate Governance Disclosure beginning on page 27 in this Appendix A .

As of the date hereof, the board of directors (the Board) believes that Enbridge is in full compliance with the Canadian securities regulators corporate governance guidelines and rules.

Enbridge was also required to satisfy the audit committee requirements under Rule 10A-3 of the U.S. Securities Exchange Act of 1934 (the U.S. Exchange Act) by July 31, 2005, although it has been in compliance with these requirements for some time. A summary of these audit committee requirements is set forth under the heading Audit Committee on page 33 in this Appendix A .

As a foreign private issuer under United States securities laws, Enbridge is in most respects permitted to comply with Canadian corporate governance guidelines and rules in lieu of the New York Stock Exchange (the NYSE) corporate governance guidelines and rules applicable to United States listed corporations. The NYSE standards require Enbridge to disclose the manner in which Enbridge s corporate governance practices differ from the NYSE standards. These differences are set forth under the heading Foreign Private Issuer Disclosure on page 33 in this Appendix A .

The discussion that follows relates solely to compliance with Canadian securities regulators corporate governance guidelines and rules. Discussion with respect to compliance with U.S. Securities and Exchange Commission (the U.S. SEC) and NYSE corporate governance guidelines and rules is confined to the disclosure set forth under the heading Compliance with U.S. SEC and NYSE Standards in this Appendix A .

References to documents and information throughout this Appendix A is available on the Enbridge website and can be found at www.enbridge.com/investor. In addition, any information located on the website is also available in print to any Shareholder upon request to the Office of the Corporate Secretary. The Board also oversees identification of the principal risks to the Corporation on an annual basis and monitors the Corporation s risk management programs. As well, the Board oversees the implementation of succession planning, and seeks assurance that internal control systems and management information systems are in place and operating effectively. Before implementation, the Board approves all significant matters that may materially affect the Corporation and supports implementation and reviews the results. The Governance Committee has developed the Board Guidelines, as well as terms of reference (Terms of Reference) setting out the specific mandate and responsibilities of the Board as a whole, both of which have been adopted by the Board. Further descriptions of specific Board responsibilities are set forth generally in the *Canada Business Corporations Act*, in the articles and by-laws of the Corporation and in the Terms of Reference of the four standing Board Committees. The Board's Guidelines and Terms of Reference, as well as the Board Committees' Terms of Reference are available on the Corporation's website. Further information pertaining to the Board is set forth under the heading Corporate Governance Disclosure beginning on page 27 in this Appendix A.

Exemptive Relief

Mr. Martin's son is a partner of PricewaterhouseCoopers LLP (PWC). As PWC are the auditors of the Corporation, there was a period of time from May 5, 2005 (being the date upon which MI 52-110 became applicable to the Corporation) to June 30, 2005 (the date on which certain amendments to MI 52-110 came into force) during which Mr. Martin was not considered independent for the purposes of MI 52-110 as the provisions of MI 52-110 in force at that time deemed Mr. Martin to have a material relationship with the Corporation because of his son's relationship with PWC. The Corporation made an application to the Alberta Securities Commission for exemptive relief from the applicable provisions, which application was successful and an exemptive relief order was granted. When the amendments to MI 52-110 came into force on June 30, 2005, Mr. Martin was no longer deemed to have a material relationship with PWC, and is considered now to be independent for the purposes of MI 52-110.

Pre-Approval Policies and Procedures

On October 30, 2003, the AFR Committee adopted a policy that requires pre-approval by the Committee of any services to be provided by the auditors, whether audit and non-audit services. The policy prohibits the Corporation from engaging the auditors to provide the following non-audit services:

- (a) bookkeeping or other services related to accounting records and financial statements;
- (b) financial information systems design and implementation;
- (c) appraisal or valuation services, fairness opinions, or contribution-in-kind reports;
- (d) actuarial services;
- (e) internal audit outsourcing services;
- (f) management functions or human resources;
- (g) broker or dealer, investment adviser, or investment banking services;
- (h) legal services; and
- (i) expert services unrelated to the audit.

The AFR Committee believes that the policy will protect the Corporation from the potential loss of independence of the external auditors.

A copy of the policies and procedures on the pre-approval of non-audit services by the Corporation's external auditors may be obtained from the Corporate Secretary of the Corporation by sending a written request to #3000, 425 - 1st Street S.W., Calgary, Alberta, T2P 3L8, by faxing a written request to (403) 231-5929, by calling (403) 231-3900 or by sending an e-mail request to corporatesecretary@enbridge.com.

The AFR Committee has also adopted a policy which prohibits the Corporation from hiring former employees of the auditors who provided more than 10 hours of audit, review or attest services for the Corporation or its subsidiaries within the one year preceding the commencement of the audit of the current year's financial statements.

External Auditor Services Fees

Information with respect to the amounts paid to Enbridge's auditors for services provided to Enbridge and its subsidiaries for the financial years ended December 31, 2004 and 2005, is set forth under the heading "Fees Billed by Auditors" on page 12 in this Circular. This information includes amounts paid for audit services, audit-related services, tax fees and all other fees, as well as a description of the nature of the services comprising the fees disclosed under each category.

COMPLIANCE WITH U.S. SEC AND NYSE STANDARDS

Audit Committee

Requirement: As of July 31, 2005, Enbridge was required to have an audit committee that satisfies the requirements of Rule 10A-3 under the U.S. Securities Exchange Act of 1934.

Rule 10A-3 requires, in brief, that the Corporation's audit committee members be independent, as defined in Rule 10A-3, and that the committee be responsible for, among other things, (a) appointing, compensating and overseeing the work of the Corporation's independent auditors, (b) establishing complaints procedures and (c) hiring independent counsel and other advisers as it deems necessary. Rule 10A-3 also requires that the Corporation provide sufficient funds for the audit committee to compensate the independent auditors, any advisers hired by the committee and for the committee's administrative expenses. The rule permits the Corporation to continue its practice of having the shareholders vote on the retention of the Corporation's independent auditors so long as any recommendation from the Corporation is made by the audit committee.

Disclosure: The Corporation is fully compliant with this rule. Further information pertaining to the Corporation's audit committee is set forth under the heading "Audit, Finance & Risk Committee - Further Information" on page 31 in this Appendix A.

Audit Committee Financial Expert

Requirement: The Corporation is required to disclose whether it has at least one audit committee financial expert serving on its committee and if so, the name of the expert and whether the expert is independent.

Disclosure: Messrs. Fatt and Leslie are considered audit committee financial experts, and are independent, within the meaning of the U.S. Exchange Act. Further information about Messrs. Fatt and Leslie is set forth under the heading "Audit, Finance & Risk Committee - Further Information" on page 31 in this Appendix A.

Foreign Private Issuer Disclosure

Requirement: Listed foreign private issuers must disclose any significant ways in which their corporate governance practices differ from those followed by U.S. domestic companies under NYSE listing standards.

Disclosure: The Corporation's domestic corporate governance practices with which it complies (see the heading "Corporate Governance Disclosure" on page 27 in this Appendix A) differ from the corporate governance practices required of U.S. companies listed on the NYSE in the significant ways set forth below.

§ The NYSE requires shareholder approval for all equity compensation plans and any material amendments to such plans, regardless of whether the securities to be delivered under such plans are newly issued or purchased on the open market, subject to a few limited exceptions. The Canadian rules only require shareholder approval of equity compensation plans that involve newly issued securities and any material amendments, also subject to exception. In Canada, if an equity compensation plan does not provide for a fixed maximum number of securities to be issued but a rolling maximum number based on a fixed percentage of the issuer's outstanding securities, the plan must be approved every three years by shareholders. Shareholder approval must also be obtained if the plan provides for amendments and the amendments involve a reduction in the exercise price or an extension of the term of options held by insiders. The Corporation offers all employees an incentive to save and to increase their ownership stake in the Corporation by offering to match employee savings up to 2.5% of base salary, with an equal value contribution of 2.5% of their base salary in flex credits, provided the employee savings contribution is applied to purchase Enbridge common shares in the open market. This Stock Purchase and Savings Plan makes Enbridge common shares available to employees, effectively providing them with a 2.5% of base salary credit toward the cost of the common shares. Under NYSE rules, shareholder approval would be required for such plan but in Canada, such a plan does not need to be approved by shareholders because the plan purchases the Enbridge common shares in the open market and no additional common shares are issued.

§ The NYSE requires certain directors of a listed U.S. company be independent for a variety of purposes. While the Corporation believes that the NYSE and MI 52-110 definitions of independence are broadly similar, one significant difference relates to the connections between a director's family members and the Corporation's auditors. Mr. R.W. Martin (whose son is a non-audit partner in PricewaterhouseCoopers LLP, has never been involved in any Enbridge files and is separately domiciled) is independent for MI 52-110 purposes but would not be for NYSE

purposes and therefore could not serve on the AFR Committee or the HRC Committee, if the NYSE independence requirements applied.

Appendix "A" 33

§ The NYSE requires that a nominating/corporate governance committee of a board be comprised entirely of independent directors, whereas in Canada there is no such requirement. If Mr. Tutcher is elected a director of the Corporation, it is proposed that he will be appointed to the Governance Committee. As of the date of this Circular, March 3, 2006, Mr. Tutcher is not an independent director as he is the Group Vice President, Transportation South of the Corporation and President of Enbridge Energy Company, Inc. and Enbridge Energy Management, L.L.C., both subsidiaries of the Corporation. Although Mr. Tutcher will be retiring from these offices on May 1, 2006, he will still be considered non-independent if elected as a director of the Corporation because of the offices he has held with the Corporation and these subsidiaries.

Notification Requirements

Requirement: Each listed company CEO must promptly notify the NYSE in writing after any executive officer of the listed company becomes aware of any material non-compliance with any applicable provisions of the NYSE corporate governance standards.

Disclosure: The Chief Executive Officer of the Corporation is not aware of any material non-compliance with any applicable provisions of the NYSE corporate governance standards applicable to the Corporation. If the Chief Executive Officer does become aware of any material non-compliance, he will promptly notify the NYSE in writing.

Requirement: Each listed company must submit an executed written affirmation annually to the NYSE.

Disclosure: Enbridge provided an Annual Written Affirmation to the NYSE in August 2005.
