PART III — NARRATIVE

State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, 10-D, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

The Company has determined that it requires additional capital to satisfy its working capital requirements; it is currently in active discussions regarding both bridge financing as well as evaluating strategic alternatives under the direction of a special committee consisting of independent members of the Bluefly, Inc. (the "Company") Board, together with the assistance of an independent financial advisor. The Company believes that any such transactions are likely to be substantially dilutive in share price to existing shareholders. The inability of the Company to consummate the transactions currently under discussion or an alternative transaction, could have a material adverse effect on the operations of the Company.

In light of the foregoing, the Company continues to review its financial statements and is unable to file its Annual Report on Form 10-K for the fiscal year ending December 31, 2012, without unreasonable effort or expense within the prescribed time period. In accordance with Rule 12b-25 of the Securities Exchange Act of 1934, as amended, the Company expects to make such filing not later than the fifteenth calendar date following the prescribed due date.

(Name) (Area Code) (Telephone Number)

Have all other periodic reports required under Section 13 or 15(d) of the Securities Exchange Act of 1934 or (2) Section 30 of the Investment Company Act of 1940 during the preceding 12 months or for such shorter period that the registrant was required to file such report(s) been filed? If answer is no, identify report(s). Yes x No "

Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal (3) year will be reflected by the earnings statements to be included in the subject report or portion thereof? Yes
x No "

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

We estimate (subject to final audit) our net loss for the year ended December 31, 2012 to be between \$24 million and \$25 million as compared to a net loss of \$11.4 million for the fiscal year ended December 31, 2011. The increase in the 2012 net loss resulted primarily from operating losses including, but not limited to, the costs associated with the strategic change in our product mix and sales incentives, decreases in average order size, selling products at lower gross margin percentages, and, to a lesser extent, the non-cash effects of equity-linked instruments previously issued.
