NOTES TO THE CONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS

(In the notes all amounts are shown in U.S. dollars, unless otherwise stated)

1 General information

Tenaris S.A. (the “Company”), a Luxembourg corporation (société anonyme holding), was incorporated on December 17, 2001 as a holding company in steel pipe manufacturing and distributing operations. The Company holds, either directly or indirectly, controlling interests in various subsidiaries. References in these Consolidated Condensed Interim Financial Statements to “Tenaris” refer to Tenaris S.A. and its consolidated subsidiaries. A list of the principal Company’s subsidiaries is included in Note 31 to the audited Consolidated Financial Statements for the year ended December 31, 2007.

These Consolidated Condensed Interim Financial Statements were approved for issue by the Company’s Board of Directors on August 6, 2008.

2 Accounting policies and basis of presentation

These Consolidated Condensed Interim Financial Statements have been prepared in accordance with IAS 34, “Interim Financial Reporting”. The accounting policies used in the preparation of these Consolidated Condensed Interim Financial Statements are consistent with those used in the audited Consolidated Financial Statements for the year ended December 31, 2007. These Consolidated Condensed Interim Financial Statements should be read in conjunction with the audited Consolidated Financial Statements for the year ended December 31, 2007, which have been prepared in accordance with International Financial Reporting Standards (“IFRS”) as issued by the International Accounting Standard Board and adopted by the European Union.

Certain comparative amounts have been reclassified to conform to changes in presentation in the current year.

The preparation of Consolidated Condensed Interim Financial Statements in conformity with IFRS requires management to make certain accounting estimates and assumptions that might affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities as of the balance sheet dates, and the reported amounts of revenues and expenses for the reported periods. Actual results may differ from these estimates.

Material intercompany transactions and balances between the Company’s subsidiaries have been eliminated in consolidation. However, since the functional currency of some subsidiaries is its respective local currency, some financial gains (losses) arising from intercompany transactions are generated. These are included in the Consolidated Condensed Interim Income Statement under Other financial results.

This note should be read in conjunction with Note 26 to the Company's audited Consolidated Financial Statements for the year ended December 31, 2007.

Asbestos-related litigation

Dalmine S.p.A. ("Dalmine"), a Tenaris subsidiary organized in Italy is currently subject to 11 civil proceedings for work-related injuries arising from the use of asbestos in its manufacturing processes during the period from 1960 to 1980. In addition, another 47 asbestos related out-of-court claims and 1 civil party claim have been forwarded to Dalmine.

As of June 30, 2008, the total claims pending against Dalmine were 59 (of which, 1 is covered by insurance): during the six-month period ended June 30, 2008 4 new claims were filed, 4 claims were adjudicated, no claim was dismissed and no claim was settled. Aggregate settlement costs to date for Tenaris are Euro 6.6 million (\$10.4 million). Dalmine estimates that its potential liability in connection with the claims not yet settled is approximately Euro 20.2 million (\$31.8 million).

Accruals for Dalmine's potential liability are based on the average of the amounts paid by Dalmine for asbestos-related claims plus an additional amount related to some reimbursements requested by the social security authority. The maximum potential liability is not determinable as in some cases the requests for damages do not specify amounts, and instead is to be determined by the court. The timing of payment of the amounts claimed is not presently determinable.

Maverick litigation

On December 11, 2006, The Bank of New York (“BNY”), as trustee for the holders of Tenaris’ subsidiary Maverick Tube Corporation (“Maverick”) 2004 4% Convertible Senior Subordinated Notes due 2033 issued pursuant to an Indenture between Maverick and BNY (“Noteholders”), filed a complaint against Maverick and Tenaris in the United States District Court for the Southern District of New York. The complaint alleges that Tenaris’ acquisition of Maverick triggered the “Public Acquirer Change of Control” provision of Indenture, asserting breach of contract claim against Maverick for refusing to deliver the consideration specified in the “Public Acquirer Change of Control” provision of the Indenture to Noteholders who entered their notes for such consideration. This complaint seeks a declaratory judgment that Tenaris’ acquisition of Maverick was a “Public Acquirer Change of Control” under the Indenture, and asserts claims for tortious interference with contract and unjust enrichment against Tenaris. Defendants filed a motion to dismiss the complaint, or in the alternative, for summary judgment on March 13, 2007. Plaintiff filed a motion for partial summary judgment on the same date. Briefing on the motions has been completed. On January 25, 2008, Law Debenture Trust Company of New York (as successor to BNY as trustee under the Indenture) was substituted for BNY as plaintiff. Oral arguments on the outstanding motions were held on April 15, 2008.

Tenaris believes that these claims are without merit. Accordingly, no provision was recorded in these Consolidated Condensed Interim Financial Statements. Were plaintiff to prevail, Tenaris estimates that the recovery would be approximately \$50 million.

Conversion of tax loss carry-forwards

On December 18, 2000, the Argentine tax authorities notified Siderca S.A.I.C., a Tenaris subsidiary organized in Argentina (“Siderca”), of an income tax assessment related to the conversion of tax loss carry-forwards into Debt Consolidation Bonds under Argentine Law No. 24.073. The adjustments proposed by the tax authorities represent an estimated contingency of ARP80.1 million (approximately \$26.3 million) at June 30, 2008, in taxes and penalties. Based on the views of Siderca’s tax advisors, Tenaris believes that the ultimate resolution of the matter will not result in a material obligation. Accordingly, no provision was recorded in these Consolidated Condensed Interim Financial Statements.

Customer Claim

A lawsuit was filed on September 6, 2007 against two Tenaris’s subsidiaries, alleging negligence, gross negligence and intentional acts characterized as fraudulent inducement concerning allegedly defective well casing. Plaintiff alleges the complete loss of one natural gas production well and “formation damage” that precludes further exploration and production at the well site. Plaintiff seeks compensatory and punitive damages in an amount of \$25 million. On September 10, 2007, this lawsuit was tendered to a Tenaris subsidiary insurer and on September 26, 2007, a Tenaris subsidiary received the insurer’s agreement to provide a defense. The insurer has reserved its rights regarding any potential indemnity obligation. Tenaris believes that the ultimate resolution of the matter will not result in a material obligation.

11 Business combinations and other acquisitions

(a) Acquisition of Hydril Company (“Hydril”)

On May 7, 2007, Tenaris paid \$2.0 billion to acquire Hydril, a North American manufacturer of premium connections and pressure control products for the oil and gas industry. To finance the acquisition, Tenaris entered into syndicated loans in the amount of \$2.0 billion, of which \$0.5 billion were used to refinance an existing loan in the Company. The balance of the acquisition cost was paid out of cash on hand. Of the loan amount, \$1.7 billion was allocated to the Company and the balance to Hydril.

The main covenants on these loan agreements are limitations on liens and encumbrances, limitations on the sale of certain assets, restrictions in investments and compliance with financial ratios (e.g., leverage ratio and interest coverage ratio in Hydril’s syndicated loan agreement, and leverage ratio and debt service coverage ratio in the Company’s syndicated loan agreement). In addition, Hydril’s syndicated loan agreement has certain restrictions in capital expenditures. The Company’s syndicated loan agreement was secured with a pledge of 100% of Hydril’s shares; upon each payment or prepayment under this agreement, the number of shares subject to the pledge would be reduced proportionally, and the pledge would be completely released immediately after the aggregate outstanding principal amount of the loan is less than or equal to \$0.6 billion.

On November 8, 2007, the Company prepaid loans under the Company’s syndicated loan agreement in a principal amount of \$0.7 billion plus accrued interest thereon to such date. In May 2008, the Company prepaid loans under the Company’s syndicated loan agreement in a principal amount of \$0.5 billion. As a result of such prepayments, the pledge of Hydril’s shares has been released and currently restrictions on payments of dividends, repurchase or redemption of shares under the Company’s syndicated loan are not applicable.

During 2008, Hydril’s syndicated loan was partially prepaid in an amount of \$33 million.

Tenaris began consolidating Hydril’s balance sheet and results of operations as from May, 2007.

On April 1, 2008, the sale was completed. The result of this transaction was an after-tax gain of \$ 394.3 million, calculated as the net proceeds of the sale less the book value of net assets held for sale, the corresponding tax effect and related expenses.

14 Investment in Ternium: Sidor nationalization process

On June 30, 2008, the Company held 11.46% of the capital stock of Ternium S.A. As publicly stated by Ternium, the book value of Ternium's interest in Sidor was \$1.3 billion at June 30, 2008.

On March 31, 2008, Ternium controlled shares representing approximately 59.7% of Sidor's capital, while Corporación Venezolana de Guayana, or CVG (a Venezuelan governmental entity) and Banco de Desarrollo Económico y Social de Venezuela, or BANDES (a bank owned by the Venezuelan government) held approximately 20.4% of Sidor and certain Sidor employees and former employees held the remaining 19.9% interest.

On April 8, 2008, the Venezuelan government announced its intention to take control over Sidor. On April 29, 2008, the National Assembly of the Republic of Venezuela passed a resolution declaring that the shares of Sidor, together with all of its assets, are of public and social interest. This resolution authorized the Venezuelan government to take any action it may deem appropriate in connection with any such assets, which may include expropriation.

On May 11, 2008, the Venezuelan government announced that Decree Law 6058 regulating the steel production activity in the Guayana, Venezuela region (the "Decree") became effective upon its publication on Venezuela's Official Gazette. The Decree ordered that Sidor and its subsidiaries and associated companies be transformed into state-owned enterprises ("empresas del estado"), with Venezuela owning not less than 60% of their share capital. Among other things, the Decree required the Venezuelan government to create a committee to negotiate over a 60-day period a fair price for the shares to be transferred to Venezuela.

Upon expiration of the term contemplated under the Decree, on July 12, 2008, Venezuela, acting through CVG, assumed operational control of Sidor. Following the change in operational control, CVG assumed complete responsibility for Sidor's operations, Sidor's board of directors ceased to function and Sidor's operations are managed by a 6-member temporary operating committee, the majority of whose members are appointed by CVG. Ternium, however, has not yet transferred its ownership interest in Sidor to Venezuela.

The term provided in the Decree for the negotiation of the conditions under which all or a significant part of Ternium's interest in Sidor will be transferred to Venezuela was extended until August 18, 2008. The negotiation of proposed future business relationships between Ternium and Sidor is also expected to be completed during that term.
