Summary Terms of the Asset Purchase Agreement

Pursuant to the Asset Purchase Agreement, a copy of which is attached hereto as Exhibit A, the Company acquired certain assets of DMCC and RFFG of Cleveland, including customer lists, comprising DMCC's and RFFG of Cleveland's services business. DMCC's and RFFG of Cleveland's services business was operated from offices in Ohio and provided labor and human resource solutions, including temporary staffing, human resources and payroll outsourcing services, labor and employment consulting and workforce solutions.

The closing of the Asset Purchase Agreement took place on December 30, 2010, with an effective date of November 1, 2010.

As consideration for the assets, the Company will:

- Issue to DMCC and RFFG of Cleveland 5,581,395 shares of Common Stock, which is equal to \$2,400,000 divided by the average fair market value of the Common Stock for the 20 consecutive trading days prior to the second trading day prior to the closing date of December 30, 2010, upon receipt of (a) stockholder approval of the transaction and of an increase to the Company's authorized Common Stock and (b) approval of an additional listing application by the NYSE Amex Stock Exchange, and
- Make certain earn-out payments to DMCC and RFFG of Cleveland if certain EBITDA-based targets are met.

Pursuant to the Asset Purchase Agreement, the parties also entered into the following additional agreements:

- A management agreement, dated November 30, 2010, effective as of November 1, 2010 (the "Management Agreement"), by and between Business Management Personnel, Inc. ("BMP"), an Ohio corporation and an indirect wholly-owned subsidiary of the Company, and RFFG, LLC, the sole member of each of DMCC and RFFG of Cleveland ("RFFG"), pursuant to which BMP agreed to provide RFFG with certain services for the day-to-day operations of its remaining businesses; and
- A registration rights agreement, dated as of December 30, 2010 (the "Registration Rights Agreement"), by and among the Company, Triad, DMCC and RFFG of Cleveland, pursuant to which the Company granted DMCC and RFFG of Cleveland certain piggyback registration rights with respect to the Common Stock to be issued to them under the Asset Purchase Agreement.

See "Proposal 1 - The Issuances" for more information regarding the Asset Purchase Agreement and the transactions contemplated thereby.

PROPOSAL 1 -- THE ISSUANCES

Vote Required and Approval of Proposal 1

The Company's Common Stock is listed on the NYSE Amex Stock Exchange and, as a result, the Company is subject to Rules 712 and 713 of the NYSE Amex Stock Exchange Company Guide (the "Company Guide").

Rule 712 of the Company guide requires approval of a majority of shareholders as a prerequisite to approval of applications to list additional shares to be issued as sole or partial consideration for an acquisition of the stock or assets of another company in the following circumstances:

- if any individual director, officer or substantial shareholder of the listed company has a 5% or greater interest (or such persons collectively have a 10% or greater interest), directly or indirectly, in the company or assets to be acquired or in the consideration to be paid in the transaction and the present or potential issuance of common stock, or securities convertible into common stock, could result in an increase in outstanding common shares of 5% or more; or
- where the present or potential issuance of common stock, or securities convertible into common stock, could result in an increase in outstanding common shares of 20% or more.

A substantial shareholder of the Company, Thomas J. Bean, as the beneficial owner of the securities held directly by Big Red Investments Partnership Ltd. and the manager of the sole member of DMCC and RFFG of Cleveland, may be deemed to have a 5% or greater interest in the consideration to be paid in the transaction and the Initial Issuance will result in an increase in outstanding Common Stock of more than 5%. In addition, the Initial Issuance will result in an increase in the Company's outstanding Common Stock of more than 20%.

Rule 713 of the Company Guide requires approval of a majority of shareholders as a prerequisite to approval of applications to list additional shares in the following circumstances, among others:

- when the additional shares will be issued in connection with a transaction involving the sale, issuance, or potential issuance by the issuer of common stock (or securities convertible into common stock) equal to 20% or more of presently outstanding stock for less than the greater of book or market value of the stock; or
- when the issuance or potential issuance of additional shares will result in a change of control of the issuer.

The Initial Issuance equals 20% or more of the presently outstanding stock and will be at a price per share of \$0.01, which is less than the greater of the book or market value of the Common Stock. In addition, the Issuances to DMCC and RFFG of Cleveland will result in a change in control of the Company because the Initial Issuance will dilute the ownership of PSQ, LLC ("PSQ"), currently the beneficial owner of approximately 65.5% of the Company's outstanding Common Stock, to approximately 47.7% of the Company's outstanding Common Stock.

The Consenting Shareholders, holders of 71.9% of the shares of Common Stock, voted in favor of Proposal 1 by resolution dated March 24, 2011.

Terms of the Asset Purchase Agreement

On November 1, 2010, the Company entered into the Asset Purchase Agreement, dated as of October 29, 2010, with DMCC, RFFG of Cleveland, Thomas J. Bean and Triad. A copy of the Asset Purchase Agreement is attached hereto as Exhibit A.

Under the Asset Purchase Agreement, the Company acquired the following assets of DMCC and RFFG of Cleveland:

- Goodwill. All goodwill of the business of DMCC and RFFG of Cleveland.

Purchase Price for the Assets Acquired

Initial Issuance

Pursuant to the Asset Purchase Agreement, the Company will issue to DMCC and RFFG of Cleveland 5,581,395 shares of Common Stock, which is equal to \$2,400,000 divided by the average fair market value of the Common Stock for the 20 consecutive trading days prior to the second trading day prior to the closing date of December 30, 2010, upon receipt of (a) stockholder approval of the transaction and of an increase to the Company's authorized Common Stock and (b) approval of an additional listing application by the NYSE Amex Stock Exchange.

Earnout Payments

In addition, commencing in 2011, if the aggregate EBITDA of the business acquired plus any management fees earned by the Company under the Management Agreement (the "EBITDA") meets certain targets (each, an "EBITDA Target") over a four-year period ending December 31, 2014 (the "Earnout Period"), the Company will be required to make earn-out payments to DMCC and RFFG of Cleveland, each payable in three equal installments. In the event that an EBITDA Target for a certain period is not met, the earn-out payment in respect of such period will be reduced proportionately. The EBITDA Targets will be \$300,000, \$600,000, \$900,000 and \$1,200,000 for each of the three-, six-, nine- and twelve-month periods, respectively, in the calendar year ending December 31, 2011, and earn-out payments will consist of quarterly payments of \$150,000, payable in three equal monthly installments, if the relevant EBITDA Targets are met. Starting in the fiscal year ending December 31, 2012, the EBITDA Targets will be adjusted annually to reflect the EBITDA for the twelve-month period ending on December 31st of the most recently completed fiscal year (each, an "Annual EBITDA Target") and earn-out payments for the year will be adjusted to equal 50% of the relevant Annual EBITDA Target divided by four. At the end of each fiscal year during the Earnout Period, if the

aggregate EBITDA for the 12-month period then ended is greater than the Annual EBITDA Target for such year, then the Company will pay to DMCC and RFFG of Cleveland the amount of such excess, 50% in cash and 50% in shares of Common Stock.

Management Agreement

In connection with the Asset Purchase Agreement, on November 30, 2010, BMP entered into the Management Agreement, effective as of November 1, 2010, with RFFG. Pursuant to the Management Agreement, BMP agreed to provide services to RFFG to operate its day-to-day business, including services related to accounting, sales, finance, workers' compensation, benefits, physical locations, IT and employees. The Management Agreement provides that additional services may be added if BMP and RFFG mutually agree to the cost to be charged by BMP for such services and as long as BMP has the resources to provide such services.

In consideration of the services provided under the Management Agreement, RFFG will pay BMP monthly fees that will average, on an annual basis, 6% of its gross revenues. Fees may be adjusted up or down by mutual agreement of the parties to accommodate seasonal trends in revenues of RFFG. The Management Agreement may be terminated by either BMP or RFFG upon 180 days' prior written notice.

Registration Rights Agreement

Pursuant to the terms of the Asset Purchase Agreement, on December 30, 2010, the Company, Triad, DMCC and RFFG of Cleveland entered into the Registration Rights Agreement, pursuant to which DMCC and RFFG of Cleveland were granted certain piggyback registration rights with respect to the Common Stock to be issued to DMCC and RFFG of Cleveland under the Asset Purchase Agreement. The Registration Rights Agreement contains certain indemnification provisions for the benefit of the Company, DMCC and RFFG of Cleveland and other customary provisions.

Change of Control

The Issuances to DMCC and RFFG of Cleveland will result in a change in control of the Company because the Initial Issuance will dilute the ownership of PSQ, currently the beneficial owner of approximately 65.5% of the Company's outstanding Common Stock, to approximately 47.7% of the Company's outstanding Common Stock.

Reasons for the Asset Purchase Agreement

The Board considered various factors in approving the Asset Purchase Agreement, including existing synergies between the business of the Company and the businesses of DMCC and RFFG of Cleveland and DMCC's and RFFG of Cleveland's strong and growing revenue base.

In reaching its decision, the Board also considered various factors that weighed against the transaction, including the large number of shares required to acquire the assets.

Accounting Treatment

The assets of DMCC and RFFG of Cleveland that the Company purchased constitute businesses and as such the acquisition of these assets were accounted for as a business combination. Under Accounting Standards Codification No. 805, Business Combinations, an entity is required to recognize the assets acquired, liabilities assumed, contractual contingencies, and contingent consideration at their fair value on the acquisition date. It further requires that acquisition-related costs be recognized separately from the acquisition and expensed as incurred, restructuring costs generally be expensed in periods subsequent to the acquisition date, and changes in accounting for deferred tax asset valuation allowances and acquired income tax uncertainties after the measurement period impact income tax expense.

Federal Income Tax Consequences

The Initial Issuance may result in a change in ownership as defined under Section 382 of the United States Internal Revenue Code of 1986, as amended. If a change in ownership is deemed to have occurred, the Company's net operating loss carryforwards that could be applied to offset taxable income (if any) in any future year would be limited. As of September 30, 2010, there were approximately \$8,900,000 of losses available to reduce federal taxable income in future years through 2030, and there were approximately \$7,000,000 of losses available to reduce state taxable income in future years, expiring from 2011 through 2030. The Company is currently evaluating the effects of any limitation on the Company's use of net operating loss carryforwards that may result from the Initial Issuance. The Company cannot determine what effect, if any, these factors would have on the trading price of the Common Stock.

Regulatory Approvals

Except for the filing of this Information Statement and the mailing of a copy to all the Company's shareholders and the filing of an amendment to the Company's Articles of Incorporation with the Illinois Secretary of State, there is no federal or state regulatory requirement with which the Company must comply and there is no required federal or state approval.

Past Contacts, Transactions or Negotiations

In 2009, the Company contacted Thomas J. Bean regarding the potential acquisition of certain assets of one or more of the entities controlled by him, including On-Site Services, Inc., a North Carolina corporation ("On-Site"), and the Ohio subsidiaries of RFFG (doing business as "AmeriTemps").

At the October 13, 2009 meeting of the Board, Ronald E. Heineman, the Company's former president and chief executive officer, updated the Board on negotiations regarding On-Site and provided an overview of acquisition candidate, AmeriTemps. Mr. Heineman explained that he had been associated with AmeriTemps and involved in its restructuring prior to his involvement with the Company, but that he had resigned from AmeriTemps in June of 2009. At the October 13, 2009 meeting, the Board authorized the chief executive officer, with the approval of the chairman of the Board, to enter into a letter of intent with RFFG in connection with a proposal to purchase the outstanding membership interests of all the RFFG Ohio subsidiaries, other than RFFG of Cleveland, substantially in the form presented at the meeting.

At the November 30, 2009 meeting of the Board, Mr. Heineman further updated the Board on the acquisition candidates under consideration. Oliver Maggard, managing partner of Caymus Partners ("Caymus"), an investment banking firm engaged by the Company, joined the meeting to report on Caymus' assessment of the candidates and to respond to any questions that the Board had regarding them. The Board then reviewed drafts of the purchase agreements relating to the acquisition candidates. The Board authorized the chief executive officer of the Company to proceed with the transactions to acquire the assets of On-Site and AmeriTemps, as presented to it at the meeting, subject to final review and approval of the respective purchase agreements by the Board.

On December 23, 2009, Mr. Heineman resigned from his position as president and chief executive officer of the Company. On that date, Salvatore J. Zizza was appointed chief executive officer of the Company. At the December 23, 2009 meeting of the Board, the Board discussed the status of negotiations with On-Site and AmeriTemps and it was noted that certain due diligence items regarding On-Site were being worked through.

In January 2010, Mr. Zizza travelled to Cleveland, Ohio to meet with Mr. Bean and senior management of AmeriTemps. During this time due diligence on the acquisition candidates was ongoing. On March 30, 2010, Mr. Zizza again travelled to Cleveland, Ohio and met with senior management of AmeriTemps, as well as counsel to RFFG. Mr. Zizza discussed the structure of the proposed transactions with Mr. Bean. After substantial negotiation, the parties agreed that the Company would pay 4 X EBITDA for AmeriTemps, 50% in cash and 50% in common stock, with an earn-out provision with payment over a four-year period.

On June 2, 2010, effective as of June 1, 2010, the Company and Triad entered into that certain asset purchase agreement, effective as of June 1, 2010, with On-Site and Mr. Bean, pursuant to which the Company acquired certain assets of On-Site, including customer lists, comprising On-Site's services business, which was operated from its offices in Florida and provided labor and human resource solutions, including temporary staffing, human resources and payroll outsourcing services, labor and employment consulting and workforce solutions, in exchange for shares of Common Stock, and certain contingent earn-out payments.

On August 31, 2010, Mr. Zizza travelled to Cleveland, Ohio to finalize discussions regarding the structure of the Ameri Temps transaction and, due to matters uncovered during the course of due diligence, Mr. Zizza conveyed that the Company would only be purchasing certain of the assets of DMCC and RFFG of Cleveland and entering into a management agreement with respect to the remaining businesses of RFFG. It was contemplated that the management fees earned by the Company under such management agreement would be included in the calculation of EBTIDA for purposes of determining the earn-out payments due to DMCC and RFFG of Cleveland under the Asset Purchase Agreement.

In October 2010, the Company commenced the process of finalizing a definitive agreement with respect to the acquisition of certain of the assets of DMCC and RFFG of Cleveland. On October 28, 2010, the Board approved the increase in authorized common stock necessary to issue the shares contemplated by the proposed Asset Purchase Agreement and authorized management to take the necessary actions to close on the acquisition of the assets under the terms and conditions set forth in the Asset Purchase Agreement. On November 1, 2010, the parties entered into the Asset Purchase Agreement, effective as of October 29, 2010. The Asset Purchase Agreement was subject to customary closing conditions, including the entry into a management agreement with respect to the remaining businesses of RFFG. On November 30, 2010, BMP and RFFG entered into the Management Agreement, effective as of November 1, 2010, pursuant to which BMP agreed to provide RFFG with certain services for the day-to-day operations of its remaining businesses. The transactions contemplated by the Asset Purchase Agreement closed on December 30, 2010, effective as of November 1, 2010.

Cost of Operations

The cost of operations includes wages and the related payroll taxes and employee benefits of DMCC's and RFFG of Cleveland's employees. The cost of operations for the ten months ended October 31, 2010 increased by \$966,890 (23%) to \$5,110,177, compared to \$4,143,287 for the twelve months ended December 31, 2009. The gross profit margin was consistent for the two periods, 13.7% for the ten months ended October 31, 2010 and 13.3% for the twelve months ended December 31, 2009. The increase was due to an increase in wages, related payroll taxes and employee benefits due to an increase in the amount of services provided.

General and Administrative Expenses

General and administrative expenses include the following:

- salaries, wages, unrecovered advances against commissions, payroll taxes and employee benefits associated with the management and operation of DMCC and RFFG of Cleveland's staffing offices;
- administrative compensation, which includes salaries, wages, payroll taxes and employee benefits associated with general management and the operation of the finance, legal, human resources and information technology functions;
- occupancy costs, which includes office rent, depreciation and amortization, and other office operating expenses; and
- other general and administrative expenses, which includes travel, bad debt expense, fees for outside professional services and other corporate-level expenses such as business insurance and taxes and management holding down costs during the current economic down turn.

The general and administrative expenses for the ten months ended October 31, 2010 was \$439,348 compared to \$624,769 for the twelve months ended December 31, 2009. The difference in general and administrative expenses is primarily attributable to the difference in the time periods being compared.

Amortization Expense

DMCC and RFFG of Cleveland amortize customer lists over their finite life on a straight-line basis. Amortization expense for the ten months ended October 31, 2010 was \$33,342 compared to \$40,011 for the twelve months ended December 31, 2009.

Other Expenses

Other expenses include bad debt expense, interest expense, gain on an acquisition and miscellaneous income. Other expenses, net, for the ten months ended October 31, 2010 increased by \$59,792 (1,891%) to \$62,954, compared to \$3,162 for the twelve months ended December 31, 2009. The increase was primarily due to a gain of \$60,966 recorded for the twelve months ended December 31, 2009 due to the acquisition by the divisions of RFFG of the assets of AmeriTemps, Inc. on January 1, 2009 and an increase in interest expense of \$3,411, offset by a decrease of bad debt expense of \$4,191 and an increase in miscellaneous income of \$394. See footnote F of the audited financial statements.

Liquidity and Capital Resources

As of October 31, 2010, DMCC and RFFG of Cleveland had cash and cash equivalents of \$149,581, which was a decrease of \$3,599 from December 31, 2009.

During the ten months ended October 31, 2010, net cash used by operating activities was \$255,526. The net income for the period, adjusted for depreciation and other non-cash charges, was \$371,056, while working capital items used was \$626,582. Net cash used in investing activities during the ten months ended October 31, 2010 was \$1,860 and financing activities provided an additional \$253,787 from borrowings under the line of credit agreement described below.

RFFG and two affiliated entities have a joint line of credit agreement with a bank that allows for borrowings of up to 85% of the face amount of each company's acceptable accounts receivable, as defined, not to exceed a maximum credit facility of \$6,000,000. At October 31, 2010 and December 31, 2009, interest charged on the line of credit was 8.125%. In conjunction with the agreement, the companies assign their receivables to the bank as collateral. However, the companies remain the lawful owners of and have good and undisputed title to all accounts. In addition, the line of credit agreement is guaranteed by WTS Acquisition Corporation, the parent company of RFFG. As of October 31, 2010 and December 31, 2009, the outstanding borrowings allocated to DMCC and RFFG of Cleveland amounted to \$761,413 and \$518,747, respectively.

DMCC and RFFG of Cleveland lease office facilities and equipment under various long-term and month-to-month leases. These leases are accounted for as operating leases. The following is a schedule of future minimum payments allocated to DMCC and RFFG of Cleveland under agreements that have initial or remaining noncancellable terms in excess of one year as of October 31, 2010:

2011	\$12,028
2012	12,460
2013	2,089

\$26,577

Total rent expense for the period from January 1, 2010 to October 31, 2010 and for the year ended December 31, 2009 allocated to DMCC and RFFG of Cleveland amounted to \$21,485 and \$25,31 respectively.

Off-Balance Sheet Arrangements

10

As of October 31, 2010, there were no transactions, agreements or other contractual arrangements to which an unconsolidated entity was a party, under which DMCC or RFFG of Cleveland (a) had any direct or contingent obligation under a guarantee contract, derivative instrument or variable interest in the unconsolidated entity, or (b) had a retained or contingent interest in assets transferred to the unconsolidated entity.

Certain Risks Associated with the Issuance of Shares of Common Stock

The Company will issue to DMCC and RFFG of Cleveland 5,581,395 shares of Common Stock, as a result of which DMCC and RFFG of Cleveland will beneficially own approximately 27.3% of the Company's outstanding Common Stock, and Mr. Bean, the manager of the sole member of DMCC and RFFG of Cleveland will beneficially own approximately 34.5% of the Company's outstanding Common Stock. In addition, the Company may issue DMCC and RFFG of Cleveland additional shares of Common Stock pursuant to certain earn-out payment provisions under the Asset Purchase Agreement as more fully described under "Proposal 1 -- The Issuances - Terms of the Asset Purchase Agreement". This will allow Mr. Bean, as the beneficial owners of such shares, to exercise greater influence on the Company's operations or the outcome of matters put to a vote of shareholders in the future.

In addition, the Issuances will dilute, and thereby reduce, each existing shareholder's proportionate ownership in the shares of Common Stock.

The Initial Issuance may result in a change in ownership as defined under Section 382 of the United States Internal Revenue Code of 1986, as amended. If a change in ownership is deemed to have occurred, the Company's net operating loss carryforwards that could be applied to offset taxable income (if any) in any future year would be limited. As of September 30, 2010, there were approximately \$8,900,000 of losses available to reduce federal taxable income in future years through 2030, and there were approximately \$7,000,000 of losses available to reduce state taxable income in future years, expiring from 2011 through 2030. The Company is currently evaluating the effects of any limitation on the Company's use of net operating loss carryforwards that may result from the Initial Issuance. The Company cannot determine what effect, if any, these factors would have on the trading price of the Common Stock.

PROPOSAL 2 -- THE ARTICLES AMENDMENT

Vote Required and Approval of Proposal 2

Section 10.20 of the Illinois Business Corporation Act of 1983 requires that the Articles Amendment receive the affirmative vote of at least two-thirds of the votes of the shares entitled to vote on the Articles Amendment. The Consenting Shareholders, holders of 71.9% of the shares of Common Stock, voted in favor of Proposal 2 by resolution dated March 24, 2011.

General

By unanimous written consent, the Board approved an amendment to the Articles of Incorporation of the Company to increase the number of authorized shares of capital stock from 20,100,000 shares to 50,100,000 shares and to increase the number of authorized shares of Common Stock from 20,000,000 shares to 50,000,000 shares.

The form of the text of the proposed Articles Amendment to increase the number of authorized shares of the Company's capital stock is attached to this Information Statement as Exhibit F. The Articles Amendment will be effective upon the filing of a Certificate of Amendment with the Illinois Secretary of State.

Purpose of Increasing the Number of Authorized Shares of Capital Stock

Authorization of additional shares of Common Stock is required in order to effect the Issuances in accordance with the Asset Purchase Agreement because the Company currently has an insufficient number of shares of authorized Common Stock available to issue the full number of shares provided for under the Asset Purchase Agreement. Accordingly, an increase in the number of authorized shares of Common Stock by 30,000,000 will permit the Company to effect the foregoing initiative. In addition to the shares of Common Stock to be issued pursuant to the Asset Purchase Agreement, the increase in the number of authorized shares of Common Stock would also provide the Company with greater flexibility to issue shares in conjunction with potential additional public offerings or private placements of shares of Common Stock without the delay and expense associated with obtaining the approval or consent of shareholders to increase the amount of authorized Common Stock at the same time the shares are needed.

Certain Risks Associated with the Increase of the Number of Authorized Shares of Common Stock

Shareholders should consider the following factors that may affect them, as well as the other information contained in this Information Statement.

The additional authorized shares of Common Stock may be issued for such consideration, cash or otherwise, at such times and in such amounts as the Board may determine without further shareholder approval, except to the extent that shareholder approval is required under certain circumstances by applicable laws, rules or regulations. Because the Common Stock is traded on the NYSE Amex, shareholder approval must be obtained, under applicable NYSE Amex Rules, prior to the issuance of shares for certain purposes, including the issuance of shares of the Company's Common Stock equal to or greater than twenty percent (20%) of the Company's then outstanding shares of Common Stock.

The authorization of additional shares of Common Stock will not, by itself, have any effect on the rights of present shareholders. The Issuances contemplated by the Asset Purchase Agreement will, however, cause substantial dilution to the interests of the current holders of the Common Stock, as more fully described below. The additional 30,000,000 shares to be authorized will be a part of the existing class of Common Stock and, if and when issued, would have the same rights and privileges as the shares of Common Stock currently issued and outstanding. Shareholders do not have preemptive rights to subscribe for or purchase additional shares of Common Stock.

Dilution from Issuance of Additional Shares. The Company is seeking to amend its Articles of Incorporation to increase the Company's authorized capital stock from 20,100,000 shares, consisting of 20,000,000 shares of Common Stock and 100,000 shares of preferred stock, to a total of 50,100,000 shares, consisting of 50,000,000 shares of Common Stock and 100,000 shares of preferred stock, and the interests of the holders of Common Stock could be diluted substantially as a result. The Issuances and any future issuance of additional authorized shares of Common Stock will dilute future earnings per share, book value per share and voting power of existing shareholders. Such issuances may reduce stockholders equity per share and may reduce the percentage ownership of Common Stock of existing shareholders.

Possible Anti-Takeover Effect from Future Issuances of Additional Shares. The Issuances and any future issuance of additional shares also may have an anti-takeover effect by making it more difficult to engage in a merger, tender offer, proxy contest or assumption of control of a large voting block of Common Stock. The Board could impede a takeover attempt by issuing additional shares and thereby diluting the voting power of other outstanding shares and increasing the cost of a takeover. The Issuances and any future issuance of additional shares of Common Stock could be made to render more difficult an attempt to obtain control of the Company, even if it appears to be desirable to a majority of shareholders, and it may be more difficult for the Company's shareholders to obtain an acquisition premium for their shares or to remove incumbent management. Although the increase in the number of authorized shares of Common Stock may have an anti-takeover effect, the Articles Amendment has been proposed for the reasons stated above, and the Board has no present intention to use the increase in the authorized shares of Common Stock as a measure aimed at discouraging takeover efforts.

NO DISSENTER'S RIGHTS OF APPRAISAL

The Company's shareholders do not have dissenter's rights of appraisal in connection with the Issuances or the Articles Amendment.

OUTSTANDING SHARES AND VOTING RIGHTS

As of the March 24, 2011, the Company had 20,000,000 shares of Common Stock authorized for issuance, 14,856,280 shares of which were outstanding. As of March 24, 2011, the Company's shares of Common Stock were held by

approximately 660 shareholders of record. Each share entitles its holder to one vote on each matter submitted to the shareholders. The Consenting Shareholders have sufficient voting power to approve Proposal 1 and Proposal 2 through their ownership of the Company's Common Stock and, therefore, no shareholder consents will be solicited in connection with this Information Statement.

The Company has 100,000 shares of preferred stock authorized, but no shares of preferred stock issued or outstanding.

Change of Control

On November 23, 2010, the Company received notice from its shareholder, PSQ, which owns 9,735,287 shares of Common Stock, or approximately 65.5% of the outstanding Common Stock (the "PSQ Shares"), that the sole member of PSQ, Stephen Pence, the Company's then Chairman of the Board, had sold his entire membership interest in PSQ to Gregory L. Skaggs, effective as of November 17, 2010. As a result of the transaction, the Company believes that Mr. Skaggs may now be deemed to have voting and investment control over the PSQ Shares. The membership interests in PSQ were sold to Mr. Skaggs in consideration for Mr. Skaggs' assumption of promissory notes issued by Mr. Pence to Accredited Investor Resources, LLC in the original principal amounts of \$1,925,000 and \$1,221,172.20.

The Issuances to DMCC and RFFG of Cleveland will result in a change in control of the Company because following the Initial Issuance, PSQ, currently the beneficial owner of approximately 65.5% of the Company's outstanding Common Stock, will own approximately 47.7% of the Company's outstanding Common Stock.

2.5 Purchase Price and Payment.

(a) The purchase price for the Purchased Assets shall be \$4,800,000, subject to adjustment as provided in Section 2.5(c) below (the "Purchase Price"). The Purchase Price shall be payable as follows: \$2,400,000 of the Purchase Price shall be payable in shares of Parent's common stock (the "Stock Consideration"), as provided in Section 2.5(b) below, and \$2,400,000 of the Purchase Price, subject to adjustment, shall be payable in cash (the "Cash Consideration"), as provided in Section 2.5(c) below.

(b) As soon as reasonably practicable following Parent and Buyer's receipt of Stockholder Approval and NYSE Amex Final Approval (each as hereinafter defined), as more fully described in Section 6.2, Parent shall deliver, in respect of the Stock Consideration, that number of shares of Parent's common stock that is equal to \$2,400,000 divided by the average Fair Market Value of Parent's common stock for the 20 consecutive trading days prior to the second trading day prior to the Closing.

(c) (i) The Cash Consideration shall be payable as follows. During the period of four years commencing on January 1, 2011 and ending on December 31, 2014 (the "Earnout Period"), Buyer shall pay to Sellers the Earnout Payment (as hereinafter defined) in respect of each of the three-, six-, nine- and twelve-month periods in each fiscal year of the Earnout Period (each, a "Test Period") with respect to which the aggregate EBITDA (as hereinafter defined) of the Business for the relevant Test Period (the "Test Period EBITDA") equals or exceeds the relevant EBITDA Target (as hereinafter defined) for such Test Period; provided, however, that in the event that the relevant EBITDA Target for a Test Period is not met, the Earnout Payment in respect of such Test Period shall be reduced proportionately.

Each Earnout Payment shall be payable in three equal monthly installments on the fifteenth day of each of the three months following the end of the relevant Test Period.

For the fiscal year ending December 31, 2011, the EBITDA Target for each Test Period shall be based on a pro rated projected \$1,200,000 aggregate annual EBITDA for the Business and, therefore, for the fiscal year ending December 31, 2011, "EBTIDA Target" means \$300,000 with respect to the first Test Period (i.e., January 1 through March 31, 2011), \$600,000 with respect to the second Test Period (i.e., January 1 through June 30, 2011), \$900,000 with respect to the third Test Period (i.e., January 1 through September 30, 2011) and \$1,200,000 with respect to the fourth Test Period (i.e., January 1 through December 31, 2011). For each of the three subsequent fiscal years during the Earnout Period, the EBITDA Target for each Test Period shall be adjusted from \$1,200,000, up or down, based upon the pro rata, aggregate EBITDA of the Business for the twelve-month period ending on December 31st of the most recently completed fiscal year. \$1,200,000, in the case of the fiscal year ending December 31, 2011, and the aggregate EBITDA of the Business for the twelve-month period ending on December 31st of the most recently completed fiscal year, in the case of the fiscal years ending December 31, 2012, 2013 and 2014, shall each be referred to herein as an "Annual EBITDA Target".

With respect to each fiscal year during the Earnout Period, "Earnout Payment" means that amount, subject to downward adjustment as provided in Section 2.5(c)(i) above, obtained by dividing 50% of the Annual EBITDA Target for such fiscal year by four (4).

By way of example, if the Test Period EBITDA for the three months ending March 31, 2011 equals \$500,000, then Buyer shall pay Sellers an Earnout Payment of \$150,000, payable in three equal monthly installments starting on April 15, 2011. If, however, the Test Period EBITDA for the three months ending March 31, 2011 equals \$200,000, then Buyer shall pay Sellers an Earnout Payment of \$100,000 ($(\$200,000 / \$300,000) \times \$150,000$) in three equal monthly installments starting on April 15, 2011. If the aggregate EBITDA for the Business for the twelve-month period ending December 31, 2011 equals \$2,000,000, then the Annual EBITDA Target for the fiscal year ending December 31, 2012 shall equal \$2,000,000, the EBITDA Target for the four Test Periods of the fiscal year ending December 31, 2012 shall equal \$500,000 ($1 \times (\$2,000,000 / 4)$), \$1,000,000 ($2 \times (\$2,000,000 / 4)$), \$1,500,000 ($3 \times (\$2,000,000 / 4)$) and \$2,000,000 ($4 \times (\$2,000,000 / 4)$), respectively, and each Earnout Payment during the fiscal year ending December 31, 2012 shall equal \$250,000 ($(50\% \times \$2,000,000) / 4$), subject to downward adjustment for failure to meet the relevant EBITDA Target in the relevant Test Period. In addition, in accordance with Section 2.5(d) below, in this example, Buyer shall also pay Sellers \$800,000 ($\$2,000,000 - \$1,200,000$), payable \$400,000 in cash and \$400,000 in stock, as described below.

(d) At the end of each fiscal year during the Earnout Period, if the aggregate EBITDA of the Business for the 12-month period then ended is greater than the Annual EBITDA Target for such year, then Buyer shall pay to Sellers the amount of such excess, 50% in cash (the "Additional Cash Consideration") and 50% in shares of Parent's common stock (the "Additional Stock Consideration"). The number of shares to be issued to Sellers in respect of the Additional Stock Consideration shall be determined by dividing the total dollar amount of the Additional Stock Consideration by the average Fair Market Value of Parent's common stock for the 20 consecutive trading days prior to the last day of the relevant fiscal year. Any issuance of Additional Stock Consideration shall be subject to stockholder approval and the approval of the principal national securities exchange in the United States on which Parent's common stock is then traded (if the shares are so listed), if necessary, as determined by Parent in its sole discretion. To the extent that Parent determines that obtaining any such approvals is not reasonably practicable or if such approvals are not obtained, then Parent shall issue the amount of the Additional Stock Consideration to Sellers in cash.

2.6 EBITDA. (a)(i) For purposes hereof, "EBITDA" shall mean the Business's earnings, including Management Fees (as defined in the Management Agreement) paid to Buyer under the Management Agreement (as hereinafter defined), before (A) state, federal and local income taxes, (B) cumulative effect of accounting changes, (C) extraordinary items, (D) amortization expense, (E) depreciation expense, and (F) acquisition related costs, each determined consistent with the Business's accounting practices prior to the Closing.

The EBITDA calculation will not include as a Business expense, (a) an interest factor on advances from Buyer or its Affiliates; (b) management and corporate overhead allocations to Buyer from Parent; (c) additional operating costs incurred by Buyer in connection with, or as a result of, the financing of Buyer's purchase of the Purchased Assets, by way of example and not limitation, additional insurance expenses for increased coverage on assets or on the life of Buyer personnel or (d) costs incurred by Buyer, nor the net income or net loss realized by Buyer, as a result of new business activities of Buyer (i.e., the sale of services which were not offered by Sellers prior to the Closing) unless Sellers agree the EBITDA calculation shall, and then it shall, include both such costs, income and loss.

(i) The EBITDA calculation will include as a Business expense (a) any interest charges or program fees with respect to the financing of Buyer's account receivables; and (b) items that represent costs incurred, directly or indirectly, by Buyer which are reasonably intended to enhance the Business's EBITDA during the Earnout Period.

(b) Buyer shall deliver a statement (the "EBITDA Statement") (i) within 30 days following the end of each fiscal year during the Earnout Period showing the aggregate EBITDA of the Business for the twelve-month period ending December 31st of the most recently completed fiscal year and (ii) within 60 days following the conclusion of the Earnout Period showing the aggregate EBITDA of the Business for the Earnout Period. Sellers shall, at their request, be provided access to the information reasonably required to evaluate the EBITDA Statement. If Sellers do not object

in writing to the EBITDA Statement within thirty (30) days of said EBITDA Statement's submission to it, such EBITDA Statement shall be deemed to be accepted. If Sellers object to any item on the EBITDA Statement and Buyer and Sellers cannot resolve any such objection within twenty (20) days following receipt of notice of such objection, the dispute shall be referred to the independent accountants of Buyer and Sellers. In such case, the cost of the services of Sellers' accounting firm shall be borne by Sellers and the cost of the services of Buyer's accounting firm shall be borne by Buyer. If such accountants cannot agree as to the proper resolution of the objection within twenty (20) days after such referral, it shall be referred to a third accounting firm acceptable to Sellers and Buyer, which firm shall render a binding determination of the disputed items. If Sellers and Buyer cannot agree on an acceptable accounting firm, Buyer shall designate three such accounting firms (none of which is the accountant for either Buyer, Parent or Sellers) to Sellers and Sellers shall select the accounting firm from the three (3) listed (or one thereafter from the three (3) listed if the prior choice declines to serve). The accounting firm so designated shall, if possible, render its binding determination of the disputed items within forty-five (45) days after the dispute has been referred to it. Buyer and Sellers shall cooperate fully with such accounting firm in furnishing all necessary information. The cost of the services of such accounting firm shall be borne equally by Sellers and Buyer.

A-7

(c) Buyer shall deliver to Sellers interim EBITDA Statements not later than January 15 of each year during the Earnout Period, in give Sellers reasonable access to Buyer's and Parent's books and records and accounting personnel to confirm such interim EBITDA Statements.

2.7 Conduct of Business. Parent and Buyer shall exercise commercially reasonable efforts to maximize the Business's EBITDA through the Earnout Period.

2.8 Transfer Taxes. Sellers shall pay all sales, use, transfer or recording Taxes levied in connection with the transfer of the Purchased Assets.

2.9 Purchase Price Allocation. The Purchase Price (including, for this purpose, Assumed Liabilities, if any) shall be allocated among the Purchased Assets as specified in a schedule to be prepared and delivered by Buyer to Sellers within 180 days after the Closing Date. Such allocation shall be mutually agreed upon between Buyer and Sellers, and be prepared in accordance with section 1060 of the Code and the regulations implementing that section, as reasonably determined by Buyer. Each of Buyer and Sellers agrees to complete IRS Form 8594 consistently with such allocation and, if requested by the other Party hereto, to furnish such Party with a copy of such form prepared in draft form no less than 45 days prior to the filing due date of such form. No key employee of either Seller engaged in the Business has notified such Seller he or she is planning to terminate his or her employment.

4.15 Employee Benefit Plans. Schedule 4.15 sets forth a true and complete list of the employee benefit plans (as defined in Section 3(3) of the Employee Retirement Income Security Act of 1974, as amended ("ERISA")) currently maintained, sponsored or contributed to by a Seller or any entity that would be deemed a "single employer" with either Seller within the meaning of Section 414(b), (c), (m) or (o) of the Code, and all material bonus, stock option, stock purchase, stock appreciation right, incentive, deferred compensation, supplemental retirement, post-retirement or post-termination health or welfare benefit, severance, welfare, medical, life, vacation, sickness, change in control, death benefit and other similar fringe and employee benefit plans, programs, policies and arrangements, and all employment and consulting agreements, in each case for the benefit of, or relating to, any employee or former employee of either Seller (including their beneficiaries) (collectively, the "Seller Employee Plans"). For purposes of the preceding sentence, "material" means any program, plan, benefit, policy or arrangement involving either more than five (5) persons or aggregate liability in excess of \$250,000. Except as set forth in Schedule 4.15 and except as would not have an Material Adverse Effect, with respect to any of the Seller Employee Plans, (i) each Seller Employee Plan (other than a Multiemployer Plan(as hereinafter defined)) intended to qualify under Section 401(a) of the Code is so qualified and has received a favorable determination letter from the Internal Revenue Service (the "IRS") or, pursuant to Revenue Proceeding 2005-16, may rely upon an opinion or advisory letter; (ii) no such Seller Employee Plan is a "multiemployer plan" within the meaning of Section 3(37) or 4001(a)(3) of ERISA or Section 414(f) of the Code (a

“Multiemployer Plan”) or a single employer pension plan within the meaning of Section 4001(a)(15) of ERISA that is subject to Sections 4063 and 4064 of ERISA (a “Multiple Employer Plan”), and no withdrawal liability exists with respect to any Multiemployer Plan or Multiple Employer Plan; (iii) there has been no “prohibited transaction” within the meaning of Section 4975(c) of the Code or Section 406 of ERISA, involving the assets of any of the Seller Employee Plans; (iv) no “accumulated funding deficiency” (within the meaning of Section 412 of the Code and Section 302 of ERISA) has been incurred, and no excise or other Taxes have been incurred or are due and owing by Sellers with respect to any of the Seller Employee Plans because of any failure to comply with the minimum funding standards of the Code and ERISA; (v) no private or governmental action, suit, proceeding, litigation, arbitration or investigation has been instituted or is threatened against or with respect to any Seller Employee Plan (other than routine claims for benefits and appeals of such claims); (vi) each Seller Employee Plan (other than a Multiemployer Plan) complies and has been maintained and operated in accordance with its terms and applicable Legal Requirements, including, without limitation, ERISA and the Code; (vii) no Seller Employee Plan (other than a Multiemployer Plan) is under audit or investigation by the IRS, U.S. Department of Labor or any other Governmental Body; (viii) except as required by Section 4980B(f) of the Code, no Seller Employee Plan provides medical, death or welfare benefits (whether or not insured) with respect to current or former employees of either Seller beyond their retirement or other termination of employment; and (ix) the consummation of the Contemplated Transactions (either alone or in conjunction with any other event) will not entitle any current or former employee of either Seller to any payment (whether of severance pay, unemployment compensation, golden parachute, bonus or otherwise) or increase the amount of compensation due to any employee of either Seller. Notwithstanding the foregoing, the representations and warranties contained in this Section 4.15 (other than the representations and warranties contained in subsections (ii), (iii) and (viii)) are qualified such that to the extent that any such representation or warranty applies to a Seller Employee Plan that is a Multiemployer Plan, such representation or warranty shall be deemed to be to the knowledge of Sellers.

4.16 Purchased Assets. As to each Seller, the Purchased Assets do not constitute substantially all of the properties of such Seller within the meaning of Section 368(a)(1)(C) of the Code.

4.17 Representations True and Correct. Neither the Financial Statements, this Agreement nor the other documents contemplated hereby nor any certificate or other information or document furnished or to be furnished by Sellers to Buyer contains or will contain any untrue statement of a material fact or omits or will omit to state a material fact required to be stated herein or therein or necessary to make the statements herein or therein not misleading. There is no fact known to either Seller which materially and adversely affects the Purchased Assets, the Business or its properties or assets, which has not been set forth in this Agreement, the Financial Statements, any Schedule, Exhibit or certificate attached hereto or delivered in accordance with the terms hereof.

ARTICLE 5.
REPRESENTATIONS AND WARRANTIES OF BUYER

As an inducement to Sellers to enter into this Agreement and to consummate the Contemplated Transactions, Buyer hereby represents and warrants to Sellers, as of the date hereof and as of the Closing Date, as follows:

5.1 Organization and Good Standing. Buyer is a corporation duly incorporated, validly existing, and in good standing under the laws of the State of Illinois.

5.2 Authority; No Conflict.

(a) Buyer has the full power and authority to execute and deliver this Agreement and the other documents contemplated hereby to which it is a party and to consummate the Contemplated Transactions. The execution and delivery of this Agreement and the other documents contemplated hereby to which Buyer is a party and the performance and consummation of the transactions contemplated hereby and thereby by Buyer have been duly authorized by all necessary corporate actions on the part of Buyer. Upon execution and delivery by Buyer of this Agreement and the other documents contemplated hereby to which Buyer is a party and, subject to the due authorization, execution and delivery of such agreements by the other parties thereto, each of this Agreement and the other documents contemplated hereby will constitute valid and binding obligations of Buyer, enforceable against Buyer in accordance with their terms, except as enforceability may be limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws relating to or affecting creditors' rights generally and by general equitable principles (regardless of whether such enforceability is considered in a proceeding in equity or at law).

(b) Neither the execution and delivery of this Agreement by Buyer nor the consummation or performance of any of the Contemplated Transactions by Buyer will give any Person the right to prevent, delay, or otherwise interfere with any of the Contemplated Transactions pursuant to: any provision of Buyer's Organizational Documents; any resolution adopted by the board of directors or the stockholders of Buyer; any Legal Requirement or order to which Buyer may be subject; or any contract to which Buyer is a party or by which Buyer may be bound.

5.3 Consents. Except for the consent of Crestmark Bank and such consents as may be obtained prior to Closing, Buyer is not and will not be required to obtain any consent from any Person in connection with the execution and delivery of this Agreement or the consummation or performance of any of the Contemplated Transactions.

5.4 Certain Proceedings. As of the date hereof, there is no pending proceeding that has been commenced against Buyer and that challenges, or may have the effect of preventing, delaying, making illegal, or otherwise interfering with, any of the Contemplated Transactions. To Buyer's knowledge, no such proceeding has been threatened as of the date hereof.

5.5 Brokers or Finders. Buyer and its officers and agents have incurred no liability for brokerage or finders' fees or agents' commissions or other similar payment in connection with this Agreement.

5.6 SEC Reports. Parent's reports (and financial statements included therein) filed with the SEC ("SEC Reports") from January 1, 2010 through the date hereof (the "Reporting Period") are accurate in all material respects and comply in all material respects with the SEC's information reporting requirements with respect to such reports. Parent has filed all SEC Reports due during the Reporting Period. There has been no material adverse change in Parent's financial condition, business or prospects since the filing of its most recent Form 10-Q, other than such changes due to circumstances affecting the staffing and human resources services industry generally. The financial statements contained in the SEC Reports fairly present the consolidated financial condition and results of operations of Parent as at and for the periods therein specified in accordance with GAAP, all as more particularly set forth in such financial statements and the notes thereto. The SEC Reports do not contain any untrue statements of a material fact or omit to state a material fact necessary to make the statements contained therein, in light of the circumstances under which they were made, not misleading.

5.7 Issuance of Shares. The shares of Parent's common stock anticipated to be issued to Sellers under Section 2.5(b) hereof, when issued in accordance with this Agreement, will be validly issued, fully paid and non-assessable, free from all taxes, liens, claims, encumbrances and charges with respect to the issue thereof, will not be subject to preemptive rights or other similar rights of shareholders of Parent, and will not impose personal liability on the holders thereof.

ARTICLE 6. COVENANTS

6.1 Covenant Not to Compete. From and after Closing, each Seller and Mr. Bean covenants and agrees as follows:

(a) Each of the Sellers and Mr. Bean hereby acknowledges that it is familiar with the Business and the trade secrets and with other confidential information related to the Business. Each of the Sellers and Mr. Bean acknowledges and agrees that Parent and Buyer would be irreparably damaged if either of the Sellers, Mr. Bean or any of their respective Affiliates, were to provide services to or otherwise participate in the business of any Person competing with the Business in a similar business (other than as contemplated by the Management Agreement) and that any such competition by either of the Sellers and/or Mr. Bean would result in a significant loss of goodwill by Parent and Buyer. Each of the Sellers and Mr. Bean further acknowledges and agrees that the covenants and

agreements set forth in this Section 6.1 were good and sufficient consideration for each of the Sellers and Mr. Bean and were a material inducement to Parent and Buyer to enter into this Agreement and to perform their respective obligations hereunder, and that Parent and Buyer would not obtain the benefit of the bargain set forth in this Agreement as specifically negotiated by the Parties hereto if either of the Sellers and/or Mr. Bean breached the provisions of this Section 6.1. Therefore, each of the Sellers and Mr. Bean agrees, in further consideration of the Purchased Assets and the goodwill of the Business sold by Sellers and Mr. Bean, that during the five (5) year period after the Closing Date (the "Restricted Period"), each of the Seller and Mr. Bean shall not (and shall cause their respective Affiliates not to) directly or indirectly own any interest in, manage, control, participate in (whether as an owner, officer, director, manager, employee, partner, agent, representative or otherwise), consult with, render services for, or in any other manner engage anywhere where the Business is presently conducted or presently proposed to be conducted in any business engaged directly or indirectly relating to the Business or the business engaged in by Buyer; other than as contemplated by the Management Agreement. Each of the Sellers and Mr. Bean acknowledges that the geographic restrictions and time periods, as well as all other restrictions and covenants contained in Section 6.1 are reasonable and necessary, and supported by good and valuable consideration, to protect the goodwill of Buyer's business and the Business being sold by Sellers and Mr. Bean pursuant to this Agreement.

A-14

(b) Until an employee has been separated from employment by Buyer (or its Affiliate) for at least one year, each of the Sellers and Mr. Bean agrees that it shall not (and shall cause its Affiliates not to) directly, or indirectly through another Person during the two (2) year period after the Closing Date, (i) induce or attempt to induce any employee of the Business, or any of their Affiliates to leave the employ of the Business, Buyer or any of their Affiliates, or in any way interfere with the relationship between the Business, Buyer or any of their Affiliates and any employee thereof, (ii) hire any person who was an employee of the Business, Buyer or any of their Affiliates at any time during the twelve-month period immediately prior to the date on which such hiring would take place (it being conclusively presumed by the Parties so as to avoid any disputes under this Section 6.1 that any such hiring within such twelve-month period is in violation of clause (i) above).

(c) Each of the Sellers and Mr. Bean agrees that it shall not (and shall cause its Affiliates not to) directly, or indirectly through another Person during the Restricted Period, call on, solicit or service any client, customer, supplier, licensee, licensor or other business relation of Buyer, the Business, or any of their Affiliates (including any Person that was a client, customer, supplier or other potential business relation of Buyer, the Business, or any of their Affiliates at any time during the twelve month period immediately prior to such call, solicit or service), induce or attempt to induce such Person to cease doing business with the Business, Buyer or any of their Affiliates, or in any way interfere with the relationship between any such customer, supplier, licensee, licensor or business relation and the Business, Buyer or any of their Affiliates (including making any negative statements or communications about the Business, Buyer or any of their Affiliates). After the Closing, neither Mr. Bean nor either of the Sellers shall make any negative statements or communications about Parent or Buyer, the Business, the Purchased Assets or any of their Affiliates' businesses.

(d) If, at the time of enforcement of the covenants contained in this Section 6.1 (the "Restrictive Covenants"), a court shall hold that the duration, scope or area restrictions stated herein are unreasonable under circumstances then existing, the Parties agree that the maximum duration, scope or area reasonable under such circumstances shall be substituted for the stated duration, scope or area and that the court shall be allowed and directed to revise the restrictions contained herein to cover the maximum period, scope and area permitted by law. Each of the Sellers and Mr. Bean has consulted with legal counsel regarding the Restrictive Covenants and based on such consultation has determined and hereby acknowledges that the Restrictive Covenants are reasonable in terms of duration, scope and area restrictions and are necessary to protect the goodwill of the Business, Buyer's business and the substantial investment in the Business made by Parent and Buyer hereunder.

(e) If either of the Sellers, Mr. Bean or any of their respective Affiliates breaches, or threatens to commit a breach of, any of the Restrictive Covenants, Parent and Buyer shall have the following rights and remedies, each of which rights and remedies shall be independent of the others and severally enforceable, and each of which is in addition to, and not in lieu of, any other rights and remedies available to Parent and Buyer at law or in equity: (i) the right and remedy to have the Restrictive Covenants specifically enforced by any court of competent jurisdiction, it being agreed that any breach or threatened breach of the Restrictive Covenants would cause irreparable injury to the Business and Parent and Buyer and that money damages would not provide an adequate remedy to Buyer and that a bond of no more than \$250 is sufficient to any action by Parent and Buyer for temporary or injunctive relief; and (ii) the right and remedy to require either or both of the Sellers and/or Mr. Bean to account for and pay over to Parent and Buyer any profits, monies, accruals, increments or other benefits derived or received by such Person as the result of any transactions constituting a breach of the Restrictive Covenants.

(f) In the event of any breach or violation by a Seller and/or Mr. Bean of any of the Restrictive Covenants, the time period of such covenant shall be tolled until such breach or violation is resolved.

(g) Nothing contained in this Agreement shall prohibit either of the Sellers or Mr. Bean, from (i) collecting any receivables of Sellers arising from the operation of the Business prior to the Closing, or (ii) winding down the business of Sellers (other than the Business and the Purchased Assets).

6.2 Increase in Authorized Common Stock; Stockholder Approval, Additional Listing Application and Issuance of Shares. Parent covenants and agrees as follows:

(a) As promptly as possible following the Closing, Parent agrees to submit the issuance of the shares representing the Stock Consideration to a vote of its stockholders, (i) as required by Section 712 of the NYSE Amex Stock Exchange Company Guide and (ii) to approve an amendment to its Articles of Incorporation to increase the number of shares of its common stock authorized for issuance in order to have authorized but unissued shares of common stock equal to at least 100% of the aggregate number of shares of common stock issuable to Sellers under Section 2.5(b) hereof.

(b) If Parent receives the required approval of its stockholders for the issuance of the shares representing the Stock Consideration (the "Stockholder Approval"), then, as promptly as possible following such Stockholder Approval, Parent agrees to prepare and submit to the NYSE Amex Stock Exchange, an additional listing application for the shares of Parent's common stock representing the Stock Consideration (the "Additional Listing Application").

(c) If the Additional Listing Application receives final approval from the NYSE Amex Stock Exchange ("NYSE Amex Final Approval"), then, in accordance with Section 2.5(b), Parent shall issue or cause to be issued to Sellers, the shares of Parent's common stock representing the Stock Consideration.

6.3 Further Assurances. The Parties agree (a) to furnish upon request to each other such further information, (b) to execute and deliver to each other such other documents, and (c) to do such other acts and things, all as the other Party may reasonably request for the purpose of carrying out the intent of this Agreement and the documents referred to in this Agreement, including without limitation, furnishing any information necessary for the submission of the Additional Listing Application and any subsequent additional listing applications to the NYSE Amex Stock Exchange or the principal national securities exchange in the United States on which Parent's shares of common stock is then traded.

6.4 Employees of the Business. Buyer shall have no obligation to hire any employee of either Seller. Any employee of a Seller who accepts an offer of employment from Buyer shall become an employee of Buyer on the date such person reports to work for Buyer.

6.5 Final Payroll. Sellers shall pay the amount of salaries, wages and benefits earned through the Closing Date by each of their respective employees who may become an employee of Buyer on the Closing Date on such Seller's next regularly scheduled pay date for that employee.

6.6 Stock Consideration.

(a) The Stock Consideration shall be subject to the Registration Rights Agreement. Sellers acknowledge that such Stock Consideration shall be issued to Sellers pursuant to applicable exemptions from registration requirements under the Securities Act and applicable exemptions from the securities qualification requirements of state law. Sellers acknowledge that the Stock Consideration may not be resold or transferred unless an exemption from such registration and qualification requirements is available. Sellers further understand and acknowledge that the Stock Consideration

may not be resold pursuant to Rule 144, as promulgated by the Securities and Exchange Commission under the Securities Act, unless all of the conditions of such Rule 144 are met. Notwithstanding the foregoing, each Seller agrees not to effect any transfer or resale of the Stock Consideration unless and until such Seller shall have notified Parent of the proposed disposition of such shares and provided a written summary of the terms and conditions of the proposed disposition and such Seller shall have provided Parent with written assurances, in form and substance reasonably satisfactory Parent, that the proposed disposition does not require registration of such shares under the Securities Act or qualification under state securities laws of any applicable state, or all appropriate action necessary for compliance with the registration requirements of the Securities Act or of any exemption from registration under the Securities Act, and of qualification under applicable state law or exemption therefrom, has been taken.

A-16

(b) Sellers further acknowledge that Parent shall not be required to transfer on its books any of the Stock Consideration that has been sold or transferred in violation of the provisions of this Agreement or treat as the owner of any such Stock Consideration, or otherwise to accord voting or dividend rights, to any transferee to whom any of such Stock Consideration has been transferred in violation of this Agreement.

6.7 Use of Name. As promptly as possible following the Closing, Sellers shall file all documents and take all actions necessary to enable Buyer to utilize the mark “AmeriTemps” and as a dba, assumed name, trade name or otherwise with respect to the operations of the Business. After the Closing Date, neither Sellers nor any of their respective Affiliates (except as expressly provided in the Management Agreement), shall transact business as, or use in the conduct of its businesses or otherwise, the name used by it as of the date hereof, AmeriTemps, DMCC Staffing, RFFG of Cleveland, or any other similar name. From and after the Closing, each Seller covenants and agrees not to and to cause their respective Affiliates not to use (except as expressly provided in the Management Agreement) or otherwise employ the trade name, corporate name, dba or similar Intellectual Property rights utilized by Sellers in the conduct of the Business prior to the Closing, which rights are included in the Purchased Assets purchased hereunder.

6.8 Collection of Post-Closing Receivables. To the extent that either of the Sellers or any of their respective Affiliates shall receive any payment, collection and proceeds in respect of any post-Closing accounts receivable, Sellers or their respective Affiliates, as the case may be, shall be deemed to have received such payments, collections or proceeds in trust for Buyer and shall immediately transfer and return to, or in accordance with the written direction of, Buyer, at such account or other place as Buyer may so instruct, and in the form received (subject to endorsement where appropriate).

6.9 Conduct of the Business Pending the Closing. Between the date of this Agreement and the Closing Date, except as specifically required by another provision of this Agreement, Sellers and Mr. Bean shall, and shall cause their Affiliates to, (i) conduct the Business in, and not take any action except in, the Ordinary Course of Business; and (ii) use reasonable best efforts to preserve substantially intact the business organization of the Sellers and the Affiliates, to keep available the services of the current officers, employees and consultants of the Business, and to preserve, in all material respects, the current relationships of the Business with customers, franchisees, licensees, suppliers and other persons with which Sellers and its Affiliates have business relations.

ARTICLE 7. INDEMNIFICATION

7.1 Sellers’ Indemnity. Each of the Sellers and Mr. Bean agree to indemnify, defend and hold Buyer (and Buyer’s officers, representatives, directors, employees, successors, Affiliates and permitted assigns) harmless from and against any and all loss, Liability, obligation, claim, demand, lawsuit, action, assessment, damage (including punitive, exemplary, consequential, lost profits and business interruption), or expenses whatsoever (including interest, penalties, fines, attorneys’ fees and expenses (including those incurred to enforce rights to indemnification hereunder, and consultant’s fees and other costs of defense or investigation), and interest on amounts payable as a result of any of the foregoing (“Damages”) which may be asserted against, imposed upon or incurred by any of them by reason of, resulting from, or in connection (directly or indirectly) with the following:

- (i) any inaccuracy in or breach of any representation or warranty of Sellers or Mr. Bean contained in or made pursuant to this Agreement, provided, however, that the determination of whether such an inaccuracy or breach has occurred will disregard (I) materiality qualifiers (including those relating to yielding a “Material Adverse Effect”), (II) knowledge qualifiers (other than those involving knowledge of contemplated or threatened acts or omissions of third parties) and (III) time limitations that limit disclosure in any representation and warranty to acts or omissions or facts or circumstances after a specified date.
- (ii) any breach of any covenant or agreement contained in, made, or to be performed by Sellers pursuant to this Agreement.
- (iii) the operation of the Business prior to the Closing Date (including but not limited to Damages arising by reason of (A) goods and services provided and sold by Sellers prior to the Closing Date; (B) acts or omissions of Sellers and their employees occurring prior to the Closing Date; and (C) Damages arising with respect to the litigation disclosed in Schedule 4.6); and
- (iv) the Assets Purchase Agreement, by and between Extinct Temps, Inc. (f/k/a AmeriTemps, Inc). and WTS Acquisition Corp., dated as of December 18, 2008.

7.2 Buyer’s Indemnity. Buyer agrees to indemnify, defend and hold Sellers harmless from and against any and all losses, liabilities, damages, costs and expenses (including court costs and reasonable attorneys’ fees) incurred by Sellers to the extent arising from or attributable to: (a) the breach of any representation or warranty of Buyer contained in this Agreement; (b) any breach of any covenant or agreement of Buyer contained in this Agreement; and (c) the operation of the Business after the Closing Date (including but not limited to those arising by reason of (A) goods and services provided and sold by Buyer after the Closing Date; and (B) acts or omissions of Buyer and its employees occurring after the Closing Date).

7.3 Right of Set Off. Buyer may, but shall not be obligated to, deduct the amount of any Damages from any Cash Consideration, Additional Cash Consideration or Additional Stock Consideration that may be due Sellers under Section 2.5.

7.4 Survival. All representations and warranties of any Party contained in this Agreement shall survive the execution and delivery of this Agreement and the consummation of the Contemplated Transactions, but shall be extinguished and be of no further force or effect five (5) years after the Closing Date.

7.5 Procedure for Indemnification.

(a) Promptly after receipt by an indemnified party of notice of the commencement of any proceeding against it by a third party, such indemnified party will, if a claim is to be made against any indemnifying party with respect to such action, give notice to the indemnifying party of the commencement of such claim.

(b) The indemnifying party will be entitled to participate in such proceeding and, to the extent that it wishes to assume the defense of such proceeding with counsel reasonably satisfactory to the indemnified party and, after notice from the indemnifying party to the indemnified party of its election to assume the defense of such proceeding, the indemnifying party will not, as long as it diligently conducts such defense, be liable to the indemnified party for any fees of other counsel or any other expenses with respect to the defense of such proceeding subsequently incurred by the indemnified party in connection with the defense of such proceeding. In connection with any indemnification, the indemnified party will cooperate with all reasonable requests of the indemnifying party. A claim for indemnification for any matter not involving a third party claim may be asserted by prompt written notice to the party from whom indemnification is sought, subject to any limitations contained in this Article 7.

(c) The indemnifying party shall have 10 days to object to any notice of claim or loss made by an indemnified party. If the indemnifying party objects to such notice of claim or loss, or fails to respond in such time period, the Parties shall endeavor in good faith to settle the dispute through negotiation. If the dispute cannot be resolved through negotiation, or another mutually agreeable dispute resolution mechanism, either of the Parties has the right to request non-binding mediation. If mediation fails to resolve the dispute, the Parties agree to submit the matter in dispute to binding arbitration. Written notice of the intent to submit a matter to arbitration shall be given by the party requesting the same. The arbitration proceedings shall be conducted in accordance with the Commercial Arbitration Rules of the American Arbitration Association, or, if the Parties so agree, the relevant rules of another arbitration entity or organization agreed upon by the Parties. In any case, regardless of any rules of the selected arbitration organization to the contrary, only one (1) arbitrator shall be used to decide the outcome of the arbitration. Such arbitration shall be held in the State of Florida, or if the Parties agree upon another location, that other location. The arbitrator shall prepare and serve a written decision which shall state the bases of the award and include detailed findings of fact and conclusions of law and designating the party against whom the decision is rendered. The award may be vacated, modified or corrected based upon any grounds referred to in the Federal Arbitration Act, where the arbitrators' findings of fact are not supported by substantial evidence, or where the arbitrators' conclusions of law are erroneous. The costs of the arbitration shall be shared equally by the Parties, provided that the fees, costs, and expenses of the prevailing party (as reasonably determined by the arbitrator(s)), including arbitrators' and reasonable attorney fees incurred in connection with any such arbitration, shall be paid by the losing party in the event the arbitrator(s) determine the proceeding was brought or defended in bad faith by the losing party. The costs and expenses of the prevailing party in collecting any such award shall be paid by the non-prevailing party.

8.8 Construction. Within this Agreement, the singular shall include the plural and the plural shall include the singular, and any gender shall include the other genders, all as the meaning in the context of this Agreement shall require. Nothing in this Agreement shall be construed against the draftsman solely on the basis of drafting alone, given that both Parties fully reviewed and negotiated this Agreement with their counsel. The captions used in this Agreement are inserted for convenience only and shall not constitute a part hereof.

8.9 Exhibits and Schedules. All Exhibits and Schedules attached to this Agreement are by this reference incorporated herein and made an essential part hereof.

8.10 Governing Law; Consent to Jurisdiction. This Agreement shall be governed by, and construed in accordance with, the laws of the State of New York applicable to contracts executed in and to be performed entirely in that State, without regard to conflicts of laws principles thereof to the extent that the general application of the laws of another jurisdiction would be required thereby. The Parties hereto hereby irrevocably submit to the jurisdiction of any state or federal court sitting in the County of New York, State of New York, in any action or proceeding arising out of or relating to this Agreement, and the Parties hereby irrevocably agree that all claims in respect of such action or proceeding may be heard and determined exclusively in such state or federal court. The Parties hereto hereby irrevocably waive, to the fullest extent permitted by law, any objection which they or any of them may now or hereafter have to the laying of the venue of any such action or proceeding brought in any such court, and any claim that any such action or proceeding brought in any such court has been brought in an inconvenient forum.

INDEPENDENT AUDITORS' REPORT

To the Parent Company

Cleveland, Ohio

We have audited the accompanying carve-out balance sheets of RFFG of Cleveland, LLC and DMCC Staffing, LLC (components of RFFG, LLC; collectively, the Divisions) as of October 31, 2010 and December 31, 2009, and the related carve-out statements of income and due from parent and cash flows for the period from January 1, 2010 to October 31, 2010 and for the year ended December 31, 2009. These carve-out financial statements are the responsibility of the Divisions' management. Our responsibility is to express an opinion on these carve-out financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the carve-out financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Divisions' internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the carve-out financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall carve-out financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

The carve-out financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of the Divisions as of October 31, 2010 and December 31, 2009, and the results of its operations and cash flows for the period from January 1, 2010 to October 31, 2010 and for the year ended December 31, 2009, in conformity with accounting principles generally accepted in the United States of America.

RFFG OF CLEVELAND, LLC AND DMCC STAFFING, LLC

NOTES TO CARVE-OUT FINANCIAL STATEMENTS

NOTE A – Nature of operations and summary of significant accounting policies

Nature of operations

RFFG of Cleveland, LLC (RFFG) and DMCC Staffing, LLC (DMCC) supply the office, industrial and technical trade markets in northeast Ohio with temporary help.

Basis of presentation

The accompanying carve-out financial statements include the accounts of RFFG and DMCC (the Divisions), which are wholly-owned subsidiaries of RFFG, LLC (the Parent). The carve-out financial statements include all expenses incurred by the Parent on the Divisions' behalf. All other operations of the Parent have been excluded herein, including the operations of RFFG's 80%-owned subsidiary, Premier Healthcare Professionals, Inc. (PHP), which was purchased in March 2009 and sold in March 2010.

Concentrations of credit risk

Financial instruments that potentially subject the Divisions to concentrations of credit risk consist principally of cash and accounts receivable. The Divisions place its temporary cash investments with financial institutions and, at times during the period from January 1, 2010 to October 31, 2010 and for the year ended December 31, 2009, they had invested amounts in excess of federal insurance limits. In addition, at October 31, 2010 and December 31, 2009, the Divisions had accounts receivable from three customers and two customers that amounted to 75% and 77% of total accounts receivable, respectively. In addition, for the period from January 1, 2010 to October 31, 2010 and for the year ended December 31, 2009, the Divisions had sales to two and three customers that represented 69% and 80% of total sales for the period or year, respectively. At October 31, 2010 and December 31, 2009, the Divisions had no other concentrations of credit risk.

Accounts receivable - trade

The Divisions report trade receivables at net realizable value. Management determines the allowance for doubtful accounts based on historical losses and current economic conditions. On a continuing basis, management analyzes delinquent receivables and, once these receivables are determined to be uncollectible, they are written off through a charge against an existing allowance account or against earnings.

Property and equipment

Property and equipment are recorded at cost. Depreciation is calculated using the straight line method over the following estimated useful lives of the assets:

Office equipment	7 years
Computer equipment	3 – 5 years

Routine expenditures for repairs and maintenance are expensed as incurred.

B-6

RFFG OF CLEVELAND, LLC AND DMCC STAFFING, LLC

NOTES TO CARVE-OUT FINANCIAL STATEMENTS

NOTE A – Nature of operations and summary of significant accounting policies, continued

Customer lists and trade name

The Divisions account for intangible assets in accordance with the Intangibles – Goodwill and Other Topic of the Financial Accounting Standards Board (FASB) Codification. As a result, the customer lists are amortized over their finite life on a straight-line basis. For the period from January 1, 2010 to October 31, 2010 and for the year ended December 31, 2009, amortization expense was \$33,342 and \$40,011, respectively. Estimated future amortization expense at October 31, 2010 is as follows:

From November 1, 2010 to December 31, 2011	\$6,669
For the Years Ending December 31:	
2011	40,011
2012	40,011
2013	40,010
	\$126,701

In addition, the trade name is not being amortized but rather is measured annually for impairment. As of October 31, 2010 and December 31, 2009, management has determined that there is no impairment of the trade name.

Revenue recognition

The Divisions recognize revenue when services are rendered to customers.

Advertising costs

Advertising costs are expensed as incurred. Advertising expense was \$863 and \$1,280 for the period from January 1, 2010 to October 31, 2010 and for the year ended December 31, 2009, respectively.

Income taxes

The Divisions operate as limited liability companies and pass all income and loss to its Parent, which is also a limited liability company. Accordingly, no provision for federal and state local income taxes has been made in these carve-out financial statements.

As of October 31, 2010, the Divisions had no uncertain tax positions that qualify for either recognition or disclosure in the carve-out financial statements. Tax years that remain subject to examination are the period from January 1, 2010 to October 31, 2010 and the year ended December 31, 2009.

Taxes collected from customers

The Divisions collect sales tax from its customers on certain sales which is remitted to various state governmental authorities when due. The Divisions' policy is to record taxes collected from customers as a component of other current liabilities on its balance sheet and not in its statement of income.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Events occurring after the reporting date

The Divisions' management has evaluated events and transactions that occurred between October 31, 2010 and January 28, 2011, which is the date that the carve-out financial statements were available to be issued, for possible recognition or disclosure in the carve-out financial statements.

	2010	2009
Office equipment	\$1,550	\$1,550

For the period from January 1, 2010 to October 31, 2010 and for the year ended December 31, 2009, depreciation expense amounted to \$2,173 and \$2,071, respectively.

NOTE C – Line of credit

The Parent and two affiliated entities have a joint line of credit agreement with a bank that allows for borrowings of up to 85% of the face amount of each company's acceptable accounts receivable, as defined, not to exceed a maximum credit facility of \$6,000,000. At October 31, 2010 and December 31, 2009, interest charged on the line of credit was 8.125%. In conjunction with the agreement, the companies assign their receivables to the bank as collateral. However, the companies remain the lawful owners of and have good and undisputed title to all accounts. In addition, the line of credit agreement is guaranteed by WTS Acquisition Corporation, the parent company of the Parent.

As of October 31, 2010 and December 31, 2009, the outstanding borrowings allocated to the Divisions amounted to \$761,413 and \$518,747, respectively.

NOTE D – Related party transactions

The Divisions are related to other entities through common ownership. For the period from January 1, 2010 to October 31, 2010 and for the year ended December 31, 2009, the Divisions loaned and received funds for operations.

At October 31, 2010 and December 31, 2009, accounts receivable – related parties is comprised of the following:

	2010	2009
Onsite	\$3,873	\$-
Trinity	50,000	50,000
	\$53,873	\$50,000

NOTE D – Related party transactions, continued

Accounts payable – related parties is comprised of the following at October 31, 2010 and December 31, 2009:

	2010	2009
Workers' Temporary Staffing, Inc.	\$ 869,808	\$ 857,906

WTS Space Coast, LLC	10,000	10,000
Oxygen	-	303,531
	\$ 900,808	\$ 1,192,437

The accompanying carve-out financial statements do not necessarily reflect what the Divisions' financial position, results of its operations and cash flows would have been had the Divisions operated without its association with the Parent. The Parent incurred certain corporate expenses that have been allocated to the Divisions based on net sales. For the period from January 1, 2010 to October 31, 2010 and for the year ended December 31, 2009, the Parent has allocated \$142,950 and \$136,173, respectively, in such expenses to the Divisions.

NOTE E – Leases

The Divisions lease office facilities and equipment under various long-term and month to month leases. These leases are accounted for as operating leases. Following is a schedule of future minimum payments allocated to the Divisions under agreements that have initial or remaining noncancellable terms in excess of one year as of October 31, 2010:

2011	\$ 12,028
2012	12,460
2013	2,089
	\$ 26,577

Total rent expense for the period from January 1, 2010 to October 31, 2010 and for the year ended December 31, 2009 allocated to the Divisions amounted to \$21,485 and \$25,317 respectively.

NOTE F – Acquisition

On January 1, 2009, WTS Acquisition Corporation, and its wholly-owned subsidiary, the Parent (collectively, WTS), purchased certain assets of the Ohio operations of AmeriTemps, Inc. (the Ohio Operations). WTS subsequently divided the Ohio Operations into six wholly-owned subsidiaries, which included RFFG and DMCC. Consideration paid by WTS for the entire Ohio Operations amounted to \$1,000,000 in cash and up to \$2,750,000 in contingent consideration based upon the Ohio Operations meeting certain gross billing amounts, as defined.

The transaction was accounted for in accordance with the Business Combinations Topic of the FASB Codification. The assignment of total consideration on the date of acquisition was based upon fair values. The

allocation of the intangible assets and contingent consideration to RFFG and DMCC was based upon the Divisions' anticipated gross billings to the total anticipated gross billings of the entire Ohio Operations, and was as follows:

B-9

RFFG OF CLEVELAND, LLC AND DMCC STAFFING, LLC

NOTES TO CARVE-OUT FINANCIAL STATEMENTS

NOTE F – Acquisition, continued

ASSETS

Office and computer equipment	\$ 7,700
Customer list	200,054
Trade name	205,056
	\$ 412,810

LIABILITIES

Note payable	\$ 125,033
Contingent consideration	226,811
	\$ 351,844

Fair value methods used for the identifiable net assets and liabilities acquired in the acquisition make use of quoted market prices in active markets and discounted cash flows using current interest rates.

As a result of the acquisition, the Divisions recognized a gain of \$60,966 for the year ended December 31, 2009. This amount is included as a separate line item in other expense, net, in the accompanying carve-out statements of income.

NOTE G – Commitments and contingencies

In conjunction with WTS's acquisition of the Ohio Operations (see Note F), the contract of sale included a provision that AmeriTemps, Inc. (the Seller) would be responsible for workers' compensation liabilities related to retrospectively rated workers' compensation programs entered into by the Seller over a nine-year period of time. The claims in the programs have continued to mature, and, currently, the monies owed by the Seller, of which the Divisions were a component, exceed \$2,800,000.

The Ohio Bureau of Workers' Compensation (OBWC) reviewed the transaction and ruled that WTS's acquisition of the Ohio Operations constituted a transfer in whole of the Ohio Operations. Accordingly, OBWC is holding WTS responsible for the retrospective rating charges should the Seller be unable to pay. In the event that WTS would pay the retrospective rating charges, the Divisions could potentially be responsible for a portion of the total retrospective rating bill. The amount allocated to the Divisions would be based upon claim and payroll transfer. In addition, WTS will deduct any such amounts paid related to the OBWC from the remaining contingent consideration owed to the Seller. Accordingly, WTS has not paid the seller any contingent consideration since November 2009.

While the results of litigation proceedings cannot be predicted with certainty, the Divisions believe that the disposition of these matters will not have a material adverse effect on the financial position of the Divisions.

NOTE H – Subsequent events

Effective November 1, 2010, General Employment Enterprises, Inc. and its wholly-owned subsidiary, Triad Personnel Services, Inc. (collectively, General Employment) entered into an asset purchase agreement with RFFG and DMCC

for the purchase of certain assets of RFFG and DMCC for \$2,400,000 of General Employment's stock and contingent consideration of up to another \$2,400,000 in cash based upon the Divisions' meeting certain earnings before interest, taxes, depreciation and amortization (EBITDA) targets, as defined, during 2011 to 2014. The closing of the asset purchase agreement was subject to certain conditions, including entry into a definitive management and services agreement by General Employment of the business of certain affiliates of RFFG and DMCC. General Employment executed that management agreement on November 30, 2010, with an effective date of November 1, 2010.

EXHIBIT C
PRO FORMA FINANCIAL INFORMATION

UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL STATEMENTS

The General Employment Enterprises, Inc. (“GEE”) unaudited pro forma condensed combined financial statements set forth below are based on the Company’s historical financial statements and the assumption that business combination between GEE, On-Site and DMCC & RFFG of Cleveland occurred as of October 1, 2009:

- An unaudited pro forma balance sheet is not included in the following financial statements as the financial position of the Company as of December 31, 2010, which was disclosed in the Company’s 10Q filing, includes the acquired entities.
- The unaudited pro forma condensed combined statement of operations for the three months ended December 31, 2010, combines the December 31, 2010 historical statement of operations for GEE, which includes three months of operations of On-Site and two months of operations of DMCC & RFFG of Cleveland and one month of the October 31, 2010 historical statement of operations for DMCC & RFFG of Cleveland; and
- The unaudited pro forma condensed combined statement of operations for the twelve months ended September 30, 2010, combines the September 30, 2010 historical statement of operations for GEE, which includes four months of operation of On-Site and the September 30, 2010 historical statement of operations for DMCC & RFFG of Cleveland and eight months of the historical statements of operations for On-Site; and
- The unaudited pro forma condensed combined financial statements are presented for informational purposes only, and are based on certain assumptions that we believe are reasonable and do not purport to represent our financial condition or our results of operations had the business combination occurred on or as of the dates noted above or to project the results for any future date or period. In the opinion of management, all adjustments have been made that are necessary to present fairly the unaudited pro forma condensed combined financial information; and
- The unaudited pro forma condensed combined financial statements do not reflect any benefits from potential cost savings or expense synergies resulting from this business combination.

The acquisition of On-Site was treated as a purchase of a business for accounting purposes, and On-Site's assets acquired and liabilities assumed have been recorded at their fair value on the acquisition date of June 1, 2010.

In connection with the business combination, GEE acquired substantially all of On-Site's intangible assets, including its customer list for 1,476,015 shares of GEE common stock, valued at \$487,000 based on the quoted market price of the GEE's common stock on the date of the closing of the transaction. In addition, the On-Site shareholder can receive additional consideration of up to \$1,020,000 through a combination of cash and GEE's common stock if On-Site achieves certain revenue and earnings goals through 2014. The fair value of this contingent consideration has been initially assessed at zero, as it is not anticipated On-Site will meet the required financial performance targets. In the event the estimated fair value of this contingent consideration changes in future periods, the change in fair value will be recorded in the statement of operations.

Effective November 1, 2010, GEE and its wholly-owned subsidiary, Triad Personnel Services, Inc., entered into an asset purchase agreement, with DMCC Staffing, LLC, ("DMCC"), RFFG of Cleveland, LLC, ("RFFG of Cleveland"), and Thomas J. Bean (the "Asset Purchase Agreement"), for the purchase of certain assets of DMCC and RFFG of Cleveland, including customer lists, comprising DMCC and RFFG of Cleveland's services business.

The assets purchased related to RFFG of Cleveland and DMCC constitute businesses and as such the acquisition of these assets was accounted for as a business combination. The assets acquired and liabilities assumed have been recorded at their fair value on the acquisition date of November 1, 2010. Pursuant to the Asset Purchase Agreement, GEE will issue \$2,400,000 in shares of its common stock (5,581,395 shares based on the December 30, 2010 closing date) to DMCC and RFFG of Cleveland upon receipt of (a) stockholder approval of the transaction and of an increase to GEE's authorized common stock and (b) approval of an additional listing application by the NYSE Amex Stock Exchange.

In addition, commencing in 2011, if the aggregate EBITDA of the business acquired, including any management fees earned by GEE under the Management Agreement, meets certain targets (each, an "EBITDA Target") over a four-year period ending December 31, 2014 (the "Earnout Period"), GEE will be required to make earn-out payments to DMCC and RFFG of Cleveland, each payable in three equal installments. In the event that an EBITDA Target for a certain period is not met, the earn-out payment in respect of such period will be reduced proportionately. The EBITDA Targets will be \$300,000, \$600,000, \$900,000 and \$1,200,000 for each of the three-, six-, nine- and twelve-month periods, respectively, in the fiscal year ending December 31, 2011, and earn-out payments will consist of quarterly payments of \$150,000, payable in three equal monthly installments, if the relevant EBITDA Targets are met. Starting in the fiscal year ending December 31, 2012, the EBITDA Targets will be adjusted annually to reflect the EBITDA for the twelve-month period ending on December 31st of the most recently completed fiscal year (each, an "Annual EBITDA Target") and earn-out payments for the year will be adjusted to equal 50% of the relevant Annual EBITDA Target divided by four. At the end of each fiscal year during the Earn-out Period, if the aggregate EBITDA for the 12-month period then ended is greater than the Annual EBITDA Target for such year, GEE will pay to DMCC and RFFG of Cleveland the amount of such excess, 50% in cash and 50% in shares of common stock. The estimated fair value of the earn-out to be paid under this agreement approximates \$2,200,000.

In conjunction with the purchase agreement, effective November 1, 2010, GEE entered into a management agreement with RFFG, LLC (the previous parent company of RFFG of Cleveland and DMCC Staffing, LLC) to provide services to RFFG to operate its day-to-day business, including services related to accounting, sales, finance, workers compensation, benefits, physical locations, IT, and employees.

In consideration of the services provided under the management agreement, RFFG will pay the GEE approximately 6% of its gross revenues. Gross revenues of RFFG are expected to approximate \$18,000,000 on an annual basis, resulting in an expected management fee of approximately \$1,000,000 per year. GEE will need to add employees to provide the services required under the management agreement.

We have not completed a final assessment of the fair values of assets and liabilities of DMCC/RFFG of Cleveland. Accordingly, to the extent such assessments indicate different fair values as presented herein, such adjustments will be made but are not expected to be material.

PART I

Item 1, Business.

General

General Employment Enterprises, Inc. (the Company”) was incorporated in the State of Illinois in 1962 and is the successor to employment offices doing business since 1893. In 1987 the Company established Triad Personnel Services, Inc., a wholly-owned subsidiary, incorporated in the State of Illinois. In June 2010 the Company purchased certain assets of On-Site services, a temporary staffing agricultural business. The principal executive office of the Company is located at One Tower Lane, Suite 2200, Oakbrook Terrace, Illinois.

Services Provided

The Company provides the following distinctive services: (a) placement services (b) temporary professional staffing services in the fields of information technology, engineering, & accounting and (c) temporary staffing in the agricultural industry.

The Company’s placement services include placing candidates into regular, full-time jobs with client-employers. The Company’s contract services include placing its professional employees on temporary assignments, under contracts with client companies. Professional contract workers are employees of the Company, typically working at the client location and at the direction of client personnel for periods of three months to one year. Management believes that the combination of these two services provides a strong marketing opportunity, because it offers customers a variety of staffing alternatives that includes direct hire, temporary staffing and a contract-to-hire approach to hiring. The Company’s temporary staffing in the agricultural industry provides agricultural workers for farms and groves located in Florida, Georgia, Indiana, and Alabama. Most of the workers will migrate from location to location because the work is seasonal depending on the type of crop. The percentage of revenues derived from the Company’s services is as follows:

	Year Ended September 30			
	2010		2009	
Professional contract services	53	%	60	%
Placement services	24	%	40	%
Agricultural contract services	23	%	—	

Marketing

The Company markets its services using the trade names General Employment Enterprises, Omni One, Business Management Personnel, Triad Personnel Services, Generation Technologies and On-Site Services. As of September 30, 2010, it operated eleven branch offices located in downtown or suburban areas of major U.S. cities in eight states. The offices were located in Arizona, California (2), Florida (2), Illinois, Indiana, Massachusetts, North Carolina and Ohio (2).

The Company markets its professional staffing services to prospective clients primarily through telephone marketing by its recruiting and sales consultants, and through emailing of employment bulletins listing candidates available for placement and contract employees available for assignment. The Company’s agricultural staffing services are marketed directly through contacts and relationships built and maintained by the division’s general manager.

The portion of consolidated net revenues derived from the Company's two largest customers together was approximately 17 % in fiscal 2010 and 21% in fiscal 2009, and no other customer accounted for more than 7% of net revenues during either year.

D-4

Competition

The staffing industry is highly competitive. There are relatively few barriers to entry by firms offering placement services, while significant amounts of working capital typically are required for firms offering contract services. The Company's competitors include a large number of sole-proprietorship operations, as well as regional and national organizations. Many of them are large corporations with substantially greater resources than the Company.

Because the Company focuses its attention on professional staffing positions, it competes by providing highly qualified candidates who are well matched for the position, by responding quickly to client requests, and by establishing offices in convenient locations. As part of its service, the Company provides for professional reference checking, scrutiny of candidates' work experience and optional background checks. In general, pricing is considered to be secondary to quality of service as a competitive factor. During slow hiring periods, however, competition can put pressure on the Company's pricing.

The agricultural staffing industry is considered a niche business that requires a high capital reserve to cover the weekly payroll. There are few businesses in this market and the Company does not anticipate a significant change in the pricing for the next year.

Recruiting

The success of the Company's professional staffing services is highly dependent on its ability to obtain qualified candidates. Prospective employment candidates are generally recruited through telephone contact by the Company's employment consultants or through postings on the Internet. For Internet postings, the Company maintains its own web page at www.generalemployment.com and uses other Internet job posting bulletin board services. The Company maintains database records of applicants' skills to assist in matching them with job openings. The Company screens and interviews applicants who are presented to its clients. The Company's agricultural service employees are generally seasonal migrant workers, which are typically recurring workers or are directly recruited by the customers.

Employees

As of September 30, 2010, the Company had approximately 68 regular employees and 103 contract service employees.

Item 2, Properties.

The Company's policy is to lease commercial office space for all of its offices. The Company's headquarters are located in a modern 31-story building near Chicago, Illinois. The Company leases 8,200 square feet of space at that location under a lease that will expire in 2015. The lease may be cancelled by the Company in 2012 under certain conditions.

The Company's staffing offices are located in downtown and suburban business centers in eight states. Established offices are operated from leased space ranging from 800 to 2,000 square feet, generally for initial lease periods of

three to five years, with cancellation clauses after certain periods of occupancy in some cases. Management believes that existing facilities are adequate for the Company's current needs and that its leasing strategies provide the Company with sufficient flexibility to open or close offices to accommodate business needs.

Item 3, Legal Proceedings.

From time to time, the Company is subject to various legal proceedings and claims arising in the ordinary course of business. As of September 30, 2010, there were no material legal proceedings pending against the Company.

Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operations.

Overview

The Company provides contract and placement staffing services for business and industry, primarily specializing in the placement of information technology, engineering and accounting professionals. With the acquisition of On-Site Services, Inc. (On-Site) in June 2010, the Company also began to provide contract staffing services for the agricultural industry. On June 1, 2010, the Company entered into an asset purchase agreement to purchase certain assets of On-Site Services, Inc. which qualified as a business combination. This business is located in Florida and provides labor and human resource solutions, including temporary staffing, to the agricultural industry. The results of operations of On-Site are included in the Company's statement of operations from the date of the acquisition. As of September 30, 2010, the Company operated twelve offices located in eight states.

The Company's professional staffing services business is highly dependent on national employment trends in general and on the demand for professional staff in particular. As an indicator of employment conditions, the national unemployment rate was 9.6% in September 2010 and 9.8% in September 2009. This indicates a trend toward a relatively flat level of unemployment in the United States during the last twelve months.

During the year ended September 30, 2010, the U.S. economy experienced a period of continued uncertainty stemming from problems in the housing and credit markets. According to the U.S. Department of Labor, the national employment level declined by approximately six million jobs during the period. Management believes that employers have remained extremely cautious about hiring during the period. As a result, the Company experienced sharp declines in both the number of billable contract hours and the number of placements.

Consolidated net revenues for the year ended September 30, 2010 increased 14.6% compared with the prior year due to the acquisition of On-Site. Contract service revenues, including On-Site, increased by 43.6%, while placement service revenues decreased by 29.6%. Due to the restructuring of its corporate and field operations during the third quarter of fiscal 2009, and the Company's efforts to reduce selling, general, and administrative expenses, the Company was able to lower its loss from operations from \$4,228,000 in the prior year to \$1,556,000 in the current year.

Results of Operations

Net Revenues

Consolidated net revenues are comprised of the following:

(In Thousands)	Year Ended September 30	
	2010	2009
	\$	\$
Placement Services	2,897	4,114
Professional Contract Services	6,127	6,280
Agricultural Contract Services	2,803	—
Consolidated Net Revenues	\$11,917	\$10,394

Consolidated net revenues increased by \$1,523,000 (14.6%) from the prior year and was primarily due to the acquisition of On-Site in June 2010, which contributed \$2,803,000 in revenue for fiscal 2010. The increase was offset by lower professional contract and permanent placement services. Professional contract and placement services decreased by \$63,000 (1%) and \$1,217,000 (29.6%) from the prior year, respectively. As a result of the weaker economic conditions that prevailed during the year ended September 30, 2010, the Company experienced less demand for these services.

D-7

Cost of Contract Services

The cost of contract services includes wages and the related payroll taxes and employee benefits of the Company's employees while they work on contract assignments. The cost of contract services for the year ended September 30, 2010 increased by \$2,737,000 (63%) due to the acquisition of On-Site in June 2010. Due to competitive pricing pressures during the period, the gross profit margin on the professional contract services business decreased from 30.4% in the prior year to 29.1% in the current year. The gross profit margin of the On-Site business was 3.5% for the four months ended September 30, 2010. The lower margin of the On-Site business was the primary reason for the decrease in the consolidated contract service gross profit margin from 30.4% in the prior year to 21.1% in the current year.

Selling, General and Administrative Expenses

Selling, general and administrative expenses include the following categories:

- Compensation in the operating divisions, which includes commissions earned by the Company's employment consultants and branch managers on permanent and temporary placements. It also includes salaries, wages, unrecovered advances against commissions, payroll taxes and employee benefits associated with the management and operation of the Company's staffing offices.
- Administrative compensation, which includes salaries, wages, payroll taxes and employee benefits associated with general management and the operation of the finance, legal, human resources and information technology functions.
- Occupancy costs, which includes office rent, depreciation and amortization, and other office operating expenses.
 - Recruitment advertising, which includes the cost of identifying job applicants.
- Other selling, general and administrative expenses, which includes travel, bad debt expense, fees for outside professional services and other corporate-level expenses such as business insurance and taxes.

The Company's largest selling, general and administrative expense is for compensation in the operating divisions. Most of the Company's employment consultants are paid on a commission basis and receive advances against future commissions. Advances are expensed when paid. When commissions are earned, prior advances are applied against them and the consultant is paid the net amount. At that time, the Company recognizes the full amount as commission expense, and advance expense is reduced by the amount recovered. Thus, the Company's advance expense represents the net amount of advances paid, less amounts applied against commissions.

Selling, general and administrative expenses for the year ended September 30, 2010 decreased \$3,881,000 (38.1%). Compensation in the operating divisions decreased by \$955,000 (46.5%), reflecting lower commission expense on the lower volume of placement business. Administrative compensation decreased by \$1,491,000 (65.9)%, reflecting executive pay reductions, staff reductions and lower deferred compensation expense. Additionally, in fiscal 2009, the Company recorded an administrative compensation provision of \$1,070,000 for a consulting agreement signed with its former Chief Executive Officer (see Liquidity section below). No additional provisions have been recorded in fiscal 2010 related to this agreement, as the obligation is getting paid out ratably over the next five years. Branch occupancy costs decreased by \$664,000 (55.9%) for the period because of operating fewer branch offices than last year. Recruitment advertising also decreased \$508,000 (57.9)% due to lower utilization of job board posting services. The fiscal 2010 results also include a 70.4% increase in professional fees. Legal and accounting fees increased by \$256,000 over the prior year due to professional fees incurred related to both the On-Site acquisition & other acquisition targets that were considered during the year.

Other

Interest income for the year ended September 30, 2010 was down \$37,000 from last year due to a combination of lower funds available for investment and a lower average rate of return on investments.

There were no credits for income taxes as a result of the pretax losses incurred during the periods because there was not sufficient assurance that future tax benefits would be realized.

D-8

Interest expense has increased \$26,000 in 2010 primarily due to a full year of interest expense recorded for the accretion of the discount recorded on the liability for the former CEO's consulting agreement as more fully described below.

Liquidity and Capital Resources

As of September 30, 2010 the Company had cash and cash equivalents of \$945,000, which was a decrease of \$1,865,000 from September 30, 2009. Net working capital at September 30, 2010 was \$1,209,000, which was a decrease of \$1,400,000 from September 30, 2009 and the current ratio was 1.9 to 1. Shareholders' equity as of September 30, 2010 was \$1,592,000 which represented 46.9% of total assets.

During the year ended September 30, 2010, net cash used by operating activities was \$1,865,000. The net loss for the period, adjusted for depreciation and other non-cash charges, used \$1,256,000, while working capital items used \$609,000. During the year ended September 30, 2009, net cash used by operating activities was \$2,695,000. The net loss for fiscal 2009 adjusted for depreciation and other non-cash charges, used \$3,591,000, while working capital items provided \$896,000. Overall, the decrease in cash used in operations during fiscal 2010 is due to the decrease in the net loss. The decrease in the net loss is primarily attributable to a restructuring of corporate and field operations which occurred during the third quarter of fiscal 2009, resulting in significant cost reductions. Working capital consumed cash of \$609,000 in fiscal 2010 due primarily to an increase in accounts receivable of \$382,000 because of the acquisition of On-Site and the timing of payment of accounts payable.

There was no cash used in investing activities during fiscal 2010. The Company does not expect any significant use of cash for capital expenditures in fiscal 2011. During fiscal 2010, the Company acquired certain assets of On-Site Services, Inc through the issuance of 1,476,015 shares of its common stock. Additionally, the former owner of On-Site is entitled to earn-out payments over the next four years totaling up to \$1,020,000; \$600,000 of which is payable in cash and \$420,000 of which is payable in either cash or common stock or any combination thereof, in the Company's sole discretion, upon the attainment of certain aggregate performance targets. The Company has determined that the fair value of the contingent consideration that could be paid under this earn-out agreement is zero based on the estimated probability of any payment being made.

In November 2010, the Company purchased certain assets of RFFG of Cleveland and DMCC Staffing, LLC ("DMCC") and entered into a management agreement with RFFG, LLC (the previous parent company of RFFG of Cleveland and DMCC Staffing, LLC) to provide services to RFFG to operate its day-to-day business, including services related to accounting, sales, finance, workers compensation, benefits, physical locations, IT, and employees. Thomas J. Bean, a 10% shareholder of the Company (prior to consideration of common shares issued in this transaction), is the owner of RFFG.

In consideration of the services provided under the management agreement, RFFG will pay the Company approximately 6% of its gross revenues. Gross revenues of RFFG are expected to approximate \$18 million on an annual basis, resulting in an expected management fee of approximately \$1 million per year. The Company will need to add employees to provide the services required under the management agreement. The assets purchased related to RFFG of Cleveland and DMCC Staffing, LLC constitute businesses and as such the acquisition of these assets will be accounted for as a business combination. In consideration for the assets acquired and the rights under the management contract, the Company paid \$2.4 million through the issuance of its common stock. In addition, the purchase agreement requires the Company to make additional payments of up to \$2.4 million over the next four years if certain performance targets are achieved. These earn-out payments will be paid 50% in cash and 50% through the issuance of the Company's common stock. Under the terms of the agreement, the maximum amount payable under the earn-out agreement for fiscal 2011 is \$350,000.

All of the Company's office facilities are leased. As of September 30, 2010, future minimum lease payments under non-cancelable lease commitments having initial terms in excess of one year, including closed offices, totaled \$1,674,000. At that date, the Company also had contractual obligations to purchase approximately \$446,000 of recruitment advertising through December 2011.

D-9

In fiscal 2009, to improve liquidity, the Company completed the sale of 7,700,000 shares of common stock to PSQ and raised net cash proceeds of \$1,384,000.

In connection with the completion of the sale of shares of common stock to PSQ in the prior year, the Company's Chairman, Chief Executive Officer and President (the "former CEO") resigned from those positions and his employment agreement with the Company was replaced by a new consulting agreement. Under the consulting agreement, the Company became obligated to pay an annual consulting fee of \$180,000 over a five-year period and to issue 500,000 shares of common stock to the former CEO for no additional consideration, and the Company recorded a liability for the net present value of the future fee payments in the amount of \$790,000. As of September 30, 2010, \$611,000 remains payable under this agreement and is included in accrued expenses on the Company's balance sheet.

During fiscal 2010, the Company had a loan and security agreement with Crestmark Bank for financing of its accounts receivable. Under the terms, the Company was allowed to borrow up to 85% of its eligible accounts receivable, not to exceed \$3,500,000. The loan was secured by accounts receivable and other property of the Company. Interest was charged at the rate of 1% above the prime rate. In addition, the agreement requires a service fee of \$3,500 per month and an annual fee equal to 1% of the total maximum borrowing under the facility. The term was for three years (twenty six months remaining as of September 30, 2010) or earlier upon demand by Crestmark, and will be renewed automatically for consecutive two year terms unless terminated by either party. As of September 30, 2010, there were no outstanding borrowings under the line of credit.

The loan and security agreement with Crestmark Bank included financial covenants which require compliance until termination of the agreement. As of September 30, 2010, the Company was in compliance with all such covenants. The borrowing base availability under this agreement was approximately \$610,000 as of September 30, 2010.

In December 2010, the Company terminated its agreement with Crestmark Bank & entered into a 2 year \$3 million account purchase agreement ("AR Credit Facility") with Wells Fargo Bank N.A. ("Wells Fargo"). The AR Credit Facility provides for borrowings on a revolving basis, of up to 85% of the Company's eligible accounts receivable less than 90 days old and bears interest at a rate equal to the three month LIBOR plus 5.25%. Upon the terms and subject to the conditions in the agreement, Wells Fargo may determine which receivables are eligible receivables, may determine the amount it will advance on any such receivables, and may require the Company to repay advances made on receivables and thereby repay amounts outstanding under the AR Credit Facility. Wells Fargo also has the right to require the Company to repurchase receivables that remain outstanding 90 days past their invoice date. The Company continues to be responsible for the servicing and administration of the receivables purchased. The Company will carry the receivables and any outstanding borrowings on its consolidated balance sheet.

The Company believes that the borrowing availability under the Wells Fargo agreement will be adequate to fund the increase in working capital needs resulting from the acquisitions of On-Site, RFFG of Cleveland, and DMCC Staffing. In recent years, the Company has incurred significant losses and negative cash flows from operations. Management has implemented a strategy which included cost reduction efforts as well as identifying strategic acquisitions, financed primarily through the issuance of common stock, to improve the overall profitability and cash flows of the Company. In addition, as discussed above, the Company entered into an AR Credit Facility with Wells Fargo to provide working capital financing. In the event Wells Fargo elects not to advance us funds on our accounts receivable balance or the performance of the acquired entities does not meet our expectations, we could experience liquidity constraints.

As of September 30, 2010, there were approximately \$8,900,000 of losses available to reduce federal taxable income in future years through 2029, and there were approximately \$7,000,000 of losses available to reduce state taxable income in future years, expiring from 2010 through 2029. Due to the sale of shares of common stock to PSQ during fiscal 2009, it is likely that the Company will be limited by Section 382 of the Internal Revenue Code as to the amount

of net operating losses that may be used in future years. The Company is currently evaluating the effects of any such limitation. Future realization of the tax benefits of net operating loss carryforwards ultimately depends on the existence of sufficient taxable income within the carryforward period. Based on the weight of available evidence, the Company determined that it is more likely than not that all of the deferred tax assets will not be realized. Accordingly, the Company maintained a full valuation allowance as of September 30, 2010.

Off-Balance Sheet Arrangements

As of September 30, 2010, and during the year then ended, there were no transactions, agreements or other contractual arrangements to which an unconsolidated entity was a party, under which the Company (a) had any direct or contingent obligation under a guarantee contract, derivative instrument or variable interest in the unconsolidated entity, or (b) had a retained or contingent interest in assets transferred to the unconsolidated entity.

Critical Accounting Policies

The consolidated financial statements are prepared in conformity with accounting principles generally accepted in the United States of America and the rules of the United States Securities and Exchange Commission.

Management makes estimates and assumptions that can affect the amounts of assets and liabilities reported as of the date of the financial statements, as well as the amounts of reported revenues and expenses during the periods presented. Those estimates and assumptions typically involve expectations about events to occur subsequent to the balance sheet date, and it is possible that actual results could ultimately differ from the estimates. If differences were to occur in a subsequent period, the Company would recognize those differences when they became known. Significant matters requiring the use of estimates and assumptions include deferred income tax valuation allowances and accounts receivable allowances. Management believes that its estimates and assumptions are reasonable, based on information that is available at the time they are made.

The following accounting policies are considered by management to be “critical” because of the judgments and uncertainties involved, and because different amounts would be reported under different conditions or using different assumptions.

Income Taxes

Deferred tax assets and liabilities are determined based on differences between the financial reporting and tax bases of assets and liabilities, and are measured using the enacted tax rates and laws that are expected to be in effect when the differences reverse. A valuation allowance is recorded to reduce deferred tax assets to the amount that is more likely than not to be realized as a tax benefit in the future. If the Company were to change its determination about the future realization of tax benefits, the valuation allowance would be adjusted as a provision or credit to income taxes in the period in which the determination is made. Judgment is required in assessing the likelihood that tax assets will be realized. These judgments are based on estimates about future taxable income, which is inherently uncertain.

Accounts Receivable Allowances

An allowance for placement falloffs is recorded, as a reduction of revenues, for estimated losses due to applicants not remaining employed for the Company’s guarantee period. An allowance for doubtful accounts is recorded, as a charge to bad debt expense, where collection is considered to be doubtful due to credit issues. These allowances reflect management’s estimate of potential losses inherent in the accounts receivable balances, based on historical loss statistics and known current factors impacting its customers.

Goodwill

Goodwill represents the excess of cost over the fair value of the net assets acquired in the June 1, 2010 acquisition of On-Site Services, Inc. Goodwill is assessed for impairment at least annually in the absence of an indicator of possible impairment and immediately upon an indicator of possible impairment. If the carrying amount of the reporting unit exceeds its fair value, the Company measures the possible goodwill impairment based upon an allocation of the estimated fair value of the underlying assets and liabilities of the reporting unit, as if the acquisition had occurred currently. The excess of the fair value of the reporting unit over the amounts assigned to its assets and liabilities is the implied fair value of goodwill. An impairment loss would be recognized to the extent the carrying value of goodwill

exceeds its implied fair value.

Intangible Assets

Customer lists and non-compete agreements were recorded at their estimated fair value and are amortized over their estimated useful lives ranging from two to five years using accelerated and straight-line methods, respectively.

Impairment of Long-lived Assets

The Company records impairment on long-lived assets (including amortizable intangible assets) used in operations, other than goodwill, when events or circumstances indicate that the asset might be impaired and the estimated undiscounted cash flows to be generated by those assets over their remaining lives are less than the carrying amount of those items. The net carrying value of assets not recoverable is reduced to fair value, which is typically calculated using the discounted cash flow method.
