OUTSTANDING VOTING SECURITIES AND VOTING RIGHTS

As of the close of business on January 10, 2013 (the “Record Date”), the Company had 26,418,973 shares of no par value common stock (“Common Stock”) issued and outstanding. Each shareholder of record on the Record Date is entitled to one vote on all matters presented at the Annual Meeting for each share of Common Stock held by such shareholder. The presence, either in person or by properly executed proxy, of the holders of the majority of the shares of Common Stock entitled to vote at the Annual Meeting is necessary to constitute a quorum at the Annual Meeting. Attendance at the Annual Meeting will be limited to shareholders as of the Record Date, their authorized representatives, and guests of the Company.

If your shares of Common Stock are registered directly in your name with the Company’s transfer agent, American Stock Transfer & Trust Company, as of the Record Date, you may vote:

- (1) By Internet: Go to www.proxyvote.com and follow the instructions;
- (2) By Telephone: Call toll-free to 1-800-690-6903 and follow the instructions;
- (3) By Mail: If you request a copy of the proxy materials by mail, complete, sign, date and return your proxy card in the envelope supplied to you with written proxy materials; or
- (4) In Person: Attend the Annual Meeting and vote by ballot.

If your shares are held by a bank, broker or other holder of record, you are a beneficial owner of those shares rather than a shareholder of record. If you are a beneficial owner, your bank, broker or other holder of record will forward the proxy materials to you. As a beneficial owner, you have the right to direct your bank, broker or other holder of record how to vote your shares by following the voting instructions provided by your bank, broker or other holder of record. Please refer to the proxy materials forwarded by your bank, broker or other holder of record to see if the voting options described above are available to you. Please note that if your shares of Common Stock are held by a bank, broker or other holder of record and you wish to vote at the Annual Meeting, you must present proof of ownership of the Company’s Common Stock as of the Record Date before you will be permitted to vote in person.

Except as noted below, you may use the Internet or any touch-tone telephone to transmit your voting instructions up until 11:59 p.m., Eastern Time, on Tuesday, March 5, 2013. Your proxy, whether submitted by telephone, via the Internet or by mail, may nevertheless be revoked at any time prior to the voting thereof at your discretion either by a written notice of revocation received by the person or persons named therein or by voting the shares covered thereby in person or by another proxy dated subsequent to the date thereof.

Prudential Financial (“Prudential”) is the holder of record of the shares of Common Stock held in the Company’s 401(k) plan. If you are a participant in this plan, you are the beneficial owner of the shares of Common Stock credited to your plan account. As beneficial owner, you have the right to instruct Prudential, as plan administrator, how to vote your shares. In the absence of voting instructions, Prudential has the right to vote shares at its discretion. The vote you submit via proxy card, the telephone or Internet voting systems will serve as your voting instructions to Prudential. To allow sufficient time for Prudential to vote your 401(k) plan shares, your vote, or any re-vote as described above, must be received by 11:59 p.m., Eastern Time, on Sunday, March 3, 2013.

The vote required for approval of each of the proposals before the shareholders at the Annual Meeting is as follows:

For Proposal I – Election of Directors, each nominee for director will be elected by a plurality of the votes cast in person or by proxy at the Annual Meeting. Each shareholder may vote for or withhold such vote from any or all nominees. The three nominees who receive the most votes that are properly cast at the Annual Meeting will be elected. Votes that are withheld and broker non-votes will have no effect on the outcome of the vote for Proposal I. For each of Proposal II – Ratification of the Appointment of Independent Registered Public Accounting Firm,

Proposal III – Approval of the Amendment and Restatement of the 2007 Directors’ Stock Award Plan, and Proposal IV – Advisory Vote on Executive Compensation, an affirmative vote of a majority of shares present in person or represented by proxy and that are entitled to vote on such proposal at the Annual Meeting is required to approve each such proposal. Each shareholder may vote for, vote against or abstain from voting on each of these proposals. Abstentions and broker non-votes, if any, are not counted as votes cast and will have no effect on the outcome of the vote for each proposal.

A broker non-vote occurs when a bank or broker does not vote on a particular proposal because such bank or broker does not have discretionary voting power with respect to that proposal and has not received voting instructions from the beneficial owner of the shares. If you hold your shares through a bank or broker and do not provide voting instructions to the bank or broker, then under the applicable New York Stock Exchange rules, the bank or broker may vote your shares in its discretion with respect to Proposal II above, but may not vote your shares with respect to any of the other proposals. If no such instructions are received by the bank or broker in respect of Proposal I, III or IV, the result will be a broker non-vote in respect of those proposals.

Table of Contents

Please note that the proposals regarding executive compensation and the ratification of the appointment of our independent registered public accounting firm are advisory only and will not be binding on the Company or the Board. The results of the votes on those two advisory proposals will be taken into consideration by the Company, the Board or the appropriate committee of the Board, as applicable, when making future decisions regarding these matters.

INTERNET AVAILABILITY OF PROXY MATERIALS

The Company has again elected to furnish its proxy materials over the Internet rather than mailing paper copies of those materials. On or about January 25, 2013, the Company mailed to shareholders a Notice of Internet Availability of Proxy Materials (the "Notice of Internet Availability") directing shareholders to a website where they can access this Proxy Statement and the Company's 2012 Annual Report and view instructions on how to submit a proxy via the Internet or by touch-tone telephone. If shareholders wish to receive a paper copy of the Company's proxy materials, please follow the instructions included in the Notice of Internet Availability.

INFORMATION CONCERNING THE PROXY

The accompanying proxy is solicited on behalf of the Company's Board of Directors. The giving of a proxy does not preclude the right to vote in person should any shareholder of record giving the proxy so desire. Shareholders of record have an unconditional right to revoke their proxy at any time prior to the exercise thereof, either in person at the Annual Meeting or by filing with the Company's Secretary at the Company's headquarters a written revocation or duly executed proxy bearing a later date; however, no such revocation will be effective until written notice of the revocation is received by the Company at or prior to the Annual Meeting. Beneficial shareholders, those whose shares are held by a bank, broker or other holder of record, must refer to the proxy materials forwarded by their bank, broker or other holder of record to see if and how to revoke their proxy.

The cost of preparing and making available this Proxy Statement, the Notice of Annual Meeting of Shareholders, and the proxy is borne by the Company. In addition to the use of the Internet, employees of the Company may solicit proxies personally and by telephone. The Company's employees will receive no compensation for soliciting proxies other than their regular salaries. The Company may request banks, brokers and other custodians, nominees, and fiduciaries to forward copies of the proxy material to their principals and to request authority for the execution of proxies. The Company may reimburse such persons for their expenses in so doing.

GOVERNANCE OF THE COMPANY

Board of Directors

The Board of Directors oversees EMCORE's business and affairs pursuant to the New Jersey Business Corporation Act and the Company's Restated Certificate of Incorporation and By-Laws. The Board of Directors is the ultimate decision-making body of the Company, except on matters reserved for the shareholders.

Board Leadership Structure

The Board believes it is important to retain its flexibility to allocate the responsibilities of the offices of the Chairman of the Board, Executive Chairman of the Company, and Chief Executive Officer ("CEO") of the Company in any way that is in the best interests of the Company and the shareholders at a given point in time. The Board believes that the decision as to who should serve as Chairman of the Board and CEO, whether there should be a separate Executive Chairman of the Company and who should serve in that role, and whether any of these offices should be combined or separate, should be assessed periodically by the Board, and that the Board should not be constrained by a rigid policy mandating that such positions be maintained or that such positions be separate.

Since March 2008, Mr. Richards has served as Chairman of the Board and he will continue to serve the Company in this capacity. He also served as Executive Chairman of the Company from March 2008 until he stepped down from that position on September 30, 2012. Dr. Hou has served as the Company's CEO since March 2008, and he has served as a director since December 2006.

Mr. Richards stepped down as Executive Chairman of the Company as part of the Company's business realignment plan that also involved the Company's sale of its Enterprise product lines to Sumitomo Electric Device Innovations USA and its terrestrial concentrating photovoltaics product lines to Suncore Photovoltaics Technology Co, Ltd., a joint venture owned 40% by the Company. After Mr. Richards stepped down as Executive Chairman, the Board decided to eliminate the Executive Chairman position and delegated the responsibilities that were held by the Executive Chairman to Dr. Hou.

Following the implementation of the Company's business realignment plan and the elimination of the Executive Chairman position, the Board believes that the separation of the roles of Chief Executive Officer and Chairman of the Board are in the best interests of the Company at this time. The Board recognizes that the roles of Chief Executive Officer and Chairman of the Board are distinct. While the Chief Executive Officer is responsible for setting the strategic direction for the Company and for the day-to-day leadership and performance of the Company, the Chairman of the Board provides guidance to the Chief Executive Officer and sets the agenda for, and presides over, meetings of the Board of Directors. By having Mr. Richards remain as Chairman of the Board, the Company maintains continuity of leadership and continues to benefit from his valuable experience in the Company's business and industry, while recognizing the different roles to be filled by the Chairman of the Board and the Chief Executive Officer. In addition, Dr. Hou's continued participation as a director maintains a strong link between management and the Board, which promotes clear communication, enhances strategic planning, and improves implementation of corporate strategies.

When the Chairman of the Board is not an independent director, the Board is required to designate a "Lead Independent Director." The Board believes that a Lead Independent Director will provide guidance to the non-management directors in their active oversight of management. The Lead Independent Director is elected annually by the independent directors of the Board of Directors. The holder of the Lead Independent Director position must rotate at least once every two years. Even though Mr. Richards stepped down as an officer and employee of the Company, he does not qualify as an independent director under the applicable rules of the Nasdaq and the Company's By-laws, and, accordingly, the Board continues to appoint a Lead Independent Director. Mr. Bogomolny served as

Lead Independent Director until March 2012, when Mr. McCorkle, who currently serves as Lead Independent Director, was selected as his successor. The duties of the Lead Independent Director include the following:

- advise the Chairman of the Board as to an appropriate schedule of Board meetings;
- provide the Chairman of the Board with input as to the preparation of agendas for Board and Committee meetings;
- advise the Chairman of the Board as to the quality, quantity, and timeliness of the flow of information from the Company's management that is necessary for the independent directors to effectively and responsibly perform their duties;
 - recommend to the Chairman of the Board the retention of consultants who report directly to the Board;
- coordinate the scheduling of, develop the agenda for, and preside over executive sessions of the independent directors;

Table of Contents

- act as principal liaison between the independent directors and the Chairman of the Board on sensitive issues; and
- evaluate, along with the members of the Compensation Committee (consistent with the Compensation Committee Charter) and the full Board, the performance of the CEO and meet with the CEO to discuss the Board's evaluation.”

The independent directors who chair the Company's Audit, Compensation, Nominating and Technology and Strategy Committees also provide leadership to the Board in their assigned areas of responsibility. The Board believes that the independent governance of the Board is safeguarded through: the separation of the roles of Chairman of the Board and Chief Executive Officer, the independence of directors constituting a majority of the members of the Board, the use of a Lead Independent Director, the independence of the chairs and other members of committees of the Board, and executive sessions of the non-management directors.

Corporate Governance Guidelines

The Company's Corporate Governance Guidelines together with its restated certificate of incorporation, bylaws and the charters of the Board's committees provide the framework for the governance of the Company. The Corporate Governance Guidelines address Board Composition and Operations and expectations for directors. The full text of the Corporate Governance Guidelines is available by clicking on the Corporate Governance link included in the Investor tab of the Company's website (www.emcore.com).

Code of Ethics

The Company has adopted a code of ethics entitled “EMCORE Corporation Code of Business Conduct and Ethics”, which is applicable to all employees, officers, and directors of EMCORE. In addition, the Company has adopted a Code of Ethics for Financial Professionals, which applies to the Chief Executive Officer, Chief Financial Officer, Vice Presidents of Finance, Controllers and Assistant Controllers of the Company. The full text of both the Code of Business Conduct and Ethics and the Code of Ethics for Financial Professionals is available by clicking on the Corporate Governance link in the Investor tab of the Company's website (www.emcore.com). The Company intends to disclose any changes in or waivers from either of its codes of ethics by posting such information on its website or by filing a Current Report on Form 8-K.

Related Person Transaction Approval Policy

The Board of Directors has adopted a written policy on the review and approval of related person transactions as defined under applicable Securities and Exchange Commission (“SEC”) regulations. Related persons covered by the policy are executive officers, directors and director nominees, any person who is known to be a beneficial owner of more than five percent of the voting securities of the Company, any immediate family member of any of the foregoing persons or any entity in which any of the foregoing persons has or will have a direct or indirect material interest.

A related person transaction is defined by the policy as any financial or other transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness) or any series of similar transactions, arrangements or relationships in which the Company (or a subsidiary) would be a participant and the amount involved would exceed \$120,000, and in which any related person would have a direct or indirect material interest. A related person will not be deemed to have a direct or indirect material interest in a transaction if the interest arises only from the position of the person as a director of another corporation or organization that is a party to the transaction or the direct or indirect ownership by such person and all the related persons, in the aggregate, of less than a 10 percent equity interest in another person (other than a partnership) which is a party to the transaction. In addition, certain interests and transactions, such as director compensation that has been approved by the Board, transactions where the rates or charges are determined by competitive bid and compensatory arrangements solely related to employment with the Company (or a subsidiary) that have been approved by the Compensation Committee, are not subject to the policy.

The Board of Directors has delegated to the Compensation Committee the responsibility for reviewing, approving and, where applicable, ratifying related person transactions. If a member of the Committee has an interest in a related person transaction, then he or she will not be part of the review process.

In considering the appropriate action to be taken regarding a related person transaction, the Committee or the Board (as the case may be) will consider the best interests of the Company, whether the transaction is comparable to what would be obtainable in an arms-length transaction, is fair to the Company and serves a compelling business reason, and any other factors as it deems relevant. As a condition to approving or ratifying any related person transaction, the Committee may impose whatever conditions and standards it deems appropriate, including periodic monitoring of ongoing transactions.

Table of Contents

The Company's Code of Business Conduct and Ethics includes the Company's Conflicts of Interest Policy, among other policies. Directors are expected to read the Code of Business Conduct and Ethics and adhere to its provisions to the extent applicable in carrying out their duties and responsibilities as directors. The Conflicts of Interest Policy provides, among other things, that conflicts of interest exist where the interests or benefits of one person or entity conflict with the interests or benefits of the Company. The Code also provides restrictions on outside directorships, business interests and employment, receipt of gifts and entertainment and that all material violations of the Company's Code of Business Conduct and Ethics or matters involving financial or legal misconduct will be reported to the Company's Audit Committee on at least a quarterly basis, or more frequently depending upon the level of severity of the violation.

The Board of Directors reviews the independence, and any possible conflicts of interest, of directors and director nominees at least annually. Directors are also required to disclose potential and existing related person transactions in Directors and Officers Questionnaires completed annually.

There were no related person transactions or conflicts of interest that occurred during fiscal year 2012.

Director Independence

The Board of Directors has determined that a majority of the Company's directors are independent in compliance with the listing standards applicable to EMCORE pursuant to the rules of Nasdaq. The Board has affirmatively determined that Messrs. Russell, Bogomolny, Scott, Gillen, McCorkle and Tegnalia are independent under the Nasdaq rules. In making its determination, the Board reviewed and discussed certain services provided by the accounting firm of Gillen and Johnson, P.A., in which Mr. John Gillen is a partner. Based on a determination that the services do not fall under any of the objective tests of the Nasdaq rules and that, in the opinion of the Board, they would not interfere with Mr. Gillen's exercise of independent judgment in carrying out the responsibilities of a director, the Board affirmatively determined that Mr. Gillen is an independent director within the requirements of the Nasdaq rules.

The relationships considered by the Board in making its determination were:

- For each of the last three years, the accounting firm of Gillen and Johnson, P.A. has prepared the individual U.S. tax returns for Dr. Russell for a fee of approximately \$2,500 per year, which was paid directly by Dr. Russell to Gillen and Johnson, P.A.
- For each of the last three years, Mr. Gillen has acted as sole trustee of the Morning Star Trust, which was established by Dr. Russell for the benefit of Dr. Russell's daughter and owned approximately 850,000 shares of the Company's Common Stock as of December 31, 2012. Mr. Gillen was not paid any fees in connection with his service as trustee of the Morning Star Trust.

The Board of Directors has determined that Messrs. Richards and Hou are not independent within the meaning of the Nasdaq rules because they were both employees of the Company during fiscal year 2012.

In addition to the requirements of the SEC and Nasdaq rules, the Company's By-laws require that a majority of the Board be independent pursuant to the requirements of certain tests that are not included within the requirements of the Nasdaq rules. The additional tests contained in the Company's By-laws include a requirement that a director is not considered independent for purposes of the By-laws if, in the past three years, he has received any remuneration as an advisor or consultant to any other director of the Company. The Board of Directors has determined that Messrs. Russell, Bogomolny, McCorkle, Scott and Tegnalia, comprising a majority of the members of the Board of Directors, are independent directors within the meaning of the Company's By-laws.

Messrs. Russell (chairman), Bogomolny and Tegnalia serve as members of our Nominating Committee. The members of our Compensation Committee are Messrs. Gillen (chairman), McCorkle and Scott. Messrs. Scott (chairman), Bogomolny and Gillen serve as members of our Audit Committee. Messrs. Russell (chairman), McCorkle and Tegnalia are the members of our Technology and Strategy Committee. All members of each of our Nominating, Compensation and Audit Committees are “independent” as currently defined by the Nasdaq rules and in accordance with the new independence standards for Compensation Committee members recently adopted by the Nasdaq and approved by the SEC.

The Board of Directors’ Role in Risk Oversight

Risk is inherent in business. The Board of Directors recognizes the importance of effective risk oversight in running a successful business and in fulfilling its fiduciary responsibilities to EMCORE and its shareholders. While the CEO and other members of our senior leadership team are responsible for the day-to-day management of risk, the Board of Directors takes an active role in risk management and is responsible for (i) overseeing the Company’s aggregate risk profile, and (ii) assisting management in addressing specific risks, such as strategic and competitive risks, financial risks, brand and reputation risks, legal risks, regulatory risks, and operational risks.

Table of Contents

The Board believes that its current leadership structure best facilitates its oversight of risk by combining independent leadership, through the separation of the roles of CEO and Chairman of the Board, the Lead Independent Director, independent Board committees, and majority independent Board composition-- with an experienced Chairman of the Board and senior management team lead by the CEO who each have intimate knowledge of our business, history, and the complex challenges we face. The Chairman of the Board's and CEO's in-depth understanding of these matters, combined with the CEO's involvement in the day-to-day management of the Company positions them to promptly identify and raise key business risks to the Board, call special meetings of the Board when necessary to address critical issues, and focus the Board's attention on areas of concern. The Lead Independent Director, independent committee chairs and members, and other directors also are experienced professionals or executives who can and do raise issues for Board consideration and review and who are not hesitant to challenge management. The Board believes there is a well-functioning and effective balance between the Chairman of the Board, Lead Independent Director, non-management Board members, and the CEO, which enhances risk oversight.

The Board of Directors exercises its oversight responsibility for risk both directly and through its four standing committees. Throughout the year, the Board and each committee spend a portion of their time reviewing and discussing specific risk topics. The full Board is kept informed of each committee's risk oversight and related activities through regular oral reports from the committee chairs, and committee meeting minutes are available for review by all directors. Strategic, operational and competitive risks also are presented and discussed at the Board's quarterly meetings, and more often as necessary. On at least an annual basis, the Board conducts a review of our long-term strategic plans. In addition, at least quarterly, or more often as necessary, the General Counsel updates the Board on material legal and regulatory matters.

The Audit Committee is responsible for reviewing our major financial risk exposures, financial reporting, internal controls, credit and liquidity risk, compliance risk and key operational risks. The Audit Committee meets regularly in separate executive session with the Chief Financial Officer and the independent auditor, as well as with committee members only, to facilitate a full and candid discussion of risk and other issues.

The Compensation Committee is responsible for overseeing human capital and compensation risks, including evaluating and assessing risks arising from our compensation policies and practices for all employees and ensuring executive compensation is aligned with performance. The Compensation Committee also is charged with monitoring our incentive and equity-based compensation plans, including employee pension and benefit plans.

The Nominating Committee oversees risks related to our overall corporate governance, including Board and committee composition, Board size and structure, director independence, and potential conflicts of interest. The Committee is also responsible for overseeing risks associated with succession planning for the Board.

The Technology and Strategy Committee oversees risks related to the Company's long-term business plans, including considering its strategic plan, strategic initiatives and any technological innovations which may be relevant to the Company's business.

Board Meetings and Attendance

The Board of Directors held 12 regularly scheduled and special meetings during fiscal 2012, and took certain other actions by unanimous written consent. During fiscal 2012, all directors of the Company attended at least 75% of the aggregate meetings of the Board and committees on which they served, during their tenure on the Board.

Board Committees

Audit Committee

The Company has a separately-designated standing Audit Committee (the “Audit Committee”) established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). The Audit Committee consists of Messrs. Scott (chairman), Bogomolny and Gillen. Each member of the Audit Committee is currently an independent director within the meaning of Nasdaq Listing Rule 5605(a)(2). The Board of Directors has determined that Messrs. Gillen and Scott are each Audit Committee financial experts. The Audit Committee is responsible for, among other things, reviewing the Company’s financial reports and systems of internal controls and overseeing and approving the services to be performed by EMCORE’s independent accountants. A copy of the Charter of the Audit Committee is posted in the Corporate Governance section on the Investor tab of the Company’s website (www.emcore.com). The Audit Committee met nine times during fiscal 2012.

Compensation Committee

The Compensation Committee evaluates the performance of the Chief Executive Officer and other officers and reviews and approves their compensation. The Compensation Committee consists of Messrs. Gillen (chairman), Scott and McCorkle. A copy of the Charter of the Compensation Committee is posted in the Corporate Governance section on the Investor tab of the Company's website (www.emcore.com). The processes and procedures for the review and approval of executive compensation are described in the Compensation Discussion and Analysis section of this Proxy Statement. In addition, the Compensation Committee has responsibility for recommending to the Board the level and form of compensation and benefits for directors. It also administers the Company's incentive compensation plans and is responsible for setting the compensation and benefits for the company's executives. The Compensation Committee met six times during fiscal 2012.

To the extent consistent with its obligations and responsibilities, the Compensation Committee may form subcommittees of one or more members of the Compensation Committee and delegate its authority to the subcommittees as it deems appropriate. In addition, the Compensation Committee has the authority to retain and terminate external advisors in connection with the discharge of its duties.

In August 2011, the Compensation Committee engaged Compensia, Inc. ("Compensia"), an independent compensation consultant, to conduct an executive compensation market analysis to assess the competitiveness of the Company's existing executive compensation program (consisting of base salary, annual incentives, and long-term incentives) for the Company's senior executives. For more information regarding Compensia's analysis, see the "Compensation Discussion and Analysis – The Company's Annual Compensation Decision-Making Process" section of this Proxy Statement. As part of this analysis, Compensia included a peer group comparison of stock burn rate and overhang. The Compensation Committee subsequently engaged Compensia to perform a Board compensation analysis as well as provide an overview of recent compensation trends and developments including say-on-pay. During fiscal 2012, Compensia did not perform any other services for the Company. In accordance with recently adopted listing standards of the Nasdaq related to the independence of compensation consultants, the Compensation Committee determined that the work of Compensia during fiscal 2012 did not raise any conflicts of interest.

Nominating Committee

The Nominating Committee identifies and recommends new members to the Company's Board of Directors. The Nominating Committee consists of Messrs. Russell (chairman), Bogomolny and Tegnalia. A copy of the Charter of the Nominating Committee is posted in the Corporate Governance section on the Investor tab of the Company's website (www.emcore.com). The Nominating Committee met two times in fiscal 2012.

The Nominating Committee has not established specific minimum age, education, experience or skill requirements for potential director nominees. When considering a potential director candidate, the Nominating Committee considers the candidate's individual skills and knowledge, including experience in business, finance, or administration, familiarity with national and international business matters, and appreciation of the relationship of the Company's business to changing needs in our society. The Nominating Committee also carefully considers any potential conflicts of interest. All nominees must possess demonstrated character, good judgment, integrity, relevant business, functional and industry experience, and a high degree of acumen. Although the Nominating Committee does not have a formal policy with respect to diversity, in accordance with the Company's philosophy, the Nominating Committee endeavors to identify nominees that represent diverse backgrounds and experience in policy-making positions in business and technology, and in areas that are relevant to the Company's global activities. The Nominating Committee assesses the effectiveness of its efforts to achieve a Board with a diversity of backgrounds and experiences by periodically reviewing the skills and experiences of the Board as a whole, and each of the directors.

The Nominating Committee identifies potential candidates from a number of sources, including current members of the Board and, if the Nominating Committee so chooses, third party search firms. The Nominating Committee may also consider candidates proposed by management or by shareholders. The Nominating Committee evaluates director candidates recommended by shareholders in the same way that it evaluates candidates recommended by other sources. After the Nominating Committee's initial evaluation of a candidate, if that candidate is still of interest to the Nominating Committee, one or more designated members of the Board will interview the candidate. Additional interviews by other Board members and/or senior management may take place and other screening processes may be undertaken. The Nominating Committee will meet to finalize its recommended candidates, which will be submitted to the entire Board for consideration. All candidates who are recommended by the Nominating Committee and approved by the Board are then included as nominees in our proxy statement for the year in which the Class for which they are nominated comes up for election.

Table of Contents

The Nominating Committee will consider suggestions from shareholders regarding possible director candidates for election in 2014. Such suggestions must contain (1) all information for each nominee required to be disclosed in a proxy statement under the Exchange Act, (2) the name and address of the shareholder making the recommendation, the number of shares owned and the length of ownership, (3) a statement as to whether the nominee meets the criteria for independence under the rules of the Nasdaq and the Company's By-Laws and (4) the written consent of the nominee to serve as a director if elected. Such suggestions must be submitted to the Company's Secretary in accordance with the procedures and timing set forth in the section of this Proxy Statement entitled "Shareholder Proposals" below under "General Matters," as well as the Company's By-Laws. The directors nominated in this Proxy Statement were recommended for re-election by the Board of Directors.

Technology and Strategy Committee

The Technology and Strategy Committee was established in June 2011 to assist the Board in discharging its responsibilities relating to the Company's strategic planning and the development of technologies that could contribute to the achievement of the Company's strategic plan. The Technology and Strategy Committee must have at least three members. The Board appointed Messrs. Russell (chairman), McCorkle and Tegnalia to serve on the Technology and Strategy Committee. Responsibilities of the Technology and Strategy Committee include:

- discussing the Company's strategic plan, including any proposed merger or acquisition;
- considering technological innovations relevant to the business of the Company;
- considering and discussing strategic initiatives and new technologies that the Committee believes could contribute to the achievement of the Company's strategic plan; and
- upon request of the Board from time to time, providing advice and assistance with regard to evaluating potential strategic initiatives that fall within the scope of the Committee's purposes.

To the extent consistent with its obligations and responsibilities, the Technology and Strategy Committee may form subcommittees of one or more members of the Technology and Strategy Committee and delegate its authority to the subcommittees as it deems appropriate.

A copy of the Charter of the Technology and Strategy Committee is posted in the Corporate Governance section of the Investor tab of the Company's website (www.emcore.com). The Technology and Strategy Committee met four times in fiscal 2012.

Board Attendance at Annual Meetings

The Company strongly encourages members of the Board of Directors to attend the Company's Annual Meetings of Shareholders, absent extraordinary circumstances. Last year, the entire Board of Directors attended the 2012 Annual Meeting of Shareholders.

Shareholder Communications with the Board

Shareholders may communicate with the Company's Board of Directors through its Secretary by writing to the following address: Board of Directors, c/o Mr. Alfredo Gomez, Secretary, EMCORE Corporation, 10420 Research Road, SE, Albuquerque, New Mexico 87123. The Company's Secretary will forward all correspondence to the Board of Directors, except for junk mail, mass mailings, product complaints or inquiries, job inquiries, surveys, business solicitations or advertisements, or patently offensive or otherwise inappropriate material. The Company's Secretary

may forward certain correspondence, such as product-related inquiries, elsewhere within the Company for review and possible response. A Board member may request to see all shareholder communications at any time.

Name (1)	Fees		Total (\$)
	Earned or Paid in Cash (\$)(2)	Stock Awards (\$)(3)	
Thomas J. Russell, Ph.D.	26,300	38,000	64,300
Charles T. Scott	30,150	44,500	74,650

Sherman McCorkle	26,100	42,500	68,600
James A. Tegnalia, Ph.D.	22,350	25,500	47,850

- (1) Reuben F. Richards, Jr., the Company's Executive Chairman and Chairman of the Board, and Hong Q. Hou, Ph.D., the Company's Chief Executive Officer, are not included in this table because they were employees of the Company during fiscal year 2012 and received no compensation for their services as directors. Their compensation is disclosed in the Summary Compensation Table below. Mr. Richards stepped down as Executive Chairman effective as of September 30, 2012, and is currently receiving certain payments and benefits under a separation agreement and general release, dated August 6, 2012 (the "Separation Agreement") entered into between Mr. Richards and the Company. He will not receive compensation as a non-employee director while he is receiving such payments and benefits under the Separation Agreement.
- (2) The amounts in this column reflect the dollar amounts earned or paid in cash for services rendered in fiscal year 2012.
- (3) The amounts in this column reflect the dollar amounts granted for services rendered in calendar year 2011 under the Company's 2007 Directors' Stock Award Plan, payment of which is made in Common Stock of the Company.

Pursuant to the Company's Directors' Stock Award Plan adopted by the shareholders at the Company's 2007 annual meeting (the "2007 Directors' Stock Award Plan"), each non-employee director receives, one month after the beginning of each plan year (the "Grant Date"), the number of shares of the Company's Common Stock, determined by dividing the fees earned by each director during the prior year by the closing price of the Common Stock on the Grant Date. Non-employee directors earn a fee in the amount of \$3,500 per Board meeting attended and \$500 per committee meeting attended (\$1,000 for the chairman of a committee). The Company also reimburses a non-employee director's reasonable out-of-pocket expenses incurred in connection with such Board or committee meetings. From time to time, Board members are invited to attend meetings of Board committees of which they are not members. When this occurs, these non-committee Board members earn a committee meeting fee of \$500. For fiscal year 2012, each director earned Company Common Stock equal to the following dollar amounts: Dr. Russell - \$51,500; Mr. Scott \$53,500; Mr. Gillen \$56,000; Mr. Bogomolny \$47,000; Mr. McCorkle \$50,500; and Dr. Tegnalia \$45,000. In December 2011, Messrs. Scott, Gillen and Tegnalia elected to defer their equity awards in respect of services rendered in calendar year 2012 (to be granted in calendar year 2013) until the earlier of their termination of service as a director of the Company or a change in control, as such term is defined in the 2010 Plan.

During fiscal 2012, the Compensation Committee retained Compensia to perform an analysis of Board compensation. Based in part on recommendations from Compensia and the information included in Compensia's Board compensation analysis, the Company has submitted a proposal to the shareholders to amend and restate the 2007 Directors' Stock Award Plan (as amended and restated, the "Amended 2007 Plan") in order to, among other things,

change the stock-based compensation for non-employee directors from stock-based compensation earned on a per-meeting basis to a flat compensation rate earned on an annual basis. If this proposal is approved, it will become effective on January 1, 2013, and the Company will pay each non-employee director an annual stock award amount equal to \$40,000 beginning in 2014; provided, that in the event a person serves as a non-employee director for less than a full plan year, such amount would be prorated based on the number of whole calendar months the director served as a non-employee director during the plan year. Additionally, for a non-employee director who is a lead independent director during such plan year, the annual stock award amount would be increased by \$5,000; provided, that in the event a non-employee director is a lead independent director for less than a full plan year, such amount shall be prorated based on the number of days the director served as a lead independent director for the plan year.

Table of Contents

The Company's Outside Directors' Cash Compensation Plan provides for the payment of cash compensation to non-employee directors for their participation at Board meetings, in amounts established, and periodically reviewed, by the Board. Each non-employee director receives a meeting fee for each meeting of the Board that he attends (including telephonic meetings, but excluding execution of unanimous written consents). In addition, each non-employee director receives a committee meeting fee for each meeting of a Board committee that he attends (including telephonic meetings, but excluding execution of unanimous written consents). Until changed by resolution of the Board, the Board meeting fee is \$4,000 and the committee meeting fee is \$1,500; provided that the meeting fee for special telephonic Board meetings (i.e., Board meetings that are not regularly scheduled and in which non-employee directors typically participate telephonically) is \$750 and the committee meeting fee for such special telephonic meetings is \$600. Any non-employee director who is the chairman of a committee receives an additional \$750 for each meeting of the committee that he chairs, and an additional \$200 for each special telephonic meeting of such committee.

As previously disclosed in a Form 8-K filed with the SEC on November 9, 2011, effective November 7, 2011, the Company's Compensation Committee temporarily suspended the Company's Outside Directors Cash Compensation Plan, because the manufacturing floor space of the Company's primary contract manufacturer located in Thailand was infiltrated by flood waters, which significantly impacted the Company's operations and its ability to meet customer demand for fiber optics products. On January 25, 2012, in light of the Company's improving liquidity position and business outlook, the Compensation Committee approved reinstating the Outside Directors Cash Compensation Plan effective January 30, 2012.

No director who is an employee of the Company receives compensation for services rendered as a director under the 2007 Directors' Stock Award Plan or the Outside Directors' Cash Compensation Plan. Although Mr. Richards stepped down as Executive Chairman effective September 30, 2012, he will not be receiving compensation under the 2007 Directors' Stock Award Plan, the Amended 2007 Plan or the Outside Directors' Cash Compensation Plan during fiscal 2013, because he will instead be receiving certain payments and benefits pursuant to the Separation Agreement. For more information about Mr. Richards' Separation Agreement see "Executive Compensation – Potential Payments upon Termination or Change-in-Control."

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis describes EMCORE's executive compensation program and analyzes the compensation decisions made for the executive officers included in the Summary Compensation Table (the "Named Executive Officers") for fiscal 2012.

Objectives and Components of the Company's Compensation Program

EMCORE's executive compensation program is designed to motivate executives to achieve strong financial, operational, and strategic performance and recognizes individual contributions to that performance. Through the compensation program, the Company seeks to attract and retain talented executive officers by providing total compensation that is competitive with that of other executives employed by companies of similar size, complexity and lines of business. The Company's executive compensation program is also designed to link executives' interests with shareholders' interests by providing a portion of total compensation in the form of stock-based incentives.

The Company's Annual Compensation Decision-Making Process

The Compensation Committee of the Board of Directors is responsible for setting and administering policies that govern EMCORE's executive compensation programs. Following the end of each fiscal year, the Compensation Committee reviews the Company's performance and the performance of each Named Executive Officer for the prior

fiscal year, together with the results of the shareholders' advisory vote on executive compensation at the previous annual meeting of shareholders.

At least every three years, the Compensation Committee also retains the services of a compensation consultant to assist in gathering a comprehensive set of comparative data (all comparative market data is collectively referred to as the "Comparative Compensation Data"). In accordance with this policy, the Compensation Committee retained Compensia in August 2011 to perform an executive and Board compensation analysis for fiscal 2012. As part of this analysis, Compensia performed a comprehensive compensation survey of the Company's peer group ("Peer Group"), which consists of the following companies: Applied Micro Circuits Corporation, BigBand Networks, Inc. (which has recently been acquired and will no longer be included), Exar Corporation, Extreme Networks, Inc., Infinera Corporation, Integrated Silicon Solution, Inc., Ixia, Mindspeed Technologies, Inc., Neophotonics Corporation, Oclaro, Inc., Oplink Communications, Inc., Opnext, Inc. (which has recently been acquired and will no longer be included) and Vitesse Semiconductor Corporation.

Table of Contents

Compensia utilized data from public filings, compensation information reported in industry surveys and other available surveys in which the Company participated. The analysis covered base salary, target bonus as a percent of salary, target total compensation, long term incentives and total direct compensation for each company in the Peer Group. Compensia also analyzed current and projected future value of the Named Executive Officers' equity holdings and their likelihood to encourage continued service to the Company, compared the Company's three-year burn rate and overhang to that of the Peer Group, and summarized market compensation trends.

At the Company's annual meeting of shareholders held on March 9, 2012, the Company provided its shareholders with the opportunity to cast an advisory vote on executive compensation (a "say-on-pay proposal"). Over 92% of the votes cast on the say-on-pay proposal at that meeting were voted in favor of the proposal. The Compensation Committee believes this affirms shareholders' support of the Company's approach to executive compensation. Accordingly, the Compensation Committee continues to use the same policies and principles when making decisions regarding executive compensation.

Based on its review of the Company's performance and the performance of each Named Executive Officer for the prior fiscal year, the Comparative Compensation Data, when available, and the outcome of the Company's say-on-pay vote, the Compensation Committee discusses and approves any potential base salary increases related to the current fiscal year and awards annual cash incentives and equity grants in respect of the prior fiscal year.

Employment Agreements

In an effort to further promote the retention of the Company's Named Executive Officers, on August 2, 2011, the Compensation Committee approved entering into executive employment agreements with each of the Named Executive Officers. Each employment agreement provides that the Named Executive Officer's employment is "at-will" and may be terminated by the Named Executive Officer or the Company at any time with or without cause, subject only to the severance obligations that are discussed in greater detail under the "Executive Compensation - Potential Payments upon Termination or Change-in-Control" section of this Proxy Statement. Under the terms of each employment agreement, the initial base salary of each Named Executive Officer was established, as described in more detail below. The base salary of each Named Executive Officer will continue to be determined annually by the Compensation Committee, which may, in its sole and absolute discretion, increase the Named Executive Officer's base salary, but may not decrease it below the initial base salary without the Named Executive Officer's consent. In addition, each Named Executive Officer is entitled to participate in any of the Company's annual bonus or pay-for-performance plans and will be eligible for equity awards under the Company's equity award plans covering senior executives, in each case, as may be in effect from time to time and as approved by the Compensation Committee. In the event a payment or benefit provided under the employment agreement would constitute a "parachute payment" within the meaning of Section 280G of the Internal Revenue Code of 1986, as amended, then such payment or benefit will be limited as provided in the employment agreement.

Base Salary

Base salaries for executives are determined based upon job responsibilities, level of experience, individual performance, and the Comparative Compensation Data, when available. The goal for the base salary component is to compensate executives at a level that approximates the median salaries of individuals in comparable positions and markets, which we believe helps us attract, motivate and retain talented executives. With the departure of Mr. Richards, Dr. Hou has assumed responsibility for reviewing base salary increases for the other executive officers, and recommending salary increases for these individuals to the Compensation Committee. Dr. Hou also recommends salary increases for himself, based on his assessment of Comparative Compensation Data and his personal performance. These recommendations are advisory and are based solely on the judgment and opinion of the Company's Chief Executive Officer, taking into account the above-listed factors and recommendations from the

compensation consultant, if retained. The Compensation Committee independently reviews, adjusts, where appropriate, and approves the salary increases, if any, for the Chief Executive Officer and other executive officers based upon its subjective discretion. The Compensation Committee does not target any particular percentile when making salary determinations for its Named Executive Officers, but rather utilizes the Comparative Compensation Data, when available, and recommendations from the compensation consultant, if any, together with other factors, including an executive officer's individual experience, scope of responsibility and performance, when determining any salary increases. The Compensation Committee exercises its judgment in determining how to weigh each of these factors. The Compensation Committee reviews any salary increase for the Chief Executive Officer in executive session.

As previously reported on November 9, 2011, the Compensation Committee, at the recommendation of the Company's executive management, approved temporary decreases in the annual base salaries of its Chief Executive Officer, Chief Financial Officer and each of the other Named Executive Officers as set forth below. On January 25, 2012, the Compensation Committee ended the temporary decreases, effective January 30, 2012, and adjusted salaries for certain Named Executive Officers as follows:

Table of Contents

the annual base salary of Reuben F. Richards, Jr., the Company's Executive Chairman and Chairman of the Board, which was previously temporarily decreased by 30% from \$450,445 to \$315,311.32, was restored to \$450,445;

the annual base salary of Hong Q. Hou, Ph.D., the Company's Chief Executive Officer and President, which was previously temporarily decreased by 30% from \$450,445 to \$315,311.32, was restored to \$450,444.75;

the annual base salary of Mark Weinswig, the Company's Chief Financial Officer, which was previously decreased by 20% from \$260,000 to \$208,000, was restored to \$260,000;

the annual base salary of Christopher Larocca, the Company's Chief Operating Officer, which was previously decreased by 20% from \$260,000 to \$208,000, was restored to \$260,000; and

the annual base salary of Monica Van Berkel, the Company's Chief Administration Officer, which was previously decreased by 20% from 222,500 to \$178,000, was increased to \$235,000.

Since the Company is still recovering from the adverse operational and financial effects of the flooding at the Company's primary contract manufacturer in Thailand, and in light of a continuing uncertain global economic climate, the Compensation Committee has determined not to award base salary increases at this time.

Annual Cash Incentives

Typically, EMCORE establishes a cash incentive plan each fiscal year which provides the Company's executive officers an opportunity to receive an annual cash payment in addition to their base salaries. The purpose of the cash incentive plan is to drive overall effectiveness and productivity by establishing a consistent market driven, performance-based approach to compensation that supports the Company's strategic business objectives and goals of achieving profitability. By linking a significant portion of an executive's annual cash compensation to the achievement of the Company's strategic objectives, as well as the individual's performance, the individual's compensation is closely tied to the success of the Company. We believe that providing annual cash incentive opportunities is a key component of maintaining a competitive executive compensation program.

For the fiscal year ending September 30, 2012, the Compensation Committee elected not to adopt a Bonus Plan, due primarily to the adverse operational and financial effects of the flooding at the Company's primary contract manufacturer in Thailand.

On September 18, 2012, the Compensation Committee adopted a bonus plan (the "2013 Bonus Plan") for fiscal year 2013. As applied to the Named Executive Officers, the 2013 Bonus Plan links cash incentive compensation to the Company's financial performance, as well as individual performance. Pursuant to the 2013 Bonus Plan, a bonus target for each eligible executive was created, representing a percentage of that executive's annual base salary. The 2013 Bonus Plan provides for the following targets based upon annual salaries for the indicated officers:

- Dr. Hou – 80% of base salary
- Mr. Larocca – 50% of base salary
- Mr. Weinswig – 50% of base salary
- Mrs. Van Berkel – 35% of base salary

According to the 2013 Bonus Plan, bonus amounts are to be determined by the Compensation Committee based on the achievement of corporate and individual performance targets. The Compensation Committee utilized EBIT and revenue targets, as identified in the Company's 2013 budget, as the performance metrics because it believes these metrics are the best indicators of the Company's performance. The budget may be revised during the fiscal year to

account for changing business conditions. Payouts for achievement of the performance targets accounts for 75% of a Named Executive Officer's available bonus (37.5% based on EBIT (calculated as earnings before interest and taxes, and excluding investment income), and 37.5% based on revenue). A threshold level of 80% of the EBIT goal and 80% of the revenue goal was set. No payouts will be made for achievement of the Company performance objectives unless the EBIT threshold has been reached, but a payout is possible if the revenue threshold has not been met. Achievement of 100% of the EBIT and revenue goals correlates to payment of 100% of the related bonus targets, and attainment of lesser percentages of these goals correlates to payment of lesser percentages of the related bonus targets. Attainment of 110% of the EBIT and revenue goals will result in eligibility for 120% of the related bonus targets.

Table of Contents

Under the 2013 Bonus Plan, each Named Executive Officer is also eligible to receive a bonus of up to 25% of base salary based on individual performance, independent of achievement of the Company's performance targets. At the end of each fiscal year, the executive management team presents to the Compensation Committee its major accomplishments for the prior fiscal year. Based on these accomplishments, Dr. Hou will submit bonus recommendations for each of the Named Executive Officers for review and approval by the Compensation Committee. The Compensation Committee retains the ability to modify individual executive bonuses based upon individual performance and the successful completion of business projects and other management performance objectives.

Long-Term Stock-Based Incentives

The Company believes that stock-based incentives are an effective tool for aligning the interests of our executives with the interests of our shareholders. Long-term stock-based incentives may consist of stock options, restricted stock, performance stock, restricted stock units, performance stock units, stock purchase rights, deferred stock units and stock appreciation rights, all of which provide an incentive for the executives to join and remain with the Company, continue to promote its best interests and enhance its long-term performance.

As of September 30, 2012, the Company had only awarded long-term compensation in the form of stock options, restricted stock awards and restricted stock units. Stock options, restricted stock awards and restricted stock units provide executives with an incentive to maximize shareholder value by directly aligning the economic interests of the executives with those of the shareholders. Stock options give an executive the right to buy a share of the Company's Common Stock in the future at a predetermined exercise price. The exercise price is the closing price of the Common Stock on the grant date. New hire stock option awards vest over a five-year period while annual stock option awards generally vest over a four-year period. Other supplemental stock option awards vest over a four-year period. All options expire ten years after the grant date. In addition, under the Company's 2010 Equity Incentive Plan (the "2010 Plan") no one recipient may be granted an award of options to purchase more than 125,000 shares of Common Stock in any twelve month period. Under the Company's 2012 Equity Incentive Plan (the "2012 Plan"), no one recipient may be granted an award of options to purchase more than 150,000 shares of Common Stock in any fiscal year, except that options granted at the time of hire will not be counted against the foregoing limitation. Executives who are terminated for cause immediately forfeit all options that have not vested unless otherwise determined by the Compensation Committee.

Restricted stock awards are grants of the Company's Common Stock that are subject to restrictions on sale and forfeiture until vested. Restricted stock units are contractual rights to receive a stated number of shares of Common Stock, or if provided by the Compensation Committee on or after the grant date, cash equal to the fair market value of such shares of Common Stock or any combination of shares of Common Stock and cash having an aggregate fair market value equal to such stated number of shares of Common Stock, that is subject to forfeiture until vested. Under the 2010 Plan, these awards vest over a three year period, and no one recipient may receive an award of restricted stock or restricted stock units covering more than 50,000 shares of Common Stock in any twelve month period. Under the 2012 Plan, no one recipient may receive an award of more than 150,000 restricted stock units in any fiscal year or an award of restricted stock covering more than 150,000 shares of Common Stock in any fiscal year, except an employee may be granted an aggregate of up to 300,000 restricted stock units and an award of restricted stock covering up to 300,000 shares of Common Stock at the time of hire, which will not be counted against the foregoing limitations. For executives who voluntarily resign or are terminated for cause, any unvested restricted stock or restricted stock units are immediately forfeited and canceled unless otherwise determined by the Compensation Committee.

In granting stock-based awards, the Compensation Committee uses its judgment and discretion and does not issue a targeted number of stock options, restricted stock awards or restricted stock units, but rather reviews the executive's

individual performance and the performance of the Company in the prior fiscal year, as well as the Comparative Compensation Data, when available, and any recommendations from compensation consultants, to determine the appropriate value of the award at the time it is granted. Grants of stock options and awards of restricted stock and restricted stock units to executive officers are also based upon each executive officer's relative position, responsibilities, historical and expected contributions to the Company, and the officer's vested option, restricted stock award and restricted stock unit balance from previous grants and awards, with primary weight given to the executive officer's relative rank and responsibilities. Initial stock option grants, restricted stock awards and restricted stock units designed to recruit an executive officer to join the Company may be based on negotiations with the officer, with reference to historical option grants and restricted stock and restricted stock unit awards to existing officers, and the Comparative Compensation Data.

In fiscal 2012, the Company made the following equity grants to its Named Executive Officers:

- On December 6, 2011, the Compensation Committee approved the following grants of restricted stock units for the Named Executive Officers to compensate them for lost wages as a result of the base salary reductions discussed above and to provide them with long-term incentives and to promote retention of these executives during this difficult economic time.

Company Benefits

EMCORE's benefits are an important tool in our ability to attract and retain outstanding employees throughout the Company. As a business matter, we weigh the benefits we need to offer to remain competitive and attract and retain talented employees against the cost of the benefits. Benefit levels are reviewed periodically to ensure they are cost-effective and competitive and support the overall needs of Company employees.

This section describes the benefits that EMCORE provides to key executives and notes those instances when benefits for the Named Executive Officers differ from the general plan. In some instances, we also describe the programs we offer across the Company as context to specific discussions about executive benefits.

Medical, Dental, and Vision Benefits

The Company offers a standard benefits package to all of its employees, which includes medical, dental, and vision coverage. The Named Executive Officers receive coverage at 100% whereas all other employees of the Company receive coverage ranging from 50% to 100% depending on the service performed.

Company-sponsored Retirement Plans

The EMCORE Corporation 401(k) Plan (the "401(k) Plan") is a defined contribution plan that is designed to comply with Employee Retirement Income Security Act of 1974, the Internal Revenue Code, as well as federal and state legal requirements. The 401(k) Plan is designed to provide retirement benefits to eligible employees of EMCORE and is administered by Prudential Financial. Participants in the 401(k) Plan may elect to reduce compensation by a specific percentage, which is contributed to the participant's 401(k) account on a pre-tax basis as a salary deferral.

Employees, including the Company's Named Executive Officers, may elect to contribute to the 401(k) Plan through salary reduction up to the yearly maximum tax-deductible deferral allowed pursuant to IRS regulations. A participant may elect to defer between 1-30% of his or her compensation per pay period. The deferral amount will not be subject to income tax until distribution. Each participant is able to direct his or her investment into any of the available investment options. Participants' contributions are vested at 100%.

EMCORE may provide a discretionary match of 50% of the first 6% of base compensation of a participant's contribution to the 401(k) Plan and this matching contribution vests over a five year period, based on the participant's continuing service during such period. This matching contribution is in the form of the Company's Common Stock. Participants are able to exchange the Company's Common Stock for other investment options within the 401(k) Plan upon receipt of the Company match and in compliance with the Company's insider trading policies. Exchanges from other investment options to the Company's Common Stock are not permitted under the 401(k) Plan.

An employee becomes eligible to participate in the 401(k) Plan on the 60th day following his or her date of hire and attaining the age of 20 years. A temporary or part-time employee is not eligible to participate in the 401(k) Plan until they have reached 1,000 work hours. An EMCORE re-hire is eligible to participate in the 401(k) Plan immediately.

Employee Stock Purchase Plan

EMCORE offers all eligible employees, including EMCORE's Named Executive Officers, the opportunity to acquire an ownership interest in EMCORE by purchasing shares of the Company's Common Stock through a tax-qualified employee stock purchase plan ("ESPP"). Under the ESPP, an employee can withhold, through payroll deductions, up to 10% of his/her earnings, up to certain maximums, to be used to purchase shares of EMCORE's Common Stock at certain plan-defined dates. The option price is set at 85% of the average of the high and low price for EMCORE's

Common Stock on either the first or last day of the offering period, whichever is lower.

Officer and Director Share Purchase Plan

At a meeting on January 21, 2011, the Compensation Committee of the Board of Directors approved, effective January 21, 2011, an Officer and Director Share Purchase Plan (the "ODPP"), which allows executive officers and directors of the Company to purchase shares of the Company's Common Stock at fair market value in lieu of salary or, in the case of directors, director fees. Eligible individuals may voluntarily participate in the ODPP by authorizing payroll deductions or, in the case of directors, deductions from director fees for the purpose of purchasing shares of EMCORE's Common Stock. Elections to participate in the ODPP may only be made during open trading windows under the Company's insider trading policy when the participant does not otherwise possess material non-public information concerning the Company. The Board of Directors has authorized 125,000 shares to be made available for purchase by officers and directors under the ODPP. As of September 30, 2012, 30,189 shares of Common Stock had been purchased under the ODPP.

Perquisites

From time to time, EMCORE provides perquisites to key executive officers, including the Named Executive Officers, as a recruiting and retention tool. We believe that our perquisites are appropriate and we periodically review them against the Comparative Compensation Data, when available, and generally accepted corporate practices.

EMCORE's Severance Policy and Severance Agreements

In an effort to further promote the retention of the Company's Named Executive Officers, on August 2, 2011, EMCORE entered into employment agreements with each of its Named Executive Officers to formalize its severance policy. In accordance with the terms of these agreements, the Named Executive Officers are eligible to receive certain severance benefits under specified circumstances, including payment of base salary for a period of one year plus two weeks, plus an additional two weeks for each whole year that the Named Executive Officer was employed by the Company, payment of certain COBRA benefits, provision of certain outplacement services and acceleration and immediate vesting of all outstanding equity awards. The Named Executive Officers are not eligible to receive severance benefits if they are terminated for "cause," or if they voluntarily terminate their employment other than for "good reason" as such terms are defined in the agreements. In addition, in order to receive any severance benefits for which a participant is eligible under their employment agreement, the participant must execute within sixty (60) days of the date of termination, a general release agreement prepared by the Company that includes, among other things, a release by the participant of the Company from any liability or obligation to the participant.

For more information regarding potential payments to the Named Executive Officers upon a termination or change of control under the employment agreements, see "Executive Compensation – Potential Payments upon Termination or Change-in-Control."

Compensation of the Executive Chairman

In fiscal 2012, Mr. Richards participated in the same compensation programs and received compensation based upon the same criteria as EMCORE's other executive officers. However, Mr. Richards' compensation reflected the higher level of responsibility that he had with respect to the strategic direction of EMCORE, the Company's financial and operating results, and interactions with the investment community.

In light of the impact of the floods in Thailand in October 2011, the Compensation Committee reduced Mr. Richards' annual base salary by 30% from \$450,444.75 to \$315,311.32. To compensate Mr. Richards for his lost wages, and in an effort to provide long-term incentives during this difficult economic time, the Compensation Committee approved the granting to Mr. Richards of 23,750 restricted stock units, which were made on January 30, 2012, the first business day on which he once again became eligible to receive restricted stock units under the 2010 Plan.

On September 30, 2012, Mr. Richards stepped down from his position as Executive Chairman of the Company as part of a business realignment plan that also involved the Company's sale of its Enterprise product lines to Sumitomo Electric Device Innovations USA and its terrestrial concentrating photovoltaics product lines to Suncore Photovoltaics Technology Co, Ltd., a joint venture owned 40% by the Company.

As a result of Mr. Richards' departure, Dr. Hou has assumed the responsibilities that were previously held by Mr. Richards.

Tax and Accounting Considerations

Under Section 162(m) of the Internal Revenue Code, EMCORE may not deduct annual compensation in excess of \$1 million paid to certain employees – generally its Chief Executive Officer and its three other most highly compensated executive officers (other than the Chief Financial Officer), unless their compensation qualifies as performance-based compensation. While the Compensation Committee intends to structure performance-related awards in a way that will preserve the maximum deductibility of compensation awards, the Compensation Committee may from time to time approve awards that would vest upon the passage of time or other compensation, which would not result in qualification of those awards as performance-based compensation.

Assumptions used in the calculation of these amounts are set forth in footnote 16 to the

Potential Payments upon Termination or Change-in-Control

On August 2, 2011, EMCORE entered into employment agreements with each of its Named Executive Officers, setting forth, among other things, the Named Executive Officer's severance benefits upon termination or change of control. In accordance with the terms of these agreements, if (a) a Named Executive Officer's employment is terminated without cause, (b) the Named Executive Officer terminates his employment for good reason, or (c) within thirty-six months of a change in control of the Company, the Named Executive Officer's employment is terminated without cause or the Named Executive Officer terminates his employment for good reason, then the Named Executive Officer will receive the following benefits, provided that he enters into a general release agreement with the Company: (i) continued payment of his base salary for a period of one year plus two weeks, plus an additional two weeks for each whole year that the Named Executive Officer was employed by the Company; (ii) payment of certain COBRA premiums; (iii) payment of standard outplacement services up to \$15,000; and (iv) acceleration and immediate vesting of all of the Named Executive Officer's outstanding equity awards that remain subject to vesting (except performance-based awards).

The following are estimated payments and benefits that would be provided to each of Dr. Hou, Mr. Weinswig, Mr. Larocca, and Mrs. Van Berkel in the event the Named Executive Officer's employment is terminated as described above. The calculations assume a termination date of September 28, 2012, the last business day of fiscal 2012. The actual amounts of the payments and costs of the benefits, however, can only be determined at the time of an executive's separation from the Company.

Monica Van Berkel	\$299,519	\$ 21,769	\$ 15,000

In addition, as of September 28, 2012, each Named Executive Officer would realize the following gains from the acceleration of unvested stock options, restricted stock awards and restricted stock units, measured based on a stock

price of \$5.65, which was the closing price of the Company's Common Stock on the Nasdaq Global Market on September 28, 2012:

If a Named Executive Officer's employment is terminated for cause or he terminates his employment without good reason, the Company will pay the Named Executive Officer's base salary through the effective date of his termination and will not have any additional obligations to the Named Executive Officer. If a Named Executive Officer's employment terminates as a result of his death, the Company will pay the Named Executive Officer's base salary through the effective date of his termination and provide his spouse and children health insurance coverage as in effect on the date of termination for a period of twelve months thereafter.

Mr. Richards stepped down from his position as the Company's Executive Chairman, effective as of September 30, 2012. In connection with his stepping down as Executive Chairman, EMCORE entered into the Separation Agreement with Mr. Richards. The Separation Agreement provides Mr. Richards with payments and benefits that are consistent with the payments and benefits to which he was entitled pursuant to the terms of his employment agreement. These payments and benefits are as follows:

- (i) the Company will continue to pay Mr. Richards his current base salary of \$450,445 per annum for a period of 88 weeks, commencing on October 1, 2012;
- (ii) all of the unvested restricted stock and restricted stock units held by Mr. Richards vested as of September 30, 2012, which had a value of \$345,469 based on a stock price of \$5.65, which was the closing price of the Company's Common Stock on the Nasdaq Global Market on September 28, 2012;
- (iii) all of Mr. Richards' outstanding unvested stock options vested as of September 30, 2012, and must be exercised within three (3) years of September 30, 2012 (but no later than the expiration of the term of the applicable stock option), and such unvested stock options had a value of \$8,125, which reflects the difference between the exercise price of these stock options and a stock price of \$5.65, which was the closing price of the Company's Common Stock on the Nasdaq Global Market on September 28, 2012;
- (iv) Mr. Richards, his spouse and his eligible dependents shall continue to participate in the Company's health plans on the same terms as they currently participate in such plans, for so long as Mr. Richards is serving as the Chairman of the Board. When Mr. Richards is no longer serving as Chairman of the Board, Mr. Richards will be eligible to exercise his rights to COBRA, and in the event Mr. Richards exercises such rights, then the Company will pay the portion of Mr. Richards' COBRA premiums for eighteen (18) months following the date he no longer serves as Chairman of the Board that the Company would have otherwise paid if Mr. Richards were still an active employee during such period. The estimated value of such COBRA premium payments is \$21,769; and
- (v) the Company will provide Mr. Richards with standard outplacement services for up to 12 months after September 30, 2012, at the Company's expense up to a maximum amount of \$15,000.

In addition, the Separation Agreement includes mutual releases by Mr. Richards and the Company of all claims related to Mr. Richards' employment and service relationship with, and termination of employment and service from, the Company. Mr. Richards also acknowledged and agreed that the restrictive covenants contained in his employment agreement would remain in full force and effect.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Company’s Compensation Committee is comprised of Messrs. Gillen, McCorkle and Scott. No member of the Compensation Committee served as one of the Company’s officers or employees during fiscal 2012 or was formerly an officer or employee of the Company at any time. None of the Company’s executive officers served as a member of the compensation committee of any other company that has an executive officer serving as a member of the Company’s Board of Directors or Compensation Committee during fiscal 2012. None of the Company’s executive officers served as a member of the board of directors of any other company that has an executive officer serving as a member of the Company’s Compensation Committee during fiscal 2012.

COMPENSATION RISK

The Compensation Committee has reviewed the Company’s compensation policies and practices for all employees, including executive and non-executive officers, and determined that EMCORE’s compensation programs do not give rise to risks reasonably likely to have a material adverse effect on the Company. The Committee noted several design features of EMCORE’s cash and equity incentive programs for all executive officers in particular that reduce the likelihood of excessive risk-taking and instead encourage behaviors that support sustainable value creation by rewarding employees for achieving long-term financial and strategic objectives through prudent business judgment and appropriate risk taking. Some of these elements include:

- **A Balanced Mix of Compensation Components.** The program design provides a balanced mix of cash and equity, annual and longer-term incentives, and performance metrics.
- **Multiple Performance Factors.** Our incentive compensation plans use both company-wide metrics and individual performance, which encourage focus on the achievement of several objectives for the overall benefit of the Company. The annual cash incentive is dependent upon multiple performance metrics including revenue and EBIT, as well as individual goals related to specific strategic or operational objectives. The long-term incentives are equity-based and granted annually with a three, four or five year vesting schedule, to create incentives for the executives to focus on the long-term performance of the Company.

Table of Contents

- Focus on Long-term Incentives. Long-term incentive compensation is an integral part of compensation that discourages short-term risk taking.
- Managed Expectations. Goals are appropriately set to avoid targets that, if not achieved, result in a large percentage loss of compensation.
- Capped Incentive Awards. Maximum funding level of the executive bonus program is capped at 120 percent of target.

The Audit Committee of the Board of Directors has appointed KPMG LLP (“KPMG”) to serve as the Company’s independent registered public accounting firm for the fiscal year 2013 and the Board of Directors recommends that shareholders ratify such appointment at the Annual Meeting.

Action by the shareholders is not required by law in the appointment of an independent registered public accounting firm, but their appointment is submitted by the Audit Committee of the Board of Directors in order to give the shareholders a voice in the designation of auditors. Even if the resolution is approved, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its shareholders. Proxies in the form solicited hereby that are properly submitted will be voted FOR the resolution unless otherwise instructed by the shareholder.

PROPOSAL III:
APPROVAL OF EMCORE'S AMENDED AND RESTATED
2007 DIRECTORS' STOCK AWARD PLAN

We are asking shareholders to approve an amendment and restatement of the Company's 2007 Directors' Stock Award Plan (as amended and restated, the "Amended 2007 Plan"). The Board of Directors approved the Amended 2007 Plan on September 18, 2012. However, the Amended 2007 Plan will not become effective unless also approved by the shareholders. The Amended 2007 Plan will amend and restate the Company's 2007 Directors' Stock Award Plan that was approved by shareholders on November 16, 2007 (the "2007 Directors' Stock Award Plan").

Consistent with the 2007 Directors' Stock Award Plan, the purposes of the Amended 2007 Plan are (a) to attract and retain highly qualified individuals to serve as directors of the Company, (b) to increase non-employee directors' stock ownership in the Company and (c) to relate non-employee directors' compensation more closely to the Company's performance and its shareholders' interests.

We are asking for shareholders to approve the Amended 2007 Plan in order to (a) change the stock-based compensation for non-employee directors from stock-based compensation on a per-meeting basis to compensation on an annual basis beginning in 2013, (b) allow non-employee directors to elect to defer all of their compensation payable under the Amended 2007 Plan to the time the director ceases serving on the Company's Board of Directors (or a change in control, if earlier) and (c) make other administrative changes.

The following is brief summary of the Amended 2007 Plan. The summary below does not purport to be a complete recitation of the Amended 2007 Plan provisions and is qualified in its entirety by reference to the full text of the Amended 2007 Plan, which is included as Appendix A to this Proxy Statement.

Eligibility to Participate in Amended 2007 Plan

Consistent with the 2007 Directors' Stock Award Plan, only the Company's non-employee directors will be eligible to participate in the Amended 2007 Plan. A non-employee director must be serving as such on the last day of the plan year to be entitled to any annual stock award for such plan year. Although Mr. Richards stepped down as Executive Chairman effective September 30, 2012, he will not be receiving compensation under the Amended 2007 Plan during fiscal 2013 because he will instead be receiving certain payments and benefits pursuant to the Separation Agreement.

Stock Subject to the Amended 2007 Plan

The maximum aggregate number of shares of Common Stock that are available for issuance under the Amended 2007 Plan will be 250,000, subject to adjustment to account for changes in capitalization of the Company (including stock dividends, stock splits, share combinations, extraordinary cash dividends, recapitalizations, reorganizations, mergers, consolidations, split-ups, spin-offs, combinations, exchanges of shares or other similar adjustment events) as set forth in the Amended 2007 Plan.

Amount of Non-Employee Director Annual Stock Awards

Under the Amended 2007 Plan, for plan years commencing with and following the 2013 plan year, the Company will pay each non-employee director an annual stock award amount equal to \$40,000; provided, that in the event a person serves as a non-employee director for less than a full plan year, such amount shall be prorated based on the number of whole calendar months the director served as a non-employee director during the plan year. Additionally, for a non-employee director who is a lead independent director during such plan year, the annual stock award amount will be increased by \$5,000; provided, that in the event a non-employee director is a lead independent director for less than

a full plan year, such amount shall be prorated based on the number of days the director served as a lead independent director for the plan year.

Payment of Non-Employee Director Annual Stock Awards

Unless a non-employee director makes a deferral election as described below, each non-employee director will receive, within 30 days of the credit date, the number of shares of Common Stock determined by dividing his or her annual stock award amount by the closing price of the Common Stock on the credit date. Commencing with the 2013 plan year, the credit date shall be January 2nd of the immediate following plan year (or the next succeeding business day if such date is not a business day). The number of shares distributed to each non-employee director will be rounded down to the nearest whole number.

Table of Contents

Deferral Election by Non-Employee Directors

A non-employee director may elect to defer all of the shares of Common Stock payable to such non-employee director under the Amended 2007 Plan for services provided in a given plan year, provided that any such deferral election is made in accordance with the Amended 2007 Plan.

On the credit date, a non-employee director who has elected to defer shares of Common Stock will receive a phantom share credit to his or her account equal to the number of shares so deferred. No adjustment will be made for dividends or distributions prior to the payout of a non-employee director's account (except for changes in capitalization of the Company as described earlier).

Except in the case of a change of control of the Company, a non-employee director's account shall be paid out in shares of Common Stock within 30 days of such non-employee director's ceasing to serve as a director of the Company.

In the event of a change of control of the Company, amounts credited to the non-employee director's account will be paid to the non employee director immediately prior to such change of control in shares of Common Stock, provided, that, at the discretion of the Board of Directors (as constituted immediately prior to such change of control), each non-employee director's account may be paid in cash, where the amount of such cash is equal to the product of (x) the change in control price, multiplied by (y) the aggregate number of shares of Common Stock that would have otherwise been payable from such account.

Administration, Termination and Amendment of Amended 2007 Plan

The Amended 2007 Plan will be administered by the Board of Directors. The Amended 2007 Plan may be amended or terminated at any time by action of the Board of Directors. However, the Company will seek shareholder approval for any change to the extent required by applicable law. NASDAQ Listing Rule 5635(c) requires the Board of Directors to obtain shareholder approval when, among other things, an equity compensation plan is to be materially amended.

RECOMMENDATION OF THE BOARD OF DIRECTORS

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE "FOR" THE APPROVAL OF THE AMENDED AND RESTATED 2007 DIRECTORS' STOCK AWARD PLAN IN ACCORDANCE WITH THIS PROPOSAL 3.

**PROPOSAL IV:
ADVISORY VOTE ON EXECUTIVE COMPENSATION**

In accordance with the Dodd-Frank Wall Street Reform and Consumer Protection Act, enacted in July 2010, and the related compensation disclosure rules of the SEC, and consistent with our shareholders' preference to provide annual advisory votes on the compensation of our Named Executive Officers, we are asking our shareholders to vote to approve, on a non-binding, advisory basis, the compensation of our Named Executive Officers as disclosed in this Proxy Statement.

As described in detail under the heading "Compensation Discussion and Analysis," we seek to closely align the interests of our Named Executive Officers with the interests of our shareholders. Our compensation programs are designed to reward our Named Executive Officers for the achievement of short-term and long-term strategic and operational goals, while at the same time avoiding the encouragement of unnecessary or excessive risk-taking.

The vote on this resolution is not intended to address any specific element of compensation; rather, the vote relates to the overall compensation of our Named Executive Officers, as described in this Proxy Statement. The vote is advisory, which means that the vote is not binding on the Company, our Board of Directors or the Compensation Committee of the Board of Directors. Although the vote is non-binding, the Compensation Committee will consider the voting results when it evaluates whether any changes should be made to our compensation program.

Accordingly, we ask our shareholders to approve the following resolution at the Annual Meeting:

"RESOLVED, that the Company's shareholders approve, on an advisory basis, the compensation awarded to the Corporation's Named Executive Officers as disclosed in the CD&A, the accompanying compensation tables, and the related narrative disclosure in this Proxy Statement."

RECOMMENDATION OF THE BOARD OF DIRECTORS

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS, AS DISCLOSED IN THIS PROXY STATEMENT.

5.3. Pre-2013. For Plan Years prior to the 2013 Plan Year, the amount of each Non-Employee Director's Annual Stock Award Amount shall be determined by adding (A) \$3,500 for each meeting of the Board attended by such Non-Employee Director during the relevant Plan Year, (B) \$500 for each meeting of a committee of the Board attended by such Non-Employee Director during the relevant Plan Year and (C) an additional \$500 for each meeting of a committee of the Board at which such Non-Employee Director served as Chairman. A Non-Employee Director may forego the portion of his or her Annual Stock Award Amount that relates to any one or more meeting(s) of the Board or committee thereof by giving irrevocable written notice to such effect to the Secretary of the Company 30 days prior to the date of such meeting.

5.4. 2013 and Post-2013. For Plan Years commencing with and following the 2013 Plan Year, each Non-Employee Director's Annual Stock Award Amount shall be \$40,000; provided, that in the event a person serves as a Non-Employee Director for less than a full Plan Year, such amount shall be prorated based on the number of whole calendar months such person served as a Non-Employee Director during such Plan Year. 7. Deferrals.

7.1. Generally. Subject to the terms and conditions of the Plan, a Non-Employee Director may elect to defer all of the shares of Common Stock payable under Section 6 for services provided in a Plan Year. Such election shall be made in accordance with this Section 7.

7.2. Deferral Election. All elections to defer shares of Common Stock payable under the Plan shall:

- be made in writing and delivered to the Company,
- be irrevocable once the Plan Year to which the election relates commences, and
- be made before January 1 of the Plan Year in which the Non-Employee Director provided the services that otherwise would have resulted in the payment of the shares of Common Stock under Sections 5 and 6 (or, in the case of an individual who becomes a Non-Employee Director during a Plan Year, and to the extent permitted under

Edgar Filing: EMCORE CORP - Form DEF 14A

Code Section 409A, within 30 days of the date of becoming a Non-Employee Director).

A deferral election may not be revoked or modified with respect to any Plan Year for which it is effective.

Table of Contents

For Plan Years prior to the 2013 Plan Year, the deferral election only applies to the applicable Plan Year specified therein.

For Plan Years commencing with and following the 2013 Plan Year, the deferral election, unless terminated or modified as described below, will apply to each subsequent Plan Year. A Non-Employee Director may terminate or modify his or her current deferral election for any subsequent Plan Year by filing a new deferral election on or before December 31 of the then-current Plan Year. An effective deferral election will also terminate on the date a Director ceases to be a Non-employee Director.

7.3. Deferred Account. On the Credit Date, a Non-Employee Director who has elected to defer shares of Common Stock under the above shall receive a phantom share credit to his or her Account. The amount of such credit shall equal the number of shares so deferred.

7.4. Payment of Account. Except as provided in the immediately following paragraph with respect to a Change in Control, a Non-Employee Director's Account shall be paid out in shares of Common Stock. Shares of Common Stock deferred pursuant to this Section 7 shall be payable to the Non-Employee Director or, in the event of his or her death, to his or her Beneficiary, within 30 days of the Non-Employee Director's Retirement Date.

Notwithstanding the preceding, in the event of a Change in Control, amounts credited to the Non-Employee Director's Account shall be paid to the Non-Employee Director immediately prior to such Change in Control. Such payment shall be made in shares of Common Stock, provided, that, at the discretion of the Board (as constituted immediately prior to the Change in Control), each Non-Employee Director's Account may be paid in cash, where the amount of such cash is equal to the product of (x) the Change in Control Price, multiplied by (y) the aggregate number of shares of Common Stock that would have otherwise been payable from such Account.

7.5. Beneficiary. A Non-Employee Director may designate any person to whom payments are to be made if the Non-Employee Director dies before receiving payment of all amounts due hereunder (such designated person, a "Beneficiary"). If the Non-employee Director fails to designate a Beneficiary or if the designated Beneficiary predeceases the Non-Employee Director, the Non-Employee Director's Beneficiary will be deemed to be his or her estate.

7.6. Form of Elections. All elections (including, without limitation, deferral elections, Beneficiary designations) shall be made in the form and manner prescribed by the Board.

8.1. Board. The Plan will be administered by the Board. The Board will act by a majority of its members at the time in office and eligible to vote on any particular matter, and may act either by a vote at a meeting or in writing without a meeting.

8.2. Authority. Except as limited by law and subject to the provisions herein, the Board has full power to: construe and interpret the Plan and any agreement or instrument entered into under the Plan; establish, amend or waive rules and regulations for the Plans administration; and amend the terms and conditions of the Plan. Further, the Board will make all other determinations which may be necessary or advisable for the administration of the Plan. As permitted by law and consistent with Section 8.1, the Board may delegate some or all of its authority under the Plan. The Board shall be entitled to rely conclusively upon all tables, valuations, certificates, opinions and reports furnished by any actuary, accountant, controller, counsel or other person employed or engaged by the Board or Company with respect to the Plan.

8.3. Decisions Binding. All determinations and decisions made by the Board pursuant to the provisions of the Plan will be final, conclusive and binding on all persons, including the Company, its stockholders, all Affiliates of the Company, Non-Employee Directors and their estates and Beneficiaries.

9. Amendment and Termination. The Plan may be amended or terminated at any time by action of the Board; provided, however, that the Company will seek shareholder approval for any change to the extent required by applicable law.
10. Miscellaneous.
- 10.1. No Additional Rights. Nothing contained herein shall be deemed to create a right in any Non-Employee Director to remain a member of the Board, to be nominated for reelection or to be reelected as such. Nothing in the Plan will be construed to limit in any way the right of the Board and/or Company shareholders to remove a Non-Employee Director from the Board.
- 10.2. No Stock Rights. A Non-Employee Director shall not have any rights as a stockholder of the Company with respect to amounts payable under Section 6 of the Plan, or with respect to any phantom shares of Common Stock credited to his or her Account, unless and until shares of Common Stock are issued to him or her in respect thereof. No adjustment shall be made for dividends, distributions or other rights for which the record date is prior to the date such certificate or certificates are issued, except as provided in Section 4.
- 10.3. Governing Law. The Plan (including, without limitation, any rules, regulations, determinations or decisions made by the Board or Company relating to the Plan) shall be construed and administered exclusively in accordance with applicable federal laws and the laws of the State of New Jersey, determined without regard to the application of the principles of conflicts of law of New Jersey or of any other jurisdiction.
- 10.4. Indemnification. Each person who is or has been a member of the Board will be indemnified and held harmless by the Company against and from any loss, cost, liability, or expense that may be imposed upon or reasonably incurred by that person in connection with or resulting from any claim, action, suit, or proceeding to which that person may be a party or in which that person may be involved by reason of any action taken or failure to act under the Plan and against and from any and all amounts paid by that person in a settlement approved by the Company, or paid by that person in satisfaction of any judgment in any such action, suit, or proceeding against that person, provided he or she gives the Company an opportunity, at its own expense, to handle and defend the action, suit or proceeding before that person undertakes to handle and defend it. The foregoing right of indemnification will not be exclusive of any other rights of indemnification to which an individual may be entitled under the Company's Certificate of Incorporation or By-Laws, as a matter of law, or otherwise, or any power that the Company may have to indemnify him or her or hold him or her harmless.
- 10.5. Limitation on Liability. Notwithstanding any of the preceding provisions of the Plan, neither the Board, any member of the Board, the Company nor any individual acting as an employee or agent of the Company, shall be liable to any Non-Employee Director, Beneficiary, or any other person for any claim, loss, liability or expense incurred in connection with the Plan.
- 10.6. Nonassignability. No right to receive any payments under the Plan or any amounts credited to a Non-Employee Director's Account may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution, or pursuant to a domestic relations order (as defined in Code Section 414(p)). All rights with respect to an Account will be available during the Non-Employee Director's lifetime only to the Non-Employee Director or the Non-Employee Director's guardian or legal representative. The Board may, in its discretion, require a Non-Employee Director's guardian or legal representative to supply it with evidence the Board deems necessary to establish the authority of the guardian or legal representative to act on behalf of the Non-Employee Director. The designation of a Beneficiary by a Non-Employee Director does not constitute a transfer.

- 10.7. Successors. All obligations of the Company under the Plan will be binding on any successor to the Company, whether the existence of the successor is the result of a direct or indirect purchase of all or substantially all of the business and/or assets of the Company, or a merger, consolidation, or otherwise.
- 10.8. Unfunded Plan. The Plan is intended to constitute an unfunded plan. No Non-Employee Director, Beneficiary, or any other person shall have any interest in any particular assets of the Company by reason of the right to receive a payment under the Plan and any such Non-Employee Director, Beneficiary, or other person shall have only the rights of a general unsecured creditor of the Company with respect to any rights under the Plan.

- 10.9. Requirements of Law. It is the intention of the Company that all transactions under the Plan be exempt from liability imposed by Section 16(b) of the Exchange Act. Therefore, if any transaction under the Plan is found not to be in compliance with an exemption from such Section 16(b), the provision of the Plan governing such transaction shall be deemed amended so that the transaction does so comply and is so exempt, to the extent permitted by law and deemed advisable by the Board, and in all events the Plan shall be construed in favor of its meeting the requirements of an exemption. The issuance of payments under the Plan will be subject to all applicable laws, rules, and regulations, and to any approvals required by any governmental agencies or national securities exchanges. Scheduled Plan payments will be delayed where the Board reasonably anticipates that the making of the payment will violate Federal securities laws or other applicable law; provided that such payment shall be made at the earliest date at which the Board reasonably anticipates that the making of the payment will not cause such violation.
- 10.10. Code Section 409A Compliance. To the extent any provision of the Plan or action by the Board would subject any Non-Employee Director to liability for interest or additional taxes under Code Section 409A, it will be deemed null and void, to the extent permitted by law and deemed advisable by the Board. It is intended that the Plan will comply with Code Section 409A, and the Plan shall be interpreted and construed on a basis consistent with such intent. The Plan may be amended in any respect deemed necessary (including retroactively) by the Board in order to preserve compliance with Code Section 409A. If, regardless of the foregoing, any Non-Employee Director is liable for interest or additional taxes under Code Section 409A with respect to payments hereunder or his or her Account (or a portion thereof), such payment or Account (or applicable portion thereof) shall be paid at such time. The preceding shall not be construed as a guarantee of any particular tax effect for any benefits or amounts deferred or paid out under the Plan.
- 10.11. Cooperation. A Non-Employee Director or Beneficiary shall, as a condition of receiving benefits under the Plan, be obligated to provide the Board with such information as the Board shall require in order to administer the Plan.
- 10.12. Gender and Number. Except where otherwise indicated by the context, any masculine term used herein will also include the feminine; the plural will include the singular and the singular will include the plural.
- 10.13. Severability. If any provision of the Plan is held illegal or invalid for any reason, the illegality or invalidity will not affect the remaining parts of the Plan, and the Plan will be construed and enforced as if the illegal or invalid provision had not been included.
