CORPORATE GOVERNANCE AND BOARD MATTERS

Board of Directors, Leadership Structure, Role in Risk Oversight, Meetings and Standing Committees

Board of Directors. There are currently ten members of the Board of Directors:

John W. Alexander	Karen J. Kessler
Annette Catino	Steven M. Klein
Gil Chapman	Frank P. Patafio
John P. Connors, Jr.	Patrick L. Ryan
Timothy C. Harrison	Patrick E. Scura, Jr.

The Board of Directors affirmatively determines the independence of each director in accordance with NASDAQ Stock Market rules, which include all elements of independence as set forth in the listing requirements for NASDAQ securities. The Board of Directors has determined that each of the above directors, other than John W. Alexander and Steven M. Klein, meets the independence standards to serve on the Board of Directors. In addition, the Board of Directors has determined that all of the above directors, other than John W. Alexander and Steven M. Klein, qualify to serve on the Audit Committee and the Compensation Committee pursuant to additional applicable independence requirements and guidelines of NASDAQ and the rules and regulations of the SEC. The Board of Directors has also determined that directors Catino, Chapman, Patafio, and Scura each meet the qualifications to serve as an “audit committee financial expert” as that term is used in the rules and regulations of the SEC. The Board of Directors has designated Audit Committee members Catino, Chapman, Patafio, and Scura, as “audit committee financial experts.”

Leadership Structure. The Nominating and Corporate Governance Committee and the Board of Directors periodically review the functioning of the Board, including an assessment of its effectiveness, and the ability of directors to identify and discuss topics of interest or concern. The Board of Directors believes that it should maintain the flexibility to select the Chairman, and its Board leadership structure, based upon the Board’s operating needs and its assessment of what is in the best interest of the Company and its stockholders. Currently, the offices of the Chairman of the Board and the Chief Executive Officer are separate, with Mr. Alexander serving as Chairman and Mr. Klein serving as Chief Executive Officer.

Historically, the Chairman and Chief Executive Officer positions were combined, with Mr. Alexander serving in both roles. The Board of Directors believed that this was an effective corporate governance structure for the Company. Mr. Alexander retired as Chief Executive Officer in October 2017, with Mr. Klein succeeding him in the role. The Board of Directors has concluded that Mr. Alexander should continue to serve as Chairman of the Board further utilizing his extensive experience and knowledge regarding the Company, its marketplace, and the financial services industry to assist Mr. Klein in his role as Chief Executive Officer.

The Board of Directors also recognizes the importance of strong independent leadership on the Board. Accordingly, in addition to the Board maintaining a majority of independent directors and independent Nominating and Corporate Governance, Compensation, and Audit Committees, the Board also has designated the position of Lead Independent Director. The Board of Directors believes that the Lead Independent Director structure provides additional independent leadership, oversight, and benefits for the Company and the Board in addition to that of a non-executive Chairman. Our Corporate Governance Principles provide that a majority of the independent directors appoint the Lead Independent Director. The Lead Independent Director serves for a two-year term or until such time that a successor has been appointed. Currently, Director John P. Connors, Jr., serves as the Board’s Lead Independent Director. The independent directors also have approved a Lead Independent Director Charter delineating the role and responsibilities of the Lead Independent Director, which include the following:

- promote open and effective communications among the Chairman of the Board and independent members of the Board and in conjunction with the Chairman, management of the Company, including in particular the Chief

Executive Officer. The role of the Lead Director also is to facilitate and promote the Board's strength and independence;

convene and chair executive sessions of the independent directors at least twice annually, and other meetings as may be necessary from time to time and, as appropriate, provide prompt feedback to the Chairman of the Board and the Chief Executive Officer;

3

- coordinate and develop the agenda for executive sessions of independent directors;
- coordinate ongoing feedback to the Chairman of the Board and the Chief Executive Officer on behalf of independent directors regarding business issues and management;
- coordinate and develop with the Chairman of the Board the agendas for meetings of the Board and informational needs associated with those agendas and presentations;
- identify and develop with the Chairman of the Board and the Nominating and Corporate Governance Committee, the Board's compositional needs and criteria for director candidates;
- coordinate with legal counsel, responses to questions and/or concerns from stockholders or other interested parties that were communicated or addressed to the Company's independent directors; and
 - perform such other duties as may be necessary for the Board to fulfill its responsibilities or as may be requested by the Board as a whole, by the non-management directors, or by the Chairman of the Board.

Role in Risk Oversight. The Board of Directors fulfills its risk oversight role primarily through its Risk Committee, and its other standing committees. The Risk Committee has responsibility for enterprise-wide risk oversight and determining that significant risks of the Company are monitored by the Board of Directors or one of its standing committees. In addition, the Risk Committee (or a committee with oversight responsibility for such risks) reviews new products and services proposed to be implemented by management to determine that appropriate risk identification has occurred; controls are considered to mitigate identified risks to an acceptable level, and significant risks are monitored by one of the Board's standing committees.

Each Board committee and its chair works with the Chief Risk Officer and other members of management in overseeing its assigned risks. Each committee receives reports and information regarding relevant risks directly from management and the Chief Risk Officer. Each of the Board's committees is responsible for oversight of specific risks, including those outlined in each of its charters. In addition, director committee assignments are made with the intention of having directors serve on multiple committees to foster communications and synergies among committees, while reducing redundancies and inefficiencies.

The Board periodically receives reports and information about the Company's enterprise-wide risk management program directly from the Risk Committee and members of management, including the Chief Risk Officer. Committee chairs make periodic reports to the Board of Directors regarding significant activities and actions of their committee, including activities related to risk monitoring and oversight. The reports are discussed and accepted by the Board of Directors, with specific approvals provided for certain actions of the committees.

Related to employee compensation programs of the Company, the Compensation Committee meets periodically, but not less than annually, with the Company's Chief Risk Officer, Chief Audit Executive, the Director of Human Resources, and the Chief Executive Officer to review the Chief Risk Officer's risk assessment of the Company's compensation programs (including cash incentive compensation programs administered by management) for all of the Company's employee levels. The objective of the review is to ensure that the compensation programs do not encourage behaviors that expose the Company to unacceptable types and levels of risk in relation to its business model.

For executive officers, the Compensation Committee evaluates the balance of compensation elements between cash and equity, fixed versus variable, and long-term versus short-term. The evaluation considers, among other things, the level of potential cash incentive compensation as compared to base salary, the focus of individual goals, weighting, appropriateness of clawbacks, and the balance of such goals, as well as, internal controls in place to mitigate possible high-risk behaviors.

The Compensation Committee receives a report from management on all other compensation programs maintained by the Company. The report includes, among other things, the level of potential cash incentive compensation as compared to base salary, the focus of goals, appropriateness of clawbacks, and the balance of such goals, as well as internal controls in place to mitigate possible high-risk behaviors.

Based upon this risk assessment, the Compensation Committee concluded that the compensation programs (including cash incentive compensation) for all employee levels were based on balanced performance metrics that were reasonable in relation to base salary, and promoted disciplined progress towards longer-term strategic goals.

The Compensation Committee also concluded, among other things, that the compensation programs did not motivate improper risk taking, and are not reasonably likely to have a material adverse effect on the Company. The Company will continue to conduct risk assessments and will review compensation processes in light of changing circumstances, including new and emerging regulations or market practices.

Meetings. The business of Northfield Bancorp, Inc. is conducted at regular and special meetings of the Board and its standing committees. The Board and its standing committees generally conduct their meetings in person, but as appropriate, may meet telephonically or act by unanimous written consent. During the year ended December 31, 2017, the Board of Directors held 14 meetings. Independent directors meet in executive sessions, no less than twice a year.

No member of the Board or any committee thereof participated in fewer than 75% of the aggregate of: (i) the total number of meetings of the Board of Directors (held during the period for which she or he has been a director); and (ii) the total number of meetings held by all committees of the Board on which she or he served (during the periods that she or he served).

The Committee also provides oversight of information technology strategy and risks. The Compliance and IT Committee met seven times during the year ended December 31, 2017.

Director and Director Nominee Evaluation Process

The Nominating and Corporate Governance Committee evaluates our current business and strategic plan to determine both the number of directors and qualifications necessary to properly execute upon the Board's oversight role. The Committee considers, among other things, the annual self assessment performance results of the Board and its committees, the contributions of each Board member, published board composition survey data, and other relevant information. The Committee may consult with its outside corporate and securities counsel, who is expert in corporate governance, as part of this process.

The Nominating and Corporate Governance Committee generally seeks to identify individuals who satisfy the following criteria:

· have the highest personal and professional ethics and integrity and whose values are compatible with our values;

· have experience and achievements that have given them the ability to exercise and develop good business judgment;

· have a willingness to devote the necessary time to the work of the Board and its committees, which includes being available for Board and committee meetings;

· have an understanding of and commitment to the markets in which we operate;

· are involved in other activities or interests that do not create a conflict with their responsibilities to the Company and its stockholders; and

· have the capacity and desire to represent the balanced, best interests of our stockholders as a group, and not primarily a special interest group or constituency.

Specific characteristics that are highly valued by the Committee include relevant and timely experience (both professional and life experiences), commitment to ongoing training and personal development, and ability to promote the interests of the Company, which may include involvement in local business, community, and industry groups. The Committee recognizes that each director, and director nominee, is unique and that desired characteristics will be demonstrated at different levels by each individual. The Committee also considers the ability

7

of individuals to work as part of a team to support the strategic initiatives of the Company and whether a candidate satisfies the criteria for “independence” under the NASDAQ corporate governance listing standards and other applicable standards.

The Committee does not have a formal policy or specific guidelines regarding diversity among Board members, and generally views and values diversity from the perspective of professional and life experiences, as well as geographic location, representative of the markets in which we do business. The Committee recognizes that diversity in professional and life experiences may include consideration of gender, race, or national origin, in identifying individuals who possess the qualifications that the Committee believes are important to be represented on the Board.

The Committee identifies nominees by first evaluating the current members of the Board of Directors willing to continue in service. Current members of the Board possessing skills and experience that are relevant to the current business and strategic direction of the Company, and who are willing to continue in service, are first considered for re-nomination. The Committee evaluates the value of proven performance and continuity of service by existing members of the Board compared to that of obtaining a new perspective. In addition, the Nominating and Corporate Governance Committee is authorized by its charter to engage a third party to assist in identifying director nominees, if it so chooses.

The following details include for each of the director nominees, and directors continuing in office: their name; age as of December 31, 2017; year in which they first became a director of the Company; year that their term expires; and their business experience for at least the past five years. Director Compensation

Every three years, director compensation is reviewed in detail by the Compensation Committee, in consultation with the Nominating and Corporate Governance Committee. The Compensation Committee considers, among other things, the size and complexity of the Company, as well as the responsibilities, marketplace availability of necessary skill sets, and the time commitment necessary for the Board, its committees, and its committee chairs, to adequately discharge their oversight roles and responsibilities. The Compensation Committee utilizes the assistance of an independent, third-party compensation consultant, Pearl Meyer & Partners, LLC (Pearl Meyer), and available peer and

survey data, regarding director compensation at other comparable financial institutions, as part of this process. For interim years between detailed reviews, the Compensation Committee reviews current market conditions and trends in director compensation in consultation with its independent third-party compensation consultant. In 2016, the Compensation Committee performed its triennial detailed review of director compensation.

Edgar Filing: Northfield Bancorp, Inc. - Form DEF 14A

In 2017, the Compensation Committee reviewed current market conditions and trends in director compensation with Pearl Meyer and based on this review, in consultation with the Nominating and Corporate Governance Committee, made a recommendation to the Board that fees for board and committee participation, as well as fees for committee chairmanship should remain unchanged.

The following table sets forth the director and committee fee structure for the Board and its standing committees (all of which were due and payable in cash) as of December 31, 2017. Directors who are also employees of the Company receive no additional compensation for service as a director. Attendance fees, and one-fourth of any annual fee, are paid in arrears on a quarterly basis, unless a director elects to have such fees or a portion thereof, deferred under our nonqualified deferred compensation plan, described below.

	Board of Directors	Nominating and Corporate Governance	Compensation Committee	Audit Committee
Annual Fee	\$ 54,000	—	—	—
Annual Fee-Chair	—	\$ 8,000	\$ 10,000	\$ 26,000
Annual Fee-Members	—	—	—	\$ 13,000
Per Meeting Fee	—	\$ 1,100	\$ 1,100	—

Members of other committees of the Board receive, in cash, a \$1,100 per meeting attendance fee and chairs of such committees receive an annual committee chair fee of \$8,000. In addition, the Lead Director of the Company receives an annual fee of \$8,000.

The Company also pays directly or reimburses directors for normal, customary, and necessary business expenses, which include computer tablets to access board meeting materials, relevant professional memberships, and costs associated with participation in professional training seminars occurring primarily in the Company's local market area.

On October 6, 2017, the Company entered into a one-year transition consulting agreement with its retiring Chief Executive Officer, and current Chairman of the Board, John W. Alexander. Under the agreement, among other things, effective November 1, 2017, for a period of one year, Mr. Alexander will provide consulting and advisory services to the Company and its Chief Executive Officer on matters including market conditions, customers, community relations, and operational matters. The agreement provides that Mr. Alexander will be paid a total fee of \$125,000, for such services, payable quarterly in amounts specified in the agreement.

The following table sets forth for the year ended December 31, 2017, certain information as to the total remuneration we paid or that was earned by our directors. Mr. Alexander earned compensation as an officer through his retirement as Chief Executive Officer effective October 31, 2017, and thereafter he earned directors' fees and consulting fees. Transactions with Certain Related Persons

Loans and Extensions of Credit. The Sarbanes-Oxley Act of 2002 generally prohibits us from making loans to our executive officers and directors, but it contains a specific exemption from such prohibition for loans made by Northfield Bank to our executive officers and directors in compliance with federal banking regulations.

The aggregate amount of our outstanding loans to our executive officers and directors and their related entities was \$358,567 at December 31, 2017. All such loans were made in the ordinary course of business, were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with persons not related to Northfield Bank, and did not involve more than the normal risk of collectability or present other unfavorable features. These loans were performing according to their original terms at December 31, 2017, and were made in compliance with federal banking regulations.

Compensation Committee Interlocks and Insider Participation. We have no compensation committee interlocks. Ms. Catino, and Messrs. Chapman, Connors, Harrison, and Scura constitute all of the directors who served on our Compensation Committee at any time during 2017. Mr. Connors replaced Mr. Chapman on the Compensation Committee beginning in May 2017. Each committee member is and was an independent, outside director, and none is a current or former officer or employee of the Company.

Attendance at Annual Meetings of Stockholders

Although we do not have a written policy regarding director attendance at annual meetings of stockholders, it is expected that directors will attend these meetings absent unavoidable scheduling conflicts. All directors attended the 2017 Annual Meeting of Stockholders.

Codes of Conduct and Ethics

We have adopted a Code of Conduct and Ethics for Senior Financial Officers that is applicable to our Chief Executive Officer (Principal Executive Officer), Chief Financial Officer (Principal Accounting Officer), and Controller. The Code of Conduct and Ethics for Senior Financial Officers is available on our website at www.eNorthfield.com. Amendments to and waivers of the Code of Conduct and Ethics for Senior Financial Officers will be disclosed on our website, or otherwise in the manner required by applicable law, rule, or listing standard.

We also adopted a Code of Conduct and Ethics that is applicable to all employees, officers, and directors which is available on our website at www.eNorthfield.com. Employees, officers, and directors acknowledge annually that they will comply with all aspects of the Code of Conduct and Ethics for Employees, Officers, and Directors.

Stock Ownership Guidelines

The Board of Directors believes that directors and executive officers should own and hold common stock of the Company to further align their interests with the interests of our stockholders. Therefore, the Board has established minimum stock ownership guidelines (the "Guidelines"). The Guidelines are applicable to non-employee directors and executive officers. Executive officers are defined as the Chief Executive Officer, Chief Administrative Officer, Chief Financial Officer, Senior Lending Officer, Senior Operations Officer, and Senior Business Development and Branch Administration Officer of the Company. In the event a director also serves as an executive officer of the Company, the director will be subject to the executive officer stock ownership guidelines instead of the director stock ownership guidelines.

For purposes of meeting the Guidelines, shares owned directly, vested shares held pursuant to the Company's Employee Stock Ownership Plan and 401(k) plan, vested restricted shares, restricted stock units and shares owned indirectly in a trust, by a spouse and/or minor children are defined as "Qualifying Shares." Shares of stock that directors and executive officers have the right to acquire through the exercise of stock options (whether or not vested) are not included as Qualifying Shares.

Directors of the Company must own Qualifying Shares amounting to the greater of (1) a market value equal to five times the individual annual board director cash retainer; or (2) 20,000 shares. The market value of the stock is based on the closing price of the Company's stock on May 28, 2014 (the date on which the current Guidelines were established), or such later date that they first become a director of the Company. A director is prohibited from selling any shares of Company stock unless the director is in compliance with the Guidelines.

Each executive officer must own a minimum number of Qualifying Shares with a market value equal to a multiple of such executive officer's base salary, as set forth below, on May 28, 2014, or such later date that they first become an executive officer. The market value of the stock is based on the closing price of the Company's stock on May 28, 2014, or such later date that they first become an executive officer. An executive officer is prohibited from selling any shares

of Company stock unless the executive officer is in compliance with these Guidelines.

14

<u>Position</u>	<u>Multiple of Base Salary</u>
Chief Executive Officer	5 times base salary
Chief Financial Officer	2 times base salary
Executive Vice Presidents	2 times base salary

The applicable ownership level for directors and executive officers must be achieved by the later of May 28, 2014, or five years after the director or executive officer first becomes subject to the Guidelines, and must be maintained thereafter for as long as the individual remains a director or executive officer. As of December 31, 2017, all non-employee directors and executive officers met the stock ownership requirements or are expected to meet the requirements within the requisite five-year period to achieve such ownership.

If an executive officer's title changes and the multiple of base salary increases such that the executive officer would be subject to a greater ownership requirement, the executive officer will have five years to satisfy the additional requirement. In addition, if an executive officer's title changes, the overall market value ownership requirement as a multiple of base salary will be recalculated based on the closing price of the Company's stock on the date the executive officer becomes subject to the increased requirement.

If an executive officer's base salary or director's annual cash retainer increases subsequent to initially being subject to the Guidelines, the number of Qualifying Shares will not change. The number of Qualifying Shares will not change as a result of fluctuations in the market price of the Company's stock price, subsequent to the executive officer or director first being subject to the Guidelines.

The Nominating and Corporate Governance Committee will evaluate whether exceptions should be made for any director or officer on whom any requirement of the Guidelines would impose a financial hardship or prevent such director or executive officer from complying with a court order. No such exceptions were granted in 2017.

Each director's and executive officer's compliance with or progress towards compliance with the Guidelines is reviewed annually by the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee is responsible for monitoring and interpreting the application of the Guidelines and may amend the Guidelines at any time.

Prohibition against Hedging and Borrowing

Company policy prohibits directors and executive officers from engaging in or effecting any transaction designed to hedge or offset the economic risk of owning shares of Company stock. Accordingly, any hedging, derivative, or other equivalent transaction, such as short selling or entering into option transactions such as "puts" and "calls" on the Company's stock, is prohibited. In addition, no director or executive officer may purchase Company stock on margin, borrow against any account in which Company securities are held, or pledge Company stock as collateral for a loan.

Stockholder Communications

Role of the Compensation Committee. The Compensation Committee of the Board of Directors is responsible for overseeing and approving, subject to ratification by the Board of Directors, the compensation of the Named Executive Officers. As part of these duties, the Committee administers the Company's cash and equity incentive compensation plans and conducts an annual performance review of the Chief Executive Officer and, in consultation with the Chief Executive Officer, reviews the performance of the other Named Executive Officers. The Board of Directors has ultimate authority to ratify the compensation of all Named Executive Officers.

The Compensation Committee also reviews and oversees Northfield Bank's employee benefit plans. The Committee has a formal charter that describes the Committee's scope of authority and its duties, which is available on our website at www.eNorthfield.com.

The Compensation Committee consists of four directors, all of whom are "independent" as set forth in the listing requirements for NASDAQ securities. No member of the Compensation Committee receives compensation related to the activities of the Company, except for services in his or her capacity as a board member. The Nominating and Corporate Governance Committee of the Board of Directors evaluates the independence of Committee members at least annually, using the standards contained in NASDAQ listing requirements. This evaluation, and the determination that each member of the Committee is independent, was made most recently in March, 2018.

Role of Officers in Committee Activities. The officers who serve as a resource to the Compensation Committee are the Chief Executive Officer, the Chief Administrative Officer, the Chief Risk Officer, and the Director of Human Resources. These officers provide the Compensation Committee with input regarding employee compensation philosophy, processes, risk considerations, and compensation matters regarding employees other than the Named Executive Officers. This communication assists in the design and alignment of compensation programs throughout the Company. In addition to providing factual information such as Company-wide performance on relevant measures, these executives articulate management's views on current compensation programs and processes, recommend relevant performance measures to be used for future evaluations, and otherwise supply information to assist the Compensation Committee. The Chief Executive Officer also provides information about individual performance assessments for the other Named Executive Officers, and expresses to the Compensation Committee his views on the appropriate levels of compensation for the other Named Executive Officers for the ensuing year. At the request of the Compensation

Committee, the Chief Executive Officer, Chief Administrative Officer, and Director of Human Resources communicate directly with third-party consultants, provide third-party consultants with Company-specific data and information, and assist in the evaluation of the estimated financial effect regarding any proposed changes to the various components of compensation.

Officers participate in Committee activities purely in an informational and advisory capacity and have no vote in the Committee's decision-making process. The Chief Executive Officer does not attend those portions of Compensation Committee meetings during which his performance is evaluated or his compensation is being determined. In addition, the Compensation Committee meets in executive session, as appropriate, without management being present.

Use of Advisors. The Compensation Committee periodically engages independent compensation consultants to assist it in the compensation process for Named Executive Officers. Compensation consultants are retained by and report directly to the Compensation Committee. The consultants have the freedom to provide independent recommendations, based on their research and experience, to the Compensation Committee within the scope of contracted services. Independent consultants to the Compensation Committee do not provide any services directly to management. Consultants provide expertise and information about competitive trends in the employment marketplace, including established and emerging compensation practices at other companies, including community banks in the Company's marketplace. The consultants also provide peer proxy statement and survey data, and assist in assembling relevant comparison groups for various purposes and establishing benchmarks for base salary, equity awards, and cash incentives from the comparison group proxy statements and survey data.

For 2017, the Compensation Committee engaged Pearl Meyer, an independent compensation consulting firm, as its advisor on executive and board compensation matters. Pearl Meyer assisted the Compensation Committee in the development of the 2017 Management Cash Incentive Plan and provided the Committee with a review of its executive compensation program, including consultation and benchmarking related to base salaries, incentive compensation, and employment agreements. The Committee generally undertakes a comprehensive assessment every three years and utilizes Pearl Meyer to provide ongoing market trends and guidance for pay structures and other matters, as requested by the Committee, in the intervening years.

The Committee regularly reviews the services, performance, and independence of its outside advisors. Pearl Meyer's independence was last reviewed against the requirements of the SEC and NASDAQ in January 2018, and was found to meet all of the criteria for independence.

For 2017, the Compensation Committee also utilized the firm of Luse Gorman, PC ("Luse Gorman") to provide consultation regarding legal matters related to the functioning of the Compensation Committee, including interpretation of applicable rules and regulations and consultation on legal documents pertaining to Named Executive Officers' employment and change-in-control agreements, and benefit plans. The Compensation Committee does not utilize Luse Gorman for compensation consultation. The Compensation Committee regularly reviews the services provided by Luse Gorman. Luse Gorman, who also provides services to the Company related to SEC and regulatory matters, is not required, either by SEC or NASDAQ rules to be independent, and is not deemed to be independent by the Compensation Committee.

Compensation Objectives and Philosophy. The overall objectives of the Company's compensation program are to retain, motivate, and reward employees and officers (including the Named Executive Officers) for sustained performance, and to provide competitive compensation, including cash and equity incentive compensation, to attract talent to the Company, consistent with effective risk management. Our compensation program is designed to reward the Named Executive Officers based on their level of assigned management responsibilities, individual experience and performance levels, and knowledge of banking and our business. The methods used to achieve these objectives are influenced by the compensation and employment practices of our competitors within the financial services industry, and elsewhere in the marketplace, for executive talent. Other considerations include each Named Executive Officer's individual performance in achieving both financial and non-financial goals.

Our 2017 compensation program for our Named Executive Officers includes three key components. The first component is base salary, which is designed to provide a reasonable level of predictable income commensurate with market standards for the position held. The second component is an annual cash incentive plan, designed to reward our executives for attaining specific performance goals that support the strategic objectives of the Company. The third

component is equity incentive awards in the form of Company common stock and options to purchase Company common stock at a specified price. We also provide benefits and perquisites to the Named Executive Officers at levels that are competitive and appropriate for their roles.

Benchmarking. Our compensation program is periodically evaluated in relation to benchmark data derived from information reported in publicly available proxy statements and from market survey data. The Compensation Committee will generally review and consider updated peer proxy and market survey compensation data every three years. In May 2016, the Compensation Committee engaged Pearl Meyer to assist it in completing its triennial,

comprehensive, competitive compensation review. Pearl Meyer recommended the peer group using objective criteria to reflect publicly-traded, banks similar in asset size, business model and region to the Company. The asset size ranged from approximately \$2.2 billion to \$9.0 billion.

The Compensation Committee approved the use of the following peer group:

Bancorp, Inc.	First of Long Island Corp.	Peapack-Gladstone Financial Corp.
Beneficial Bancorp, Inc.	Flushing Financial Corp.	Provident Financial Services, Inc.
Bridge Bancorp, Inc.	Kearny Financial Corp.	Sun Bancorp, Inc.
Community Bank System, Inc.	Lakeland Bancorp, Inc.	TriState Capital Holdings, Inc.
ConnectOne Bancorp, Inc.	Northwest Bancshares, Inc.	TrustCo Bank Corp NY
Customers Bancorp, Inc.	Ocean First Financial Corp.	WSFS Financial Corp.
Dime Community Bancshares, Inc.	Oritani Financial Corp.	

Assembling the Components of Compensation. The Compensation Committee analyzes the level and relative mix of executive compensation by component (e.g., base salary, incentives, and benefits) and in the aggregate. The Chief Executive Officer provides recommendations to the Committee relating to compensation to be paid to the Named Executive Officers other than himself. Based on their analysis, the Compensation Committee approves each Named Executive Officer's compensation, subject to ratification by the Board of Directors.

When evaluating the mix of total compensation, the Compensation Committee considers among other things, general market practices, benchmarking studies conducted by the consultants, the alignment of cash and equity incentive awards with our strategic objectives and Company performance, and the desire to reward performance through incentive compensation within Board-approved risk parameters. The Compensation Committee seeks to create appropriate incentives without encouraging behaviors that result in undue risk. These components are periodically evaluated in relation to benchmark data derived from information reported in publicly-available proxy statements and from market survey data.

Base Salary. Base salary is designed to provide a reasonable level of predictable income commensurate with the position, pay levels of similar positions in the market, individual experience, and demonstrated performance. Named Executive Officers are eligible for periodic adjustments to their base salary as a result of their individual performance, market analysis, or significant changes in their duties and responsibilities. The Compensation Committee annually reviews and approves base salaries, and changes thereto, for Named Executive Officers, including our Chief Executive Officer.

Base salary amounts were determined based on a review of peer proxy and survey data in connection with the 2016 triennial comprehensive competitive compensation review, and related financial services industry compensation market trend updates, provided by Pearl Meyer. The Compensation Committee generally targets the 50th percentile (for base salary and short-term cash incentives) of peer proxy and survey data, and a pay range around the median to allow for recognition of each Named Executive Officer's specific experience, responsibilities and performance, estimated value in the marketplace, and the Committee's view of each Named Executive Officer's role in the future success of the Company. Based on the above, the Compensation Committee determined in November 2016, that annual base salaries for Messrs. Alexander, Klein, Doherty, and Widmer, should remain unchanged at \$710,000, \$425,000, \$315,000, and \$275,000, respectively. The Committee determined to increase Mr. Jacobs' annual base salary to \$325,000, an increase of 18.2% from his December 31, 2016, annual base salary of \$275,000 and increase Ms. Lefkowitz's base salary to \$225,000, an increase of 4.7%, from her December 31, 2016 annual base salary of \$215,000, both effective January 1, 2017. Mr. Klein's base salary was increased to \$575,000 on November 1, 2017, an increase of 35% from his January 1, 2016, annualized base salary of \$425,000, in connection with his appointment to Chief Executive Officer.

Cash Incentives. The Compensation Committee developed and implemented a management incentive plan for 2017 (the “2017 Management Cash Incentive Plan”) and established a Corporate Goal (as defined below) and Individual Goals (as defined below) in January, 2017. The 2017 Management Cash Incentive Plan provides performance-based annual cash incentives to reward the Company’s Named Executive Officers for the execution of specific financial and non-financial elements of our strategic business plan, as well as individual goals related to an executive’s functional area. The Company is required to meet 80% or greater of budgeted net income for the plan to activate or “turn on.” Once the 2017 Management Cash Incentive Plan is active, incentives are based on corporate and individual performance. The Corporate Goal is designed to reflect a significant portion of the Named Executive Officer’s incentive (80% to 100%) while the individual performance reflects up to 20% of the incentive.

The Compensation Committee evaluates the reasonableness and likelihood of attaining designated incentive goals, including stretch goals, in an effort to ensure that such targets appropriately reward performance, but do not encourage undue risk taking. Actual performance over the applicable measurement period may exceed or fall short of the targets resulting in the Named Executive Officer receiving an annual incentive cash award that is above or below the initial targeted level. Annual incentive cash awards granted in prior years are not taken into account by the Compensation Committee in the process of setting performance targets for the current year. The Committee believes that doing so would be inconsistent with the underlying reasons for the use of incentive compensation.

For 2017, the Compensation Committee set a “Target” total cash incentive award (as a percentage of base salary) of 30% for Messrs. Jacobs, Doherty, Widmer and Ms. Lefkowitz, and 40% for Messrs. Alexander and Klein. These percentages were the same as those from the 2016 Management Cash Incentive Plan. The Compensation Committee reviewed cash incentive compensation market practices provided by Pearl Meyer as part of its evaluation of the 2017 Management Cash Incentive Plan.

The Compensation Committee established a corporate goal for all Named Executive Officers (the “Corporate Goal”) of diluted earnings per share of \$0.68. The Compensation Committee also established individual performance goals for Messrs. Jacobs, Doherty, Widmer, and Ms. Lefkowitz. The “Stretch” goal was diluted earnings per share of \$0.82 or greater and the “Threshold” goal was diluted earnings per share of \$0.61.

Messrs. Alexander’s and Klein’s cash incentive compensation was 100% weighted to the Corporate Goals. Individual performance goals were assigned to Messrs. Jacobs, Doherty, Widmer and Ms. Lefkowitz, weighted at 20%, and were aligned with our strategic business plan. Individual goals included the following: for Mr. Jacobs and Mr. Widmer, focusing on operating cost reductions and revenue enhancements at specified levels and development of data analytics related to product usage by customer segment; for Mr. Doherty, originating loans, at specified levels, increasing deposits sourced from loan customers, enhancing commercial lending underwriting processes, and maintaining strong asset quality, and for Ms. Lefkowitz, increasing non-broker deposits and non-interest income to designated levels.

In January 2018, the Compensation Committee evaluated achievement of the Corporate Goal and Individual Goals for Named Executive Officers.

Regarding the Corporate Goal, the Compensation Committee noted that the Company reported 2017 diluted earnings per share of \$0.53, which included the following: (i) a \$0.23 per share tax expense related to a revaluation of the Company’s deferred tax assets and liabilities as a result of Federal tax reform, (ii) a \$0.05 per share benefit related to a required change in accounting principles for tax benefits pertaining to stock option exercises, and (iii) a \$0.03 per share benefit related to bank owned life insurance proceeds exceeding the cash surrender value of the underlying policy. The Compensation Committee, in consultation with Pearl Meyer, determined that it was appropriate and consistent with market practices, to exclude each of these items from reported 2017 diluted earnings per share for purposes of assessing achievement of the Corporate diluted earnings per share goal under the 2017 Management Cash Incentive Plan. The Compensation Committee determined that diluted earnings per share excluding these three items was \$0.68 and therefore the Corporate Goal was achieved at Target under the 2017 Management Cash Incentive Plan.

The Compensation Committee concluded the following related to each Named Executive Officer’s performance related to their Corporate Goals and individual goals in accordance with the 2017 Management Cash Incentive Plan (each award is expressed as a percentage of annualized base salary as of December 31, 2017):

Mr. Alexander’s incentive award for the Corporate Goal, weighted at 100%, was \$236,667 (40% of his base salary through October 31, 2017). Mr. Alexander retired effective October 31, 2017, and was of normal retirement age (65 years or older). The 2017 Management Cash Incentive Plan provides that participants who retire during the plan year and are of normal retirement age are eligible for payment of an award based on the period of active employment.

Mr. Jacobs' award for the Corporate Goal, weighted at 80%, was \$78,000 (24% of base salary). The Committee concluded that Mr. Jacobs achieved his two individual goals (each weighted equally) related to expense reduction and revenue enhancements above Stretch, and development of data analytics related to product usage by customer segment, at Target, and his award, weighted at 20%, was \$24,375 (7.5% of base salary).

Mr. Klein's incentive award for the Corporate Goal, weighted at 100%, was \$230,000 (40% of base salary).

Mr. Doherty's award for the Corporate Goal, weighted at 80%, was \$75,600 (24% of base salary). The Committee noted that Mr. Doherty had three individual goals, the first related to loan originations (weighted at 50%) which was achieved at above Stretch, the second goal of sourcing deposits from loan customers (weighted at 30%) was achieved below Threshold, and the third goal related to enhancements to commercial lending underwriting processes (weighted at 20%) was achieved at Target. Based upon this performance, Mr. Doherty's award, weighted at 20%, was \$17,955 (5.7% of base salary). The Compensation Committee also considered Mr. Doherty's contributions to enhancing the Company's commercial real estate risk assessment processes, reducing loan prepayments, and maintaining strong asset quality, and awarded a discretionary bonus of \$20,000.

Mr. Widmer's award for the Corporate Goal, weighted at 80%, was \$66,000 (24% of base salary). The Committee concluded that Mr. Widmer achieved his two individual goals (each weighted equally) related to expense reduction and revenue enhancements above Stretch, and development of data analytics related to product usage by customer segment, at Target, and his award weighted at 20%, was \$20,625 (7.5% of base salary). The Compensation Committee also considered Mr. Widmer's leadership in the Company's corporate office lease renewal and renovation, enhancements and strong performance of the BSA function, and the attainment of his expense reduction and revenue enhancements goal at more than twice the Target level, and awarded a discretionary bonus of \$20,000.

Ms. Lefkowitz's award for the Corporate Goal, weighted at 80%, was \$54,000 (24% of base salary). The Committee concluded that Ms. Lefkowitz did not achieve her designated individual goals related to increases in non-broker deposits and non-interest income.

For 2017, the Named Executive Officers' total Target award opportunities, and actual incentives awarded under the Cash Incentive Plans as a percentage of Target are detailed below.

Name	Target Award Opportunity (\$)	Actual Award ⁽¹⁾ (\$)	Actual Award as a percentage of Target Award Opportunity (%)
John W. Alexander	236,667	236,667	100.0
William R. Jacobs	97,500	102,375	105.0
Steven M. Klein	230,000	230,000	100.0
Kenneth J. Doherty	94,500	93,555	99.0
Michael J. Widmer	82,500	86,625	105.0
Robin Lefkowitz	67,500	54,000	80.0

(1) Actual awards exclude discretionary bonuses.

Equity Awards. The objective of equity awards is to further align the interests of our employees, including Named Executive Officers, with those of stockholders and to reward sustained performance.

The Compensation Committee on an annual basis reviews its equity award grant practices to employees, including Named Executive Officers. The Compensation Committee considers prior grants, including the value of such awards, the period over which the awards are earned, and the remaining unvested awards for each Named Executive Officer. The Compensation Committee also considers the current market grant practices for recently converted mutual holding companies transitioning to fully public companies as provided by the Company's independent compensation consultants. Based upon the above, the Compensation Committee determined that equity awards granted to Named Executive Officers in years prior to 2016, including grants vesting subsequent to 2016, were appropriate to continue to align the interests of Named Executive Officers, and determined no additional grants of equity awards to Named

Executive Officers were necessary in 2017, with the exception of Mr. Klein who was granted 10,000 restricted shares of Company stock and 40,000 options to purchase Company stock, at an exercise price of \$16.89, vesting equally over a two-year period. These awards were made in connection with his appointment as Chief Executive Officer effective November 1, 2017.

Broad-based Benefits. We also provide to our Named Executive Officers certain broad-based benefits available to all qualifying employees of the Company, as well as fringe benefits and perquisites, and restoration and other termination benefits, not generally available to all qualifying employees of the Company.

The following summarizes the significant broad-based benefits in which the Named Executive Officers were eligible to participate in 2017:

23

- a defined contribution 401(k) retirement plan and discretionary profit-sharing plan;
- an employee stock ownership plan;
- medical coverage (all employees share in a percentage of the cost, depending on their elections);
- pre-tax health and dependent care spending accounts; and
- group life insurance coverage (death benefit capped at \$750,000, with the value of the death benefit over \$50,000 being reported as taxable income to all employees).

The Northfield Bank Employee Stock Ownership Plan (the “ESOP”) allocates a certain number of shares of the Company’s common stock on an annual basis among plan participants subject to Internal Revenue Code limitations. All eligible employees, including Named Executive Officers, participate in the plan and received an allocation of common stock for 2017.

Executive Benefits and Perquisites. In addition to the broad-based benefits described above, the specifically Named Executive Officers received the following fringe benefits and perquisites in 2017 (Mr. Alexander received such benefits until his retirement on October 31, 2017):

- all Named Executive Officers may participate in a nonqualified deferred compensation plan. The plan provides restoration of benefits capped under Northfield Bank’s broad-based benefits due to Internal Revenue Code salary limitations or limitations due to participation requirements under tax-qualified plans. The plan also permits elective salary and cash incentive award deferrals;
- all Named Executive Officers are reimbursed for appropriate spousal expenses for attendance at business events;
- all Named Executive Officers are provided a cellular allowance of up to \$120 per month for business usage;
- Mr. Klein is provided full-time use of a company-maintained vehicle and reimbursement for reasonable costs associated with a golf club membership; and
- Messrs. Jacobs, Doherty, Widmer and Ms. Lefkowitz received a monthly automobile allowance of \$875.

Messrs. Alexander and Klein either paid or reimbursed Northfield Bank for personal expenses pertaining to golf club usage. In lieu of a monthly automobile allowance, Messrs. Alexander and Klein received use of an automobile (including all operating expenses) leased or owned by Northfield Bank for business and personal use. Personal use of the automobile is reported as taxable income to Messrs. Alexander and Klein.

The Compensation Committee reviews the other components of executive compensation (broad-based benefits, and executive benefits and perquisites) on an annual basis. Changes to the level or types of broad -based benefits within these categories, including considerations relating to the addition or elimination of benefits and plan design changes, are made by the Compensation Committee on an aggregate basis with respect to the group of employees entitled to those benefits, and not necessarily with reference to a particular Named Executive Officer’s compensation. Decisions about these components of compensation are made without reference to the Named Executive Officers’ salary and annual cash incentives, as they involve issues of more general application and often include consideration of trends in the industry or in the employment marketplace.

Employment Agreements. In addition to the components of executive compensation described above, each Named Executive Officer is a party to an employment agreement with Northfield Bank. See “Employment Agreements” for a description of these agreements and “Potential Payments to Named Executive Officers” for information about potential

payments to these individuals upon termination of their employment with Northfield Bank. The employment agreements contain no payment provisions for tax gross-ups to executives under any circumstance.

The employment agreements are designed to allow the Company to retain the services of the designated executives while reducing, to the extent possible, unnecessary disruptions to Northfield Bank's operations. In addition, the Compensation Committee believes that the employment agreements better align the interests of the executive with those of our stockholders. The Compensation Committee believes that these agreements allow executives to more objectively evaluate opportunities for stockholders without causing undue personal financial conflicts.

The Compensation Committee reviewed prevailing market practices, consulted with Pearl Meyer on the competitiveness and reasonableness of the terms of the agreements, and negotiated the agreements with the individuals. Effective November 1, 2017, Mr. Klein's agreement provides for the elimination of his "evergreen" contract renewal provision, elimination of retirement benefits from the calculation of payments required under the agreement, and a reduction in payments associated with health and welfare benefits from 36 months to 18 months. All other Named Executive Officers' agreements were amended for the above changes effective January 1, 2018, except that for the other Named Executive Officers, the reduction in payments associated with health and welfare benefits was from 24 months to 18 months. The Compensation Committee believes such agreements are competitive market practice and necessary to retain executive talent.

The employment agreements are for a term of three years, and are reviewed annually by the Compensation Committee of the Board of Directors for renewal. The agreements provide for salary and incentive cash compensation payments, as well as additional post-employment benefits, primarily health benefits (or equivalent cash payments), under certain conditions, as defined in the employment agreements. The benefits provided under the agreements are for three years as related to Mr. Klein, and two years for Messrs. Doherty, Jacobs and Widmer, and Ms. Lefkowitz. See "Employment Agreements" for further discussion.

Exceptions to Usual Procedures. The Compensation Committee may recommend to the Board of Directors that they approve the payment of special cash compensation to one or more Named Executive Officers in addition to payments approved during the normal annual compensation-setting cycle. The Committee may make such a recommendation if it believes it would be appropriate to reward one or more Named Executive Officers in recognition of contributions to a particular project, or in response to competitive and other factors that were not addressed during the normal annual compensation-setting cycle. The Compensation Committee made a discretionary cash award to Named Executive Officers for 2017 totaling \$40,000. See "Cash Incentives," above for further discussion.

The Compensation Committee will consider off-cycle compensation adjustments whenever a Named Executive Officer's status, role or responsibilities change, or an executive officer is hired. The Compensation Committee may depart from the compensation guidelines it would normally follow for executives in the case of outside hires.

The Compensation Committee considers, but is not bound by, the tax treatment of each component of compensation. For the Company's 2017 tax year, under Section 162(m) of the Internal Revenue Code, annual compensation paid to a Named Executive Officer is not deductible if it exceeds \$1 million unless it qualifies as "performance-based compensation" as defined in the Internal Revenue Code and related tax regulations. Base salary is not a form of performance-based compensation. Fringe benefits and perquisites also do not qualify as performance-based compensation. For the 2017 tax year, annual incentive cash awards may qualify as a form of performance-based compensation under the income tax regulations. For 2017, we estimate that approximately \$606,000 of the total amount of executive compensation earned for our Named Executive Officers will not be deductible for tax purposes due to limitations under Section 162(m). Effective January 1, 2018, under Federal tax legislation, commonly known as the Tax Cuts and Jobs Act, the performance-based compensation exception to Section 162(m) has been eliminated so that compensation paid to a Named Executive Officer or other "covered employee" (as defined in Section 162(m)) in excess of \$1 million generally is non-deductible by the Company.

Committee Actions Affecting 2018 Compensation. In December 2017, the Compensation Committee reviewed the competitive salary and cash incentive data for its peer group regarding executive compensation prepared by Pearl Meyer in May 2016 and received an update on current market practices from Pearl Meyer. Based on this review, a

determination was made to increase Mr. Jacobs' annual base salary to \$332,500, or 2.3%, increase Mr. Doherty's annual base salary to \$320,000, or 1.6%, increase Ms. Lefkowitz annual base salary to \$232,500, or 3.3%, and increase Mr. Widmer's annual base salary to \$280,000, or 1.8%. In January, 2018, the Compensation Committee also approved the 2018 Management Cash Incentive Plan. The plan contains similar terms and conditions as the 2017 plan, with the exception of increased award potential for the Chief Executive Officer from 40% of annual base salary to 50%, and for Executive Vice Presidents from 30% of annual base salary to 40%. The

2018 Management Cash Incentive Plan also excludes from participation all Risk Officers of the Company, and eliminates the provision that participants who meet normal retirement age are eligible for a pro-rata payment if they are not actively employed on the payment date of incentive compensation.

CEO Pay Ratio

Pursuant to a mandate of the Dodd-Frank Wall Street Reform and Consumer Protection Act, the Securities and Exchange Commission adopted a rule requiring annual disclosure of the ratio of the Company's median employee annual total compensation to the total annual compensation of the principal executive officer (the "CEO"). The Company's CEO is Steven M. Klein. Our CEO to median employee pay ratio is calculated in accordance with Item 402(u) of Securities and Exchange Commission Regulation S-K. We have identified the median employee by examining the 2017 total cash compensation (base and bonus) for the 346 active employees, excluding our CEO, who were employed by us on December 31, 2017, the determination date, and the last day of our payroll year. We included all employees, whether employed full-time or part-time. We annualized the base salaries of those individuals employed for less than the full year based on their part-time or full-time status. We also utilized Mr. Klein's annual base salary of \$575,000 as of December 31, 2017, for purposes of calculating his annual total compensation and for purposes of calculating the ratio.

We believe the use of total cash compensation for all employees is a consistently applied compensation measure because we do not widely distribute equity awards to all employees. After identifying the median employee based on total cash compensation, we calculated annual total compensation for such employee using the same methodology we use for our Named Executive Officers as set forth in the 2017 Summary Compensation Table later in this proxy statement.

The annual total compensation for our CEO as of December 31, 2017, was \$1,251,340, and for the Median Employee was \$48,703. The resulting ratio of our CEO's pay to the pay of our Median Employee for 2017 was 26 to 1.

The restricted stock awards vest in equal installments over a two-year period, commencing one year from the date of the grant. For 2016, compensation expense is based upon a grant date stock price of \$18.44 per share, which was the final reported sales price of the (2) Company’s common stock on the date of the grant. The restricted stock awards vest in equal installments over a five-year period, commencing one year from the date of the grant. For 2015, compensation expense is based upon a grant date stock price of \$14.76 per share, which was the final reported sales price of the Company’s common stock on the date of the grant. The restricted stock awards vest in equal installments over a five-year period, commencing one year from the date of the grant. For further information see footnote 11 to the consolidated financial statements included in the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2017.

For 2017, options have an exercise price of \$16.89 per share, which was the final reported sales price of the Company’s common stock on the date of the grant. The grant date fair value was \$3.94 per option and was determined using the Black-Scholes method assuming an option’s average life of 5.75 years, 2.06% risk free rate of return, 29.22% volatility, and 2.37% dividend yield. For 2016, options have an exercise price of \$18.44 per share, which was the final reported sales price of the Company’s common stock on the (3) date of the grant. The grant date fair value was \$4.94 per option and was determined using the Black-Scholes method assuming an option’s average life of 6.5 years, 1.8% risk free rate of return, 30.07% volatility, and 1.74% dividend yield. For 2015, options have an exercise price of \$14.76 per share, which was the final reported sales price of the Company’s common stock on the date of the grant. Nonqualified Deferred Compensation Plan. Northfield Bank maintains a nonqualified deferred compensation plan to provide for the elective deferral of non-employee director fees by participating members of the Boards of Directors, and the elective deferral of compensation and/or performance-based compensation payable to eligible employees of the Company and Northfield Bank. A designated amount of director fees, compensation and/or performance based compensation may be deferred until one of the specified events in the plan occurs, which permits all or part of the monies so deferred, together with earnings, to be distributed to participants or their beneficiaries.

In addition, the plan provides eligible employees of Northfield Bank with supplemental retirement income from Northfield Bank when such amounts are not payable under the contribution formula of the Northfield Bank 401(k) Savings Plan, due to reductions and other limitations imposed under the Internal Revenue Code.

Members of the Boards of Directors of the Company and Northfield Bank, and certain employees, are eligible to participate in the plan. Eligible directors or employees become participants upon agreeing in a written enrollment agreement to defer any portion of their trustee fees, director fees, compensation, and/or performance-based compensation. In the Company's sole discretion, each participant may request that his or her deferred compensation account be deemed to be invested in any one or more of the investment options available to the Company or Northfield Bank. A participant may periodically request a change to his or her investment allocation deemed available under the plan. In the event any participant fails to direct the investment of his or her deferred compensation account, or to the extent the employer chooses not to honor the participant's request, the deferred compensation account will be deemed to bear interest at the rate prevailing for 30-year United States Treasury Bonds.

With respect to amounts of deferred director fees, deferred compensation or performance-based compensation, distributions will be made under the plan in the event of the participant's retirement, death, termination due to disability, separation from service prior to the participant's retirement date, upon the establishment of an unforeseeable emergency, upon a change in control, or upon the attainment of a specific date of distribution in a single lump sum or in up to 15 annual installment payments, as designated by the participant in his or her enrollment agreement. In the case of an unforeseeable emergency, the amounts distributed will not exceed the amounts necessary to satisfy the emergency plus an amount necessary to pay any taxes owed on the distribution. In the event the participant fails to designate a payment schedule on his enrollment agreement or if the entire balance credited to the participant's account is less than \$10,000, payment will be made in a single lump sum. In the event a participant dies before receiving the full amount of his benefit, the remaining amounts will be paid to the participant's designated beneficiary according to the participant's form of election or, if there is no designated beneficiary at the time of the participant's death, to the participant's estate in a single lump sum. Distributions to certain "specified employees" on account of their separation from service may be delayed for six months, if necessary, to comply with Internal Revenue Code Section 409A.

In addition, the nonqualified deferred compensation plan provides for benefits which supplement those paid under the 401(k) Savings Plan in the event of normal, early or postponed retirement, death, or termination of service. Such benefits will be equal to the sum of: (i) the maximum amount of employer matching contributions provided to a participant each calendar year, assuming a participant's maximum contributions, reduced by the amount of employer matching contributions made for the participant under the 401(k) Savings Plan for such year, adjusted by gains and losses; (ii) commencing January 1, 2000, the amount of employer matching contributions not credited to a participant's 401(k) Savings Plan account as a result of an employer error, adjusted by gains and losses, if any; and (iii) the maximum amount of discretionary employer contributions that would be provided to a participant under the 401(k) Savings Plan, assuming an allocation without taking into account the limitations imposed by the Internal

Revenue Code, reduced by the amount of discretionary employer contributions actually made to a participant under the 401(k) Savings Plan for each such year, adjusted by gains and losses, if any. Benefits payable under this plan that supplement matching contributions under the 401(k) Savings Plan will be aggregated with benefits payable under the Supplemental ESOP (described below). Upon the occurrence of a distribution event, such benefits will be payable in either a lump sum or installments over a period of up to 15 years, at the election of the participant made in accordance with Section 409A of the Internal Revenue Code.

The nonqualified deferred compensation plan is considered an unfunded plan for tax and Employee Retirement Income Security Act purposes. All obligations owing under the plan are payable from the general assets of Northfield Bank and the Company and are subject to the claims of Northfield Bank's or the Company's creditors.

Supplemental Employee Stock Ownership Plan. The Northfield Bank Supplemental Employee Stock Ownership Plan (the "Supplemental ESOP") is a benefit restoration plan that provides additional cash benefits, equal to the participant's account balance, at retirement or other termination of employment (or upon a change in control) to participants who are key employees, who are approved by the Compensation Committee and whose benefits under the tax-qualified ESOP, described below, are limited by tax law limitations applicable to tax-qualified plans. In 2017, Messrs. Alexander, Klein, Doherty, Jacobs, and Widmer were the only participants receiving a benefit from this plan. The Supplemental ESOP credits each participant who also participates in the tax-qualified ESOP with an annual amount equal to the sum of the difference (expressed in dollars) between (a) the number of shares of common stock of Northfield Bancorp, Inc. that would have been allocated to the participant's account in the employee stock ownership plan, but for the tax law limitations, plus earnings thereon, and (b) the actual number of shares allocated to the participant's account in the employee stock ownership plan plus earnings thereon. In each case, the number of shares will be multiplied by the fair market value of the shares on the allocation date to determine the annual allocation amount. Each participant is permitted to make investment recommendations for the annual amount credited to his or her account among a broadly diversified group of mutual funds selected for investment by a committee appointed by Northfield Bank's Board of Directors to administer the Supplemental ESOP. Northfield Bank has established a rabbi trust to hold assets attributable to the Supplemental ESOP to informally fund its benefit obligation. Northfield Bank, at its discretion, may account for the Supplemental ESOP solely as bookkeeping entries. Whether or not a rabbi trust is established, the participant's account value is based on the value of the investments in which the participant invests, or is deemed to invest, his account. Benefits distributed to participants from the Supplemental ESOP will be aggregated with benefits payable under the matching contributions portion of the Nonqualified Deferred Compensation Plan (described above). Upon the occurrence of a distribution event, such benefits will be payable in either a lump sum or installments over a period of up to 15 years, at the election of the participant made in accordance with Section 409A of Internal Revenue Code.

The following table sets forth certain information with respect to our nonqualified deferred compensation plans at and for the year ended December 31, 2017.

Disability Coverage

Named Executive Officers and certain other members of senior management at Northfield Bank will be paid their full salary for the duration of any period of short-term disability, up to 26 weeks. All Named Executive Officers purchase long-term disability coverage through Northfield Bank.

Life Insurance Coverage

Employees of Northfield Bank receive life insurance coverage of up to three times salary if hired before January 1, 2003, and up to two times salary if hired on or after January 1, 2003. Such life insurance coverage is generally capped at \$500,000. However, in the case of senior management, such life insurance coverage is capped at \$750,000.

Employment Agreements

Northfield Bank has entered into employment agreements with each of the Named Executive Officers. Northfield Bancorp, Inc. is a signatory to each of the agreements for the sole purpose of guaranteeing payments thereunder. Each of these agreements has an initial term of three years. Each year, on the anniversary date of the agreements, the employment agreements renew for an additional year so that the remaining term will be three years unless notice of nonrenewal is provided to the executive prior to such anniversary date. If a contract is not renewed, the remaining term of the contract will be two years. The Compensation Committee of the Board of Directors conducts a performance evaluation of each executive for purposes of determining whether to renew the employment agreement. The Compensation Committee also evaluates the terms and conditions of the agreements prior to renewal, in consultation with independent third party compensation consultants, to determine that such terms and conditions are competitive with the market for the designated positions. The Compensation Committee will present its findings to the Board of Directors who either will approve renewal or nonrenewal. If the Board determines not to renew an employment agreement, it must give notice to the executive within the prescribed timeframe prior to the anniversary date as provided for in the underlying contract.

The employment agreement for Mr. Klein provides for payments and benefits, as defined in the contract, to be calculated for up to a three-year period and for Messrs. Doherty, Jacobs and Widmer, and Ms. Lefkowitz for up to a two-year period. Each of the contracts was renewed effective January 1, 2018.

Under the employment agreements, effective January 1, 2018, base salaries for Messrs. Klein, Jacobs, Doherty, and Widmer, and Ms. Lefkowitz were \$575,000, \$332,500, \$320,000, \$280,000, and \$232,500, respectively. In addition to base salary, each agreement provides for, among other things, participation in cash incentive programs and other employee retirement benefit and fringe benefit plans applicable to executive employees. Northfield Bank also will pay or reimburse each executive for all reasonable business expenses incurred by the executive in the performance of his/her obligations. In addition, Northfield Bank will reimburse Mr. Klein for the reasonable costs associated with membership in a golf club, and pay directly or reimburse for the expense of leasing an automobile and reasonable expenses associated with the use of such automobile. Each employment agreement may be terminated for cause at any time, in which event the executive would have no right to receive compensation or other benefits under the employment agreement for any period after termination.

Certain events resulting in the executive's termination or resignation entitle the executive to payments of severance benefits following termination of employment. In the event the executive's employment is terminated for reasons other than "just cause" (as defined in the employment agreements), "disability" (as defined in the employment agreements), or death, or in the event the executive resigns during the term of the agreement following:

- (i) the failure to elect or reelect or to appoint or reappoint the executive to his employee position;
- (ii)

a material change in the executive's functions, duties, or responsibilities that would cause the executive's position to become one of lesser responsibility, importance or scope;

(iii) a relocation of the executive's principal place of employment by more than 35 miles from designated areas;

(iv) a material reduction in the benefits and perquisites of executive, other than a reduction in pay or benefits of all Northfield Bank employees;

(v) the liquidation or dissolution of Northfield Bank or Northfield Bancorp, Inc. that would affect the status of the executive; or

(vi) a material breach of the employment agreement by Northfield Bank;

the executive would be entitled to a lump sum cash severance payment and the continuation of certain health and welfare benefits (or a cash equivalent payment if such benefits cannot be provided) for the prescribed period of time after termination of employment, as more fully described under the table “Potential Payments to Named Executive Officers.” Any payment or benefit payable as a result of an executive’s involuntary termination or resignation for good reason (prior to a change in control) is contingent on the executive’s execution and non-revocation of a release of claims against Northfield Bancorp, Inc. and Northfield Bank.

In the event an executive’s employment is terminated (without cause) or the executive resigns in connection with or following a corporate transaction characterized as a “change in control” and due to the occurrence of one of the events described in the immediately preceding paragraph, the executive would also be entitled to a lump sum cash severance payment and the continuation of certain health and welfare benefits, including health and life insurance benefits for the prescribed period of time after termination of employment, as more fully described under the table “Potential Payments to Named Executive Officers.” Payments will be made in a lump sum within 30 days after the date of termination, or, if necessary to avoid penalties under Section 409A of the Internal Revenue Code, no later than the first day of the seventh month following the date of termination. In addition, the executive and her or his family would be entitled, at no expense to the executive, to the continuation of certain health and welfare benefits for 18 months following the date of termination. If such benefits cannot be provided, a lump sum cash payment for the value of such benefits will be made to the executive.

Notwithstanding the foregoing, in the event payments to the executive would result in an “excess parachute payment” as defined in Section 280G of the Internal Revenue Code, payments under the employment agreements would be reduced in order to avoid such a result.

The employment agreements provide that in the event of the executive’s disability, the executive’s obligation to perform services under the employment agreement will terminate, and the executive will continue to receive his then current base salary for one year. Such payment will be reduced by the amount of any short- or long-term disability benefits payable under any disability program sponsored by Northfield Bancorp, Inc. or Northfield Bank. If disability payments are not subject to federal income tax, then amounts payable to the executives under the employment agreements shall be tax adjusted assuming a combined federal, state and city tax rate of 38%, for purposes of determining the reduction in payments under the agreement, to reflect the tax-free nature of the disability payments. In addition, the executive and his dependents will continue to be provided with certain medical, dental and other health benefits on the same terms as those provided prior to the executive’s termination for a period of one year.

In the event of the executive’s death, the executive’s estate or beneficiaries will be paid the executive’s base salary for one year and will receive continued medical, dental, and other health benefits for one year on the same terms as those provided prior to the executive’s death.

Upon termination of employment, other than in connection with a change in control, the executives agree not to solicit Northfield Bank’s employees or customers for a period of one year (two years in the case of Mr. Klein if receiving benefits under the agreement). Also, if receiving severance payments under the agreement (other than following a change in control) the executives agree not to compete with Northfield Bank for a period of one year in the case of Messrs. Doherty, Jacobs, and Widmer, and Ms. Lefkowitz, and two years in the case of Mr. Klein in any city, town or county in which the executive’s normal business office is located and Northfield Bank has an office or has filed an application for regulatory approval to establish an office.

Potential Payments to Named Executive Officers

The following table sets forth estimates of the amounts that would be payable to the listed individuals, under their employment agreements and stock option and restricted stock agreements in the event of their termination of employment on January 1, 2018, under designated circumstances. The table does not include vested or accrued benefits under qualified and nonqualified benefit plans or qualified or nonqualified deferred compensation plans that are disclosed elsewhere in this proxy statement. The estimates shown are highly dependent on a variety of factors, including but not limited to the date of termination, interest rates, federal, state, and local tax rates, and compensation history. Actual payments due could vary substantially from the estimates shown. For

Edgar Filing: Northfield Bancorp, Inc. - Form DEF 14A

example, the amounts presented in the table below for discharge without Cause or resignation with Good Reason in connection with a change in control have not been reduced to reflect any cut-back required to avoid an excess parachute payment under section 280G of the Internal Revenue Code. We consider each termination scenario listed below to be exclusive of all other scenarios and do not expect that any of our executive officers would be eligible to collect the benefits shown under more than one termination scenario. If an executive officer is terminated for “just cause” as defined in the employment agreement, the Company has no contractual payment or other obligations under the employment agreement.

All Named Executive Officers receive, for one year following such disability, base salary continuation benefits and health benefits previously received. The employment agreement provides the executive with her or his base salary in the first year following disability, reduced by any assumed short-term or long-term disability insurance benefits provided under separate insurance plans we maintain. Such amounts due under the employment agreements are reduced by any assumed short-term or long-term disability insurance benefits provided under separate insurance plans on a tax-equivalent basis (assuming a 38% tax rate), if such short-term or long-term disability benefits are excludable for federal income tax purposes. Each Named Executive Officer also receives health benefits previously provided for a period of one year under the same terms immediately prior to termination due to disability.

(1)

(2)

Each of the employment agreements provides for a lump sum death benefit equal to one year of base salary for each executive. The employment agreements also provide for the continuation of medical, dental, and other health benefits to the executive's family for a period of one year at the same terms and cost to the executive immediately prior to his death.

The employment agreement for Mr. Klein provides for the lump-sum payment of: three times base salary; three times the average annual bonus/and or incentive award for three years prior to the year of termination. Employment (3) agreements for Messrs. Jacobs, Doherty, and Widmer and Ms. Lefkowitz provide for the lump-sum payment of: two times base salary; two times the average annual bonus/and or incentive award for two years prior to the year of termination.

Employment agreements for Messrs. Klein, Jacobs, Doherty, and Widmer, and Ms. Lefkowitz provide for medical, dental, and other health and welfare benefits to the executive and his family, at no cost to the executive for a period of 18 months from the date of termination. The reported figures reflect the estimated present value of the future (4) health care premiums costs, calculated utilizing similar health care cost increase assumptions we used in measuring our liability for such benefits for financial statement purposes. For purposes of this presentation, the estimated future costs were discounted at a 2% annual compounding rate. The reported figures also include the estimated costs of group term life insurance benefits at a discount rate of 2% compounded annually.

Each employment agreement provides for severance benefits on termination following a corporate transaction, defined as a Change in Control, only if the executive's employment is terminated involuntarily or they resign with (5) Good Reason. Under each of the employment agreements, amounts payable under a Change in Control are identical to those payable for "Discharge Without Cause or Resignation With Good Reason — no Corporate Transaction" except that: (i) payments

pertaining to bonus and/or incentive awards are based upon the highest annual bonus and/or incentive award earned in any of the three years preceding the year in which the termination occurs in the case of Mr. Klein, and in any of the two years preceding the year in which the termination occurs in the case of Messrs. Jacobs, Doherty, and Widmer, and Ms. Lefkowitz. All employment agreements limit the total payments to an executive to an amount that is one dollar less than three times the executive's "base amount" as defined in Section 280G of the Internal Revenue Code. Amount reported as "Bonus" is modified based on whether the corporate transaction is a Change in Control or Merger of Equals, as defined in the 2014 Equity Incentive Plan and related equity award agreements. Although the term "Merger of Equals" is not a defined term in the employment agreements, in the event of a Merger of Equals, followed by a termination without cause or for good reason an executive would receive the same bonus as set forth above under Discharge without cause or Resignation with Good Reason — no Corporate Transaction.

Equity award agreements for all participants, including Named Executive Officers, provide for the acceleration of unvested equity awards in the event of disability, death, and in certain corporate transactions including a Change in Control as defined under the 2014 Equity Incentive Plan, and a Merger of Equals as defined in the related equity award agreements for all participants. The 2014 Equity Incentive Plan and related forms of equity award agreements have been filed as exhibits to the Company's Annual Report on Form 10-K for the year ended December 31, 2014. Forms of equity award agreements for option and equity awards made in 2015 have been filed with the Company's Quarterly Report on Form 10-Q for the quarter ended June 30, 2015. The amounts reported represent the value of unvested equity awards at December 29, 2017, calculated as the sum of: (a) unvested shares (6) of restricted stock multiplied by the last reported closing price of the Company's common stock as reported on December 31, 2017, of \$17.08 per share; and (b) unvested stock options multiplied by \$3.95 per option for options awarded in 2014, \$2.32 for options awarded in 2015, \$0 for options awards in 2016, and \$0.19 for options awarded in 2017. The \$3.95 value of each option granted in 2014 represents the last reported closing price of the Company's stock on December 29, 2017, less the 2014 option exercise price of \$13.13. The \$2.32 value of each option granted in 2015 represents the last reported closing price of the Company's stock on December 29, 2017, less the 2015 option exercise price of \$14.76. Options granted in 2016 have negative value based on the last reported closing price of the Company's stock on December 29, 2017, less the 2016 option exercise price of \$18.44. The \$0.19 value of each option granted in 2017 represents the last reported closing price of the Company's stock on December 29, 2017, less the 2017 option exercise price of \$16.89

Say-on-Pay

At the 2017 Annual Meeting, stockholders voted, on an advisory basis, whether to approve the compensation paid to the Named Executive Officers ("say-on-pay"). A majority of the votes were cast in favor of the resolution to approve the executive compensation described in the Proxy Statement. At the 2013 Annual Meeting, stockholders also voted on a non-binding proposal to establish whether stockholders should vote on executive compensation every one, two, or three years. A majority of the votes were cast in favor of holding the non-binding vote on executive compensation every year. The Board of Directors took this vote into account in passing a resolution in which it approved holding a non-binding stockholder vote on executive compensation every year.

AUDIT-RELATED MATTERS

Audit Committee Report

The charter of the Audit Committee of the Board specifies that the purpose of the Committee is to assist the Board in its oversight of:

· monitoring and overseeing the integrity of our accounting and financial reporting process, audits, financial statements and systems of internal controls;

· monitoring and overseeing the independence and performance of our external auditors, internal auditors and outsourced internal audit consultants;

· facilitating communication among the external auditors, management, internal auditors, and the outsourced internal audit consultants; and

· maintaining oversight of the external and internal auditors, including the appointment, compensation, retention and, when considered necessary, the dismissal of the external auditors and the Chief Audit Executive.

In carrying out these responsibilities, the Audit Committee, among other things:

· monitors the preparation of quarterly and annual financial reports by the Company's management;

evaluates the length of time the independent registered public accountants have provided services to the Company considering, among other things, their qualifications, industry expertise, and engagement team rotation policies. The Audit Committee also discusses professional practice matters, including training, audit quality processes, and regulatory report findings and related responses;

supervises the relationship between the Company and its independent registered public accountants, including: reviewing the scope of their audit services; approving audit and non-audit services; and confirming the independence of the independent registered public accountants;

oversees management's implementation and maintenance of effective systems of internal and disclosure controls, and review of the Company's internal auditing program; and

monitors financial reporting risks assigned to the Committee by the Board under the Company's Enterprise Risk Management (ERM) program and reports thereon to the Board.

The Committee schedules its meetings with a view to ensuring that it devotes appropriate attention to all of its tasks. The Committee's meetings include, whenever appropriate, executive sessions in which the Committee meets separately with the Company's independent registered public accountants, the Company's internal auditors, the Company's chief financial officer, and SEC counsel.

As part of its oversight of the Company's financial statements, the Committee reviews and discusses with both management and the Company's independent registered public accountants all annual and quarterly financial statements prior to their issuance. For 2017, management advised the Committee that each set of financial statements reviewed had been prepared in accordance with U.S. generally accepted accounting principles, and reviewed significant accounting and disclosure issues with the Committee. The Committee's review included discussions with the independent registered public accountants of matters required to be discussed pursuant to Public Company Accounting Oversight Board Auditing Standard No. 16 (Communications with Audit Committees), including the quality of the Company's accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements. The Committee also discussed with the independent registered public accountants matters relating to their independence, including a review of their audit, written disclosures, and a letter from KPMG LLP to the Audit Committee pursuant to applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with audit committees concerning independence.

In addition, the Committee reviewed key initiatives and programs aimed at maintaining the effectiveness of the Company's internal controls and management's disclosure control structure. As part of this process, the Committee continued to monitor the scope and adequacy of the Company's internal auditing program, reviewing internal audit department staffing levels and steps taken to maintain the effectiveness of internal procedures and controls.

Taking all of these reviews and discussions into account, the Committee members recommended to the Board of Directors that the Company's audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2017, for filing with the SEC.

Members of the Audit Committee are: Frank P. Patafio, who serves as Chairman, Annette Catino, Gil Chapman, and Patrick E. Scura, Jr.

Policy for Approval of Audit and Permitted Non-audit Services

The Audit Committee's policy is to pre-approve all audit and non-audit services provided by the independent registered public accounting firm, either by approving services prior to the engagement or pursuant to a pre-approval policy with respect to particular services. These services may include audit services, audit-related services, and other

services. The Audit Committee has delegated pre-approval authority to the Chairman of the Audit Committee when expediency is necessary. The independent registered public accounting firm and management are required to periodically report to the full Audit Committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval, and the fees for the services performed to date.

All audit, and other categories of fees, as applicable, described below were approved either as part of our engagement of KPMG LLP or pursuant to the pre-approval policy described above. The Audit Committee

concluded that the provision of all such services, as applicable, by KPMG LLP was compatible with the maintenance of that firm's independence in the conduct of its auditing functions.

PROPOSAL II — RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Our independent registered public accounting firm for the year ended December 31, 2017, was KPMG LLP. Our Audit Committee has approved the engagement of KPMG LLP to be our independent registered public accounting firm for the year ending December 31, 2018, subject to the ratification of the engagement by our stockholders. At the annual meeting, the stockholders will consider and vote on the ratification of the engagement of KPMG LLP for the year ending December 31, 2018. Representatives of KPMG LLP are expected to attend the annual meeting to respond to appropriate questions and to make a statement if they so desire.

Even if the selection is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such change is in the best interest of Northfield Bancorp, Inc. and its stockholders.

THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” THE RATIFICATION OF KPMG LLP AS THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2018.

PROPOSAL III — ADVISORY VOTE ON EXECUTIVE COMPENSATION

The compensation of our Principal Executive Officer, our Principal Financial Officer and the other executive officers of the Company (“Named Executive Officers”) is described under “EXECUTIVE COMPENSATION—Compensation Discussion and Analysis,” compensation tables, and related narrative. Stockholders are encouraged to read that section of the Proxy Statement, which discusses our compensation philosophy, objectives, and process for determining compensation with respect to our Named Executive Officers.

In accordance with Section 14A of the Exchange Act, stockholders will be asked at the Annual Meeting to provide their support with respect to the compensation of our Named Executive Officers by voting on the following advisory, non-binding resolution:

“RESOLVED, that the compensation paid to the Company’s Named Executive Officers, as disclosed in this Proxy Statement pursuant to Item 402 of Securities and Exchange Commission Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.”

This advisory vote, commonly referred to as a “say-on-pay” advisory vote, is non-binding on the Board of Directors. Although non-binding, the Board of Directors and the Compensation Committee value constructive dialogue on executive compensation and other important governance topics with our stockholders and encourage all stockholders to vote their shares on this matter. The Board of Directors and the Compensation Committee will review the voting results and take them into consideration when making future decisions regarding our executive compensation.
