SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

To the extent that the information presented in this Quarterly Report on Form 10-QSB for the quarter ended March 31, 2003, discusses financial projections, information or expectations about our products or markets, or otherwise makes statements about future events, such statements are forward-looking. We are making these forward-looking statements in reliance on the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Although we believe that the expectations reflected in these forward-looking statements are based on reasonable assumptions, there are a number of risks and uncertainties that could cause actual results to differ materially from such forward-looking statements. These risks and uncertainties are described, among other places in this Quarterly Report, in "Plan of Operation".

In addition, we disclaim any obligations to update any forward-looking statements to reflect events or circumstances after the date of this Quarterly Report. When considering such forward-looking statements, you should keep in mind the risks referenced above and the other cautionary statements in this Quarterly Report.

ASSURE ENERGY, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
MARCH 31, 2003
(Unaudited)

Note 1 - Nature of Business

Assure Energy, Inc. (the "Company") was incorporated in the state of Delaware on August 11, 1999. The Company, through its wholly owned Canadian subsidiaries Assure Oil & Gas Corp. and Westerra 2000, Inc., is engaged in the exploration, development and production of oil and natural gas properties in the Canadian provinces of Alberta and Saskatchewan.

Note 2 - Basis of Presentation

The accompanying unaudited consolidated financial statements and related footnotes have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission for Form 10-QSB. Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. It is suggested that these financial statements be read in conjunction with the financial statements and footnotes thereto included in the Company's Annual Report on Form 10-KSB for the fiscal year ended December 31, 2002. The results of operations for the three-months ended March 31, 2003 are not necessarily indicative of the operating results that may be expected for the fiscal year ending December 31, 2003.

The accompanying financial statements include the accounts of the Company and its wholly owned subsidiaries. All significant intercompany balances and transactions have been eliminated in consolidation.

Note 3 - Pro forma information

The following table represents unaudited consolidated pro forma information as if Energy, Oil and Westerra had been combined as of January 1, 2002. The pro forma data is presented for illustrative purposes only and is not necessarily indicative of the combined results of operations of future periods or the results that actually would have resulted had Energy, Oil, and Westerra been a combined company during the specified periods.

	=====
Basic, pro forma	\$ (.03)
	=====

Use of estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and revenues and expenses during the reporting period. Actual results could differ from those estimates.

Recent accounting pronouncements

Management does not believe that any recently issued, but not yet effective accounting pronouncements, if currently adopted, would have a

Edgar Filing: ASSURE ENERGY INC - Form 10QSB

material effect on the accompanying consolidated financial statements.

Note 5 - Long Term Debt

On March 15, 2003 the Company entered into a six year Subordinated Promissory Note Payable (the "Subordinated Note") with a foreign entity with a principle balance of \$4,500,000. This Subordinate Note accrues interest at Citibank's prime rate (4.25% per annum at December 31, 2002) plus 3.5% per annum. No payments will be due until March 14, 2004, at which time all accrued and outstanding interest is due and payable. Thereafter, quarterly payments of principle and interest are due each June 15, September 15, December 15 and March 15. This note is subordinated to all present and future bank debt of the Company and its subsidiaries. The Company further agreed to issue 450,000 common stock purchase warrants to purchase an equal number of the Company's common stock with an exercise price of \$3.10 per share. The common stock purchase warrants may be exercised, at any time, during the five years commencing July 1, 2003. The common stock purchase warrants have a fair value at the grant date of \$181,260, which has been recorded as interest expense in the accompanying consolidated statement of operations.

9

ASSURE ENERGY, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
MARCH 31, 2003
(Unaudited)

Note 6 - Stockholders' Equity

During February 2003 the Company entered into Subscription Agreements to sell 1,067,000 units for an aggregate of \$2,400,750. Each unit consists of one share of the Company's common stock and one half common stock purchase warrant. Each full warrant entitles the holder to purchase one share of the Company's common stock at \$2.50 per warrant share for a period of five years commencing from the date of issuance, February 26, 2003. The warrants have a fair value of at \$482,500 at March 31, 2003.

Note 7 - Subsequent event

On April 7, 2003 the Company entered into an agreement with an unrelated third party to provide internet public relations services. As compensation for its services the Company will pay \$50,000, of which \$25,000 was paid upon the signing of the Consulting Agreement. In addition, the Company issued 100,000 warrants, exercisable at any time, to purchase an equal amount of the Company's common stock at \$3.00 per share, expiring on April 7, 2008.

10

ITEM 2. PLAN OF OPERATION

The following discussion of our plan of operation for the next twelve months should be read together with, and is qualified in its entirety by the more detailed information, including the financial statements, appearing elsewhere in this document.

We were incorporated on August 11, 1999 in the state of Delaware with

Edgar Filing: ASSURE ENERGY INC - Form 10QSB

the objective to license toy designs to toy manufacturers and to act as a toy inventor's agent in licensing toy designs developed by others. We expected to market such toy designs by both direct meetings with toy manufacturers' representatives and through a web site that could give manufacturers the opportunity to review pictures and descriptions of new inventions at a single source to decide whether a face-to-face meeting would be useful. Given the effect of an overcrowded .com business environment, no operations in this area were ever commenced. Accordingly we looked at other ventures of merit for corporate participation as a means of enhancing shareholder value. This strategy resulted in our April 23, 2002 Acquisition Agreement with Assure Oil & Gas Corp. ("Assure O&G").

Assure O&G is actively engaged in the exploration, development, acquisition and production of petroleum and natural gas (P&NG) properties primarily located in Western Canada. In October 2000 Assure O&G commenced its oil and gas operations as part of an initiative to create cash flow by participating in a Farmout Agreement to drill a prospective Elkton zone natural gas well. To date, Assure O&G has acquired varying interests, through farmout participations, asset purchases, crown land sales and corporate acquisitions, of both producing and prospective P&NG properties in the Western Sedimentary Basin of Western Canada.

On May 30, 2002 Assure O&G entered into a Share Purchase Agreement with the 3 shareholders of Westerra 2000 Inc. ("Westerra"), wherein Assure O&G acquired Westerra, an Alberta, Canada corporation engaged in the exploration, development and production of oil and gas properties primarily located in Saskatchewan, Canada.

We plan to continue to explore, develop and acquire P&NG properties over the next twelve months to increase cash flow, and to build P&NG reserves. We anticipate engaging in an exploration program that could include infill drilling of current proved and producing properties, seismic interpretation of prospective properties and exploratory drilling. Acquisitions could include lands, licenses and leases, producing well bores and corporate acquisitions. We also may from time to time acquire, or enter into strategic alliances with, complementary businesses to achieve these objectives.

We anticipate that our presently available capital resources together with expected oil and gas cash flow from our existing oil and gas production will be sufficient to fund our current oil and gas operations during the next twelve months. We intend to fund our acquisition strategy and new exploration programs during the next twelve months from oil and gas cash flow, working capital, sales of our securities and other available sources of financing. Our employee levels are expected to increase during the next twelve months in direct proportion to the anticipated expansion of our oil and gas exploration program and available cash resources. We do not presently anticipate any purchases or sales of plant or significant equipment other than the

11

purchase of pump jacks which are used to enhance oil production and equipment utilized to transport gas to processing facilities. Alternatively, we may rent, lease or subcontract for the use of such equipment. We do not expect to engage in any material research and development activities during the next twelve months. The exploration of and drilling for oil and gas reserves is risky, uncertain and capital intensive. No assurance can be given that we will increase our oil and gas operations to the extent we anticipate or that if increased, our new acquisitions and exploration programs will prove to be successful.

ITEM 3. CONTROLS AND PROCEDURES

Edgar Filing: ASSURE ENERGY INC - Form 10QSB

Our principal executive and financial officer evaluated the effectiveness of our disclosure controls and procedures as of a date within 90 days prior to the filing of this report. Based on this evaluation, our principal executive and financial officer concluded that our controls and procedures are effective in providing reasonable assurance that the information required to be disclosed in this report is accurate and complete and has been recorded, processed, summarized and reported within the time period required for the filing of this report. Subsequent to the date of this evaluation, there have not been any significant changes in our internal controls or, to our knowledge, in other factors that could significantly affect our internal controls.

PART II -- OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

On February 19, 2003 Gary Freitag, Garth R. Keyte and Evan Stephens filed a Statement of Claim against Assure Oil & Gas Corp. in the Court of Queen's Bench of Alberta, Canada Judicial District of Calgary seeking judgment in the sum of CDN\$350,000 (approximately US \$221,000) together with interest thereon at the rate of 6% per annum from January 15, 2003. The action relates to CDN\$350,000 that was placed in trust as part of the May 30, 2002 Share Purchase Agreement between Assure Oil & Gas Corp. and the three shareholders of Westerra 2000 Inc. Plaintiffs claim the money should have been released to them on or about January 15, 2003, the date of resolution of certain title deficiencies that existed at the time the Share Purchase Agreement was executed. On April 9, 2003 we filed a Statement of Defense and Counterclaim based upon our assertion that certain of the Westerra 2000 Inc. wells that had been purchased in consideration of a report that indicated they were proven and producing wells were and are in fact non-producing and that the shareholders had agreed to a holdback of the CDN\$350,000 pending the wells being brought on to production. We further asserted that since the wells are not on production the holdback has been forfeited and is not payable. Our Counterclaim seeks CDN\$36,915 as reimbursement for costs incurred by us in attempting to bring the non-producing wells to a producing state; CDN\$200,000 representing estimated future costs to attempt to bring these wells into production; judgment for the abandonment costs we will incur if these wells cannot be brought into production; interest and litigation costs. While we believe our position has merit, we can offer no assurance as to the outcome of this matter.

No other legal proceedings are pending to which we or any of our property is subject, nor to our knowledge are any such proceedings threatened.

12

ITEM 2. CHANGES IN SECURITIES AND USE OF PROCEEDS

Effective April 7, 2003 we issued 100,000 5 year warrants, each exercisable for the purchase of 1 share of our restricted common at a price of \$3 per share, in consideration of consulting services. Piggyback registration rights apply with respect to the shares underlying the warrants. These piggyback registration rights do not apply to registration statements relating solely to employee benefit plans, business combinations or changes in domicile. The issuance was made in reliance on the exemption from registration provided by Section 4(2) of the Securities Act of 1933, as amended.

On March 15, 2003 we issued a six-year, \$4,500,000 promissory note (the "Note") together with 450,000 5 year warrants (the "Warrants") to 1 person. Each Warrant entitles the holder to purchase one share of our common stock at a price of \$3.10 per share during the five year period commencing July 1, 2003. The issuance of the Note and Warrants was made in reliance on the exemption from registration provided by Section 4(2) of the Securities Act of 1933, as amended.

Edgar Filing: ASSURE ENERGY INC - Form 10QSB

On February 26, 2003 we completed a \$2,400,750 equity financing in which we sold 1,067,000 units to 2 persons at a purchase price of \$2.25 per unit. Each unit consists of 1 share of our common stock and one-half warrant. Each full warrant entitles the holder to purchase one share of our common stock at a price of \$2.50 per share for a period of five years commencing February 26, 2003. The stock comprising part of the units was issued in May 2003. The issuance of the securities was made in reliance on the exemption from registration provided by Section 4(2) of the Securities Act of 1933, as amended.

ITEM 5. OTHER INFORMATION

On March 6, 2003 we entered into a share purchase agreement (the "Share Purchase Agreement") with 5 shareholders (the "Shareholders") of Quarry Oil & Gas Ltd., ("Quarry") an Alberta, Canada corporation respecting our proposed purchase of 6,750,000 Quarry shares from the shareholders for an aggregate purchase price of CDN \$8,962,650 (approximately US \$5,800,000) or CDN \$1.3278 per share. These shares represent 47.28% of Quarry's outstanding common shares. The closing of the Share Purchase Agreement, as amended, is subject to the approval of the TSX Venture Exchange, Quarry's bank and certain other conditions. Quarry is a junior oil and gas exploration and development company based on Calgary, Alberta whose common shares are listed on the TSX Venture Exchange under the symbol "QUC". Quarry's average daily production is currently approximately 1200 barrels of oil equivalent per day. Quarry has a stable oil production base in Alberta and has recently added significant gas production from its discoveries in northeast British Columbia where it has access to a large base of undeveloped lands. It has developed an extensive portfolio of natural gas prospects to facilitate future growth.

The Share Purchase Agreement contains a covenant by us to engage in one of the following post closing activities:

- o present to Quarry an experienced, previously successful management team for Quarry, subject to the reasonable consent of the Shareholders;

13

- o make, within 60 days of closing, an offer to acquire the remaining Quarry shares at a price of not less than CDN \$1.3278 per share; or
- o subscribe, within 90 days of closing, to a material private placement of Quarry at a subscription price per share of CDN \$1.3278.

As of May 12, 2003 the transaction has not closed since the TSX Venture Exchange has yet to grant required approval. No assurance can be given when, if ever, such approval will be granted and the transaction will be completed.

Effective September 23, 2002 we entered into a Consulting Agreement with Primoris Group, Inc., ("Primoris") an Ontario corporation pursuant to which Primoris provided us with corporate media and investor relation services. The agreement had a 61 week term which was scheduled to expire on November 30, 2003 unless mutually extended. Under the agreement, we agreed to pay Primoris \$5,500 per month. Further, effective October 1, 2002, we issued to Primoris an option to purchase 200,000 shares of our restricted common stock for a period of 2 years from issuance at a price of \$2.75 per share. The agreement was mutually terminated effective April 28, 2003, at which time Primoris returned to us all sums previously advanced to it by us for services not yet delivered, and the options were cancelled.

ITEM 6. EXHIBITS AND REPORTS ON FORM 8-K

CERTIFICATIONS

I, Harvey Lalach, certify that:

1. I have reviewed this quarterly report on Form 10-QSB of Assure Energy, Inc.;

2. Based on my knowledge, this quarterly report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this quarterly report;

3. Based on my knowledge, the financial statements, and other financial information included in this quarterly report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this quarterly report;

4. I am responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-14 and 15d-14) for the registrant and have;

a) Designed such disclosure controls and procedures to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to me by others within those entities, particularly during the period in which this quarterly report is being prepared;

b) Evaluated the effectiveness of the registrant's disclosure controls and procedures as of a date within 90 days prior to the filing date of this quarterly report (the "Evaluation Date"); and

c) Presented in this quarterly report my conclusions about the effectiveness of the disclosure controls and procedures based on my evaluation as of the Evaluation Date;

Edgar Filing: ASSURE ENERGY INC - Form 10QSB

5. I have disclosed, based on my most recent evaluation, to the registrant's auditors and the audit committee of registrant's board of directors (or persons performing the equivalent functions):

a) All significant deficiencies in the design or operation of internal controls which could adversely affect the registrant's ability to record, process, summarize and report financial data and have identified for the registrant's auditors any material weaknesses in internal controls; and

b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal controls; and

6. I have indicated in this quarterly report whether or not there were significant changes in internal controls or in other factors that could significantly affect internal controls subsequent to the date of my most recent evaluation, including any corrective actions with regard to significant deficiencies and material weaknesses.

Date: May 19, 2003 /s/ Harvey Lalach
