INFORMATION CONCERNING SOLICITATION AND VOTING

This Proxy Statement and the accompanying form of proxy are being furnished to the shareholders of Hydron Technologies, Inc., a New York Corporation (the "Company"), in connection with the solicitation of proxies by the Board of Directors of the Company (the "Board") from holders of the Company's outstanding Common Stock, for use at the Meeting of Shareholders of the Company (together with any adjournments or postponements thereof, the "Meeting") to be held at 1:30 p.m., local time, on Monday, November 15, 2004, at the Courtyard by Marriott, 2000 NW Executive Center Court, Boca Raton, Florida 33431. This Proxy Statement, the accompanying form of proxy and the Company's Annual Report on Form 10-K for the year ended December 31, 2003 (the "Annual Report") are expected to be mailed to the shareholders of record of the Company on or about October 10, 2004.

Your vote is very important. For this reason, our Board of Directors (the "Board") is requesting that you permit your common shares to be represented at the 2004 Meeting of the Shareholders (the "Meeting") by the proxies named on the enclosed proxy card. This proxy statement contains important information for you to consider when deciding how to vote on the matters set forth in the accompanying notice and otherwise properly brought before the Meeting or any adjournments, or postponements thereof. Please read it carefully.

Voting materials, which include the proxy statement, proxy card and the annual report on Form 10-K for the calendar year ended December 31, 2003, are included herein. Hydron's principal executive offices are located at 2201 West Sample Road, Building 9, Suite 7B, Pompano Beach, FL 33073. Hydron's telephone number is (954) 861-6400. In this proxy statement Hydron Technologies, Inc. is referred to as "Company" and "Hydron."

GENERAL INFORMATION ABOUT THE MEETING

WHO MAY VOTE

You may vote your Hydron common stock if our records show that you owned your shares on September 16, 2004. At the close of business on that date, 9,260,136 shares of Hydron common stock were outstanding and eligible to vote. You may cast one vote for each share of common stock held by you on all matters presented.

VOTING YOUR PROXY

Edgar Filing: HYDRON TECHNOLOGIES INC - Form DEF 14A

Whether you hold shares in your name or through a broker, bank, or other nominee, you may vote without attending the meeting. You may vote by granting a proxy or, for shares held through a broker, bank, or other nominee, by submitting voting instructions to that nominee. Instructions for voting by mail are on your proxy card. For shares held through a broker, bank, or other nominee, follow the instructions on the voting instruction card included with your voting materials. If you provide specific voting instructions, your shares will be voted as you have instructed and as the proxy holders may determine within their discretion with respect to any other matters that come before the Meeting.

1

If you hold shares in your name, and you sign and return a proxy card without giving specific voting instructions, your shares will be voted as recommended by our Board on all matters and as the proxy holders may determine in their discretion with respect to any other matters that properly come before the meeting. If you hold your shares through a broker, bank or other nominee and you do not provide instructions on how to vote, your broker or other nominee may have authority to vote your shares on certain matters. The New York Stock Exchange ("NYSE") issued new regulations prohibiting brokers or other nominees that are NYSE member organizations from voting in favor of proposals relating to equity compensation plans unless they receive specific instructions from the beneficial owner of the shares to vote in that manner. National Association of Securities Dealers, Inc. ("NASD") member brokers are also prohibited from voting on such proposals without specific instructions from beneficial holders. The new NYSE rule became effective on June 30, 2003, and, accordingly, all shares that you hold through a broker or other nominee who is a NASD or NYSE member organization will only be voted on Proposal 2 if you have provided specific instructions to your broker or other nominee to vote your shares on that proposal. See "Vote Required" following each proposal for further information.

VOTES NEEDED TO HOLD THE MEETING

The Meeting will be held if a majority of Hydron's outstanding shares on the record date entitled to vote is represented at the meeting. This is called a quorum. Your shares will be counted for purposes of determining if there is a quorum, even if you wish to abstain from voting on some or all matters introduced at the Meeting, if you:

- o are present and vote in person at the meeting; or
- o have properly submitted a proxy card.

MATTERS TO BE VOTED ON AT THE MEETING

The following proposals will be presented for your consideration at the Meeting:

- o election of four members of the Board;
- o approval of the Company's 2003 Stock Plan;
- o ratification of the appointment of DaszkalBolton LLP as our independent auditors for the year ending December 31, 2004; and
- o any other matters that may properly be brought before the Meeting or any adjournments or postponements thereof.

COST OF THE PROXY SOLICITATION

Edgar Filing: HYDRON TECHNOLOGIES INC - Form DEF 14A

Hydron will pay the cost of the solicitation of proxies. The Company may also reimburse brokerage firms and other persons representing beneficial owners of shares for expenses incurred in forwarding the voting materials to their customers who are beneficial owners and obtaining their voting instructions. In addition to soliciting proxies by mail, our board members, officers, and employees may solicit proxies on our behalf, without additional compensation, personally or by phone.

2

ATTENDING THE MEETING

You may vote shares held directly in your name in person at the meeting. If you want to vote shares that you hold in street name at the Meeting, you must request a legal proxy from your broker, bank, or other nominee that holds your shares.

CHANGING YOUR VOTE

You may revoke your proxy and change your vote at any time before the final vote at the Meeting. You may do this by signing a new proxy card with a later date, or by attending the Meeting and voting in person. However, your attendance at the Meeting will not automatically revoke your proxy; you must specifically revoke your proxy. See also "General Information about the Meeting - Voting Your Proxy" above for further instructions.

VOTING RECOMMENDATIONS

Our Board recommends that you vote:

- o "FOR" each nominee to the Board;
- o "FOR" adoption of the Company's 2003 Stock Plan; and
- o "FOR" ratification of the appointment of DaszkalBolton LLP as our independent auditors for the year ending December 31, 2004.

HOW TO OBTAIN AN ADDITIONAL SET OF VOTING MATERIALS

You may receive a copy of the proxy statement, proxy card, and the annual report on Form 10-K for the year ended December 31, 2003 at no cost to you by calling (954) 861-6400 or by writing to Hydron Technologies, Inc., 2201 West Sample Road, Building 9, Suite 7B, Pompano Beach, FL 33073.

DIRECTOR COMPENSATION

Employees of the Company who also serve as Directors are not entitled to any additional compensation for such service, except for Mr. Richard Banakus, Chairman of the Board, because of his status as Interim President. The Company does not have a written employment agreement with Mr. Banakus.

Non-employee Directors and Mr. Banakus receive an annual fee of \$5,000, accrued quarterly. During 2003, each of Messrs. Richard Banakus, Karen Gray, Joshua Rochlin, and Ronald J. Saul earned \$5,000 for their service as a Director. As of December 31, 2003, unpaid director fees total approximately \$65,000.

The 1993 Non-employee Director Stock Option Plan ("1993 Plan") was adopted by the Board of Directors on December 22, 1993, approved by the shareholders on July 19, 1994, and approved, as amended, by the shareholders on December 17, 1997. The purpose of the 1993 Plan is to assist the Company in attracting and

Edgar Filing: HYDRON TECHNOLOGIES INC - Form DEF 14A

retaining key directors who are responsible for continuing the growth and success of the Company. No options were granted under the 1993 Plan during the year ended December 31, 2003.

On November 10, 1997, the Board of Directors of the Company adopted the 1997 Non-employee Director Stock Option Plan ("1997 Plan"). This plan was approved by the shareholders on December 17, 1997. The purpose of the 1997 Plan is to assist the Company in attracting and retaining experienced and knowledgeable non-employee directors who will continue to work for the best interests of the Company.

The 1997 Plan provides nonqualified stock options for non-employee directors to purchase an aggregate of 100,000 shares of Common Stock, with grants of options to purchase 2,000 shares to each non-employee director on October 1, 1997, grants of options to purchase 2,000 shares on each May 1st thereafter (starting in 1999), and grants of options to purchase 2,000 shares upon election or appointment of any new non-employee directors. The options are not exercisable for a one-year period and are to be granted at an exercise price equal to the average fair market value of the Common Stock during the ten business days preceding the day of the grant of the option.

The 1997 Plan also provides nonqualified stock options for non-employee directors who serve on committees of the Board of Directors. The options are not exercisable for a one-year period and are to be granted at an exercise price equal to the average fair market value of the Common Stock during the ten business days preceding the day of the grant of the option. No options were granted under these provisions of the 1997 Plan during the year ended December 31, 2003.

During August 1999, the Company agreed to grant options to purchase 18,000 shares of the Company's common stock to each of the five individuals comprising the Board of Directors, subject to shareholders' approval at the next annual meeting at an exercise price of \$.64065 per share. Since there are sufficient options available for this grant under the 1997 Plan, the options are reflected as outstanding as of December 31, 2000.

In August 2001, the Company agreed to increase the options granted to Board members each year. Subject to shareholders' approval, the Company agreed to grant options to purchase a total of 20,000 shares of the Company's common stock to each of the four individuals comprising the Board of Directors, beginning with the calendar year 2000. Subject to shareholders' approval, each Board member will receive options to purchase 18,000 shares of common stock at an exercise price of \$.20157 for their service in 2000 and options to purchase 20,000 shares of common stock at an exercise price of \$.4275 for their service in 2001, \$.3155 for their services in 2002, and \$.2430 for their service in 2003. In addition, Directors on the audit committee of the Board of Directors receive options to purchase 5,000 shares of common stock for each year of service beginning in 2002. Since there are insufficient option available in the current plan, the 2002 and 2003 options are subject to the shareholders' approval of the 2003 Stock Plan.

6

VOTE REQUIRED

Directors must be elected by a plurality of votes cast at the shareholders meeting. This means that the nominees receiving the highest number of votes will be elected. Abstentions will have no effect on the election of directors. If you hold your shares through a broker, banker, or other nominee and you do not instruct them how to vote on this proposal, your broker may have authority to

Edgar Filing: HYDRON TECHNOLOGIES INC - Form DEF 14A

vote your shares. You may give each nominee one vote for each share you hold.

PROPOSAL NO. 2: APPROVAL OF HYDRON TECHNOLOGIES, INC. 2003 STOCK PLAN

On November 19, 2003, the Board approved, subject to shareholder approval, the 2003 Stock Plan (the "Plan"). The Plan permits the grant of nonqualified and incentive stock options, as well as restricted stock and awards purchases. The form of the equity is left up to the discretion of the committee of the Board (or the Board, if no committee) at the time of each grant. This Plan is designed to consolidate and replace two Stock Option Plans, which have expired: the 1993 Stock Option Plan, and the 1997 Non-employee Director Stock Option Plan.

The material features of the 2003 Plan are summarized below. Such summary is qualified in its entirety by reference to the full text of the 2003 Plan, a complete copy of which is attached hereto as Attachment B. Capitalized terms

Edgar Filing: HYDRON TECHNOLOGIES INC - Form DEF 14A

used below without definition have the meaning ascribed to them in the 2003 Stock Plan.

PURPOSE OF THE 2003 PLAN

The purpose of the 2003 Plan is to assist the Company in attracting, retaining, and motivating key employees, officers, directors, and consultants by offering selected individuals an opportunity to acquire a proprietary interest in the success of the Company.

SHARES SUBJECT TO THE 2003 PLAN

The Plan provides for the direct award or sales of Common Stock and for the grant of options to purchase Common Stock. Shares offered under the Plan may be authorized but unissued shares or treasury shares.

ADMINISTRATION THE 2003 PLAN

The Plan may be administered by one or more committees of the Board of Directors. If no Committee has been appointed, the entire Board of Directors shall administer the Plan. All decisions, interpretations, and other actions of the Board shall be final and binding on all Purchasers, all Optionees, and all persons deriving their rights from a purchase or option. No Committee has been formed as of the date of this proxy statement.

ELIGIBILITY

Only employees, outside directors, and consultants shall be eligible for the grant of Options or the direct award or sale of Shares. Only Employees shall be eligible for the grant of Incentive Stock Options (ISOs).

STOCK SUBJECT TO PLAN

The aggregate number of Shares that may be issued under the Plan shall not exceed fifteen percent (15%) of the total outstanding Shares. Currently 1,389,020 shares, representing 15% of the outstanding shares, are reserved.

12

TERMS AND CONDITIONS OF AWARDS OR SALES

Stock Purchase Agreement

Each award or sale of Shares under the Plan (other than upon exercise of an Option) shall be evidenced by a Stock Purchase Agreement between the Purchaser and the Company. Such award or sale shall be subject to all applicable terms and conditions of the Plan and may be subject to any other terms and conditions which are not inconsistent with the Plan and which the Board of Directors deems appropriate for inclusion in a Stock Purchase Agreement. The provisions of the various Stock Purchase Agreements entered into under the Plan need not be identical.

Duration of Offers

Any right to acquire Shares under the Plan (other than an Option) shall automatically expire if not exercised by the Purchaser within thirty (30) days after the grant of such right was communicated to the Purchaser by the Company. Such right shall not be transferable and shall be exercisable only by the Purchaser to whom such right was granted.

Edgar Filing: HYDRON TECHNOLOGIES INC - Form DEF 14A

Purchase Price

The Purchase Price of Shares to be offered under the Plan, if newly issued, shall not be less than the par value of such Shares. Subject to the preceding sentence, the Purchase Price shall be determined by the Board of Directors at its sole discretion.

Withholding Taxes

As a condition to the purchase of Shares, the Purchaser shall make such arrangements as the Board of Directors may require for the satisfaction of any federal, state, local or foreign withholding tax obligations that may arise in connection with such purchase.

Restrictions on Transfer of Shares

Any Shares awarded or sold under the Plan shall be subject to such special forfeiture conditions, rights of repurchase, rights of first refusal and other transfer restrictions as the Board of Directors may determine. Such restrictions shall be set forth in the applicable Stock Purchase Agreement and shall apply in addition to any restrictions that may apply to holders of Shares generally.

Accelerated Vesting

Unless the applicable Stock Purchase Agreement provides otherwise, any right to repurchase a Purchaser's Shares at the original Purchase Price (if any) upon termination of the Purchaser's Service shall lapse and all of such Shares shall become vested if:

- (i) The Company is subject to a Change in Control before the Purchaser's Service terminates; and
- (ii) Either (A) the repurchase right is not assigned to the entity that employs the Purchaser immediately after the Change in Control or to its parent or subsidiary or (B) the Purchaser is subject to an Involuntary Termination within twelve (12) months following such Change in Control.

13

Involuntary Termination

"Involuntary Termination" shall mean the termination of the Optionee's or Purchaser's Service by reason of:

- (i) The involuntary discharge of the Optionee or Purchaser by the Company (or the Parent or Subsidiary employing him or her) for reasons other than Cause; or
- (ii) The voluntary resignation of the Optionee or Purchaser following (A) a change in his or her position with the Company (or the Parent or Subsidiary employing him or her) that materially reduces his or her level of authority or responsibility or (B) a reduction in his or her compensation (including base salary, fringe benefits and participation in bonus or incentive programs based on corporate performance) by more than 10%.

Cause

"Cause" shall mean (i) the unauthorized use or disclosure of the confidential

Edgar Filing: HYDRON TECHNOLOGIES INC - Form DEF 14A

information or trade secrets of the Company, which use or disclosure causes material harm to the Company, (ii) conviction of, or a plea of "guilty" or "no contest" to, a felony under the laws of the United States or any state thereof, (iii) gross negligence or (iv) continued failure to perform assigned duties after receiving written notification from the Board of Directors. The foregoing, however, shall not be deemed an exclusive list of all acts or omissions that the Company (or a Parent or Subsidiary) may consider as grounds for the discharge of an Optionee or Purchaser.

TERMS AND CONDITIONS OF OPTIONS

Stock Option Agreement

Each grant of an Option under the Plan shall be evidenced by a Stock Option Agreement between the Optionee and the Company. Such Option shall be subject to all applicable terms and conditions of the Plan and may be subject to any other terms and conditions which are not inconsistent with the Plan and which the Board of Directors deems appropriate for inclusion in a Stock Option Agreement. The provisions of the various Stock Option Agreements entered into under the Plan need not be identical.

Number of Shares

Each Stock Option Agreement shall specify the number of Shares that are subject to the Option and shall provide for the adjustment of such number in accordance with Section 8 of the Plan. The Stock Option Agreement shall also specify whether the Option is an ISO or a Nonstatutory Option.

Exercise Price

Each Stock Option Agreement shall specify the Exercise Price. The Exercise Price of an ISO shall not be less than one hundred percent (100%) of the Fair Market Value of a Share on the date of grant, and a higher percentage may be required by Section 3(b) of the Plan. The Exercise Price of a Nonstatutory Option to purchase newly issued Shares shall not be less than the par value of such Shares. Subject to the preceding two sentences, the Exercise Price under an Option shall be determined by the Board of Directors at its sole discretion.

14

Withholding Taxes

As a condition to the exercise of an Option, the Optionee shall make such arrangements as the Board of Directors may require for the satisfaction of any federal, state, local or foreign withholding tax obligations that may arise in connection with such exercise. The Optionee shall also make such arrangements as the Board of Directors may require for the satisfaction of any federal, state, local or foreign withholding tax obligations that may arise in connection with the disposition of Shares acquired by exercising an Option.

Exercisability

Each Stock Option Agreement shall specify the date when all or any installment of the Option is to become exercisable. The exercisability provisions of a Stock Option Agreement shall be determined by the Board of Directors at its sole discretion.

Accelerated Exercisability

Unless the applicable Stock Option Agreement provides otherwise, all of an

Edgar Filing: HYDRON TECHNOLOGIES INC - Form DEF 14A

Optionee's Options shall become exercisable in full if:

- (i) The Company is subject to a Change in Control before the Optionee's Service terminates; and
- (ii) Either (A) such Options do not remain outstanding, such Options are not assumed by the surviving corporation or its parent, and the surviving corporation or its parent does not substitute options with substantially the same terms for such Options or (B) the Optionee is subject to an Involuntary Termination within twelve (12) months following such Change in Control.

Basic Terms

The Stock Option Agreement shall specify the term of the Option. The term shall not exceed ten (10) years from the date of grant, and in the case of an ISO a shorter term may be required. Subject to the preceding sentence, the Board of Directors at its sole discretion shall determine when an Option is to expire. A Stock Option Agreement may provide for expiration prior to the end of its term in the event of the termination of the Optionee's Service or death.

Nontransferability

No Option shall be transferable by the Optionee other than by beneficiary designation, will, or the laws of descent and distribution. An Option may be exercised during the lifetime of the Optionee only by the Optionee or by the Optionee's guardian or legal representative. No Option or interest therein may be transferred, assigned, pledged or hypothecated by the Optionee during the Optionee's lifetime, whether by operation of law or otherwise, or be made subject to execution, attachment or similar process.

15

No Rights as a Shareholder

An Optionee, or a transferee of an Optionee, shall have no rights as a shareholder with respect to any Shares covered by the Optionee's Option until such person becomes entitled to receive such Shares by filing a notice of exercise and paying the Exercise Price pursuant to the terms of such Option.

Modification, Extension and Assumption of Options

Within the limitations of the Plan, the Board of Directors may modify, extend or assume outstanding Options or may accept the cancellation of outstanding Options (whether granted by the Company or another issuer) in return for the grant of new Options for the same or a different number of Shares and at the same or a different Exercise Price. The foregoing notwithstanding, no modification of an Option shall, without the consent of the Optionee, impair the Optionee's rights or increase the Optionee's obligations under such Option.

Restrictions on Transfer of Shares

Any Shares issued upon exercise of an Option shall be subject to such special forfeiture conditions, rights of repurchase, rights of first refusal and other transfer restrictions as the Board of Directors may determine. Such restrictions shall be set forth in the applicable Stock Option Agreement and shall apply in addition to any restrictions that may apply to holders of Shares generally.

Accelerated Vesting

Edgar Filing: HYDRON TECHNOLOGIES INC - Form DEF 14A

Unless the applicable Stock Option Agreement provides otherwise, any right to repurchase an Optionee's Shares at the original Exercise Price upon termination of the Optionee's Service shall lapse and all of such Shares shall become vested if:

- (i) The Company is subject to a Change in Control before the Purchaser's Service terminates; and
- (ii) Either (A) the repurchase right is not assigned to the entity that employs the Optionee immediately after the Change in Control or to its parent or subsidiary or (B) the Optionee is subject to an Involuntary Termination within twelve (12) months following such Change in Control.

DURATION AND AMENDMENTS

Term of the Plan

The Plan, as set forth herein, shall become effective on the date of its adoption by the Board of Directors, subject to the approval of the Company's stockholders. In the event that the stockholders fail to approve the Plan within 12 months after its adoption by the Board of Directors, any grants of Options or sales or awards of Shares that have already occurred shall be rescinded, and no additional grants, sales, or awards shall be made thereafter under the Plan. The Plan shall terminate automatically ten (10) years after its adoption by the Board of Directors and may be terminated on any earlier date pursuant to Subsection (b) below.

Right to Amend or Terminate the Plan

The Board of Directors may amend, suspend or terminate the Plan at any time and for any reason; provided, however, that any amendment of the Plan which increases the number of Shares available for issuance under the Plan (except as provided in Section 8) hereof, or which materially changes the class of persons who are eligible for the grant of ISOs, shall be subject to the approval of the Company's stockholders. Stockholder approval shall not be required for any other amendment of the Plan.

16

EFFECT OF AMENDMENT OR TERMINATION

No Shares shall be issued or sold under the Plan after the termination thereof, except upon exercise of an Option granted prior to such termination. The termination of the Plan, or any amendment thereof, shall not affect any Share previously issued or any Option previously granted under the Plan.

PROPOSAL NO. 3: RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

GENERAL

The Audit Committee of the Board of Directors has selected DaszkalBolton LLP, certified public accountants, to audit the Company's financial statements for the year ending December 31, 2004. DaszkalBolton LLP has audited the Company's financial statements for the last three years. The shareholders are asked to ratify the appointment of DaszkalBolton LLP as the Company's independent auditors for the year ended December 31, 2004. DaszkalBolton LLP was appointed by the Audit Committee in accordance with its charter.

In the event shareholders fail to ratify the appointment, the Audit Committee may reconsider this appointment. Even if the appointment is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent accounting firm at any time during the year if the Audit Committee determines that such a change would be in the Company's and shareholders' best interests.

The Audit Committee has approved all services provided by DaszkalBolton LLP. A representative of DaszkalBolton LLP is expected to be present at the Meeting with the opportunity to make a statement if he or she desires to do so, and is expected to be available to respond to appropriate questions.

VOTE REQUIRED

If a quorum is present and voting, the affirmative vote of a majority of the votes cast affirmatively or negatively on this proposal at the Meeting is necessary to ratify the appointment of DaszkalBolton LLP as the Company's independent auditors for the year ending December 31, 2004.

	2003	2002

 - (2) Represents fees for services provided in connection with tax planning and the preparation of the Company's tax returns

The Audit Committee has established pre-approved policies and procedures with respect to audit and permitted non-audit services to be provided by its independent auditors. The Audit Committee has concluded that DaszkalBolton LLP's provision of the audit and permitted non-audit services described above is compatible with maintaining DaszkalBolton LLP's independence and were approved in advance. The Audit Committee's pre-approval policies do not permit the delegation of the Audit Committees responsibilities to Management.

REPORT OF THE AUDIT COMMITTEE

The following Report of the Audit Committee shall not be deemed to be "soliciting material" or to be "filed" with the SEC nor shall this information be incorporated by reference into any future filing under the 33 Act or the 34 Act, except to the extent that Hydron specifically incorporates it by reference into such filing.

The Audit Committee currently consists of Joshua Rochlin and Ronald J. Saul ("Committee"). All members of the Committee meet the independence and experience requirements of Nasdaq applicable to securities designated as national market system securities.

The Board of Directors has adopted a written charter for the Committee that is attached as Attachment A to this proxy statement. This charter was amended during fiscal year 2003 in response to new regulatory requirements, including the Sarbanes-Oxley Act of 2002 and related rules and regulations proposed or issued by the SEC and Nasdaq.

The Committee is responsible for overseeing Hydron's accounting and financial reporting processes and audits of Hydron's financial statements. As set forth in its charter, the Committee acts only in an oversight capacity and relies on the work and assurances of both Management, which has primary responsibilities for Hydron's financial statements and reports, as well as the independent auditors who are responsible for expressing an opinion on the conformity of Hydron's audited financial statements to generally accepted accounting policies.

The Committee met four times either in person or by telephone during fiscal year 2003. In the course of these meetings, the Committee met with Management and Hydron's independent auditors and reviewed the results of the external audit examinations, evaluations of Hydron's internal controls and the overall quality of Hydron's financial reporting.

The Committee believes that a candid, substantive, and focused dialogue with the independent auditors is fundamental to the Committees oversight responsibilities. To support this belief, the Committee periodically ensures

Edgar Filing: HYDRON TECHNOLOGIES INC - Form DEF 14A

that there is an opportunity to meet separately with the independent auditors, without Management present. In the course of its discussions in these meetings, the Committee asked a number of questions intended to bring to light any areas of potential concern related to Hydron's financial reporting and internal controls. These questions include:

- o Are there any significant accounting judgments, estimates or adjustments made by management in preparing the financial statements that would have been made differently had the auditors themselves prepared and been responsible for the financial statements?
- o Based on the auditor's experience, and their knowledge of the Company, do the Company's financial statements fairly present to investors, with clarity and completeness, the Company's financial position and performance for the reporting period in accordance with generally accepted accounting principles and SEC disclosure requirements?
- o Based on the auditor's experience, and their knowledge of the Company, has the Company implemented internal controls and internal audit procedures that are appropriate for the Company?

The Committee recommended the engagement of DaszkalBolton LLP as Hydron's independent auditors for fiscal year 2003 and reviewed with the independent auditors their respective overall audit scope and plans. In reaching its recommendation, the Committee considered the qualifications of DaszkalBolton LLP and discussed with DaszkalBolton LLP their independence, including a review of the audit and non-audit services provided by them to Hydron. The Committee also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, as amended by Statement on Auditing Standards No. 90, and by the Sarbanes-Oxley Act of 2002, and it received and discussed with the independent auditors their written report required by Independence Standards Board Standard No. 1.

20

Management has reviewed the audited financial statements for fiscal year 2003 with the Committee, including a discussion of the quality and acceptability of the financial reporting, the reasonableness of significant accounting judgments and estimates and the clarity of disclosures in the financial statements. In connection with this review and discussion, the Committee asked a number of follow-up questions of management and the independent auditors to help give the Committee comfort in connection with its review.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2003 for filing with the SEC.

A-1

REQUIRED PROCESS

External Auditors

The Audit Committee shall be directly responsible for the appointment, compensation, oversight of the work of any public accounting firm employed for preparing or issuing an audit report or related work ("External Auditor"). Each such public accounting firm shall report directly to the Audit Committee. The Committee shall have the sole authority to hire, determine funding for, evaluate, and fire the External Auditor.

The Audit Committee:

- a. selects, evaluates, and replaces the External Auditor as appropriate;
- b. reviews annual audit plans and assesses the External Auditor's performance against plan;
- c. receives annually from the External Auditor a formal written statement on its independence: discusses any relationships or issues that could hinder the External Auditor's independence and objectivity, and determines if additional steps need to be taken to ensure such independence;
- d. approves in advance all audit and non-audit services to be provided by the External Auditor, which are permissible under the law. In considering whether to approve such services, the Audit Committee will consider the following:
 - (1) whether the service is being performed principally for the Audit Committee;
 - (2) the effects of the service, if any, on audit effectiveness or on the quality, and timeliness of the Company's financial reporting process;

Edgar Filing: HYDRON TECHNOLOGIES INC - Form DEF 14A

- (3) whether the service would be performed by specialists (e.g., technology specialists) who ordinarily also provide recurring audit support;
- (4) whether the service would be performed by audit personnel and, if so, whether it will enhance their knowledge of the Company's business and operations;
- (5) whether the role of those performing the service would be inconsistent with the auditor's role (e.g., a role where neutrality, impartiality, and auditor skepticism are likely to be subverted);
- (6) whether the audit firm's personnel would be assuming a management role or creating a mutuality of interest with management;
- (7) whether the auditors, in effect, would be "auditing their own numbers";
- (8) whether the project must be started and completed very quickly;
- (9) whether the audit firm has unique expertise in the service; and
- (10) the size of the fee(s) for the non-audit service(s).

A-2

The Committee may designate this role to one or more designated members of the Committee, who shall report their activity to the Committee;

- e. establishes rules and procedures that reasonably ensure that the External Auditor does not perform any of the following prohibited procedures:

 - (2) financial information systems design and implementation;
 - (3) appraisal or valuation services, fairness opinions, or contribution-in-kind reports;
 - (4) actuarial services;
 - (5) internal audit outsourcing services;
 - (6) management functions or human resources;
 - (7) broker or dealer, investment adviser, or investment banking services;
 - (8) legal services and expert services unrelated to the audit; and
 - (9) any other service that the Board determines is impermissible.
- f. ascertains whether all non-audit services provided by the External Auditor are disclosed in quarterly and annual financial reports;

Edgar Filing: HYDRON TECHNOLOGIES INC - Form DEF 14A

- g. meets privately with the External Auditor at regular meetings and on an as needed basis;
- h. reviews the External Auditor's report on:
 - (1) the quality of accounting and disclosure and the accounting principles applied;
 - (2) the reasonableness of judgments and estimates used in preparing the financial statements, including assumptions made and the completeness of the related disclosures;
 - (3) all critical accounting policies and practices used;
 - (4) all alternative treatments of financial information within generally accepted accounting principles that have been discussed with Company management, ramifications of the use of such alternative disclosures and treatments including for any off-balance sheet transactions, and the treatment preferred by the External Auditor;
 - (5) other material written communications between the External Auditor and the Company's management, including all management letters or comments;
- i. resolves disagreements between management and the External Auditor regarding financial reporting.

A-3

- (6) the schedule of unadjusted differences; and
- (7) the effectiveness of the Company's internal controls in providing reasonable assurance that the financial statements and disclosures are fairly presented, comply with the legal and regulatory requirements, and provide timely detection of fraud.

1. Related-Party Transactions

The Committee shall review and approve all related-party transactions for which Audit Committee approval is required by applicable law (including Nasdaq rules) or required to be disclosed in the Company's financial statement or SEC filings.

HYDRON TECHNOLOGIES, INC. 2003 STOCK PLAN

B-2

SECTION 1. ESTABLISHMENT AND PURPOSE.

The purpose of the Plan is to offer selected individuals an opportunity to acquire a proprietary interest in the success of the Company, or to increase such interest, by purchasing Shares of the Company's Stock. The Plan provides both for the direct award or sale of Shares and for the grant of Options to purchase Shares. Options granted under the Plan may include Nonstatutory Options as well as ISOs intended to qualify under Section 422 of the Code.

Capitalized terms are defined in Section 12 hereof.

SECTION 2. ADMINISTRATION.

(a) COMMITTEES OF THE BOARD OF DIRECTORS. The Plan may be administered by one or more Committees. Each Committee shall consist of two or more members of the Board of Directors who have been appointed by the Board of Directors. Each Committee shall have such authority and be responsible for such functions as the Board of Directors has assigned to it. If no Committee has been appointed, the entire Board of Directors shall administer the Plan. Any reference to the Board of Directors in the Plan shall be construed as a reference to the Committee (if

Edgar Filing: HYDRON TECHNOLOGIES INC - Form DEF 14A

any) to which the Board of Directors has assigned a particular function.

(b) AUTHORITY OF THE BOARD OF DIRECTORS. Subject to the provisions of the Plan, the Board of Directors shall have full authority and discretion to take any actions it deems necessary or advisable for the administration of the Plan. All decisions, interpretations, and other actions of the Board of Directors shall be final and binding on all Purchasers, all Optionees, and all persons deriving their rights from a Purchaser or Optionee.

SECTION 3. ELIGIBILITY.

(a) GENERAL RULE. Only Employees, Outside Directors, and Consultants shall be eligible for the grant of Options or the direct award or sale of Shares. Only Employees shall be eligible for the grant of ISOs.

(b) TEN-PERCENT STOCKHOLDERS. An individual who owns more than ten percent (10%) of the total combined voting power of all classes of outstanding stock of the Company, its Parent or any of its Subsidiaries shall not be eligible for the grant of an ISO unless (i) the Exercise Price is at least 110% of the Fair Market Value of a Share on the date of grant and (ii) such ISO by its terms is not exercisable after the expiration of five years from the date of grant. For purposes of this Subsection (b), in determining stock ownership, the attribution rules of Section 424(d) of the Code shall be applied.

SECTION 4. STOCK SUBJECT TO PLAN.

(a) BASIC LIMITATION. Shares offered under the Plan may be authorized but unissued Shares or treasury Shares. The aggregate number of Shares that may be issued under the Plan (upon exercise of Options or other rights to acquire Shares) shall not exceed fifteen percent (15%) of the total outstanding Shares, subject to adjustment pursuant to Section 8 hereof. The number of Shares that are subject to Options or other rights outstanding at any time under the Plan shall not exceed the number of Shares that then remain available for issuance under the Plan. The Company, during the term of the Plan, shall at all times reserve and keep available sufficient Shares to satisfy the requirements of the Plan.

B-3

(b) ADDITIONAL SHARES. In the event that any outstanding Option or other right for any reason expires or is canceled or otherwise terminated, the Shares allocable to the unexercised portion of such Option or other right shall again be available for the purposes of the Plan. In the event that Shares issued under the Plan are reacquired by the Company pursuant to any forfeiture provision, right of repurchase or right of first refusal, such Shares shall again be available for the purposes of the Plan, except that the aggregate number of Shares which may be issued upon the exercise of ISOs shall in no event exceed ten percent (10%) of the total outstanding Shares (subject to adjustment pursuant to Section 8).

SECTION 5. TERMS AND CONDITIONS OF AWARDS OR SALES.

(a) STOCK PURCHASE AGREEMENT. Each award or sale of Shares under the Plan (other than upon exercise of an Option) shall be evidenced by a Stock Purchase Agreement between the Purchaser and the Company. Such award or sale shall be subject to all applicable terms and conditions of the Plan and may be subject to any other terms and conditions which are not inconsistent with the Plan and which the Board of Directors deems appropriate for inclusion in a Stock Purchase Agreement. The provisions of the various Stock Purchase Agreements entered into under the Plan need not be identical.

Edgar Filing: HYDRON TECHNOLOGIES INC - Form DEF 14A

(b) DURATION OF OFFERS AND NONTRANSFERABILITY OF RIGHTS. Any right to acquire Shares under the Plan (other than an Option) shall automatically expire if not exercised by the Purchaser within thirty (30) days after the grant of such right was communicated to the Purchaser by the Company. Such right shall not be transferable and shall be exercisable only by the Purchaser to whom such right was granted.

(c) PURCHASE PRICE. The Purchase Price of Shares to be offered under the Plan, if newly issued, shall not be less than the par value of such Shares. Subject to the preceding sentence, the Purchase Price shall be determined by the Board of Directors at its sole discretion. The Purchase Price shall be payable in a form described in Section 7 hereof.

(d) WITHHOLDING TAXES. As a condition to the purchase of Shares, the Purchaser shall make such arrangements as the Board of Directors may require for the satisfaction of any federal, state, local or foreign withholding tax obligations that may arise in connection with such purchase.

(e) RESTRICTIONS ON TRANSFER OF SHARES. Any Shares awarded or sold under the Plan shall be subject to such special forfeiture conditions, rights of repurchase, rights of first refusal and other transfer restrictions as the Board of Directors may determine. Such restrictions shall be set forth in the applicable Stock Purchase Agreement and shall apply in addition to any restrictions that may apply to holders of Shares generally.

(f) ACCELERATED VESTING. Unless the applicable Stock Purchase Agreement provides otherwise, any right to repurchase a Purchaser's Shares at the original Purchase Price (if any) upon termination of the Purchaser's Service shall lapse and all of such Shares shall become vested if:

(i) The Company is subject to a Change in Control before the Purchaser's Service terminates; and

(ii) Either (A) the repurchase right is not assigned to the entity that employs the Purchaser immediately after the Change in Control or to its parent or subsidiary or (B) the Purchaser is subject to an Involuntary Termination within twelve (12) months following such Change in Control.

B-4

(g) "INVOLUNTARY TERMINATION" shall mean the termination of the Optionee's or Purchaser's Service by reason of:

(i) The involuntary discharge of the Optionee or Purchaser by the Company (or the Parent or Subsidiary employing him or her) for reasons other than Cause; or

(ii) The voluntary resignation of the Optionee or Purchaser following (A) a change in his or her position with the Company (or the Parent or Subsidiary employing him or her) that materially reduces his or her level of authority or responsibility or (B) a reduction in his or her compensation (including base salary, fringe benefits and participation in bonus or incentive programs based on corporate performance) by more than 10%.

(h) "CAUSE" shall mean (i) the unauthorized use or disclosure of the confidential information or trade secrets of the Company, which use or disclosure causes material harm to the Company, (ii) conviction of, or a plea of

Edgar Filing: HYDRON TECHNOLOGIES INC - Form DEF 14A

"guilty" or "no contest" to, a felony under the laws of the United States or any state thereof, (iii) gross negligence or (iv) continued failure to perform assigned duties after receiving written notification from the Board of Directors. The foregoing, however, shall not be deemed an exclusive list of all acts or omissions that the Company (or a Parent or Subsidiary) may consider as grounds for the discharge of an Optionee or Purchaser.

SECTION 6. TERMS AND CONDITIONS OF OPTIONS.

(a) STOCK OPTION AGREEMENT. Each grant of an Option under the Plan shall be evidenced by a Stock Option Agreement between the Optionee and the Company. Such Option shall be subject to all applicable terms and conditions of the Plan and may be subject to any other terms and conditions which are not inconsistent with the Plan and which the Board of Directors deems appropriate for inclusion in a Stock Option Agreement. The provisions of the various Stock Option Agreements entered into under the Plan need not be identical.

(b) NUMBER OF SHARES. Each Stock Option Agreement shall specify the number of Shares that are subject to the Option and shall provide for the adjustment of such number in accordance with Section 8 hereof. The Stock Option Agreement shall also specify whether the Option is an ISO or a Nonstatutory Option.

(c) EXERCISE PRICE. Each Stock Option Agreement shall specify the Exercise Price. The Exercise Price of an ISO shall not be less than one hundred percent (100%) of the Fair Market Value of a Share on the date of grant, and a higher percentage may be required by Section 3(b) hereof. The Exercise Price of a Nonstatutory Option to purchase newly issued Shares shall not be less than the par value of such Shares. Subject to the preceding two sentences, the Exercise Price under an Option shall be determined by the Board of Directors at its sole discretion. The Exercise Price shall be payable in a form described in Section 7 hereof.

(d) WITHHOLDING TAXES. As a condition to the exercise of an Option, the Optionee shall make such arrangements as the Board of Directors may require for the satisfaction of any federal, state, local or foreign withholding tax obligations that may arise in connection with such exercise. The Optionee shall also make such arrangements as the Board of Directors may require for the satisfaction of any federal, state, local or foreign withholding tax obligations that may arise in connection with the disposition of Shares acquired by exercising an Option.

B-5

(e) EXERCISABILITY. Each Stock Option Agreement shall specify the date when all or any installment of the Option is to become exercisable. The exercisability provisions of a Stock Option Agreement shall be determined by the Board of Directors at its sole discretion.

(f) ACCELERATED EXERCISABILITY. Unless the applicable Stock Option Agreement provides otherwise, all of an Optionee's Options shall become exercisable in full if:

(i) The Company is subject to a Change in Control before the Optionee's Service terminates; and

(ii) Either (A) such Options do not remain outstanding, such Options are not assumed by the surviving corporation or its parent, and the surviving corporation or its parent does not substitute options with substantially the same terms for such Options or (B) the Optionee is subject to an Involuntary Termination within twelve (12) months following

Edgar Filing: HYDRON TECHNOLOGIES INC - Form DEF 14A

such Change in Control.

(g) BASIC TERM. The Stock Option Agreement shall specify the term of the Option. The term shall not exceed ten (10) years from the date of grant, and in the case of an ISO a shorter term may be required by Section 3(b) hereof. Subject to the preceding sentence, the Board of Directors at its sole discretion shall determine when an Option is to expire. A Stock Option Agreement may provide for expiration prior to the end of its term in the event of the termination of the Optionee's Service or death.

(h) NONTRANSFERABILITY. No Option shall be transferable by the Optionee other than by beneficiary designation, will, or the laws of descent and distribution. An Option may be exercised during the lifetime of the Optionee only by the Optionee or by the Optionee's guardian or legal representative. No Option or interest therein may be transferred, assigned, pledged or hypothecated by the Optionee during the Optionee's lifetime, whether by operation of law or otherwise, or be made subject to execution, attachment or similar process.

(i) NO RIGHTS AS A SHAREHOLDER. An Optionee, or a transferee of an Optionee, shall have no rights as a shareholder with respect to any Shares covered by the Optionee's Option until such person becomes entitled to receive such Shares by filing a notice of exercise and paying the Exercise Price pursuant to the terms of such Option.

(j) MODIFICATION, EXTENSION AND ASSUMPTION OF OPTIONS. Within the limitations of the Plan, the Board of Directors may modify, extend or assume outstanding Options or may accept the cancellation of outstanding Options (whether granted by the Company or another issuer) in return for the grant of new Options for the same or a different number of Shares and at the same or a different Exercise Price. The foregoing notwithstanding, no modification of an Option shall, without the consent of the Optionee, impair the Optionee's rights or increase the Optionee's obligations under such Option.

(k) RESTRICTIONS ON TRANSFER OF SHARES. Any Shares issued upon exercise of an Option shall be subject to such special forfeiture conditions, rights of repurchase, rights of first refusal and other transfer restrictions as the Board of Directors may determine. Such restrictions shall be set forth in the applicable Stock Option Agreement and shall apply in addition to any restrictions that may apply to holders of Shares generally.

(l) ACCELERATED VESTING. Unless the applicable Stock Option Agreement provides otherwise, any right to repurchase an Optionee's Shares at the original Exercise Price upon termination of the Optionee's Service shall lapse and all of such Shares shall become vested if:

B-6

(i) The Company is subject to a Change in Control before the Optionee's Service terminates; and

(ii) Either (A) the repurchase right is not assigned to the entity that employs the Optionee immediately after the Change in Control or to its parent or subsidiary or (B) the Optionee is subject to an Involuntary Termination within twelve (12) months following such Change in Control.

SECTION 7. PAYMENT FOR SHARES.

(a) GENERAL RULE. The entire Purchase Price or Exercise Price of Shares issued under the Plan shall be payable in cash or cash equivalents at the time

Edgar Filing: HYDRON TECHNOLOGIES INC - Form DEF 14A

when such Shares are purchased, except as otherwise provided in this Section 7.

(b) SURRENDER OF STOCK. To the extent that a Stock Option Agreement so provides, all or any part of the Exercise Price may be paid by surrendering, or attesting to the ownership of, Shares that are already owned by the Optionee. Such Shares shall be surrendered to the Company in good form for transfer and shall be valued at their Fair Market Value on the date when the Option is exercised. The Optionee shall not surrender, or attest to the ownership of, Shares in payment of the Exercise Price if such action would cause the Company to recognize compensation expense (or additional compensation expense) with respect to the Option for financial reporting purposes.

(c) SERVICES RENDERED. At the discretion of the Board of Directors, Shares may be awarded under the Plan in consideration of services rendered to the Company, a Parent or a Subsidiary prior to the award. At the discretion of the Board of Directors, Shares may also be awarded under the Plan in consideration of services to be rendered to the Company, a Parent, or a Subsidiary after the award, except that the par value of such Shares, if newly issued, shall be paid in cash or cash equivalents.

(d) RELINQUISHMENT OF PORTION OF OPTION OR STOCK AWARD. All or any part of the Exercise Price or Purchase Price, as the case may be, may be paid by relinquishing a portion any unexercised option to purchase Shares or any Shares included in a Stock Award having a Fair Market Value equal to the aggregate Exercise Price or Purchase Price, respectively, but only to the extent that such option is immediately exercisable by the Optionee under the terms of such option, or such Shares are not subject to a right of repurchase or forfeiture to the Company. For purposes of this Subsection (d), "Fair Market Value" for such option to be relinquished means the difference between the Fair Market Value for a Share on the date of exercise and the Purchase Price for such option to be relinquished.

(e) EXERCISE/SALE. To the extent that a Stock Option Agreement so provides, and if Stock is publicly traded, payment may be made all or in part by the delivery (on a form prescribed by the Company) of an irrevocable direction to a securities broker approved by the Company to sell Shares and to deliver all or part of the sales proceeds to the Company in payment of all or part of the Exercise Price and any withholding taxes.

(f) EXERCISE/PLEDGE. To the extent that a Stock Option Agreement so provides, and if Stock is publicly traded, payment may be made all or in part by the delivery (on a form prescribed by the Company) of an irrevocable direction to pledge Shares to a securities broker or lender approved by the Company, as security for a loan, and to deliver all or part of the loan proceeds to the Company in payment of all or part of the Exercise Price and any withholding taxes.

B-7

SECTION 8. ADJUSTMENT OF SHARES.

(a) GENERAL. In the event of a subdivision of the outstanding Stock, a declaration of a dividend payable in Shares, a declaration of an extraordinary dividend payable in a form other than Shares in an amount that has a material effect on the Fair Market Value of the Stock, a combination or consolidation of the outstanding Stock into a lesser number of Shares, a recapitalization, a spin-off, a reclassification or a similar occurrence, the Board of Directors shall make appropriate adjustments in one or more of (i) the number of Shares available for future grants under Section 4 hereof, (ii) the number of Shares covered by each outstanding Option, or (iii) the Exercise Price under each

Edgar Filing: HYDRON TECHNOLOGIES INC - Form DEF 14A

outstanding Option.

(b) MERGERS AND CONSOLIDATIONS. In the event that the Company is a party to a merger or consolidation, outstanding Options shall be subject to the agreement of merger or consolidation. Such agreement, without the Optionee's consent, may provide for:

(i) The continuation of such outstanding Options by the Company (if the Company is the surviving corporation);

(ii) The assumption of the Plan and such outstanding Options by the surviving corporation or its parent;

(iii) The substitution by the surviving corporation or its parent of options with substantially the same terms for such outstanding Options; or

(iv) The cancellation of each outstanding Option after payment to the Optionee of an amount in cash or cash equivalents equal to (A) the Fair Market Value of the Shares subject to such Option at the time of the merger or consolidation minus (B) the Exercise Price of the Shares subject to such Option.

(c) RESERVATION OF RIGHTS. Except as provided in this Section 8, an Optionee or Purchaser shall have no rights by reason of (i) any subdivision or consolidation of shares of stock of any class, (ii) the payment of any dividend, or (iii) any other increase or decrease in the number of shares of stock of any class. Any issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall not affect, and no adjustment by reason thereof shall be made with respect to, the number or Exercise Price of Shares subject to an Option. The grant of an Option pursuant to the Plan shall not affect in any way the right or power of the Company to make adjustments, reclassifications, reorganizations or changes of its capital or business structure, to merge or consolidate or to dissolve, liquidate, sell or transfer all or any part of its business or assets.

SECTION 9. SECURITIES LAW REQUIREMENTS.

Shares shall not be issued under the Plan unless the issuance and delivery of such Shares comply with (or are exempt from) all applicable requirements of law, including (without limitation) the Securities Act of 1933, as amended, the rules and regulations promulgated thereunder, state securities laws and regulations, and the regulations of any stock exchange or other securities market on which the Company's securities may then be traded.

SECTION 10. NO RETENTION RIGHTS.

Nothing in the Plan or in any right or Option granted under the Plan shall confer upon the Purchaser or Optionee any right to continue in Service for any period of specific duration or interfere with or otherwise restrict in any way the rights of the Company (or any Parent or Subsidiary employing or retaining the Purchaser or Optionee) or of the Purchaser or Optionee, which rights are hereby expressly reserved by each, to terminate his or her Service at any time and for any reason, with or without cause.

B-8

SECTION 11. DURATION AND AMENDMENTS.

(a) TERM OF THE PLAN. The Plan, as set forth herein, shall become effective on the date of its adoption by the Board of Directors, subject to the approval of the Company's stockholders. In the event that the stockholders fail

Edgar Filing: HYDRON TECHNOLOGIES INC - Form DEF 14A

to approve the Plan within 12 months after its adoption by the Board of Directors, any grants of Options or sales or awards of Shares that have already occurred shall be rescinded, and no additional grants, sales or awards shall be made thereafter under the Plan. The Plan shall terminate automatically ten (10) years after its adoption by the Board of Directors and may be terminated on any earlier date pursuant to Subsection (b) below.

(b) RIGHT TO AMEND OR TERMINATE THE PLAN. The Board of Directors may amend, suspend or terminate the Plan at any time and for any reason; provided, however, that any amendment of the Plan which increases the number of Shares available for issuance under the Plan (except as provided in Section 8) hereof, or which materially changes the class of persons who are eligible for the grant of ISOs, shall be subject to the approval of the Company's stockholders. Stockholder approval shall not be required for any other amendment of the Plan.

(c) EFFECT OF AMENDMENT OR TERMINATION. No Shares shall be issued or sold under the Plan after the termination thereof, except upon exercise of an Option granted prior to such termination. The termination of the Plan, or any amendment thereof, shall not affect any Share previously issued or any Option previously granted under the Plan.
