## **MAJOR TRANSACTION AND**

### **CONTINUING CONNECTED TRANSACTION**

#### **2016 AIRCRAFT FINANCE LEASE FRAMEWORK AGREEMENT**

On 28 April 2016, the Company entered into the 2016 Aircraft Finance Lease Framework Agreement with CES Leasing, pursuant to which CES Leasing agreed to provide finance leasing to the Company in relation to the Leased Aircraft, as and when the Company considers desirable, in the interests of the Company and the Shareholders as a whole in accordance with the terms and conditions of the 2016 Aircraft Finance Lease Framework Agreement and the relevant implementation agreements contemplated thereunder.

CES Leasing is a non-wholly owned subsidiary of CEA Holding, which in turn is the controlling shareholder of the Company. Each of CES Leasing and the Lessor(s), which are wholly-owned subsidiaries of CES Leasing, is thus a connected person of the Company. Therefore, the Proposed Transactions constitutes a connected transaction of the Company under Chapter 14A of the Listing Rules.

As the highest applicable percentage ratio of the Proposed Transactions under the Listing Rules exceeds 25% on an annual basis and as the highest transaction classification of the Proposed Transactions is that of a major transaction under the Listing Rules, the 2016

Aircraft Finance Lease Framework Agreement will constitute a continuing connected transaction and major transaction of the Company under the Listing Rules. Therefore, the

2016 Aircraft Finance Lease Framework Agreement is subject to: (a) the disclosure, annual review and Independent Shareholders' approval requirements under Chapter 14A of the Listing Rules; and (b) the requirements applicable to major transactions under Chapter 14 of the Listing Rules.

A circular containing further information in relation to the Proposed Transactions, including a letter from the Independent Board Committee and a letter from the Independent Financial Advisor, both advising on the terms of the 2016 Aircraft Finance Lease Framework Agreement and other related matters under the Listing Rules, will be issued by the Company and despatched to the Shareholders no later than 20 May 2016 in accordance with Listing Rule 19A.39A.

Upon reviewing and evaluating the financial proposals submitted from independent commercial banks and the Designated Financial Institutions, whether the Company may finally mandate the finance lease for the Leased Aircraft to CES Leasing depends on the following prerequisites: (1) the stable operation of CES Leasing and its qualification and ability in engaging in large-scale aircraft finance lease transactions; (2) through requests for proposals or other bidding processes, the evaluated advantages of CES Leasing's finance proposal and its quotations for the arrangement fee over other finance proposals and their quotations for the arrangement fee; and (3) the capability of CES Leasing to issue value added tax invoices for the interest portion of finance lease, which enables the Company to deduct value added tax, and the arrangement fee being lower than the deductible value added tax in respect of the interest payments, which helps the Company reduce financing costs.

If, after such requests of proposals or other bidding processes, CES Lease is confirmed to have fulfilled the aforesaid prerequisites, the maximum aggregate rental of the aircraft finance lease transactions between the Company and CES Lease shall not exceed half of the aggregate amount of the aircraft scheduled to be introduced in 2016. Through adopting the finance lease arrangement provided by CES Leasing, and after deducting the arrangement fee payable to CES Leasing, the savable financing costs for the Company compared to adopting secured loans arrangements with equivalent interest rates are estimated to be up to USD69 million for the financial year ending 31 December 2016.

The Company introduced 14 and 23 aircraft respectively in the 2014 Aircraft Finance Lease CT and the 2015 Aircraft Finance Lease CT by adopting the finance lease arrangement provided by CES Leasing. After deducting the arrangement fee payable to CES Leasing, the Company saved financing costs of USD13 million and USD32 million respectively under such finance lease arrangement compared to adopting secured loans arrangements with equivalent interest rates.

As the implementation of the 2016 Aircraft Finance Lease Framework Agreement is subject to the above-mentioned prerequisites, the implementation agreements contemplated thereunder may not be entered into or the actual transaction amounts may be significantly lower than the proposed annual caps as set out in this announcement. Shareholders are advised to exercise caution.

## **INFORMATION ABOUT THE PARTIES**

The Company is principally engaged in the business of civil aviation.

CES Leasing is principally engaged in the provision of finance leasing and other leasing services, purchase of domestic and foreign finance lease assets, handling salvage value and maintenance of finance lease assets, and provision of advisory services and guarantee etc. for finance lease transactions.

As of 31 December 2015, the total assets and net assets of CES Leasing amounted to RMB8,598,763,714.68 and RMB1,052,032,155.39 respectively. For the year ended 31 December 2015, CES Leasing recorded net profits of RMB49,025,351.61.

The Designated Financial Institutions are principally engaged in banking services.

## **HISTORICAL TRANSACTION AMOUNTS AND PROPOSED ANNUAL CAP**

CES Leasing was established in 2014. The Company previously conducted transactions in relation to financial leasing with CES Leasing in 2014 and 2015. However, such transactions were not conducted on a continuing basis. The total amounts payable under the 2015 Aircraft Finance Lease CT and the 2014 Aircraft Finance Lease CT were expected to be not more than approximately USD1,712 million and not more than approximately USD906 million, respectively.

The total fee payable under the Proposed Transactions is the sum of the rental fee, the arrangement fee and the buy-back fee, and the total rental fee payable under the Proposed Transactions fee equals to the sum of the principal and the interest payable under each Aircraft Finance Lease. Having considered the historical transaction amounts and the Company's aircraft introduction plan for the year 2016, the proposed total annual cap in relation to the Proposed Transactions for the financial year ending 31 December 2016 amount to USD2,616 million, of which the total rental fee (including principal and interest) shall not exceed USD2,600 million and the total arrangement fee shall not exceed USD16 million (or the equivalent amount in RMB).

**REASONS FOR ENTERING INTO THE PROPOSED TRANSACTIONS AND BENEFITS EXPECTED TO ACCRUE TO THE COMPANY**

Upon reviewing and evaluating the financial proposals submitted from independent commercial banks and the Designated Financial Institutions, whether the Company may finally mandate the finance lease for the Leased Aircraft to CES Leasing depends on the following prerequisites: (1) the stable operation of CES Leasing and its qualification and ability in engaging in large-scale aircraft finance lease transactions; (2) through requests for proposals or other bidding processes, the evaluated advantages of CES Leasing's finance proposal and its quotations for the arrangement fee over other finance proposals and their quotations for the arrangement fee; and (3) the capability of CES Leasing to issue value added tax invoices for the interest portion of finance lease, which enables the Company to deduct value added tax, and the arrangement fee being lower than the deductible value added tax in respect of the interest payments, which helps the Company reduce financing costs.

If, after such requests of proposals or other bidding processes, CES Lease is confirmed to have fulfilled the aforesaid prerequisites, the maximum aggregate rental of the aircraft finance lease transactions between the Company and CES Lease shall not exceed half of the aggregate amount of the aircraft scheduled to be introduced in 2016. Through adopting the finance lease arrangement provided by CES Leasing, and after deducting the arrangement fee payable to CES Leasing, the savable financing costs for the Company for the financial year ending 31 December 2016 compared to adopting secured loans arrangements with equivalent interest rates are estimated to up to USD69 million (or the equivalent amount in RMB) for the financial year ending 31 December 2016.

The Company introduced 14 and 23 aircraft respectively in the 2014 Aircraft Finance Lease CT and the 2015 Aircraft Finance Lease CT by adopting the finance lease arrangement provided by CES Leasing. After deducting the arrangement fee payable to CES Leasing, the Company saved financing costs of USD13 million and USD32 million respectively under such finance lease arrangement compared to adopting secured loans arrangements with equivalent interest rates.

CES Leasing intends to incorporate wholly-owned subsidiaries in the China (Shanghai) Pilot Free Trade Zone or the Tianjin Dongjiang Bonded Zone of the PRC for the purpose of acting as the Lessor(s) in the Proposed Transactions. The Lessor(s), acting as the borrower(s), will sign loan agreement(s) with the Designated Financial Institutions, acting as the lender(s), in respect of each of the Leased Aircraft. Such arrangement can facilitate CES Leasing to issue value added tax invoices for the interest portion of finance lease, which enables the Company to deduct value added tax.

The terms and conditions of the Proposed Transactions are agreed after arm's length negotiations between the parties. The Directors are of the view that the Proposed Transactions are on normal commercial terms, and that the terms of the Proposed Transactions are fair and reasonable and in the interests of the Company and the Shareholders as a whole.

## **LISTING RULES IMPLICATIONS**

CES Leasing is a non-wholly owned subsidiary of CEA Holding, which in turn is the controlling shareholder of the Company. Each of CES Leasing and the Lessor(s), which are wholly-owned subsidiaries of CES Leasing, is thus a connected person of the Company. Therefore, the Proposed Transactions constitutes a connected transaction of the Company under Chapter 14A of the Listing Rules.

As the highest applicable percentage ratio of the Proposed Transactions under the Listing Rules exceeds 25% on an annual basis and as the highest transaction classification of the Proposed Transactions is that of a major transaction under the Listing Rules, the 2016 Aircraft Finance Lease Framework Agreement will constitute a continuing

connected transaction and major transaction of the Company under the Listing Rules. Therefore, the 2016 Aircraft Finance Lease Framework Agreement is subject to: (a) the disclosure, annual review and Independent Shareholders' approval requirements under Chapter 14A of the Listing Rules; and (b) the requirements applicable to major transactions under Chapter 14 of the Listing Rules.

The resolutions regarding the Proposed Transactions had been passed at the 2016 third regular meeting of the Board on 28 April 2016. As Mr. Liu Shaoyong (a Director and the Chairman of the Company), Mr. Xu Zhao (a Director) and Mr. Gu Jiadan (a Director) are members of the senior management of CEA Holding, they may be regarded as having a material interest in the Proposed Transactions. As such, they have abstained from voting at the meeting of the Board convened for the purpose of approving the Proposed Transactions. Save as disclosed above, none of the Directors has any material interests in the Proposed Transactions.

The Independent Financial Adviser has been appointed to advise the Independent Board Committee and the Independent Shareholders, and the Independent Board Committee will be established to advise the Independent Shareholders, in respect of the transactions under the 2016 Aircraft Finance Lease Framework Agreement and the proposed annual cap for the financial year ending 31 December 2016.

CEA Holding and its associates will abstain from voting on the ordinary resolutions approving the Proposed Transactions at the 2015 AGM to be convened for the purpose of approving, among others, the 2016 Aircraft Finance Lease Framework Agreement and the transactions contemplated thereunder.

On the date of this announcement, the Company also entered into the 2017–2019 Aircraft Finance Lease Framework Agreement with CES Leasing, details of which are set out in a separate announcement published by the Company on the same day. As the term of the

2016 Aircraft Finance Lease Framework Agreement, together with the term of the 2017–

2019 Aircraft Finance Lease Framework Agreement, will exceed three years, a letter from the Independent Financial Advisor will be included in the circular to be dispatched to the Shareholders explaining why a period longer than three years is required and confirming whether it is normal business practice for an agreement of this type to be of such duration pursuant to Rule 14A.52 of the Listing Rules.

A circular containing further information in relation to the Proposed Transactions, including a letter from the Independent Board Committee and a letter from the Independent Financial Advisor, both advising on the terms of the 2016 Aircraft Finance Lease Framework Agreement and other related matters under the Listing Rules, will be issued by the Company and despatched to the Shareholders no later than 20 May 2016 in accordance with Listing Rule

19A.39A.
