PROSPECTUS SUMMARY

This summary highlights certain information about us, this offering and selected information contained elsewhere in or incorporated by reference in this prospectus. This summary is not complete and does not contain all of the information that you should consider before deciding whether to invest in our common stock. For a more complete understanding of our company and this offering, we encourage you to read and consider carefully the more detailed information in this prospectus, including the information referred to under the heading “Risk Factors” in this prospectus beginning on page 6, the information incorporated by reference in this prospectus and the information in any free writing prospectus that we have authorized for use in connection with this offering.

Our Company

We are a leading developer, manufacturer and supplier of innovative flexible film products. We have designed and developed and produce, market and sell three principal lines of products:

Novelty Products, principally balloons, including foil balloons, latex balloons and other inflatable toy items, as well as Candy Blossoms (small containers of arranged candy items, often including a small inflated balloon);

Flexible Containers and Film and Sealing Devices for home and consumer use to vacuum seal, store and preserve food and personal items; and

Flexible Films for food and other packaging and commercial applications.

We leverage our technology to design and develop proprietary products which we market and sell and which we develop for our customers. We have been engaged in the business of developing and producing flexible film products for over 37 years and have acquired significant technology and know-how in that time. We own or have license rights under, or have applied for, a number of patents and trademarks covering our business and products, including our balloon products, flexible containers and sealing devices.

We market and sell our foil and latex balloon products and related novelty items throughout the United States and in a number of other countries in North America, Latin America and Europe. We supply products directly to thousands of retail stores and chains and through distributors. Our balloons and novelty products are sold to consumers through a wide variety of retail outlets, including general merchandise, discount and drugstore chains, grocery chains, card and gift shops and party goods stores, as well as through florists and vendors.

Most of our foil balloons contain printed characters, designs and social expression messages, such as “Happy Birthday” and “Get Well” and other messages. For a number of our balloon designs, we obtain licenses for well-known characters and print those characters and messages on our balloons.

We produce flexible containers and rolls of film for use in flexible containers in a variety of applications, including (i) zippered pouches with valves for vacuum sealing of food and household products and (ii) pouches and rolls of film for use with vacuum sealing machines to vacuum seal, store and protect food and household items. We market and sell flexible containers and rolls of film for consumer storage uses through retail chains and outlets throughout the United States, and we provide flexible containers to others for resale. We also market and sell vacuum sealing machines for use with pouches and rolls for the vacuum storage of food and household products.

Business Strategies

Our principal business strategies include:

Focusing on our Core Assets and Expertise. Based on our developing, producing and selling of film products for 37 years, we can develop, manufacture, market and sell innovative products of high quality within our areas of knowledge and expertise. We plan to focus our efforts on our areas of expertise – film novelty products, consumer storage pouches and sealing devices, specialty film products, laminated films and printed films – to develop new products, to market and sell our products and to increase our revenues.

Maintain a Focus on Margin Levels and Cost Controls in Order to Establish and Maintain Profitability. We consistently monitor and evaluate our cost of goods sold and our selling, general and administrative expenses in order to establish and maintain profitability.

Develop New Products, Product Improvements and Technologies. We work to develop new products, to improve existing products and to develop new technologies within our core product areas in order to enhance our competitive position and increase our sales. We seek to leverage our technology to develop new and proprietary products.

Develop New Channels of Distribution. In order to increase sales, we look to develop new channels of distribution and new sales relationships both for existing and for new products.

Enhance our Productive Capacity. We invest in new plant and equipment when appropriate to expand the range and volume of products we produce.

RISK FACTORS

An investment in our common stock involves a number of risks. Before deciding to invest in our common stock, you should carefully consider the risks described below and discussed in our Annual Report on Form 10-K for the year ended December 31, 2015 and our Quarterly Report on Form 10-Q for the quarter ended June 30, 2016, which are incorporated by reference in this prospectus, together with the other information in this prospectus, the information and documents incorporated by reference herein, and in any free writing prospectus that we have authorized for use in connection with this offering. If any of these risks actually occurs, our business, financial condition, results of operations or cash flow could be adversely affected. This could cause the trading price of our common stock to decline, resulting in a loss of all or part of your investment. The risks described below and in the documents referenced above are not the only ones that we face. Additional risks not presently known to us or that we currently deem immaterial may also affect our business.

RISKS RELATED TO THIS OFFERING

Stockholders may experience future dilution as a result of future equity offerings.

In order to raise additional capital, we may in the future offer additional shares of our common stock or other securities convertible into or exchangeable for our common stock at prices that may be lower than the price paid by investors in this offering. We cannot assure you that we will be able to sell shares or other securities in any other offerings at a price per share that is equal to or greater than the price per share paid by investors in this offering, and investors purchasing shares or other securities in the future could have rights superior to existing stockholders, including investors who purchase shares of common stock in this offering. The price per share at which we sell additional shares of our common stock or securities convertible into common stock in future transactions may be higher or lower than the price per share by investors in this offering.

Our common stock may be affected by limited trading volume and may fluctuate significantly, which may affect stockholders' ability to sell shares of our common stock.

There has been a limited public market for our common stock and a more active trading market for our common stock may not develop. An absence of an active trading market could adversely affect our stockholders' ability to sell our common stock in short time periods, or possibly at all. Our common stock has experienced, and is likely to experience in the future, significant price and volume fluctuations, which could adversely affect the market price of our common stock without regard to our operating performance. In addition, we believe that factors such as quarterly fluctuations in our financial results and changes in the overall economy or the condition of the financial markets could cause the

price of our common stock to fluctuate substantially. These factors may negatively impact stockholders' ability to sell shares of our common stock.

Our common stock may be affected by sales of short sellers, which may affect stockholders' ability to sell shares of our common stock.

As stated above, our common stock has experienced, and is likely to experience in the future, significant price and volume fluctuations. These fluctuations could cause short sellers to enter the market from time to time. The market for our stock may not be stable or appreciate over time and which may negatively impact stockholders' ability to sell shares of our common stock.

We may from time to time write off obsolete inventories resulting in higher expenses and consequently greater net losses.

As we sometimes produce product adorned with characters on a promotional schedule, over production of a certain character set could result in write-downs of our inventories. A change in ingredients or labeling requirements could also result in the obsolescence of certain inventory. Write-downs of this type could make it more difficult for us to achieve profitability.

Compliance with changing corporate governance regulations and public disclosures may result in additional risks and exposures.

Changing laws, regulations and standards relating to corporate governance and public disclosure, including the Sarbanes-Oxley Act of 2002 and new regulations from the SEC, have created uncertainty for public companies such as ours. These laws, regulations, and standards are subject to varying interpretations in many cases and, as a result, their application in practice may evolve over time as new guidance is provided by regulatory and governing bodies. This could result in continuing uncertainty regarding compliance matters and higher costs necessitated by ongoing revisions to disclosure and governance practices. As a result, our efforts to comply with evolving laws, regulations, and standards have resulted in, and are likely to continue to result in, increased expenses and significant management time and attention.

If we are unable to protect the confidentiality of our proprietary information and know-how, the value of our technology and products could be adversely affected.

In addition to patented technology, we rely on trade secrets, proprietary know-how and technological advances, which we seek to protect through agreements with our collaborators, employees and consultants. These persons and entities could breach our agreements, for which we may not have adequate remedies. In addition, others could become aware of our trade secrets or proprietary know-how through independent discovery or otherwise. If we are unable to protect the confidentiality of our proprietary information and know-how, competitors may be able to use this information to develop products that compete with our products, which could adversely impact our business.

USES OF PROCEEDS

We will not receive any proceeds from the sale of the shares offered pursuant to this prospectus. The Selling Stockholders will receive all of the proceeds from the sale of the shares of common stock offered by this prospectus. For information about the Selling Stockholders, see “Selling Stockholders.”

The Selling Stockholders will pay any commissions and expenses incurred by them in disposing of the shares. We will bear all other costs, fees and expenses incurred in effecting the registration and filing fees and fees and expenses of our counsel and accountants.

SELLING STOCKHOLDERS

Pursuant to the terms and conditions of the Registration Rights Agreement and Securities Purchase Agreement pursuant to which the common stock registered herein was privately sold to the Selling Stockholders, with such agreements being incorporated by reference to this prospectus as Exhibits to the Quarterly Report on Form 10-Q filed as of August 15, 2016 (see “*Incorporation of Certain Information by Reference*” below for more information), CTI has agreed to register 152,850 shares of common stock (the “Registrable Securities”) under the Securities Act. Accordingly, we filed this S-3, and will file any prospectus supplements required by the Securities Act, with respect to the resale of the Registrable Securities by the Selling Stockholders identified in this section. In addition, we agreed in the Registration Rights Agreement to use our best efforts to keep the registration statement effective until the earlier of (i) such time as all the Registrable Securities have been publicly sold, (ii) the date that all Registrable Securities become eligible to be sold pursuant to Rule 144, or (iii) July 29, 2017.

Subject to the restrictions described in this prospectus, the following Selling Stockholders may offer the Registrable Securities for resale from time to time. See “*Plan of Distribution*” below for more information.

Selling Stockholders Table

The table below presents information as of August 29, 2016 regarding the Selling Stockholders and the Registrable Securities, which the Selling Stockholders (and their donees, pledgees, assignees, transferees and other successors in interest) may offer and sell from time to time under this registration statement and any prospectus supplement. More specifically, the following table sets forth as to the Selling Stockholders:

The number of shares of our common stock beneficially owned by each Selling Stockholder prior to the offering for resale of any of the shares of our common stock being registered;

The number of shares of our common stock that may be offered for resale for the Selling Stockholders’ account under this registration statement; and

The number and percent of shares of our common stock to be held by the Selling Stockholders after the offering of the resale securities, assuming all of the resale shares of common stock are sold by the Selling Stockholders and that the Selling Stockholders do not acquire any other shares of our common stock prior to their assumed sale of the Registrable Securities.

None of the Selling Stockholders has held a position as an officer or director of the company, nor has any Selling Stockholder had any material relationship with us or any of our affiliates, with the exception of The Merrick Company, LLC and Schwan Leasing, LLC. The Merrick Company, LLC is an Illinois LLC wholly owned and managed solely by Stephen M. Merrick, President of CTI. Schwan Leasing, LLC is an Illinois LLC wholly owned and managed solely by John H. Schwan, Chief Executive Officer of CTI. Stephen Merrick and John Schwan have made all required filings in connection with this acquisition of Registrable Securities, including filings made pursuant to the Sections 13 and 16 of the Exchange Act.

The following table was prepared based on information supplied to us by the Selling Stockholders, as well as certain information known to us as of the date of this registration statement. In the case of The Merrick Company, LLC and Schwan Leasing, LLC, this table includes derivative securities exercisable within 60 days, as calculated in the Definitive Proxy Statement filed by CTI on April 29, 2016 and attached to this prospectus as an Exhibit. Except as indicated below, the share amounts under the columns “*Shares Beneficially Owned Before the Offering*” and “*Maximum Number of Shares Offered*” consist of the Registrable Securities, and the share amounts under the columns “*Shares Beneficially Owned After the Offering*” assume all of the offered shares are sold pursuant to this registration statement. The table does not include any warrants held by the Selling Stockholders as a result of the Securities Purchase Agreement. See “*Plan of Distribution*” for more information on the warrants.

Limitation of Liability: Indemnification

Our Restated Articles of Incorporation includes an indemnification section under which we have agreed to indemnify directors and officers of CTI from and against certain claims arising from or related to future acts or omissions as a director or officer of CTI. For example, the Company shall have power to indemnify any person who was or is party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the Company) by the reason of the fact that he is or was a director, officer, employee or agent of the Company, or is or was serving at the request of the Company as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other

enterprise, against expenses (including attorney's fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit or proceeding if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the Company and, with respect to any criminal action or proceedings, had no reasonable cause to believe his conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which he reasonably believed to be in or not opposed to the best interests of the Company and with respect to any criminal action or proceeding, had reasonable cause to believe that his conduct was unlawful.

Furthermore, the Company shall have power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the Company to procure a judgment in its favor by reason of the fact that he is or was a director, officer, employee or agent of the Company, or is or was serving at the request of the Company as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against expenses (including attorneys' fees) actually and reasonably incurred by him in connection with the defense of and in a manner he reasonably believes to be in or not opposed to the best interests of the Company and except that no indemnification shall be made in respect of any claim, issue or matter he reasonably believes to be in or not opposed to the best interest of the Company, except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable or guilty of negligence or misconduct in the performance of his duty to the Company unless and only to the extent that the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the court shall deem proper.

Expenses incurred in defending a civil or criminal action, suit or proceeding may be paid by the Company in advance of the final disposition of such action, suit or proceeding as authorized by the board of directors in the specific case upon receipt of an undertaking by or on behalf of the director or officer, to repay such amount unless it shall ultimately be determined that he is entitled to be indemnified by the Company as authorized in the by-laws. Such expenses incurred by other employees or agents may be so paid upon such terms and conditions, if any, as the board of directors deems appropriate.

Any indemnification under the above (unless ordered by a court) shall be made by the Company only as authorized in the specific case upon a determination that indemnification of the director, officer, employee or agent is proper in the circumstances because he has met the applicable standard of conduct set forth in the paragraphs above. Such determination shall be made by a majority of disinterested directors, by a committee designated by disinterested directors, by independent legal counsel in a written opinion, or by the stockholders.

The indemnification provided above shall not be deemed exclusive of any other rights to which those indemnified may be entitled under any by-laws, agreement, vote of stockholders or disinterested directors or otherwise, both as to action in his official capacity and as to action in another capacity while holding such office, and shall continue as to a person who has ceased to be a director, officer, employee or agent and shall inure to the benefit of the heirs, executors and administrators of such a person.

The Company shall have power to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the Company or is or was serving at the request of the Company as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against any liability asserted against him and incurred by him in any such capacity, or arising out of his status as such, whether or not the Company would have the power to indemnify him against such liability under the provisions set forth above.

Transfer Agent

The transfer agent for CTI common stock is American Stock Transfer & Trust Company, LLC, Brooklyn, New York.

Authorized And Unissued Stock

The authorized but unissued shares of our common stock are available for future issuance without our stockholders' approval. These additional shares may be utilized for a variety of corporate purposes, including, but not limited to,

future public or direct offerings to raise additional capital, corporate acquisitions and employee incentive plans. The issuance of such shares may also be used to deter a potential takeover of CTI that may otherwise be beneficial to stockholders by diluting the shares held by a potential suitor or issuing shares to a stockholder that will vote in accordance with the desires of the Board. A takeover may be beneficial to stockholders because, among other reasons, a potential suitor may offer stockholders a premium for their shares of stock compared to the then-existing market price. In August, 2014, 700,000 shares of our common stock were registered through a shelf offering under an S-3 registration statement. No shares have been sold under that offering. The existence of authorized but unissued and unreserved shares of preferred stock may enable the Board to issue shares to persons friendly to current management which would render more difficult or discourage an attempt to obtain control of our Company by means of a proxy contest, tender offer, merger or otherwise, and thereby protect the continuity of our Company's management.

LEGAL OPINION

The validity of the issuance of securities to be sold hereunder will be passed upon for us by Vanasco Genelly & Miller, Chicago, Illinois.

ITEM 15. INDEMNIFICATION OF DIRECTORS AND OFFICERS

As permitted by the Illinois Business Corporation Act (“BCA”), CTI has included in its Restated Articles of Incorporation a provision to eliminate the personal liability for monetary damages for breach or alleged breach of their fiduciary duties as directors, except for liability (1) for any breach of the director’s duty of loyalty to CTI or its stockholders, (ii) for acts or omissions not in good faith or which involved intentional misconduct or a knowing violation of law, (iii) in respect to certain unlawful dividend payments or stock redemptions or repurchases, as provided in Section 5/8.75 of the BCA or (iv) for any transaction from which the director derived an improper personal benefit. The effect of this provision is to eliminate the rights of CTI and its stockholders (through stockholders’ derivative suits on behalf of CTI) to recover monetary damages against a director for breach of the fiduciary duty of care as a director except in the situation in (1) through (iv) above. This provision does not limit nor eliminate the rights of CTI or any stockholder to seek non-monetary relief such as an injunction or rescission in the event of a breach of the director’s duty of care. These provisions will not alter the liability of directors under federal securities laws.

The Restated Articles of Incorporation and the Bylaws of CTI provide that CTI is required and permitted to indemnify its officers and directors, employees and agents under certain circumstances. In addition, if permitted by law, CTI is required to advance expenses to its officers and directors as incurred in connection with proceedings against them in their capacity as a director or officer for which they may be indemnified upon receipt of an undertaking by or on behalf of such director or officer to repay such amount if it shall ultimately be determined that such person is not entitled to indemnification. At present CTI is not aware of any pending or threatened litigation or proceeding involving a director, officer, employee or agent of CTI in which indemnification would be required or permitted.

ITEM 17. UNDERTAKINGS

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) to include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the (ii) most recent post-effective amendment hereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement;

(iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective (2) amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

If the registrant is subject to Rule 430C (§230.430C of this chapter), each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A (§230.430A), shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned

registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424 (§230.424 of this chapter);

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the act and will be governed by the final adjudication of such issue.
