PRELIMINARY — SUBJECT TO COMPLETION DATED April 5, 2018

Proxy Statement/Prospectus

MERGER PROPOSED — YOUR VOTE IS VERY IMPORTANT

To the Shareholders of Hamilton State Bancshares, Inc.:

On January 24, 2018 and January 16, 2018, the boards of directors of Hamilton State Bancshares, Inc. (“HSB”) and Ameris Bancorp (“Ameris”), respectively, each unanimously approved the acquisition of HSB by Ameris. The acquisition will be accomplished pursuant to the terms of an Agreement and Plan of Merger, dated January 25, 2018 (the “merger agreement”), by and between HSB and Ameris. Pursuant to the merger agreement, HSB will merge with and into Ameris, with Ameris as the surviving company (the “merger”). Immediately after the merger, HSB’s direct wholly owned subsidiary, Hamilton State Bank, will be merged with and into Ameris’s direct wholly owned subsidiary, Ameris Bank, with Ameris Bank being the surviving subsidiary bank of Ameris. Before the merger can be completed, HSB shareholders must approve the merger agreement.

This proxy statement/prospectus contains information about Ameris, HSB, the merger agreement, the proposed merger and the special meeting of HSB shareholders. We encourage you to carefully read this proxy statement/prospectus, including “Risk Factors” beginning on page 32, for a discussion of the risks relating to the proposed merger, before voting.

In the merger, each share of HSB voting common stock and non-voting common stock (together, the “HSB common stock”) outstanding immediately prior to the effective time of the merger will be converted into the right to receive: (i) 0.16 shares of Ameris common stock (the “exchange ratio”), together with cash in lieu of any fractional share as provided in the merger agreement; and (ii) a cash amount equal to \$0.93. HSB shareholders will own approximately 13.7% of Ameris if the merger is completed in the third quarter of 2018.

HSB will hold a special meeting of its shareholders (the “special meeting”) with respect to the merger. HSB shareholders will be asked to consider and vote upon: (i) a proposal to approve the merger agreement; and (ii) a proposal to adjourn the special meeting, if necessary or appropriate, to solicit additional proxies in favor of the proposal to approve the merger agreement. Approval of the merger agreement requires the affirmative vote of the holders of at least 60% of the outstanding shares of HSB voting common stock entitled to vote thereon at the special meeting. The holders of HSB non-voting common stock do not have the right to vote on the proposal to approve the merger agreement or the related matters.

The special meeting will be held at _____ located at _____, on _____, 2018, at _____ a.m. Eastern Time, subject to any adjournment or postponement thereof.

The completion of the merger is subject to a price floor. If the average closing price of one share of Ameris common stock during a specified determination period declines by more than 15% from a price of \$51.1328 per share, and the Ameris common stock underperforms the KBW Nasdaq Regional Banking Index (KRX) by more than 15% during such period, then HSB may terminate the merger agreement unless Ameris offsets such reduction in the value of Ameris common stock by increasing the number of shares of Ameris common stock to be issued or paying an additional cash payment to HSB shareholders.

The market value of the merger consideration will fluctuate with the market price of the Ameris common stock and will not be known at the time HSB shareholders vote on the merger agreement. Based on the \$53.45 closing price of the Ameris common stock on the Nasdaq Global Select Market (“Nasdaq”) on January 25, 2018, the last trading day before public announcement of the merger, the 0.16 per share stock consideration plus the \$0.93 per share cash

consideration represented \$9.48 in value for each share of HSB common stock. Based on the closing price of the Ameris common stock on Nasdaq on _____, the latest practicable trading date before the date of this proxy statement/prospectus, the value of the merger consideration was \$ _____ per share of HSB common stock. Based on the exchange ratio, and assuming no adjustments to the stock portion of the merger consideration paid by Ameris, the maximum number of shares of Ameris common stock issuable in the merger is 6,561,220. We urge you to obtain current market prices for the Ameris common stock. The Ameris common stock is traded on Nasdaq under the symbol "ABCB."

Your vote is important. The merger cannot be completed unless all necessary regulatory approvals and the required approval of the HSB shareholders are obtained. Whether or not you plan to attend the special meeting, it is important that your shares be represented at the meeting and your vote recorded. Please take the time to vote by telephone, over the Internet or by following the voting instructions included in the enclosed proxy card. Even if you vote by telephone or the Internet or return the proxy card in advance of the special meeting, you may attend the special meeting and vote your shares in person.

The HSB board of directors has determined that the merger agreement and the transactions contemplated thereby, including the merger, are advisable and in the best interests of the HSB shareholders and unanimously recommends that the HSB shareholders vote "FOR" approval of the merger agreement and "FOR" the proposal to adjourn the special meeting, if necessary or appropriate, to solicit additional proxies to approve the merger agreement.

You should read this entire proxy statement/prospectus, including the appendices and the documents incorporated herein by reference, carefully because it contains important information about the special meeting and the merger. In particular, you should read carefully the information set forth under "Risk Factors" beginning on page 32 for a discussion of risks relating to the proposed merger.

If you have any questions concerning the merger, please contact Neal W. Booth, Sr., Randal J. Rabe or Karen Z. Rosenberg at (770) 868-2660. On behalf of the HSB board of directors, thank you for your prompt consideration to this important matter. We look forward to seeing you at the special meeting.

Sincerely,

Robert C. Oliver,
Chairman of the Board,
President and Chief Executive Officer

Neither the Securities and Exchange Commission, the Board of Governors of the Federal Reserve System, the Federal Deposit Insurance Corporation, nor any state securities commission or any other bank regulatory agency has approved or disapproved the securities to be issued in the merger or passed upon the adequacy or accuracy of this proxy statement/prospectus. QUESTIONS AND ANSWERS ABOUT THE MERGER
AND THE SPECIAL MEETING

The following are answers to certain questions that you may have about the special meeting of HSB shareholders, which we refer to as the “special meeting,” and the merger. We urge you to read carefully the remainder of this proxy statement/prospectus (including “Risk Factors” beginning on page 32) because the information in this section does not provide all of the information that might be important to you with respect to the special meeting and the merger. Additional important information is also contained in the appendices to, and the documents incorporated by reference into, this proxy statement/prospectus. See “Where You Can Find More Information” and “Documents Incorporated by Reference.”

Unless the context otherwise requires, references in this proxy statement/prospectus to: (i) “Ameris” refer to Ameris Bancorp, a Georgia corporation, and its affiliates; (ii) “Ameris Bank” refer to Ameris Bank, a Georgia state-chartered bank and a direct wholly owned subsidiary of Ameris; (iii) “HSB” refer to Hamilton State Bancshares, Inc., a Georgia corporation, and its affiliates; and (iv) “Hamilton” refer to Hamilton State Bank, a Georgia state-chartered bank and a direct wholly owned subsidiary of HSB.

Q:

What am I being asked to vote on?

A:

HSB shareholders are being asked to vote to approve the Agreement and Plan of Merger, dated January 25, 2018, as it may be amended from time to time (the “merger agreement”), by and between Ameris and HSB, pursuant to which HSB will merge with and into Ameris, with Ameris as the surviving company (the “merger”), on and subject to the terms and conditions contained in the merger agreement, including the merger contemplated thereby, as more fully described in this proxy statement/prospectus (the “merger proposal”). Immediately after the merger, Hamilton will be merged with and into Ameris Bank, with Ameris Bank being the surviving subsidiary bank of Ameris (the “bank merger”). A copy of the merger agreement is attached as Appendix A to this proxy statement/prospectus. The merger cannot be completed unless, among other things, the holders of at least 60% of the shares of HSB voting common stock outstanding and entitled to vote at the special meeting vote in favor of the merger proposal.

In addition, HSB shareholders are being asked to vote to approve any proposal of the HSB board of directors to adjourn or postpone the special meeting, if necessary or appropriate, to permit further solicitation of proxies if there are insufficient votes at the time of the special meeting to approve the merger proposal (the “adjournment proposal”). The completion of the merger is not conditioned upon shareholder approval of the adjournment proposal.

This proxy statement/prospectus contains important information about the merger and the special meeting, and you should read it carefully. This is a proxy statement/prospectus because: (i) HSB is soliciting proxies from holders of HSB voting common stock, and the proxy statement provides important information about the special meeting to vote on the merger proposal and the adjournment proposal; and (ii) Ameris will issue shares of Ameris common stock to holders of HSB voting common stock and non-voting common stock (together, the “HSB common stock”) in connection with the merger, and the prospectus provides important information about such shares. The enclosed materials allow HSB shareholders to authorize a proxy to vote their shares of HSB voting common stock without attending the special meeting.

Your vote is important. We encourage you to authorize your proxy as soon as possible.

Q:

Why do Ameris and HSB want to merge?

A:

We believe the combination of Ameris and HSB will create one of the leading community banking franchises in the Atlanta, Georgia market, providing our customers with additional branch locations and our shareholders with improved market share. The HSB board of directors has determined that the merger is in the best interests of HSB and its shareholders and unanimously recommends that the HSB shareholders vote “FOR” the merger proposal. For more information about the reasons for the merger, see “The Merger — Ameris’s Reasons for the Merger” and “The Merger — T

Recommendation of the HSB Board of Directors and HSB's Reasons for the Merger.”

1

TABLE OF CONTENTS

Q:

What will I receive in the merger?

A:

Unless adjusted pursuant to the terms of the merger agreement, each share of HSB common stock outstanding immediately prior to the effective time of the merger will be converted into the right to receive: (i) 0.16 shares of Ameris common stock (the “exchange ratio”), together with cash in lieu of any fractional share as provided in the merger agreement (the “stock consideration”); and (ii) a cash amount equal to \$0.93 (the “cash consideration”). We refer to the cash consideration and the stock consideration to be received for each share of HSB common stock in the merger as the “merger consideration.”

No holder of HSB common stock will be issued a fractional share of Ameris common stock in the merger. Each holder of HSB common stock who would otherwise have been entitled to receive a fraction of a share of Ameris common stock will receive, in lieu thereof, cash (without interest) in an amount equal to such fractional part of a share of Ameris common stock multiplied by an average of Ameris’s stock price as set forth in the merger agreement.

Q:

Will the value of the merger consideration change between the date of this proxy statement/prospectus and the time the merger is completed?

A:

Yes, the value of the merger consideration will likely fluctuate between the date of this proxy statement/prospectus and the completion of the merger based upon the market value of Ameris common stock. In the merger, holders of HSB common stock will receive a fraction of a share of Ameris common stock for each share of HSB common stock they hold plus a fixed amount of cash consideration. Any fluctuation in the market price of Ameris common stock after the date of this proxy statement/prospectus will change the value of the shares of Ameris common stock that HSB shareholders will receive and the total value of the merger consideration. Based on the 0.16 exchange ratio and the \$53.45 closing price of the Ameris common stock on the Nasdaq Global Select Market (“Nasdaq”) on January 25, 2018, the last full trading day before the public announcement of the merger, the value of the merger consideration was \$9.48 per share of HSB common stock. Based on the closing price of Ameris common stock on Nasdaq on _____, the latest practicable trading date before the date of this proxy statement/prospectus, the value of the merger consideration was \$ _____ per share of HSB common stock. We urge you to obtain current market prices for shares of Ameris common stock.

Q:

What will happen if the market value of Ameris common stock changes significantly prior to completion of the merger?

A:

The completion of the merger is subject to a price floor. If the average closing price of one share of Ameris common stock during a specified determination period declines by more than 15% from a price of \$51.1328 per share, and the Ameris common stock underperforms the KBW Nasdaq Regional Banking Index (KRX) by more than 15% during such period, then HSB may terminate the merger agreement unless Ameris offsets such reduction in the value of Ameris common stock by:

- increasing the number of shares of Ameris common stock to be issued to HSB shareholders; or
- paying an additional cash payment to HSB shareholders (provided that doing so would not prevent the merger from qualifying as a tax-free reorganization within the meaning of Section 368(a) of the Internal Revenue Code of 1986, as

amended (the “Code”).

Q:

How will the merger impact HSB restricted stock units, stock options and warrants?

A:

At the effective time of the merger, each outstanding:

-

restricted stock unit granted under HSB’s equity incentive plan (an “HSB restricted stock unit”), to the extent then vested and not subject to any further vesting condition or other restriction, including those vesting in connection with the merger, will be cancelled and converted into the right to receive the same merger consideration per share as the outstanding shares of HSB common stock, without interest and less applicable taxes required to be withheld in connection with the payment of such consideration, if any;

2

TABLE OF CONTENTS

- option granted under HSB’s equity incentive plan to acquire shares of HSB common stock (an “HSB stock option”) will fully vest and be cancelled and thereafter entitle the holder thereof to receive cash, without interest, in the amount of \$9.06 for each share of HSB common stock issuable upon exercise of such option, less the applicable per share exercise price of such option and less applicable taxes required to be withheld in connection with the payment of such consideration, if any; and

- warrant to acquire shares of HSB common stock (an “HSB warrant”) will be cancelled and thereafter entitle the holder thereof to receive cash, without interest, in the amount of \$9.06 for each share of HSB common stock issuable upon exercise of such warrant, less the applicable per share exercise price of such warrant. HSB has agreed to use commercially reasonable efforts to cause the amendment of any HSB warrants not amended prior to the date of the merger agreement to comply with the treatment described in this proxy statement/prospectus.

Q:
What will Ameris shareholders receive in the merger?

A:
If the merger is completed, Ameris shareholders will not receive any merger consideration and will continue to hold the shares of Ameris common stock that they currently hold. Following the merger, the shares of Ameris common stock will continue to be traded on Nasdaq under the symbol “ABCB.”

Q:
What will happen to Hamilton following the merger?

A:
Immediately after the merger, Hamilton will merge with and into Ameris Bank, with Ameris Bank being the surviving subsidiary bank of Ameris.

Q:
How does the HSB board of directors recommend that I vote at the special meeting?

A:
The HSB board of directors has determined that the merger agreement is in the best interests of HSB and its shareholders and unanimously recommends that HSB shareholders vote “FOR” the merger proposal and “FOR” the adjournment proposal.

Q:
Do any of HSB’s directors or executive officers have interests in the merger that may differ from those of HSB shareholders?

A:
HSB’s directors and executive officers have interests in the merger that are different from, or in addition to, those of HSB shareholders generally. The HSB board of directors was aware of and considered these interests, among other matters, in evaluating the merger proposal and in recommending that HSB shareholders approve the merger proposal. For a description of these interests, see “The Merger — Interests of HSB’s Directors and Executive Officers in the Merger.”

Q:
When and where is the special meeting?

A:

The special meeting will take place at _____ on _____, 2018, at _____ a.m., local time.

Q:

Who can vote at the special meeting?

A:

You can vote at the special meeting if you own shares of HSB voting common stock at the close of business on 2018, the record date for the special meeting. As of the close of business on that date, approximately _____ shares of HSB voting common stock were outstanding.

The holders of HSB non-voting common stock do not have the right to vote such shares at the special meeting.

Q:

What vote is required to approve the proposals at the special meeting?

A:

Approval of the merger proposal requires the affirmative vote of the holders of at least 60% of the shares of HSB voting common stock outstanding on the record date. We refer to this as the “required HSB shareholder approval.”

Approval of the adjournment proposal requires the affirmative vote of the holders of a majority of shares of HSB voting common stock present in person or represented by proxy and entitled to vote.

3

TABLE OF CONTENTS

HSB shareholders will each have one vote for each share of HSB voting common stock owned by them.

Q:

Are there any voting agreements in place with HSB shareholders?

A:

Yes. In connection with the merger agreement, Ameris and HSB entered into a Voting and Support Agreement with each of the directors and certain principal shareholders of HSB (the "Voting and Support Agreement") under which they have agreed to vote their shares of HSB voting common stock in favor of the merger proposal and the adjournment proposal and against any action or agreement that would be reasonably likely to impair the ability of either Ameris or HSB to complete the merger, or that would otherwise be inconsistent with, prevent, materially impede or materially delay the completion of the transactions contemplated by the merger agreement, and against any proposal that is in favor of or would facilitate an alternative acquisition proposal (as defined in the merger agreement and discussed under "The Merger Agreement — No Solicitation") without regard to the terms of such proposal, in each case, subject to the terms and conditions of the Voting and Support Agreement. As of the record date, the Voting and Support Agreement covered approximately _____ shares of HSB voting common stock, or approximately _____ % of the outstanding shares of HSB voting common stock. A copy of the Voting and Support Agreement is attached as Appendix B to this proxy statement/prospectus.

Q:

What do I need to do now?

A:

After you have carefully read this document and have decided how you wish to vote your shares, indicate on your proxy card how you want your shares to be voted with respect to the merger proposal and the adjournment proposal. When complete, sign, date and mail your proxy card in the enclosed prepaid return envelope as soon as possible, so that your shares may be represented and voted at the special meeting in accordance with your instructions. Alternatively, you may vote over the Internet by accessing the website shown on your proxy card and following the instructions on the website or by telephone by calling the number shown on your proxy card and following the instructions provided.

Your proxy card must be received prior to the special meeting on _____ in order to be counted. Information and applicable deadlines for voting through the Internet or by telephone are set forth in the enclosed proxy card instructions.

Q:

How do I vote?

A:

If you are a shareholder of record, you may have your shares of HSB voting common stock voted on the matters to be presented at the special meeting in any of the following ways:

- by completing, signing, dating and returning the enclosed proxy card in the accompanying prepaid reply envelope;
- by accessing the website shown on your proxy card and following the instructions on the website;
- by telephone by calling the number shown on your proxy card and following the instructions provided; or
- by attending the special meeting and casting your vote in person.

If you are a beneficial owner, please refer to the instructions provided by your bank, brokerage firm or other nominee to see which of the above choices are available to you. Your bank, brokerage firm or other nominee cannot vote your shares without instructions from you. Please note that if you are a beneficial owner and wish to vote in person at the special meeting, you must obtain a legal proxy from your bank, brokerage firm or other nominee.

Q:

What if I do not vote?

A:

If you do not submit a proxy or vote in person, or fail to instruct your bank or broker how to vote, then it will have the same effect as voting your shares against the merger proposal; however, it will have no effect on the outcome of the adjournment proposal.

TABLE OF CONTENTS

Q:

If my shares are held in “street name” by my broker, will my broker vote my shares for me?

A:

No. Your broker will not be able to vote your shares without instructions from you. You should instruct your broker how to vote your shares, following the directions provided by your broker.

Q:

Can I attend the special meeting and vote my shares in person?

A:

Yes. All HSB shareholders as of the record date, including shareholders of record and shareholders who hold their shares through banks, brokers, nominees or any other holder of record, are invited to attend the special meeting. Holders of record of HSB voting common stock can vote in person at the special meeting. If you are not a shareholder of record, you must obtain a proxy, executed in your favor, from the record holder of your shares, such as a broker, bank or other nominee, to be able to vote in person at the special meeting. If you plan to attend the special meeting, you must hold your shares in your own name or have a letter from the record holder of your shares confirming your ownership. In addition, you must bring a form of personal photo identification with you in order to be admitted. HSB reserves the right to refuse admittance to anyone without proper proof of share ownership or without proper photo identification. The use of cameras, sound recording equipment, communications devices or any similar equipment during the special meeting is prohibited without express written consent.

Q:

Can I change or revoke my vote after I have mailed my signed proxy card?

A:

Yes. You may revoke any proxy at any time before it is voted at the special meeting by sending a written notice to HSB’s Corporate Secretary, which must be received prior to the exercise of the proxy, stating that you would like to revoke your proxy, or you may complete and submit a new proxy card. You may also vote again using the Internet or telephone voting procedures or you may attend the special meeting and vote in person, which will have the effect of revoking any earlier votes. However, simply attending the special meeting will not revoke your proxy. If you hold your shares in “street name” through a bank or broker, you should contact your bank or broker to revoke your proxy.

Q:

If I am a holder of HSB common stock with shares represented by stock certificates, should I send in my stock certificates now?

A:

No. You should not send in your HSB stock certificates at this time. After completion of the merger, Ameris will cause its exchange agent to send to you a letter of transmittal and instructions for exchanging your HSB stock certificates or book-entry shares for the merger consideration. Please do not send in your HSB stock certificates with your proxy.

Q:

What should I do if I hold my shares of HSB common stock in book-entry form?

A:

You are not required to take any specific actions to exchange your shares of HSB common stock if your shares are held in book-entry form. After the completion of the merger, shares of HSB common stock held in book-entry form automatically will be exchanged for the merger consideration, including shares of Ameris common stock in

book-entry form, the cash consideration and any cash to be paid in lieu of fractional shares in the merger.

Q:

Are there risks associated with the merger that I should consider in deciding how to vote?

A:

Yes. There are a number of risks related to the merger and the other transactions provided for in the merger agreement that are discussed in this proxy statement/prospectus, in the appendices to this proxy statement/prospectus and in the documents incorporated by reference into this proxy statement/prospectus. Please read with particular care the detailed description of the risks described in “Risk Factors” beginning on page 32 and in Ameris’s filings with the Securities and Exchange Commission (the “SEC”) incorporated by reference into this proxy statement/prospectus and referred to in “Where You Can Find More Information” and “Documents Incorporated by Reference.

TABLE OF CONTENTS

Q:

When do you expect the merger to be completed?

A:

Ameris and HSB expect the merger to be completed in the third quarter of 2018, and are working toward completing the merger as quickly as possible. To do so, the HSB shareholders must approve the merger proposal, Ameris must obtain all regulatory approvals necessary to complete the merger and other customary closing conditions must be satisfied. See “The Merger Agreement — Conditions to Completion of the Merger.” However, it is possible that factors outside the control of both companies could result in the merger being delayed or not completed at all.

Q:

What happens if the merger is not completed?

A:

If the merger is not completed, holders of HSB common stock will not receive any consideration for their shares of HSB common stock that otherwise would have been received in connection with the merger. Instead, HSB will remain an independent private company.

Q:

Ameris has also entered into an agreement to acquire Atlantic Coast Financial Corporation. What impact will Ameris’s merger with Atlantic have on the merger with HSB?

A:

On November 16, 2017, Ameris and Atlantic Coast Financial Corporation, a Maryland corporation (“Atlantic”), entered into an Agreement and Plan of Merger (the “Atlantic merger agreement”) pursuant to which Atlantic will merge with and into Ameris, with Ameris as the surviving entity (the “Atlantic merger”). The Atlantic merger is expected to close in the second quarter of 2018. The completion of the merger with HSB is not conditioned upon or subject to the completion of the Atlantic merger. See “Risk Factors — If the merger with HSB and the Atlantic merger were to occur, the pro forma combined company would exceed \$10 billion in assets, which would result in increased costs and/or reduced revenues to the resulting entity and subject it to increased regulatory scrutiny by its primary federal regulators with respect to its risk management and other activities.”

Q:

Do I have the right to dissent and obtain the fair value for my shares?

A:

Yes. Holders of record of HSB voting common stock are entitled to exercise dissenters’ rights in connection with the merger, provided such holders comply with the proper procedures of Article 13 of the Georgia Business Corporation Code (the “GBCC”). A copy of Article 13 of the GBCC is attached as Appendix D to this proxy statement/prospectus. Holders of HSB voting common stock who desire to exercise dissenters’ rights pursuant to Article 13 of the GBCC are urged to consult a legal advisor before electing or attempting to exercise these rights.

Q:

What are the material United States federal income tax consequences of the merger to HSB shareholders?

A:

The merger is intended to qualify as a tax-free reorganization within the meaning of Section 368(a) of the Code, and it is a condition to the respective obligations of Ameris and HSB to complete the merger that each of Ameris and HSB receives a legal opinion to that effect. Accordingly, an HSB shareholder generally will recognize gain, but not loss, in an amount equal to the lesser of: (i) the amount of gain realized (i.e., the excess of the sum of the amount of cash and

the fair market value of the Ameris common stock received pursuant to the merger over that holder's adjusted tax basis in its shares of HSB common stock surrendered); and (ii) the amount of cash received pursuant to the merger. Further, an HSB shareholder generally will recognize gain or loss with respect to cash received in lieu of a fractional share of Ameris common stock that the HSB shareholder would otherwise be entitled to receive. For further information, see "The Merger — Material U.S. Federal Income Tax Consequences."

The United States federal income tax consequences described above may not apply to all holders of HSB common stock. Your tax consequences will depend on your individual situation. Accordingly, we strongly urge you to consult your tax advisor for a full understanding of the particular tax consequences of the merger to you.

Q:

Whom may I contact if I cannot locate my HSB stock certificate(s)?

A:

If you are unable to locate your original HSB stock certificate(s), you should contact Neal W. Booth, Sr., Corporate Secretary, Hamilton State Bancshares, Inc., at 1907 Highway 211, Hoschton, Georgia 30548, or by telephone at (770) 868-2660.

Q:
Whom should I call with questions or to obtain additional copies of this proxy statement/prospectus?

Booth, Sr., Randal J. Rabe or Karen Z. Rosenberg at (770) 868-2660.

See “Where You Can Find More Information” on how to obtain copies of those documents. In addition, the merger agreement is attached as Appendix A to this proxy statement/prospectus. Ameris and HSB encourage you to read the merger agreement because it is the legal document that governs the merger.

Pending Acquisition of Atlantic Coast Financial Corporation

On November 16, 2017, Ameris and Atlantic entered into the Atlantic merger agreement pursuant to which Atlantic will merge into Ameris, with Ameris as the surviving entity. The Atlantic merger agreement provides that, immediately following the Atlantic merger, Atlantic Coast Bank, a Florida-state chartered bank and a direct wholly owned subsidiary of Atlantic, will be merged into Ameris Bank, with Ameris Bank as the surviving bank.

TABLE OF CONTENTS

Under the terms and subject to the conditions of the Atlantic merger agreement, Atlantic stockholders will receive \$1.39 in cash and 0.17 shares of Ameris common stock for each share of Atlantic common stock that they hold, which equates to an aggregate value of approximately \$146.7 million based on the \$47.30 closing price of the Ameris common stock on Nasdaq as of November 16, 2017.

The Atlantic merger agreement has been unanimously approved by the boards of directors of each of Ameris and Atlantic and is expected to close in the second quarter of 2018. The closing of the Atlantic merger is subject to the required approval of Atlantic stockholders, requisite regulatory approvals and other customary closing conditions. Special Meeting (see page 42)

The special meeting will be held on _____, 2018, at _____ a.m., local time, at _____ located at _____. At the special meeting, holders of HSB voting common stock will be asked to approve:

- the merger proposal; and
- the adjournment proposal.

You can vote at the special meeting if you owned HSB voting common stock as of the close of business on _____, 2018, which is the record date for the special meeting. On that date, there were _____ shares of HSB voting common stock outstanding and entitled to vote, approximately _____ % of which were owned and entitled to be voted by HSB's directors and executive officers and their affiliates. You can cast one vote for each share of HSB voting common stock you owned on the record date. The holders of HSB non-voting common stock do not have the right to vote such shares at the special meeting.

Approval of the merger proposal requires the affirmative vote of the holders of at least 60% of the shares of HSB voting common stock outstanding on the record date. Approval of the adjournment proposal requires the affirmative vote of the holders of a majority of shares present in person or represented by proxy and entitled to vote.

Each of the directors and certain principal shareholders of HSB have entered into a Voting and Support Agreement with Ameris and HSB under which they have agreed, among other things, to vote all of the shares they beneficially own for approval of the merger proposal and the adjournment proposal. As of the record date, the Voting and Support Agreement covered approximately _____ shares of HSB voting common stock, or approximately _____ % of the outstanding shares of HSB voting common stock. A copy of the Voting and Support Agreement is attached as Appendix B to this proxy statement/prospectus.

The Merger (see page 46)

The terms and conditions of the merger are contained in the merger agreement, a copy of which is attached as Appendix A to this proxy statement/prospectus and is incorporated by reference into this proxy statement/prospectus. You should read the merger agreement carefully and in its entirety, as it is the legal document governing the merger. In the merger, HSB will merge with and into Ameris, with Ameris as the surviving company. It is expected that immediately after the merger, Hamilton will merge into Ameris Bank, with Ameris Bank as the surviving bank.

Closing and Effective Time of the Merger (see page 72)

The closing of the merger is expected to occur during the third quarter of 2018. Unless both Ameris and HSB agree to a later date, the closing of the merger will take place no later than five business days after all of the conditions to the closing of the merger have been satisfied or waived in accordance with their terms. We refer to the date on which the closing of the merger occurs as the "closing date."

TABLE OF CONTENTS

On the closing date, Ameris will file a certificate of merger with the Georgia Secretary of State. The merger will become effective upon the later of the filing of the certificate of merger with the Georgia Secretary of State and such later date and time to which Ameris and HSB agree and as may be specified in the certificate of merger. We refer to the date and time at which the merger is effective as the “effective time.”

Merger Consideration (see page 73)

Unless adjusted pursuant to the terms of the merger agreement, each share of HSB common stock outstanding immediately prior to the effective time (excluding excluded shares and dissenting shares, each as defined below) will be converted into the right to receive: (i) 0.16 shares of Ameris common stock, together with cash in lieu of any fractional share as provided in the merger agreement; and (ii) a cash amount equal to \$0.93.

No holder of HSB common stock will be issued a fractional share of Ameris common stock in the merger. Each holder of HSB common stock who would otherwise have been entitled to receive a fraction of a share of Ameris common stock will receive, in lieu thereof, cash (without interest) in an amount equal to such fractional part of a share of Ameris common stock multiplied by the average of Ameris’s stock price as set forth in the merger agreement. However, the foregoing does not apply to: (i) any shares of HSB common stock held by HSB as treasury stock, or owned by Ameris or any wholly owned subsidiary of Ameris or HSB (other than any such shares held in a fiduciary or agency capacity or as a result of debts previously contracted) (“excluded shares”); or (ii) shares of HSB common stock that are outstanding immediately prior to the effective time and are held by an HSB shareholder who did not vote for the merger proposal and who is entitled to demand, and properly demands, the fair value of such shares pursuant to Article 13 of the GBCC (“dissenting shares”).

The completion of the merger is subject to a price floor. If the average closing price of one share of Ameris common stock during a specified determination period declines by more than 15% from a price of \$51.1328 per share, and the Ameris common stock underperforms the KBW Nasdaq Regional Banking Index (KRX) by more than 15% during such period, then HSB may terminate the merger agreement unless Ameris offsets such reduction in the value of Ameris common stock by: (i) increasing the number of shares of Ameris common stock to be issued to HSB shareholders; or (ii) paying an additional cash payment to HSB shareholders (provided that doing so would not prevent the merger from qualifying as a tax-free reorganization within the meaning of Section 368(a) of the Code).

Equivalent HSB Per Share Value (see page 41)

Ameris common stock trades on Nasdaq under the symbol “ABCB.” The following table presents the closing price of Ameris common stock on January 25, 2018, the last trading day before the date of the public announcement of the merger agreement, and _____, the latest practicable trading date before the date of this proxy statement/prospectus. The table also presents the equivalent value of the merger consideration per share of HSB common stock on those dates, calculated by multiplying the closing price of the Ameris common stock on each of those dates by the 0.16 exchange ratio and then adding to such product the cash consideration of \$0.93.

Date	Ameris Closing Price	Exchange Ratio	Equivalent HSB Per Share Value
January 25, 2018	\$ 53.45	0.16	\$ 9.48
		0.16	

The value of the merger consideration will fluctuate between the date of this proxy statement/prospectus and the closing date of the merger based upon the market price of the Ameris common stock. Any fluctuation in the market price of Ameris common stock after the date of this proxy statement/prospectus will change the value of the shares of Ameris common stock that HSB shareholders will receive and will therefore change the value of the merger consideration. You should obtain current market prices for the Ameris common stock.

TABLE OF CONTENTS

Upon completion of the merger, former HSB shareholders will own approximately 13.7% of the outstanding shares of Ameris common stock, assuming: (i) the merger is completed in the third quarter of 2018; (ii) there are no adjustments to the merger consideration paid by Ameris; and (iii) the Atlantic merger has been completed.

Treatment of HSB Restricted Stock Units, Stock Options and Warrants (see page 74)

At the effective time of the merger, each outstanding:

- HSB restricted stock unit, to the extent then vested, including those vesting in connection with the merger, will be cancelled and converted into the right to receive the same merger consideration per share as the outstanding shares of HSB common stock, without interest and less applicable taxes required to be withheld in connection with the payment of such consideration, if any;

- HSB stock option will fully vest and be cancelled and thereafter entitle the holder thereof to receive cash, without interest, in the amount of \$9.06 for each share of HSB common stock issuable upon exercise of such option, less the applicable per share exercise price of such option and less applicable taxes required to be withheld in connection with the payment of such consideration, if any; and

- HSB warrant will be cancelled and thereafter entitle the holder thereof to receive cash, without interest, in the amount of \$9.06 for each share of HSB common stock issuable upon exercise of such warrant, less the applicable per share exercise price of such warrant. HSB has agreed to use commercially reasonable efforts to cause the amendment of any HSB warrants not amended prior to the date of the merger agreement to comply with the treatment described in this proxy statement/prospectus.

Each share of HSB common stock subject to an HSB restricted stock unit which is subject to further vesting or other restrictions as of the effective time of the merger will be forfeited. Each HSB stock option and each HSB warrant that has a per share exercise price that is greater than or equal to \$9.06 will be cancelled without consideration. As of the date of this proxy statement/prospectus, there were 362,881 unvested HSB restricted stock units outstanding. As HSB restricted stock units vest, the underlying shares of HSB common stock are delivered in satisfaction of the HSB restricted stock units.

Delivery of Merger Consideration; Surrender of Stock Certificates (see page 74)

Promptly after the effective time, and in no event later than one business day after the effective time, Ameris's third-party exchange agent will mail to each holder of record of HSB common stock a letter of transmittal and instructions on how to surrender the holder's HSB stock certificates or book-entry shares in exchange for the merger consideration (including cash in lieu of any fractional Ameris shares).

HSB shareholders should not send in their HSB stock certificates until they have received these instructions.

Material U.S. Federal Income Tax Consequences of the Merger (see page 66)

The merger is intended to qualify as a tax-free reorganization within the meaning of Section 368(a) of the Code. It is a condition to the respective obligations of Ameris and HSB to complete the merger that each of Ameris and HSB receives a legal opinion to that effect. Accordingly, an HSB shareholder generally will recognize gain, but not loss, in an amount equal to the lesser of: (i) the amount of gain realized (i.e., the excess of the sum of the amount of cash and the fair market value of the Ameris common stock received pursuant to the merger over that holder's adjusted tax basis in its shares of HSB common stock surrendered); and (ii) the amount of cash received pursuant to the merger. Further, an HSB shareholder generally will recognize gain or loss with respect to cash received instead of a fractional share of Ameris common stock that the HSB shareholder would otherwise be entitled to receive.

TABLE OF CONTENTS

The United States federal income tax consequences described above may not apply to all holders of HSB common stock. Your tax consequences will depend on your individual situation. Accordingly, we urge you to consult your tax advisor for a full understanding of the particular tax consequences of the merger to you.

Recommendation of the HSB Board of Directors and HSB's Reasons for the Merger (see page 52)

The HSB board of directors has unanimously approved and adopted the merger agreement, and determined that the merger is in the best interests of HSB and its shareholders, and unanimously recommends that HSB shareholders vote "FOR" the merger proposal and "FOR" the adjournment proposal. In arriving at its determination, the HSB board of directors considered the factors described under "The Merger — Recommendation of the HSB Board of Directors and HSB's Reasons for the Merger."

Opinion of Hamilton State Bancshares, Inc.'s Financial Advisor in Connection With the Merger (see page 53 and Appendix C to this proxy statement/prospectus)

In connection with the merger, Sandler O'Neill & Partners, L.P. ("Sandler O'Neill") delivered its oral opinion to the HSB board of directors, which was subsequently confirmed in writing on January 24, 2018, to the effect that, as of such date and based upon and subject to the assumptions made, procedures followed, matters considered and limitations and qualification on the review undertaken by Sandler O'Neill in providing its opinion, the merger consideration to be received by holders of HSB common stock in the merger was fair to the holders of HSB common stock, from a financial point of view.

Sandler O'Neill provided its opinion for the information and assistance of the HSB board of directors in connection with its consideration of the merger, and the opinion relates only to the fairness of the merger consideration to be received by holders of HSB common stock, from a financial point of view. Sandler O'Neill's opinion speaks only as of the date of the opinion and does not address any other aspect of the merger and is not a recommendation to any HSB shareholder as to how such shareholder should vote at the special meeting. Sandler O'Neill's opinion does not address the underlying business decision of HSB to engage in the merger, the form or structure of the merger, the relative merits of the merger as compared to any other alternative business strategies that might exist for HSB or the effect of any other transaction in which HSB might engage.

The full text of Sandler O'Neill's opinion, dated January 24, 2018, which sets forth the assumptions made, procedures followed, matters considered and limitations and qualifications on the review undertaken by Sandler O'Neill, is attached as Appendix C to this proxy statement/prospectus. The description of the opinion is qualified in its entirety by reference to the opinion. HSB shareholders are urged to read the entire opinion carefully in connection with their consideration of the merger agreement.

Interests of HSB's Directors and Executive Officers in the Merger (see page 64)

Some of the executive officers and directors of HSB have interests in the merger that are in addition to, or different from, the interests of HSB shareholders generally. These interests exist because of, among other things, employment and change in control agreements that the executive officers entered into with HSB, rights that these executive officers and directors have under HSB's benefit plans (including HSB's equity incentive plan), arrangements to continue as employees of Ameris Bank following the merger and the bank merger (including potential arrangements), and rights to indemnification and directors' and officers' liability insurance following the merger.

These interests are discussed in more detail in "The Merger — Interests of HSB's Directors and Executive Officers in the Merger." The HSB board of directors was aware of these interests and considered them, among other matters, in approving the merger agreement and the transactions contemplated by the merger agreement.

Regulatory Approvals (see page 69)

Both Ameris and HSB have agreed to use their reasonable best efforts to obtain all regulatory approvals required or advisable to complete the transactions contemplated by the merger agreement and the bank merger agreement. Under applicable law, the merger must be approved by The Board of Governors of

TABLE OF CONTENTS

the Federal Reserve System (the “Federal Reserve”) and the bank merger must be approved by the Federal Deposit Insurance Corporation (the “FDIC”). In addition, the Georgia Department of Banking and Finance (the “GDBF”) must also approve the merger and the bank merger.

Ameris has filed all notices and applications to obtain the necessary regulatory approvals for the merger and the bank merger. Although the parties currently believe they should be able to obtain all regulatory approvals in a timely manner, they cannot be certain when or if they will obtain them or, if obtained, whether they will contain terms, conditions or restrictions not currently contemplated that will be detrimental to or have a material adverse effect on the combined company after the completion of the merger. We make no assurance that the regulatory approvals received will not contain any condition, or carryover of any condition applicable to Ameris, HSB or any of their respective subsidiaries, that would result in the imposition of a materially burdensome regulatory condition (as defined in the merger agreement and discussed under “The Merger Agreement — Regulatory Matters”).

Conditions to Completion of the Merger (see page 83)

Currently, Ameris and HSB expect to complete the merger in the third quarter of 2018. As more fully described in this proxy statement/prospectus and in the merger agreement, the completion of the merger depends on a number of conditions being satisfied or, where permitted, waived, including, among others:

- approval of the merger agreement by the holders of at least 60% of the outstanding shares of HSB voting common stock entitled to vote;
- receipt of all required regulatory approvals without any materially burdensome regulatory conditions, and the expiration or termination of all statutory waiting periods in respect of such regulatory approvals;
- the absence of any applicable law or order by any governmental authority making illegal or preventing or prohibiting the completion of the transactions contemplated by the merger agreement;
- the effectiveness of the registration statement of which this proxy statement/prospectus forms a part;
- receipt by each of Ameris and HSB of an opinion of its respective legal counsel as to certain tax matters relating to the merger;
- the accuracy, subject to varying degrees of materiality, of Ameris’s and HSB’s respective representations and warranties in the merger agreement on the date of the merger agreement and as of the closing date (or such other date specified in the merger agreement);
- performance in all material respects by Ameris and HSB of their respective obligations under the merger agreement;
- the authorization for listing the shares of Ameris common stock to be issued as part of the merger consideration on Nasdaq;
- the absence of any event which has resulted in a material adverse effect or material adverse change on either party or which may reasonably be expected to have a material adverse effect on either party; and

- that the dissenting shares constitute less than 10% of the issued and outstanding shares of HSB common stock.

No assurance is given as to when, or if, the conditions to the merger will be satisfied or waived, or that the merger will be completed.

No Solicitation (see page 80)

HSB has agreed that it will not, and will cause its subsidiaries and their respective representatives not to, directly or indirectly: (i) take any action to solicit, initiate, seek, knowingly facilitate or encourage any inquiries or expressions of interest or the making of any proposal or offer that constitutes, or would

13

TABLE OF CONTENTS

reasonably be expected to lead to, any acquisition proposal; (ii) participate in any discussions or negotiations regarding any acquisition proposal or furnish, or otherwise provide access to any other person any nonpublic information or data regarding HSB or any of its subsidiaries or relating to an acquisition proposal; (iii) approve, endorse or recommend an acquisition proposal, other than the merger; or (iv) enter into any agreement in principle, arrangement, understanding, contract or agreement relating to an acquisition proposal.

However, at any time prior to the special meeting, HSB may, under certain circumstances specified in the merger agreement, take any of the actions described above. HSB must promptly (and in any event within 24 hours) notify Ameris in writing after the receipt of an acquisition proposal.

Additionally, prior to the special meeting, HSB may, under certain circumstances specified in the merger agreement, withdraw its recommendation to the HSB shareholders to approve the merger agreement, or terminate the merger agreement to enter into a definitive agreement with respect to a superior proposal (as defined in the merger agreement and discussed under “The Merger Agreement — No Solicitation”), if, among other things, the HSB board of directors determines, in good faith, after consultation with its outside legal counsel, that it is reasonably necessary to take such action to comply with the HSB board of directors’ fiduciary duties to HSB and its shareholders under applicable law. However, HSB may not take any of those actions in response to a superior proposal unless it provides Ameris with a five-business day period to negotiate in good faith to enable Ameris to adjust the terms and conditions of the merger agreement such that it would enable the HSB board of directors to proceed without withdrawing its recommendation.

Termination Rights (see page 84)

The merger agreement may be terminated at any time prior to the closing date:

-
- by mutual written consent of Ameris and HSB;
-
- by either party if, under certain circumstances, the merger is not completed by December 31, 2018;
-
- by either party in the event of a material breach by the other party of any representation, warranty or obligations contained in the merger agreement, which breach has not been cured within 30 days and which breach would be reasonably likely to result in a failure to satisfy any applicable closing condition;
-
- by either party if final action has been taken by a regulatory agency whose approval is required for the merger or bank merger, which final action has become nonappealable and does not approve the merger or bank merger, or a governmental authority enacts a law or judgment which would make the merger or the bank merger illegal;
-
- by either party if the required HSB shareholder approval is not obtained;
-
- by Ameris if the HSB board of directors fails to recommend to HSB shareholders to approve the merger agreement or has made an adverse recommendation change, or HSB has materially breached its covenant not to solicit alternative acquisition proposals; and
-
- by HSB, prior to obtaining the required HSB shareholder approval, to enter an agreement relating to a superior proposal.

In addition, if the average closing price of one share of Ameris common stock during a specified determination period has declined by more than 15% from a price of \$51.1328 per share, and Ameris common stock underperforms the KBW Nasdaq Regional Banking Index (KRX) by more than 15% during such period, then HSB may terminate the

merger agreement unless Ameris increases the exchange ratio or pays an additional cash payment to HSB shareholders (provided that doing so would not prevent the merger from qualifying as a tax-free reorganization within the meaning of Section 368(a) of the Code) to offset such reduction in the value of the Ameris common stock.

14

TABLE OF CONTENTS

Termination Fee (see page 86)

Upon termination of the merger agreement by HSB to enter into a superior proposal, or by Ameris where the HSB board of directors fails to recommend to the HSB shareholders to approve the merger agreement or where HSB has materially breached its covenant not to solicit alternative acquisition proposals, HSB will be required to pay Ameris a termination fee equal to \$14.0 million.

Expenses (see page 86)

If the merger agreement is terminated due to a failure to obtain any regulatory approval that is required for the consummation of the merger or the bank merger (provided that such failure is not primarily related to the financial or regulatory condition of HSB) or due to a failure by Ameris to satisfy any condition contained in any required regulatory approval, then Ameris will be required to pay HSB \$1.5 million as reimbursement for its transaction expenses.

Nasdaq Listing (see page 79)

Ameris will take all action reasonably necessary and otherwise use commercially reasonable efforts to list on Nasdaq, prior to the effective time, the shares of Ameris common stock to be issued to holders of HSB common stock in the merger or make such post-closing filings with the Nasdaq as may be required.

Accounting Treatment (see page 69)

Ameris will account for the merger under the acquisition method of accounting for business combinations under U.S. generally accepted accounting principles (“GAAP”).

Dissenters’ Rights (see page 70 and Appendix D to this proxy statement/prospectus)

Holders of record of HSB voting common stock are entitled to exercise dissenters’ rights in connection with the merger, provided the proper procedures of Article 13 of the GBCC are followed. A copy of Article 13 of the GBCC is attached as Appendix D to this proxy statement/prospectus. HSB shareholders holding HSB voting common stock who desire to exercise dissenters’ rights pursuant to Article 13 of the GBCC are urged to consult a legal advisor before electing or attempting to exercise these rights.

Any holder of record of HSB voting common stock who objects to the merger, and who fully complies with all of the provisions of Article 13 of the GBCC, will be entitled to demand and receive payment for all (but not less than all) of his or her shares of HSB voting common stock if the merger is consummated.

An HSB shareholder who objects to the merger and desires to receive payment of the “fair value” of his or her shares of HSB voting common stock: (i) must deliver to HSB, prior to the time the shareholder vote on the merger agreement is taken, a written notice of such shareholder’s intent to demand payment for those shares of HSB voting common stock registered in the dissenting shareholder’s name if the merger is completed; and (ii) must not vote his or her shares of HSB voting common stock in favor of the merger agreement.

Within ten days after the later of the effective date, or the date on which HSB receives a payment demand, HSB will send a written offer to each holder of HSB voting common stock who complied with the provisions set forth in the dissenters’ notice to pay each such shareholder an amount that HSB estimates to be the fair value of those shares, plus accrued interest. A dissenting shareholder choosing to accept HSB’s offer of payment must do so by written notice to HSB within 30 days after receipt of HSB’s offer of payment. A dissenting shareholder not responding to that offer within the 30-day period will be deemed to have accepted the offer of payment. HSB must make payment to each shareholder who responds to the offer of payment within 60 days after the making of the offer of payment, or the effective date, whichever is later. If the shareholder believes that the amount offered is less than the fair value of the shareholder’s shares of HSB voting common stock or that the interest is incorrectly calculated, then the shareholder may notify HSB in writing of his or her own estimate of the fair value of his or her shares of HSB voting common stock and the amount of interest due and demand payment of his or her estimate. If a demand for payment remains unsettled, then HSB will commence a court proceeding to determine the fair value of the shares of HSB voting common stock and the accrued interest.

TABLE OF CONTENTS

HSB shareholders should be aware that cash paid to dissenting shareholders in satisfaction of the fair value of their shares of HSB voting common stock will result in the recognition of any gain or loss realized for U.S. federal income tax purposes.

Resale of Ameris Common Stock

All shares of Ameris common stock received by HSB shareholders in the merger will be freely tradable for purposes of the Securities Act of 1933, as amended, except for shares of Ameris common stock received by any such holder who becomes an “affiliate” of Ameris after the completion of the merger. This proxy statement/prospectus does not cover resales of shares of Ameris common stock received by any person upon completion of the merger, and no person is authorized to make any use of this proxy statement/ prospectus in connection with any resale.

Comparison of Shareholder Rights (see page 117)

Rights of HSB shareholders are currently governed by HSB’s articles of incorporation, HSB’s bylaws and Georgia law and, in certain respects, that certain Stockholders’ Agreement, dated as of February 28, 2011, and subsequently amended, among certain HSB shareholders (the “Stockholders’ Agreement”). Upon completion of the merger former HSB shareholders will become shareholders of Ameris and their rights will be governed by Ameris’s articles of incorporation, Ameris’s bylaws and Georgia law. The differences in shareholder rights are explained more fully in “Comparison of Shareholder Rights.”

Ancillary Agreements (see page 86)

Voting and Support Agreement. In connection with the merger agreement, Ameris and HSB entered into a Voting and Support Agreement with the directors and certain principal shareholders of HSB under which those shareholders have agreed to, among other things, vote their shares of HSB voting common stock in favor of the approval of the merger proposal and the adjournment proposal and against any action or agreement that would be reasonably likely to impair the ability of either Ameris or HSB to complete the merger, or that would otherwise be inconsistent with, prevent, materially impede or materially delay the consummation of the transactions contemplated by the merger agreement, and against any proposal that is in favor of or would facilitate an alternative acquisition proposal without regard to the terms of such proposal, in each case, subject to the terms and conditions of the Voting and Support Agreement. As of the record date, the Voting and Support Agreement covered approximately _____ shares of HSB voting common stock, or approximately _____ % of the outstanding shares of HSB voting common stock. A copy of the Voting and Support Agreement is attached as Appendix B to this proxy statement/prospectus.

Director Non-Solicitation Agreements. In connection with the merger agreement, Ameris entered into a Director Non-Solicitation Agreement with each of the directors of HSB and Hamilton (each, a “Director Non-Solicitation Agreement”) under which each such director has agreed to certain restrictions with respect to such director’s use and disclosure of confidential materials and the solicitation of customers and employees of Ameris, HSB and their affiliates following the completion of the merger.

Reconciliation of Non-GAAP Financial Measures

This proxy statement/prospectus and certain documents filed by Ameris with the SEC and incorporated by reference into this proxy statement/prospectus contain financial information determined by methods other than in accordance with GAAP. Ameris's management uses these non-GAAP measures in its analysis of Ameris's performance. These measures are useful when evaluating the underlying performance and efficiency of Ameris's operations and balance sheet. Ameris's management believes that these non-GAAP measures provide a greater understanding of ongoing operations, enhance comparability of results with prior periods and demonstrate the effects of significant gains and charges in the current period. Ameris's management believes that investors may use these non-GAAP financial measures to evaluate Ameris's financial performance without the impact of unusual items that may obscure trends in Ameris's underlying performance. These disclosures should not be viewed as a substitute for financial measures determined in accordance with GAAP, nor are they necessarily comparable to non-GAAP performance measures that may be presented by other companies. Non-GAAP measures include tangible common equity and tangible book value per common share. Ameris calculates the regulatory capital ratios using current regulatory report instructions. Ameris's management uses these measures to assess the quality of capital and believes that investors may find them useful in their evaluation of Ameris. These capital measures may or may not be necessarily comparable to similar capital measures that may be presented by other companies.

The following information reconciles Ameris's tangible book value per common share, a non-GAAP financial measure, as of the dates presented to Ameris's book value per common share, a financial measure calculated and presented in accordance with GAAP, as of the dates presented.

The following unaudited pro forma combined condensed financial information and accompanying notes show the impact on the historical financial conditions and results of operations of Ameris and HSB and have been prepared to illustrate the effects of the merger under the acquisition method of accounting. See “The Merger — Accounting Treatment.” The unaudited pro forma combined condensed balance sheet as of December 31, 2017, is presented as if the merger had occurred on December 31, 2017. The unaudited pro forma combined condensed income statements for the year ended December 31, 2017, are presented as if the merger had occurred on January 1, 2017. The historical combined condensed financial information has been adjusted to reflect factually supportable items that are directly attributable to the merger and, with respect to the income statements only, expected to have a continuing impact on consolidated results of operations.

The unaudited pro forma combined condensed financial statements are provided for informational purposes only. The unaudited pro forma combined condensed financial statements are not necessarily, and should not be assumed to be, an indication of the results that would have been achieved had the merger been completed as of the dates indicated or that may be achieved in the future. TABLE OF CONTENTS**NOTES TO UNAUDITED PRO FORMA CONDENSED FINANCIAL STATEMENTS****Note 1 — Basis of Pro Forma Presentation**

The unaudited pro forma condensed balance sheet as of December 31, 2017, and the unaudited pro forma condensed income statement for the year ended December 31, 2017, are based on the historical financial statements of Ameris and HSB after giving effect to the completion of the merger and the assumptions and adjustments described in the accompanying notes. Such financial statements do not reflect cost savings or operating synergies expected to result from the merger, or the costs to achieve these cost savings or operating synergies, or any anticipated disposition of assets that may result from the integration of the operations of the two companies.

The transaction will be accounted for under the acquisition method of accounting in accordance with Accounting Standards Codification (“ASC”) Topic 805, Business Combinations (“ASC 805”). In business combination transactions in which the consideration given is not in the form of cash (that is, in the form of non-cash assets, liabilities incurred, or equity interests issued), measurement of the acquisition consideration is based on the fair value of the consideration given or the fair value of the asset (or net assets) acquired, whichever is more clearly evident and, thus, more reliably measurable.

Under ASC 805, all of the assets acquired and liabilities assumed in a business combination are recognized at their acquisition-date fair value, while transaction costs and restructuring costs associated with the business combination are expensed as incurred. The excess of the acquisition consideration over the fair value of assets acquired and liabilities assumed, if any, is allocated to goodwill. Changes in deferred tax asset valuation allowances and income tax uncertainties after the acquisition date generally affect income tax expense. Subsequent to the completion of the merger, Ameris and HSB will finalize an integration plan, which may affect how the assets acquired, including intangible assets, will be utilized by the combined company. For those assets in the combined company that will be phased out or will no longer be used, additional amortization, depreciation and possibly impairment charges will be recorded after management completes the integration plan.

The unaudited pro forma information is presented solely for informational purposes and is not necessarily indicative of the combined results of operations or financial position that might have been achieved for the periods or dates indicated, nor is it necessarily indicative of the future results of the combined company.

Note 2 — Preliminary Estimated Acquisition Consideration

Under the terms of the merger agreement, HSB shareholders will receive 0.16 shares of Ameris common stock plus \$0.93 in cash, without interest, for each share of HSB common stock.

Based on HSB’s estimated shares of HSB common stock outstanding as of December 31, 2017, the preliminary estimated acquisition consideration is as follows, assuming all shares of HSB common stock are exchanged for the per share stock consideration (in thousands):

Preliminary Estimated Acquisition Consideration

Total number of shares of HSB common stock outstanding at April 1, 2018 including restricted share units that automatically vest under a change in control	40,704
Per share exchange ratio	0.16
Number of shares of Ameris common stock – as exchanged	6,513
Multiplied by Ameris common stock price on March 29, 2018	\$ 52.90

Estimated cash paid at acquisition for HSB common shares	\$ 37,855
Estimated cash paid at acquisition for HSB stock options	\$ 7,993
Estimated cash paid at acquisition for HSB stock warrants	\$ 11,002
Total estimated cash paid at acquisition	\$ 56,850
Total Preliminary Estimated Acquisition Consideration	\$ 401,368

TABLE OF CONTENTS**Note 3 — Preliminary Estimated Acquisition Consideration Allocation**

Under the acquisition method of accounting, the total acquisition consideration is allocated to the acquired tangible and intangible assets and assumed liabilities of HSB based on their estimated fair values as of the closing of the merger. The excess of the acquisition consideration over the fair value of assets acquired and liabilities assumed, if any, is allocated to goodwill.

The allocation of the estimated acquisition consideration is preliminary because the proposed merger has not yet been completed. The preliminary allocation is based on estimates, assumptions, valuations, and other studies which have not progressed to a stage where there is sufficient information to make a definitive allocation. Accordingly, the acquisition consideration allocation unaudited pro forma adjustments will remain preliminary until Ameris management determines the final acquisition consideration and the fair values of assets acquired and liabilities assumed. The final determination of the acquisition consideration allocation is anticipated to be completed as soon as practicable after the completion of the merger and will be based on the value of the Ameris common stock at the closing of the merger. The final amounts allocated to assets acquired and liabilities assumed could differ significantly from the amounts presented in the unaudited pro forma condensed combined financial statements.

The total preliminary estimated acquisition consideration as shown in the table above is allocated to HSB's tangible and intangible assets and liabilities as of December 31, 2017, based on their preliminary estimated fair values as follows (in thousands):

Cash and due from banks	\$ 4,712

Intangible assets	15,457

Total Preliminary Estimated Acquisition Consideration	\$ 401,368

Approximately \$15.5 million has been preliminarily allocated to amortizable intangible assets acquired. The amortization related to the preliminary fair value of net amortizable intangible assets is reflected as a pro forma adjustment to the unaudited pro forma condensed combined financial statements.

TABLE OF CONTENTS

Identifiable Intangible Assets. The preliminary fair values of intangible assets were determined based on the provisions of ASC 805, which defines fair value in accordance with ASC Topic 820, Fair Value Measurements and Disclosures (“ASC 820”). ASC 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Intangible assets were identified that met either the separability criterion or the contractual-legal criterion described in ASC 805. The preliminary allocation to intangible assets is allocated to core deposit intangibles.

Goodwill. Goodwill represents the excess of the preliminary estimated acquisition consideration over the preliminary fair value of the underlying net tangible and intangible assets. Among the factors that contributed to a purchase price in excess of the fair value of the net tangible and intangible assets are the skill sets, operations, customer base and organizational cultures that can be leveraged to enable the combined company to build an enterprise greater than the sum of its parts. In accordance with ASC Topic 350, Intangibles — Goodwill and Other, goodwill will not be amortized, but instead will be tested for impairment at least annually and whenever events or circumstances have occurred that may indicate a possible impairment. In the event management determines that the value of goodwill has become impaired, the combined company will incur an accounting charge for the amount of the impairment during the period in which the determination is made.

Note 4 — Preliminary Unaudited Pro Forma and Acquisition Accounting Adjustments

The unaudited pro forma financial information is not necessarily indicative of what the financial position actually would have been had the merger been completed at the date indicated. Such information includes adjustments which are preliminary and may be revised. Such revisions may result in material changes. The financial position shown herein is not necessarily indicative of what the past financial position of the combined companies would have been, nor necessarily indicative of the financial position of the post-merger periods. The unaudited pro forma financial information does not give consideration to the impact of possible expense efficiencies, synergies, strategy modifications, asset dispositions or other actions that may result from the merger.

The following unaudited pro forma adjustments result from accounting for the merger, including the determination of fair value of the assets, liabilities, and commitments which Ameris, as the acquirer for accounting purposes, will acquire from HSB. UNAUDITED COMPARATIVE PER SHARE DATA

The following table shows per common share data regarding basic and diluted net income per common share, cash dividends and book value for Ameris and HSB on a historical basis, Ameris and HSB on a pro forma combined basis, and HSB on a pro forma equivalent basis. The pro forma information has been derived from and should be read in conjunction with: (i) Ameris's audited consolidated financial statements and accompanying notes included in Ameris's Annual Report on Form 10-K for the year ended December 31, 2017, which is incorporated by reference into this proxy statement/prospectus; and (ii) HSB's Audited Consolidated Financial Statements, which are attached to this proxy statement/prospectus as Appendix E and Appendix F. See "Where You Can Find More Information" and "Documents Incorporated by Reference."

The pro forma information gives effect to the merger accounted for as a purchase and assumes that the merger occurred as of the beginning of the fiscal year presented (or in the case of book value, as of the date specified). This information is presented for illustrative purposes only. You should not rely on the pro forma combined or pro forma equivalent amounts as they are not necessarily indicative of the operating results or financial position that would have occurred if the merger had been completed as of the dates indicated, nor are they necessarily indicative of the future operating results or financial position of the combined company. The pro forma information, although helpful in illustrating the financial characteristics of the combined company under one set of assumptions, does not reflect the benefits of expected cost savings, opportunities to earn additional revenue, the impact of restructuring and merger-related costs, or other factors that may result as a consequence of the merger and, accordingly, does not attempt to predict or suggest future results.

The following table presents selected unaudited pro forma condensed financial data about the financial condition and results of operations of Ameris giving effect to the merger. See “The Merger — Accounting Treatment.”

The following table presents the information as if the merger had become effective on December 31, 2017, with respect to financial condition data, and on January 1, 2017, with respect to the results of operations data. The selected unaudited pro forma condensed financial data have been derived from, and should be read in conjunction with, the historical financial information that Ameris and HSB have incorporated by reference into, or included in, this proxy statement/prospectus as of and for the indicated periods. See “Documents Incorporated by Reference,” “Unaudited Pro Forma Combined Condensed Financial Information” and HSB’s Audited Consolidated Financial Statements, which are attached to this proxy statement/prospectus as Appendix E and Appendix F.

The selected unaudited pro forma condensed financial data are presented for illustrative purposes only and do not necessarily indicate the financial results of the combined company had the companies actually been combined at the beginning of the period presented. The selected unaudited pro forma condensed financial information also does not consider any potential impacts of current market conditions on revenues, potential revenue enhancements, anticipated cost savings and expense efficiencies, or asset dispositions, among other factors.

RISK FACTORS

In addition to general investment risks and the other information contained in or incorporated by reference into this proxy statement/prospectus, including the matters addressed under “Cautionary Statement Regarding Forward-Looking Statements,” you should consider carefully the following risk factors in deciding how to vote on the proposals presented in this proxy statement/prospectus. Certain risks can also be found in the documents incorporated by reference into this proxy statement/prospectus including under “Risk Factors” in Ameris’s Annual Report on Form 10-K for the year ended December 31, 2017, which is incorporated by reference into this proxy statement/prospectus. See “Documents Incorporated By Reference” and “Where You Can Find More Information.”

Risks Related to the Merger

Because the market price of the Ameris common stock may fluctuate, HSB shareholders cannot be sure of the market value of the merger consideration that they will receive in the merger until the closing.

Upon completion of the merger, each share of HSB common stock outstanding immediately prior to the effective time will be converted into the right to receive: (i) 0.16 shares of Ameris common stock, together with cash in lieu of any fractional share; and (ii) a cash amount equal to \$0.93. The market value of the stock consideration received by HSB shareholders in the merger will fluctuate from the closing price of the Ameris common stock on the date Ameris and HSB announced the merger, the date that this proxy statement/prospectus is mailed to the HSB shareholders, the date of the special meeting and the date the merger is completed and thereafter. Market price changes may result from a variety of factors that are beyond the control of Ameris and HSB, including general market and economic conditions, changes in Ameris’s business, operations and prospects, and regulatory considerations. We make no assurances as to whether or when the merger will be completed. Therefore, at the time of the special meeting, HSB shareholders will not know the precise market value of the aggregate merger consideration HSB shareholders will be entitled to receive at the effective time of the merger. You should obtain current market prices for shares of Ameris common stock before you vote.

The merger will not be completed unless important conditions are satisfied or waived, including approval by HSB shareholders.

Specified conditions set forth in the merger agreement must be satisfied or waived to complete the merger and the bank merger. If the conditions are not satisfied or waived, then the merger and the bank merger will not occur or will be delayed and each of Ameris and HSB may lose some or all of the intended benefits of the merger. The following conditions, in addition to other closing conditions, must be satisfied or waived, if permissible, before Ameris and HSB are obligated to complete the merger:

- approval of the merger agreement by the holders of at least 60% of the outstanding shares of HSB voting common stock entitled to vote;
- receipt of all required regulatory approvals without any materially burdensome regulatory conditions, and the expiration or termination of all statutory waiting periods in respect of such regulatory approvals;
- the absence of any applicable law or order by any governmental authority making illegal or preventing or prohibiting the completion of the transactions contemplated by the merger agreement;
- the effectiveness of the registration statement of which this proxy statement/prospectus forms a part;
- the absence of any event which has resulted in a material adverse effect or material adverse change on the other party; and
-

that the dissenting shares constitute less than 10% of the issued and outstanding shares of HSB common stock.

TABLE OF CONTENTS

See “The Merger Agreement — Conditions to Completion of the Merger.” While it is currently anticipated that the merger will be completed during the third quarter of 2018, there is no assurance that such conditions will be satisfied in a timely manner or at all, or that an effect, event, development or change will not transpire that could delay or prevent these conditions from being satisfied. Accordingly, there is no guarantee with respect to the timing of the closing of the merger, whether the merger will be completed at all and when HSB shareholders will receive the merger consideration, if at all.

The termination fee and the restrictions on alternate acquisition proposals set forth in the merger agreement may discourage others from trying to acquire HSB.

Until the completion of the merger, with some exceptions, HSB is prohibited from taking any action to solicit, seek or encourage any inquiries, expressions of interest, or the making of any acquisition proposal, or participating in any discussions regarding any acquisition proposal, or approving or recommending an acquisition proposal, or entering into any agreement relating to an acquisition proposal. In addition, HSB has agreed to pay to Ameris in certain circumstances a termination fee equal to \$14.0 million. These provisions could discourage other companies from trying to acquire HSB even though those other companies might be willing to offer greater value to HSB shareholders than Ameris has offered in the merger. Similarly, such a competing company might propose a price lower than it might otherwise have been willing to offer because of the potential added expense of the termination fee that may become payable to Ameris in certain circumstances under the merger agreement. See “The Merger Agreement — No Solicitation,” “The Merger Agreement — Termination; Merger Consideration Adjustment” and “The Merger Agreement — Termination Fee.”

If Ameris’s stock price decreases below specified thresholds, then HSB has the right to terminate the merger agreement and the merger would not occur unless Ameris increases the merger consideration.

If the average closing price of one share of Ameris common stock during a specified determination period has declined by more than 15% from a price of \$51.1328 per share, and the Ameris common stock underperforms the KBW Nasdaq Regional Banking Index (KRX) by more than 15% during such period, then HSB may terminate the merger agreement unless Ameris offsets such reduction in the value of Ameris common stock by increasing the number of shares of Ameris common stock to be issued, or paying an additional cash payment, to the HSB shareholders.

As a result, even if HSB shareholders approve the merger agreement, the merger may ultimately not be completed. Although the Ameris board of directors has the ability to increase the merger consideration, and the HSB board of directors has the power to choose not to terminate the merger agreement and proceed with the merger if Ameris does not increase the merger consideration, there is no obligation of either board of directors to exercise such power. See “The Merger Agreement — Termination; Merger Consideration Adjustment.”

The merger agreement contains provisions granting both Ameris and HSB the right to terminate the merger agreement in certain circumstances.

The merger agreement contains certain termination rights, including the right, subject to certain exceptions, of either party to terminate the merger agreement if the merger is not completed on or prior to December 31, 2018, and the right of HSB to terminate the merger agreement, subject to certain conditions, to accept a business combination transaction deemed to be superior to the merger by the HSB board of directors. If the merger is not completed, the ongoing business of HSB could be adversely affected and HSB will be subject to several risks, including the risks described elsewhere in this “Risk Factors” section.

The voting power of HSB shareholders will be diluted by the merger.

The merger will result in HSB shareholders having an ownership stake in the combined company that is smaller than their current stake in HSB. Upon completion of the merger, we estimate that former HSB shareholders will own approximately 13.7% of the issued and outstanding shares of common stock of the combined company. Consequently, HSB shareholders, as a general matter, will have less influence over the management and policies of the combined company after the effective time of the merger than they currently exercise over the management and policies of HSB.

TABLE OF CONTENTS

The opinion that HSB has obtained from Sandler O’Neill has not been, and is not expected to be, updated to reflect any changes in circumstances that may have occurred since the date of such opinion.

The opinion rendered to the HSB board of directors by Sandler O’Neill, financial advisor to HSB, with respect to the fairness of the merger consideration to be received by HSB common shareholders to such holders, from a financial point of view, speaks only as of January 24, 2018. Subsequent changes in the operations and prospects of Ameris or HSB, general market and economic conditions and other factors that may be beyond the control of Ameris and HSB, may have altered the value of Ameris or HSB, or the price of Ameris common stock as of the date of this proxy statement/prospectus, or may alter such values and prices by the time the merger is completed. Sandler O’Neill has no obligation to update, revise or reaffirm its opinion to reflect subsequent developments and has not done so. The opinion does not address the fairness of the merger consideration from a financial point of view as of the date of this proxy statement/prospectus or at the time the merger is completed or as of any date other than the date of such opinion. See “The Merger — Opinion of Hamilton State Bancshares, Inc.’s Financial Advisor in Connection With the Merger” and Appendix C attached to this proxy statement/prospectus.

Regulatory approvals may not be received, may take longer than expected to receive or may impose conditions that could have an adverse effect on Ameris.

Before the merger and the bank merger can be completed, various approvals or consents or waivers must be obtained from bank regulatory authorities, including the Federal Reserve Board, the FDIC and the GDBF. These authorities may request additional information or materials from Ameris and/or HSB or may impose conditions on the completion of the merger or the bank merger or require changes to their terms. Such conditions or changes and the process of obtaining required regulatory approvals could have the effect of delaying the completion of the merger or the bank merger, or imposing additional costs on or limiting the revenues of Ameris following the merger, any of which might have a material adverse effect on Ameris following the merger. The required regulatory approvals may not be received at all, may not be received in a timely fashion, or may contain conditions on the completion of the merger and the bank merger that are burdensome, not anticipated or cannot be met. If the consummation of the merger is delayed, including by a delay in receipt of required regulatory approvals, then the business, financial condition and results of operations of each company may also be materially adversely affected. See “The Merger — Regulatory Approvals” and “The Merger Agreement — Conditions to Completion of the Merger.”

The merger is expected to, but may not, qualify as a tax-free reorganization under the Code.

The parties expect the merger to be treated as a tax-free reorganization within the meaning of Section 368(a) of the Code, and Ameris and HSB will receive United States federal income tax opinions to that effect from their respective tax counsel. These tax opinions represent the legal judgement of counsel rendering the opinion and are not binding on the Internal Revenue Service (the “IRS”) or the courts. If the merger does not qualify as a tax-free reorganization, then the HSB shareholders may be required to recognize any gain with respect to all of the consideration, including the shares of Ameris common stock and not just the cash, received in the merger. Tax matters are very complicated and the consequences of the merger to any particular HSB shareholder will depend on that shareholder’s particular facts and circumstances. You should consult your own tax advisor to determine the particular tax consequences of the merger to you.

Negative or unexpected consequences of the Tax Cuts and Jobs Act could adversely affect Ameris’s results of operations.

Legislation signed into law on December 22, 2017, commonly referred to as the Tax Cuts and Jobs Act (the “TCJA”), made significant changes to the Code, including a reduction in the corporate tax rate and limitations on certain corporate deductions and credits. The new tax law could have negative or unexpected consequences on Ameris’s financial position. By way of example, the TCJA led to changes in the valuation of certain deferred tax assets and deferred tax liabilities on Ameris’s consolidated balance sheets, which adversely affected Ameris’s results of operations for the year ended December 31, 2017. No assurance is given that the new tax law will not have an adverse effect on the market price of Ameris common stock after the merger.

TABLE OF CONTENTS

Ameris and HSB may waive one or more of the conditions to the merger without re-soliciting the required HSB shareholder approval.

The conditions to the obligations of Ameris and HSB to complete the merger may be waived, in whole or in part, to the extent permitted by applicable law and by agreement of Ameris and HSB. The boards of directors of Ameris and HSB may evaluate the materiality of any such waiver to determine whether amendment of this proxy statement/prospectus and re-solicitation of proxies are necessary. Ameris and HSB, however, generally do not expect that any such waiver would be material enough to require re-solicitation of HSB shareholders. If any such waiver is not determined to be material enough to require re-solicitation of HSB shareholders, then the companies will have the discretion to complete the merger without seeking further HSB shareholder approval.

Ameris and HSB will be subject to business uncertainties and contractual restrictions while the merger is pending. Uncertainty about the effect of the merger on employees, customers, suppliers and vendors may have an adverse effect on the business, financial condition and results of operations of HSB and Ameris, which could negatively affect Ameris's combined business operations. These uncertainties may impair Ameris's or HSB's ability to attract, retain and motivate key personnel pending the consummation of the merger, as such personnel may experience uncertainty about their future roles following the consummation of the merger. If key employees depart because of issues relating to the uncertainty and difficulty of integration, or a desire not to remain with Ameris or HSB, Ameris's business or HSB's business could be harmed. Additionally, these uncertainties could cause customers (including depositors and borrowers), suppliers, vendors and others who deal with either Ameris or HSB to seek to change existing business relationships or fail to extend existing relationships. In addition, competitors may target each party's existing customers by highlighting potential uncertainties and integration difficulties that may result from the merger.

The pursuit of the merger and the preparation for the integration may place a burden on each company's management and internal resources. Any significant diversion of management attention away from ongoing business concerns and any difficulties encountered in the transition and integration process could have a material adverse effect on each company's business, financial condition and results of operations.

In addition, in the merger agreement HSB has agreed to operate its business in the ordinary course prior to closing, and is restricted from taking certain actions without Ameris's consent while the merger is pending. These restrictions may, among other matters, prevent HSB from pursuing otherwise attractive business opportunities, selling assets, incurring indebtedness, entering into other transactions or making other changes to its business prior to completion of the merger or termination of the merger agreement. These restrictions could have a material adverse effect on HSB's business, financial condition and results of operations. See "The Merger Agreement — Conduct of Business Pending the Merger."

Failure of the merger to be consummated, the termination of the merger agreement or a significant delay in the completion of the merger could negatively impact Ameris and HSB.

If the merger is not completed, then the ongoing business, financial condition and results of operations of each company may be materially adversely affected and the value of each party's common stock may decline significantly, particularly to the extent that the current value reflects an assumption that the merger will be completed. If the completion of the merger is delayed, then the business, financial condition and results of operations of each company may be materially adversely affected.

Ameris's and HSB's historical and pro forma condensed combined consolidated financial information may not be representative of Ameris's results as a combined company.

The pro forma financial information contained in this proxy statement/prospectus is presented for illustrative purposes only and may not be an indication of what the combined company's financial position or results of operations would have been had the merger been completed on the dates indicated. The pro forma financial information has been derived from the audited historical financial statements of Ameris and HSB and includes certain adjustments and assumptions regarding the combined businesses after giving effect to the merger. The assets and liabilities of HSB have been measured at fair value based on various

TABLE OF CONTENTS

preliminary estimates using assumptions that management believes are reasonable utilizing information currently available. The process for calculating the fair value of acquired assets and assumed liabilities requires the use of estimates. These estimates may be revised as additional information becomes available and as additional analyses are performed. Differences between preliminary estimates in the pro forma financial information and the final acquisition accounting will occur and could have a material impact on the pro forma financial information and the combined company's financial position and future results of operations. In addition, the assumptions used in preparing the pro forma financial information may not prove to be accurate, and other factors may affect the combined company's financial condition or results of operations following the closing. See "Unaudited Pro Forma Combined Condensed Financial Information."

Certain of HSB's executive officers and directors have financial interests in the merger that are different from, or in addition to, the interests of other HSB shareholders.

Certain of HSB's executive officers and directors have interests in the merger that are different from, or in addition to, the interests of HSB shareholders generally. These interests arise from employment and change in control agreements that the executive officers entered into with HSB, rights that these executive officers and directors have under HSB's benefit plans (including HSB's equity incentive plan), arrangements to continue as employees of Ameris Bank following the merger (including potential arrangements), and rights to indemnification and directors' and officers' liability insurance following the merger. These interests and arrangements may create potential conflicts of interest and may have influenced the directors and executive officers of HSB to support or approve the merger. For a more detailed discussion of these interests, see "The Merger — Interests of HSB's Directors and Executive Officers in the Merger."

Ameris is also acquiring Atlantic Coast Financial Corporation in the Atlantic merger, and Ameris's efforts to complete that merger may result in delays in completing the merger with HSB or make it more difficult or time consuming than expected.

On November 17, 2017, Ameris announced the proposed acquisition of Atlantic in the Atlantic merger. The Atlantic merger is subject to customary closing conditions, including receipt of regulatory approvals and the approval of the Atlantic stockholders. Efforts to complete the Atlantic merger and planning the simultaneous integration of Atlantic and HSB, while also pursuing regulatory approvals for both mergers, is time consuming and could divert management attention and resources away from the merger with HSB. It is also possible that, because of the complexities involved in acquiring two financial institutions, Ameris could experience delays in obtaining regulatory approval for the merger with HSB. A delay in closing the merger could be costly to both Ameris and HSB, disrupt either Ameris's or HSB's ongoing businesses relationships with their respective clients, customers, depositors and employees, or result in a failure to achieve the anticipated benefits of the HSB merger.

If the mergers with HSB and Atlantic are completed, the pro forma combined company will exceed \$10 billion in assets, which could result in increased costs and/or reduced revenues to the resulting entity and subject it to increased regulatory scrutiny by its primary federal regulators with respect to its risk management and other activities.

It is currently expected that if the HSB and Atlantic mergers are completed, the pro forma combined company will exceed \$10 billion in assets, subjecting Ameris to additional regulation and oversight that could impact its revenues or expenses. Such regulation and oversight include becoming subject to: (i) under the Dodd-Frank Wall Street Reform and Consumer Protection Act, annual stress testing (or DFAST) designed to assess the company's capital adequacy and risk management practices in the event of certain economic downturn scenarios; (ii) the examination and enforcement authority of the Consumer Financial Protection Bureau with respect to consumer and small business products and services; (iii) deposit insurance premium assessments based on an FDIC scorecard based on, among other things, Ameris Bank's CAMELS rating and results of asset-related stress testing and funding-related stress testing; and (iv) a cap on interchange transaction fees for debit cards, as required by Federal Reserve regulations, which will significantly reduce Ameris's interchange revenue after the mergers.

It is difficult to predict the overall compliance cost of these provisions, which will become effective (with a phase-in period) when the combined company surpasses \$10 billion in consolidated assets as a result of the completion of the mergers. However, compliance with these provisions will likely require additional

TABLE OF CONTENTS

staffing, engagement of external consultants and other operating costs that could have a material adverse effect on the future financial condition and results of operations of the combined company.

Risks Related to the Combined Company Following the Merger

Combining the two companies may be more difficult, costly or time consuming than expected, and Ameris may fail to realize all of the anticipated benefits of the merger.

The merger involves the combination of two bank holding companies that currently operate independently. A successful combination of the two entities will depend substantially on Ameris's ability to consolidate operations, systems and procedures and to eliminate redundancies and costs. Ameris may encounter difficulties in the integration process including: (i) loss of key employees and customers; (ii) the disruption of operations and business; (iii) the inability to maintain and increase competitive presence; (iv) deposit attrition and revenue loss; (v) possible inconsistencies in standards, control procedures and policies; (vi) unexpected problems with costs, operations, personnel, technology and credit; or (vii) problems with the assimilation of new operations, sites or personnel, which could divert resources from regular banking operations.

Additionally, general market and economic conditions and governmental actions affecting the financial industry generally may inhibit Ameris's successful integration of HSB. Ameris's failure to achieve these anticipated benefits could result in increased costs, decreases in the amount of expected revenues and diversion of management's time and energy and could materially impact its business, financial condition and operating results.

The combined company expects to incur significant expenses related to the merger.

The combined company expects to incur significant expenses associated with completing the merger and integrating the businesses, operations, networks, systems, technologies, policies and procedures of Ameris and HSB. Although Ameris and HSB have assumed that a certain level of transaction and combination expenses would be incurred, there are a number of factors beyond their control that could affect the total amount or the timing of their integration expenses. Many of the expenses that will be incurred, by their nature, are difficult to estimate accurately at the present time. Due to these factors, the transaction and integration expenses associated with the merger could, particularly in the near term, exceed the savings that the combined company expects to achieve from the elimination of duplicative expenses and the realization of economies of scale and cost savings related to the combination of the businesses following the completion of the merger.

Future capital needs could result in dilution of shareholder investment.

The Ameris board of directors may determine from time to time that there is a need to obtain additional capital through the issuance of additional shares of Ameris common stock or other securities. These issuances would dilute the ownership interests of its shareholders and may dilute the per share book value of Ameris common stock. In addition, new investors may also have rights, preferences and privileges senior to holders of Ameris common stock, which may adversely impact such holders.

Ameris's ability to pay dividends is limited and it may be unable to pay future dividends.

During the last two completed fiscal quarters, Ameris has paid cash dividends of \$0.10 per common share to its shareholders. Ameris's ability to pay dividends is limited by law and regulation and the need to maintain sufficient consolidated capital. Ameris's receives substantially all of its revenue from dividends from Ameris Bank. These dividends are the principal source of funds to pay dividends on Ameris common stock to its shareholders. The ability of Ameris Bank to pay dividends to Ameris is limited by Ameris Bank's need to maintain sufficient capital and by other general restrictions on its dividends that are applicable to state-chartered banks. If these legal and regulatory requirements are not satisfied, then Ameris will be unable to pay dividends on the Ameris common stock.

TABLE OF CONTENTS

After the merger is completed, HSB shareholders who receive shares of Ameris common stock as a result of the merger will have different rights that may be less favorable than their current rights as HSB shareholders.

Upon completion of the merger, the rights of former HSB shareholders will be governed by Georgia law and Ameris's articles of incorporation and bylaws. The rights associated with HSB common stock, which are governed by Georgia law and HSB's articles of incorporation and bylaws and, in certain respects, the Stockholders' Agreement, are different from the rights associated with Ameris common stock and may be less favorable than their current rights as HSB shareholders. See "Comparison of Shareholder Rights."

The trading volume in Ameris common stock and the sale of substantial amounts of Ameris common stock in the public market could depress the price of Ameris common stock.

Ameris cannot predict the effect, if any, that future sales of its common stock in the market, or availability of shares of its common stock for sale in the market, will have on the market price of its common stock. Ameris gives no assurance that sales of substantial amounts of its common stock in the market, or the potential for large amounts of sales in the market, would not cause the price of its common stock to decline or impair its ability to raise capital through sales of its common stock.

The market price of Ameris common stock after the merger may be affected by factors different from those affecting the shares of Ameris currently.

Upon completion of the merger, holders of HSB common stock will become holders of Ameris common stock. Ameris's business differs from that of HSB, and accordingly, the results of operations of Ameris will be affected by some factors that are different from those currently affecting the results of operations of HSB. For a discussion of the businesses of Ameris and HSB and of some important factors to consider in connection with those businesses, see "Information about the Companies," "Management's Discussion and Analysis of Financial Condition and Results of Operations of HSB," HSB's Audited Consolidated Financial Statements, which are attached to this proxy/statement prospectus as Appendix E and Appendix F, and the documents incorporated by reference into this proxy statement/prospectus. See "Documents Incorporated by Reference."

The market price of the combined company's common stock may decline as a result of the merger.

The market price of the combined company's common stock may decline as a result of the merger if the combined company does not achieve the perceived benefits of the merger or the effect of the merger on the combined company's financial results is not consistent with the expectations of financial or industry analysts. In addition, upon completion of the merger, Ameris shareholders will own interests in a combined company operating an expanded business with a different mix of assets, risks and liabilities. Current HSB and Ameris shareholders may not wish to continue to invest in the combined company, or for other reasons may wish to dispose of some or all of their shares of the combined company.

CAUTIONARY STATEMENT CONCERNING FORWARD-LOOKING STATEMENTS

This proxy statement/prospectus, including information included in, or incorporated by reference into, this proxy statement/prospectus, may contain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements include: (i) statements about the benefits of the merger, including future financial and operating results and cost savings that may be realized from the merger; (ii) statements about our respective plans, objectives, expectations and intentions and other statements that are not historical facts; and (iii) other statements identified by words such as “expects,” “anticipates,” “intends,” “plans,” “believes,” “seeks,” “estimates” or words of similar meaning. You should note that the discussion of Ameris’s and HSB’s reasons for the merger contain many forward-looking statements that describe beliefs, assumptions, expectations and estimates of the board of directors or management of Ameris and HSB as of the indicated dates, and those assumptions, expectations and estimates may have changed as of the date of this proxy statement/prospectus. Forward-looking statements are based on current beliefs and expectations of Ameris’s and HSB’s management, and are inherently subject to significant business, economic and competitive uncertainties and contingencies, many of which are beyond the control of Ameris and HSB. In addition, these forward-looking statements are subject to assumptions with respect to future business strategies and decisions that are subject to change. Therefore, actual results may differ materially from those expressed in, or implied by, the forward-looking statements.

The ability to predict results or the actual effects of the combined company’s plans and strategies is inherently uncertain. Some of the factors that may cause actual results to differ materially from those contemplated by the forward-looking statements include those identified in “Risk Factors” beginning on page 32, as well as the following:

- the risk that the cost savings and any revenue synergies from the merger with HSB and the Atlantic merger may not be realized or may take longer than anticipated to be realized;
- the merger may not be completed when expected or completed at all, or may be more expensive to complete than expected, because of difficulties obtaining the required regulatory approvals for the merger and the required HSB shareholder approval;
- the merger may not be completed when expected or completed at all because of failure or difficulty in satisfying other conditions to completion of the merger set forth in the merger agreement;
- risks associated with the timing of the completion of the merger;
- disruption caused by the merger with customers, suppliers or employees or other business relationships;
- management time and effort may be diverted to the resolution of merger-related issues, including, with respect to Ameris, the time and effort management is directing to the pending Atlantic merger at the same time as the pending merger with HSB;
- the occurrence of any event, change or other circumstances that could give rise to the termination of the merger agreement, including a termination of the merger agreement under circumstances that could require HSB to pay a termination fee to Ameris;
-

HSB's business may not integrate into Ameris's business successfully, or such integration may take longer to accomplish, be more difficult or costly than expected;

- a material adverse change in the financial condition of Ameris or HSB;
- the market price for the Ameris common stock could decline before the completion of the merger, including as a result of the financial performance of HSB, or more generally due to broader stock market movements and the performance of financial companies and peer group companies;
- higher than expected loan losses following the merger;
- limitations placed on the ability of HSB and Ameris to operate their respective businesses by the merger agreement;

TABLE OF CONTENTS

- lower than expected revenue following the merger;
- Ameris's ability to manage the combined company's growth;
- reputational risk and the risk of adverse reaction of each company's customers, suppliers, employees or other business partners to the merger;
- changes in interest rates which may cause margins to compress and adversely affect net interest income;
- the amount of the costs, fees and charges related to the merger, and the possibility that the merger may be more expensive to complete than anticipated, including as a result of unexpected factors or events;
- inability to comply with regulatory capital requirements, including those resulting from changes to the capital calculation methodologies and required capital maintenance levels of regulatory agencies in connection with those agencies' approval of the merger;
- the possibility that the incremental cost or decreased revenues associated with exceeding \$10 billion in assets will exceed current estimates;
- higher than expected FDIC insurance assessments;
- unexpected reduction in Ameris's and HSB's deposit base;
- Ameris's and HSB's inability to promptly adapt to technological changes;
- Ameris's and HSB's internal controls and procedures may not be adequate to prevent losses;
- competition from other financial services companies in Ameris's markets;
- changes in state and federal legislation, regulations or policies applicable to banks and other financial service providers, including regulatory or legislative developments; and
- general economic conditions, either nationally or in Georgia or Ameris's other market areas, that are less favorable than expected resulting in, among other things, a deterioration of the quality of the combined company's loan portfolio and reduced demand for its products and services.

Additional factors that may cause actual results or earnings to differ materially from those contemplated by the forward-looking statements include those discussed in the filings of Ameris with the SEC that are incorporated by reference into this proxy statement/prospectus. See “Where You Can Find More Information” and “Documents Incorporated by Reference.”

Because these forward-looking statements are subject to assumptions and uncertainties, Ameris’s and HSB’s actual results may differ materially from those expressed or implied by these forward-looking statements. INFORMATION ABOUT THE SPECIAL MEETING

HSB is mailing this proxy statement/prospectus to you, as an HSB shareholder, on or about _____, 2018. With this document, HSB is sending you a notice of the special meeting of shareholders and a form of proxy that is solicited by the HSB board of directors. The special meeting will be held on _____, 2018 at _____ a.m., local time, at _____ Matters to be Considered. At the special meeting, HSB shareholders will be asked to:

- approve a proposal to adopt and approve the merger agreement, the merger and the other transactions contemplated by the merger agreement, referred to as the merger proposal; and
- approve a proposal to authorize the HSB board of directors to adjourn or postpone the special meeting to a later date, if necessary or appropriate, including adjournments to permit further solicitation of proxies in favor of the merger proposal, referred to as the adjournment proposal.

Proxy Card, Revocation of Proxy. You should complete and return the proxy card accompanying this document to ensure that your vote is counted at the special meeting, regardless of whether you plan to attend. If you are a record holder you can revoke your proxy at any time before the vote is taken at the special meeting by:

- submitting written notice of revocation to the Corporate Secretary of HSB at 1907 Highway 211, Hoschton, Georgia 30548;
- submitting a properly executed proxy bearing a later date before the special meeting of shareholders; or
- voting in person at the special meeting of shareholders. However, simply attending the special meeting without voting will not revoke an earlier proxy.

If your shares are held by your bank, brokerage firm or other nominee in “street name,” you should follow the instructions you receive from your bank, brokerage firm or other nominee in order to direct your bank, brokerage firm or other nominee how to vote and you should also follow the instructions of your bank, brokerage firm or other nominee regarding revocation of proxies.

All shares represented by valid proxies that are not revoked will be voted in accordance with your instructions. If you sign your proxy card, but make no specification on the card as to how you want your shares voted, your proxy card will be voted “FOR” approval of the merger proposal and “FOR” approval of the adjournment proposal. The HSB board of directors is presently unaware of any other matter that may be presented for action at the special meeting of shareholders. If any other matter does properly come before the special meeting, the HSB board of directors intends that shares represented by properly submitted proxies will be voted, or not voted, by and at the discretion of the persons named as proxies on the proxy card.

Solicitation of Proxies. The cost of solicitation of proxies will be borne by HSB. HSB will reimburse brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending proxy materials to the beneficial owners of common stock. In addition to solicitations by mail, directors, officers and regular employees of HSB may solicit proxies personally or by telephone without additional compensation.

Record Date. The close of business on _____, 2018 has been fixed as the record date for determining the HSB shareholders entitled to receive notice of and to vote at the special meeting of shareholders. At that time, _____ shares of HSB common stock were outstanding.

Voting Rights, Quorum Requirements and Vote Required. The presence, in person or by properly executed proxy, of the holders of a majority of the outstanding voting common stock of HSB is necessary to constitute a quorum at the special meeting of shareholders. Abstentions and broker non-votes will be counted for the purpose of determining whether a quorum is present.

Approval of the merger proposal requires the affirmative vote of the holders of at least sixty percent (60%) of the shares of HSB voting common stock outstanding on the record date. Because the required vote is based upon the outstanding shares of HSB common stock, a failure to vote or a vote to “ABSTAIN” will have the same effect as a vote against the merger.

42

TABLE OF CONTENTS

Approval of the adjournment proposal requires the affirmative vote of a majority of the holders of HSB voting common stock represented in person or by proxy at the special meeting and entitled to vote on the adjournment proposal. Broker non-votes will have no effect on the adjournment proposal.

Each HSB director and certain principal shareholders of HSB (which collectively constitute approximately % of the outstanding HSB voting common stock) have entered into voting agreements with Ameris agreeing to, among other things, vote their shares of HSB common stock in favor of the merger agreement and the transactions contemplated thereby and restricting the transfer of the individual's shares of HSB common stock during the period between signing of the merger agreement and the completion of the merger. As of the HSB record date, HSB directors and their affiliates held approximately % of the outstanding shares of HSB voting common stock.

Merger Proposal. As discussed throughout this proxy statement/prospectus, HSB is asking its shareholders to approve the merger proposal. Holders of HSB common stock should read carefully this document in its entirety, including the appendices, for more detailed information concerning the merger agreement and the merger. In particular, holders of HSB common stock are directed to the merger agreement, a copy of which is attached as Appendix A to this proxy statement/prospectus and incorporated herein by reference.

The HSB board of directors has determined that the merger agreement and the transactions contemplated by the merger agreement, including the merger, are fair and in the best interests of HSB and its shareholders, and has approved the merger agreement and the transactions contemplated by the merger agreement.

The HSB board of directors recommends a vote "FOR" the merger proposal.

Adjournment Proposal. The special meeting may be adjourned to another time or place, if necessary or appropriate, to permit, among other things, the solicitation of additional proxies if there are insufficient votes at the time of the special meeting to approve the merger proposal.

If, at the special meeting, the number of shares of HSB voting common stock present or represented and voting in favor of the merger proposal is insufficient to approve the merger proposal, HSB intends to move to adjourn the special meeting in order to enable the HSB board of directors to solicit additional proxies for approval of the merger proposal. In that event, HSB will ask the HSB shareholders to vote only upon the adjournment proposal and not the merger proposal.

In the adjournment proposal, HSB is asking the HSB shareholders to authorize the holder of any proxy solicited by the HSB board of directors to vote in favor of granting discretionary authority to the HSB board of directors to adjourn the special meeting to another time and place for the purpose of soliciting additional proxies. If the HSB shareholders approve the adjournment proposal, HSB could adjourn the special meeting and any adjourned session of the special meeting and use the additional time to solicit additional proxies, including the solicitation of proxies from HSB shareholders who have previously voted.

The HSB board of directors recommends a vote "FOR" the adjournment proposal.

Other Matters to Come Before the Special Meeting. No other matters are intended to be brought before the special meeting by HSB, and HSB does not know of any matters to be brought before the special meeting by others. If, however, any other matters properly come before the special meeting, the persons named in the proxy will vote the shares represented thereby in accordance with their best judgment on any such matter.

Hamilton's focus on relationship banking, direct customer contact, and its ability to make credit and other business decisions locally gives Hamilton a competitive advantage that allows it to differentiate itself from other financial institutions with whom it competes. Competition with these financial institutions is frequently based upon the interest rates offered on deposit accounts, structure, terms and interest rates charged on loans, other credit and service charges and fees on loans, the quality and scope of products and services rendered, the convenience of its delivery channels, and, in the case of loans to commercial borrowers, relative lending limits. Hamilton competes with commercial banks, credit unions, savings institutions, mortgage banking firms, consumer finance companies, securities brokerage firms, insurance companies, money market funds and other mutual funds, as well as super-regional, national and international financial institutions that operate in its market areas and elsewhere.

THE MERGER

Background of the Merger

HSB continually evaluates its near-term and long-term prospects and strategies, including regularly reviewing and assessing HSB's business plan, current performance, and long-term strategic objectives. Since HSB was recapitalized in 2011, it has placed an emphasis on strategic growth by way of mergers and acquisitions, as well as organic loan and deposit growth. The HSB board of directors and executive management team have also discussed and considered the challenges associated with continued operation as a standalone entity, anticipated changes in the competitive and regulatory environment, HSB's ongoing compliance burden, current market conditions and consolidation in the financial services industry. As part of its ongoing consideration of strategic options, HSB's executive management team routinely meets with executives from other financial institutions, including both acquisition targets and potential merger partners.

In late December 2015, Dennis J. Zember, Jr., at that time Ameris's Chief Financial Officer, contacted Robert C. Oliver, HSB's Chairman and Chief Executive Officer, to initiate preliminary discussions regarding a strategic merger of the two institutions and their respective banking subsidiaries.

On January 5, 2016, Ameris and HSB entered into a mutual non-disclosure agreement. Following the execution of the non-disclosure agreement, that same day Mr. Oliver and Mr. Zember met in Atlanta to have a high-level discussion concerning the HSB and Ameris franchises, operations, markets and strategic goals, as well as the possibility of a strategic merger transaction. On January 8, 2016, Mr. Oliver apprised the HSB board of directors of the preliminary meeting with Mr. Zember and provided some introductory information about Ameris to the board of directors. In addition, Mr. Oliver contacted representatives of Sandler O'Neill, an investment banking firm which specializes in the financial services sector and with which HSB has had an ongoing financial advisory relationship, and Alston & Bird LLP ("Alston & Bird"), HSB's outside legal counsel, to discuss a potential transaction with Ameris.

On January 27, 2016, at HSB's regularly scheduled meeting of its board of directors in New York with Alston & Bird and representatives of Sandler O'Neill in attendance, Sandler O'Neill made a presentation to the board concerning HSB's standalone challenges and opportunities along with its projected financial performance, based upon internal financial projections for HSB, as provided by the senior management of HSB, the competitive landscape and the mergers and acquisitions market generally, the potential factors driving bank valuations, potential merger partners, a financial analysis of Ameris and a financial analysis of a potential merger transaction with Ameris.

Representatives of Sandler O'Neill made a subsequent presentation to the HSB board of directors at a special meeting of the board on April 14, 2016 in New York with Alston & Bird in attendance. At this meeting, representatives of Sandler O'Neill focused its presentation on the financial considerations of a potential transaction with Ameris, including the potential pro forma financial performance of a combined company based upon numerous assumptions, as directed by and discussed with the management of HSB, as well as the potential market reaction to such a business combination. In addition, Sandler O'Neill facilitated a discussion of potential merger partners other than Ameris.

On April 29, 2016, Ameris sent HSB a non-binding letter of intent in which Ameris proposed to acquire HSB (including HSB's wholly owned banking subsidiary, Hamilton) for a blended purchase price of \$8.00 per share of HSB common stock, expressed as a fixed exchange ratio of 0.2544 and consideration consisting of 25% cash and 75% stock (based on a trailing five-day volume-weighted average Ameris share price of \$31.44). The HSB board of directors held telephonic meetings on May 5, 2016 and May 11, 2016, with representatives of Sandler O'Neill and Alston & Bird in attendance, to discuss the letter of intent. Following its review of updated base case financial projections prepared by HSB management and preliminary financial analyses from representatives of Sandler O'Neill, the board of directors requested that Mr. Oliver meet with Ameris to discuss revisions to Ameris's proposal which would value HSB in a range closer to \$9.00 per share of HSB common stock.

On June 1, 2016, Mr. Zember and Edwin W. Hortman, Jr., Ameris's President and Chief Executive Officer, met with the HSB board of directors in New York to provide an informational presentation of Ameris's business and the prospects for the combined business of Ameris and HSB.

TABLE OF CONTENTS

On June 8, 2016, Ameris submitted a revised letter of intent to HSB, proposing a blended purchase price of \$8.40 per share of HSB common stock, expressed as a fixed exchange ratio of 0.2600 and consideration consisting of 25% cash and 75% stock (based on a trailing five-day volume-weighted average Ameris share price of \$31.74, as of June 7, 2016). The HSB board met on June 10, 2016, with representatives of Sandler O'Neill and Alston & Bird in attendance, to discuss the revised letter of intent. At the meeting, representatives of Sandler O'Neill updated the board regarding Ameris's financial performance and stock price, the proposed transaction terms relative to other similar merger transactions in the market, the overall merger market and the universe of potential transaction partners and the various factors to consider when evaluating other potential alternative transactions. After significant discussion, the board of directors determined to move forward with Ameris based on a variety of factors, including the synergies to be achieved in a transaction, the performance and liquidity of Ameris's stock, Ameris's capacity to pay and Ameris's perceived ability to consummate a transaction in a timely manner. The board determined not to pursue competing offers from other bidders based on the analysis it had received concerning other potential counterparties and its belief that other potential counterparties had a reduced capacity to pay and other challenges to executing a transaction in a timely manner. The board of directors also believed that Ameris would terminate discussions if HSB were to bring competing bidders in to the negotiation. Following the June 10, 2016 meeting, representatives of HSB and Ameris continued to discuss pricing proposals, and on June 14, 2016, the HSB board convened a meeting with representatives of Sandler O'Neill and Alston & Bird in attendance. At the meeting the HSB board approved the terms of a revised letter of intent providing for a blended purchase price of \$8.35 per share of HSB common stock, expressed as a fixed exchange ratio of 0.2600 and consideration consisting of 24.31% cash and 75.69% stock (based on a trailing five-day volume-weighted average Ameris share price of \$31.74, as of June 7, 2016). Ameris and HSB signed the non-binding letter of intent on June 15, 2016.

Following the execution of the letter of intent, HSB made additional non-public financial and operational information available to Ameris and Ameris continued its due diligence evaluation of HSB. Concurrently, HSB commenced its due diligence review of Ameris.

During the remainder of June and through the middle of August, each of the parties continued its due diligence review of the other. In connection with such review and continuing discussions, the parties negotiated a revised non-binding letter of intent providing for consideration consisting of 23.57% cash and 76.43% stock, a floating cash component with a floor of \$8.15 per share and a ceiling of \$8.35 per share, and a fixed exchange ratio of 0.2425, resulting in a blended purchase price of between \$8.25 and \$8.62 per share, depending on the closing price of Ameris's shares and representing an implied price of \$8.11 per HSB share based on closing price of Ameris common stock of \$33.46 per share on August 17, 2016.

The HSB board approved the revised letter of intent on August 17, 2016, at a meeting at which representatives of Sandler O'Neill and Alston & Bird were present. The approval followed meetings of the HSB board held on July 18, 2016, July 29, 2016 and August 8, 2016 at which HSB management and advisors updated the HSB board regarding the status of discussions with Ameris, and reviewed with the HSB board the terms of several revised proposals. Over the course of these meetings Alston & Bird advised the board of directors with respect to its fiduciary duties, and representatives of Sandler O'Neill updated the board of directors with respect to HSB's historical standalone financial performance, including the potential implications of certain potential changes to the HSB business plan, as directed by the senior management of HSB, the proposed transaction terms relative to other similar historical banking merger transactions, the overall merger market and the universe of potential transaction partners.

On August 30, 2016, Mr. Zember contacted Mr. Oliver to inform HSB that Ameris had become aware of certain operational and compliance issues at Ameris which would likely prevent Ameris from being able to consummate a transaction with HSB in the near future. The August 18, 2016 letter of intent was terminated by the mutual agreement of the parties on September 1, 2016.

On December 14, 2016, the HSB board of directors convened its regularly scheduled meeting in New York. At this meeting, representatives of Sandler O'Neill made a presentation discussing the state of the current banking environment, the bank merger and acquisition environment, HSB's standalone projections for the year ending December 31, 2017, as directed by the senior management of HSB, as well as potential strategic transaction counterparties. The board discussed the range of potential transaction

TABLE OF CONTENTS

partners, as well as potential transaction processes ranging from a negotiated strategic transaction to a narrowly targeted bid process to a broader process. Representatives of Sandler O’Neill provided a list of twenty-four potential transaction partners, highlighting three who were thought to be stronger candidates based on strategic needs, contiguous geographic needs and/or a capacity to pay. One potential transactional partner identified by representatives of Sandler O’Neill was a publicly traded bank holding company in Georgia operating in contiguous markets to HSB (“Company A”). The HSB board of directors instructed management to continue its industry involvement and dialogue with peer banks including those potential counterparties identified by Sandler O’Neill.

On December 19, 2016, Ameris announced that it had entered into a Stipulation to the Issuance of a Consent Order with its bank regulatory agencies, the FDIC and the GDBF, consenting to the issuance of a consent order relating to weaknesses in the Ameris Bank’s Bank Secrecy Act compliance program.

On December 22, 2016, Mr. Oliver and Donald T. Heroman, HSB board member and chair of the board of director’s audit committee, met with the Chief Executive Officer of Company A in a meeting initiated by Company A. At the meeting, Company A presented a high-level proposal for the acquisition of HSB by Company A.

On December 29, 2016, the HSB board convened with representatives of Sandler O’Neill and Alston & Bird to discuss Company A’s proposal, as well Company A’s earnings and growth assumptions. The HSB board determined to continue discussions with Company A and to solicit from representatives of Sandler O’Neill additional financial modeling of HSB as a standalone entity and pro forma modeling of a combined entity consisting of HSB and Company A.

On January 9, 2017, representatives from Sandler O’Neill and Alston & Bird met with the HSB board to present a detailed analysis of Company A, including pro forma financial modeling of Company A following a merger with HSB. In addition, representatives of Sandler O’Neill provided the board with industry and bank merger and acquisition market updates, as well as an analysis of precedent transactions. At the conclusion of the meeting, the HSB board requested additional pricing sensitivity analysis from representatives of Sandler O’Neill. The HSB board reconvened the following day to discuss the updated pricing sensitivity analysis provided by representatives of Sandler O’Neill and determined to proceed with discussions with Company A and to provide Company A with updated HSB financial information.

Company A provided a non-binding letter of intent to HSB on January 20, 2017, following additional in-person meetings between Mr. Oliver, Mr. Heroman, and Company A’s Chief Executive Officer on January 12, 2017 and January 20, 2017. The letter of intent included pricing terms more favorable to HSB than those initially discussed with Company A in December of 2016. On January 24, 2017, the HSB board of directors, along with Sandler O’Neill and Alston & Bird, held a board meeting to discuss Company A’s proposal as well as the anticipated market reaction to the proposed transaction and ultimately approved HSB’s execution of the non-binding letter of intent with Company A.

On February 6, 2017, Company A’s executive management team met with the HSB board of directors in New York to provide an informational presentation of Company A’s business and the prospects for the combined business of Company A and HSB. In the weeks following this meeting, each of Company A and HSB performed due diligence on the other.

In late February, 2017, Company A determined not to proceed with discussions with HSB in order to pursue a transaction in an alternative geographic market.

On March 22, 2017, the HSB board met again with representatives from Sandler O’Neill and Alston & Bird to discuss potential strategic directions for HSB. The board recommended that Mr. Oliver and representatives of Sandler O’Neill maintain dialogue with other market participants while management continued to focus on organic growth opportunities. In addition, the board of directors declared a \$50 million special dividend payable to HSB shareholders of record on April 6, 2017 that was paid on April 25, 2017.

On August 23, 2017, representatives of Sandler O’Neill attended a regularly scheduled meeting of the HSB board of directors and provided an update regarding Ameris’s financial and stock price performance. Representatives of Sandler O’Neill also updated the HSB board of directors with respect to the bank

merger and acquisition market, HSB's standalone valuation and other potential transaction partners. Mr. Oliver explained to the board that he and Mr. Rabe continued to have informal strategic discussions with potential strategic counterparties and industry participants. The board of directors directed management to update the previously established due diligence data room and to, in cooperation with representatives of Sandler O'Neill and Alston & Bird, begin preparing a confidential information memorandum with respect to HSB.

On December 13, 2017, the HSB board of directors met, along with representatives of Sandler O'Neill and Alston & Bird, to further discuss HSB's strategic alternatives, including continuing as a standalone operation, the bank merger and acquisition market, potential transaction partners and their capacity to pay, and potential sale process approaches and timelines. Following discussion, the HSB board of directors directed representatives of Sandler O'Neill and management to begin contacting eight potential counterparties, including Ameris, who were determined to be the strongest potential counterparties based on a variety of factors, including their perceived interest in HSB, their ability to consummate a transaction in a timely manner and their capacity to pay. Representatives of Sandler O'Neill began contacting these parties on December 14, 2017 and non-disclosure agreements were executed with four potential counterparties in addition to Ameris. These four institutions were given access to HSB due diligence materials and commenced preliminary due diligence.

On December 19, 2017, Ameris sent a non-binding letter of intent to HSB for its consideration. The HSB board convened on December 21, 2017, along with representatives of Sandler O'Neill and Alston & Bird, to evaluate the proposal. Ameris proposed to acquire all of HSB's outstanding shares for consideration consisting of 15% cash and 85% stock, with an exchange ratio of 0.18 and a floor such that if the application of the exchange ratio to the Ameris share price equates to less than \$9.00 per share of HSB stock at the time of the signing of the definitive merger agreement, then the exchange ratio would be adjusted upward until the \$9.00 floor is met. The board discussed the specifics of the proposal, as well as its history with Ameris, and determined to respond with a counter proposal maintaining the consideration mix consisting of 15% cash and 85% stock, but with an increased exchange ratio and cash consideration resulting in a blended price of \$9.25 per share. The board of directors determined to continue preliminary discussions with Ameris while at the same time continuing to provide additional due diligence materials to the other four potential counterparties.

Ameris provided an updated non-binding letter of intent on January 2, 2018, including a proposal again consisting of 15% cash and 85% stock, but with an exchange ratio of 0.1812 and cash valued at \$9.06 per share. The HSB board of directors determined that HSB should continue to negotiate with Ameris on a non-exclusive basis based on the terms included in the most recent letter of intent.

On January 10, 2018, the HSB and Ameris management teams along with their legal counsel and financial advisors met in Atlanta, Georgia to allow Ameris to conduct management meetings as part of its due diligence review of HSB.

On January 11, 2018, Ameris provided HSB with draft copies of a proposed merger agreement and ancillary transaction documents. At a meeting of the HSB board of directors on January 16, 2018, Alston & Bird walked the board through the key terms in the Ameris draft agreements as well as the revisions proposed by HSB and its advisors. HSB management also updated the board of directors with respect to the status of the other potential counterparties informing the board that none of the counterparties appeared to be investing substantial resources in their due diligence reviews and that they did not appear to be seriously pursuing a transaction with HSB. Revised drafts of the transaction documents were provided to Ameris on January 17, 2018.

On January 19, 2018, Ameris provided an updated draft of the transaction documents, including revisions to the consideration mix, which was adjusted to include 10% cash and 90% stock consideration, with all HSB shareholders receiving \$0.93 per share in cash and 0.160 common shares of Ameris in exchange for each share of HSB common stock.

On January 21, 2018, the HSB and Ameris management teams along with their legal counsel and financial advisors participated in a conference call to allow HSB to ask questions of Ameris's management team as part of its due diligence review of Ameris. Also on January 21, 2018, the HSB board of directors met, along with representatives of Sandler O'Neill and Alston & Bird, to discuss Ameris's revisions to the transaction documents and the financial terms of the proposed transaction.

TABLE OF CONTENTS

On January 24, 2018, the boards of directors of HSB and Hamilton convened a special meeting to review and approve the final version of the merger agreement and other transaction documents. Representatives of Sandler O'Neill presented the financial aspects of the proposed merger, including the following: (i) all holders of HSB common shares would receive 0.160 shares of Ameris common stock and \$0.93 in cash for each share of HSB common stock; (ii) the blended purchase price per share of HSB stock was \$9.58 and the aggregate transaction value was approximately \$409 million, in each case calculated based on the closing price per share of Ameris common stock of \$54.05 as of January 23, 2018; (iii) after consummation of the transaction, HSB's current shareholders would own approximately 13.9% of the common shares of Ameris; (iv) (A) HSB option- and warrant-holders would receive cash consideration equal to the positive difference in value (if any) between \$9.06 and the strike price of each stock option or warrant, (B) out-of-the-money options would be cancelled for no consideration, and (C) restricted stock units vesting upon a change in control would receive the merger consideration; (v) the merger agreement contained a double-trigger walk-away provision, with an option for Ameris to improve the exchange ratio in the event that HSB elects to exercise its termination right upon the occurrence of the double trigger; (vi) there would be no lockup for current HSB shareholders; (vii) HSB would be permitted to pay up to \$9,000,000 in cash dividends (in the aggregate) prior to closing the merger; and (viii) HSB board members and certain HSB shareholders would be required to enter into voting and support agreements prior to execution of the merger agreement. Next, representatives from Sandler O'Neill presented to the joint boards Sandler O'Neill's fairness opinion to the effect that, as of January 24, 2018 and subject to the procedures followed, assumptions made, matters considered, and qualifications and limitations on the review undertaken by Sandler O'Neill as set forth in the opinion, the merger consideration in the proposed merger agreement was fair, from a financial point of view, to the holders of HSB common stock.

Alston & Bird then summarized the key terms of the transaction documents. After further discussion and deliberation, the boards of directors of HSB and Hamilton determined that they had the appropriate information upon which to evaluate the Ameris proposal and to conclude that the terms of the merger agreement, including the merger consideration, and the other transaction documents contemplated by the merger agreement, were fair to and in the best interests of HSB and Hamilton and their respective shareholders. The HSB and Hamilton boards of directors, having determined that the terms of Ameris's proposal, the related merger agreement (including the merger consideration) and the other transaction documents were fair to and in the best interests of each of HSB and Hamilton and their respective shareholders, unanimously approved and declared advisable the merger agreement and the transactions contemplated by the merger agreement, including the merger, and authorized the execution and delivery of the merger agreement and other transaction documents and directed that the merger agreement be submitted to the HSB shareholders for adoption and approval. The HSB board of directors recommended that the HSB shareholders vote in favor of the adoption and approval of the merger agreement and the approval of the transactions contemplated by the merger agreement, including the merger. The board of directors of Hamilton adopted a similar resolution with respect to the merger between Ameris Bank and Hamilton.

On January 25, 2018, the merger agreement and the Voting and Support Agreement were executed by the parties. Ameris issued a press release announcing the transaction the following morning.

Ameris's Reasons for the Merger

After careful consideration, on January 16, 2018, the Ameris board of directors unanimously determined that the merger agreement was in the best interests of Ameris and its shareholders. In reaching its decision to approve and adopt the merger agreement, the Ameris board of directors evaluated the merger and the merger agreement in consultation with Ameris's management, as well as Ameris's financial and legal advisors, and considered a number of factors in favor of the merger, including the following material factors, which are not presented in order of priority:

- each of Ameris's, HSB's and the combined company's business, operations, financial condition, earnings and prospects, taking into account the results of Ameris's due diligence review of HSB, which included financial, credit, legal, regulatory and operational due diligence, and the conclusion that HSB's financial condition, capital adequacy and asset quality were sound and would complement those of Ameris;

TABLE OF CONTENTS

- Ameris's belief that Ameris and HSB share a compatible community banking model, including with respect to business lines, strategic focus, client service, credit culture and risk profiles;
- Ameris's belief that the merger would potentially create synergies and potential enhanced economies of scale that would result in the combined company having the opportunity for superior future earnings and prospects compared to Ameris's earnings and prospects on a stand-alone basis;
- the potential expanded possibilities for the combined company, including organic growth and future acquisitions, that would be available to the combined company, given its larger size, asset base, capital, lending capacity and footprint;
- the fact that that the merger would enable Ameris to continue its focus, and expand its existing presence, in high growth metro markets, including Atlanta;
- Ameris's belief that that the merger will be financially accretive to Ameris's earnings due to a combination of revenue synergies, cost efficiencies and other cost savings opportunities for the combined company, even after taking into account the potential negative impact on the combined company's earnings as a result of Ameris's assets exceeding \$10 billion;
- Ameris's understanding of the current and prospective economic, interest rate, regulatory and competitive environment in which Ameris and HSB operate, and the likely effect of these factors on Ameris, both with and without the merger;
- Ameris's past record of integrating acquisitions and of realizing projected financial goals and benefits;
- Ameris's belief that it can overcome the potential negative impact on the combined entity's earnings as a result of Ameris's assets exceeding \$10 billion, including the limit on the amount of debit card interchange fees that Ameris will be able to charge, the increased regulatory burden and cost on Ameris as a result of increased risk management oversight and stress testing, and becoming subject to oversight by the Consumer Financial Protection Bureau;
- the regulatory and other approvals required by the merger agreement and the expectation that such approvals will be received in a timely manner and without the imposition of unacceptable conditions; and
- the financial and other terms and conditions of the merger agreement, including the merger consideration, expected tax treatment, the deal protection and termination fee provisions, and the restrictions on the conduct of HSB's business until the consummation of the merger.

The Ameris board of directors also considered potential risks relating to the merger, including the following:

- the need to obtain the required HSB shareholder approval to complete the merger and the risk that such approval would not be obtained or other conditions to the merger would not be satisfied;

- approvals from regulatory authorities could impose conditions that could have the effect of delaying completion of the merger or imposing additional costs;
- the possibility that pursuing a merger with Atlantic during the same time period as pursuing the merger with HSB could preclude other expansion opportunities during the pendency of these two merger transactions;
- that Ameris may not realize all of the anticipated benefits of the merger, including cost savings, maintenance of existing customer and employee relationships, and minimal disruption in the integration of HSB's operations with Ameris;
- the potential risk of diverting management attention and resources from the operation of the business of Ameris and towards completion of the merger and integration of operations; and

TABLE OF CONTENTS

- the substantial costs that Ameris will incur in connection with the merger even if it is not completed.

The foregoing discussion of the factors considered by the Ameris board of directors is not intended to be exhaustive, but rather includes the material factors considered by the Ameris board of directors. In reaching its decision to approve and adopt the merger agreement, the Ameris board of directors did not quantify or assign any relative weights to the factors considered, and individual directors may have given different weights to different factors. The Ameris board of directors considered all these factors as a whole, and overall considered the factors to be favorable to, and to support, its determination to approve and enter into the merger agreement with HSB.

The Recommendation of the HSB Board of Directors and HSB's Reasons for the Merger

The HSB board of directors has determined that the merger is fair to, and in the best interests of, the HSB shareholders. In approving the merger agreement, the HSB board of directors consulted with Sandler O'Neill with respect to the financial aspects of the merger, and with Alston & Bird as to the board of directors' legal duties and the terms of the merger agreement. In arriving at its determination, the HSB board of directors also considered a number of factors, including the following, which are not presented in order of priority:

- the HSB board of directors' familiarity with and review of information concerning the business, results of operations, financial condition, competitive position and future prospects of HSB;

- the results that HSB could expect to obtain if it continued to operate independently, and the likely benefits to HSB shareholders of that course of action, as compared with the value of the merger consideration offered by Ameris;

- the potential strategic alternatives available to HSB, including other potential merger partners, their potential interest level in pursuing a transaction with HSB, and their capacity to pay the merger price;

- the current and prospective environment in which HSB operates, including national, regional and local economic conditions, the competitive environment for banks, thrifts and other financial institutions generally, the increased regulatory burdens on financial institutions generally and the trend toward consolidation in the banking industry and in the financial services industry;

- the financial presentation, dated January 24, 2018 of Sandler O'Neill to the HSB board of directors and the opinion, dated January 24, 2018, of Sandler O'Neill to the HSB board of directors as to the fairness, from a financial point of view and as of the date of the opinion, to the holders of HSB common stock of the merger consideration in the merger, as more fully described below under "Opinion of Hamilton State Bancshares, Inc.'s Financial Advisor in Connection With the Merger;"

- that a merger with a larger holding company would provide the opportunity to realize economies of scale, increase efficiencies of operations and enhance the development of new products and services;

- that HSB shareholders would receive the merger consideration in shares of Ameris common stock, which are publicly traded on Nasdaq;

-

the ability of Ameris to obtain the requisite regulatory approvals in a timely manner, including potential challenges and delays which could arise as a result of Ameris's pending acquisition of Atlantic and that the HSB acquisition will cause Ameris to exceed the \$10 billion asset threshold triggering additional regulatory oversight;

- the terms and conditions of the merger agreement, including the parties' respective representations, warranties, covenants and other agreements, the conditions to closing, including a provision that permits the HSB board of directors, in the exercise of its fiduciary duties, under certain conditions, to furnish information to a third party that has submitted an unsolicited proposal to acquire HSB;

TABLE OF CONTENTS

- that some of the HSB directors and executive officers have other financial interests in the merger in addition to their interests as HSB shareholders, including financial interests that are the result of existing compensation arrangements with HSB and the manner in which such interests would be affected by the merger;
- that under the merger agreement HSB could not solicit competing proposals for the acquisition of HSB;
- the requirement that HSB conduct its business in the ordinary course and the other restrictions on the conduct of HSB's business before completion of the merger, which may delay or prevent HSB from undertaking business opportunities that may arise before completion of the merger; and
- the treatment of the merger as a "reorganization" within the meaning of Section 368(a) of the Code with respect to the HSB common stock exchanged for Ameris common stock.

The reasons set out above for the merger are not intended to be exhaustive but do include all material factors considered by the HSB board of directors in approving the merger. In reaching its determination, the HSB board of directors did not assign any relative or specific weights to different factors, and individual directors may have given different weights to different factors. Based upon the reasons stated, the HSB board of directors believes that the merger is in the best interest of the HSB shareholders, and therefore the HSB board of directors unanimously approved the merger agreement and the merger and is recommending that HSB shareholders vote "FOR" approval of the merger agreement and the merger. In addition, all members of the HSB board of directors have entered into voting agreements requiring them to vote the shares of HSB common stock over which they have voting authority in favor of the merger agreement.

Opinion of Hamilton State Bancshares, Inc.'s Financial Advisor in Connection with the Merger

HSB retained Sandler O'Neill to act as financial advisor to the HSB board of directors in connection with HSB's consideration of a possible business combination. Sandler O'Neill is a nationally recognized investment banking firm whose principal business specialty is financial institutions. In the ordinary course of its investment banking business, Sandler O'Neill is regularly engaged in the valuation of financial institutions and their securities in connection with mergers and acquisitions and other corporate transactions.

Sandler O'Neill acted as financial advisor in connection with the proposed transaction and participated in certain of the negotiations leading to the execution of the merger agreement. At the January 24, 2018 meeting at which the HSB board of directors considered and discussed the terms of the merger agreement and the merger, Sandler O'Neill delivered to the HSB board of directors its oral opinion, which was subsequently confirmed in writing on January 24, 2018, to the effect that, as of such date, the merger consideration to be received by holders of HSB common shares in the merger was fair to the holders of HSB common shares, from a financial point of view. The full text of Sandler O'Neill's opinion is attached as Appendix C to this proxy statement/prospectus. The opinion outlines the procedures followed, assumptions made, matters considered and qualifications and limitations on the review undertaken by Sandler O'Neill in rendering its opinion. The description of the opinion set forth below is qualified in its entirety by reference to the full text of the opinion. Holders of HSB common shares are urged to read the entire opinion carefully in connection with their consideration of the proposed merger.

Sandler O'Neill's opinion speaks only as of the date of the opinion. The opinion was directed to the HSB board of directors in connection with its consideration of the merger agreement and the merger and does not constitute a recommendation to any shareholder of HSB as to how any such shareholder should vote at any meeting of shareholders called to consider and vote upon the approval of the merger agreement and the merger. Sandler O'Neill's opinion was directed only to the fairness, from a financial point of view, of the merger consideration to the holders of HSB common shares and does not address the underlying business decision of HSB to engage in the merger, the form or structure of the merger or any other transactions contemplated in the merger agreement, the relative merits of the

merger as compared to any other alternative transactions or business strategies that might exist for HSB or the effect of any other transaction in which HSB might engage. Sandler O'Neill did not express any opinion as to the fairness of the amount or nature of the compensation to be received in the merger by any officer, director or employee of HSB or Ameris, or any class of such persons, if any, relative to the compensation to be received in the merger by any other shareholder. Sandler O'Neill's opinion was approved by its fairness opinion committee.

Sandler O'Neill also discussed with certain members of the senior management of HSB the business, financial condition, results of operations and prospects of HSB and held similar discussions with certain members of the senior

management of Ameris regarding the business, financial condition, results of operations and prospects of Ameris. In performing its review, Sandler O'Neill relied upon the accuracy and completeness of all of the financial and other information that was available to and reviewed by Sandler O'Neill from public sources, that was provided to Sandler O'Neill by HSB or Ameris or their respective representatives or that was otherwise reviewed by Sandler O'Neill, and Sandler O'Neill assumed such accuracy and completeness for purposes of rendering its opinion without any independent verification or investigation. Sandler O'Neill relied on the assurances of the respective managements of HSB and Ameris that they were not aware of any facts or circumstances that would make any of such information inaccurate or misleading. Sandler O'Neill was not asked to and did not undertake an independent verification of any of such information and Sandler O'Neill did not assume any responsibility or liability for the accuracy or completeness thereof. Sandler O'Neill did not make an independent evaluation or perform an appraisal of the specific assets, the collateral securing assets or the liabilities (contingent or otherwise) of HSB or Ameris or any of their respective subsidiaries, nor was Sandler O'Neill furnished with any such evaluations or appraisals. Sandler O'Neill rendered no opinion or evaluation on the collectability of any assets or the future performance of any loans of HSB or Ameris. Sandler O'Neill did not make an independent evaluation of the adequacy of the allowance for loan losses of HSB or Ameris, or of the combined entity after the merger, and Sandler

54

TABLE OF CONTENTS

O'Neill did not review any individual credit files relating to HSB or Ameris. Sandler O'Neill assumed, with HSB's consent, that the respective allowances for loan losses for both HSB and Ameris were adequate to cover such losses and would be adequate on a pro forma basis for the combined entity.

In preparing its analyses, Sandler O'Neill used certain internal financial projections for HSB for the years ending December 31, 2018 through December 31, 2021, as provided by the senior management of HSB. In addition, Sandler O'Neill used publicly available consensus mean analyst earnings per share estimates for Ameris for the years ending December 31, 2017 through December 31, 2019, as well as an estimated long-term earnings per share growth rate for the years thereafter and estimated dividends per share, as provided by the senior management of Ameris. Sandler O'Neill also received and used in its pro forma analyses certain assumptions relating to transaction expenses, purchase accounting adjustments and cost savings, as well as net income projections for HSB for the years ending December 31, 2018 and December 31, 2019 and an estimated long-term earnings growth rate for the years thereafter and Ameris's acquisition of the remaining portion of US Premium Finance not currently owned by Ameris, as provided by the senior management of Ameris. With respect to the foregoing information, the respective senior managements of HSB and Ameris confirmed to Sandler O'Neill that such information reflected (or, in the case of the publicly available consensus mean analyst earnings per share estimates referred to above, were consistent with) the best currently available projections, estimates and judgments of those respective senior managements as to the future financial performance of HSB and Ameris, respectively, and the other matters covered thereby, and Sandler O'Neill assumed that the future financial performance reflected in such information would be achieved. Sandler O'Neill expressed no opinion as to such information, or the assumptions on which such information was based. Sandler O'Neill also assumed that there had been no material change in the respective assets, financial condition, results of operations, business or prospects of HSB or Ameris since the date of the most recent financial statements made available to Sandler O'Neill. Sandler O'Neill assumed in all respects material to its analysis that HSB and Ameris would remain as going concerns for all periods relevant to its analysis.

Sandler O'Neill assumed, with HSB's consent, that (i) each of the parties to the merger agreement would comply in all material respects with all material terms and conditions of the merger agreement and all related agreements, that all of the representations and warranties contained in such agreements were true and correct in all material respects, that each of the parties to such agreements would perform in all material respects all of the covenants and other obligations required to be performed by such party under such agreements and that the conditions precedent in such agreements were not and would not be waived, (ii) in the course of obtaining the necessary regulatory or third-party approvals, consents and releases with respect to the merger, no delay, limitation, restriction or condition would be imposed that would have an adverse effect on HSB, Ameris or the merger or any related transaction, and (iii) the merger and any related transactions would be consummated in accordance with the terms of the merger agreement without any waiver, modification or amendment of any material term, condition or agreement thereof and in compliance with all applicable laws and other requirements. Finally, with HSB's consent, Sandler O'Neill relied upon the advice that HSB received from its legal, accounting and tax advisors as to all legal, accounting and tax matters relating to the merger and the other transactions contemplated by the merger agreement. Sandler O'Neill expressed no opinion as to any such matters.

Sandler O'Neill's opinion was necessarily based on financial, economic, market and other conditions as in effect on, and the information made available to Sandler O'Neill as of, the date of the opinion. Events occurring after the date of Sandler O'Neill's opinion could materially affect the opinion. Sandler O'Neill has not undertaken to update, revise, reaffirm or withdraw its opinion or otherwise comment upon events occurring after the date of its opinion. Sandler O'Neill expressed no opinion as to the trading value of Ameris common stock at any time or what the value of Ameris common stock will be once it is actually received by the holders of HSB common shares.

In rendering its opinion, Sandler O'Neill performed a variety of financial analyses. The summary below is not a complete description of the analyses underlying Sandler O'Neill's opinion or the presentation made by Sandler O'Neill to the HSB board of directors, but is a summary of all material analyses performed and presented by Sandler O'Neill. The summary includes information presented in tabular format. In order to fully understand the financial analyses, these tables must be read together with the accompanying text. The tables alone do not constitute a complete description of the financial analyses. The

TABLE OF CONTENTS

preparation of a fairness opinion is a complex process involving subjective judgments as to the most appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances. The process, therefore, is not necessarily susceptible to a partial analysis or summary description. Sandler O’Neill believes that its analyses must be considered as a whole and that selecting portions of the factors and analyses to be considered without considering all factors and analyses, or attempting to ascribe relative weights to some or all such factors and analyses, could create an incomplete view of the evaluation process underlying its opinion. Also, no company included in Sandler O’Neill’s comparative analyses described below is identical to HSB or Ameris and no transaction is identical to the merger. Accordingly, an analysis of comparable companies or transactions involves complex considerations and judgments concerning differences in financial and operating characteristics of the companies and other factors that could affect the public trading values or merger transaction values, as the case may be, of HSB and Ameris and the companies to which they are being compared. In arriving at its opinion, Sandler O’Neill did not attribute any particular weight to any analysis or factor that it considered. Rather, Sandler O’Neill made qualitative judgments as to the significance and relevance of each analysis and factor. Sandler O’Neill did not form an opinion as to whether any individual analysis or factor (positive or negative) considered in isolation supported or failed to support its opinion; rather, Sandler O’Neill made its determination as to the fairness of the merger consideration on the basis of its experience and professional judgment after considering the results of all its analyses taken as a whole. In performing its analyses, Sandler O’Neill also made numerous assumptions with respect to industry performance, business and economic conditions and various other matters, many of which are beyond the control of HSB, Ameris and Sandler O’Neill. The analyses performed by Sandler O’Neill are not necessarily indicative of actual values or future results, both of which may be significantly more or less favorable than suggested by such analyses. Sandler O’Neill prepared its analyses solely for purposes of rendering its opinion and provided such analyses to the HSB board of directors at its January 24, 2018 meeting. Estimates on the values of companies do not purport to be appraisals or necessarily reflect the prices at which companies or their securities may actually be sold. Such estimates are inherently subject to uncertainty and actual values may be materially different. Accordingly, Sandler O’Neill’s analyses do not necessarily reflect the value of HSB common shares or the prices at which HSB common shares or Ameris shares may be sold at any time. The analyses of Sandler O’Neill and its opinion were among a number of factors taken into consideration by the HSB board of directors in making its determination to approve the merger agreement and should not be viewed as determinative of the merger consideration or the decision of the HSB board of directors or management with respect to the fairness of the merger. The type and amount of consideration payable in the merger were determined through negotiation between HSB and Ameris.

Summary of Aggregate Merger Consideration and Implied Transaction Metrics. Sandler O’Neill reviewed the financial terms of the proposed merger. Pursuant to the terms of the merger agreement, each common share of HSB outstanding immediately before the effective time, except for certain shares of HSB common stock as specified in the merger agreement, will be converted into the right to receive (i) an amount of cash equal to \$0.93 and (ii) 0.160 shares of Ameris common stock. Based on the closing price of Ameris common stock on January 23, 2018 of \$54.05 per share and based upon 40,425,555 HSB common shares outstanding, 290,233 restricted stock units available for vesting at change of control, 1,410,100 options outstanding with a weighted average exercise price of \$3.3912 and 2,176,134 warrants outstanding with a weighted average strike price of \$4.0043, Sandler O’Neill calculated an aggregate implied transaction value of \$409.0 million. Based upon historical financial information for HSB as of or for the last twelve months (“LTM”) ended December 31, 2017, historical financial information for the LTM period adjusted to remove the one-time impact of a \$5.956 million deferred tax asset (“DTA”) write-down in Q4 2017 related to tax reform, and internal financial projections for the year ending December 31, 2018, as provided by the senior management of HSB, Sandler O’Neill calculated the following implied transaction metrics:

Transaction Value/HSB Last Twelve Months Earnings:	27.9x
Transaction Value/HSB Adjusted Last Twelve Months Earnings:	19.8x
Transaction Value/HSB 2018E Earnings:	15.8x

Net Present Value Analyses. Sandler O'Neill performed an analysis that estimated the per share net present value of HSB common shares assuming HSB performed in accordance with internal financial projections for the years ending December 31, 2018 through December 31, 2021, as provided by the senior management of HSB. To approximate the terminal value per HSB common share at December 31, 2021, Sandler O'Neill applied price to 2021 aggregate earnings multiples ranging from 15.0x to 20.0x and price to December 31, 2021 aggregate tangible book value multiples ranging from 155% to 230%. The terminal values were then discounted to present values using different discount rates ranging from 9.0% to 15.0% which were chosen to reflect different assumptions regarding required

rates of return of holders or prospective buyers of HSB common shares. As illustrated in the following tables, the analysis indicated an imputed range of per share values of HSB common shares of \$6.96 to \$11.09 when applying multiples of earnings and \$6.28 to \$10.96 when applying multiples of tangible book value.

Sandler O'Neill also considered and discussed with the HSB board of directors how this analysis would be affected by changes in the underlying assumptions, including variations with respect to net income. To illustrate this impact, Sandler O'Neill performed a similar analysis assuming HSB's net income varied from 15% above projections to 15% below projections. This analysis resulted in the following range of values per HSB common share, applying the price to 2021 earnings per share multiples range of 15.0x to 20.0x referred to above and a discount rate of 13.25%.

Sandler O'Neill also performed an analysis that estimated the net present value per share of Ameris stock assuming that Ameris performed in accordance with publicly available consensus mean analyst estimates for Ameris for the years ending December 31, 2017 through December 31, 2019, as well as an estimated long-term annual earnings per share growth rate and dividend assumptions, as provided by the senior management of Ameris. To approximate the per share terminal value of Ameris stock at December 31, 2021, Sandler O'Neill applied price to 2021 earnings per share multiples ranging from 14.0x to 19.0x and price to December 31, 2021 tangible book value per share multiples ranging from 230% to 280%. The terminal values were then discounted to present values using different discount rates ranging from 8.0% to 13.0% chosen to reflect different assumptions regarding required rates of return of holders or prospective buyers of Ameris stock. Sandler O'Neill also considered and discussed with the Ameris board of directors how this analysis would be affected by changes in the underlying assumptions, including variations with respect to net income. To illustrate this impact, Sandler O'Neill performed a similar analysis assuming Ameris's net income varied from 15% above estimates to 15% below estimates. Sandler O'Neill noted that the net present value analysis is a widely used valuation methodology, but the results of such methodology are highly dependent upon the numerous assumptions that must be made, and the results thereof are not necessarily indicative of actual values or future results.

Pro Forma Merger Analysis. Sandler O'Neill analyzed certain potential pro forma effects of the merger, assuming the merger closes at the end of the second calendar quarter of 2018. In performing this analysis, Sandler O'Neill utilized the following information: (i) certain internal financial projections for HSB for the years ending December 31, 2018 through December 31, 2021, as provided by the senior management of HSB; (ii) publicly available consensus mean analyst earnings per share estimates for Ameris for the years ending December 31, 2017 through December 31, 2019, as well as an estimated annual long-term earnings per share growth rate and dividend assumptions for Ameris for the years thereafter, as provided by the senior management of Ameris; and (iii) certain assumptions relating to transaction expenses, purchase accounting adjustments and cost savings, as well as net income projections for HSB for the years ending December 31, 2018 and December 31, 2019 and an estimated long-term earnings growth rate for the years thereafter and Ameris's acquisition of the remaining portion of US Premium Finance not

TABLE OF CONTENTS

currently owned by Ameris, as provided by the senior management of Ameris. The analysis indicated that the merger could be accretive to Ameris's estimated earnings per share (excluding one-time transaction costs and expenses) in the years ending December 31, 2018, December 31, 2019, December 31, 2020 and December 31, 2021; dilutive to Ameris's estimated tangible book value per share at closing and at December 31, 2018 and accretive to Ameris's estimated tangible book value per share at December 31, 2019, December 31, 2020 and December 31, 2021.

In connection with this analysis, Sandler O'Neill considered and discussed with the HSB board of directors how the analysis would be affected by changes in the underlying assumptions, including the impact of final purchase accounting adjustments determined at the closing of the transaction, and noted that the actual results achieved by the combined company may vary from projected results and the variations may be material.

Sandler O'Neill's Relationship. Sandler O'Neill acted as financial advisor to HSB in connection with the merger. HSB has agreed to pay Sandler O'Neill a transaction fee in an amount equal to (i) 1.15% of the aggregate merger consideration, in the event that the per share deal price is less than \$9.75, or (ii) 1.25% of the aggregate merger consideration in the event that the per share deal price is equal to or greater than \$9.75. At the time of announcement, based on Ameris's closing price of \$54.05 as of January 23, 2018, the calculated transaction fee was approximately \$4.7 million of which \$750,000 was paid to Sandler O'Neill upon signing of the merger agreement. Sandler O'Neill also received a \$350,000 fee upon rendering its fairness opinion to the HSB board of directors, which opinion fee will be credited in full towards the remaining transaction fee which will become payable to Sandler O'Neill on the day of closing of the merger. HSB has also agreed to indemnify Sandler O'Neill against certain claims and liabilities arising out of its engagement and to reimburse Sandler O'Neill for certain of its out-of-pocket expenses incurred in connection with its engagement.

Sandler O'Neill did not receive any fees for providing any other investment banking services to HSB in the two years preceding the date of its opinion. As the HSB board of directors was aware, in the two years preceding the date of its opinion, Sandler O'Neill did provide certain investment banking services to Ameris and received fees for such services. Most recently, Sandler O'Neill acted as a co-manager for Ameris in connection with an offering of subordinated notes, which transaction closed in March 2017, for which Sandler O'Neill received approximately \$100,000. In addition, in the ordinary course of Sandler O'Neill's business as a broker-dealer, Sandler O'Neill may purchase securities from and sell securities to Ameris and its affiliates. Sandler O'Neill may also actively trade the equity and debt securities of Ameris and its affiliates for its own account and for the accounts of its customers.

Interests of HSB's Directors and Executive Officers in the Merger

Certain of HSB's officers and directors have financial and other interests in the merger as individuals in addition to, or different from, their interests as shareholders of HSB, as described in more detail below. The HSB board of directors was aware of these interests and considered them in its decision to approve the merger agreement.

Indemnification

Pursuant to the merger agreement, Ameris and HSB agreed that from and after the effective time of the merger, Ameris will, for a period of six years, indemnify, defend and hold harmless each present and former officer and director of HSB to the fullest extent currently provided under the articles of incorporation and/or bylaws of HSB, to the extent permitted by applicable law, if such claim pertains to any matter arising, existing or occurring at or before the effective time of the merger, regardless of whether such claim is asserted or claimed before or after the effective time of the merger.

Officers' and Directors' Liability Insurance

Ameris and HSB have agreed that for a period of six years after the effective time of the merger Ameris will maintain an officers' and directors' liability insurance policy for present and former officers and directors of HSB, providing substantially similar coverage to that offered under HSB's existing officers' and directors' liability insurance policy.

HSB Employment and Change in Control Agreements

Hamilton has employment agreements with the following executive officers: Robert C. Oliver (Chief Executive Officer), Neal W. Booth (Senior Executive Vice President), J. Keith Hales (Executive Vice President), Karen Rosenberg (Senior Executive Vice President) and Randal J. Rabe (Chief Financial Officer). Under the employment agreement of Mr. Oliver, if Mr. Oliver terminates his employment within one (1) year following a change in control, HSB or its successor shall pay to Mr. Oliver an amount equal to (a) plus (b) plus (c), where (a) equals one (1) year's salary; (b) equals Mr. Oliver's previous year bonus; and (c) equals 350,000 multiplied by the difference between the calculated per-share purchase price paid for HSB common shares in connection with the change in control and \$7.17. In the event of such a termination, Mr. Oliver will also receive payment of long-term disability and life insurance premiums for one (1) year and payable but unpaid benefits. A "change in control" as defined in the agreement with Mr. Oliver includes the completion of the merger with Ameris. The other employment agreements do not contain explicit change in control provisions; however, in the event of the occurrence of a covered termination event (including termination by the acquirer other than for cause), HSB or its successor will owe the following payment obligations to Messrs. Booth, Hales, Rabe and Ms. Rosenberg: one (1) year salary plus the previous year's bonus amount, plus payment of long-term disability and life insurance premiums for one (1) year, plus payable but unpaid benefits.

Outstanding Equity Awards

Pursuant to the merger agreement, (i) HSB option- and warrant-holders will receive cash consideration equal to the positive difference in value (if any) between \$9.06 and the strike price of each stock option or warrant, (B) out-of-the-money HSB options will be cancelled for no consideration, and (C) HSB restricted stock units vesting upon a change in control will receive the merger consideration, while certain director restricted stock units do not vest upon a change in control and will be forfeited at closing.

The following table sets forth, as of _____, 2018, the number of options granted to each applicable executive officer and exercise price for such executive officer's options, as well as each such executive officer's unvested restricted stock units. Each of the unvested restricted stock units will vest in connection with the effective time of the merger between HSB and Ameris. No executive officer owns HSB warrants.

Executive Officer	Number of Options	Exercise Price	Unvested Restricted Stock Units
	11,833	\$ 8.7671	
Robert C. Oliver	205,396	\$ 3.2671	36,243
	80,000	\$ 3.4671	
Neal W. Booth	7,396	\$ 8.7671	15,833
	77,023	\$ 3.2671

Karen Rosenberg	10,000	\$ 3.7271	15,927
Randal J. Rabe	—	—	17,250

For each non-employee director of HSB (or Hamilton, as applicable), the following table sets forth, as of, 2018: (i) the number of options granted to each applicable director of HSB and the exercise price for such director's options, (ii) each director's unvested restricted stock units, and (iii) each director's warrants. In connection with the effective time of the merger between HSB and Ameris, 16,108 unvested restricted stock units identified below, or, if less, the entirety of the remaining unvested restricted stock units, will vest.

(1)

Warrants are exercisable into HSB voting common stock. Mr. O’Leary has agreed to the cancellation of the warrants at the effective time of the merger in consideration of a cash payment, without interest, in the amount of \$9.06 for each share of HSB common stock issuable upon exercise of such warrant, less the applicable per share exercise price of such warrant.

(2)

Mr. Peponis is an employee of Angelo, Gordon & Co. L.P. and pursuant to the Stockholders’ Agreement was nominated as a director by investment funds managed by Angelo, Gordon & Co. L.P. Mr. Peponis disclaims beneficial ownership of the shares of HSB common stock owned by such funds.

(3)

Mr. Sorrel is the managing partner of Tailwind Capital Group LLC and pursuant to the Stockholders’ Agreement was nominated as a director by investment funds affiliated with Tailwind Capital Group LLC. Mr. Sorrel disclaims beneficial ownership of the shares of HSB common stock owned by such funds.

Material U.S. Federal Income Tax Consequences

The following general discussion sets forth the anticipated material United States federal income tax consequences of the merger to U.S. holders (as defined below) of HSB common stock. This discussion does not address any tax consequences arising under the laws of any state, local or foreign jurisdiction, or under any United States federal laws other than those pertaining to income tax. This discussion is based upon the Code, the regulations promulgated under the Code and court and administrative rulings and decisions, all as in effect on the date of this proxy statement/prospectus. These laws may change, possibly retroactively, and any change could affect the accuracy of the statements and conclusions set forth in this discussion.

This discussion addresses only those holders of HSB common stock that hold their shares of HSB common stock as a capital asset within the meaning of Section 1221 of the Code (generally, property held for investment). Further, this discussion does not address all aspects of United States federal income taxation that may be relevant to you in light of your particular circumstances or that may be applicable to you if you are subject to special treatment under the United States federal income tax laws, including if you are:

- a financial institution;
- a tax-exempt organization;

- an S corporation or other pass-through entity (or an investor in an S corporation or other pass-through entity);
- an insurance company;
- a mutual fund;
- a dealer or broker in stocks and securities, or currencies;
- a trader in securities that elects mark-to-market treatment;

TABLE OF CONTENTS

- a holder of HSB common stock subject to the alternative minimum tax provisions of the Code;

- a holder of HSB common stock that received HSB common stock through the exercise of an employee stock option, through a tax qualified retirement plan or otherwise as compensation;

- a person that is not a U.S. holder;

- a person that has a functional currency other than the U.S. dollar;

- a holder of HSB common stock that holds HSB common stock as part of a hedge, straddle, constructive sale, conversion or other integrated transaction; or

- a United States expatriate.

In addition, the discussion does not address any alternative minimum tax or any state, local or foreign tax consequences of the merger, nor does it address any tax consequences arising under the unearned income Medicare contribution tax pursuant to the Health Care and Education Reconciliation Act of 2010. Determining the actual tax consequences of the merger to you may be complex. They will depend on your specific situation and on factors that are not within the control of HSB or Ameris. You should consult with your own tax advisor as to the tax consequences of the merger in your particular circumstances.

For purposes of this discussion, the term “U.S. holder” means a beneficial owner of HSB common stock that is for United States federal income tax purposes: (i) an individual citizen or resident of the United States; (ii) a corporation, or entity treated as a corporation, organized in or under the laws of the United States or any state thereof or the District of Columbia; (iii) a trust if (a) a court within the United States is able to exercise primary supervision over the administration of the trust and one or more United States persons have the authority to control all substantial decisions of the trust or (b) such trust has made a valid election to be treated as a United States person for United States federal income tax purposes; or (iv) an estate, the income of which is includible in gross income for United States federal income tax purposes regardless of its source.

The United States federal income tax consequences to a partner in an entity or arrangement that is treated as a partnership for United States federal income tax purposes and that holds HSB common stock generally will depend on the status of the partner and the activities of the partnership. Partners in a partnership holding HSB common stock should consult their own tax advisors.

Tax Consequences of the Merger Generally. The parties intend for the merger to qualify as a “reorganization” within the meaning of Section 368(a) of the Code. It is a condition to Ameris’s obligation to complete the merger that Ameris receive an opinion from Rogers & Hardin LLP (“Rogers & Hardin”), dated the closing date of the merger, to the effect that the merger will qualify as a “reorganization” within the meaning of Section 368(a) of the Code. It is a condition to HSB’s obligation to complete the merger that HSB receive an opinion from Alston & Bird, dated the closing date of the merger, to the effect that the merger will qualify as a “reorganization” within the meaning of Section 368(a) of the Code. These opinions will be based on representation letters provided by Ameris and HSB and on customary factual assumptions. Neither of the opinions described above will be binding on the IRS. Ameris and HSB have not sought and will not seek any ruling from the IRS regarding any matters relating to the merger, and as a result, there is no assurance that the IRS will not assert, or that a court would not sustain, a position contrary to any of the conclusions set forth below.

In addition, in connection with the effectiveness of this registration statement, of which this proxy statement/prospectus forms a part, each of Rogers & Hardin and Alston & Bird has delivered its opinion to the effect that, on the basis of the facts, representations, assumptions and exclusions set forth in such opinion and certificates obtained from officers of Ameris and HSB: (i) the merger will qualify as a “reorganization” within the meaning of Section 368(a) of the Code; and (ii) the following discussion constitutes their opinion as to the material United States federal income tax consequences of the merger to holders of HSB common stock. Neither of these opinions is binding on the IRS or the courts, and neither Ameris nor HSB intends to request a ruling from the IRS regarding the United States federal income tax consequences of the merger. Consequently, no assurance is given that the IRS will not assert, or that a court

67

TABLE OF CONTENTS

would not sustain, a position contrary to any of those set forth below. In addition, if any of the representations or assumptions upon which such opinions are based are inconsistent with the actual facts, the United States federal income tax consequences of the merger could be adversely affected.

Upon exchanging your HSB common stock for Ameris common stock and cash (other than cash received in lieu of a fractional share), you will recognize gain (but not loss) in an amount equal to the lesser of: (i) the amount of gain realized (i.e., the excess of the sum of the amount of cash and the fair market value of the Ameris common stock received pursuant to the merger over that holder's adjusted tax basis in its shares of HSB common stock surrendered); and (ii) the amount of cash received pursuant to the merger (excluding any cash received in lieu of a fractional share). If you acquired different blocks of HSB common stock at different times or different prices, you should consult your tax advisor regarding the manner in which gain or loss should be determined. Any recognized gain will be long-term capital gain if, as of the effective date of the merger, your holding period with respect to the HSB common stock surrendered exceeds one year. If, however, the cash received has the effect of the distribution of a dividend, the gain will be treated as a dividend to the extent of the holder's ratable share of accumulated earnings and profits as calculated for United States federal income tax purposes. See " — Possible Treatment of Cash as a Dividend."

The aggregate tax basis in the shares of Ameris common stock that you receive in the merger, including any fractional share interests deemed received and sold as described below, will equal your aggregate adjusted tax basis in the HSB common stock you surrender, reduced by the amount of cash received (excluding any cash received in lieu of a fractional share) and increased by the amount of gain, if any recognized by you (excluding any gain recognized with respect to cash received in lieu of a fractional share) on the exchange. Your holding period for the shares of Ameris common stock that you receive in the merger (including a fractional share interest deemed received and sold as described below) will include your holding period for the shares of HSB common stock that you surrender in the exchange.

Possible Treatment of Cash as a Dividend. In general, the determination of whether the gain recognized in the exchange will be treated as capital gain or has the effect of a distribution of a dividend depends upon whether and to what extent the exchange reduces the holder's deemed percentage stock ownership of Ameris. For purposes of this determination, the holder is treated as if it first exchanged all of its shares of HSB common stock solely for Ameris common stock and then Ameris immediately redeemed, which we refer to in this proxy statement/prospectus as the "deemed redemption," a portion of the Ameris common stock in exchange for the cash the holder actually received. The gain recognized in the deemed redemption will be treated as capital gain if the deemed redemption is: (i) "substantially disproportionate" with respect to the holder; or (ii) "not essentially equivalent to a dividend."

The deemed redemption will generally be "substantially disproportionate" with respect to a holder if the percentage described in clause (ii) below is less than 80% of the percentage described in clause (i) below. Whether the deemed redemption is "not essentially equivalent to a dividend" with respect to a holder will depend upon the holder's particular circumstances. At a minimum, however, in order for the deemed redemption to be "not essentially equivalent to a dividend," the deemed redemption must result in a "meaningful reduction" in the holder's deemed percentage stock ownership of Ameris. In general, that determination requires a comparison of: (i) the percentage of the outstanding stock of Ameris that the holder is deemed actually and constructively to have owned immediately before the deemed redemption; and (ii) the percentage of the outstanding stock of Ameris that is actually and constructively owned by the holder immediately after the deemed redemption. In applying the above tests, a holder may, under the constructive ownership rules, be deemed to own stock that is owned by other persons or stock underlying a holder's option to purchase in addition to the stock actually owned by the holder.

The IRS has ruled that a shareholder in a publicly held corporation whose relative stock interest is minimal (e.g., less than 1%) and who exercises no control with respect to corporate affairs is generally considered to have a "meaningful reduction" if that shareholder has a relatively minor (e.g., approximately 3%) reduction in its percentage stock ownership under the above analysis; accordingly, the gain recognized in the exchange by such a shareholder would be treated as capital gain.

These rules are complex and dependent upon the specific factual circumstances particular to each holder.

Consequently, each holder that may be subject to these rules should consult its tax advisor as to the application of these rules to the particular facts relevant to such holder.

TABLE OF CONTENTS

Cash Instead of a Fractional Share. If you receive cash instead of a fractional share of Ameris common stock, then you will be treated as having received the fractional share of Ameris common stock pursuant to the merger and then as having sold that fractional share of Ameris common stock for cash. As a result, you generally will recognize gain or loss equal to the difference between the amount of cash received and the basis allocable to your fractional share of Ameris common stock. This gain or loss generally will be capital gain or loss, and will be long-term capital gain or loss if, as of the effective date of the merger, the holding period for the shares (including the holding period of HSB common stock surrendered therefor) is greater than one year. The deductibility of capital losses is subject to limitations.

Backup Withholding. If you are a non-corporate holder of HSB common stock you may be subject to information reporting and backup withholding (currently at a rate of 24%, after recent reduction pursuant to the TCJA) on any cash payments you receive. You generally will not be subject to backup withholding, however, if you:

- furnish a correct taxpayer identification number, certify that you are not subject to backup withholding on the substitute Form W-9 or successor form included in the election form/letter of transmittal you will receive and otherwise comply with all the applicable requirements of the backup withholding rules; or

- provide proof that you are otherwise exempt from backup withholding.

Any amounts withheld under the backup withholding rules will generally be allowed as a refund or credit against your United States federal income tax liability, provided you timely furnish the required information to the IRS.

Dissenting HSB Shareholders. The above discussion does not apply to HSB shareholders holding HSB voting common stock who properly perfect dissenters' rights with respect to such HSB common stock. Any HSB shareholder who dissents from the merger and receives solely cash in exchange for such holders' HSB voting common stock will generally recognize capital gain or loss equal to the difference between the amount of cash received by the dissenting HSB shareholder and the shareholder's adjusted tax basis in the HSB voting common stock surrendered. Such capital gain or loss will be long-term capital gain or loss if the holder held the HSB voting common stock for more than one year.

This summary of material United States federal income tax consequences is not tax advice. You are urged to consult your tax advisor with respect to the application of United States federal income tax laws to your particular situation as well as any tax consequences arising under the United States federal estate or gift tax rules, or under the laws of any state, local, foreign or other taxing jurisdiction.

Regulatory Approvals

Both Ameris and HSB have agreed to use their reasonable best efforts to obtain all regulatory approvals required or advisable to complete the transactions contemplated by the merger agreement and the bank merger agreement. The Federal Reserve and the GDBF must approve the merger, and the FDIC and the GDBF must approve the bank merger. All of the regulatory applications for the required regulatory approvals from the foregoing banking regulators have been filed and are pending as of the date of this proxy statement/prospectus. In determining whether to grant its approval, the Federal Reserve will consider the effect of the merger on the financial and managerial resources and future prospects of the companies and banks concerned and the convenience and needs of the communities to be served.

The review of the regulatory applications by the Federal Reserve, the FDIC and the GDBF will not include an evaluation of the merger from the financial perspective of the individual HSB shareholder. Further, no HSB shareholder should construe an approval of the regulatory applications by the Federal Reserve, the FDIC or the GDBF to be a recommendation that the HSB shareholders vote to approve the merger proposal. Each HSB shareholder entitled to vote should evaluate the merger proposal to determine the personal financial impact of the completion of the merger.

Accounting Treatment

The merger will be accounted for under the acquisition method of accounting for business combinations under GAAP. Under this method, HSB's assets and liabilities as of the date of the merger will be recorded at their respective fair

values. Any difference between the purchase price for HSB and the fair

69

TABLE OF CONTENTS

value of the identifiable net assets acquired (including core deposit intangibles) will be recorded as goodwill. In accordance with ASC 805, the goodwill resulting from the merger will not be amortized to expense, but instead will be reviewed for impairment at least annually and to the extent goodwill is impaired, its carrying value will be written down to its implied fair value and a charge will be made to earnings. Core deposit and other intangibles with definite useful lives recorded by Ameris in connection with the merger will be amortized to expense in accordance with such rules. The consolidated financial statements of Ameris issued after the merger will reflect the results attributable to the acquired operations of HSB beginning on the date of completion of the merger.

Dissenters' Rights

The following discussion is not a complete description of the law relating to dissenters' rights available under Georgia law and is qualified by the full text of Article 13 of the GBCC. Article 13 of the GBCC is attached as Appendix D to this proxy statement/prospectus. Holders of record of HSB voting common stock who desire to exercise dissenters' rights should review carefully Article 13 and are urged to consult a legal advisor before electing or attempting to exercise these rights.

Any holder of record of HSB voting common stock who objects to the merger, and who fully complies with all of the provisions of Article 13 of the GBCC, will be entitled to demand and receive payment for all (but not less than all) of his or her shares of HSB voting common stock if the merger is consummated.

A holder of HSB voting common stock who objects to the merger and desires to receive payment of the "fair value" of his or her HSB voting common stock: (i) must deliver to HSB, prior to the time the shareholder vote on the merger agreement is taken, a written notice of such shareholder's intent to demand payment for those shares of HSB voting common stock registered in the dissenting shareholder's name if the merger is completed; and (ii) must not vote his or her shares of HSB voting common stock in favor of the merger agreement.

A vote against the approval of the merger agreement alone will not constitute the separate written notice and demand for payment referred to immediately above. Dissenting shareholders must separately comply with the above conditions.

Any notice required to be given to HSB must be sent to HSB's principal executive offices at 1907 Highway 211, Hoschton, Georgia 30548, Attention: Corporate Secretary.

If the merger agreement is approved by HSB shareholders, then HSB will mail, no later than ten days after the effective date of the merger, by certified mail to each record holder of HSB voting common stock who has timely submitted a written notice of intent to dissent, written notice addressed to the shareholder at such address as the shareholder has furnished HSB in writing or, if none, at the shareholder's address as it appears on the records of HSB. The dissenters notice' will: (i) state where the dissenting shareholder must send a payment demand, and where and when the certificates for the dissenting shareholder's shares of HSB voting common stock, if any, are to be deposited; (ii) inform holders of uncertificated shares to what extent transfer of the shares will be restricted after the payment demand is received; (iii) set a date by which HSB must receive the shareholder's payment demand (which date may not be fewer than 30 nor more than 60 days after the date the dissenters' notice is delivered); and (iv) be accompanied by a copy of Article 13 of the GBCC.

Within ten days after the later of the effective date of the merger, or the date on which HSB receives a payment demand, HSB will send a written offer to each holder of HSB voting common stock who complied with the provisions set forth in the dissenters' notice to pay each such shareholder an amount that HSB estimates to be the fair value of those shares of HSB voting common stock, plus accrued interest. The offer of payment will be accompanied by: (i) HSB's balance sheet as of the end of a fiscal year ending not more than 16 months before the date of making the offer, an income statement for that year, a statement of changes in shareholders' equity for that year and the latest available interim statements, if any; (ii) a statement of HSB's estimate of the fair value of the shares of HSB voting common stock; (iii) an explanation of how any interest was calculated; (iv) a statement of the dissenting shareholder's right to demand payment of a different amount under Section 14-2-1327 of the GBCC; and (v) a copy of Article 13 of the GBCC.

TABLE OF CONTENTS

A dissenting shareholder choosing to accept HSB's offer of payment must do so by written notice to HSB within 30 days after receipt of HSB's offer of payment. A dissenting shareholder not responding to that offer within the 30-day period will be deemed to have accepted the offer of payment. HSB must make payment to each shareholder who responds to the offer of payment within 60 days after the making of the offer of payment, or the effective date of the merger, whichever is later. Upon payment, the dissenting shareholder will cease to have any interest in his or her shares of HSB voting common stock.

If a dissenting shareholder does not accept, within 30 days after HSB's offer, the estimate of fair value in payment for the shareholder's shares of HSB voting common stock and interest due thereon and demands payment of some other estimate of the fair value of the shares and interest due thereon, then HSB, within 60 days after receiving the payment demand of a dissenting shareholder, must commence a proceeding in superior court of the county where its main office is located to determine the rights of the dissenting shareholder and the fair value of his or her shares of HSB voting common stock. If HSB does not commence the proceedings within the 60-day period, then it must pay each dissenter whose demand remains unsettled the amount demanded by the dissenting shareholder.

In the event of a court proceeding, the court will determine all costs of the proceeding, including the reasonable compensation and expenses of appraisers appointed by the court, but not including fees and expenses of attorneys and experts for the respective parties. The court will assess these costs against HSB, except that the court may assess these costs against all or some of the dissenters in amounts the court finds equitable to the extent the court finds the dissenters acted arbitrarily or not in good faith in demanding payment under the dissenters' provisions. The court may also assess the fees and expenses of attorneys and experts for the respective parties in amounts the court finds equitable: (i) against HSB and in favor of any or all dissenters if the court finds HSB did not substantially comply with the dissenters' provisions; or (ii) against HSB or a dissenter in favor of any other party if the court finds that the party against whom fees and expenses are assessed acted arbitrarily or not in good faith with respect to the rights provided by the dissenters' provisions. If the court finds that the services of attorneys for any dissenter were of substantial benefit to other dissenters similarly situated and that the fees for those services should not be assessed against HSB, then the court may award these attorneys' reasonable fees to be paid out of the amounts awarded the dissenters who were benefited.

One of the conditions to Ameris's obligation to complete the merger is that the aggregate number of dissenting shares be less than 10% percent of the total outstanding shares of HSB common stock. If this condition is not satisfied, then Ameris will not be required to complete the merger, in which event, the dissenters' rights described in this section would also terminate.

Record holders of HSB voting common stock should be aware that cash paid to dissenting shareholders in satisfaction of the fair value of their shares of HSB voting common stock will result in the recognition of any gain or loss realized for U.S. federal income tax purposes.

Failure by a record holder of HSB voting common stock to follow the steps required by the GBCC for perfecting dissenters' rights may result in the loss of such rights. In view of the complexity of these provisions and the requirement that they be strictly complied with, if you hold HSB voting common stock and are considering dissenting from the approval of the merger agreement and exercising your dissenters' rights under the GBCC, then you should consult your legal advisors.

THE MERGER AGREEMENT

The following describes certain aspects of the merger, including certain material provisions of the merger agreement. The following description is subject to, and qualified in its entirety by reference to, the merger agreement, which is attached to this proxy statement/prospectus as Appendix A and is incorporated by reference into this proxy statement/prospectus. We urge you to read the merger agreement carefully and in its entirety, as it is the legal document governing the merger.

The Merger

The boards of directors of Ameris and HSB have each unanimously approved and adopted the merger agreement, which provides for the merger of HSB with and into Ameris, with Ameris as the surviving company in the merger. Each share of Ameris common stock outstanding immediately prior to the effective time of the merger will remain outstanding as one share of Ameris common stock. Each share of HSB common stock outstanding immediately prior to the effective time of the merger will be converted into the right to receive the merger consideration. See “— Merger Consideration.”

Immediately after (and subject to) the completion of the merger, Hamilton will merge with and into Ameris Bank, with Ameris Bank as the surviving bank. The terms and conditions of the bank merger are set forth in a separate merger agreement (referred to as the “bank merger agreement”), which was executed by Ameris Bank and Hamilton in connection with the execution of the merger agreement.

As provided in the bank merger agreement, the bank merger agreement will be terminated, and the bank merger will be abandoned automatically, without any further action by any party, if the merger agreement is terminated. See “— Termination; Merger Consideration Adjustment.” The bank merger agreement otherwise may be terminated, and the bank merger abandoned automatically at any time prior to its effectiveness, by: (i) the mutual consent of the board of directors of Ameris Bank and Hamilton; (ii) the board of directors of either Ameris Bank or Hamilton if the bank merger is not completed by December 31, 2018; or (iii) the board of directors of either Ameris Bank or Hamilton if any of the conditions to the completion of the bank merger cannot be satisfied or fulfilled, through no fault of the terminating party, by December 31, 2018.

Under the merger agreement, Ameris may at any time change the method of effecting the combination of Ameris and HSB (including by providing for the merger of HSB with a wholly owned subsidiary of Ameris) if and to the extent requested by Ameris, and HSB agrees to enter into such amendment to the merger agreement as Ameris may reasonably request in order to give effect to such restructuring. However, no such change or amendment may: (i) alter or change the amount or kind of the merger consideration; (ii) adversely affect the HSB shareholders with respect to the merger (including any adverse tax treatment or any reduction in the liquidity or value of the securities to be issued to HSB shareholders upon completion of the merger); or (iii) adversely affect or materially delay Ameris’s ability to obtain any necessary regulatory approvals or to complete the transactions contemplated by the merger agreement.

Closing and Effective Time of the Merger

Unless both Ameris and HSB agree in writing to a later date, the closing of the merger will take place no later than five business days after all of the conditions to the closing have been satisfied or waived in accordance with their terms. On the closing date, Ameris will file a certificate of merger with the Georgia Secretary of State. The merger will become effective upon the later of: (i) the date and time of the filing of the certificate of merger with the Georgia Secretary of State; and (ii) such later date and time to which Ameris and HSB agree and as may be specified in the certificate of merger.

The merger is expected to be completed in the third quarter of 2018, subject to obtaining the required HSB shareholder approval, the receipt of all required regulatory approvals and the expiration or waiver of all regulatory waiting periods and the satisfaction of other closing conditions. However, completion of the merger could be delayed if there is a delay in obtaining the required regulatory approvals or in satisfying any other conditions to the merger. No assurance is made as to whether, or when, Ameris and HSB will obtain the required approvals or complete the merger. See “— Conditions to Completion of the Merger.”

TABLE OF CONTENTS

Organizational Documents of the Surviving Company

At the effective time, Ameris's articles of incorporation and bylaws in effect immediately prior to the effective time will be the articles of incorporation and bylaws of the surviving company until amended in accordance with their respective terms and applicable law.

Board Composition and Management of the Surviving Company

Each of the officers and directors of Ameris immediately prior to the effective time of the merger will be the officers and directors of the surviving company from and after the effective time, until their respective successors have been duly elected, appointed or qualified or until their earlier death, resignation or removal from office in accordance with Ameris's articles of incorporation and bylaws.

Merger Consideration

Unless adjusted pursuant to the terms of the merger agreement, each share of HSB common stock outstanding immediately prior to the effective time (other than excluded shares and dissenting shares) will be converted into the right to receive: (i) 0.16 shares of Ameris common stock, together with cash in lieu of any fractional share as provided in the merger agreement; and (ii) a cash amount equal to \$0.93, in each case without interest.

No holder of HSB common stock will be issued a fractional share of Ameris common stock in the merger. Each holder of HSB common stock who would otherwise have been entitled to receive a fraction of a share of Ameris common stock will receive, in lieu thereof, cash (without interest) in an amount (rounded to the nearest whole cent) equal to such fractional part of a share of Ameris common stock (rounded to three decimal places), multiplied by the volume weighted average price of the Ameris common stock for the 20 consecutive trading days ending on the trading day immediately prior to the closing date (rounded to three decimal places).

The completion of the merger is subject to a price floor. If the average closing price of one share of Ameris common stock during a specified determination period declines by more than 15% from a price of \$51.1328 per share, and Ameris common stock underperforms the KBW Nasdaq Regional Banking Index (KRX) by more than 15% during such period, then HSB may terminate the merger agreement unless Ameris offsets such reduction in the value of Ameris common stock by: (i) increasing the number of shares of Ameris common stock to be issued to HSB shareholders; or (ii) paying an additional cash payment to HSB shareholders (provided that doing so would not prevent the merger from qualifying as a tax-free reorganization within the meaning of Section 368(a) of the Code).

If the outstanding shares of Ameris common stock or HSB common stock prior to the effective time are changed into a different number of shares or type of securities as a result of a stock split, stock combination, stock dividend, recapitalization, reclassification or similar transaction with respect to such stock, and the record date for such corporate action is prior to the effective time, then the merger consideration will be proportionately adjusted as necessary to provide HSB shareholders, and holders of HSB restricted stock units, stock options and warrants, the same economic effect as contemplated by the merger agreement prior to any such corporate action.

The value of the shares of Ameris common stock to be issued to HSB shareholders in the merger will fluctuate between now and the closing date. We make no assurances as to whether or when the merger will be completed, and you are advised to obtain current market prices for the Ameris common stock. See "Risk Factors — Risks Related to the Merger — Because the market price of the Ameris common stock may fluctuate, HSB shareholders cannot be sure of the market value of the merger consideration that they will receive in the merger until the closing."

Treatment of HSB Restricted Stock Units, Stock Options and Warrants

At the effective time, each outstanding:

- HSB restricted stock unit, to the extent then vested, including those vesting in connection with the merger, will be cancelled and converted into the right to receive the same merger consideration per share as the outstanding shares of HSB common stock, without interest and less applicable taxes required to be withheld in connection with the payment of such consideration, if any;

- HSB stock option will fully vest and be cancelled and thereafter entitle the holder thereof to receive cash, without interest, in the amount of \$9.06 for each share of HSB common stock issuable upon exercise of such option, less the applicable per share exercise price of such option and less applicable taxes required to be withheld in connection with the payment of such consideration, if any; and

- HSB warrant will be cancelled and thereafter entitle the holder thereof to receive cash, without interest, in the amount of \$9.06 for each share of HSB common stock issuable upon exercise of such warrant, less the applicable per share exercise price of such warrant. HSB has agreed to use commercially reasonable efforts to cause the amendment of any HSB warrants not amended prior to the date of the merger agreement to comply with the treatment described in this proxy statement/prospectus.

Each share of HSB common stock subject to an HSB restricted stock unit which is subject to further vesting or other restrictions as of the effective time of the merger will be forfeited. Each HSB stock option and each HSB warrant that has a per share exercise price that is greater than or equal to \$9.06 will be cancelled without consideration.

Delivery of Merger Consideration; Surrender of Stock Certificates

At or prior to the closing, Ameris will deposit or cause to be deposited with its transfer agent, or an unrelated bank or trust company reasonably acceptable to HSB (the “exchange agent”), sufficient cash and Ameris common stock necessary to satisfy the aggregate merger consideration payable in the merger pursuant to an exchange agent agreement in a form reasonably acceptable to HSB and Ameris. Promptly after the effective time (and no later than one business days thereafter), Ameris will instruct the exchange agent to mail to each record holder of shares of HSB common stock, as of the effective time, a letter of transmittal and instructions for use in effecting the surrender of the HSB stock certificates or book-entry shares in exchange for the merger consideration.

Upon surrender of the HSB stock certificates or book-entry shares for cancellation to the exchange agent together with, in each case, a properly completed and executed letter of transmittal, and such other documents as may be required pursuant to the exchange instructions, the holders of such HSB stock certificates or book-entry shares will receive the merger consideration, including any cash in lieu of fractional shares. No interest will be paid or accrue on any merger consideration.

No dividends or other distributions declared or made with respect to Ameris common stock with a record date after the effective time will be paid to the holder of any unsurrendered HSB stock certificates or book-entry shares until such holder properly surrenders such certificate or book-entry share. Subject to applicable law, after proper surrender of the HSB stock certificates or book-entry shares, the holder will receive, without interest: (i) the amount of cash in lieu of a fractional share to which such holder is entitled; (ii) the amount of any dividends or other distributions with a record date after the effective time (and a payment date prior to the surrender date), payable with respect to such holder’s whole shares of Ameris common stock; and (iii) at the appropriate payment date, the amount of dividends or other distributions with a record date after the effective time (but before the surrender date), and a payment date after the surrender date payable with respect such holder’s whole shares of Ameris common stock.

At the closing date, the stock transfer books of HSB will be closed and there will be no further registration of transfers of shares of HSB common stock on the records of HSB, except for the cancellation of such shares in connection with the merger. From and after the effective time, the holders of HSB stock certificates or book-entry shares that evidenced ownership of shares of HSB common stock outstanding

TABLE OF CONTENTS

immediately prior to the effective time will cease to have any rights with respect to such shares, except as otherwise provided for in the merger agreement or by applicable law. Any bona fide HSB certificates or book-entry shares presented to Ameris after the effective time will be canceled and exchanged in accordance with the merger agreement. If any HSB stock certificate representing shares of HSB common stock is lost, stolen or destroyed, upon the making of an affidavit of such fact by the person claiming such certificate to be lost, stolen or destroyed in form and substance acceptable to Ameris, the exchange agent will pay in exchange for the lost, stolen or destroyed certificate the merger consideration payable in respect of the shares of HSB common stock represented by that certificate. Ameris may require that such holder post a bond, in such reasonable amount as Ameris may direct, as indemnity against any claims that may be made against Ameris with respect to that certificate.

Immediately after the effective time, the holders of fully vested HSB restricted stock units are entitled to receive in exchange for such units the merger consideration, including any cash in lieu of a fractional share to which such holder is entitled. No interest will be paid or accrue on any merger consideration payable to such holders.

Ameris and the exchange agent will each be entitled to deduct and withhold from the consideration otherwise payable pursuant to the merger agreement to any holder of HSB common stock or HSB restricted stock units such amounts as Ameris or the exchange agent is required to deduct or withhold under applicable tax laws, and any such withheld amounts that are paid to the appropriate taxing authorities will be treated for purposes of the merger agreement as having been paid to the holder of the HSB common stock or HSB restricted stock units from whom such amounts were deducted or withheld.

Conduct of Business Pending the Merger

Pursuant to the merger agreement, Ameris and HSB have agreed to certain restrictions on their activities until the closing date. In general, HSB has agreed to, and to cause its subsidiaries to, maintain its existence under applicable law, conduct its business in the ordinary and usual course of business and in a manner consistent with prior practice and in accordance with applicable law, and use commercially reasonable efforts to preserve the rights, franchises, goodwill and relations of its customers, clients, lessors and others with whom business relationships exist.

In addition, HSB and Hamilton may implement a retention program for certain of their employees and officers, as determined by HSB and agreed to by Ameris, which may provide aggregate benefits to such employees and officers not to exceed \$900,000 (or such greater amount as Ameris and HSB may agree) and will be payable to such employees and officers that remain employed by HSB or its subsidiaries through the closing date. Ameris may, in its sole discretion, establish a retention program for the retention of HSB and Hamilton employees and officers following the closing date.

HSB has also agreed to use its commercially reasonable efforts: (i) to cause to be delivered to Ameris the resignations of all of the directors of HSB and its subsidiaries, effective as of the effective time; and (ii) to cause the Stockholders' Agreement to be terminated no later than ten days prior to the closing.

Regulatory Matters

Ameris and HSB have agreed to use their respective commercially reasonable efforts to have the registration statement of which this proxy statement/prospectus forms a part to be declared effective by the SEC as promptly as reasonably practicable after filing and to keep the registration statement effective as long as necessary to complete the merger, the bank merger and the other transactions contemplated by the merger agreement and the bank merger agreement. Ameris also will take any action required to be taken under applicable state securities laws in connection with the issuance and reservation of Ameris common stock in the merger.

Ameris and HSB have each agreed to use their respective reasonable best efforts to take, or cause to be taken, all actions and to do, or cause to be done, and to assist and cooperate with the other party in doing, all things necessary, proper or advisable to fulfill all closing conditions applicable to such party and its subsidiaries under the merger agreement and bank merger agreement and to complete the merger and bank merger in the most expeditious manner practicable, including:

- obtaining all regulatory approvals and all other necessary, proper or advisable actions or non-actions, waivers, consents, qualifications and approvals from governmental authorities, and making all necessary, proper or advisable registrations, filings and notices, and taking all steps as may be necessary to obtain an approval, waiver or exemption from any governmental authority; provided, however, that nothing in the merger agreement will require Ameris or require or permit HSB to take any action or commit to take any action, or agree to any condition or restriction in connection with obtaining the permits, consents, approvals and authorizations of any governmental authority that (i) would reasonably be expected to result in Ameris or Ameris Bank becoming subject to any material and adverse cease-and-desist order or other material and adverse order, formal or informal enforcement action issued by, or written agreement, consent agreement, operating agreement, memorandum of understanding, commitment letter or similar material and adverse undertaking with, or any request to adopt any material and adverse board resolutions by, any

governmental authority, or (ii) would reasonably be expected to have a material adverse effect on Ameris after giving effect to the merger (any such action, condition or restriction, a “materially burdensome regulatory condition”);

- obtaining all necessary, proper or advisable consents, qualifications, approvals, waivers or exemptions from nongovernmental persons; and

- executing and delivering any additional documents or instruments necessary, proper or advisable to complete the transactions contemplated by the merger or the bank merger agreement.

Nasdaq Listing

Ameris will take all action reasonably necessary and otherwise use commercially reasonable efforts list on Nasdaq, prior to the effective time, the shares of Ameris common stock to be issued to holders of HSB common stock in the merger or make such post-closing filings with Nasdaq as may be required by the applicable rules of Nasdaq.

Employee Matters

After the effective time, each employee of HSB and Hamilton will be retained as an “at will” employee by Ameris or Ameris Bank, provided that continued employment of such employees by Ameris is subject to Ameris’s normal and customary employment practices and procedures, including customary background screening and evaluation procedures, and satisfactory employment performance. In addition, HSB and Hamilton have agreed, upon Ameris’s reasonable request, to facilitate discussions between Ameris and HSB employees a reasonable time in advance of the closing date regarding employment, consulting or other arrangements to be effective prior to or following the effective time.

As of the closing date, Ameris will, or will cause its applicable subsidiary to, provide to each employee of HSB or its subsidiaries who will continue employment with Ameris or any of its subsidiaries following the closing date (“continuing employees”) base hourly wages or salaries, and employee benefit plans, policies and arrangements (excluding equity plans), that, until the first anniversary of the closing date, are no less favorable, in the aggregate, than the HSB employee benefit plans provided to such continuing employee immediately prior to the closing date. HSB and Hamilton employees who become employees of Ameris or Ameris Bank at the effective time and whose employment is terminated by Ameris or Ameris Bank after the closing date will receive from Ameris or Ameris Bank severance benefits under the existing severance policies of Ameris or its subsidiaries. Any such employee receiving severance benefits under a severance policy of Ameris or its subsidiaries will be credited with his or her years of service with HSB or its subsidiaries. In addition, any severance benefits provided by Ameris or its subsidiaries will be conditioned on the execution of a release of claims satisfactory to Ameris. HSB and Hamilton employees who, as of the date of the merger agreement, are parties to employment, change of control or other agreements which provide for severance, are not entitled to receive the Ameris severance discussed in this paragraph.

Ameris must use commercially reasonable efforts to waive all pre-existing conditions, actively at work requirements, exclusion and waiting periods with respect to participation and coverage requirements under any Ameris employee benefit plan in which continuing employees become eligible to participate on or after the closing date to the extent they were inapplicable to, or were satisfied under, any HSB employee benefit plan in which the continuing employee participated prior to the closing date. In addition, Ameris must ensure that each continuing employee receives full credit (including eligibility to participate, vesting, vacation entitlement and severance benefits, but excluding benefit accrual under any defined benefit pension plan or any such credit that would result in a duplication of benefits) under each Ameris employee benefit plan in which the continuing employee participates to the extent such service was credited under the HSB employee benefit plans. Ameris also must credit continuing employees with the amount of vacation time that such employees had accrued under vacation policies of HSB disclosed to Ameris. With respect to any Ameris health plans in which continuing employees participate, Ameris will use commercially reasonable efforts to waive any eligibility waiting period, evidence of insurability requirements and application of any pre-existing conditions limitations to the extent such requirements or limitations were inapplicable to, or satisfied under, any corresponding HSB health plan in which such continuing employee participated prior to the closing date, and cause each continuing employee to be given credit for the plan year in which the closing date occurs under the Ameris health plan for amounts paid with respect to such plan year under the corresponding HSB health plan prior to the closing date.

TABLE OF CONTENTS

Indemnification and Directors' and Officers' Insurance

For a period of six years from and after the effective time, Ameris must indemnify and hold harmless the present and former directors, officers and employees of HSB and its subsidiaries (“indemnitees”) against all claims, liabilities, losses, damages, judgments, fines, penalties, costs and expenses in connection with any claim, suit, action, proceeding or investigation based on or arising out of the fact that such indemnitee was a director, officer or employee of HSB or any of its subsidiaries for acts or omissions by such indemnitee in such capacity or taken at the request of HSB or any subsidiary at or any time prior to the effective time to the fullest extent permitted by law. From and after the effective time, Ameris will also assume all obligations of HSB and its subsidiaries to indemnitees in respect of indemnification and exculpation from liabilities for acts or omissions occurring at or prior to the effective time as provided in HSB’s charter documents and the organizational documents of HSB’s subsidiaries. In addition, Ameris will advance any incurred expenses (including reasonable legal expenses) of any indemnitee to the fullest extent permitted by applicable law provided such indemnitee undertakes to repay such advances if it shall be determined that such indemnitee is not entitled to indemnification.

For a period of six years after the effective time, Ameris must maintain HSB’s existing directors’ and officers’ liability insurance policies, or policies of at least the same coverage and amounts containing terms and conditions which are no less advantageous to the insured so long as substitution does not result in gaps or lapses in coverage, with respect to claims arising from facts or events occurring prior to the effective time. However, Ameris is not required to make annual premium payments for such insurance in excess of a maximum amount of 200% of the annual premium payment on HSB’s policy in effect as of the date of the merger agreement and, if the cost of such coverage exceeds that amount, Ameris will purchase as much coverage as possible for such amount. In lieu of the foregoing, Ameris may obtain at or prior to the effective time a prepaid “tail” policy providing coverage equivalent to that described above for an aggregate price not to exceed such maximum amount.

Shareholder Meeting

HSB has agreed to take all action necessary in accordance with applicable laws and HSB’s articles of incorporation and bylaws to duly give notice of, convene and hold a meeting of its shareholders for the purpose of obtaining the required HSB shareholder approval, with such meeting to be held as promptly as practicable after the registration statement of which this proxy statement/prospectus forms a part is declared effective. The HSB board of directors is required to recommend that the HSB shareholders approve the merger agreement (the “HSB recommendation”), include the HSB recommendation in this proxy statement/prospectus and use its commercially reasonable efforts to solicit from HSB shareholders proxies in favor of the approval of the merger agreement and to take all other commercially reasonable actions necessary or advisable to secure the vote of the HSB shareholders to approve the merger agreement, except to the extent the HSB board of directors has withdrawn the HSB recommendation in accordance with the terms of the merger agreement.

No Solicitation

HSB has agreed that from the date of the merger agreement until the closing date, or, if earlier, the date on which the merger agreement is terminated, it will not, and will cause all of its subsidiaries and its and their respective representatives not to, directly or indirectly: (i) take any action to solicit, initiate, seek, knowingly facilitate or encourage any inquiries or expressions of interest or the making of any proposal or offer that constitutes, or would reasonably be expected to lead to, any acquisition proposal; (ii) participate in any discussions or negotiations regarding any acquisition proposal or furnish, or otherwise provide access to any other person any nonpublic information or data regarding HSB or any of its subsidiaries or relating to an acquisition proposal; (iii) approve, endorse or recommend an acquisition proposal, other than the merger; (iv) enter into any agreement in principle, arrangement, understanding, contract or agreement relating to an acquisition proposal; or (v) propose or agree to do any of the foregoing.

Under the merger agreement, an “acquisition proposal” means a tender offer or exchange offer, proposal for a merger, consolidation or other business combination involving HSB or any of its subsidiaries, or any proposal or offer to acquire in any manner in a single transaction or series of transactions more than 20% of the voting power in, or more than 20% of the fair market value of the business, assets or deposits of, HSB or any of its subsidiaries, other than the transactions contemplated by the merger agreement or the bank merger agreement.

TABLE OF CONTENTS

However, at any time prior to the special meeting, HSB may take any of the actions described under the first paragraph of this “— No Solicitation” section if: (i) HSB has received an unsolicited, bona fide written acquisition proposal that did not result from a breach of HSB’s obligations as described in such first paragraph; (ii) the HSB board of directors determines in good faith (after consultation with its outside legal counsel and independent financial advisor) that such acquisition proposal constitutes, or is reasonably likely to result in, a superior proposal and it is reasonably necessary to take such action to comply with the HSB board of directors’ fiduciary duties to HSB and its shareholders under applicable law; (iii) HSB has provided Ameris with at least one business day’s prior notice of such determination; and (iv) prior to furnishing or affording access to any information or data regarding HSB or relating to such acquisition proposal, HSB receives from such person a confidentiality agreement with terms no less favorable to HSB than the those contained in the confidentiality agreement with Ameris. HSB must promptly provide to Ameris any non-public information regarding HSB or its subsidiaries provided to any other person that was not previously provided to Ameris, and such additional information must be provided no later than the date such information is provided to such other party.

Under the merger agreement, a “superior proposal” refers to an unsolicited bona fide written acquisition proposal to acquire at least 50% of the voting power or assets of HSB made by a third person (or group of persons acting in concert within the meaning of Rule 13d-5 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”)) which the HSB board of directors determines in its good faith judgment, to be more favorable from a financial point of view to the HSB shareholders than the merger and to be reasonably likely to be completed on a timely basis after: (i) consultation with HSB’s financial advisors and outside counsel; and (ii) taking into account all relevant factors, any changes to the merger agreement that may be proposed by Ameris in response to such acquisition proposal, all legal, financial, regulatory and other aspects of such proposal, and the person or persons making such proposal.

HSB must promptly (and in any event within 24 hours) notify Ameris in writing if any proposals or offers (or modified offers or proposals) are received by, any information is requested from, or any negotiations or discussions are sought to be initiated or continued with, HSB or any of its subsidiaries or any of their respective representatives, in each case in connection with any acquisition proposal, and such notice must indicate the name of the person initiating such discussions or negotiations or making such proposal, offer or information request and the material terms and conditions of any proposals, offers or information requests.

Except as provided below, neither the HSB board of directors nor any of its committees may: (i) withdraw, qualify or modify, or propose to withdraw, qualify or modify, in a manner adverse to Ameris or any of its subsidiaries, the HSB recommendation; or (ii) approve or recommend, or propose to approve or recommend, any acquisition proposal (each an “HSB recommendation change”). However, the HSB board of directors may at any time prior to the special meeting make an HSB recommendation change, or terminate the merger agreement to enter into a definitive agreement with respect to a superior proposal, if and only if: (i) the HSB board of directors determines in good faith, after consultation with its outside legal counsel and independent financial advisor, that it has received an unsolicited bona fide acquisition proposal, not resulting from a breach of HSB’s obligations described under this “— No Solicitation” section, that constitutes, or is reasonably likely to lead to, a superior proposal (which has not been withdrawn); (ii) the HSB board of directors determines, in good faith, after consultation with such outside legal counsel, that it is reasonably necessary to take such action to comply with the HSB board of directors’ fiduciary duties to HSB and its shareholders under applicable law; (iii) the HSB board of directors provides written notice to Ameris of its receipt of the acquisition proposal and its intent to withdraw the HSB recommendation on the fifth business day following delivery of such notice, with such notice to specify in reasonable detail the material terms and conditions of the acquisition proposal; (iv) after providing such notice, HSB negotiates in good faith with Ameris (if requested by Ameris) and provides Ameris a reasonable opportunity to adjust the terms and conditions of the merger agreement as would enable the HSB board of directors to proceed without withdrawing the HSB recommendation, although Ameris is not required to propose any such adjustments; and (v) thereafter, the HSB board of directors, following the final such five business day period, again determines in good faith, after consultation with such outside legal counsel and such independent financial advisor, that such acquisition proposal nonetheless constitutes a superior proposal and that taking such action is reasonably necessary to comply with the HSB board of directors’ fiduciary duties to HSB and its shareholders under applicable law.

TABLE OF CONTENTS

Representations and Warranties

The merger agreement contains generally customary representations and warranties of Ameris and HSB relating to their respective businesses that are made as of the date of the merger agreement and as of the closing date. The representations and warranties of each of Ameris and HSB have been made solely for the benefit of the other party, and these representations and warranties should not be relied on by any other person. In addition, these representations and warranties:

- have been qualified by information set forth in confidential disclosure schedules provided in connection with the merger agreement, and the information contained in these schedules modifies, qualifies and creates exceptions to the representations and warranties in the merger agreement;
- will not survive consummation of the merger;
- may be intended not as statements of fact, but rather as a way of allocating the risk to one of the parties to the merger agreement if those statements turn out to be inaccurate;
- are in some cases subject to a materiality standard described in the merger agreement that may differ from what may be viewed as material by you; and
- were made only as of the date of the merger agreement or as of the closing date or such other date as is specified in the merger agreement.

The representations and warranties made by Ameris and HSB to each other primarily relate to:

- corporate organization, existence, power and authority;
- capitalization;
- corporate authorization to enter into the merger agreement and to consummate the transactions contemplated thereby, including the merger;
- absence of any breach of organizational documents, violation of applicable law or breach of material contracts as a result of the merger;
- regulatory approvals and consents required in connection with the merger and the bank merger;

Definition of “Material Adverse Effect” and “Material Adverse Change”

Certain representations and warranties of Ameris and HSB are qualified as to “materiality,” “material adverse effect” or “material adverse change.” For purposes of the merger agreement, a “material adverse effect” or a “material adverse change”, when used in reference to either Ameris or HSB or their subsidiaries, means any event, change, occurrence, effect or development that: (i) has a material and adverse effect on the condition (financial or otherwise), results of operations, liquidity, assets or deposit liabilities, business, property or assets of such party and its subsidiaries, taken as a whole; or (ii) impairs the ability of such party to perform its material obligations under the merger agreement or otherwise materially impedes or delays the completion of the transactions contemplated by the merger agreement or the bank merger agreement or, with respect to HSB or its subsidiaries, the imposition of a regulatory agreement. For purposes of clause (i) only, a material adverse effect or materially adverse change excludes:

- changes after the date of the merger agreement in GAAP or regulatory accounting requirements or principles (so long as neither party nor its subsidiaries are disproportionately affected);
- changes after the date of the merger agreement in banking or similar laws of general applicability (so long as neither party nor its subsidiaries are disproportionately affected);
-

changes after the date of the merger agreement in economic or market conditions affecting financial institutions generally, including changes in prevailing interest rates, credit availability and liquidity, currency exchange rates and price levels or trading volumes in securities markets (so long as neither party nor its subsidiaries are disproportionately affected);

- the impact of the public disclosure, pendency or performance of the merger agreement or the bank merger agreement or the transactions contemplated thereby;
- any failure by HSB or Ameris to meet any internal or published industry analyst projections or forecasts or estimates of revenues or earnings for any period;
- changes in the trading price or trading volume of Ameris common stock; and
- actions or omission taken with the prior written consent of the other party or required by the merger agreement or the bank merger agreement.

Conditions to Completion of the Merger

The completion of the merger depends on a number of conditions being satisfied or, where permitted, waived, including:

- no applicable law or order (whether temporary, preliminary or permanent) by any governmental authority making illegal or preventing or prohibiting the consummation of the transactions contemplated by the merger agreement;

TABLE OF CONTENTS

- approval of the merger agreement by the holders of at least 60% of the outstanding shares of HSB voting common stock entitled to vote;
- all required regulatory approvals have been obtained and remain in full force and effect and do not contain or result in the imposition of any materially burdensome regulatory condition, and all statutory waiting periods in respect of such regulatory approvals have expired or been terminated;
- the registration statement of which this proxy statement/prospectus forms a part has been declared effective by the SEC and no stop order suspending the effectiveness of the registration statement has been issued, no action, suit, proceeding or investigation by the SEC to suspend the effectiveness of the registration statement has been initiated and is continuing, and all necessary approvals under securities laws relating to the issuance of the shares of Ameris common stock in the merger have been received;
- the shares of Ameris common stock to be issued in the merger as part of the merger consideration have been approved for listing and be freely tradeable on Nasdaq, subject to official notice of issuance;
- the accuracy, in all respects, of the representations and warranties of each party in the merger agreement, as of the date of the merger agreement and the closing date or such other date specified in the merger agreement (without giving effect to any materiality or material adverse effect or material adverse change limitations), except where the failure to be accurate would not, individually or in the aggregate, reasonably be expected to have a material adverse effect on such party and except for representations with respect to capitalization, which must be true and correct in all respects;
- the performance and compliance by each party in all material respects of all of its covenants and obligations required to be performed, or complied, by it at or prior to the closing date;
- the delivery by each party of certificates, instruments, agreements and other items required to be delivered by such party pursuant to the merger agreement at or prior to the closing date;
- receipt by each of Ameris and HSB of an opinion of its respective legal counsel to the effect that the merger will be treated as a reorganization within the meaning of Section 368(e) of the Code;
- the dissenting shares constitute less than 10% of the outstanding shares of HSB common stock;
- the absence of any event, change, occurrence, condition, effect or development which has had or resulted in a material adverse effect or material adverse change on any party, and the absence of any event, change, occurrence, circumstance, condition, effect or development that may reasonably be expected to have a material adverse effect on any party; and
- the parties stand ready to complete the bank merger immediately after the merger.

No assurance is given as to when, or if, the conditions to the merger will be satisfied or waived, or that the merger will be completed.

Termination; Merger Consideration Adjustment

Termination. Ameris and HSB may mutually agree to terminate the merger agreement at any time prior to the closing date. Subject to conditions and circumstances described in the merger agreement, the merger agreement also may be terminated as follows:

-

by either party, if the closing does not occur on or before December 31, 2018, provided that neither party may terminate the merger agreement for this reason if the failure of the closing to occur by such date is due to or resulted from such party's failure to fulfill its obligations under the merger agreement;

-

by either party in the event of a material breach by the other party of any representation, warranty, or obligations contained in the merger agreement, which breach has not been cured within 30 days and which breach would be reasonably likely to result in a failure to satisfy any applicable closing condition;

TABLE OF CONTENTS

- by either party if final action has been taken by a regulatory agency whose approval is required for the merger or bank merger, which final action has become final and nonappealable and does not approve the merger or bank merger, or a governmental authority enacts, issues, promulgates, enforces or enters any law or final non-appealable judgment which would make the merger or the bank merger illegal;

- by either party if the required HSB shareholder approval is not obtained (provided, in the case of termination by HSB, it has not violated its covenant under the merger agreement regarding making or changing the HSB recommendation);

- by Ameris if the HSB board of directors or any committee thereof fails to make the HSB recommendation or makes an HSB recommendation change, or HSB has materially breached its covenant not to solicit alternative acquisition proposals;

- by HSB, prior to obtaining the HSB shareholder meeting, to enter into an agreement relating to a superior proposal; and

- by HSB, at any time during the four business-day period immediately following the determination date (as defined below), if:

the quotient of the average Ameris stock price (as defined below) divided by \$51.1328 is less than 85% (such quotient, the “Ameris Ratio”);

the Ameris Ratio is less than 85% of the quotient of (i) the average closing price of the KBW Nasdaq Regional Banking Index (KRX) for the 20 consecutive trading days ending on the trading day immediately prior to the determination date, divided by (ii) the current market price of the KBW Nasdaq Regional Banking Index (KRX) on January 24, 2018 (such quotient, the “Index Ratio”); and

Ameris elects not to increase the merger consideration to be received by the HSB shareholders as discussed under “— Merger Consideration Adjustment” below.

“Average Ameris stock price” means the volume weighted average price of the Ameris common stock for the 20 consecutive trading days ending on the trading day immediately prior to the determination date (rounded to three decimal places).

“Determination date” means the trading day immediately following the last to occur of: (i) the effective date of the last required regulatory approval necessary to complete the merger; and (ii) the date of receipt of the required HSB shareholder approval.

Merger Consideration Adjustment. If the conditions described above under “— Termination” with respect to the Ameris Ratio and the Index Ratio are satisfied, then HSB has the right to terminate the merger agreement within four business days after the determination date.

If HSB provides (and does not withdraw) written notice to Ameris of HSB’s intention to so terminate the merger agreement, during the three business-day period after Ameris’s receipt of HSB’s notice, Ameris may elect to increase the exchange ratio or pay to each HSB shareholder an additional cash payment (provided that such payment will not cause the merger to fail to qualify as a tax-free reorganization within the meaning of Section 368(a) of the Code), such

that the value of the merger consideration to be received by each HSB shareholder (calculated based on the average Ameris stock price and including any such additional cash payment) equals a minimum amount that, had the average Ameris stock price been equal to such amount, at least one of the two conditions described above regarding the Ameris Ratio and the Index Ratio would not have been satisfied. If Ameris so elects, then it must give HSB prompt written notice of such election and the revised exchange ratio or the amount of the additional cash payment, as the case may be, whereupon no termination shall have occurred and the merger agreement will remain in full force and effect (provided that any reference in the merger agreement to the “exchange ratio” will thereafter be deemed to the exchange ratio as so increased and any references in the merger agreement to the “merger consideration” will include the additional cash payment per share).

85

TABLE OF CONTENTS

Even if the conditions regarding the Ameris Ratio and the Index Ratio are satisfied, the HSB board of directors may elect not to terminate the merger agreement. Any decision to terminate the merger agreement will be made by the HSB board of directors in light of all of the circumstances existing at the time. Prior to making any decision to terminate the merger agreement, the HSB board of directors would consult with its financial and other advisors and would consider all financial and other information it deemed relevant to its decision, including whether the then-current consideration to be received in the merger would deliver more value to the HSB shareholders than the value that could be expected if HSB were to continue as an independent company (which would occur if the HSB board of directors were to elect to abandon the merger and Ameris determined not to increase the exchange ratio or pay the additional cash payment). In addition, the HSB board of directors would consider whether, in light of market and other industry conditions at the time of such decision, the merger consideration continued to be fair from a financial point of view to the HSB shareholders. If HSB elected not to terminate the merger agreement, which it could do without any action on the part of HSB shareholders, then the exchange ratio would remain 0.16 and the cash consideration would remain \$0.93 per share of HSB common stock.

If each of the conditions regarding the Ameris Ratio and the Index Ratio are satisfied and the HSB board of directors elected to terminate the merger agreement, then Ameris would have the option of increasing the consideration payable to HSB shareholders by either increasing the exchange ratio or paying the additional cash payment as described above. Ameris is under no obligation to increase the exchange ratio or to pay any such additional cash payment, and there is no assurance that Ameris would elect to do either to prevent the termination of the merger agreement. Any decision would be made by Ameris in light of the circumstances existing at the time.

Termination Fee

Upon termination of the merger agreement by HSB to enter into a superior proposal, or by Ameris where the HSB board of directors fails to make the HSB recommendation or makes an HSB recommendation change, or by Ameris where HSB has materially breached its covenant not to solicit alternative acquisition proposals, HSB will be required to pay Ameris a termination fee equal to \$14.0 million. In no event will HSB be required to pay the termination fee on more than one occasion.

Expenses

All expenses incurred by each party in connection with the merger agreement, the bank merger agreement and the transactions contemplated thereby, whether or not such transactions are completed, including all fees and expenses of its agents, representatives, counsel and accountants, will be paid by such party.

Notwithstanding the foregoing, if the merger agreement is terminated due to a failure to obtain any regulatory approval that is required for the consummation of the merger or the bank merger (provided that such failure is not primarily related to the financial or regulatory condition of HSB or any of its subsidiaries) or due to a failure by Ameris or any of its subsidiaries to satisfy any condition contained in any required regulatory approval, then Ameris will be required to pay HSB \$1.5 million as reimbursement for its transaction expenses.

Amendment

The merger agreement may not be amended or modified except by a written agreement executed by Ameris and HSB.

Ancillary Agreements

Voting and Support Agreement. In connection with entering into the merger agreement, Ameris and HSB entered into a Voting and Support Agreement with each of the directors and certain principal shareholders of HSB. The following summary of the Voting and Support Agreement is subject to, and qualified in its entirety by reference to, the full text of the Voting and Support Agreement attached as Appendix B to this proxy statement/prospectus.

TABLE OF CONTENTS

Pursuant to the Voting and Support Agreement, each shareholder who is a party thereto, in its capacity as a shareholder of HSB, agreed to vote all shares of HSB common stock beneficially owned by such shareholder, as follows:

- in favor of the approval of the merger agreement and the transactions contemplated thereby (including any amendments or modifications of the terms thereof approved by the board of directors of HSB and adopted in accordance with the terms thereof);
- in favor of any proposal to adjourn or postpone the special meeting, as applicable, to a later date if there are not sufficient votes to approve the merger agreement;
- against any action or agreement that would be reasonably likely to impair the ability of either Ameris or HSB to complete the merger or would otherwise be inconsistent with, prevent, materially impede or materially delay the completion of the transactions contemplated by the merger agreement; and
- against any proposal that is in favor of or would facilitate an alternative acquisition proposal, other than the transactions contemplated by the merger agreement, without regard to the terms of such proposal.

The Voting and Support Agreement provides that each shareholder party will not, until the special meeting and subject to certain exceptions, with respect to any shares of HSB common stock owned by such shareholder:

- sell, transfer, assign, tender in any tender or exchange offer, pledge, encumber, hypothecate or similarly dispose of, voluntarily or involuntarily, any such shares; or
- enter into any contract to sell, transfer, assign, pledge, lien, hypothecate or otherwise dispose of any such shares, including the right to vote any such shares.

The Voting and Support Agreement applies to each shareholder party in such shareholder's capacity as a shareholder of HSB and does not apply in any manner to any shareholder's capacity as a director or officer of HSB or its subsidiaries or in any other capacity (and does not limit or affect any actions taken by any person in such person's capacity of director or officer of HSB or its subsidiaries, including by causing HSB to exercise its rights under the merger agreement). The voting and support obligations of each shareholder party under the Voting and Support Agreement will terminate upon the earlier of: (i) the effective time of the merger; (ii) the entry, without the prior written consent of such shareholder, into an amendment or modification of the merger agreement, or any written waiver of HSB's rights under the merger agreement made in connection with a request from Ameris, in each case, which results in a decrease or change in the composition of the merger consideration payable to that shareholder; and (iii) the termination of the merger agreement in accordance with its terms.

Director Non-Solicitation Agreements. In connection with the merger agreement, Ameris entered into a Director Non-Solicitation Agreement with each of the directors of HSB and Hamilton under which each such director has agreed to certain restrictions with respect to such director's use and disclosure of confidential materials and the solicitation of customers and employees of Ameris, HSB and their affiliates following the completion of the merger. Pursuant to the Director Non-Solicitation Agreements, each director of HSB and Hamilton agreed as follows:

- to maintain the confidentiality of all information regarding HSB, Ameris and any other company or entity affiliated with Ameris or HSB, including Hamilton and Ameris Bank, and any of their respective activities, businesses or customers that is (i) not generally known to persons not employed (whether as employees or independent contractors)

by Ameris, HSB or their affiliated companies and entities, and (ii) subject to reasonable efforts to keep such information confidential, and/or (iii) subject to limitations on disclosure or use by applicable law (“confidential information”);

-

except as required by law, to not use, distribute, disclose or otherwise disseminate confidential information or any physical embodiments thereof;

TABLE OF CONTENTS

- in the event the director is required by applicable law to disclose any confidential information, if and to the extent permitted by law, to provide Ameris with prompt notice of such requirement prior to disclosure so that Ameris may waive the requirements of the agreement or seek an appropriate protective order and use commercially reasonable efforts to obtain assurances that any confidential information will be accorded confidential treatment; and

- that, with respect to the director's non-disclosure obligations described above, confidential information shall not include information that (i) has become generally available to the public other than as a result of the directors' breach of the Director Non-Solicitation Agreement entered into by that director, (ii) is obtained by the director from someone with the right to disclose the information without violating any right or privilege or duty, (iii) was rightfully in the possession of a person prior to receipt of that confidential information from the director, or (iv) is independently developed by a person without reference to, or use of, any confidential information.

In addition, the Director Non-Solicitation Agreements provide that, subject to certain exceptions, each director of HSB and Hamilton will not, without the prior written consent of Ameris:

- for a period of one year following the effective time, directly or indirectly, on behalf of himself or any other person, solicit, recruit or hire any employee of Ameris or any other company or entity affiliated with Ameris or HSB, including Hamilton and Ameris Bank, who was an employee of HSB or Hamilton during the two-year period ending on effective time; and

- for a period of one year following the effective time, directly or indirectly, on behalf of himself or any other person, solicit or attempt to solicit any customer of HSB, Ameris or any company or entity affiliated with Ameris or HSB, including Hamilton and Ameris Bank, in each case, with whom the director had material contact in the course of such director's service as a director of HSB or Hamilton.

The restrictions with respect to each such director's use and disclosure of confidential information and solicitation of customers and employees are conditioned upon the completion of the merger and will become effective at the effective time.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS OF HSB

The following is a discussion of Hamilton State Bancshares, Inc.'s financial condition as of December 31, 2017 and 2016 and its results of operations for the years in the three-year period ended December 31, 2017. The purpose of this discussion is to focus on information about HSB's financial condition and results of operations which is not otherwise apparent from the consolidated financial statements.

Introduction

HSB is a bank holding company that was incorporated under the laws of the State of Georgia on May 13, 2005 to serve as the holding company for Hamilton. HSB operates three subsidiaries: (1) Hamilton, a Georgia-state chartered bank that was established and commenced operations on September 20, 2004, which provides traditional credit and depository banking services to its retail and commercial customers through 28 branches in 12 counties in northern and central Georgia, including metro Atlanta, (2) Auto Finance South LLC ("Auto Finance"), a company formed in the second quarter of 2016 and engaged in purchasing automobile loans at a discount, and (3) Cherokee Statutory Trust I, a statutory trust formed by the former Cherokee Banking Company to issue trust preferred securities as a result of the merger of Cherokee Banking Company with and into HSB. Hamilton operates three subsidiaries, two subsidiary limited liability companies formed to hold assets acquired as a result of foreclosure and one subsidiary limited liability company formed to hold a bank branch acquired from the FDIC in the McIntosh State Bank transaction which was the subject of certain potential environmental claims.

On February 28, 2011, HSB raised approximately \$231.6 million in gross proceeds (before expenses) from investors in private offerings of its common stock. Between April 2011 and August 2015, HSB and/or Hamilton successfully completed six acquisitions, growing its assets from \$246.6 million as of December 31, 2010 to \$1.8 billion as of December 31, 2017. HSB acquired \$125 million in assets and \$106 million in deposits through its merger with Highland Financial Services, Inc. on August 31, 2015 and \$188 million in assets and \$166 million in deposits through its merger with Cherokee Banking Company, Inc. on February 17, 2014. In addition, HSB acquired the assets and liabilities of four community banks in FDIC-assisted transactions between 2011 and 2013, including Bartow County Bank ("Bartow") on April 15, 2011 with \$330 million in assets, McIntosh State Bank ("McIntosh") on June 17, 2011 with \$340 million in assets, First State Bank ("FSB") on January 20, 2012 with \$516 million in assets and Douglas County Bank ("DCB") on April 26, 2013 with \$261 million in assets.

Annual Highlights — For the Period Ended December 31, 2017

The following provides an overview of the major factors impacting HSB's financial performance in 2017.

- Net income for the year ended December 31, 2017 was \$14.7 million, or \$0.35 per diluted share, compared to net income of \$17.1 million for 2016, or \$0.41 per diluted share.

- Net income for the year ended December 31, 2017 included a \$6.0 million non-cash adjustment of the deferred tax asset as a result of the enactment of the TCJA. Excluding this adjustment, 2017 net income would have been \$20.6 million, or \$0.49 per diluted share.

- HSB's net interest income was \$76.4 million for 2017, an increase of \$4.6 million, or 6.4%, from 2016. HSB's interest income increased \$4.9 million in 2017 primarily from an 8.8% increase in organic loan balances partially offset by a \$5.2 million decrease in accretion income on acquired loans. HSB's interest expense increased \$0.4 million, or 6.4%, from 2016 and was in line with the 6.4% increase in interest income for the same period.

- Noninterest income was \$8.1 million for 2017, an increase of \$0.7 million, or 9.2%, from 2016. The increase is primarily attributable to an increase in transaction account service charges implemented in mid-2016.

TABLE OF CONTENTS

• HSB experienced net loan growth in 2017 of \$21.1 million, or 1.7%, to \$1.3 billion, driven by a \$91.0 million increase, or 8.8%, in organic loan balances and partially offset by a \$70.6 million, or 28.6%, decrease in acquired loan balances.

• At December 31, 2017, the ratio of nonperforming assets to total loans and OREO was 0.48% and the ratio of nonaccrual loans to total loans was 0.35%.

• HSB's capital ratios exceeded all regulatory "well capitalized" guidelines, with a Tier 1 leverage ratio of 10.88%, a Tier 1 risk-based capital ratio of 13.99% and a Total risk-based capital ratio of 14.83% at December 31, 2017.

Critical Accounting Policies

HSB's significant accounting policies are described in detail in Note 1, "Summary of Significant Accounting Policies," to HSB's Audited Consolidated Financial Statements attached to this proxy statement/prospectus as Appendix E and are integral to understanding HSB's financial performance. HSB has identified certain accounting policies as being critical because (1) they require judgment about matters that are highly uncertain and (2) different estimates that could be reasonably applied would result in materially different assessments with respect to ascertaining the valuation of assets, liabilities, commitments, and contingencies. HSB has established detailed policies and control procedures that are intended to ensure that these critical accounting estimates are well controlled and applied consistently from period to period, and that the process for changing methodologies occurs in an appropriate manner. The following is a description of certain of HSB's current critical accounting policies.

Acquisition Accounting

As noted above, Highland Financial Services, Inc. merged into HSB on August 31, 2015 and Cherokee Banking Company merged into HSB on February 17, 2014. Both transactions were "open bank" acquisitions not involving FDIC loss-share coverage. HSB also acquired the significant assets and liabilities of Bartow on April 15, 2011, McIntosh on June 17, 2011, FSB on January 20, 2012 and DCB on April 26, 2013 (collectively, the "Covered Acquisitions"). The Covered Acquisitions were all FDIC-assisted transactions. The expiration dates for the Covered Acquisitions for non-single family loss-share coverage ("NSF") and single family residence loss-share coverage ("SFR") are as follows:

	NSF	SFR
Bartow	Expired	June 30, 2021
McIntosh	Expired	June 30, 2021
First State	Expired	March 31, 2022
Douglas	June 30, 2018	N/A

HSB accounts for business combinations under the acquisition method of accounting. Assets acquired and liabilities assumed are measured and recorded at fair value at the date of acquisition, including identifiable intangible assets. If the fair value of net assets acquired exceeds the fair value of the consideration paid, a bargain purchase gain is recognized at the date of acquisition. Conversely, if the consideration paid exceeds the fair value of the net assets acquired, goodwill is recognized at the acquisition date. Fair values are subject to refinement for up to a maximum of one year after the closing date of an acquisition as information relative to closing date fair values, which could have reasonably been known as of the closing date, becomes available.

The determination of the fair value of loans acquired takes into account credit quality deterioration and probability of loss; therefore, the related allowance for loan losses previously recorded by the acquired institution is not carried forward. HSB has further segregated acquired loans into two separate categories: (1) loans receivable-covered and (2) loans receivable-noncovered. Loans receivable-covered refers to loans covered under a FDIC loss-share agreement and loans receivable-noncovered refers to those acquired loans not covered under a FDIC loss-share agreement. At June 30, 2016, the NSF loss share agreement expired for the Bartow and McIntosh acquisitions and at March 31, 2017, the NSF loss share agreement expired for the FSB acquisition. Due to this, the remaining loans that were

covered under those loss share agreements

90

TABLE OF CONTENTS

were transferred from covered to noncovered loans. In connection with the closing accounting entries for each Covered Acquisition, an adjustment of the unpaid principal balance is made to reflect an appropriate market rate of interest, given the risk profile and grade that is assigned to each loan. This adjustment is accreted into earnings as a yield adjustment, using the effective yield method, over the remaining life of each loan.

Liabilities are also recognized separately to record at fair market value certain time deposits that had contractual interest rates that were different from the prevailing market interest rates at the time of acquisition. The time deposit intangibles are reflected in “Deposits — Time under \$250” and “Deposits — Time over \$250” in the accompanying consolidated balance sheets and are accreted to interest expense over the remaining applicable terms of the time deposits to which they apply.

Identifiable intangible assets are recognized separately if they arise from contractual or other legal rights or if they are separable (i.e., capable of being sold, transferred, licensed, rented, or exchanged separately from the entity). The related depositor relationship intangible assets, known as the core deposit intangible assets, may be exchanged in observable exchange transactions. As a result, the core deposit intangible asset is considered identifiable, because the separability criterion has been met.

An FDIC indemnification asset is recognized when the FDIC contractually indemnifies HSB, in whole or in part, for a portion of credit losses from acquired covered loan portfolios and losses from covered other real estate owned, up to certain specified thresholds. The recognition and measurement of an indemnification asset is based on the related indemnified items. HSB recognizes an indemnification asset at the same time that the indemnified item is recognized and measures it on the same basis as the indemnified items, subject to collectability or contractual limitations on the indemnified amounts.

Under FDIC loss-sharing agreements, HSB may be required to return a portion of cash received from the FDIC in the event that losses do not reach a specified threshold, based on the initial discount less cumulative servicing costs for the covered assets acquired. Such liabilities are referred to as clawback liabilities and are considered to be contingent consideration, as they require the return of a portion of the initial consideration in the event that certain contingencies are met. For the year ended December 31, 2016, HSB recorded an overall reduction of \$2.2 million in clawback liabilities related to the acquisitions of McIntosh, FSB and DCB. A portion of the reduction in 2016 was based on a true-up calculation by a third-party consultant in the amount of \$2.6 million, which was off-set by accretion and adjustments resulting from cash flow re-estimations.

Allowance for Loan Losses (“ALL”) — Acquired Loans

The majority of acquired loans are accounted for under ASC 310-30, whereby HSB is required to periodically re-estimate the expected cash flows on the loans. For purposes of applying the guidance under ASC 310-30, HSB grouped most acquired impaired loans into pools based on common risk characteristics. Generally, a decline in expected cash flows for a pool of loans is referred to as impairment and results in an increase in the allowance for loan losses, which is achieved through a charge to provision expense for loan loss, along with an increase in the FDIC indemnification asset to the extent the loan is covered under a loss sharing agreement. Improvement in expected cash flows for a pool of loans results first in a reversal of previously recorded allowances, if any, and then prospectively as an adjustment to the yield on the loans. Correspondingly, aggregate increases in the credit quality and cash flows of loans decrease the value of the FDIC shared loss agreements that give rise to the FDIC indemnification asset, resulting in a decrease in the amount of FDIC indemnification assets over the remaining life of the loss share agreements. Loss assumptions used in the basis of the indemnified loans are consistent with the loss assumptions used to measure the FDIC indemnification asset. For loans accounted for under ASC 310-30, expected cash flows are re-estimated quarterly, with any decline in expected cash flows recorded as noted above. These cash flow evaluations are inherently subjective, as they require material estimates, all of which may be susceptible to significant change. Loans acquired that are not considered purchase credit impaired are accounted for under ASC 310-20. Discounts created when the loans were recorded at their estimated fair values at acquisition are accreted over the remaining term of the loan as an adjustment to the related loan’s yield. The accrual of interest income is discontinued when the collection of a loan or interest, in whole or in part, is doubtful. At such

TABLE OF CONTENTS

time when the outstanding contractual amount of one of these loans, net of this credit related discount, exceeds the contractual cash flows less any losses inherent in these loans, an allowance for loan losses for the loans will be established through a charge to provision expense, along with an increase in the FDIC indemnification asset to the extent the loan is covered under a loss sharing agreement. Improvement in the credit quality does not impact amortization or accretion of any premium or discount previously recognized on a loan accounted for under ASC 310-20.

ALL — Originated Loans

The allowance for loan losses is established for losses inherent in the portfolio as of the reporting date through a provision for loan losses charged to expense. Loans are charged-off against the allowance for loan losses when management believes that the collection of the principal is unlikely. The allowance represents an amount that, in management's judgment, will be adequate to absorb probable incurred losses as of the reporting date on existing loans that become uncollectible. Loans confirmed as uncollectible are charged-off and deducted from the allowance; recoveries on loans previously charged-off are credited back to the allowance.

The allowance for loan losses is evaluated on a regular basis by management and is based upon management's periodic review of the uncollectibility of loans in light of historical experience, the nature and volume of the loan portfolio, overall portfolio quality, review of specific problem loans, current economic conditions that may affect the borrower's ability to pay, estimated value of any underlying collateral and prevailing economic conditions. This evaluation is inherently subjective, as it requires estimates that are susceptible to significant revision as more information becomes available. This evaluation does not include the effects of expected losses on specific loans or groups of loans that are related to future events or changes in economic conditions. While management uses the best information available to make its evaluation, future adjustments to the allowance may be necessary if there are significant changes in economic conditions. In addition, regulatory agencies, as an integral part of their examination process, periodically review HSB's allowance for loan losses, and may require HSB to make additions to the allowance based on their judgment about information available to them at the time of their examinations.

The allowance consists of specific and general components. Each of these components calls for the use of estimates and judgments. The specific component is determined in accordance with ASC 310-30-35, which relates to loans that are classified as impaired. For such loans that are classified as impaired, an allowance is established when the discounted cash flows, collateral value, or observable market price of the impaired loan is lower than the carrying value of that loan. For loans that are not considered impaired, a general allowance for loan losses is determined based upon loss estimation factors where the loan portfolio is segmented into classes by product type, and loan loss is empirically estimated using loan level performance data for average monthly risk grade migrations and charge-offs. Key assumptions of the migration-based model are the look back period of 84 months over which risk migration is observed; the loss emergence period, estimating the length of time in which the loss becomes evident, and qualitative environmental factors that reflect changes in the collectability of loans not captured in historical loss data. Qualitative environmental factors include consideration of the following: levels of and trends in charge-offs and recoveries; migration of loans to the classification of special mention, substandard or doubtful; trends in volume and terms of loans; effects of any change in risk selection and underwriting standards; other changes in lending policies, procedures, and practices; experience, ability and depth of lending management and other relevant staff; national and local economic trends and conditions; industry conditions; and effects of changes in credit concentration.

Income Taxes

HSB accounts for income taxes using the asset-and-liability method in accordance with income tax accounting guidance (ASC 740, Income Taxes). The income tax accounting guidance results in two components of income tax expense: current and deferred. Current income tax expense reflects taxes to be paid or refunded for the current period by applying the provisions of the enacted tax law to the taxable income or excess of revenues over deductions. Under this method, the net deferred tax asset or liability is based on the tax effects of the differences between the book and tax bases of assets and liabilities, and enacted changes in tax rates and laws are recognized in the period in which they occur.

TABLE OF CONTENTS

Deferred income tax expense results from changes in deferred tax assets and liabilities between periods. Deferred tax assets are recognized if it is more likely than not that the deferred tax assets will be realized. Deferred tax assets may be reduced by a valuation allowance if, based on the weight of evidence available, it is more likely than not that some portion or all of an entity's deferred tax assets will not be realized.

A tax position that meets the more likely than not recognition threshold is initially and subsequently measured as the largest amount of tax benefit that has a greater than 50% likelihood of being realized upon settlement with a taxing authority that has full knowledge of all relevant information. The determination of whether or not a tax position has met the more likely than not recognition threshold considers the facts, circumstances, and information available at the reporting date and is subject to management's judgment.

HSB's ASC 740 policy is to recognize interest and penalties related to unrecognized tax benefits as a component of income tax expense. Accrued interest and penalties are included within the related tax asset/ liability line in the consolidated balance sheet.

GAAP Reconciliation and Management Explanation of Non-GAAP Financial Measures

Management evaluates the operating performance of HSB by using financial measures not calculated in accordance with GAAP, including the treatment of the deferred tax adjustment discussed below. HSB has included this non-GAAP financial measures for the applicable periods presented. Management uses these measures to evaluate the underlying performance and efficiency of its operations. HSB's management believes these non-GAAP measures provide meaningful additional information about the operating performance of HSB's business and facilitate a meaningful comparison of our results in the current period to those in prior periods and future periods because these non-GAAP measures exclude certain items that may not be indicative of our core operating results and business outlook.

A reconciliation of these non-GAAP financial measures to the most directly comparable GAAP financial measure is presented in the accompanying table. These non-GAAP financial measures have inherent limitations, are not required to be uniformly applied, and are not audited. These non-GAAP financial measures should not be considered as a substitute for any GAAP financial measures, and HSB strongly encourages investors to review the GAAP financial measures included in this document and not to place undue reliance upon any single financial measure. In addition, because these non-GAAP financial measures are not standardized, it may not be possible to compare the non-GAAP financial measures presented in this document with other companies' non-GAAP financial measures having the same or similar names.

On December 22, 2017, the TCJA was signed into law. ASC 740-10-35-4 requires the effect of a change in tax law or rates to be recognized as of the date of enactment, which for purposes of the TCJA is December 22, 2017. The TCJA reduced the corporate tax rate from a top rate of 35% to a flat rate of 21%. This required a revaluation of HSB's deferred tax assets and liabilities as of December 31, 2017 to reflect the reduced rate of tax over which temporary items will reverse, with the resulting impact of the rate change included in income from continuing operations pursuant to ASC 740-20-45-8. HSB recorded a non-cash adjustment of \$5,956 thousand as a result of the reduced tax rate. The reconciliation and key performance ratios is as follows (dollars in thousands except per share information):

	Year ended December 31, 2017

Results of Operations

Net Income

For the Years Ended December 31, 2017, 2016 and 2015

HSB reported net income of \$14.7 million for the year ended December 31, 2017, compared to net income of \$17.1 million and \$13.7 million for the years ended December 31, 2016 and December 31, 2015, respectively. Basic and diluted earnings per share was \$0.36 and \$0.35 for the year ended December 31, 2017, compared to basic and diluted earnings per share of \$0.43 and \$0.41 for the year ended December 31, 2016, and \$0.34 and \$0.34 for the year ended December 31, 2015.

Net Interest Income

HSB's operating results depend primarily on net interest income, calculated as the difference between interest income on interest-earning assets, such as loans and securities, and interest expense on interest-bearing liabilities, such as deposits and borrowings. Fluctuations in market interest rates impact the yield and rates paid on interest sensitive assets and liabilities. Changes in the amount and type of interest-earning assets and interest-bearing liabilities also impact net interest income. The variance driven by the changes in the amount and mix of interest-earning assets and interest-bearing liabilities is referred to as a "volume change." Changes in yields earned on interest-earning assets and rates paid on interest-bearing deposits and other borrowed funds are referred to as a "rate change."

For the Years Ended December 31, 2017 and 2016

HSB's net interest income was \$76.4 million for the year ended December 31, 2017, an increase of \$4.6 million, or 6.4%, from \$71.8 million for the year ended December 31, 2016. HSB's net interest spread on a taxable equivalent basis was 4.41% for the year ended December 31, 2017, compared to 4.21% for the year ended December 31, 2016, an increase of 20 basis points. HSB's net interest margin was 4.55% for the year ended December 31, 2017, compared to 4.33% for the same period in 2016, an increase of 22 basis points.

The yield on average earnings assets was 4.90% for the year ended December 31, 2017, compared to 4.66% for the year ended December 31, 2016, an increase of 24 basis points, driven primarily by rate increases as well as a favorable shift in HSB's asset mix toward higher yield assets. The yield on the taxable investment portfolio was 2.10% and 1.94% for the years ended December 31, 2017 and 2016, respectively. The yield on the taxable investment portfolio reflects HSB's objective to maintain a low duration profile.

For the Years Ended December 31, 2016 and 2015

HSB's net interest income was \$71.8 million for the year ended December 31, 2016, a decrease of \$1.7 million, or 2.3%, from the year ended December 31, 2015. HSB's net interest spread, on a taxable equivalent basis, was 4.21% for the year ended December 31, 2016, compared to 4.55% for the year ended December 31, 2015, a decrease of 34 basis points. The net interest margin was 4.33% for the year ended December 31, 2016 compared to 4.68% for the same period in 2015, a decrease of 35 basis points.

The yield on average earnings assets was 4.66% for the year ended December 31, 2016, compared to 5.06% for the year ended December 31, 2015, a decrease of 40 basis points, driven primarily by a decrease in yield on loans due to run-off of the high accretion-yield acquired loans and the significant growth of lower-yield originated loans. The yield on the taxable investment portfolio was 1.94% and 1.78% for the years ended December 31, 2016 and 2015, respectively. The yield on the taxable investment portfolio reflects HSB's objective to maintain a low duration profile.

Average Balances, Net Interest Income/Expense, Yields and Rates

The following tables present, for the periods indicated, the total dollar amount of average balances, interest income from average interest-earning assets and the resultant yields, as well as the interest expense on average interest-bearing liabilities, expressed both in dollars and rates. All average balances are daily average balances. Any nonaccruing loans have been included in the table as loans carrying a zero yield (dollars in thousands).

Loan interest income includes loan fees of \$3.7, \$2.4 and \$2.5 million for the years ended December 31, 2017, 2016 and 2015 respectively.

TABLE OF CONTENTS

Net interest income can be analyzed in terms of the impact of changing interest rates and changing volumes. The following table reflects the effect that varying levels of interest-earning assets and interest-bearing liabilities and the applicable rates have had on changes in net interest income for the periods presented (dollars in thousands):

(1)

Changes in net interest income are attributed to either changes in average balances (volume change) or changes in average rates (rate change) for earning assets and sources of funds on which interest is received or paid. Volume change is calculated as change in volume times the previous rate, while rate change is change in rate times the previous volume. The rate/volume change, change in rate times/ change in volume is allocated between volume change and rate change at the ratio each component bears to the absolute value of their total.

Provision for Credit Losses

The provision for credit losses is the amount of expense that, based on management's judgment, is required to maintain the ALL at an adequate level to absorb probable losses inherent in the loan portfolio at the balance sheet date and that is appropriate under GAAP. The determination of the amount of the ALL is complex and involves a high degree of judgment and subjectivity. HSB's determination of the amount of the allowance and corresponding provision for credit losses considers ongoing evaluations of the credit quality and level of credit risk inherent in various segments of the loan portfolio and of individually significant credits, levels of nonperforming loans and charge-offs, statistical trends and economic and other relevant factors.

For the Years Ended December 31, 2017, 2016 and 2015

The provision for credit losses decreased by \$2.1 million, or 90.7%, to \$0.2 million for the year ended December 31, 2017, from \$2.3 million for the year ended December 31, 2016. The decrease in 2017 was primarily attributable to

favorable resolution of impaired loans, lower organic loan growth, and more favorable cash flow performance of HSB's acquired loan portfolio.

The provision for credit losses increased by \$0.1 million, or 7.2%, to \$2.3 million for the year ended December 31, 2016 from \$2.2 million for the year ended December 31, 2015. The increase was primarily attributable to an increase in organic loan growth in 2016 compared to 2015.

TABLE OF CONTENTS**Noninterest Income**

For the Years Ended December 31, 2017, 2016 and 2015

The following table presents, for the periods indicated, the major categories of noninterest income (dollars in thousands):

	December 31		
	2017	2016	2015
Service charges on deposit accounts	\$ 4,253	\$ 3,838	\$ 3,132
Other commissions and fee income	2,964	2,979	2,763
Mortgage origination income	524	485	910

Other	299	96	526
Total noninterest income	\$ 8,052	\$ 7,374	\$ 7,315

Noninterest income increased by \$0.7 million, or 9.2%, from 2016 to 2017. During 2016, HSB simplified and re-aligned its retail and commercial transaction account product offerings, resulting in an overall increase in service charges on deposit accounts. These increases impacted 2017 results for the whole year compared with a partial year impact in 2016.

Noninterest income increased by \$0.1 million, or 0.9%, from 2015 to 2016. The increase was primarily the result of the deposit product changes implemented in 2016, partially offset by a reduction in mortgage origination activity.

Noninterest Expense

For the Years Ended December 31, 2017, 2016 and 2015

The following table presents, for the periods indicated, the major categories of noninterest expense (dollars in thousands):

	December 31		
	2017	2016	2015
Salaries and employee benefits	\$ 27,511	\$ 25,336	\$ 26,142

Amortization of intangibles	1,309	1,524	1,432
Amortization of indemnification assets	3,311	5,113	9,977
Clawback liability adjustments	298	(2,230)	1,723
Losses (gains) on other real estate	460	(399)	(30)
Other	6,451	6,868	2,216
Total noninterest expense	\$ 52,613	\$ 50,726	\$ 57,652

For the Years Ended December 31, 2017 and 2016

Noninterest expense increased 3.7% to \$52.6 million for 2017 compared to \$50.7 million for 2016.

Salaries and employee benefits increased 8.6% to \$27.5 million for 2017 compared to \$25.3 million for 2016.

Performance-based incentive compensation increases accounted for approximately one-half of the overall increase in salaries and employee benefits for 2017 compared with 2016. The remainder of the increase was primarily due to merit based salary increases and increased benefit expenses. HSB had 342 full-time equivalent employees at December 31, 2017 and 340 at December 31, 2016.

TABLE OF CONTENTS

Amortization of indemnification assets decreased 35.2% to \$3.3 million for 2017 compared to \$5.1 million for 2016. This decrease was primarily attributable to the expiration of coverage on two NSF loss share agreements in 2016 and the expiration of coverage on the FSB NSF loss share agreement on March 31, 2017. Indemnification assets associated with these agreements were amortized over the remaining indemnification period.

Under FDIC loss-sharing agreements, HSB is required to return a portion of cash received from the FDIC in the event that losses do not reach a specified threshold, based on the initial discount less cumulative servicing costs for the covered assets acquired. Such liabilities are referred to as clawback liabilities and are considered to be contingent consideration, as they require the return of a portion of the initial consideration in the event that certain contingencies are met. Clawback liability adjustment increased to \$0.3 million for 2017 compared to (\$2.2) million for 2016. A portion of the expense reduction in 2016 was based on a true-up calculation by a third-party consultant in the amount of \$2.6 million, which was off-set by accretion and adjustments resulting from cash flow re-estimations.

For the Years Ended December 31, 2016 and 2015

Noninterest expense decreased 12.0% to \$50.7 million for 2016 compared to \$57.7 million for 2015.

Salaries and employee benefits decreased 3.1% to \$25.3 million at December 31, 2016 compared to \$26.1 million at December 31, 2015. The decrease is primarily attributable to staffing reductions that occurred during 2015 and 2016 as HSB integrated two acquisitions and also reduced the special asset resolution resources within HSB. HSB had 340 full-time equivalent employees at December 31, 2016 compared with 358 and 387 at December 31, 2015 and December 31, 2014, respectively.

Professional fees decreased 24.0% to \$1.9 million for 2016, compared to \$2.5 million for 2015. This decrease was primarily attributable to a reduction in legal and merger-related consulting fees.

Amortization of indemnification assets decreased 48.8% to \$5.1 million at December 31, 2016 compared to \$10.0 million at December 31, 2015. This decrease was primarily attributable to the expiration of coverage on two NSF loss share agreements in 2016. Indemnification assets associated with these agreements were amortized over the remaining indemnification period.

Clawback liability adjustment decreased \$3.9 million to \$(2.2) million at December 31, 2016 compared to \$1.7 million at December 31, 2015. The expense reduction in 2016 was primarily a result of a true-up calculation by a third-party consultant in the amount of \$2.6 million.

Income Taxes

For the Years Ended December 31, 2017, 2016 and 2015

Income tax expense is comprised of both state and federal income tax expense. The effective tax rate was 53.6% for the year ended December 31, 2017 and 34.7% for both the years ended December 31, 2016 and 2015. The increase in 2017 compared to 2016 and 2015 was primarily attributable to a \$6.0 million non-cash adjustment of the deferred tax asset in 2017 as a result of the enactment of the TCJA. Excluding this adjustment, the effective tax rate for 2017 would have been 34.7%.

Financial Condition

HSB's total assets decreased \$64.5 million, or 3.5%, from \$1.851 billion as of December 31, 2016 to \$1.787 billion as of December 31, 2017, and increased \$68.7 million, or 3.9%, from \$1.782 billion as of December 31, 2015 to \$1.851 billion as of December 31, 2016. The decrease in HSB's assets in 2017 was due primarily to a \$63.8 million reduction in securities, which along with other operating cash flows were used to fund a \$50.0 million special cash dividend as well as a \$43.3 million reduction in FHLB borrowings. HSB's asset growth during 2016 was due to strong organic loan growth of \$208.5 million or 25.4%, partially offset by a \$78.0 million run-off in the acquired loan portfolio and a reduction in securities of \$24.3 million.

TABLE OF CONTENTS

Investment Securities

HSB's investment portfolio consists of U.S. Government sponsored residential mortgage-backed securities, U.S. Government and federal agency securities, state and municipal securities and corporate securities. The composition of HSB's portfolio reflects its investment strategy of maintaining an appropriate level of liquidity while providing a relatively stable source of revenue. The portfolio also provides a balance to interest rate risk, while providing a vehicle for the investment of available funds, furnishing liquidity and supplying securities to pledge as required collateral. Mortgage-backed securities rely on the underlying pools of mortgage loans to provide a cash flow of principal and interest. The actual maturities of these securities will differ from the contractual maturities because the loans underlying the security can prepay. Decreases in interest rates will generally cause an acceleration of prepayment levels. In a declining or prolonged low interest rate environment, HSB may not be able to reinvest the proceeds from these prepayments in assets that have comparable yields. In a rising rate environment, the opposite occurs. Prepayments tend to slow and the weighted average life extends in a rising rate environment. This is referred to as extension risk, which can lead to lower levels of liquidity due to the delay of cash receipts, and can result in the holding of a below market yielding asset for a longer period of time.

Management evaluates its securities portfolio each quarter to determine if any security is considered to be other-than-temporarily impaired, and more frequently when economic or market conditions warrant such evaluation. Impairment is considered to not be other-than-temporary if (a) it is not credit-related (b) HSB does not have the intent to sell a debt security prior to recovery and (c) it is more likely than not that it will not have to sell the debt security prior to recovery. In making this evaluation, management considers its ability and intent to hold securities to recover current market losses. Securities with a carrying value of \$34.8, \$19.5 and \$35.3 million were sold, called, matured or paid-off at a gain of \$12 thousand and losses of \$24 and \$16 thousand for the years ended December 31, 2017, 2016 and 2015, respectively, and were recorded in noninterest income in the consolidated statements of income.

As of December 31, 2017 and 2016

At December 31, 2017 and December 31, 2016, HSB had securities held-to-maturity with a carrying value of \$106.8 million and \$124.9 million, respectively, and securities available-for-sale totaling \$179.0 million and \$224.8 million, respectively. At December 31, 2017 and 2016, the securities portfolio represented approximately 16.0% and 18.9%, respectively, of total assets. The average life of the investment portfolio was very stable during 2017, with an effective duration of 2.92 years at December 31, 2017 compared with 2.99 years at December 31, 2016. At December 31, 2017, HSB had 70.6% of the total investment securities portfolio in GSE mortgage backed securities, compared with 65.6% at December 31, 2016. HSB has continued to purchase mortgage-backed securities in order to obtain a favorable yield with low risk. HSB did not have securities of any issuer in excess of 10% of equity at year-end 2017 or 2016, excluding U.S. Government sponsored entities.

Loan Portfolio

HSB engages in a full complement of lending activities, including commercial, financial and agricultural loans; real estate, including construction and development, residential and commercial loans; and consumer and other loans. HSB grants loans and extensions of credit to individuals and a variety of firms and corporations located primarily in the Georgia counties of Barrow, Bartow, Butts, Cherokee, Cobb, Douglas, Forsyth, Gwinnett, Hall, Henry, Jackson, Jasper and Paulding counties and surrounding counties. While risk of loss in its portfolio is primarily tied to the credit quality of the various borrowers, risk of loss may increase due to factors beyond HSB's control, such as local, regional and/or national economic downturns. General conditions in the real estate market may also impact the relative risk in the real estate portfolio. The loan portfolio contains no foreign loans or significant concentrations in any one industry. Commercial, financial, and agricultural loans include loans to finance working capital operations, fixed asset purchases, or other needs for commercial customers. Also included in this category are loans to finance farming operations. Generally, the primary source of repayment is the cash flow from business operations and activities of the borrower.

Real estate loans include loans disaggregated into three classes: construction and development; residential; and commercial. Construction and development loans include loans to acquire and improve real estate. Loans in this class include loans for residential development, commercial development, raw land, commercial construction, and residential construction. Generally, the primary source of repayment is the sale of the underlying real estate or refinance into a permanent mortgage. Residential loans primarily include loans to finance 1-4 single-family residences. Loans in this class include first mortgages on primary residences, first mortgages on investment properties, junior liens on primary residences, and home equity lines of credit (both first and junior liens). Generally, the primary source of repayment is the borrower's ordinary income. Commercial loans primarily include loans to finance income-producing commercial, farmland, owner occupied commercial real estate, and multifamily properties. Loans in this class include loans for retail centers, hotels, medical and professional offices, single retail stores, industrial buildings, warehouses, and apartments leased generally to local businesses and residents. Generally, the primary source of repayment is dependent upon income generated from the real estate collateral.

Consumer and other loans include loans to individuals, secured by personal property or unsecured, or loans to government entities. Loans in this category include loan for automobiles, unsecured notes, overdraft lines of credit, and loans to local government entities. Generally, the primary source of repayment is the cash flow from ordinary income of the borrower, tax receipts and other governmental assessments.

Loans increased \$20.4 million, or 1.6%, to \$1.296 billion at December 31, 2017 from \$1.276 billion at December 31, 2016. The increase in loans outstanding was primarily attributable to organic loan growth of \$91.0 million or 8.8%, partially offset by a decrease in acquired loans of \$70.6 million or 28.6%. The 2017 organic loan growth was primarily in HSB's commercial real estate portfolio.

Loans increased by \$130.5 million, or 11.4%, to \$1.276 billion at December 31, 2016 from \$1.145 billion at December 31, 2015. The increase in loans outstanding was primarily attributable to organic loan growth of \$208.5 million or 25.4%, partially offset by a decrease in acquired loans of \$78.0 million or 24.0%. The 2016 organic loan growth was diversified across all loan segments.

The information in the following tables is based on the contractual maturities of individual loans, including loans that may be subject to renewal at their contractual maturities. Renewal of these loans is subject to review and credit approval, as well as modification of terms upon maturity. Actual repayments of loans may differ from the maturities reflected below because some borrowers have the right to prepay obligations without prepayment penalties.

FDIC Receivable for Loss Share Agreements and Clawback Liability

In connection with each of its four FDIC-assisted acquisitions, HSB entered into loss share agreements with the FDIC. Loans receivable-covered refers to loans covered under such loss share agreements. The non-single family loss share agreements expired for the Bartow, McIntosh and FSB acquisitions in 2016 and 2017; however, a portion of its loans receivable are still covered under loss share agreements. At December 31, 2017, HSB had \$46.0 million of covered loans and \$0.4 million in acquired OREO which were covered under loss share agreements.

The FDIC indemnification assets were initially recorded at fair value, based on the discounted value of expected future cash flows under the loss-sharing agreements. Any impairment of the FDIC indemnification asset resulting from improvements to cash flow estimates on covered assets is not recorded in the current period, but is recognized prospectively as amortization expense in noninterest expense over the lesser of the remaining life of the covered asset or the related loss share agreement. The FDIC receivables are reported with the indemnification assets. The FDIC receivables represent loss claims submitted but not yet received, as well as estimated loss claims not yet submitted.

The only portion of the FDIC receivable related to each applicable loss share agreement that will remain upon the expiration of such loss share agreement will be for claims on losses submitted to the FDIC prior to the time the

TABLE OF CONTENTS

agreement expired, but for which HSB has not yet received reimbursement. Any losses on formerly covered assets after the applicable loss share agreement expires will not be eligible for reimbursement from the FDIC. HSB does not anticipate that these losses will be material to its overall financial results. The FDIC indemnification assets and receivable for loss share agreements was \$3.7 million at December 31, 2017, a decrease of \$9.7 million from \$13.4 million at December 31, 2016. The decrease in the FDIC indemnification assets and receivable at December 31, 2017 compared to the year ended December 31, 2016 was primarily the result of \$4.7 million in cash collected from the FDIC on realized losses on HSB's covered assets. Additionally, HSB recognized \$3.3 million of amortization expense resulting from impairments to the FDIC receivable as loan cash flow estimates increased for certain of its covered loans.

The FDIC receivable for loss share agreements was \$13.4 million at December 31, 2016, a decrease of \$5.9 million from \$19.3 million at December 31, 2015. The decrease in the FDIC receivable for 2016 as compared to 2015 was primarily the result of \$5.1 million of amortization expense resulting from impairments to the FDIC receivable as loan cash flow estimates increased for certain of its covered loans. Additionally, HSB collected \$2.1 million in cash from the FDIC on realized losses on its covered assets.

Under FDIC loss-sharing agreements, HSB may be required to return a portion of cash received from the FDIC in the event that losses do not reach a specified threshold, based on the initial discount less cumulative servicing costs for the covered assets acquired. Such liabilities are referred to as clawback liabilities and are considered to be contingent consideration, as they require the return of a portion of the initial consideration in the event that certain contingencies are met. Clawback liabilities were \$8.2 million, \$7.9 million and \$10.1 million as of December 31, 2017, 2016 and 2015, respectively. A portion of the reduction in 2016 was based on a true-up calculation by a third-party consultant in the amount of \$2.6 million, which was partially off-set by accretion and adjustments resulting from cash flow re-estimations.

Nonperforming Assets

Loans are considered past due if the required principal and interest payments have not been received as of the date such payments were due. Loans are placed on nonaccrual status when, in management's opinion, the borrower may be unable to meet payment obligations as they become due, as well as when required by regulatory provisions. Loans may be placed on nonaccrual status regardless of whether or not such loans are considered past due. Accrual of interest is discontinued on a loan when management believes, after considering economic and business conditions and collection efforts, that the borrower's financial condition is such that collection of principal or interest in full is doubtful or if the loan is 90 days past due. When a loan is placed on nonaccrual status, previously accrued and uncollected interest is charged against interest income on loans. Generally, payments received on nonaccrual loans are applied to principal. Loans are returned to accrual status when all the principal and interest amounts contractually due are brought current and future payments of principal and interest are reasonably assured. HSB's acquired impaired loan pools accounted for under ASC 310-30 are classified as performing, even though they are contractually past due, as long as their cash flows and the timing of such cash flows are estimable and probable of collection.

A restructuring of debt constitutes a troubled debt restructuring, or TDR, if HSB, for economic or legal reasons related to a borrower's financial difficulties, grants a concession to a borrower that it would not otherwise consider.

Concessions granted generally involve forgiving or forbearing a portion of interest or principal on any loans or making loans at a rate that is less than that of market rates. Prior to modifying a borrower's loan terms, HSB performs an evaluation of the borrower's financial condition and ability to service under the potential modified loan terms. If a loan is accruing at the time of modification, the loan remains on accrual status and is subject to HSB's charge-off and non-accrual policies. If a loan is on non-accrual before it is determined to be a TDR, then the loan remains on non-accrual. TDRs may be returned to accrual status if there has been a sustained period of repayment performance by the borrower. Generally, however, once a loan becomes a TDR, it is probable that the loan will be reported as a TDR for the life of the loan. Modified acquired loans accounted for within a pool are not subject to TDR guidance and are not removed from the pool even if the modification would otherwise be considered a TDR. Acquired loans accounted for individually continue to be subject to the TDR reporting provisions.

Nonperforming assets decreased by \$11.1 million, or 64.1%, to \$6.3 million at December 31, 2017 from \$17.4 million at December 31, 2016. The decrease was attributable to both a 56.0% reduction in non-accrual loans and a 76.2% reduction in OREO.

Nonperforming assets decreased by \$15.9 million, or 47.8%, to \$17.4 million at December 31, 2016 from \$33.3 million at December 31, 2015. The decrease was primarily attributable to aggressive resolution of acquired OREO during 2016 in advance of expiration of certain loss share coverages with the FDIC.

Acquired loan allocations were reclassified for certain loan categories and all prior period information has been reclassified to conform to the current period presentation.

The total ALL decreased by \$0.7 million, or 6.0%, to \$11.5 million at December 31, 2017, compared to \$12.2 million at December 31, 2016. The decrease in the ALL was attributable to favorable resolution of impaired loans in 2017 and more favorable cash flow performance of HSB's acquired loan portfolio.

The total ALL increased by \$0.95 million, or 8.4%, to \$12.2 million at December 31, 2016, compared to \$11.3 million at December 31, 2015. The increase in the ALL was primarily due to an increase in organic loan growth in 2016.

Deposits

As of December 31, 2017, 2016 and 2015

Total deposits at December 31, 2017 were \$1.550 billion, an increase of \$14.8 million from December 31, 2016. Total deposits at December 31, 2016 were \$1.535 billion, an increase of \$12.1 million from December 31, 2015. The increases during each of the past two years were due to organic growth in noninterest bearing demand deposits.

Noninterest bearing demand deposits at December 31, 2017 were \$357.4 million, an increase of \$31.3 million from December 31, 2016. Noninterest bearing demand deposits at December 31, 2016 were \$326.1 million, an increase of \$35.0 million from December 31, 2015. Noninterest-bearing demand deposits at December 31, 2017 represented 23.1% of total deposits compared with 21.2% and 19.1% at December 31, 2016 and 2015, respectively.

The following tables show the average balance amounts and the average rates paid on deposits held by HSB for the dates indicated (dollars in thousands):

HSB also relies on other interest bearing liabilities to fund its lending and investing activities and for purposes of asset/liability management. Such liabilities consist of other borrowings which include advances from the Federal Home Loan Bank of Atlanta ("FHLB") and investment securities sold under repurchase agreements.

The following tables reflect the average balance and average rate paid for each category of other interest bearing liabilities for the periods indicated.

Capital Resources

HSB and Hamilton are subject to various regulatory capital requirements administered by the federal banking agencies. Capital adequacy guidelines and, additionally for banks, prompt corrective action regulations, involve quantitative measure of assets, liabilities, and certain off-balance sheet items calculated under regulatory accounting practices. Capital amounts and classifications are also subject to qualitative judgments by regulators. Failure to meet capital requirements can initiate regulatory action. The final rules implementing Basel Committee on Banking Supervision's capital guidelines for U.S. banks ("Basel III rules") became effective for HSB on January 1, 2015 with full compliance with all of the requirements being phased in over a multi-year schedule, and fully phased in by January 1, 2019. Under the Basel III rules, HSB must hold a capital conservation buffer above the adequately capitalized risk-based capital ratios. The capital conservation buffer is being phased in from 0.0% for 2015 to 2.5% by 2019. The capital conservation buffer for 2017 is 1.25%. HSB opted not to include the net unrealized gain or loss on available

for sale securities in computing regulatory capital. Capital amounts and ratios for December 31, 2017 and 2016 are calculated using Basel III rules. Management believes as of December 31, 2017, HSB and Hamilton meet all capital adequacy requirements to which they are subject.

TABLE OF CONTENTS

Prompt corrective action regulations provide five classifications: well capitalized, adequately capitalized, undercapitalized, significantly undercapitalized, and critically undercapitalized, although these terms are not used to represent overall financial condition. At December 31, 2017 and 2016, the most recent notification categorized Hamilton as well-capitalized under the regulatory framework for prompt corrective action. There are no conditions or events since that notification that management believes have changed Hamilton's category.

The following table shows capital ratios at the HSB level and the Hamilton level at the dates indicated (dollars in thousands):

Contractual Obligations

In the normal course of business, HSB has various outstanding contractual obligations that will require future cash outflows. The following table presents HSB's largest contractual obligations (dollars in thousands):

	Total	Less than 1 year	1 to 3 years	3 to 5 years	More than 5 years

Off-Balance Sheet Arrangements

HSB is a party to financial instruments with off-balance sheet risk in the normal course of business to meet the financing needs of its customers. These financial instruments could include commitments to extend credit and standby letters of credit. Those instruments involve, to varying degrees, elements of credit risk in excess of the amount recognized in the consolidated balance sheets. The contractual amounts of those instruments reflect the extent of involvement HSB has in particular classes of financial instruments.

The exposure to credit loss in the event of nonperformance by the other party to the financial instrument for commitments to extend credit and standby letters of credit is represented by the contractual amount of those

instruments. HSB uses the same credit policies in making commitments and conditional obligations as it does for on-balance sheet instruments.

111

TABLE OF CONTENTS

At December 31, 2017, there were commitments to extend credit in the amount of \$257.3 million and standby letters of credit in the amount of \$3.8 million.

Commitments to extend credit are agreements to lend to a customer, as long as there is no violation of any condition established in the contract. Commitments generally have fixed expiration dates or other termination clauses and may require payment of a fee. Since many of the commitments may expire without being drawn upon, the total commitment amounts do not necessarily represent future cash requirements. Hamilton evaluates each customer's creditworthiness on a case-by-case basis. The amount of collateral obtained, if deemed necessary by Hamilton upon extension of credit, is based on management's credit evaluation. Collateral held varies but may include unimproved and improved real estate, certificates of deposit, or personal property.

Standby letters of credit are conditional commitments issued by Hamilton to guarantee the performance of a customer to a third party. Those guarantees are primarily issued to local businesses. The credit risk involved in issuing letters of credit is essentially the same as that involved in extending loan facilities to customers. At December 31, 2017, \$2.5 million of the standby letters of credit outstanding were collateralized.

Liquidity

Liquidity represents the ability of a company to convert assets into cash or cash equivalents without significant loss, and the ability to raise additional funds by increasing liabilities. HSB maintains a comprehensive interest rate risk, liquidity and funds management policy and a contingency funding plan that, among other considerations, include policies and procedures for managing liquidity risk. Liquidity management involves monitoring sources and uses of funds to meet the operating, capital and strategic needs of HSB. Generally HSB relies on deposits, repayments of loans, and repayments of its investment securities as its primary sources of funds. HSB's principal deposit sources include consumer, commercial and public funds customers in its markets. HSB has used these funds, together with FHLB borrowings, federal funds purchased and other sources of short term borrowings, to make loans, acquire investment securities and other assets and to fund continuing operations.

Liquidity as of December 31, 2017

At December 31, 2017, HSB's cash and cash equivalents, time deposits in other banks and investment securities amounted to \$420.2 million, or 23.5% of total assets, compared with \$480.1 million, or 25.9% at December 31, 2016. Investment securities with an aggregate fair value of \$148.0 million and \$149.7 million at December 31, 2017 and December 31, 2016, respectively, were pledged to secure public deposits and for other purposes required or permitted by law.

At December 31, 2017, HSB had \$12.7 million in advances from the FHLB and a remaining credit availability of \$173.4 million. HSB also had unsecured lines of credit available totaling \$45.0 million at December 31, 2017 with its correspondent banks, which represent credit for overnight borrowings. There were no outstanding balances at December 31, 2017 and 2016.

Asset/Liability Management

Market risk is the risk of loss from adverse changes in market prices and rates, which principally arise from interest rate risk inherent in HSB's lending, investing, deposit gathering and borrowing activities. Asset/liability management is the process by which HSB monitors and controls the mix and maturities of its assets and liabilities. The essential purposes of asset/liability management are to ensure adequate liquidity and to maintain an appropriate balance between interest sensitive assets and liabilities to minimize potentially adverse effects on earnings from changes in market interest rates. Hamilton's Asset/Liability Management Committee monitors and considers methods of managing exposure to interest rate risk and is responsible for maintaining the level of interest rate sensitivity of HSB's interest-sensitive assets and liabilities within Board-approved limits.

Interest rate sensitivity is a function of the repricing characteristics of the portfolio of assets and liabilities. Interest rate sensitivity management focuses on the maturity structure of assets and liabilities and their repricing characteristics during periods of changes in market interest rates. Effective interest rate

TABLE OF CONTENTS

sensitivity management seeks to ensure that both assets and liabilities respond to changes in interest rates within an acceptable time-frame that minimizes the changes in net interest income. In the event of a shift in interest rates, management may take certain actions intended to mitigate negative impacts on net interest income or to maximize positive impacts on net interest income. These actions may include, but are not limited to, restructuring of interest-earning assets and interest-bearing liabilities, seeking alternative funding sources or investment opportunities, modifying the pricing or terms of loans and deposits, and using derivatives.

HSB regularly reviews its exposure to changes in interest rates. Among the factors it considers are changes in the mix of interest-earning assets and interest-bearing liabilities, interest rate spreads and repricing periods. Typically, Hamilton's Asset/Liability Management Committee reviews, on at least a quarterly basis, its interest rate risk position. The primary tool used to analyze HSB's interest rate risk and interest rate sensitivity is an earnings simulation model. This earnings simulation model projects a baseline net interest income (assuming no changes in interest rate levels) and estimates changes to that baseline net interest income resulting from changes in interest rate levels. HSB relies primarily on the results of this model in evaluating its interest rate risk.

This model incorporates a number of additional factors including: (1) the expected exercise of call features on various assets and liabilities, (2) the expected rates at which various rate-sensitive assets and rate-sensitive liabilities will reprice, (3) the expected growth in various interest-earning assets and interest-bearing liabilities and the expected interest rates on new assets and liabilities, (4) the expected cash flows and maturities of financial instruments, (5) existing and expected contractual cap and floor rates on various assets and liabilities, (6) expected changes in administered rates on interest-bearing transaction, savings, money market and time deposit accounts and the expected impact of competition on the pricing or repricing of such accounts and (7) other relevant factors. Inclusion of these factors in the model is intended to more accurately project HSB's expected changes in net interest income resulting from interest rate changes. HSB typically models its changes in net interest income assuming interest rates go up and down in increments of 100 basis points, up to a 400 basis point move. HSB also models more extreme interest rates (e.g. curve twist such as inverted, steep and flat) along both immediate rate shocks and time-phased rate changes. While HSB believes this model provides a reasonably accurate projection of its interest rate risk, the model includes a number of assumptions and predictions which may or may not be correct and may impact the model results. These assumptions and predictions include inputs to compute baseline net interest income, growth rates, expected changes in administered rates on interest-bearing deposit accounts, competition and a variety of other factors that are difficult to accurately predict. Accordingly, there can be no assurance the earnings simulation model will accurately reflect future results.

Simulation Results as of December 31, 2017

The following table presents the earnings simulation model's projected impact of a change in interest rates on the projected baseline net interest income for the 12-month period commencing January 1, 2018. For purposes of this model, HSB has assumed that the changes in interest rates take place immediately at the beginning of the period. Based on the simulation run at December 31, 2017, annual net interest income would be expected to increase approximately 3.8%, if rates increased from current rates by 100 basis points. If rates increased 200 basis points from current rates, net interest income is projected to increase approximately 7.7%. If rates increased 300 basis points from current rates, net interest income is projected to increase approximately 11.3%. If rates increased 400 basis points from current rates, net interest income is projected to increase approximately 14.8%. If rates decreased 100 basis points from current rates, net interest income is projected to decrease approximately 10.3%. The change in interest rates assumes parallel shifts in the yield curve and does not take into account changes in the slope of the yield curve.

Impact of Inflation

The consolidated financial statements and related notes included elsewhere in this proxy statement/ prospectus have been prepared in accordance with GAAP. These require the measurement of financial position and operating results in terms of historical dollars, without considering changes in the relative value of money over time due to inflation or recession.

Unlike many industrial companies, substantially all of HSB's assets and liabilities are monetary in nature. As a result, interest rates have a more significant impact on its performance than the effects of general levels of inflation. Interest rates may not necessarily move in the same direction or in the same magnitude as the prices of goods and services. However, other operating expenses do reflect general levels of inflation.

2.1 The Merger.

ABCB shall be the surviving entity in the Merger (referred to herein for the period at and after the Effective Time as the “Surviving Corporation”). The Surviving Corporation shall continue to exist as a Georgia corporation under the name “Ameris Bancorp.” Upon consummation of the Merger, the separate legal existence of HSB shall terminate.

(b) ABCB may at any time change the method of effecting the combination contemplated hereby (including by providing for the merger of HSB with a wholly owned Subsidiary of ABCB) if and to the extent requested by ABCB, and HSB agrees to enter into such amendments to this Agreement as ABCB may reasonably request in order to give effect to such restructuring; provided,

however, that no such change or amendment shall (i) alter or change the amount or kind of the Merger Consideration provided for in this Agreement, (ii) adversely affect the HSB Shareholders with respect to the Merger (including any adverse Tax treatment with respect to the HSB Shareholders or any reduction in the liquidity or value of the securities to be issued to the HSB Shareholders upon consummation of the Merger) or (iii) adversely affect or materially delay the ability of ABCB to obtain any necessary Regulatory Approvals or to consummate the transactions contemplated hereby.

2.2Bank Merger. Immediately after the Effective Time, the Bank Merger shall be consummated in accordance with the provisions of applicable federal and state Law. The Bank Merger shall have the effects as set forth under applicable federal and state Law, and the boards of directors of the parties shall approve, and shall cause the boards of directors of Hamilton and Ameris, respectively, to approve the Bank Merger Agreement and cause the Bank Merger Agreement to be executed and delivered promptly following the execution of this Agreement.

2.3Closing. The closing of the Merger (the “Closing”) shall take place at 10:00 a.m., local time, at the offices of Rogers & Hardin LLP, on a date to be specified by the parties, which date shall be no later than five (5) Business Days after satisfaction or waiver of the conditions set forth in Article VI (other than conditions that by their nature are to be satisfied at the Closing, but subject to the satisfaction or waiver of such conditions), unless another time, place or date, or any or all, are agreed to in writing by the parties hereto. The date on which the Closing occurs is herein referred to as the “Closing Date.”

2.4Effective Time; Effects of the Merger.

(a) Subject to the terms and conditions of this Agreement, on the Closing Date, the Surviving Corporation shall file a certificate of merger complying with the requirements of the GBCC (the “Certificate of Merger”) with the Secretary of State of the State of Georgia (the “Georgia Secretary”). The term “Effective Time” shall mean the date and time upon which the Merger shall be effective, which shall be the later of (i) the date and time upon which the Certificate of Merger is filed with the Georgia Secretary and (ii) such later date and time to which ABCB and HSB shall agree and as may be specified in accordance with the GBCC.

(b) From and after the Effective Time, the Merger shall have the effects set forth in the GBCC. Without limiting the generality of the foregoing, and subject thereto, at the Effective Time, all the properties, rights, privileges, powers and franchises of HSB shall vest in the Surviving Corporation, and all debts, duties and liabilities of HSB shall become the debts, liabilities and duties of the Surviving Corporation.

2.5Charter Documents of the Surviving Corporation. The Charter Documents of ABCB, as in effect immediately prior to the Effective Time, shall become and remain the Charter Documents of the Surviving Corporation until amended in accordance with the respective terms thereof and Applicable Laws.

2.6Directors and Officers of the Surviving Corporation. As of the Effective Time:

(a) The directors of the Surviving Corporation shall be the directors of ABCB immediately prior to the Effective Time, each of whom shall serve as the directors of the Surviving Corporation until their respective successors have been duly elected and qualified, or until their earlier death, resignation or removal from office in accordance with the Charter Documents of the Surviving Corporation.

(b) The officers of the Surviving Corporation shall be the officers of ABCB immediately prior to the Effective Time, each of whom shall serve until their respective successors are duly appointed and qualified, or until their earlier death, resignation or removal from office in accordance with the Charter Documents of the Surviving Corporation.

At the Effective Time, subject to the other provisions of this Agreement, each share of the voting common stock of HSB, \$0.01 par value per share (the “Voting Common Stock”), and the non-voting common stock of HSB, \$0.01 par value per share (the “Non-Voting Common Stock” and, together with the Voting Common Stock, the “HSB Common

Stock”), issued and outstanding immediately prior to the Effective Time, but excluding any Excluded Shares and Appraisal Shares, shall, by virtue of the Merger, be converted into and shall thereafter represent the right to receive the following consideration, in each case without interest: (i) an amount of cash equal to \$0.93 (the “Per Share Cash Consideration”); and (ii) 0.160 (the “Exchange Ratio”) validly issued, fully paid and nonassessable shares of ABCB Common Stock, together with cash in lieu of any fractional shares in accordance with the provisions of Section 2.9(d) (the “Per Share Stock Consideration,” and together with the Per Share Cash Consideration, the “Merger Consideration”).

(b) Cancellation of Shares. Shares of HSB Common Stock, when converted in accordance with Section 2.7(a), shall cease to be outstanding and shall automatically be canceled and cease to exist, and each holder of a Certificate or Book Entry Share shall cease to have any rights with respect thereto, except the right to receive in respect of each share of HSB Common Stock previously represented thereby (i) the consideration set forth in Section 2.7(a), (ii) any dividends or other distributions in accordance with Section 2.9(c) and (iii) any cash to be paid in lieu of any fractional shares of ABCB Common Stock in accordance with Section 2.9(d), in each case without interest, and in each case to be issued or paid in consideration therefor upon the surrender of such Certificate or Book Entry Share in accordance with Section 2.9.

(c) Treasury Stock; Excluded Shares. All shares of HSB Common Stock held by HSB as treasury shares, or by ABCB or by any wholly owned Subsidiary of ABCB or HSB, immediately prior to the Effective Time (other than (i) shares held in trust accounts, managed accounts and the like, or otherwise held in a fiduciary or agency capacity, that are beneficially owned by third parties and (ii) shares held, directly or indirectly, by ABCB, HSB or any wholly owned Subsidiary of ABCB or HSB in respect of a debt previously contracted) shall automatically be canceled and cease to exist as of the Effective Time and no consideration shall be delivered or deliverable therefor (all such shares, the “Excluded Shares”).

(d) No Effect on ABCB Common Stock. Each share of ABCB Common Stock outstanding immediately prior to the Effective Time shall remain issued and outstanding and shall not be affected by the consummation of the Merger.
2.8 HSB Restricted Stock Units; HSB Stock Options; HSB Warrants.

(a) HSB Restricted Stock Units. At the Effective Time, each HSB Restricted Stock Unit shall be cancelled and converted into the right to receive, as soon as reasonably practicable after the Effective Time, in respect of each share of HSB Common Stock then subject to such HSB Restricted Stock Unit and which is not subject to any further vesting condition or other restriction (which for the avoidance of doubt shall include HSB Restricted Stock Units that become vested in connection with the consummation of the Merger or the Bank Merger), the number of shares of ABCB Common Stock plus the amount of cash, in each case, that would have been payable with respect to such share of HSB Common Stock as Merger Consideration if such share had been issued and outstanding immediately prior to the Effective Time, without interest and less applicable Taxes required to be withheld with respect to such payment, if any. Each share of HSB Common Stock subject to any HSB Restricted Stock Unit and which is subject to any further vesting condition or other restriction as of the Effective Time shall be forfeited.

(b) HSB Stock Options. Prior to the Effective Time, HSB shall take all actions necessary to provide that, at the Effective Time, each HSB Stock Option, whether or not then exercisable, shall fully vest and immediately be cancelled and only entitle the holder thereof, as soon as reasonably practicable after the Effective Time, to receive an amount in cash, without interest, equal to the product of (i) the total number of shares of HSB Common Stock subject to such HSB Stock Option multiplied by (ii) the excess, if any, of (A) the Merger Consideration Price over (B) the per share exercise price for the applicable HSB Stock Option, less applicable Taxes required to be withheld with respect to such payment, if any. ABCB shall pay such cash amount to the holder of each such HSB Stock Option promptly after the Effective Time. Any HSB Stock Option that has a per share exercise price that is greater than or equal to the Merger Consideration Price shall be cancelled for no consideration. Each HSB Stock Option has been amended to the extent necessary to comply with the provisions of this

Section 2.8(b), except as set forth on HSB Disclosure Schedule Section 2.8(b), and HSB shall use commercially reasonable efforts to cause, prior to the Closing, the amendment of those HSB Stock Options that have not been so amended as of the date hereof.

(c) HSB Warrants. At the Effective Time, each HSB Warrant (subject to the amendment of such HSB Warrant consistent with this Section 2.8(c)) shall immediately be cancelled and only entitle the holder thereof, as soon as reasonably practicable after the Effective Time, to receive an amount in cash, without interest, equal to the product of (i) the total number of shares of HSB Common Stock subject to such HSB Warrant multiplied by (ii) the excess, if any, of (A) the Merger Consideration Price over (B) the per share exercise price for the applicable HSB Warrant. ABCB shall pay such cash amount to the holder of each such HSB Warrant immediately after the Effective Time. Any HSB Warrant that has a per share exercise price that is greater than or equal to the Merger Consideration Price shall be cancelled for no consideration. Each HSB Warrant has been amended to the extent necessary to comply with the provisions of this Section 2.8(c), except as set forth on HSB Disclosure Schedule Section 2.8(c), and HSB shall use commercially reasonable efforts to cause, prior to the Closing, the amendment of those HSB Warrants that have not been so amended as of the date hereof.

2.9 Exchange of HSB Common Stock.

(a) Exchange Agent. At or prior to the Closing, ABCB shall deposit, or shall cause to be deposited, with ABCB's transfer agent or an unrelated bank or trust company reasonably acceptable to HSB (the "Exchange Agent"), for the benefit of the holders of shares of HSB Common Stock, HSB Restricted Stock Units and HSB Warrants, for exchange in accordance with this Article II, through the Exchange Agent, sufficient cash and ABCB Common Stock to make all deliveries of cash and ABCB Common Stock as required by this Article II, including the Merger Consideration, pursuant to an exchange agent agreement between ABCB and the Exchange Agent in a form reasonably acceptable to the parties hereto (the "Exchange Agent Agreement"). ABCB agrees to make available to the Exchange Agent, from time to time as needed, cash sufficient to pay any dividends and other distributions pursuant to Section 2.9(c) and to make payments in lieu of fractional shares pursuant to Section 2.9(d). Any cash and ABCB Common Stock deposited with the Exchange Agent (including as payment for any dividends or other distributions in accordance with Section 2.9(c) and fractional shares in accordance with Section 2.9(d)) shall hereinafter be referred to as the "Exchange Fund." The Exchange Agent shall, pursuant to irrevocable instructions, deliver the Merger Consideration contemplated to be paid for shares of HSB Common Stock, HSB Restricted Stock Units and HSB Warrants pursuant to this Agreement out of the Exchange Fund. The Exchange Agent shall invest any cash included in the Exchange Fund as directed by ABCB, provided that no such investment or losses thereon shall affect the amount of Merger Consideration payable to the holders of shares of HSB Common Stock, HSB Restricted Stock Units and HSB Warrants. Any interest and other income resulting from such investments shall be paid to ABCB. Except as contemplated by this Agreement and the Exchange Agent Agreement, the Exchange Fund shall not be used for any other purpose.

(b) Exchange Procedures.

(i) As promptly as practicable after the Effective Time (and in no event later than one (1) Business Day thereafter), ABCB shall instruct the Exchange Agent to mail to each record holder, as of the Effective Time, of an outstanding Certificate or Book Entry Share that immediately prior to the Effective Time represented shares of HSB Common Stock (A) a letter of transmittal in customary form as directed by ABCB and reasonably acceptable to HSB (which shall specify that delivery shall be effected, and risk of loss and title to the shares of HSB Common Stock shall pass, only upon proper delivery of the corresponding certificates (the "Certificates") representing such shares to the Exchange Agent or receipt by the Exchange Agent of an "agent's message" with respect to non-certificated shares represented by book entry ("Book Entry Shares")), and (B) instructions for use in effecting the surrender of the Certificates or Book Entry Shares in exchange for the Merger Consideration payable in respect of the shares of HSB Common Stock represented thereby (collectively, the "Letter of Transmittal").

(ii) Upon surrender of Certificates or Book Entry Shares for cancellation to the Exchange Agent together with, in each case, a properly completed and executed Letter of Transmittal and such other documents as may be required pursuant to the exchange instructions, the holders of

TABLE OF CONTENTS

such Certificates or Book Entry Shares shall be entitled to receive in exchange therefor, the Merger Consideration, including any cash payable in lieu of any fractional shares of ABCB Common Stock pursuant to Section 2.9(d). No interest shall be paid or accrued on any Merger Consideration. In the event of a transfer of ownership of shares of HSB Common Stock which is not registered in the transfer records of HSB, the Merger Consideration payable in respect of such shares of HSB Common Stock may be paid to a transferee if the Certificate representing such shares of HSB Common Stock is presented to the Exchange Agent, accompanied by all documents required to evidence and effect such transfer and the Person requesting such exchange shall pay to the Exchange Agent in advance any transfer or other Taxes required by reason of the delivery of the Merger Consideration in any name other than that of the registered holder of the Certificate surrendered, or shall establish to the satisfaction of the Exchange Agent that such Taxes have been paid or are not payable.

(iii) Immediately after the Effective Time, the holders of the HSB Restricted Stock Units shall be entitled to receive in exchange therefor, the Merger Consideration, as provided in Section 2.8(a), including any cash payable in lieu of fractional shares of ABCB Common Stock pursuant to Section 2.9(d). No interest shall be paid or accrued on any Merger Consideration.

(c) Distributions with Respect to Unexchanged HSB Common Stock. No dividends or other distributions declared or made with respect to ABCB Common Stock with a record date after the Effective Time shall be paid to the holder of any unsurrendered Certificate or Book Entry Share with respect to the ABCB Common Stock that such holder would be entitled to receive upon surrender of such Certificate or Book Entry Share and no cash payment in lieu of fractional shares of ABCB Common Stock shall be paid to any such holder until such holder shall surrender such Certificate or Book Entry Share in accordance with this Section 2.9. Subject to Applicable Law, following surrender of any such Certificate or Book Entry Share, there shall be paid to such holder of ABCB Common Stock issuable in exchange therefor, without interest, (i) promptly after the time of such surrender, the amount of any cash payable in lieu of fractional shares of ABCB Common Stock to which such holder is entitled pursuant to Section 2.9(d) and the amount of dividends or other distributions with a record date after the Effective Time theretofore paid with respect to such holder's whole shares of ABCB Common Stock, and (ii) at the appropriate payment date, the amount of dividends or other distributions with a record date after the Effective Time but prior to such surrender and a payment date subsequent to such surrender payable with respect to such holder's whole shares of ABCB Common Stock.

(d) Fractional Shares. No certificates or scrip or ABCB Common Stock representing fractional shares of ABCB Common Stock or book entry credit of the same shall be issued upon the surrender for exchange of Certificates or Book Entry Shares, or with respect to HSB Restricted Stock Units, no dividend or other distribution, stock split or interest shall relate to any such fractional share and such fractional share shall not entitle the owner thereof to vote or to have any rights as a holder of any ABCB Common Stock. Notwithstanding any other provision of this Agreement, each holder of shares of HSB Common Stock exchanged, and each holder of HSB Restricted Stock Units cancelled and converted, in the Merger who would otherwise have been entitled to receive a fraction of a share of ABCB Common Stock (after taking into account all Certificates and Book Entry Shares delivered by such holder and all HSB Restricted Stock Units held by such holder and cancelled and converted in the Merger) shall receive, in lieu thereof, cash (without interest) in an amount, rounded to the nearest whole cent, equal to the product of (i) the Average ABCB Closing Stock Price and (ii) the fraction of a share (after taking into account all shares of HSB Common Stock and all HSB Restricted Stock Units cancelled and converted in the Merger, in each case, held by such holder at the Effective Time and rounded to three decimal places) of ABCB Common Stock that such holder would otherwise be entitled to receive pursuant to Section 2.7 or Section 2.8(a).

(e) Termination of Exchange Fund. Any portion of the Exchange Fund that remains undistributed to the holders of HSB Common Stock after one (1) year following the Effective Time shall be delivered to ABCB upon demand and, from and after such delivery to ABCB, any former holders of HSB Common Stock (other than Appraisal Shares) who have not theretofore complied with this Article II shall thereafter look only to ABCB for the Merger Consideration payable in respect of

A-17

TABLE OF CONTENTS

such shares of HSB Common Stock. Any amounts remaining unclaimed by holders of shares of HSB Common Stock immediately prior to such time as such amounts would otherwise escheat to or become the property of any Governmental Authority shall, to the extent permitted by Applicable Law, thereupon become the property of ABCB free and clear of any Liens, claims or interest of any Person previously entitled thereto.

(f) No Liability. Neither ABCB nor any of ABCB's Subsidiaries shall be liable to any holder of shares of HSB Common Stock or HSB Restricted Stock Units for any shares of ABCB Common Stock (or dividends or distributions with respect thereto) or cash from the Exchange Fund delivered to a public official or Governmental Authority in the reasonable belief that such delivery was required pursuant to any abandoned property, escheat or similar Law.

(g) Lost Certificates. If any Certificate shall have been lost, stolen or destroyed, upon the making of an affidavit of that fact by the Person claiming such Certificate to be lost, stolen or destroyed in form and substance acceptable to ABCB and, if required by ABCB, the posting by such Person of a bond, in such reasonable amount as ABCB may direct, as indemnity against any claim that may be made against it with respect to such Certificate, the Exchange Agent shall pay in exchange for such lost, stolen or destroyed Certificate the Merger Consideration payable in respect of the shares of HSB Common Stock represented by such Certificate.

(h) Withholding. Each of ABCB and the Exchange Agent shall be entitled to deduct and withhold from the consideration otherwise payable pursuant to this Agreement to any holder of HSB Common Stock or HSB Restricted Stock Units such amounts as ABCB or the Exchange Agent is required to deduct and withhold under the Code or any provision of state, local or foreign Tax Law, with respect to the making of such payment. To the extent that amounts are so withheld by ABCB or the Exchange Agent, such withheld amounts shall be treated for all purposes of this Agreement as having been paid to the holder of HSB Common Stock or HSB Restricted Stock Units in respect of whom such deduction and withholding was made by ABCB or the Exchange Agent, as the case may be.

(i) Book Entry. All shares of ABCB Common Stock to be issued in the Merger shall be issued in book entry form, without physical certificates.

2.10 Certain Adjustments. If, after the date of this Agreement and at or prior to the Effective Time, the outstanding shares of ABCB Common Stock or HSB Common Stock are changed into a different number of shares or type of securities by reason of any stock split, stock combination, stock dividend, reclassification, recapitalization or similar transaction with respect to such stock, and the record date therefor shall be prior to the Effective Time, then the Per Share Stock Consideration and the Per Share Cash Consideration will be proportionately adjusted as necessary to provide to the holders thereof, and the holders of the HSB Restricted Stock Units, the HSB Stock Options and the HSB Warrants, the same economic effect as contemplated by this Agreement prior to such adjustment event.

2.11 Transfer Books; No Further Ownership Rights in HSB Common Stock. At the Closing Date, the stock transfer books of HSB shall be closed and thereafter there shall be no further registration of transfers of shares of HSB Common Stock on the records of HSB, except for the cancellation of such shares in connection with the Merger. From and after the Effective Time, the holders of Certificates or Book Entry Shares that evidenced ownership of shares of HSB Common Stock outstanding immediately prior to the Effective Time shall cease to have any rights with respect to such shares, except as otherwise provided for herein or by Applicable Law. If, after the Effective Time, bona fide Certificates or Book Entry Shares are presented to the Surviving Corporation for any reason, they shall be canceled and exchanged as provided in this Article II.

2.12 Appraisal Rights. Notwithstanding any other provision of this Agreement to the contrary, shares of HSB Common Stock that are outstanding immediately prior to the Effective Time and which are held by an HSB Shareholder who did not vote in favor of the Merger (or consent thereto in writing) and who is entitled to demand and properly demands the fair value of such shares pursuant to, and who complies in all respects with, the provisions of Sections 14-2-1321 and 14-2-1323 of the GBCC (collectively, the "Appraisal Shares"), shall not be converted into or represent the right to receive the Merger

Consideration. Such HSB Shareholders instead shall be entitled to receive payment of the fair value of such shares held by them in accordance with Sections 14-2-1301 to 14-2-1332 of the GBCC, except that all Appraisal Shares held by HSB Shareholders who shall have failed to perfect or who effectively shall have withdrawn or otherwise lost their rights as dissenting shareholders under the GBCC shall thereupon be deemed to have been converted into and to have become exchangeable, as of the Effective Time, for the right to receive, without any interest thereon, the Merger Consideration pursuant to Section 2.7. HSB shall give ABCB (i) prompt notice of any written demands for payment of fair value of any shares of HSB Common Stock, attempted withdrawals of such demands and any other instruments served pursuant to the GBCC and received by HSB relating to shareholders' dissenters' rights and (ii) the opportunity to participate in all negotiations and proceedings with respect to demands under the GBCC consistent with the obligations of HSB thereunder. HSB shall not, except with the prior written consent of ABCB, make any payment with respect to such demand, offer to settle or settle any demand for payment of fair value or waive any failure to timely deliver a written demand for payment of fair value or timely take any other action to perfect payment of fair value rights in accordance with the GBCC. Any portion of the Merger Consideration made available to the Exchange Agent to pay for shares of HSB Common Stock for which appraisal rights have been perfected shall be returned to ABCB upon demand.

2.13 Proxy and Registration Statement.

(a) ABCB and HSB shall prepare the Registration Statement on Form S-4 or other applicable form, which ABCB shall file with the SEC as promptly as reasonably practicable following the date of this Agreement and which will include the Proxy Statement/Prospectus. HSB shall use its commercially reasonable efforts to prepare and deliver to ABCB for review, as promptly as practicable following the date of this Agreement or as subsequently requested by ABCB, such financial statements and related analysis of HSB, including Management's Discussion and Analysis of Financial Condition and Results of Operations of HSB, as may be required in order to file, in compliance with Applicable Laws, the Registration Statement and any other report or registration statement required to be filed by ABCB with the SEC. Each of ABCB and HSB shall use commercially reasonable efforts to have the Registration Statement declared effective under the Securities Act as promptly as reasonably practicable after such filing and to keep the Registration Statement effective as long as necessary to consummate the Merger, the Bank Merger and the other transactions contemplated hereby and by the Bank Merger Agreement. Each of HSB and ABCB will cause the Proxy Statement/Prospectus to be filed with the SEC and mailed to the HSB Shareholders as soon as reasonably practicable after the Registration Statement is declared effective under the Securities Act. ABCB shall also take any action required to be taken under any applicable state securities Laws in connection with the issuance and reservation of ABCB Common Stock in the Merger, and HSB shall furnish all information concerning HSB and the holders of HSB Common Stock, or holders of a beneficial interest therein, as may be reasonably requested in connection with any such action.

(b) ABCB will advise HSB promptly after it receives oral or written notice of the time when the Registration Statement has become effective or any supplement or amendment has been filed, the issuance of any stop order, the suspension of the qualification of ABCB Common Stock issuable in connection with the Merger for offering or sale in any jurisdiction, the initiation or threat of any proceeding for any such purpose, or any oral or written request by the SEC for amendment of the Proxy Statement/Prospectus or the Registration Statement or comments thereon and responses thereto or requests by the SEC for additional information, and will promptly provide HSB with copies of any written communication from the SEC or any state securities commission.

(c) If at any time prior to the Effective Time any information relating to ABCB or HSB, or any of their respective Affiliates, officers or directors, is discovered by ABCB or HSB which should be set forth in an amendment or supplement to any of the Registration Statement or the Proxy Statement/Prospectus, so that any of such documents would not include any misstatement of a material fact or omit to state any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading, the party that discovers such information shall promptly notify the other party hereto and an appropriate amendment or supplement describing such information shall be promptly filed with the SEC and, to the extent required by Law, disseminated to the HSB Shareholders.

2.14 HSB Shareholder Approval.

(a) HSB shall take all action necessary in accordance with Applicable Laws and HSB's current Charter Documents to duly give notice of, convene and hold a meeting of the HSB Shareholders (including any adjournment or postponement thereof, the "HSB Shareholders' Meeting"), to be held as promptly as practicable after the Registration Statement is declared effective under the Securities Act, for the purpose of obtaining the HSB Shareholder Approval. The board of directors of HSB has resolved to recommend to the HSB Shareholders that they approve this Agreement and HSB shall, acting through its board of directors, (i) recommend that the HSB Shareholders approve this Agreement (the "HSB Recommendation"), (ii) include the HSB Recommendation in the Proxy Statement/Prospectus and (iii) use commercially reasonable efforts to solicit from the HSB Shareholders proxies in favor of the approval of this Agreement, including by communicating to the HSB Shareholders the recommendation of the board of directors of HSB that they approve this Agreement, and to take all other commercially reasonable actions necessary or advisable to secure the vote or consent of the HSB Shareholders required by Applicable Law to obtain such approvals, except to the extent HSB's board of directors has withdrawn the HSB Recommendation in accordance with the terms of this Agreement. Except with the prior approval of ABCB, no other matters shall be submitted for the approval of the HSB Shareholders at the HSB Shareholders' Meeting.

(b) Neither HSB's board of directors nor any committee thereof shall (x) except as expressly permitted by this Section 2.14(b), withdraw, qualify or modify, or propose to withdraw, qualify or modify, in a manner adverse to ABCB or any of ABCB's Subsidiaries, the HSB Recommendation or (y) approve or recommend, or propose to approve or recommend, any Acquisition Proposal (each, an "Adverse Recommendation Change"). Notwithstanding the foregoing or any other provision of this Agreement, HSB's board of directors may at any time prior to the HSB Shareholders' Meeting (i) effect an Adverse Recommendation Change or (ii) terminate this Agreement to enter into a definitive agreement with respect to a Superior Proposal, if and only if:

(i) HSB's board of directors determines in good faith, after consultation with its outside legal counsel and independent financial advisor, that it has received an unsolicited, bona fide Acquisition Proposal (that did not result from a breach of Section 5.8) that constitutes, or is reasonably likely to lead to, a Superior Proposal that has not been withdrawn;

(ii) HSB's board of directors determines in good faith, after consultation with such outside legal counsel, that it is reasonably necessary to take such actions to comply with its fiduciary duties to HSB and its shareholders under Applicable Law;

(iii) HSB's board of directors provides written notice (a "Notice of Recommendation Change") to ABCB of its receipt of the Acquisition Proposal and its intent to withdraw the HSB Recommendation on the fifth (5th) Business Day following delivery of such notice, which notice shall specify in reasonable detail the material terms and conditions of the Acquisition Proposal (it being understood that any amendment (and each successive amendment) to any term of such Acquisition Proposal shall require a new Notice of Recommendation Change);

(iv) after providing such Notice of Recommendation Change, HSB shall negotiate in good faith with ABCB (if requested by ABCB) and provide ABCB reasonable opportunity during the subsequent five (5)-Business Day period(s) to make such adjustments in the terms and conditions of this Agreement as would enable HSB's board of directors to proceed without withdrawing the HSB Recommendation; provided, however, that ABCB shall not be required to propose any such adjustments; and

(v) HSB's board of directors, following the final such five (5)-Business Day period, again determines in good faith, after consultation with such outside legal counsel and such independent financial advisor, that such Acquisition Proposal nonetheless constitutes a Superior Proposal and that taking such action is reasonably necessary to comply with their fiduciary duties to HSB and its shareholders under Applicable Law.

(c) Nothing contained in this Section 2.14 shall prohibit HSB or the board of directors of HSB from complying with HSB's obligations required under Rule 14e-2(a) promulgated under the Exchange Act; provided, however, that any such disclosure relating to an Acquisition Proposal (other than a "stop,

(a) a certificate of the Secretary of each of HSB and Hamilton, dated as of the Closing Date, certifying to: (i) the Charter Documents of HSB and Hamilton; (ii) the resolutions of the board of directors of each of HSB and Hamilton approving the Merger and the Bank Merger, respectively, and the execution, delivery and performance of this Agreement and the Bank Merger Agreement, as applicable; (iii) the incumbency and signatures of the officers of HSB and Hamilton executing this Agreement and the Bank Merger Agreement, as applicable, and any other certificate or document delivered by HSB or Hamilton in connection with this Agreement or the Bank Merger Agreement; and (iv) the action by HSB Shareholders holding the requisite voting power under HSB’s Charter Documents and Applicable Law and as required by the Stockholders’ Agreement approving the Merger and the execution, delivery and performance of this Agreement;

The execution, delivery and performance by HSB of this Agreement and by Hamilton of the Bank Merger Agreement, and the consummation by HSB and each of its Subsidiaries of the transactions contemplated by this Agreement and the Bank Merger Agreement, have been duly and validly approved by the board of directors (or comparable governing body) of HSB and each applicable Subsidiary. “anti-greenmail,” “business combination” or other antitakeover Laws of the State of Georgia to the extent such antitakeover Laws are applicable to the transactions contemplated by this Agreement. HSB and its Subsidiaries have taken all action required to be taken by them in order to make this Agreement and the Bank Merger Agreement and the transactions contemplated hereby and thereby comply with, and the transactions contemplated hereby and thereby do comply with, the requirements of any provisions of their respective Charter Documents concerning “business combination,” “fair price,” “voting requirement,” “constituency requirement” or other related provisions.

3.4No Conflicts. The execution, delivery and performance of this Agreement by HSB and of the Bank Merger Agreement by Hamilton, and the consummation of the transactions contemplated hereby and thereby by HSB and its Subsidiaries, including the Merger and the Bank Merger, do not and will not (i) conflict with, or result in a breach or violation of or default under, any terms or conditions of the Charter Documents of HSB or any of its Subsidiaries or (ii) assuming that the consents and approvals referred to in Section 3.5 hereof are duly obtained, (A) conflict with or violate in any material respect any Applicable Law as to HSB or any of its Subsidiaries, (B) result in any material breach of, or constitute a material default (or event which with the giving of notice or lapse of time, or both, would become a material default) under, or give to others any rights of termination, amendment, acceleration or cancellation pursuant to, any HSB Material Contract, except as set forth on HSB Disclosure Schedule 3.4, or (C) result in the creation or imposition of any Lien on any of the assets of HSB or its Subsidiaries.

3.5Consents and Approvals. Other than (i) the Regulatory Approvals, (ii) the HSB Shareholder Approval and (iii) such other filings, authorizations, consents, notices or approvals as may be set forth on HSB Disclosure Schedule 3.5, no consents, approvals, authorizations or other actions by, or filings with or notifications to, any Person or any Governmental Authority on the part of HSB or any of its Subsidiaries are required in connection with the execution, delivery and performance by HSB of this Agreement or by Hamilton of the Bank Merger Agreement, and the consummation of the transactions contemplated hereby and thereby.

3.6Regulatory Matters. HSB and each of its Subsidiaries have timely filed all material reports, registrations and statements, together with any amendments required to be made with respect thereto, that it was required to file since January 1, 2015 with, as applicable, (i) the Federal Reserve Board, (ii) the FDIC, (iii) the GDBF and (iv) any other applicable bank regulatory agencies (collectively, the “HSB Regulatory Agencies”), and any other applicable Governmental Authority, and have paid all applicable fees, premiums and assessments due and payable thereto. Each such report, registration and statement, including financial statements, exhibits and schedules thereto, complied, in all material respects, with Applicable Law. Neither HSB nor any of its Subsidiaries is subject to any cease-and-desist or other formal or informal order or enforcement action issued by, or is a party to any written agreement, consent agreement, operating agreement or memorandum of understanding with, or is a party to any commitment letter, regulatory directive or similar undertaking with, or is subject to any capital directive by, or since January 1, 2012 has been ordered to pay any civil money penalty by or has adopted any board resolutions at the request of, any HSB Regulatory Agency or other Governmental Authority of any kind (each, a “HSB Regulatory Agreement”), nor has HSB or any of its Subsidiaries been advised since January 1, 2012 by any HSB Regulatory Agency or other Governmental Authority that it is considering issuing, initiating, ordering or requesting any such HSB Regulatory Agreement. There is no material unresolved written violation, criticism, comment or exception by any HSB Regulatory Agency or other Governmental Authority relating to HSB or any of its Subsidiaries, to HSB’s Knowledge, and HSB is not aware of any reason attributable to HSB or Hamilton why all required Regulatory Approvals would not be received on a timely basis without undue delay and without the imposition of any Materially Burdensome Regulatory Condition as described in the proviso to Section 5.3(a)(i).

3.7Capitalization.

TABLE OF CONTENTS

HSB Disclosure Schedule 3.7(a) sets forth the name and address, as reflected on the books and records of HSB, of each HSB Shareholder and the number of shares of Voting Common Stock and Non-Voting Common Stock held by each such HSB Shareholder. Such issued and outstanding shares of HSB Common Stock constitute all of the issued and outstanding capital stock of HSB as of the date of this Agreement, and have been duly authorized, validly issued and are fully paid and nonassessable. None of the shares of HSB Common Stock have been issued or disposed of in violation of any preemptive rights of any Person. Except as disclosed on HSB Disclosure Schedule 3.7(a), as of the date of this Agreement, no trust preferred or subordinated debt securities of HSB or any of its Subsidiaries are issued or outstanding, and HSB currently has no election in effect to defer interest payments with respect to any trust preferred securities or related debentures issued by it or any of its Affiliates.

(b) HSB Disclosure Schedule 3.7(b) sets forth the following for each grant or award of HSB Stock Options, HSB Restricted Stock Units, HSB Warrants or other outstanding rights, plans, options, warrants, calls, conversion rights or other arrangements or commitments that obligate HSB or any of its Subsidiaries to issue or dispose of any of its capital stock or other ownership interests: (i) the name of the grantee; (ii) the date of the grant; (iii) the expiration date; (iv) the vesting schedule; (v) the exercise price; (vi) the number of shares of HSB Common Stock, or any other security of HSB or any of its Subsidiaries, subject to such award; and (vii) the number of shares subject to such award that are exercisable or have vested as of the date of this Agreement. Each grant of HSB Stock Options, HSB Restricted Stock Units and HSB Warrants was appropriately authorized by the board of directors of HSB or the compensation committee thereof, was made in accordance with the terms of the HSB Incentive Plan (other than the HSB Warrants) and any Applicable Law and has a grant date identical to (or later than) the date on which it was actually granted or awarded. The per share exercise price of each HSB Stock Option was determined in accordance with the HSB Incentive Plan and was not less than the fair market value of a share of HSB Common Stock on the applicable date on which the related grant was by its terms to be effective.

(c) Except as disclosed on HSB Disclosure Schedule 3.7(b), there are no outstanding (i) rights, plans, options, warrants, calls, conversion rights or any agreements, arrangements or commitments of any kind or character (either firm or conditional) obligating HSB or any of its Affiliates to issue, deliver or sell, or cause to be delivered or sold, any capital stock of HSB or any of its Subsidiaries, or any securities exchangeable for or convertible into the capital stock of HSB or any of its Subsidiaries, (ii) contractual obligations of HSB or any of its Affiliates, or rights of a Person, to repurchase, redeem or otherwise acquire any shares of capital stock of HSB or any of its Subsidiaries or (iii) proxies, voting agreements, voting trusts, preemptive rights, rights of first refusal, rights of first offer, rights of co-sale or tag-along rights, shareholder agreements or other rights, understandings or arrangements regarding the voting or disposition of the shares of HSB Common Stock or capital stock of its Subsidiaries (other than the Voting Agreement and the Stockholders' Agreement). No bonds, debentures, notes or other indebtedness having the right to vote on any matters on which the holders of capital stock may vote have been issued by HSB or any of its Subsidiaries and are outstanding.

(d) All of the issued and outstanding shares of capital stock of Hamilton are, on the date of this Agreement, and on the Closing Date will be, held by HSB.

The deposit accounts of Hamilton are insured by the FDIC to the fullest extent permitted by Applicable Law, and all premiums and assessments required to be paid in connection therewith have been duly, timely and fully paid. No proceedings for the revocation or termination of such deposit insurance are pending or, to HSB's Knowledge, threatened.

3.9 Financial Statements.

(a) HSB has previously delivered or made available to ABCB copies of HSB's (i) audited consolidated financial statements (including the related notes and schedules thereto) for the years ended December 31, 2016, 2015 and 2014, accompanied by the unqualified audit reports of Crowe Horwath LLP (for the years ended December 31, 2016 and 2015) and KPMG LLP (for the year ended December 31, 2014), independent registered accountants (collectively, the "Audited Financial Statements"), and (ii) unaudited interim consolidated financial statements for the nine (9) months ended the Interim Balance Sheet Date (the "Unaudited Financial Statements" and, together with the Audited Financial Statements, the "HSB Financial Statements"). The HSB Financial Statements (including any related notes and schedules thereto) are accurate and complete in all material respects and fairly present in all material respects the financial condition and the results of operations, changes in shareholders' equity, and cash flows of HSB and its consolidated Subsidiaries as of the respective dates of and for the periods referred to in such financial statements, all in accordance with GAAP, consistently applied, except as indicated in such statements or in the notes therein and subject, in the case of the Unaudited Financial Statements, to normal, recurring year-end adjustments (the effect of which has not had, and would not reasonably be expected to have, individually or in the aggregate, a Material Adverse Effect) and the absence of notes and schedules (that, if presented, would not differ materially from those included in the Audited Financial Statements). No financial statements of any entity or enterprise other than the Subsidiaries of HSB are required by GAAP to be included in the consolidated financial statements of HSB. The audits of HSB have been conducted in accordance with GAAP. Since the Interim Balance Sheet Date, neither HSB nor any of its Subsidiaries has any liabilities or obligations of any nature (whether accrued, absolute, contingent or otherwise) required by GAAP to be set forth on its consolidated balance sheet except for liabilities reflected or reserved against in the HSB Financial Statements and current liabilities incurred in ordinary course of business since the Interim Balance Sheet Date. True, correct and complete copies of the HSB Financial Statements are attached as HSB Disclosure Schedule 3.9(a).

(b) The records, systems, controls, data and information of HSB and its Subsidiaries are in all material respects recorded, stored, maintained and operated under means (including any electronic, mechanical or photographic process, whether computerized or not) that are under the exclusive ownership and direct control of HSB or its Subsidiaries or accountants (including all means of access thereto and therefrom), except for any non-exclusive ownership and non-direct control that would not reasonably be expected to have a Material Adverse Effect on the system of internal account controls described in the following sentence. HSB and its Subsidiaries have devised and maintain a system of internal accounting controls sufficient to provide reasonable assurances regarding the reliability of financial reporting and the preparation of financial statements in accordance with GAAP. HSB has disclosed based on its most recent evaluations, to its outside auditors and the audit committee of HSB's board of directors (i) all significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect HSB's ability to record, process, summarize and report financial data and (ii) any fraud, whether or not material, that involves management or other employees who have a significant role in HSB's internal control over financial reporting.

(c) Since January 1, 2014, neither HSB nor any of its Subsidiaries nor, to HSB's Knowledge, any director, officer, employee, auditor, accountant or representative of HSB or any of its Subsidiaries has received or otherwise had or obtained knowledge of any material complaint, allegation, assertion or claim, whether written or oral, regarding the accounting or auditing practices, procedures, methodologies or methods of HSB or any of its Subsidiaries or their respective internal accounting controls, including any material complaint, allegation, assertion or claim that HSB or any of its Subsidiaries has engaged in questionable accounting or auditing practices.

3.10 Allowance for Loan and Lease Losses. HSB's allowance for loan and lease losses as reflected in each of (i) the latest balance sheet included in the Audited Financial Statements and (ii) the balance sheet as of the Interim Balance Sheet Date included in the Unaudited Financial Statements, were, in the opinion of management, as of each of the dates thereof, in compliance with HSB's and Hamilton's existing methodology for determining the adequacy of its allowance for loan and lease losses and the currently applicable standards established by applicable Governmental Authority, the Financial Accounting Standards Board and GAAP.

3.11 Ordinary Course; Lack of Material Adverse Change. Since the Balance Sheet Date, except as disclosed on HSB Disclosure Schedule 3.11 or as otherwise specifically provided by this Agreement, HSB and its Subsidiaries have operated in all material respects in the ordinary course of business consistent with past practice and there has not been any Material Adverse Change in HSB or any of its Subsidiaries or any event, change, occurrence, effect or development that would reasonably be expected to have a Material Adverse Effect on HSB or any of its Subsidiaries. During the period from the Interim Balance Sheet Date through the date of this Agreement, except as disclosed on HSB Disclosure Schedule 3.11 or as otherwise specifically provided by this Agreement, there has not been any action taken by HSB or any of its Subsidiaries that would have required ABCB's consent if HSB had been subject to Section 5.1 at such time.

3.12 Reorganization. Neither HSB nor any of its Subsidiaries has taken any action, nor are they aware of any fact or circumstance, that would reasonably be expected to prevent the Merger from qualifying as a "reorganization" within the meaning of Section 368(a) of the Code.

3.13 Taxes.

(a) (i) All federal and state Tax Returns and all other material Tax Returns that were or are required to be filed on or before the Closing Date by HSB or its Subsidiaries have been or will be timely filed on or before the Closing Date, and all such Tax Returns are or will be true, correct and complete in all material respects and were or will be prepared in substantial compliance with all Applicable Laws; (ii) all Taxes due and owing by HSB or its Subsidiaries (whether or not shown on the Tax Returns referred to in clause (i)) have been or will be timely paid in full on or before the Closing Date; (iii) all deficiencies asserted in writing or assessments made in writing by the relevant Taxing Authority in connection with any of the Tax Returns referred to in clause (i) have been or will be timely paid in full on or before the Closing Date; and (iv) no issues that have been raised in writing by the relevant Taxing Authority in connection with any of the Tax Returns referred to in clause (i) are pending as of the date of this Agreement, or, if pending, have been specifically identified by HSB to ABCB in writing and adequately reserved for in the HSB Financial Statements. Neither HSB nor any of its Subsidiaries currently is the beneficiary of any extension of time within which to file any Tax Return.

(b) No Tax audits or administrative or judicial Tax proceedings are pending or being conducted with respect to HSB or any of its Subsidiaries. Neither HSB nor its Subsidiaries has received from any Taxing Authority (including jurisdictions where HSB or its Subsidiaries have not filed Tax Returns) any (i) written notice indicating an intent to open an audit or other review, (ii) request for information related to Tax matters or (iii) notice of deficiency or proposed adjustment for any amount of Tax proposed, asserted or assessed by any Taxing Authority against HSB or any of its Subsidiaries. HSB has provided ABCB with correct and complete copies of all federal and state income Tax Returns filed by HSB and each of its Subsidiaries for taxable periods ended on or after December 31, 2014 and all examination reports and statements of deficiencies related to federal and state income Tax assessed against or agreed to by HSB or any of its Subsidiaries with respect to those taxable periods.

(c) There are no Liens on HSB's or any of its Subsidiaries' assets that arose in connection with any failure (or alleged failure) to pay any Tax other than Permitted Liens or Liens the validity of which is being contested in good faith by appropriate proceedings and for which adequate accruals or reserves have been established in accordance with GAAP in the HSB Financial Statements.

(d) Neither HSB nor any of its Subsidiaries has waived any statute of limitations in respect of income Taxes or agreed to any extension of time with respect to an income Tax assessment or deficiency.

under the Securities Act or (iii) the documents and financial statements of HSB incorporated by reference in the Proxy Statement/Prospectus, the Registration Statement or any amendment or supplement thereto, will contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary in order to make the statements made therein, in the light of the circumstances under which they are made, not misleading. Notwithstanding the foregoing, no representation or warranty is made by HSB with respect to statements made or incorporated by reference therein based on information supplied by or on behalf of ABCB or its Subsidiaries for inclusion in the Proxy Statement/Prospectus or the Registration Statement.

3.33 No Other Representations or Warranties. Except for the representations and warranties made by HSB in this Article III, neither HSB nor any other Person makes any express or implied representation or warranty with respect to HSB, its Subsidiaries or their respective businesses, operations, assets, liabilities, conditions (financial or otherwise) or prospects, and ABCB hereby disclaims any such other representations or warranties. HSB has conducted its own independent review and analysis of the business, operations, assets, liabilities, results of operations, financial condition, technology and prospects of ABCB and its Subsidiaries, and acknowledges that HSB has been provided sufficient access to personnel, properties, premises and records of ABCB for such purpose. In entering into this Agreement, HSB has relied solely upon the representations, warranties and covenants contained in this Agreement and upon its own investigation and analysis of ABCB and its Subsidiaries. Nothing set forth in this Section 3.33 shall be construed to limit the obligations, representations or warranties of ABCB set forth in this Agreement.

ARTICLE IV

REPRESENTATIONS AND WARRANTIES OF ABCB

4.1 Making of Representations and Warranties.

(a) On or prior to the date hereof, ABCB has delivered to HSB a schedule (the “ACBC Disclosure Schedule”) setting forth, among other things, items the disclosure of which is necessary or appropriate either in response to an express disclosure requirement contained in a provision hereof or as an exception to one or more representations or warranties contained in Article IV; provided, however, that nothing in the ABCB Disclosure Schedule shall be deemed adequate to disclose an exception to a representation or a warranty unless such schedule identifies the exception with reasonable particularity and describes the relevant facts in reasonable detail.

(b) Except as disclosed in the ABCB Disclosure Schedule or in any ABCB SEC Filings filed by ABCB since January 1, 2016 (but disregarding risk factor disclosures contained under the heading “Risk Factors,” or disclosures of risks set forth in any “forward-looking statements” disclaimer or any other statements that are similarly non-specific or cautionary, predictive or forward-looking in nature), ABCB hereby represents and warrants to HSB that the statements contained in this Article IV are correct as of the date of this Agreement and will be correct as of the Closing Date (as though made on and as of the Closing Date), except as to any representation or warranty which specifically speaks as of an earlier date (including representations made as of “the date hereof”), which need be correct only as of such earlier date.

4.2 Organization.

(a) ABCB is a Georgia corporation (i) duly organized, validly existing and in good standing under the Laws of the State of Georgia, (ii) which is a bank holding company duly registered under the BHCA, (iii) with all requisite power (corporate or otherwise) and authority to own and operate its properties and to carry on its business as presently conducted and (iv) duly qualified and in good standing as a foreign corporation authorized to do business in each jurisdiction in which the nature of its activities or the character of the properties it owns or leases make such qualification necessary, except in such cases where the lack of such authorization or qualification has not had and would not reasonably be expected to have a Material Adverse Effect on ABCB. True, complete and correct copies of the Charter Documents of ABCB, as in effect as of the date of this Agreement, have previously been made available to HSB.

(b) Each Subsidiary of ABCB (i) is duly organized, validly existing and in good standing under the Laws of the jurisdiction of its incorporation or formation, as applicable, (ii) with all requisite power and authority to own and operate its properties and to carry on its business as presently

conducted and (iii) duly qualified and in good standing in each jurisdiction in which the nature of its activities or the character of the properties it owns or leases make such qualification necessary, except in such cases where the lack of such authorization or qualification has not had and would not reasonably be expected to have a Material Adverse Effect on ABCB.

4.3 Authority; Binding Nature. Each of ABCB and, to the extent applicable, its Subsidiaries has all requisite power and authority to enter into this Agreement and the Bank Merger Agreement and to carry out its obligations hereunder and thereunder and to consummate the transactions contemplated hereby and thereby. The execution and delivery of this Agreement by ABCB and by Ameris of the Bank Merger Agreement, and the consummation of the transactions contemplated hereby and thereby, have been duly and validly approved by the board of directors of ABCB and Ameris. No other corporate proceedings on the part of ABCB are necessary to authorize this Agreement or to consummate the transactions contemplated hereby or by the Bank Merger Agreement. This Agreement has been, and the Bank Merger Agreement will be, duly executed and delivered by ABCB and Ameris, as applicable, and constitutes or, in the case of the Bank Merger Agreement, will constitute (in each case assuming due authorization, execution and delivery by HSB and Hamilton, as applicable) the legal, valid and binding obligations of ABCB and Ameris enforceable against ABCB and Ameris, as applicable, in accordance with its terms, except as such enforceability may be limited by Applicable Laws related to safety and soundness of insured depository institutions as set forth in 12 U.S.C. §1818(b), the appointment of a conservator or receiver, bankruptcy, insolvency, fraudulent transfer, reorganization, moratorium or similar Laws affecting creditors' rights and remedies generally and general principles of equity (regardless of whether enforcement is sought in a proceeding at law or in equity).

4.4 No Conflicts. The execution, delivery and performance of this Agreement by ABCB and of the Bank Merger Agreement by Ameris, and the consummation of the transactions contemplated hereby and thereby by ABCB and its Subsidiaries, including the Merger and the Bank Merger, do not and will not (i) conflict with, or result in a breach of or default under, any terms or conditions of the Charter Documents of ABCB or any of its Subsidiaries or (ii) assuming that the consents and approvals referred to in Section 4.5 hereof are duly obtained, (A) conflict with or violate in any material respect any Applicable Law as to ABCB or any of its Subsidiaries, (B) result in any material breach of, or constitute a material default (or event which with the giving of notice or lapse of time, or both, would become a material default) under, or give to others any rights of termination, amendment, acceleration or cancellation pursuant to any Contract set forth on the "Exhibit Index" included in ABCB's Form 10-K for the year ended December 31, 2016 or the ABCB SEC filings subsequently filed or (C) result in the creation or imposition of any Lien on any of the assets of ABCB or any of its Subsidiaries.

4.5 Consents and Approvals. Other than the Regulatory Approvals, no consents, approvals, authorizations or other actions by, or filings with or notifications to, any Person or any Governmental Authority on the part of ABCB or any of its Subsidiaries is required in connection with the execution, delivery and performance of this Agreement by ABCB or by Ameris of the Bank Merger Agreement, and the consummation of the transactions contemplated hereby and thereby.

4.6 Regulatory Matters. ABCB and each of its Subsidiaries has timely filed all material reports, registrations and statements, together with any amendments required to be made with respect thereto, that it was required to file since January 1, 2015 with, as applicable, (i) the Federal Reserve Board, (ii) the FDIC, (iii) the GDBF and (iv) any other applicable bank regulatory agencies (collectively, the "ABCB Regulatory Agencies" and, together with the HSB Regulatory Agencies, the "Regulatory Agencies"), and any other applicable Governmental Authority, and has paid all applicable fees, premiums and assessments due and payable thereto. Each such report, registration and statement, including financial statements, exhibits and schedules thereto, complied, in all material respects, with Applicable Law. Neither ABCB nor any of its Subsidiaries is subject to any cease-and-desist or other formal or informal order or enforcement action issued by, or is a party to any written agreement, consent agreement, operating agreement or memorandum of understanding with, or is a party to any commitment letter, regulatory directive or similar undertaking with, or is subject to any capital directive by, or is currently subject to any order to pay any civil money penalty by, or currently has in effect any board resolutions adopted at the request of, any ABCB Regulatory Agency or other Governmental Authority of any kind (each, a "ABCB Regulatory Agreement"). To ABCB's Knowledge, no ABCB Regulatory Agency or other Governmental Authority has initiated or has

pending any ABCB Regulatory Agreement regarding or relating to ABCB or any of its Subsidiaries. There is no material unresolved written violation, criticism, comment or exception by any ABCB Regulatory Agency or other Governmental Authority relating to ABCB or any of its Subsidiaries, to ABCB's Knowledge, and ABCB is not aware of any reason attributable to ABCB or Ameris why it or any of its Subsidiaries would not receive all required Regulatory Approvals on a timely basis without undue delay and without the imposition of any Materially Burdensome Regulatory Condition as described in the proviso to Section 5.3(a)(i).

4.7Capitalization.

(a) The authorized capital stock of ABCB consists only of (i) 100,000,000 shares of ABCB Common Stock, of which 37,373,205 shares were issued and outstanding as of the last trading day immediately prior to date of this Agreement (the "ABCB Capitalization Date"), and 1,475,953 of which were held in treasury as of the ABCB Capitalization Date, and (ii) 5,000,000 shares of preferred stock, none of which were issued and outstanding as of the ABCB Capitalization Date. Such shares constitute all of the issued and outstanding shares of ABCB Common Stock as of the ABCB Capitalization Date. All of the issued and outstanding shares of ABCB Common Stock and shares of ABCB's preferred stock have been duly authorized, validly issued and are fully paid and nonassessable. None of such shares have been issued or disposed of in violation of any preemptive rights of any Person. The ABCB Common Stock to be issued in exchange for HSB Common Stock in the Merger, when issued in accordance with the terms of this Agreement, will be duly authorized, validly issued, fully paid and non-assessable and will not be subject to any preemptive rights. As of the date hereof, there are, and as of the Effective Time there will be, sufficient authorized and unissued shares of ABCB Common Stock to enable ABCB to issue the Merger Consideration as contemplated in this Agreement.

(b) All of the issued and outstanding shares of capital stock of Ameris are, on the date of this Agreement, and on the Closing Date will be, held by ABCB.

(c) Except as disclosed in the ABCB SEC Filings or ABCB Disclosure Schedule Section 4.7(c), as of the ABCB Capitalization Date, there are no outstanding rights, plans, options, warrants, calls, conversion rights or any agreements, arrangements or commitments of any kind or character (either firm or conditional) obligating ABCB or any of its Affiliates to issue, deliver or sell, or cause to be delivered or sold, any capital stock of ABCB or its Subsidiaries, or any securities exchangeable for or convertible into the capital stock of ABCB or its Subsidiaries. As of the ABCB Capitalization Date, no bonds, debentures, notes or other indebtedness having the right to vote on any matters on which the holders of capital stock may vote have been issued by ABCB and are outstanding.

4.8Deposits. The deposit accounts of Ameris are insured by the FDIC to the fullest extent permitted by Applicable Law, and all premiums and assessments required to be paid in connection therewith have been duly, timely and fully paid. No proceedings for the revocation or termination of such deposit insurance are pending or, to ABCB's Knowledge, threatened.

4.9ABCB SEC Filings. ABCB has filed (or furnished) all registration statements, prospectuses, forms, reports, definitive proxy statements, schedules and documents required to be filed (or furnished) with the SEC by it under Section 5 of the Securities Act or Sections 13(a), 14 or 15(d) of the Exchange Act, as the case may be, from and after January 1, 2015 (collectively, the "ABCB SEC Filings"). Each ABCB SEC Filing, as amended or supplemented if applicable, (i) as of its date, or, if amended or supplemented, as of the date of the most recent amendment or supplement thereto, complied in all material respects with the requirements of the Securities Act or the Exchange Act, as the case may be, and (ii) did not, at the time it was filed (or became effective in the case of registration statements), or, if amended or supplemented, as of the date of the most recent amendment or supplement thereto, contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary in order to make the statements made therein, in the light of the circumstances under which they were made, not misleading.

4.10Financial Statements.

(a) The financial statements of ABCB and its Subsidiaries included (or incorporated by reference) in the ABCB SEC Filings, including the related notes, where applicable, (i) have been prepared from, and are in accordance with, the books and records of ABCB and its Subsidiaries,

TABLE OF CONTENTS

(ii) fairly present in all material respects the consolidated results of operations, cash flows, changes in shareholders' equity and consolidated financial position of ABCB and its Subsidiaries for the respective fiscal periods or as of the respective dates therein set forth (subject in the case of unaudited statements to recurring year-end audit adjustments normal in nature and amount), (iii) complied as to form, as of their respective dates of filing with the SEC, in all material respects with applicable accounting requirements and with the published rules and regulations of the SEC with respect thereto and (iv) have been prepared in accordance with GAAP consistently applied during the periods involved, except, in each case, as indicated in such statements or in the notes thereto. As of the date hereof, the books and records of ABCB and its Subsidiaries have been maintained in all material respects in accordance with GAAP and any other applicable legal and accounting requirements and reflect only actual transactions. As of the date hereof, Crowe Horwath LLP has not resigned (or informed ABCB that it intends to resign) or been dismissed as independent public accountants of ABCB as a result of or in connection with any disagreements with ABCB on a matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure.

(b) Except as would not reasonably be expected to be, individually or in the aggregate, material to ABCB and its Subsidiaries, taken as a whole, neither ABCB nor any of its Subsidiaries has incurred any liability or obligation of any nature whatsoever (whether absolute, accrued, contingent, determined, determinable or otherwise and whether due or to become due), except for (i) those liabilities that are reflected or reserved against on the consolidated balance sheet of ABCB included in its Quarterly Report on Form 10-Q for the fiscal quarter ended September 30, 2017 (including any notes thereto), (ii) liabilities or obligations incurred in the ordinary course of business consistent in nature and amount with past practice since the end of such fiscal quarter or (iii) liabilities or obligations incurred in connection with this Agreement and the transactions contemplated hereby.

(c) The records, systems, controls, data and information of ABCB and its Subsidiaries are in all material respects recorded, stored, maintained and operated under means (including any electronic, mechanical or photographic process, whether computerized or not) that are under the exclusive ownership and direct control of ABCB or its Subsidiaries or accountants (including all means of access thereto and therefrom). ABCB (i) has implemented and maintains disclosure controls and procedures (as defined in Rule 13a-15(e) of the Exchange Act) to ensure that material information relating to ABCB, including its Subsidiaries, is made known to the chief executive officer and the chief financial officer of ABCB by others within those entities as appropriate to allow timely decisions regarding required disclosures and to make the certifications required by the Exchange Act and Sections 302 and 906 of the Sarbanes-Oxley Act and (ii) has disclosed, based on its most recent evaluation prior to the date hereof, to ABCB's outside auditors and the audit committee of ABCB's board of directors (A) any significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting (as defined in Rule 13a-15(f) of the Exchange Act) which are reasonably likely to adversely affect ABCB's ability to record, process, summarize and report financial information and (B) any fraud, whether or not material, that involves management or other employees who have a significant role in ABCB's internal controls over financial reporting. There is no reason to believe that ABCB's outside auditors and its chief executive officer and chief financial officer will not be able to give the certifications and attestations required pursuant to the rules and regulations adopted pursuant to Section 404 of the Sarbanes-Oxley Act, without qualification, when next due.

4.11 Ordinary Course; Lack of Material Adverse Change. Since the Balance Sheet Date, except as reflected in the ABCB SEC Filings or as contemplated by this Agreement, there has not been (i) any Material Adverse Change in ABCB or any event, change, occurrence, effect or development that would reasonably be expected to have a Material Adverse Effect on ABCB or (ii) any action taken by ABCB or any of its Subsidiaries during the period from the Balance Sheet Date through the date of this Agreement that would have required HSB's consent if ABCB had been subject to Section 5.2 at such time.

4.12 Reorganization. Neither ABCB nor any of its Subsidiaries has taken any action, nor are they aware of any fact or circumstance, that would reasonably be expected to prevent the Merger from qualifying as a "reorganization" within the meaning of Section 368(a) of the Code.

TABLE OF CONTENTS

4.13 Taxes.

(a) (i) All federal and state Tax Returns and all other material Tax Returns that were or are required to be filed on or before the Closing Date by ABCB or its Subsidiaries have been or will be timely filed on or before the Closing Date, and all such Tax Returns are or will be true, correct and complete in all material respects and were or will be prepared in substantial compliance with all Applicable Laws; (ii) all Taxes due and owing by ABCB or its Subsidiaries (whether or not shown on the Tax Returns referred to in clause (i)) have been or will be timely paid in full on or before the Closing Date; (iii) all deficiencies asserted in writing or assessments made in writing by the relevant Taxing Authority in connection with any of the Tax Returns referred to in clause (i) have been or will be timely paid in full on or before the Closing Date; and (iv) no issues that have been raised in writing by the relevant Taxing Authority in connection with any of the Tax Returns referred to in clause (i) are pending as of the date of this Agreement, or, if pending, have been specifically identified by ABCB to HSB in writing and adequately reserved for in the ABCB Financial Statements. Neither ABCB nor any of its Subsidiaries currently is the beneficiary of any extension of time within which to file any Tax Return.

(b) No Tax audits or administrative or judicial Tax proceedings are pending or being conducted with respect to ABCB or any of its Subsidiaries. Neither ABCB nor its Subsidiaries has received from any Taxing Authority (including jurisdictions where ABCB or its Subsidiaries have not filed Tax Returns) any (i) written notice indicating an intent to open an audit or other review, (ii) request for information related to Tax matters or (iii) notice of deficiency or proposed adjustment for any amount of Tax proposed, asserted or assessed by any Taxing Authority against ABCB or any of its Subsidiaries. ABCB has provided HSB with correct and complete copies of all federal and state income Tax Returns filed by ABCB and each of its Subsidiaries for taxable periods ended on or after December 31, 2014 and all examination reports and statements of deficiency related to federal and state income Tax assessed against or agreed to by ABCB or any of its Subsidiaries with respect to those taxable periods.

(c) There are no Liens on ABCB's or any of its Subsidiaries' assets that arose in connection with any failure (or alleged failure) to pay any Tax other than Permitted Liens or Liens the validity of which is being contested in good faith by appropriate proceedings and for which adequate accruals or reserves have been established in accordance with GAAP in the ABCB Financial Statements.

(d) Neither ABCB nor any of its Subsidiaries has waived any statute of limitations in respect of income Taxes or agreed to any extension of time with respect to an income Tax assessment or deficiency.

(e) ABCB and its Subsidiaries have withheld and timely paid all Taxes required to have been withheld and paid in connection with any amounts paid or owing to any employee, independent contractor, creditor, shareholder or other third party.

(f) Neither ABCB nor any of its Subsidiaries is (or has been) a party to any Tax allocation or sharing agreement (other than such an agreement or arrangement exclusively between or among ABCB and its Subsidiaries). Neither ABCB nor any of its Subsidiaries (i) has been a member of an Affiliated Group filing a consolidated federal Tax Return (other than a group the common parent of which was ABCB) or (ii) has any liability for Taxes of any Person (other than ABCB or any of its Subsidiaries) under Treasury Regulations Section 1.1502-6 (or any similar provision of state, local or non-U.S. Tax Law) as a transferee, successor, by contract or otherwise.

(g) No claim has been made in the last five (5) years by a Taxing Authority in a jurisdiction where ABCB or any Subsidiary does not file Tax Returns that ABCB (or such Subsidiary) is or may be subject to taxation by that jurisdiction.

(h) Neither ABCB nor any Subsidiary has, in the last five (5) years, distributed stock of another corporation, or had its stock distributed by another corporation, in a transaction that was purported or intended to be governed in whole or in part by Section 355 or 361 of the Code.

(i) Neither ABCB nor any Subsidiary is or has been a United States real property holding corporation (as defined in Section 897(c)(2) of the Code) during the applicable period specified in Section 897(c)(1)(A)(ii) of the Code.

A-39

TABLE OF CONTENTS

(j) Neither ABCB nor any Subsidiary has engaged in any transaction that, as of the date hereof, is a “listed transaction” under Treasury Regulations Section 1.6011-4(b)(2). ABCB and each Subsidiary have disclosed in their Tax Returns all information required by the provisions of the Treasury Regulations issued under Section 6011 of the Code with respect to any “reportable transaction” as that term is defined in Section 6707A(c) of the Code.

(k) The unpaid Taxes of ABCB and each Subsidiary (i) did not, as of the Interim Balance Sheet Date, exceed the reserve for Tax liability (other than any reserve for deferred Taxes established to reflect timing differences between book and Tax income) set forth on the face of the ABCB Financial Statements (rather than in any notes thereto) and (ii) will not exceed that reserve as adjusted for the passage of time through the Closing Date in accordance with the past custom and practice of ABCB and each Subsidiary in filing its Tax Returns. Since the Interim Balance Sheet Date, neither ABCB nor any Subsidiary has incurred any liability for Taxes arising from extraordinary gains or losses, as that term is used in GAAP, outside the ordinary course of business consistent with past custom and practice.

4.14 Litigation; Orders.

(a) There is no Proceeding pending or, to ABCB’s Knowledge, threatened either (i) against ABCB or any of its Subsidiaries, or to which any assets, interest or right of any of them may be subject, which is material, or (ii) seeking to prevent, alter or delay any of the transactions contemplated by this Agreement or by the Bank Merger Agreement.

(b) There is no Order either (i) outstanding against ABCB or any of its Subsidiaries or (ii) seeking to prevent, alter or delay any of the transactions contemplated by this Agreement or by the Bank Merger Agreement.

4.15 Compliance.

(a) ABCB and each of its Subsidiaries is, and has been since January 1, 2014, in compliance in all material respects with all Applicable Laws and Orders, including all Laws related to data protection or privacy, the USA PATRIOT Act, the Bank Secrecy Act, the Equal Credit Opportunity Act and Regulation B, the Fair Housing Act, the Community Reinvestment Act, the Fair Credit Reporting Act, the Truth in Lending Act and Regulation Z, the Home Mortgage Disclosure Act, the Fair Debt Collection Practices Act, the Electronic Fund Transfer Act, the Dodd-Frank Wall Street Reform and Consumer Protection Act, any regulations promulgated by the Consumer Financial Protection Bureau, the Interagency Policy Statement on Retail Sales of Nondeposit Investment Products, the SAFE Mortgage Licensing Act of 2008, the Real Estate Settlement Procedures Act and Regulation X, and any other Law relating to bank secrecy, discriminatory lending, financing or leasing practices, money laundering prevention, Sections 23A and 23B of the Federal Reserve Act, the Sarbanes-Oxley Act, and all agency requirements relating to the origination, sale and servicing of mortgage and consumer loans.

(b) ABCB and each of its Subsidiaries have all material Permits of, and have made all required filings, applications and registrations with, all applicable Governmental Authorities necessary to permit it to own or lease its properties and to carry on its business in all material respects as presently conducted. All such material Permits are in full force and effect and, to ABCB’s Knowledge, no suspension or cancellation of any of them is threatened.

(c) Neither ABCB nor any of its Subsidiaries is in default under or in violation of any term or provision of (i) its Charter Documents or (ii) any material Permit which it holds.

(d) ABCB has implemented one or more formal codes addressing each of ethics, personal trading policies, conflicts of interest policies, customer privacy policies, anti-money laundering policies and other material policies as may be required by any Applicable Law for itself and its Subsidiaries, and a complete and correct copy of each such policy has been made available to HSB. Such policies comply in all material respects with the requirements of any Laws applicable thereto.

4.16 Regulatory Capital; CRA Compliance. Each of ABCB and Ameris is, and will be upon the consummation of the transactions contemplated by this Agreement, Well-Capitalized, and Ameris’s most recent examination rating under the CRA was “satisfactory” or better. To ABCB’s Knowledge, there is no

A-40

fact or circumstance or set of facts or circumstances which would be reasonably likely to cause ABCB or Ameris to receive any notice of non-compliance with such provisions of the CRA or cause ABCB or Ameris's CRA rating to decrease below the "satisfactory" level.

4.17Material Contracts. Each Contract which is a "material contract" (as such term is defined in Item 601(b)(10) of Regulation S-K of the SEC) to which ABCB or any of its Subsidiaries is a party or by which ABCB or any of its Subsidiaries is bound as of the date hereof has been filed as an exhibit to the most recent Annual Report on Form 10-K filed by ABCB or a Quarterly Report on Form 10-Q or Current Report on Form 8-K subsequent thereto. Each such Contract is valid and binding on ABCB or the applicable Subsidiary, is in full force and effect, and neither ABCB nor any Subsidiary of ABCB is in material violation or material default thereof.

4.18No Financing. ABCB has and will have as of the Effective Time, without having to resort to external sources, sufficient capital to effect the transactions contemplated by this Agreement.

4.19Brokers. Except for Stephens Inc., no broker, finder or investment banker is entitled to any brokerage, finder's or other fee or commission in connection with the transactions contemplated by this Agreement or by the Bank Merger Agreement based upon arrangements made by or on behalf of ABCB or its Subsidiaries.

4.20Information Supplied. None of the information supplied or to be supplied by ABCB or its Subsidiaries for inclusion or incorporation by reference in (a) the Proxy Statement/Prospectus, on the date it (or any amendment or supplement thereto) is first mailed to the HSB Shareholders or at the time of the HSB Shareholders' Meeting, (b) the Registration Statement, when it or any amendment thereto becomes effective under the Securities Act, or (c) the documents and financial statements of ABCB incorporated by reference in the Proxy Statement/Prospectus, the Registration Statement or any amendment or supplement thereto, will contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary in order to make the statements made therein, in the light of the circumstances under which they are made, not misleading. Notwithstanding the foregoing, no representation or warranty is made by ABCB with respect to statements made or incorporated by reference therein based on information supplied by or on behalf of HSB or its Subsidiaries for inclusion in the Proxy Statement/Prospectus or the Registration Statement. The Proxy Statement/Prospectus and Registration Statement will, when filed by ABCB in final form with the SEC, comply as to form in all material respects with the applicable requirements of the Securities Act and the rules and regulations thereunder.

4.21No Other Representations or Warranties. Except for the representations and warranties made by ABCB in this Article IV, neither ABCB nor any other Person makes any express or implied representation or warranty with respect to ABCB, its Subsidiaries or their respective businesses, operations, assets, liabilities, conditions (financial or otherwise) or prospects, and HSB hereby disclaims any such other representations or warranties. ABCB has conducted its own independent review and analysis of the business, operations, assets, liabilities, results of operations, financial condition, technology and prospects of HSB and its Subsidiaries, and acknowledges that ABCB has been provided sufficient access to personnel, properties, premises and records of HSB for such purpose. In entering into this Agreement, ABCB has relied solely upon the representations, warranties and covenants contained in this Agreement and upon its own investigation and analysis of HSB and its Subsidiaries. Nothing set forth in this Section 4.21 shall be construed to limit the obligations, representations or warranties of HSB set forth in this Agreement.

**ARTICLE V

(c) Subject to Applicable Law (including Applicable Law relating to the exchange of information), the parties shall advise each other promptly after receiving any communication from any Governmental Authority whose consent or approval is required for consummation of the transactions contemplated by this Agreement or by the Bank Merger Agreement that causes such party to believe that there is a reasonable likelihood that the Regulatory Approvals or any other consent or approval required hereunder will not be obtained or that the receipt of any such approval will be materially delayed.

5.4 Access; Current Information.

(a) In order to facilitate the consummation of the transactions contemplated hereby and by the Bank Merger Agreement and the integration of the business and operations of HSB and its Subsidiaries, subject to Section 5.4(d) and Applicable Laws (including those relating to confidentiality and the exchange of information), HSB shall permit ABCB and its Subsidiaries and their respective officers, employees, counsel, accountants and other authorized Representatives, reasonable access, throughout the period before the Closing Date, upon reasonable notice and at ABCB's sole expense:

(i) during customary business hours, to all books, papers and records relating to the assets, properties, operations, obligations and liabilities of HSB and its Subsidiaries; provided, however, that HSB shall not be required to take any action that would provide access to or to disclose information (x) where such access or disclosure would result in the waiver by it of the privilege protecting communications between it and any of its counsel or where such access or disclosure would contravene any Applicable Law or Order or binding agreement entered into prior to the date of this Agreement or (y) relating to HSB's or its directors', officers', employees', accountants', counsels', advisors' (including investment bankers), agents' or other representatives' consideration of, or deliberations regarding, the transactions contemplated by this Agreement; provided, further, that in any such event in which the restrictions of clause (x) of this sentence apply, the parties shall attempt to make appropriate substitute disclosure arrangements; and

(b) As soon as reasonably practicable after they become available, and to the extent permitted by Applicable Law, HSB will furnish to ABCB copies of the board packages distributed to the board of directors of HSB or Hamilton, or any of their respective Subsidiaries, and minutes from the meetings thereof, and copies of any reports provided to the board of directors of HSB or any committee thereof relating to the financial performance and risk management of HSB.

(c) During the period from the date of this Agreement to the Effective Time, each of HSB and ABCB will cause one or more of its designated representatives to confer on a regular basis with representatives of the other party and to report the general status of the ongoing operations of HSB and its Subsidiaries and ABCB and its Subsidiaries, respectively. Without limiting the foregoing, HSB agrees to provide to ABCB, to the extent permitted by Applicable Law, (i) a copy of each report filed by HSB or any of its Subsidiaries with a Governmental Authority within one (1) Business Day following the filing thereof, (ii) a copy of HSB's monthly loan trial balance within one (1) Business Day following the end of the month and (iii) a copy of HSB's monthly statement of condition and profit and loss statement within five (5) Business Days following the end of the month and, if requested by ABCB, a copy of HSB's daily statement of condition and daily profit and loss statement, which shall be provided within two (2) Business Days following such request.

Applicable Law, which may be deemed by the party providing such information to be non-public, proprietary or confidential, including trade secrets of the disclosing party. Each of HSB and ABCB agrees that it will, and will use commercially reasonable efforts to cause its Representatives to, hold any information obtained pursuant to this Agreement in accordance with the terms of the Confidentiality Agreement, which shall survive the execution of this Agreement and, if this Agreement shall be terminated for any reason prior to the Closing Date, such termination of this Agreement.

5.5 Notification of Certain Changes. HSB, on the one hand, and ABCB, on the other, shall promptly notify the other in writing (i) if such party believes that it has breached any representation, warranty, covenant or agreement contained in this Agreement or (ii) if such party believes that any event shall have occurred that might reasonably be expected to result, individually or in the aggregate, in a failure of a condition set forth in Section 6.2 or Section 6.3 if continuing on the Closing Date. From time to time prior to the Effective Time (and on the Business Day immediately preceding the Closing Date), HSB will supplement or amend the HSB Disclosure Schedule delivered in connection with the execution of this Agreement to reflect any matter which, if existing, occurring or known at the date of this Agreement, would have been required to be set forth or described in such HSB Disclosure Schedule or which is necessary to correct any information in such HSB Disclosure Schedule which has been rendered materially inaccurate thereby. No supplement or amendment to any HSB Disclosure Schedule or provision of information relating to the subject matter of any HSB Disclosure Schedule after the date of this Agreement shall operate to cure any breach of a representation or warranty made herein or have any effect for the purpose of determining satisfaction of the conditions set forth in Section 6.2(a) or compliance by HSB with its covenants and agreements set forth herein.

5.6 Public Announcements. HSB and ABCB shall consult with each other before issuing any press release or otherwise making any public statements or filings with respect to this Agreement or any of the transactions contemplated hereby or by the Bank Merger Agreement and shall not issue, and shall not permit any of their Subsidiaries to issue, any such press release or make any such public statement without the prior written consent of the other party (which consent shall not be unreasonably withheld, conditioned or delayed); provided, however, that a party may, without the prior written consent of the other party, issue such press release or make such public statement or filing as may be required by Applicable Law or Order or any listing agreement with a national stock exchange or automated quotation system.

5.7 Employee Benefit Matters.

(a) Each employee of HSB and Hamilton shall be retained as an “at will” employee after the Effective Time as employees of ABCB or Ameris; provided, that continued retention by Ameris of such employees subsequent to the Effective Time shall be subject to Ameris’s normal and customary employment procedures and practices, including customary background screening and evaluation procedures, and satisfactory employment performance. In addition, HSB and Hamilton agree, upon ABCB’s reasonable request, to facilitate discussions between ABCB and HSB employees a reasonable time in advance of the Closing Date regarding employment, consulting or other arrangements to be effective prior to or following the Effective Time. Prior to the Effective Time, any interaction between ABCB and HSB employees shall be coordinated by HSB or Hamilton. As of the Closing Date, ABCB shall, or shall cause its applicable Subsidiary to, provide to each employee of HSB or its Subsidiaries who shall continue employment with the Surviving Corporation or any of its Subsidiaries following the Closing Date (a “Continuing Employee”) (i) base hourly wages or salaries, as applicable, and (ii) employee benefit plans, programs, policies and arrangements (excluding, however, all equity plans) that until the first anniversary of the Closing Date, are no less favorable, in the aggregate, than the HSB Employee Benefit Plans provided to each such Continuing Employee immediately prior to the Closing Date.

policies of ABCB and its Subsidiaries, a complete and correct copy of which has been made available to HSB; provided, however, that for purposes of determining seniority as it relates to severance practices of ABCB or its Subsidiaries, any such Discontinued Employee shall be credited with his or her years of service with HSB or its Subsidiary, as applicable; and provided, further, that such benefit payments shall be conditioned on execution of a release of claims in a form satisfactory to ABCB.

(c) With respect to any ABCB Employee Benefit Plan in which any Continuing Employee becomes eligible to participate on or after the Closing Date, ABCB shall use commercially reasonable efforts to (i) waive all preexisting conditions, actively at work requirements, exclusion and waiting periods with respect to participation and coverage requirements under any such ABCB Employee Benefit Plan to the extent they were inapplicable to, or were satisfied under, any HSB Employee Benefit Plan in which such Continuing Employee participated prior to the Closing Date and (ii) ensure that each Continuing Employee receives full credit (including eligibility to participate, vesting, vacation entitlement and severance benefits, but excluding benefit accrual under any defined benefit ABCB Employee Benefit Plan or any such credit that would result in a duplication of benefits) under each ABCB Employee Benefit Plan in which such Continuing Employee becomes or may become a participant for service with the Surviving Corporation (or any predecessor to the Surviving Corporation and its Affiliates), solely to the extent such service was credited under the HSB Employee Benefit Plans. As of the Closing Date, ABCB shall, and shall cause its applicable Subsidiaries to, credit to Continuing Employees the amount of vacation time that such employees had accrued under any vacation policy or arrangement listed on HSB Disclosure Schedule 3.24(a) as of the Closing Date. With respect to each ABCB Employee Benefit Plan that is a health plan in which Continuing Employees participate after Closing, ABCB shall use commercially reasonable efforts to (A) cause to be waived any eligibility waiting period, any evidence of insurability requirement and the application of any pre-existing condition limitation under such plan to the extent such requirements or limitations were inapplicable to, or were satisfied under, any HSB Employee Benefit Plan in which such Continuing Employee participated prior to the Closing Date and (B) cause each Continuing Employee to be given credit under such health plan with respect to the plan year in which the Closing Date occurs (“Closing Date Plan Year”) for amounts (such as deductibles and co-payments) paid under any similar HSB Employee Benefit Plan by such Continuing Employee, with respect to the Closing Date Plan Year and for which verification is provided by the insurer or third-party administrator of such HSB Employee Benefit Plan, as though such amounts had been paid in accordance with the terms and conditions of any applicable ABCB Employee Benefit Plan.

(d) ABCB and HSB acknowledge and agree that all provisions contained in this Section 5.7 are included for the sole benefit of ABCB and HSB and nothing contained herein shall (i) be construed as an amendment to any HSB Employee Benefit Plan or ABCB Employee Benefit Plan or the creation of any new employee benefit plan, (ii) create any third-party beneficiary or other rights in any other Person, including any employee or former employee of any of ABCB or HSB or their respective Subsidiaries, or any dependent or beneficiary thereof, or (iii) otherwise obligate ABCB or any of its Affiliates to maintain any particular HSB Employee Benefit Plan, ABCB Employee Benefit Plan or other employee benefit plan or retain the employment of any particular employee following the Closing Date. ABCB and HSB further acknowledge and agree that HSB and its Subsidiaries shall provide to ABCB all employee books and records relating to Continuing Employees no later than the Closing Date.

(e) If requested by ABCB, HSB shall terminate the 401(k) Plan immediately prior to the Closing by resolution adopted by the board of directors of HSB, on terms acceptable to ABCB, and simultaneously amend the 401(k) Plan to the extent necessary to comply with all Applicable Laws to the extent not previously amended. HSB shall notify the 401(k) Plan participants and beneficiaries of such termination prior to the Closing Date pursuant to Applicable Law requirements. ABCB will permit rollover of 401(k) plan assets by Continuing Employees to a defined contribution retirement plan with a 401(k) feature of ABCB or its Subsidiaries.

5.8 No Solicitation of Transaction by HSB.

(a) From the date hereof until the Closing Date, or, if earlier, the date on which this Agreement is terminated in accordance with Article VII, HSB shall not, and shall cause all of its Subsidiaries and

its and their respective Representatives to not, directly or indirectly, (i) take any action to solicit, initiate, seek, knowingly facilitate or encourage any inquiries or expressions of interest or the making of any proposal or offer that constitutes, or would reasonably be expected to lead to, any Acquisition Proposal; (ii) participate in any discussions or negotiations regarding any Acquisition Proposal or furnish, or otherwise afford access, to any Person (other than ABCB and its Subsidiaries) any nonpublic information or data with respect to HSB or any of its Subsidiaries or otherwise relating to an Acquisition Proposal, (iii) approve, endorse or recommend any Acquisition Proposal (other than the Merger), (iv) enter into any agreement in principle, arrangement, understanding, contract or agreement (other than a confidentiality agreement which expressly permits HSB to comply with its obligations pursuant to this Section 5.8) relating to an Acquisition Proposal (an “Acquisition Agreement”) or (v) propose or agree to do any of the foregoing. Upon execution of this Agreement, HSB shall, and shall cause each of its Subsidiaries and all of its and their respective Representatives to, immediately cease any discussions, negotiations or communications with any party or parties with respect to any Acquisition Proposal; provided, however, that this Section 5.8 shall not prohibit HSB or any of its respective representatives from informing any Person of the restrictions contained in this Section 5.8 (including by providing a copy hereof to such Person).

(b) Notwithstanding Section 5.8(a) or any other provision of this Agreement, HSB may, provided that it shall comply with the requirements of Section 2.14(b), take any of the actions described in Section 5.8(a) with respect to an unsolicited, bona fide written Acquisition Proposal received by HSB prior to the HSB Shareholders’ Meeting, which Acquisition Proposal did not result from a breach of this Section 5.8, if, but only if, (i) HSB’s board of directors determines in good faith (in accordance with this Agreement and after consultation with its outside legal counsel and independent financial advisor) that (A) such Acquisition Proposal constitutes, or is reasonably likely to result in, a Superior Proposal and (B) it is reasonably necessary to furnish such information or access or enter into discussions or negotiations in order to comply with HSB’s board of directors’ fiduciary duties to HSB and its shareholders under Applicable Law, (ii) HSB has provided ABCB with at least one (1) Business Day’s prior notice of such determination and (iii) prior to furnishing or affording access to any information or data with respect to HSB or any of its Subsidiaries or otherwise relating to such Acquisition Proposal, HSB receives from such Person a confidentiality agreement with terms no less favorable to HSB than those contained in the Confidentiality Agreement. HSB shall promptly provide to ABCB any non-public information regarding HSB or its Subsidiaries provided to any other Person that was not previously provided to ABCB, such additional information to be provided no later than the date of provision of such information to such other party.

(c) HSB shall promptly (and in any event within twenty-four (24) hours) notify ABCB in writing if any proposals or offers (or modified offers or proposals) are received by, any information is requested from, or any negotiations or discussions are sought to be initiated or continued with, HSB or any of its Subsidiaries or any of their respective Representatives, in each case constituting or in connection with any Acquisition Proposal, and such notice shall indicate the name of the Person initiating such discussions or negotiations or making such proposal, offer or information request and the material terms and conditions of any such proposals, offers or information requests.

5.9 Indemnification; Directors’ and Officers’ Insurance.
 (a) For a period of six (6) years from and after the Effective Time, ABCB shall (i) indemnify and hold harmless each individual who at the Effective Time is, or any time prior to the Effective Time was, a director, officer or employee of HSB or any of its Subsidiaries (the “Indemnitees”) in respect of all claims, liabilities, losses, damages, judgments, fines, penalties costs and expenses (including reasonable attorneys’ fees) in connection with any claim, suit, action, proceeding or investigation (each a “Claim”), whenever asserted, based on or arising out the fact that the Indemnitee was an officer, director or employee of HSB or any Subsidiary (or fiduciary of any benefit plan of HSB or its Subsidiaries) for acts or omissions by the Indemnitee in such capacity or taken at the request of HSB or any Subsidiary, at or any time prior to the Effective Time (including any Claim relating to the transactions contemplated by this Agreement or the Bank Merger Agreement), to the fullest extent permitted by Law and (ii) assume all obligations of HSB and its Subsidiaries to the Indemnitees in respect of indemnification and exculpation from liabilities for acts or omissions occurring at or prior to

the Effective Time as provided in HSB's Charter Documents and the organizational documents of HSB's Subsidiaries. In addition, ABCB, from and after the Effective Time, shall advance any expenses (including reasonable attorneys' fees) of any Indemnitee under this Section 5.9 as incurred to the fullest extent permitted by Applicable Law, provided that the Indemnitee to whom expenses are advanced provides an undertaking to repay advances if it shall be determined that such Indemnitee is not entitled to be indemnified pursuant to this Section 5.9.

(b) ABCB shall maintain in effect for six (6) years after the Effective Time, the current directors' and officers' liability insurance policies maintained by HSB (provided that ABCB may substitute therefor policies of at least the same coverage and amounts containing terms and conditions which are no less advantageous to such officers and directors so long as substitution does not result in gaps or lapses in coverage) with respect to matters occurring prior to the Effective Time; provided, however, that in no event shall ABCB be required to expend annually in the aggregate an amount in excess of two hundred percent (200%) of the annual premium payment on HSB's current policy in effect as of the date of this Agreement (the "Premium Cap") and, in the event the cost of such coverage shall exceed that amount, ABCB shall purchase as much coverage as possible for such amount. In lieu of the foregoing, ABCB may obtain at or prior to the Effective Time a prepaid "tail" policy providing coverage equivalent to that described in the preceding sentence for an aggregate price of no more than the Premium Cap.

(c) Any Indemnitee wishing to claim indemnification under Section 5.9(a) shall promptly notify ABCB in writing upon learning of any Claim, provided that failure to so notify shall not affect the obligation of ABCB under Section 5.9(b) unless, and to the extent that, ABCB is materially prejudiced in the defense of such Claim as a consequence. In the event of any such Claim (whether arising before or after the Effective Time), (i) ABCB shall have the right to assume the defense thereof and ABCB shall not be liable to such Indemnitees for any legal expenses of other counsel or any other expenses subsequently incurred by such Indemnitees in connection with the defense thereof; provided, however, that ABCB shall not have the right to assume the defense thereof (but will be apprised of the status of such defense) if ABCB's interests may materially conflict with the Indemnitees' interests with respect to such Claim, in which case ABCB shall continue to be liable to such Indemnitees for legal expenses of other counsel and other expenses reasonably incurred by such Indemnitees (provided that ABCB shall only be obligated to pay the reasonable fees and expenses of one such counsel, which shall be reasonably acceptable to ABCB); (ii) the Indemnitees will cooperate in the defense of any such matter in good faith; (iii) ABCB shall not be liable for any settlement effected without its prior written consent (which consent shall not be unreasonably withheld, conditioned or delayed); (iv) ABCB shall have no obligation hereunder in the event that a federal or state banking agency or a court of competent jurisdiction shall determine that indemnification of an Indemnitee in the manner contemplated hereby is prohibited by Applicable Law; and (v) without the prior written consent of the applicable Indemnitee (which consent shall not be unreasonably withheld, conditioned or delayed), ABCB shall not settle or compromise or consent to the entry of any judgment in any such Claim unless such settlement, compromise or consent includes an unconditional release of such Indemnitee for all liability arising out of such Claim.

(d) The provisions of this Section 5.9 are intended for the benefit of, and shall be enforceable by, each Indemnitee, his or her heirs and his or her representatives and are in addition to, and not in substitution for, any other rights to indemnification or contribution that any Indemnitee may have under HSB Charter Documents, by contract or otherwise. In the event ABCB or any of its successors or assigns: (i) consolidates with or merges into any other Person and shall not be the continuing or surviving corporation or entity of such consolidation or merger; or (ii) transfers all or substantially all of its properties and assets to any Person, then, and in each such case, proper provision shall be made so that the successors and assigns of ABCB or the purchaser of its assets and properties shall assume the obligations set forth in this Section 5.9. This Section 5.9 shall survive the Effective Time.

5.10 Efforts to Consummate. Subject to the terms and conditions of this Agreement, each of HSB and ABCB agrees to use its reasonable best efforts in good faith to take, or cause to be taken, all actions, and to do, or cause to be done, all things necessary, proper or advisable under Applicable Laws, so

ARTICLE VII

TERMINATION

7.1 Termination. This Agreement may be terminated at any time prior to the Closing Date:

(a) by the mutual written consent of HSB and ABCB;

(b) by either HSB, on the one hand, or ABCB, on the other, if the Closing Date shall not have occurred on or before December 31, 2018; provided, however, that the right to terminate this Agreement under this Section 7.1(b) shall not be available to any party whose failure to fulfill any obligation under this Agreement shall have been the cause of, or shall have resulted in, the failure of the Closing Date to occur on or prior to such date;

(c) by either HSB, on the one hand, or ABCB, on the other, in the event of:

(i) (A) with respect to representations and warranties set forth in this Agreement that are not qualified by the term “material” or do not contain terms such as “Material Adverse Change” or “Material Adverse Effect,” a material breach of any of such representations or warranties by the other party; or (B) with respect to representations and warranties set forth in this Agreement that are qualified by the term “material” or contain terms such as “Material Adverse Change” or “Material Adverse Effect,” any breach of any of such representations or warranties by the other party, in each case, which breach cannot be or has not been cured within thirty (30) days after the giving of written notice to the breaching party of such breach, and which breach or breaches, in the opinion of the non-breaching party, would be reasonably likely to result in a failure to satisfy any condition to ABCB’s or HSB’s obligations set forth in Section 6.2 or Section 6.3, respectively; or

(ii) a material breach by the other party of any of its obligations contained in this Agreement, which breach cannot be or has not been cured within thirty (30) days after the giving of written notice to the breaching party of such breach, and which breach or breaches, in the opinion of the non-breaching party, would be reasonably likely to result in a failure to satisfy any condition to ABCB’s or HSB’s obligations set forth in Section 6.2 or Section 6.3, respectively;

(d) by either HSB, on the one hand, or ABCB, on the other, if (i) final action has been taken by a Regulatory Agency whose approval is required in connection with this Agreement or the Bank Merger Agreement and the transactions contemplated hereby or thereby, which final action (x) has become final and nonappealable and (y) does not approve this Agreement or the Bank Merger Agreement or the transactions contemplated hereby or thereby, or (ii) any Governmental Authority shall have enacted, issued, promulgated, enforced or entered any Law or final nonappealable judgment which has the effect of making illegal the consummation of the transactions contemplated by this Agreement or the Bank Merger Agreement;

(e) by ABCB or HSB (provided, in the case of HSB, that it shall not be in breach of any of its obligations under Section 2.14), if the HSB Shareholder Approval shall not have been obtained at the HSB Shareholders’ Meeting;

(f) by ABCB if (i) the board of directors of HSB (or any committee thereof) shall have failed to make the HSB Recommendation or shall have made an Adverse Recommendation Change (including by, in the case of a tender or exchange offer, failing to promptly recommend rejection of such offer) or (ii) HSB shall have materially breached any of the provisions set forth in Section 2.14 or Section 5.8;

(g) by HSB, prior to the HSB Shareholders' Meeting, and provided that HSB has complied in all material respects with Sections 2.14 and 5.8, in order to enter into an agreement relating to a Superior Proposal; or

(h) by HSB, at any time during the four (4) Business Day period immediately following the Determination Date, if both of the following conditions are satisfied:

(i) the quotient obtained by dividing the Average ABCB Determination Date Stock Price by the Starting Price (such quotient being the "ABCB Ratio") shall be less than 0.85; and

(ii) the ABCB Ratio shall be less than eighty-five percent (85%) of the quotient of (x) the Average Index Price divided by (y) the Index Price on the Starting Date (such quotient being the "Index Ratio");

provided, however, that if HSB refuses to consummate the Merger pursuant to this Section 7.1(h), it shall give prompt written notice thereof to ABCB (and provided that such HSB written notice of election to terminate may be withdrawn at any time within the aforementioned four (4) Business Day period). During the three (3) Business Day period commencing with its receipt of such notice ABCB shall have the option to increase the Merger Consideration by either (A) increasing the Exchange Ratio (calculated to the nearest one-one-thousandth) or (B) provided that it does not, and will not, prevent or impede the Merger from qualifying as a "reorganization" within the meaning of Section 368(a) of the Code (as determined by ABCB's and HSB's outside legal counsel), paying, as part of the Merger Consideration, a cash payment in addition to, and not in lieu of, the Per Share Cash Consideration and Per Share Stock Consideration otherwise payable in accordance with Section 2.7(a) (such cash payment, the "Additional Cash Payment Per Share"), in each case of the immediately preceding clauses (A) and (B), such that the value of the Per Share Stock Consideration (calculated based on the Average ABCB Determination Date Stock Price and including any Additional Cash Payment Per Share) to be received by each recipient of the Merger Consideration equals the lesser of the following: (1) an amount equal to the product of the Starting Price, 0.85 and the Exchange Ratio (as in effect immediately before any increase in the Exchange Ratio pursuant to this Section 7.1(h)); and (2) an amount equal to (x) the product of the Index Ratio, 0.85, the Exchange Ratio (as in effect immediately before any increase in the Exchange Ratio pursuant to this Section 7.1(h)) and the Average ABCB Determination Date Stock Price, divided by (y) the ABCB Ratio. If ABCB so elects within such three (3) Business Day period, then it shall give prompt written notice to HSB of such election and the revised Exchange Ratio or the Additional Cash Payment Per Share, as applicable, whereupon no termination shall have occurred pursuant to this Section 7.1(h) and this Agreement shall remain in effect in accordance with its terms, provided that any references in this Agreement to the "Exchange Ratio" shall thereafter be deemed to refer to the Exchange Ratio as increased pursuant to this Section 7.1(h), if applicable, and any references in this Agreement to the Merger Consideration shall thereafter include the Additional Cash Payment Per Share as set forth in this Section 7.1(h), if applicable.

7.2 Effect of Termination.

(a) In the event of termination of this Agreement by a party pursuant to Section 7.1, written notice thereof shall promptly be given to the other party hereto, and upon such notice this Agreement shall terminate. Except as provided under this Section 7.2 or otherwise expressly in accordance with the terms of this Agreement, upon termination of this Agreement pursuant to Section 7.1, this Agreement shall forthwith become void and of no further force and effect, there shall be no liability on the part of any party hereto to the other party, and all rights and obligations of any party hereto shall cease and the parties shall be released from any and all obligations hereunder; provided, however, that (i) the provisions of Section 5.4(d), this Section 7.2 and Article VIII shall survive any such termination and (ii) nothing herein shall relieve any party from liability for damages resulting from fraud or the willful breach of any of its representations, warranties, covenants or agreements contained in this Agreement.

(b) Notwithstanding anything to the contrary in this Agreement, if this Agreement is terminated pursuant to Section 7.1(f) or Section 7.1(g), then HSB shall, within three (3) Business Days of such termination, pay to ABCB the sum of \$14,000,000 (the "Termination Fee") by wire transfer of immediately available funds.

(c) Notwithstanding anything to the contrary in this Agreement, in the event that (i) an Acquisition Proposal with respect to HSB shall have been communicated to or otherwise made known

TABLE OF CONTENTS

to the shareholders, senior management or board of directors of HSB, or any Person or group of Persons shall have publicly announced an intention (whether or not conditional) to make an Acquisition Proposal with respect to HSB after the date of this Agreement, (ii) thereafter this Agreement is terminated (A) by ABCB pursuant to Section 7.1(c) or (B) by ABCB or HSB pursuant to Section 7.1(e) and (iii) prior to the date that is twelve (12) months after the date of such termination HSB consummates a transaction of a type set forth in the definition of "Acquisition Proposal" or enters into an Acquisition Agreement, then HSB shall, on the earlier of the date such transaction is consummated or any such Acquisition Agreement is entered into, pay to ABCB the Termination Fee by wire transfer of immediately available funds.

(d) The parties acknowledge that the agreements contained in this Section 7.2 are an integral part of the transactions contemplated by this Agreement, and that without these agreements, they would not enter into this Agreement. Accordingly, if HSB fails to pay timely any Termination Fee payable by it pursuant to this Section 7.2, then HSB shall pay to ABCB its reasonable costs and expenses (including reasonable attorneys' fees) in connection with collecting such Termination Fee, together with interest on the amount of the fee at the prime annual rate of interest (as published in The Wall Street Journal) plus two percent (2%) as the same is in effect from time to time from the date such payment was due under this Agreement until the date of payment.

(e) Notwithstanding anything to the contrary in this Agreement, other than in connection with fraud or a willful and material breach of this Agreement, the payment of the Termination Fee pursuant to this Section 7.2 shall fully discharge HSB from, and be the sole and exclusive remedy of ABCB with respect to, any and all losses that may be suffered by ABCB based upon, resulting from or arising out of the circumstances giving rise to the termination of this Agreement. In no event shall HSB be required to pay the Termination Fee on more than one occasion.

8.2Entire Agreement. This Agreement (including the Disclosure Schedules hereto), together with the Voting Agreement and the other documents and agreements delivered at the Closing Date pursuant to the provisions hereof constitute the full and entire understanding and agreement of the parties hereto in respect of its subject matter, and supersedes all prior agreements, understandings (oral and written) and negotiations between or among the parties with regard to such subject matter. The Disclosure Schedules and the Confidentiality Agreement constitute a part hereof as though set forth in full herein.

8.3Amendments. This Agreement (including the Disclosure Schedules attached hereto) may not be modified, amended, supplemented, canceled or discharged, except by a written instrument executed by all parties hereto.

8.4Waivers. No failure to exercise, and no delay in exercising, any right, power or privilege under this Agreement shall operate as a waiver, nor shall any single or partial exercise of any right, power or privilege hereunder preclude the exercise of any other right, power or privilege. No waiver of any breach of any provision shall be deemed to be a waiver of any preceding or succeeding breach of the same or any other provision, nor shall any waiver be implied from any course of dealing between the parties. No extension of time for performance of any obligations or other acts hereunder or under any other agreement shall be deemed to be an extension of the time for performance of any other obligations or any other acts. Any waiver, permit, consent or approval of any kind or character by any party of any breach or default under this Agreement, must be in writing and shall be effective only to the extent specifically set forth in such writing.

8.5Binding Effect; Assignment. The rights and obligations of this Agreement shall be binding on and enforceable by the parties hereto and their respective successors and permitted assigns. Except as expressly provided herein, the rights and obligations of this Agreement may not be assigned by HSB or ABCB without the express prior written consent of the other party. Except for Section 5.9, which is intended to benefit each Indemnitee and his or her heirs and representatives, or as otherwise specifically provided herein, nothing in this Agreement, expressed or implied, is intended or shall be construed to confer upon any Person other than the parties hereto and their respective successors and permitted assigns any rights, remedies, obligations or liabilities under or by reason of this Agreement, except as expressly provided in this Agreement. This Agreement may only be enforced against the parties hereto and no past, present or future Affiliate, director, officer, employee, shareholder, agent, attorney or other Representative of any Party hereto has any liability for any obligations or liabilities of the Parties to this Agreement.

8.6Governing Law. This Agreement shall be governed by and construed in accordance with the Laws of the State of Georgia applicable to contracts made and performed entirely within such state, without giving effect to its principles of conflicts of laws.

8.7Waiver of Jury Trial. EACH PARTY ACKNOWLEDGES AND AGREES THAT ANY CONTROVERSY THAT MAY ARISE UNDER THIS AGREEMENT IS LIKELY TO INVOLVE COMPLICATED AND DIFFICULT ISSUES, AND THEREFORE EACH SUCH PARTY HEREBY IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY RIGHT SUCH PARTY MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY LITIGATION DIRECTLY OR INDIRECTLY ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE BANK MERGER AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY OR THEREBY. EACH PARTY CERTIFIES AND ACKNOWLEDGES THAT (A) NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO

A-58

ENFORCE THE FOREGOING WAIVER, (B) EACH SUCH PARTY UNDERSTANDS AND HAS CONSIDERED THE IMPLICATIONS OF THIS WAIVER, (C) EACH SUCH PARTY MAKES THIS WAIVER VOLUNTARILY AND (D) EACH SUCH PARTY HAS BEEN INDUCED TO ENTER INTO THIS AGREEMENT BY, AMONG OTHER THINGS, THE WAIVERS AND CERTIFICATIONS IN THIS SECTION 8.7.

8.8Cumulative Remedies; Specific Performance. All rights and remedies under this Agreement or otherwise afforded by Applicable Law to any party, shall be cumulative and not alternative. Without limiting the rights of a party hereto to pursue all other legal and equitable rights available to such party for another party's failure to perform its obligations under this Agreement, the parties hereto acknowledge and agree that the remedy at law for any failure to perform their respective obligations hereunder would be inadequate and that each party shall be entitled to specific performance, injunctive relief or other equitable remedies in the event of any such failure. Each of the parties hereby further waives any requirement under Applicable Law to post security as a prerequisite to obtaining equitable relief.

8.9Expenses. Except as otherwise provided in this Section 8.9, each party to this Agreement shall bear its own expenses incurred in connection with the preparation, execution and performance of this Agreement and the Bank Merger Agreement and the transactions contemplated hereby and thereby, whether or not such transactions are consummated, including all fees and expenses of such party's Representatives. Notwithstanding the foregoing, in the event that this Agreement is terminated by either Party in accordance with its terms due to a failure to obtain any Regulatory Approval from a Governmental Authority necessary to consummate the transactions contemplated by this Agreement (provided that such failure is not primarily related to the financial or regulatory condition of HSB or any of its Subsidiaries) or due to a failure by ABCB or any of its Subsidiaries to satisfy any condition contained in any such Regulatory Approval, then ABCB shall pay HSB \$1,500,000 as reimbursement for its internal and external transaction-related costs and expenses. Such payment shall be made within one (1) Business Day after such termination event by wire transfer of immediately available funds to an account specified by HSB.

8.10Prevailing Party. In the event that any litigation between the parties hereto should arise as the result of any breach or alleged breach of this Agreement, the prevailing party in such litigation shall be entitled to recover its reasonable attorneys' fees and costs, including attorneys' fees and costs incurred in litigating entitlement to attorneys' fees and costs and in determining or quantifying the amount of recoverable attorneys' fees and costs (through both trial and appellate levels) from the nonprevailing party.

8.11Counterparts. This Agreement may be executed in counterparts, delivery of which may be by facsimile or other electronic transmission, including in "portable document format" (.pdf), and each of which shall be deemed an original, but all of which shall constitute one and the same instrument.

8.12Nonsurvival. None of the representations, warranties, covenants and agreements set forth in this Agreement other than this Section 8.12 shall survive the Effective Time, except for those covenants and agreements contained in this Agreement that by their terms apply or are to be performed in whole or in part after the Effective Time.

DIRECTOR NON-SOLICITATION AGREEMENT

THIS DIRECTOR NON-SOLICITATION AGREEMENT (this “Agreement”) is entered into as of the 25th day of January, 2018, by and between Ameris Bancorp, a Georgia corporation (“Ameris”), which is the holding company of Ameris Bank, a Georgia state-chartered bank (“Ameris Bank”), and the undersigned director (“Director”) of Hamilton State Bancshares, Inc., a Georgia corporation (“Hamilton”), and/or Hamilton State Bank, a Georgia state-chartered bank and wholly owned subsidiary of Hamilton (“Hamilton State Bank”), is conditioned upon consummation of the Merger (as hereinafter defined) and shall become effective at the Effective Time provided in the Merger Agreement (as hereinafter defined).

WITNESSETH:

WHEREAS, the respective boards of directors of each of Ameris and Hamilton have determined that the Agreement and Plan of Merger, dated as of the date hereof, by and between Ameris and Hamilton (as the same may be amended or supplemented, the “Merger Agreement”) and the business combination and related transactions contemplated thereby are in the best interests of their respective entities and shareholders;

WHEREAS, subject to the terms of the Merger Agreement, Hamilton will merge with and into Ameris, with Ameris being the surviving entity (the “Merger”);

WHEREAS, the parties hereto acknowledge that Director, as a director of Hamilton and/or Hamilton State Bank, occupies a unique position of trust and confidence with respect to Hamilton and Hamilton State Bank;

WHEREAS, the parties further acknowledge that, by virtue of this position, Director has acquired significant knowledge relating to the business of Hamilton and Hamilton State Bank;

WHEREAS, the board of directors of Ameris has determined that it is in the best interests of Ameris and its shareholders to protect the business and goodwill associated with the business of Hamilton and Hamilton State Bank by agreeing to certain restrictions with respect to Director’s use and disclosure of confidential information as well as the solicitation of customers and employees following the completion of the Merger;

WHEREAS, the Merger Agreement contemplates that, upon the execution and delivery of the Merger Agreement by Hamilton, as a condition and inducement to the willingness of Ameris to enter into the Merger Agreement and complete the Merger, Director will enter into and perform this Agreement; and

WHEREAS, Director has agreed to accept such limitations on his ability to compete with the Ameris and Ameris Bank following the Merger as an inducement for Ameris to execute the Merger Agreement;

NOW, THEREFORE, for and in consideration of the premises and for other good and valuable consideration, including, without limitation, the Merger Consideration to be received by Director, the sufficiency and receipt of which are hereby acknowledged, the parties hereto, intending to be legally bound, agree as follows:

1. Certain Definitions.

(a) “Affiliated Company” means any company or entity controlled by, controlling or under common control with Ameris or Hamilton, including Ameris Bank and Hamilton State Bank.

(b) “Confidential Information” means all information regarding Hamilton, Ameris, and their Affiliated Companies and any of their respective activities, businesses or customers that is not generally known to persons not employed (whether as employees or independent contractors) by Hamilton, Ameris or their respective Affiliated Companies, that is not generally disclosed publicly to persons not employed by Hamilton, Ameris or their respective Affiliated Companies (except to their regulatory authorities and pursuant to confidential or other relationships where there is no expectation of public disclosure or use by third Persons), and that is the subject of reasonable efforts to keep it confidential,

Exhibit C-1

TABLE OF CONTENTS

and/or where such information is subject to limitations on disclosure or use by Applicable Law. “Confidential Information” shall include, without limitation, all customer information, customer lists, confidential methods of operation, lending and credit information, commissions, product/service formulas, information concerning techniques for use and integration of websites and other products/ services, current and future development and expansion or contraction plans of Hamilton, Ameris or their respective Affiliated Companies, sale/acquisition plans and contacts, marketing plans and contacts, information concerning the legal affairs of Hamilton, Ameris or their respective Affiliated Companies, and information concerning the pricing of products and services, strategy, tactics and financial affairs of Hamilton, Ameris or their respective Affiliated Companies. “Confidential Information” also includes any “confidential information,” “trade secrets” or any equivalent term under any other Applicable Law. “Confidential Information” shall not include information that (i) has become generally available to the public other than as a result of Director’s breach of this Agreement, (ii) is obtained by Director from one who has the right to disclose such information without violating any right or privilege of Hamilton or Ameris or their respective Affiliated Companies or any duty owed to any of them, (iii) was rightfully in the possession of a Person prior to receipt of such Confidential Information, directly or indirectly, from Director or (iv) is independently developed by a Person without reference to or use of Confidential Information.

(c) Capitalized terms not defined in this Agreement have the respective meanings assigned to them in the Merger Agreement.

2. Nondisclosure of Confidential Information.

(a) Director agrees (i) to maintain the confidentiality of Confidential Information and (ii) except as required by Law, not to use, distribute, disclose or otherwise disseminate Confidential Information or any physical embodiments thereof. In the event that Director is required by Law to disclose any Confidential Information, Director will: (A) if and to the extent permitted by Law, provide Ameris with prompt notice of such requirement prior to the disclosure so that Ameris may waive the requirements of this Agreement or seek an appropriate protective order at Ameris’s sole expense; and (B) use commercially reasonable efforts to obtain assurances that any Confidential Information disclosed will be accorded confidential treatment. If, in the absence of a waiver or protective order, Director is nonetheless, in the opinion of his or her counsel, required to disclose Confidential Information, disclosure may be made only as to that portion of the Confidential Information that counsel advises Director is required to be disclosed. Director also acknowledges and agrees that trading in Ameris securities using material non-public information may violate federal and state securities Laws and agrees to comply with such securities Laws.

The confidentiality obligations under this Agreement shall (x) with regard to Confidential Information that constitutes a trade secret under Applicable Law, remain in effect as long as such information constitutes a trade secret under Applicable Law, and (y) with regard to all other Confidential Information, remain in effect for so long as such information constitutes Confidential Information, or three (3) years, whichever is shorter.

(b) Director and Ameris agree that Director’s obligations under these nondisclosure covenants are separate and distinct from other provisions of this Agreement, and a failure or alleged failure of Hamilton and Ameris to perform their obligations under any provision of this Agreement or other agreements with Director shall not constitute a defense to, or waiver of the enforceability of, these nondisclosure covenants. Nothing in this provision or this Agreement shall limit any rights or remedies otherwise available to Hamilton, Ameris or any Affiliated Company under Applicable Law.

3. Nonrecruitment and Nonsolicitation Covenants.

(a) Director hereby agrees that for one (1) year following the Effective Time, Director shall not, without the prior written consent of Ameris, directly or indirectly, on behalf of himself or any other Person, solicit, recruit or hire any employee of Ameris or any of Ameris’s Affiliated Companies who was an employee of Hamilton or Hamilton State Bank during the two year period ending on the Effective Time; provided, however, that it shall not be a breach of this Section 3(a) if a company on which Director serves as a member of the board of directors solicits, recruits or hires any employee of

Exhibit C-2

TABLE OF CONTENTS

Ameris or any of Ameris's Affiliated Companies without direction from Director. Nothing in this Section 3(a) is intended to prohibit general advertising or general solicitation not specifically directed at employees of Ameris or any of Ameris's Affiliated Companies or the solicitation, recruitment or hiring of any person that is not an employee of Ameris at the time of such solicitation, recruitment or hiring.

(b) Director hereby agrees that for one (1) year following the Effective Time, Director shall not, without the prior written consent of Ameris, directly or indirectly, on behalf of himself or any other Person, solicit or attempt to solicit any customer of Hamilton, Ameris or any of their Affiliated Companies, in each case, with whom Director had Material Contact on behalf of Hamilton or Hamilton State Bank in the course of Director's service as a director of Hamilton or Hamilton State Bank; provided, however, that it shall not be a breach of this Section 3(b) if a company on which Director serves as a member of the board of directors solicits or attempts to solicit any customer of Hamilton, Ameris or any of their Affiliated Companies without direction from Director. For purposes of this Section 3(b), "Material Contact" shall mean a meeting or conversation, in person, in writing (including, but not limited to, email), or via telephone, with a client of Hamilton or Hamilton State Bank regarding the client's account or Hamilton's or Hamilton State Bank's products, services, expertise and/or capabilities.

(c) Director acknowledges that Ameris and each of its Affiliated Companies has a current and future expectation of business from the current and proposed customers of Hamilton and Hamilton State Bank as a result of the acquisition of Hamilton by Ameris. Director acknowledges that the term and scope of the covenants set forth in this Agreement are reasonable and agrees that he will not, in any action, suit or other proceeding, deny the reasonableness of, or assert the unreasonableness of, the premises, consideration or scope of the covenants set forth herein. Director agrees that his position as a director of Hamilton and/or Hamilton State Bank involves information relating to all aspects of the business activities of Hamilton and/or Hamilton State Bank. Director further acknowledges that complying with the provisions contained in this Agreement will not preclude him from engaging in a lawful profession, trade or business, or from becoming gainfully employed. Director and Ameris agree that if any portion of the foregoing covenants is deemed to be unenforceable because the time or scope of activities restricted is deemed to be too broad, then the court shall be authorized to substitute for the overbroad term an enforceable term that will enable the enforcement of the covenants to the maximum extent possible under Applicable Law. Director acknowledges and agrees that any breach or threatened breach of this covenant will result in irreparable damage and injury to Ameris and its Affiliated Companies and that Ameris will be entitled to exercise all rights, including, without limitation, seeking one or more temporary restraining orders, injunctive relief and other equitable relief, including specific performance in the event of any breach or threatened breach of this Agreement, in any federal or state court of competent jurisdiction without the necessity of posting any bond or security (all of which are waived by Director), and to exercise all other rights or remedies, at law or in equity, including, without limitation, the right to damages.

4. Successors. This Agreement is personal to Director and is not assignable by Director, and none of Director's duties hereunder may be delegated. This Agreement may be assigned by, and shall be binding upon and inure to the benefit of, Ameris and any of its Affiliated Companies and their successors and assigns.

5. Waiver. Failure of any party to insist, in one or more instances, on performance by the other in strict accordance with the terms and conditions of this Agreement shall not be deemed a waiver or relinquishment of any right granted in this Agreement or of the future performance of any such term or condition or of any other term or condition of this Agreement, unless such waiver is contained in a writing signed by the party making the waiver.

6. Severability. If any provision or covenant, or any part thereof, of this Agreement should be held by any court to be invalid, illegal or unenforceable, either in whole or in part, such invalidity, illegality or unenforceability shall not affect the validity, legality or enforceability of the remaining provisions or covenants, or any part thereof, of this Agreement, all of which shall remain in full force and effect.

7. Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Georgia, without giving effect to its principles of conflicts of laws.

VOTING AND SUPPORT AGREEMENT

THIS VOTING AND SUPPORT AGREEMENT (this “Agreement”), dated as of January 25, 2018, is entered into by and among Ameris Bancorp, a Georgia corporation (“ABCB”), Hamilton State Bancshares, Inc., a Georgia corporation (“HSB”), and each person or entity executing this Agreement or a counterpart to this Agreement as a shareholder of HSB (each, a “Shareholder”).

WITNESSETH:

WHEREAS, pursuant to the terms of the Agreement and Plan of Merger (as the same may be amended or supplemented, the “Merger Agreement”), dated as of the date hereof and to be executed by ABCB and HSB concurrently with the execution of this Agreement by the parties hereto, HSB will, subject to the terms and conditions set forth therein, merge with and into ABCB, with ABCB being the surviving entity (the “Merger”); and WHEREAS, as an inducement for ABCB to enter into the Merger Agreement, ABCB has required that each Shareholder enter into this Agreement;

NOW, THEREFORE, in consideration of, and as a material inducement to, the parties entering into the Merger Agreement and proceeding with the transactions contemplated thereby, and in consideration of the expenses incurred and to be incurred by them in connection therewith, the parties hereto agree as follows:

1. Definitions. Capitalized terms not defined in this Agreement have the respective meanings assigned to them in the Merger Agreement.

2. Effectiveness. If the Merger Agreement is terminated for any reason in accordance with its terms, this Agreement shall automatically terminate and be null and void and of no effect. The effectiveness of this Agreement shall be conditioned upon the execution and delivery of the Merger Agreement by the parties thereto.

3. Voting Agreement.

(a) From the date hereof until the earliest to occur of (x) the Effective Time, (y) the entry without the prior written consent of such Shareholder into any amendment or modification of the Merger Agreement, or any written waiver of HSB’s rights under the Merger Agreement made in connection with a request from ABCB, in each case, which results in a decrease in, or change in the composition of, the Merger Consideration payable to such Shareholder and (z) the termination of the Merger Agreement in accordance with its terms (the “Support Period”), each Shareholder irrevocably and unconditionally agrees that at any shareholder meeting of HSB, except as otherwise agreed to in writing in advance by ABCB, to approve the Merger Agreement or any adjournment or postponement thereof, such Shareholder shall be present (in person or by proxy) and shall vote (or cause to be voted) all shares of HSB Common Stock beneficially owned by such Shareholder as of the date hereof, together with all shares of HSB Common Stock over which such Shareholder may acquire beneficial ownership from time to time after the date hereof, in each case that are entitled to vote at such meeting (collectively, the “Owned Shares”), as follows:

(i) in favor of (A) the approval or adoption of the Merger Agreement and the transactions contemplated thereby (including any amendments or modifications of the terms thereof approved by the board of directors of HSB and adopted in accordance with the terms thereof) and (B) the approval of any proposal to adjourn or postpone such meeting to a later date if there are not sufficient votes to approve the Merger Agreement; and

(ii) against (A) any action or agreement that would be reasonably likely to impair the ability of either ABCB or HSB to complete the Merger, or that would otherwise be inconsistent with, prevent, materially impede or materially delay the consummation of the transactions

B-1

contemplated by the Merger Agreement, and (B) other than the transactions contemplated by the Merger Agreement, any proposal that is in favor of or that would facilitate an Acquisition Proposal, without regard to the terms of such proposal.

(b) Each Shareholder further agrees not to vote or execute any written consent to rescind or amend in any manner any prior vote or written consent, as a shareholder of HSB, to approve or adopt the Merger Agreement unless this Agreement shall have been terminated in accordance with its terms.

(c) Each Shareholder represents and warrants and covenants and agrees that, except for this Agreement, such Shareholder (i) has not entered into, and shall not enter into during the Support Period, any voting agreement or voting trust with respect to the Owned Shares and (ii) has not granted, and shall not grant during the Support Period, a proxy, consent or power of attorney with respect to the Owned Shares except any proxy to carry out the intent of this Agreement.

4.No Solicitation. Each Shareholder acknowledges that such Shareholder has received a copy of the Merger Agreement. With respect to any Shareholder that is an officer, director or other Representative of HSB or any Subsidiary of HSB, such Shareholder, in its capacity as a shareholder of HSB, shall not, directly or indirectly, take any action prohibited by Section 5.8 of the Merger Agreement.

5.Transfer Restrictions Prior to Merger. Each Shareholder agrees that it will not, until the HSB Shareholder Approval has been obtained, sell, transfer, assign, tender in any tender or exchange offer, pledge, encumber, hypothecate or similarly dispose of, either voluntarily or involuntarily, or enter into any contract to sell, transfer, assign, pledge, lien, hypothecate or otherwise dispose of, any of such Shareholder's Owned Shares, including the right to vote any Owned Shares, as applicable (a "Transfer"); provided, however, that the following Transfers shall be permitted: (a) Transfers by will or operation of Law (as such term is defined in the Merger Agreement), in which case this Agreement shall bind the transferee; (b) Transfers pursuant to any pledge agreement, subject to the pledgee agreeing in writing, prior to the date of Transfer, to be bound by the terms of this Agreement; (c) Transfers in connection with estate and tax planning purposes, including Transfers to relatives, trusts and charitable organizations, subject to each transferee agreeing in writing, prior to the date of Transfer, to be bound by the terms of this Agreement; and (d) Transfers to one or more Affiliates of such Shareholder, including, but not limited to, any Transfer between such Shareholder and any other fund managed by such Shareholder or an Affiliate of such Shareholder, so long as such transferee, concurrently with such Transfer, agrees to become bound by this Agreement as a "Shareholder."

6.Cooperation. Each Shareholder hereby: (i) authorizes ABCB and HSB to publish and disclose in any disclosure required by the SEC or by Applicable Law or in the Proxy Statement/Prospectus (and, if applicable, the Registration Statement), such Shareholder's identity and ownership of the Owned Shares, the nature of such Shareholder's obligations under this Agreement and any other information that ABCB or HSB reasonably determines is required to be disclosed in connection with the Merger and the transactions contemplated by the Merger Agreement; (ii) agrees to promptly give to ABCB and HSB any information ABCB or HSB may reasonably require for the preparation of any such disclosure documents; and (iii) agrees to promptly notify ABCB and HSB of any required corrections with respect to any information supplied by such Shareholder, if and to the extent that such information shall have become false or misleading in any material respect; provided, however, that this Section 6 shall not require any Shareholder to disclose the identity of, or any information relating to, any investor in such Shareholder or any fund managed by any Affiliate of such Shareholder except to the extent such Shareholder or such fund or Affiliate is permitted to do so by any applicable investment agreement, partnership agreement or other agreement governing any such investor's investment in such Shareholder or any fund managed by any Affiliate of such Shareholder.

7.Representations and Warranties. Each Shareholder represents and warrants to ABCB that:

(a) such Shareholder has all requisite capacity and authority to enter into and perform its obligations under this Agreement;

(b) this Agreement has been duly and validly executed and delivered by such Shareholder and, assuming the due authorization, execution and delivery of this Agreement by ABCB and HSB, constitutes a valid and legally binding agreement of such Shareholder, enforceable against such

Shareholder in accordance with its terms, except to the extent that enforceability may be limited by applicable bankruptcy, insolvency, moratorium or other similar laws affecting the enforcement of creditors' rights generally and subject to the general principles of equity, and no other action that has not already been taken is necessary to authorize the execution and delivery by such Shareholder or the performance of its obligations hereunder;

(c) the execution and delivery of this Agreement by such Shareholder does not, and the performance by such Shareholder of its obligations hereunder and the consummation by such Shareholder of the transactions contemplated hereby will not, violate or conflict with, or constitute a default under, any agreement, instrument, contract or other obligation or any order, arbitration award, judgment or decree to which such Shareholder is a party or by which such Shareholder is bound, or any statute, rule or regulation to which such Shareholder is subject or, in the event that such Shareholder is a corporation, partnership, trust or other entity, any charter, bylaw or other organizational document of such Shareholder;

(d) if such Shareholder is married and any of the Owned Shares constitute community property or spousal approval is otherwise necessary for this Agreement to be legal, binding and enforceable, this Agreement has been (or promptly shall be) duly and validly executed and delivered by, and constitutes a valid and legally binding agreement of, such Shareholder's spouse, enforceable in accordance with its terms;

(e) the Owned Shares as of the date hereof are equal to the number of shares set forth next to such Shareholder's name on Exhibit A hereto; and

(f) except as noted on Exhibit A hereto, such Shareholder has, and at all times during the term of this Agreement shall have, beneficial ownership of, good and valid title to and full and exclusive power to vote, without restriction or limitation, the Owned Shares (other than any such shares that are Transferred in the manner permitted by this Agreement).

8. Waiver of Certain Rights. To the extent permitted by Applicable Law, each Shareholder hereby waives any rights of appraisal or rights to dissent from the Merger or to demand fair value for such Shareholder's Owned Shares in connection with the Merger, in each case, that such Shareholder may have under Applicable Law.

9. Entire Agreement; Assignment. This Agreement is irrevocable. The exhibits hereto are incorporated as a part of this Agreement. This Agreement (and, to the extent referenced herein, the Merger Agreement) constitutes the entire agreement among the parties with respect to the subject matter hereof and supersedes all other prior agreements and understandings, both written and oral, among the parties with respect to the subject matter hereof. Nothing in this Agreement, express or implied, is intended to or shall confer upon any other person any right, benefit or remedy of any nature whatsoever under or by reason of this Agreement. This Agreement shall not be assigned by operation of law or otherwise and shall be binding upon and inure solely to the benefit of each party hereto; provided, however, that the rights under this Agreement are assignable by ABCB or HSB to any successor-in-interest.

10. Remedies/Specific Enforcement. Each of the parties hereto agrees that this Agreement is intended to be legally binding and specifically enforceable pursuant to its terms and that each of ABCB and HSB would be irreparably harmed if any of the provisions of this Agreement are not performed in accordance with their specific terms and that monetary damages would not provide adequate remedy in such event. Accordingly, in the event of any breach or threatened breach by any Shareholder of any covenant or obligation contained in this Agreement, in addition to any other remedy to which ABCB or HSB may be entitled (including monetary damages), each of ABCB and HSB shall be entitled to injunctive relief to prevent breaches of this Agreement and to specifically enforce the terms and provisions hereof. Each Shareholder further agrees that none of ABCB, HSB or any other person or entity shall be required to obtain, furnish or post any bond or similar instrument in connection with or as a condition to obtaining any remedy referred to in this Section 10, and each Shareholder irrevocably waives any right it may have to require the obtaining, furnishing or posting of any such bond or similar instrument. If any legal action or other proceeding is brought against any party hereto to enforce any provision of this Agreement, the prevailing party in such action or proceeding shall be entitled to recover all reasonable expenses relating

B-3

thereto (including reasonable attorneys' fees and expenses, court costs and expenses incident to arbitration, appellate and post-judgment proceedings) from the party against which such action or proceeding is brought, in addition to any other relief to which such prevailing party may be entitled.

11. Governing Law and Enforceability. This Agreement is governed by, and shall be interpreted in accordance with, the laws of the State of Georgia, without regard to any applicable conflict of law principles. If any court determines that the restrictions set forth in this Agreement are unenforceable, then the parties request such court to reform these provisions to the maximum restrictions, term or scope that such court finds enforceable.

13. Individual Obligations; No Liability; Release.

(a) This Agreement is binding on each Shareholder that executes this Agreement regardless of whether any other Shareholder(s) also executed this Agreement. The obligations of each of the Shareholders under this Agreement are several and not joint, and all references to actions to be taken by the Shareholders, or representations and warranties to be made, under this Agreement refer to actions to be taken or representations and warranties to be made by Shareholders acting severally and not jointly. Except for any liability for claims, losses, damages, liabilities or other obligations arising out of a Shareholder's breach of or inaccuracy in its representations and warranties hereunder or failure to perform its obligations hereunder, ABCB agrees that no Shareholder will be liable for claims, losses, damages, liabilities or other obligations resulting from or relating to the Merger Agreement, including any breach by HSB of the Merger Agreement.

(b) Effective for all purposes as of the Effective Time, and subject in all events to the consummation of the Merger, ABCB, on behalf of itself and its predecessors (including HSB) and its and their officers, directors, managers and equity holders, hereby (i) unconditionally and irrevocably and forever releases and discharges each Shareholder and its past, present and future employees, Affiliates, agents, attorneys, representatives and financial advisors (each, hereinafter referred to as a "Shareholder Released Party" and, collectively, as the "Shareholder Released Parties") of and from, and hereby unconditionally and irrevocably waives, in each and every case only in any such Person's capacity as a Shareholder or beneficial shareholder of HSB, any and all claims, debts, losses, expenses, proceedings, covenants, liabilities, suits, judgments, damages, actions and causes of action, obligations, accounts, and liabilities of any kind or character whatsoever, known or unknown, suspected or unsuspected, in contract, direct or indirect, at law or in equity that such party ever had or now has against any Shareholder Released Party, for or by reason of any matter, circumstance, event, action, inaction, omission, cause or thing whatsoever relating to such Person's ownership of Shares or status as a Shareholder and (ii) expressly waives all rights afforded by any statute which limits the effect of a release with respect to unknown claims. Hamilton State Bancshares, Inc.

1907 Highway 211

Hoschton, GA 30548

Ladies and Gentlemen:

Hamilton State Bancshares, Inc. (“HSB”) and Ameris Bancorp (“ABCB”) are proposing to enter into an Agreement and Plan of Merger (the “Agreement”) pursuant to which HSB will merge with and into ABCB with ABCB being the surviving corporation (the “Merger”). Pursuant to the terms of the Agreement, at the Effective Time, each share of voting and non-voting common stock, \$0.01 par value per share, of HSB (together, “HSB Common Stock”) issued and outstanding immediately prior to the Effective Time, except for certain shares of HSB Common Stock as specified in the Agreement, shall be converted into and shall thereafter represent the right to receive the following consideration, in each case without interest: (i) an amount of cash equal to \$0.93 (the “Per Share Cash Consideration”); and (ii) 0.160 shares of ABCB Common Stock, together with cash in lieu of any fractional shares (the “Per Share Stock Consideration,” and together with the Per Share Cash Consideration, the “Merger Consideration”). Capitalized terms used herein without definition have the meanings assigned to them in the Agreement. The terms and conditions of the Merger are more fully set forth in the Agreement. You have requested our opinion as to the fairness, from a financial point of view, of the Merger Consideration to the holders of HSB Common Stock.

Sandler O’Neill & Partners, L.P. (“Sandler O’Neill”, “we” or “our”), as part of its investment banking business, is regularly engaged in the valuation of financial institutions and their securities in connection with mergers and acquisitions and other corporate transactions. In connection with this opinion, we have reviewed and considered, among other things: (i) a draft of the Agreement, dated January 23, 2018; (ii) certain publicly available financial statements and other historical financial information of HSB that we deemed relevant; (iii) certain publicly available financial statements and other historical financial information of ABCB that we deemed relevant; (iv) internal financial projections for HSB for the years ending December 31, 2018 through December 31, 2021, as provided by the senior management of HSB; (v) publicly available consensus mean analyst earnings per share estimates for ABCB for the years ending December 31, 2017 through December 31, 2019, as well as an estimated long-term earnings per share growth rate for the years thereafter and estimated dividends per share, as provided by the senior management of ABCB; (vi) the pro forma financial impact of the Merger on ABCB based on certain assumptions relating to transaction expenses, purchase accounting adjustments and cost savings, as well as net income projections for HSB for the years ending December 31, 2018 and December 31, 2019 and an estimated long-term earnings growth rate for the years thereafter and ABCB’s acquisition of the remaining portion of US Premium Finance not currently owned by ABCB, as provided by the senior management of ABCB (collectively, the “Pro Forma Assumptions”); (vii) the publicly reported historical price and trading activity for ABCB Common Stock, including a comparison of certain stock market information for ABCB Common Stock and certain stock indices as well as publicly available information for certain other similar companies, the securities of which are publicly traded; (viii) a comparison of certain financial information for HSB and ABCB with similar financial institutions for which information is publicly available; (ix) the financial terms of certain recent business combinations in the bank and thrift industry (on a regional and nationwide basis), to the extent publicly available; (x) the current market environment generally and the banking environment in particular; and (xi) such other information, financial studies, analyses and investigations and financial, economic and market criteria as we considered relevant. We also discussed with certain members of the senior management of HSB the business, financial condition, results of operations and prospects of HSB and held similar discussions with certain members of the senior management of ABCB regarding the business, financial condition, results of operations and prospects of

ABCB.

TABLE OF CONTENTS

In performing our review, we have relied upon the accuracy and completeness of all of the financial and other information that was available to and reviewed by us from public sources, that was provided to us by HSB or ABCB or their respective representatives or that was otherwise reviewed by us, and we have assumed such accuracy and completeness for purposes of rendering this opinion without any independent verification or investigation. We have relied on the assurances of the respective managements of HSB and ABCB that they are not aware of any facts or circumstances that would make any of such information inaccurate or misleading. We have not been asked to and have not undertaken an independent verification of any of such information and we do not assume any responsibility or liability for the accuracy or completeness thereof. We did not make an independent evaluation or perform an appraisal of the specific assets, the collateral securing assets or the liabilities (contingent or otherwise) of HSB or ABCB or any of their respective subsidiaries, nor have we been furnished with any such evaluations or appraisals. We render no opinion or evaluation on the collectability of any assets or the future performance of any loans of HSB or ABCB. We did not make an independent evaluation of the adequacy of the allowance for loan losses of HSB or ABCB, or of the combined entity after the Merger, and we have not reviewed any individual credit files relating to HSB or ABCB. We have assumed, with your consent, that the respective allowances for loan losses for both HSB and ABCB are adequate to cover such losses and will be adequate on a pro forma basis for the combined entity. In preparing its analyses, Sandler O'Neill used internal financial projections for HSB for the years ending December 31, 2018 through December 31, 2021, as provided by the senior management of HSB. In addition, Sandler O'Neill used publicly available consensus mean analyst earnings per share estimates for ABCB for the years ending December 31, 2017 through December 31, 2019, as well as an estimated long-term earnings per share growth rate for the years thereafter and estimated dividends per share, as provided by the senior management of ABCB. Sandler O'Neill also received and used in its pro forma analyses the Pro Forma Assumptions, as provided by the senior management of ABCB. With respect to the foregoing information, the respective senior managements of HSB and ABCB confirmed to us that such information reflected (or, in the case of the publicly available consensus mean analyst earnings per share estimates referred to above, were consistent with) the best currently available projections, estimates and judgments of those respective senior managements as to the future financial performance of HSB and ABCB, respectively, and the other matters covered thereby, and we assumed that the future financial performance reflected in such information would be achieved. We express no opinion as to such information, or the assumptions on which such information is based. We have also assumed that there has been no material change in the respective assets, financial condition, results of operations, business or prospects of HSB or ABCB since the date of the most recent financial statements made available to us. We have assumed in all respects material to our analysis that HSB and ABCB will remain as going concerns for all periods relevant to our analysis. We have also assumed, with your consent, that (i) each of the parties to the Agreement will comply in all material respects with all material terms and conditions of the Agreement and all related agreements, that all of the representations and warranties contained in such agreements are true and correct in all material respects, that each of the parties to such agreements will perform in all material respects all of the covenants and other obligations required to be performed by such party under such agreements and that the conditions precedent in such agreements are not and will not be waived, (ii) in the course of obtaining the necessary regulatory or third party approvals, consents and releases with respect to the Merger, no delay, limitation, restriction or condition will be imposed that would have an adverse effect on HSB, ABCB or the Merger or any related transaction, and (iii) the Merger and any related transactions will be consummated in accordance with the terms of the Agreement without any waiver, modification or amendment of any material term, condition or agreement thereof and in compliance with all applicable laws and other

TABLE OF CONTENTS

requirements. Finally, with your consent, we have relied upon the advice that HSB has received from its legal, accounting and tax advisors as to all legal, accounting and tax matters relating to the Merger and the other transactions contemplated by the Agreement. We express no opinion as to any such matters.

Our opinion is necessarily based on financial, economic, market and other conditions as in effect on, and the information made available to us as of, the date hereof. Events occurring after the date hereof could materially affect this opinion. We have not undertaken to update, revise, reaffirm or withdraw this opinion or otherwise comment upon events occurring after the date hereof. We express no opinion as to the trading value of ABCB Common Stock at any time or what the value of ABCB Common Stock will be once it is actually received by the holders of HSB Common Stock.

We have acted as HSB's financial advisor in connection with the Merger and will receive a fee for our services, a substantial portion of which is contingent upon the closing of the Merger. We will also receive a fee for rendering this opinion, which opinion fee will be credited in full towards the portion of the transaction fee which will become payable to Sandler O'Neill on the day of closing of the Merger. HSB has also agreed to indemnify us against certain claims and liabilities arising out of our engagement and to reimburse us for certain of our out-of-pocket expenses incurred in connection with our engagement. We have not received any fees for any other investment banking services provided to HSB in the two years preceding the date of this opinion. In the two years preceding the date hereof we provided certain investment banking services to, and received fees from, ABCB. Most recently, Sandler O'Neill acted as a co-manager in connection with ABCB's offer and sale of debt securities, which transaction closed in March 2017. In addition, in the ordinary course of our business as a broker-dealer, we may purchase securities from and sell securities to HSB, ABCB and their respective affiliates. We may also actively trade the equity and debt securities of ABCB and its affiliates for our own account and for the accounts of our customers.

Our opinion is directed to the Board of Directors of HSB in connection with its consideration of the Agreement and the Merger and does not constitute a recommendation to any shareholder of HSB as to how any such shareholder should vote at any meeting of shareholders called to consider and vote upon the approval of the Agreement and the Merger. Our opinion is directed only to the fairness, from a financial point of view, of the Merger Consideration to the holders of HSB Common Stock and does not address the underlying business decision of HSB to engage in the Merger, the form or structure of the Merger or any other transactions contemplated in the Agreement, the relative merits of the Merger as compared to any other alternative transactions or business strategies that might exist for HSB or the effect of any other transaction in which HSB might engage. We also do not express any opinion as to the fairness of the amount or nature of the compensation to be received in the Merger by any officer, director or employee of HSB or ABCB, or any class of such persons, if any, relative to the compensation to be received in the Merger by any other shareholder. This opinion has been approved by Sandler O'Neill's fairness opinion committee. This opinion shall not be reproduced without Sandler O'Neill's prior written consent; provided, however, Sandler O'Neill will provide its consent for the opinion to be included in regulatory filings to be completed in connection with the Merger. Based upon and subject to the foregoing, it is our opinion that, as of the date hereof, the Merger Consideration is fair to holders of HSB Common Stock from a financial point of view.

Very truly yours,

(d)

The jurisdiction of the court in which the proceeding is commenced under subsection (b) of this Code section is plenary and exclusive. The court may appoint one or more persons as appraisers to receive evidence and recommend decision on the question of fair value. The appraisers have the powers described in the order appointing them or in any amendment to it. Except as otherwise provided in this chapter, Chapter 11 of Title 9, known as the "Georgia Civil Practice Act," applies to any proceeding with respect to dissenters' rights under this chapter.

(e)

Each dissenter made a party to the proceeding is entitled to judgment for the amount which the court finds to be the fair value of his shares, plus interest to the date of judgment.

§14-2-1331 Court costs and counsel fees.

(a)

The court in an appraisal proceeding commenced under Code Section 14-2-1330 shall determine all costs of the proceeding, including the reasonable compensation and expenses of appraisers appointed by the court, but not including fees and expenses of attorneys and experts for the respective parties. The court shall assess the costs against the corporation, except that the court may assess the costs against all or some of the dissenters, in amounts the court finds equitable, to the extent the court finds the dissenters acted arbitrarily, vexatiously, or not in good faith in demanding payment under Code Section 14-2-1327.

(b)

The court may also assess the fees and expenses of attorneys and experts for the respective parties, in amounts the court finds equitable:

(1)

Against the corporation and in favor of any or all dissenters if the court finds the corporation did not substantially comply with the requirements of Code Sections 14-2-1320 through 14-2-1327; or

(2)

Against either the corporation or a dissenter, in favor of any other party, if the court finds that the party against whom the fees and expenses are assessed acted arbitrarily, vexatiously, or not in good faith with respect to the rights provided by this article.

(c)

If the court finds that the services of attorneys for any dissenter were of substantial benefit to other dissenters similarly situated, and that the fees for those services should not be assessed against the corporation, the court may award to these attorneys reasonable fees to be paid out of the amounts awarded the dissenters who were benefited.

§14-2-1332 Limitation of actions.

No action by any dissenter to enforce dissenters' rights shall be brought more than three years after the corporate action was taken, regardless of whether notice of the corporate action and of the right to dissent was given by the corporation in compliance with the provisions of Code Section 14-2-1320 and Code Section 14-2-1322.

Summary of Significant Accounting Policies

(a)

Nature of Operations

Hamilton State Bancshares, Inc. (the Parent Company) is a bank holding company whose principal activity is the ownership and management of its wholly owned subsidiary, Hamilton State Bank (the Bank). Additionally, certain assets of the Bank, primarily branch locations and other real estate owned, are owned by wholly owned subsidiaries of the Bank. In addition to the Bank, Auto Finance South LLC (Auto Finance) is a subsidiary of the Parent Company. Auto Finance began operations in the second quarter of 2016 and is primarily involved in purchasing automobile loans at a discount. Both the Bank and Auto Finance are included in the consolidated financial statements. Collectively, Hamilton State Bancshares, Inc. and its subsidiaries are hereafter referred to as the “Company.” The Bank is a community-oriented commercial bank with emphasis on both retail and commercial banking. The Bank offers such customary banking services as consumer and commercial checking accounts, savings accounts, mortgages, certificates of deposit, commercial and consumer loans, money transfers and a variety of other banking services. As of December 31, 2017, the Bank had 28 banking offices located in the Georgia cities of Acworth, Braselton, Canton, Cartersville, Cumming, Dallas, Douglasville, Ellenwood, Gainesville, Hoschton, Jackson, Jefferson, Lithia Springs, Locust Grove, Marietta, McDonough, Monticello, Oakwood, Smyrna, Stockbridge, and Woodstock. The Bank conducts its banking activities primarily in Barrow, Bartow, Butts, Cherokee, Cobb, Douglas, Forsyth, Gwinnett, Hall, Henry, Jackson, Jasper, Paulding and surrounding counties.

The Company is a bank holding company registered with the Board of Governors of the Federal Reserve System (the Federal Reserve) and the Georgia Department of Banking and Finance (the Georgia Department). The Bank is a state bank incorporated under the laws of Georgia and is subject to federal and state laws and regulations. The Company is under the supervision and examination of its primary regulators: the Georgia Department, the Federal Reserve, and the Federal Deposit Insurance Corporation (FDIC).

(b)

Basis of Presentation and Accounting Estimates

The consolidated financial statements include the accounts of the Company and the Bank. Significant intercompany transactions and balances have been eliminated in consolidation. All amounts presented in the consolidated financial statements are in thousands except for per share data unless otherwise noted.

In preparing the consolidated financial statements in conformity with U.S. generally accepted accounting principles (GAAP), management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities as of the balance sheet date and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(c)

Acquisition Accounting

The Company acquired all of the outstanding common stock of Highland Commercial Bank on August 31, 2015 and Cherokee Banking Company, Inc. on February 17, 2014 (both non-covered acquisitions) and the significant assets and liabilities of Bartow County Bank (Bartow) on April 15, 2011, McIntosh State Bank (McIntosh) on June 17, 2011, First State Bank (FSB) on January 20, 2012 and Douglas County Bank (DCB) on April 26, 2013 (collectively, the Covered Acquisitions). The Covered Acquisitions were all FDIC assisted transactions. The expiration dates for the covered transactions for non-single family (NSF) and single family residence (SFR) are as follows:

	NSF	SFR
Bartow	Expired	June 30, 2021
McIntosh	Expired	June 30, 2021
FSB	Expired	March 31, 2022

DCB June 30, 2018 N/A

E-8

TABLE OF CONTENTS

The Company accounts for business combinations under the acquisition method of accounting. Assets acquired and liabilities assumed are measured and recorded at fair value at the date of acquisition, including identifiable intangible assets. If the fair value of net assets acquired exceeds the fair value of the consideration paid, a bargain purchase gain is recognized at the date of acquisition. Conversely, if the consideration paid exceeds the fair value of the net assets acquired, goodwill is recognized at the acquisition date. Fair values are subject to refinement for up to a maximum of one year after the closing date of an acquisition as information relative to closing date fair values, which could have reasonably been known as of the closing date, becomes available.

The determination of the fair value of loans acquired takes into account credit quality deterioration and probability of loss; therefore, the related allowance for loan losses previously recorded by the acquired institution is not carried forward. The Company has further segregated acquired loans into two separate categories: (1) loans receivable-covered and (2) loans receivable-noncovered. Loans receivable-covered refers to loans covered under a FDIC loss-share agreement and loans receivable-noncovered refers to those acquired loans not covered under a FDIC loss-share agreement. At June 30, 2016, the NSF loss share agreement expired for the Bartow and McIntosh acquisitions and at March 31, 2017, the NSF loss share agreement expired for FSB. Due to this, the remaining loans that were covered under those loss share agreements were transferred from covered to noncovered loans. In the Day 1 Accounting, an adjustment of the unpaid principal balance to reflect an appropriate market rate of interest, given the risk profile and grade is assigned to each loan. This adjustment is accreted into earnings as a yield adjustment, using the effective yield method, over the remaining life of each loan.

Liabilities are also recognized separately to record at fair market value certain time deposits that had contractual interest rates that were different from the prevailing market interest rates at the time of acquisition. The time deposit intangibles are reflected in “Deposits — Time under \$250” and “Deposits — Time over \$250” in the accompanying consolidated balance sheets and are accreted to interest expense over the remaining applicable terms of the time deposits to which they apply.

Identifiable intangible assets are recognized separately if they arise from contractual or other legal rights or if they are separable (i.e., capable of being sold, transferred, licensed, rented, or exchanged separately from the entity). The related depositor relationship intangible assets, known as the core deposit intangible assets, may be exchanged in observable exchange transactions. As a result, the core deposit intangible asset is considered identifiable, because the separability criterion has been met.

An FDIC indemnification asset is recognized when the FDIC contractually indemnifies, in whole or in part, the Company for a portion of credit losses of acquired covered loan portfolios and losses on covered other real estate owned up to certain specified thresholds. The recognition and measurement of an indemnification asset is based on the related indemnified items. The Company recognizes an indemnification asset at the same time that the indemnified item is recognized and measures it on the same basis as the indemnified items, subject to collectability or contractual limitations on the indemnified amounts.

Under FDIC loss-sharing agreements, the Company may be required to return a portion of cash received from the FDIC in the event that losses do not reach a specified threshold, based on the initial discount less cumulative servicing costs for the covered assets acquired. Such liabilities are referred to as clawback liabilities and are considered to be contingent consideration, as they require the return of a portion of the initial consideration in the event that certain contingencies are met. For the year ended December 31, 2017, the Company recorded an additional \$298 thousand in clawback liabilities related to the acquisitions of McIntosh, FSB and DCB. For the year ended December 31, 2016, the Company recorded an overall reduction of \$2.2 million in clawback liabilities related to the acquisitions of McIntosh, FSB and DCB. A portion of the reduction in 2016 was based on a true-up calculation by a third party consultant in the amount of \$2.6 million, which was off-set by accretion and re-yield adjustments.

(d)

Cash and Cash Equivalents

For purposes of reporting consolidated cash and cash equivalents, the balance includes cash on hand, cash items in process of collection, amounts due from banks, interest-bearing deposits in other banks, and federal funds sold.

TABLE OF CONTENTS

The Bank is required at times to maintain average balances in cash with the Federal Reserve Bank. The reserve balances required to be held at the Federal Reserve Bank were \$2.7 and \$2.8 million as of December 31, 2017 and 2016, respectively.

(e)
Securities Purchased under Agreements to Resell and Securities Sold under Agreements to Repurchase

The Company employs various strategies designed to maintain and improve net interest income including short-term investments such as securities purchased under agreements to resell when they have a return advantage over other investment options and it is consistent with the Company's liquidity strategy to do so. These agreements are generally on an overnight basis and are carried at contractual amounts plus any accrued interest. These agreements may result in credit exposure in the event the counterparty to the transaction is unable to fulfill its contractual obligations.

Transfers of financial assets are accounted for as sales when control over the assets (i.e., loans or investment securities) has been surrendered. Control over transferred assets is deemed to be surrendered when (i) the assets have been isolated from the Company, (ii) the transferee obtains the right, free of conditions that constrain it from taking advantage of that right, to pledge or exchange the transferred assets, and (iii) the Company does not maintain effective control over the transferred assets through an agreement to repurchase them before their maturity.

The Company did not have any securities sold under agreements to repurchase at December 31, 2017. As of December 31, 2016, securities sold under agreements to repurchase were offered to one cash management customer as an automated, collateralized investment account and were classified as secured borrowings.

(f)
Securities

At December 31, 2017 and 2016 all investment securities were classified as available for sale or held to maturity. Securities classified as available for sale are recorded at fair value with unrealized gains and losses excluded from earnings and reported in accumulated other comprehensive income (loss), net of the related deferred tax effect. Purchase premiums and discounts are recognized in interest income using the interest method over the terms of the securities. Gains and losses on the sale of securities are recorded on the trade date and are determined using the specific-identification method. Securities available for sale are used as part of the Company's interest rate risk management strategy and may be sold in response to changes in interest rates, prepayment factors, and other factors. Securities classified as held to maturity are carried at amortized cost. Purchase premiums and discounts are recognized in interest income using the interest method over the terms of the securities. Securities held to maturity may not be sold. Typically, Management determines the appropriate classification of securities at the time of purchase. During the first quarter of 2014, approximately \$172.6 million of securities available for sale were reclassified as securities held to maturity. See note 2 for further discussion of this reclassification. The Company currently has no securities classified as trading.

Management evaluates all investments for other-than-temporary impairments on a quarterly basis, and more frequently when economic or market conditions warrant such evaluation. Impairment is considered to not be other-than-temporary if (a) it is not credit-related (b) the Company does not have the intent to sell a debt security prior to recovery and (c) it is more likely than not that it will not have to sell the debt security prior to recovery. When an entity does intend to sell the security, or it is more likely than not the entity will have to sell the security before recovery of its cost basis, it will recognize the credit component of an other-than-temporary impairment of a debt security in earnings and any remaining portion in other comprehensive loss.

Loans Receivable, Acquired

Acquired loans are accounted for under the acquisition method of accounting. The Company has further segregated acquired loans into covered and noncovered loans. Covered loans represent the loans that are subject to a loss share arrangement with the FDIC, which indemnifies and reimburses the Company for a portion of the losses incurred on the covered loans. Covered and noncovered loans acquired via FDIC assisted transactions are collectively referred to as "FDIC Assist loans". Noncovered loans

TABLE OF CONTENTS

acquired via open bank transactions are collectively referred to as “Open Bank loans.” Noncovered loans are not subject to a loss share agreement. When a loss share agreement expires the remaining loans that are covered by the loss share agreement are transferred from covered loans to noncovered loans. The acquired loans are recorded at their estimated fair values as of the acquisition date. Fair value of acquired loans is determined using a discounted cash flow model based on assumptions regarding the amount and timing of principal and interest payments, estimated prepayments, estimated default rates, estimated loss severity in the event of defaults, current market rates, and collateral values. Estimated credit losses are included in the determination of fair value; therefore, an allowance for loan losses is not recorded on the acquisition date.

The Company accounts for Open Bank Loans with “pass” risk grades (1-5 on a 9 point scale), which are recorded at their estimated fair values at acquisition with the resulting premiums or discounts, if any, accreted over the remaining term of the loan as an adjustment to the related loan’s yield.

An acquired loan is considered impaired when there is evidence of credit deterioration since origination and it is probable at the date of acquisition that the Company would be unable to collect all contractually required payments. The Company has elected to account for FDIC Assist loans as impaired loans by association. Open Bank loans were individually determined for impairment at acquisition. For FDIC Assist loans, only revolving credit agreements such as home equity lines are excluded from acquired impaired loan accounting requirements.

For acquired impaired loans, the Company (a) calculates the contractual amount and timing of undiscounted principal and interest payments (the undiscounted contractual cash flows) and (b) estimates the amount and timing of undiscounted expected principal and interest payments (the undiscounted expected cash flows). The difference between the undiscounted contractual cash flows and the undiscounted expected cash flows is the nonaccretable yield. The nonaccretable yield represents an estimate of the loss exposure of principal and interest related to the acquired impaired loan portfolio and such amount is subject to change over time based on the performance of such loans.

The excess of undiscounted expected cash flows at acquisition over the initial fair value of acquired impaired loans is referred to as the “accretable yield” and is recorded as interest income over the estimated life of the loans using the effective yield method if the timing and amount of the future cash flows is reasonably estimable. Cash flows are initially determined based on contractual cash flows, term assumptions related to timing, loan performance, and various other factors. The accretable yield is accounted for and included in interest income on loans within the statements of income and cash flows. Improvements in expected cash flows over those originally estimated increase the accretable yield and are recognized as interest income prospectively. Decreases in the amount and changes in the timing of expected cash flows compared to those originally estimated decrease the accretable yield and usually result in a provision for loan losses and the establishment of an allowance for loan losses. The carrying value of acquired impaired loans is reduced by payments received, both principal and interest, and increased by the portion of the accretable yield recognized as interest income.

The Company aggregates most acquired impaired loans into pools of loans with common credit risk characteristics such as loan and collateral type. To establish accounting pools of acquired impaired loans, loans are first categorized by similar purpose and collateral. Loan pools are initially booked at the aggregate fair value of the loan pool constituents, based on the present value of the Company’s expected cash flows from the loans. An acquired loan will be removed from a pool of loans if the loan is sold, foreclosed, or payment is received in full satisfaction of the loan. The acquired loan will be removed from the pool at its carrying value. If an individual acquired loan is removed from a pool of loans, the difference between its relative carrying amount and the fair value of any consideration received will be recognized as interest income, net of the amount due to the FDIC. Pursuant to the FSB acquisition, separate loan pools were established for purchased credit impaired loans and those other acquired loans treated as impaired “by analogy.” This treatment was not applied with respect to the Bartow, McIntosh and DCB acquisitions.

As required, the Company periodically reestimates the expected cash flows to be collected over the life of the acquired impaired loan pools. If, based on current information and events, it is probable that the Company will be unable to collect all cash flows expected at acquisition plus additional cash flows expected to be collected arising from changes in estimate after acquisition, the acquired loan pools are considered impaired. The decrease in the expected cash flows reduces the carrying value of the acquired loan pools, to

TABLE OF CONTENTS

maintain a stable accretable yield and results in the establishment of an allowance for loan losses which is recorded through a combination of a charge to the provision for loan losses and an increase in the FDIC indemnification asset if the decrease occurs on a covered pool. If, based on current information and events, it is probable that there is a significant increase in the cash flows previously expected to be collected or if actual cash flows are significantly greater than cash flows previously expected, the Company will reduce the allowance for loan losses established on the acquired impaired loans for the increase in the present value of cash flows expected to be collected, if an allowance has been established post acquisition. The increase in the expected cash flows for the acquired impaired loans over those originally estimated at acquisition increases the carrying value of the acquired loan pools over time through an increase in accretable yield on the loan pool and (1) a reduction in the accretion rate on the FDIC indemnification asset when the present value of undiscounted cash flows exceeds the FDIC indemnification assets recorded on the Company's books, if it occurs on a covered pool or (2) an increase in amortization expense when the present value of undiscounted cash flows is less than the FDIC indemnification assets recorded on the Company's books. An increase in the accretable yield on the loans is recognized as interest income over the remaining average life of the acquired loans if it occurs on a covered pool.

Individual loans in the acquired impaired loan pools are generally considered accruing and performing loans as the loans accrete interest income over the estimated life of the loan when expected cash flows are reasonably estimable. Accordingly, acquired impaired loans that are contractually past due are still considered to be accruing and performing loans and disclosed as "current." If the timing and amount of cash flows is not reasonably estimable, the loans in a pool may be classified as nonaccrual loans and interest income may be recognized on a cash basis or as a reduction of the principal amount outstanding.

When the Company records a charge off on an acquired loan, the charge off is first recorded against the nonaccretable yield. Once the nonaccretable yield is exhausted, the Company records any additional charge offs against the allowance for loan loss for the pool to which it is assigned.

(h)

Loans Receivable, Originated

Loans originated by the Company that management has the intent and ability to hold for the foreseeable future, or until maturity or payoff, are reported at their outstanding principal balances less deferred fees, origination costs and charge-offs. Interest income is accrued on the outstanding principal balance. Loan fees, net of certain origination costs, are deferred and amortized on a straight-line basis over the lives of the respective loans, which approximates the effective-interest method.

Accrual of interest is discontinued on a loan when management believes, after considering economic and business conditions and collection efforts, that the borrower's financial condition is such that collection of principal or interest in full is doubtful or if the loan is 90 days past due. When a loan is placed on nonaccrual status, previously accrued and uncollected interest is charged against interest income on loans. Generally, payments received on nonaccrual loans are applied to principal. Loans are returned to accrual status when all the principal and interest amounts contractually due are brought current and future payments of principal and interest are reasonably assured.

A loan is considered impaired when it is probable, based on current information and events, the Company will be unable to collect all principal and interest payments due in accordance with the contractual terms of the loan agreement. Additionally, all loans modified as part of a troubled debt restructuring (TDR) are considered to be impaired as well. Factors considered by management in determining impairment include payment status, collateral value, and the probability of collecting scheduled principal and interest when due. Loans are reviewed on an individual basis. Impaired loans are measured by the present value of expected future cash flows discounted at the loan's effective interest rate, the loan's obtainable market price, or the fair value, less disposition costs of the collateral if the loan is collateral dependent. Interest on accruing impaired loans is recognized only if such loans do not meet the criteria for nonaccrual status, which generally means they are a performing TDR or they are well secured and in the process of collection.

When a borrower is experiencing financial difficulties, the Company may, in order to assist the borrower in repaying the principal and interest owed to the Company, make certain modifications to the borrower's loan. All loan modifications and renewals are evaluated for TDR classification. A TDR is

TABLE OF CONTENTS

defined as a modification with a borrower that is experiencing financial difficulties, and the Company has granted a financial concession it would not normally make. The concession is either granted through an agreement with the customer or imposed by a court of law. Concessions include modifying original loan terms to reduce or defer cash payments required as part of the loan agreement, including but not limited to one of the following:

- A reduction of the stated interest rate for a period of time deemed appropriate by the Company
- Modify the loan to an interest only loan for a period of time deemed appropriate by the Company
- Extension of the maturity date or dates under terms not consistent with new debt with similar risk characteristics
- Reduction in the remaining principal amount owed or maturity amount of the debt as stated in the agreement
- Reduction of accrued interest receivable on the debt

In its determination of whether the customer is experiencing financial difficulties, the Company considers numerous indicators, including, but not limited to the following:

- Whether the customer is currently in default on its existing loan, or is in an economic or legal position where it is probable the customer will be in default on its loan in the foreseeable future without a modification
- Whether the customer has declared or is in the process of declaring bankruptcy
- Whether there is substantial doubt about the customer's ability to continue as a going concern
- Whether, based on its projections of the customer's current capabilities, the Company believes the customer's future cash flows will be insufficient to service the debt, including interest, in accordance with the contractual terms of the existing agreement for the foreseeable future
- Whether, without modification, the customer cannot obtain sufficient funds from other sources at an effective interest rate equal to the current market rate for similar debt for a nontroubled debtor

The amount of impairment on a TDR, if any, is determined in accordance with ASC 310-10-35, Accounting by Creditors for Impairment of a Loan.

- (i)
Allowance for Loan Losses, Acquired Loans

The majority of acquired loans have been accounted for under ASC 310-30, whereby the Company is required to periodically reestimate the expected cash flows on the loans. For purposes of applying the guidance under ASC 310-30, the Company grouped most acquired impaired loans into pools based on common risk characteristics. Generally, a decline in expected cash flows for a pool of loans is referred to as impairment and results in an increase in the allowance for loan losses, which is achieved through a charge to provision expense for loan loss, along with an

increase in the FDIC indemnification asset to the extent the loan is covered under a loss sharing agreement.

Improvement in expected cash flows for a pool of loans results first in a reversal of previously recorded allowances, if any, and then prospectively as an adjustment to the yield on the loans. Correspondingly, aggregate increases in the credit quality and cash flows of loans decrease the value of the FDIC shared loss agreements that give rise to the FDIC indemnification asset, resulting in a decrease in amount of FDIC indemnification assets over the remaining life of the loss share agreement. Loss assumptions used in the basis of the indemnified loans are consistent with the loss assumptions used to measure the FDIC indemnification asset. For loans accounted for under ASC 310-30, expected cash flows are re-estimated periodically during the year, with any decline in expected cash flows recorded as noted above. These cash flow evaluations are inherently subjective, as they require material estimates, all of which may be susceptible to significant change.

Loans acquired that are not considered purchase credit impaired, are accounted for under ASC 310-20. Discounts created when the loans were recorded at their estimated fair values at acquisition are accreted over the remaining term of the loan as an adjustment to the related loan's yield. The accrual of interest income is discontinued when the collection of a loan or interest, in whole or in part, is doubtful. At such

E-13

TABLE OF CONTENTS

time when the outstanding contractual amount of one of these loans, net of this credit related discount, exceed the contractual cash flows less any losses inherent in these loans, an allowance for loan losses for the loans will be established through a charge to provision expense, along with an increase in the FDIC indemnification asset to the extent the loan is covered under a loss sharing agreement. Improvement in the credit quality does not impact amortization or accretion of any premium or discount previously recognized on a loan accounted for under ASC 310-20.

(j)

Allowance for Loan Losses, Originated Loans

The allowance for loan losses is established for losses inherent in the portfolio as of the reporting date through a provision for loan losses charged to expense. Loans are charged-off against the allowance for loan losses when management believes that the collection of the principal is unlikely. The allowance represents an amount that, in management's judgment, will be adequate to absorb probable incurred losses as of the reporting date on existing loans that become uncollectible. Loans confirmed as uncollectible are charged-off and deducted from the allowance; recoveries on loans previously charged-off are credited back to the allowance.

The allowance for loan losses is evaluated on a regular basis by management and is based upon management's periodic review of the uncollectibility of loans in light of historical experience, the nature and volume of the loan portfolio, overall portfolio quality, review of specific problem loans, current economic conditions that may affect the borrower's ability to pay, estimated value of any underlying collateral and prevailing economic conditions. This evaluation is inherently subjective, as it requires estimates that are susceptible to significant revision as more information becomes available. This evaluation does not include the effects of expected losses on specific loans or groups of loans that are related to future events or changes in economic conditions. While management uses the best information available to make its evaluation, future adjustments to the allowance may be necessary if there are significant changes in economic conditions. In addition, regulatory agencies, as an integral part of their examination process, periodically review the Company's allowance for loan losses, and may require the Company to make additions to the allowance based on their judgment about information available to them at the time of their examinations.

The allowance consists of specific and general components. Each of these components calls for the use of estimates and judgments. The specific component is determined in accordance with ASC 310-30-35, which relates to loans that are classified as impaired. For such loans that are classified as impaired, an allowance is established when the discounted cash flows, collateral value, or observable market price of the impaired loan is lower than the carrying value of that loan. For loans that are not considered impaired, a general allowance for loan losses is determined based upon loss estimation factors where the loan portfolio is segmented into cohorts by product type, and loan loss is empirically estimated using loan level performance data for average monthly risk grade migrations and charge-offs. Key assumptions of the migration-based model are the look back period of 84 months over which risk migration is observed; the loss emergence period, estimating the length of time in which the loss becomes evident, and; qualitative environmental factors that reflect changes in the collectability of loans not captured in historical loss data. Qualitative environmental factors include consideration of the following: levels of and trends in charge-offs and recoveries; migration of loans to the classification of special mention, substandard or doubtful; trends in volume and terms of loans; effects of any change in risk selection and underwriting standards; other changes in lending policies, procedures, and practices; experience, ability and depth of lending management and other relevant staff; national and local economic trends and conditions; industry conditions; and effects of changes in credit concentration.

Other Real Estate Owned-Covered

All other real estate initially acquired in a FDIC-assisted acquisition that is subject to a FDIC loss-share agreement is reported at fair value separately in the Company's consolidated balance sheets as other real estate owned-covered. Other real estate owned-covered is reported exclusive of expected reimbursement cash flows from the FDIC, which are included in the FDIC indemnification assets. Foreclosed covered loan collateral subsequent to the acquisition date is transferred into covered other real estate at the collateral's net realizable value, less estimated selling costs.

TABLE OF CONTENTS

Other real estate-covered is initially recorded at its estimated fair value on the acquisition date or foreclosure date based on similar market comparable valuations less estimated selling costs. Any subsequent valuation adjustments due to declines in fair value are charged to noninterest expense, and are mostly offset by the corresponding increase to the FDIC indemnification asset for the loss reimbursement amount. Any recoveries, net of the amount due to the FDIC, are credited to noninterest income.

(l)

Other Real Estate Owned-Noncovered

Other real estate owned-noncovered refers to real estate associated with loans originated by the Company, which were subsequently foreclosed on, other real estate acquired through an Open Bank transaction, other real estate acquired as part of the Covered Acquisitions that is not subject to a loss-share agreement with the FDIC, or other real estate that was originally under a loss share agreement but has since expired. Other real estate owned-noncovered, acquired through, or in lieu of, loan foreclosure is held for sale and initially recorded at fair value less selling costs. Any write-down to fair value less costs to sell at the time of transfer to other real estate owned is charged to the allowance for loan losses. Subsequent to foreclosure, valuations are periodically performed by outside appraisers and the assets are carried at the lower of carrying amount or fair value less costs to sell. Costs of improvements are capitalized, whereas costs relating to holding other real estate owned and subsequent write-downs to the value are included in other operating expenses. Gains related to the sale of other real estate owned-noncovered is included in noninterest income.

Also included in other real estate owned-noncovered at December 31, 2017 and 2016 was land owned by the Parent Company in the amount of \$437 thousand, which is held for sale.

(m)

FDIC Indemnification Assets and Accretion of Indemnification Assets

The Company accounts for amounts receivable under the FDIC loss share agreements as indemnification assets in accordance with FASB ASC Topic 805, Business Combinations. The FDIC indemnification assets are initially recorded at fair value, based on the expected future cash flows under the FDIC loss share agreements, which are discounted at a risk free rate that is adjusted for uncertainty in the timing of cash flows. The difference between the present value at the acquisition dates and the undiscounted cash flows the Company expects to collect from the FDIC is accreted into noninterest income over the life of each FDIC indemnification asset when the present value of undiscounted cash flows exceeds the FDIC indemnification assets recorded on the Company's books, or amortized into noninterest expenses over the life of each FDIC asset when the present value of undiscounted cash flows is less than the FDIC indemnification assets recorded on the Company's books. The FDIC indemnification assets are presented separately from clawback liabilities due to the FDIC at the termination of the loss share agreements. See note 1(c) to the consolidated financial statements, Acquisition Accounting, for additional information regarding the FDIC clawback liabilities under the loss share agreements.

The FDIC indemnification assets are reduced as loss share claims are submitted to the FDIC. The FDIC indemnification assets are revalued concurrent with the loan cash flow reestimation and adjusted for any changes in expected cash flows based on recent performance and expectations for future performance of covered loans and covered other real estate. These adjustments are measured on the same basis as the related covered loans and covered other real estate. Increases in the estimated cash flow of the covered loans and covered other real estate over those previously expected reduce the accretion (or increase amortization) recognized on the FDIC indemnification assets. For Bartow, McIntosh, FSB and DCB, decreases in the cash flow of the covered loans and covered other real estate under those previously expected result in an increase in the allowance for loan losses, acquired loans and decrease in the carrying value of covered other real estate, which is partially offset by an increase recognized in the FDIC indemnification asset to the extent the loss is covered.

Under the FSB loss share agreement, the FDIC will reimburse the Bank for 80% of the first \$167.0 million in losses arising from covered loans and other real estate, 0% of the next \$37.4 million in losses arising from covered loans and other real estate, and for 80% of any losses above \$204.4 million on covered loans and other real estate. As of December 31, 2017, the Company's actual losses are approximately \$143.0 million, below the \$167.0 million

threshold noted above, and the Company still believes that total losses subject to reimbursement by the FDIC will fall within the range estimated above.

E-15

TABLE OF CONTENTS

Under the Bartow and McIntosh loss share agreements, the FDIC will reimburse the Bank for 80% of the losses arising from covered commercial loans, consumer loans, and other real estate. The DCB loss share agreement excludes the consumer loans acquired. The FDIC will only reimburse the Bank for 80% of losses arising from covered commercial real estate loans and other real estate.

Projected increases and decreases to the amounts to be reimbursed by the FDIC are recorded as an adjustment to the yield of the FDIC indemnification assets and accreted into income over the remaining life of the loans or indemnified period if less. The amount ultimately collected from the FDIC is dependent upon the performance of the underlying covered assets, the passage of time, and claims submitted to the FDIC, which are subject to review and could be adjusted by the FDIC.

(n)

Premises and Equipment

Premises and equipment are carried at cost less accumulated depreciation and amortization. Depreciation is computed using the straight-line method over the shorter of the estimated useful lives or estimated lease terms, including expected lease renewals, of the related assets. When assets are retired or otherwise disposed of, the cost and related accumulated depreciation and amortization are removed from the accounts, and any resulting gain or loss is reflected in operations for the period. The cost of maintenance and repairs which does not improve or extend the useful life of the respective asset is charged to operations as incurred, whereas additions and significant improvements are capitalized. The range of estimated useful lives for premises and equipment are:

Buildings	20 – 40 years
Building improvements	varies, but typically 10 years
Equipment and furniture	3 – 7 years
Software	3 years or life of contract
Leasehold improvements	life of lease; not to exceed life of asset

(o)

Goodwill and Core Deposit Intangibles

Goodwill is established and recorded if the consideration given during an acquisition transaction exceeds the fair value of the net assets received. The Company's current goodwill balance relates to acquisitions made in 2006, 2008 and 2015. Goodwill has an indefinite useful life and is not amortized, but is evaluated annually for potential impairment, or when events or circumstances indicate a potential impairment. The Company first evaluates potential impairment of goodwill by comparing the fair value of the reporting unit to its carrying amount, including goodwill. Any excess of carrying value over fair value would indicate a potential impairment and the Company would proceed to perform an additional test to determine whether goodwill has been impaired and calculate the amount of that impairment. The Company evaluates goodwill for impairment annually and at interim dates if indicators of impairment exist. Goodwill at December 31, 2017 and 2016 totaled \$17.5 million.

Core deposit intangibles (CDI) were acquired in connection with business combinations. The core deposit premium is initially recognized based on a valuation performed as of the transaction date. The CDI is amortized over the average remaining life of the acquired customer deposits. Amortization periods are reviewed annually and assessed for impairment if there are economic, market, industry, or other factors that would suggest the carrying amount of CDI is not recoverable.

There was no impairment of goodwill or CDI in 2017 or 2016.

The carrying amount of the CDI at December 31, 2017 and 2016 was \$1,769 and \$3,078 net of accumulated amortization of \$8,966 and \$7,657, respectively. Amortization expense for the years ended December 31, 2017 and 2016 was \$1,309 and \$1,524, respectively.

TABLE OF CONTENTS

The amortization expense for each of the next five years is as follows:

2018	\$ 883
2019	383
2020	316
2021	118
2022	69

(p)

Federal Home Loan Bank Stock

The Company is required to maintain an investment in capital stock of the Federal Home Loan Bank of Atlanta (FHLB). The stock has no quoted fair value and is carried at cost, which also represents the anticipated redemption value. At its discretion, the FHLB may declare dividends on the stock. Management reviews for impairment based on the ultimate recoverability of the cost basis in the stock through redemption with the FHLB. Management believes there was no impairment of this investment during the periods presented in these financial statements.

(q)

Bank-Owned Life Insurance

The Company acquired existing life insurance policies on certain key executives in the Cherokee Bank acquisition. Bank-owned life insurance (BOLI) is recorded at the amount that can be realized under the insurance contract at the balance sheet date, which is the cash surrender value that is probable at settlement. Increases to cash surrender values are recorded as a component of “other noninterest income” on the consolidated statements of income.

(r)

Mortgage Origination Income

The Company earns mortgage origination income from third-party investors who fund residential mortgage loans for which the Company performs certain loan origination services. Accordingly, the loans are not funded or recorded by the Company, and the income is recorded as it is earned (i.e., when the loan closes).

(s)

Income Taxes

The Company accounts for income taxes using the asset-and-liability method in accordance with income tax accounting guidance (ASC 740, Income Taxes). The income tax accounting guidance results in two components of income tax expense: current and deferred. Current income tax expense reflects taxes to be paid or refunded for the current period by applying the provisions of the enacted tax law to the taxable income or excess of revenues over deductions. Under this method, the net deferred tax asset or liability is based on the tax effects of the differences between the book and tax bases of assets and liabilities, and enacted changes in tax rates and laws are recognized in the period in which they occur.

Deferred income tax expense results from changes in deferred tax assets and liabilities between periods. Deferred tax assets are recognized if it is more likely than not that the deferred tax assets will be realized. Deferred tax assets may be reduced by a valuation allowance if, based on the weight of evidence available, it is more likely than not that some portion or all of an entity’s deferred tax assets will not be realized.

A tax position that meets the more-likely than-not recognition threshold is initially and subsequently measured as the largest amount of tax benefit that has a greater than 50% likelihood of being realized upon settlement with a taxing authority that has full knowledge of all relevant information. The determination of whether or not a tax position has met the more-likely than-not recognition threshold considers the facts, circumstances, and information available at the reporting date and is subject to management’s judgment.

On December 22, 2017, the Tax Cuts and Jobs Act (the TCJA) was signed into law. The effect of the change in tax law is required to be recognized as of the date of enactment, which is officially December 22, 2017. As a result of the timing of the enactment of the TCJA, the Company must include the tax impact in the financial reporting period that

encompasses the enactment date. See Note 9 — Income Taxes for further discussion and impact of the Tax Law.

E-17

The Company's ASC 740 policy is to recognize interest and penalties related to unrecognized tax benefits as a component of income tax expense. Accrued interest and penalties are included within the related tax asset/liability line in the consolidated balance sheet.

Stock Compensation Plans

Stock compensation accounting guidance requires that the compensation cost relating to share-based payment transactions be recognized in financial statements. That cost will be measured based on the grant date fair value of the equity or liability instruments issued. The stock compensation accounting guidance covers a wide range of share-based compensation arrangements including stock options, restricted share plans, performance-based awards, share appreciation rights, and employee share purchase plans.

The stock compensation accounting guidance requires that compensation cost for all stock awards be calculated and recognized over the employees' service period, generally defined as the vesting period. For awards with graded vesting, the Company has elected to recognize compensation cost on a straight-line basis over the requisite service period for the entire award. A Black-Scholes-Merton model is used to estimate the fair value of stock options, while the estimated fair value of the Company's common stock is used for restricted stock awards and stock grants, both determined at the date of grant. For 2017 and 2016, the estimated fair value of the Company's common stock was primarily based on comparable transactions of similar size and geographical located companies.

During the years ended December 31, 2017 and 2016, there were 458,002 and 249,960 shares, respectively, in stock compensation awards granted.

(u)

Net Income Available to Common Stockholders and Earnings Per Share

Basic earnings per share (EPS) is computed by dividing net income available to common shareholders by the weighted average number of common shares outstanding during each period. Diluted earnings per share is computed by dividing net income available to common shareholders by the weighted average number of common shares outstanding during each period, plus potential common shares issuable for stock options, restricted stock units and warrants outstanding, as calculated under the treasury-stock method. The weighted average number of common shares used in the computation of basic earnings per share was 40,318,170 and 40,107,566 for the years ended December 31, 2017 and 2016, respectively. The Company included potential common shares of 1,898,682 and 1,241,362 in the computation of diluted earnings per share for years ended December 31, 2017 and 2016, respectively. Stock options, restricted stock units and warrants totaling 2,118,668 and 2,229,788 for the years ended December 31, 2017 and 2016, respectively, were excluded from diluted shares because including such shares would be antidilutive.

(v)

Other Comprehensive Income (Loss)

Accounting principles generally require that recognized revenue, expenses, gains, and losses be included in net income. Certain changes in assets and liabilities, such as unrealized gains and losses on securities available for sale, are reported net of tax, as a separate component of the equity section of the balance sheet, and such items, along with net income, are components of comprehensive income (loss).

Certain items in the 2016 consolidated financial statements have been reclassified to conform to the presentation adopted in 2017. There was no impact to net income available to common stockholders or equity.

Recently Issued Accounting Standards Update

ASU 2014-09 Revenue from Contracts with Customers. In May 2014, the FASB issued guidance to change the recognition of revenue from contracts with customers. The core principle of the new guidance is that an entity should recognize revenue to reflect the transfer of goods and services to customers in an amount equal to the consideration the entity receives or expects to receive. The guidance will be effective for the Company for reporting periods beginning after December 15, 2017. The Company will apply the guidance using a modified retrospective approach. The Company does not expect these amendments to have a material effect on its financial statements.

ASU 2016-02 Leases. In February 2016, the FASB amended the Leases topic of the Accounting Standards Codification to revise certain aspects of recognition, measurement, presentation, and disclosure of leasing transactions. The amendments will be effective for fiscal years beginning after December 15, 2018. Early adoption is permitted. We do not expect a material change to the timing of expense recognition, but will continue to evaluate the impact.

ASU 2016-13 Financial Instruments — Credit Losses. In June 2016, the FASB issued guidance to change the accounting for credit losses and modify the impairment model for certain debt securities. The amendments will be effective for the Company for reporting periods beginning after December 15, 2020. Early adoption is permitted for all organizations for periods beginning after December 15, 2018. The Company is currently evaluating the effect that implementation of the new standard will have on its financial position, results of operations, and cash flows.

ASU 2016-15 Statement of Cash Flows. In August 2016, the FASB amended the Statement of Cash Flows topic of the Accounting Standards Codification to clarify how certain cash receipts and cash payments are presented and classified in the statement of cash flows. The amendments will be effective for the Company for fiscal years beginning after December 15, 2017. Early adoption is permitted. The Company does not expect these amendments to have a material effect on its financial statements.

ASU 2017-04 Simplifying the Test for Goodwill Impairment. In January 2017, the FASB amended the Goodwill and Other Topic of the Accounting Standards Codification to simplify the accounting for goodwill impairment for public business entities and other entities that have goodwill reported in their financial statements and have not elected the private company alternative for the subsequent measurement of goodwill. The amendment removes Step 2 of the goodwill impairment test. A goodwill impairment will now be the amount by which a reporting unit's carrying value exceeds its fair value, not to exceed the carrying amount of goodwill. The effective date and transition requirements will be effective for the Company for reporting periods beginning after December 15, 2020. Early adoption is permitted for interim or annual goodwill impairment tests performed on testing dates after January 1, 2017. The Company does not expect these amendments to have a material effect on its financial statements.

ASU 2017-12 Derivatives and Hedging. In August 2017, the FASB amended the requirements of the Derivatives and Hedging Topic of the Accounting Standards Codification to improve the financial reporting of hedging relationships to better portray the economic results of an entity's risk management activities in its financial statements. The amendments will be effective for the Company for annual periods beginning after December 15, 2018. Early adoption is permitted. The Company does not expect these amendments to have a material effect on its financial statements.

This net unrealized loss is being

At December 31, 2017, the Company owned 89 securities with an aggregate unrealized loss of \$2.2 million. In analyzing the issuers' financial condition, management noted that 35 of these securities are issued or guaranteed by the federal government or its agencies. Mortgage Backed securities accounted for 23 of the securities and are all rated Aaa by Moody's and AA+ by Standard & Poors. There were 30 municipal securities with unrealized losses, of which all continue to pay regularly and are rated from Aaa to A2 by Moody's and/or from A to AAA by Standard & Poors with

the exception of one issue of an Arkansas school district for which the Moody's rating was withdrawn due to Moody's view of the Arkansas Intercept program. Credit reviews have been performed on all municipal bonds and the Company believes there is no significant risk of credit default at this time. There is one corporate bond rated A3 by Moody's and A- by Standard & Poors and has little risk of default in the Company's opinion. The Company continues to perform periodic credit reviews on all corporate bonds. As management did not intend to sell

At December 31, 2016, the Company owned 82 securities with an aggregate unrealized loss of \$2.5 million. Loans Receivable and Allowance for Loan Losses, Originated

For purposes of the disclosures required pursuant to ASC Topic 310, the loan portfolio was disaggregated into segments and then further disaggregated into classes for certain disclosures. A portfolio segment is defined as the level at which an entity develops and documents a systematic method for determining its allowance for loan losses. There are three loan portfolio segments that include commercial, financial, and agricultural; real estate; and consumer and other. A class is generally determined based on the initial measurement attribute, risk characteristics of the loan, and an entity's method for monitoring and assessing credit risk. Commercial, financial, and agricultural is a separate loan segment and class while loan classes within the real estate segment include construction and development, residential, and commercial. Consumer and other is a separate loan segment and class.

The following describe the risk characteristics relevant to each of the portfolio segments.

Commercial, financial, and agricultural — includes loans to finance working capital operations, fixed asset purchases, or other needs for commercial customers. Also included in this category are loans to finance farming operations.

Generally, the primary source of repayment is the cash flow from business operations and activities of the borrower.

Real Estate — includes loans disaggregated into three classes: Construction and development, Residential, and Commercial.

•

Construction and development — includes loans to acquire and improve real estate. Loans in this class include loans for residential development, commercial development, raw land, commercial construction, and residential construction. Generally, the primary source of repayment is the sale of the underlying real estate or refinance into a permanent mortgage.

•

Residential — primarily includes loans to finance 1 – 4 single-family residences. Loans in this class include first mortgages on primary residences, first mortgages on investment properties, junior liens on primary residences, and home equity lines of credit (both first and junior liens). Generally, the primary source of repayment is the borrower's ordinary income.

•

Commercial — primarily includes loans to finance income-producing commercial, farmland, owner occupied commercial real estate, and multifamily properties. Loans in this class include loans for retail centers, hotels, medical and professional offices, single retail stores, industrial buildings, warehouses, and apartments leased generally to local businesses and residents. Generally, the primary source of repayment is dependent upon income generated from the

real estate collateral.

E-23

TABLE OF CONTENTS

Consumer and Other Loan Segments — include loans to individuals, secured by personal property or unsecured, or loans to government entities. Loans in this category include loan for autos, unsecured notes, overdraft lines of credit, and loans to local government entities. Generally, the primary source of repayment is the cash flow from ordinary income of the borrower, tax receipts and other governmental assessments.

Asset Quality

Grading of Loans

Commercial, Financial, Agricultural and Real Estate Loan Segments

The Bank has established a Loan Grading System that consists of nine individual Credit Risk Grades (Risk Grades or RG). The model is based on the risk of default for an individual credit and establishes certain criteria to delineate the level of risk across the nine unique Risk Grades. Risk Grade definitions are as follows:

- Pass Grades (RG 1 – RG 5) — represents groups of loans that are not subject to adverse criticism as defined in regulatory guidance. Loans in these groups exhibit characteristics that represent low to moderate risk measured by a variety of credit risk criteria such as cash flow coverage, debt service coverage, balance sheet leverage, liquidity, management experience, industry position, prevailing economic conditions, support from secondary sources of repayment including guarantors and other credit factors that may be relevant to a specific loan. In general, these loans are supported by properly margined collateral and guarantees of principal parties.
- Special Mention (RG 6) — a loan that is currently performing satisfactorily, but has a potential weakness that if not corrected will lead to a more severe rating. Potential weakness may, if not corrected, weaken the asset or inadequately protect the Bank's position at some future date. Additionally, this grade may include loans where adverse economic conditions that develop subsequent to loan origination substantially increase the level of risk, but do not jeopardize liquidation of the debt.
- Substandard (RG 7) — Loans classified as Substandard must have a well-defined weakness or weaknesses that jeopardize the liquidation of the debt; they are characterized by the distinct possibility that the institution will sustain some loss if the deficiencies are not corrected. The secondary means of repayment do not provide a sufficient level of support to offset the identified weakness but are sufficient to prevent a loss at this time, however, certain of these loans have a specific allowance for loan losses and certain loans in RG 7 have been moved to nonaccrual status.

- Doubtful (RG 8) — Loans classified Doubtful have all the weaknesses inherent in loans classified Substandard, plus the added characteristic that the weaknesses make collection or liquidation in full on the basis of currently existing facts, conditions, and values highly questionable and improbable. However, these loans are not yet rated as loss because certain events may occur which would provide recovery.

E-25

TABLE OF CONTENTS

•
Loss (RG 9) — Loans classified Loss are considered uncollectible and of such little value that their continuance as bankable assets is not warranted. This classification does not mean that the asset has absolutely no recovery or salvage value, but rather that it is not practical or desirable to defer writing off the entire loan even though a partial recovery may occur in the future. Loans in this classification are typically charged off.

By definition, credit risk grades Special Mention (RG 6), Substandard (RG 7), Doubtful (RG 8), and Loss (RG 9) are criticized loans while Substandard (RG 7), Doubtful (RG 8), and Loss (RG 9) are classified loans. The criticized loan definitions are standardized by all bank regulatory agencies. The remaining credit risk grades are considered pass credits and are solely defined by the Bank.

To enhance this process, loans that are rated in one of the classified categories are reviewed no less than quarterly to establish an expectation of loss, if any, and if such examination indicates that the level of reserve is not adequate to cover the expectation of loss, a specific reserve is established, the balance is charged down to market value and/or impairment is generally applied.

Each loan officer assesses the appropriateness of the internal risk rating assigned to the credits on an ongoing basis, which is subsequently submitted to a regional credit officer for review. The Bank utilizes third-party loan reviewers who conduct independent credit quality reviews of a sample of the Bank's originated loan portfolio and adherence to bank loan policy and the loan administration process.

Certain real estate loans made to consumers are not graded. The allowance calculation methodology used for these loans is the same as that used for consumer loans, as discussed in the Consumer and Other Loans segment below.

Consumer and Other Loans Segment

The Bank monitors the levels and severity of past-due consumer loans on a weekly basis through its collection activities. Of the \$98.3 million of loans in this segment, municipal loans make up 94.0%, or \$92.5 million of the pool. Historically, loans to state or local municipalities have been low-risk lending opportunities. The Company has had a good history with lending to municipalities with most loans getting an internal grade of 1 or 2 and none with a grade of higher than four. The allowance calculation methodology still takes these loans into account when determining the amount of the loan allowance.

The allowance calculation methodology delineates the consumer loan portfolio into homogeneous pools of loans that contain similar structure, repayment, collateral and risk profile, which include direct consumer loans, auto finance, credit cards, and overdrafts. The consumer loans are not individually graded; however, for these pools, the bank assigns a proxy risk grade to each loan based upon days past due. Loans that are rated in one of the criticized categories are routinely reviewed to establish an expectation of loss, if any, and if such examination indicates that the level of reserve is not adequate to cover the expectation of loss, a specific reserve or impairment is generally applied. The following tables present the Company's loan balances by class and segment as well as risk rating category as of December 31, 2017 and 2016 for all originated loans:

TABLE OF CONTENTS

No allowance for loan losses was brought forward on any of the acquired loans, as any credit deterioration evident in the loans was included in the determination of the fair value of the loans at the acquisition dates. Updates to expected cash flows for acquired loans accounted for under ASC 310-30 result in a provision for loan losses and the establishment of an allowance for loan losses to the extent the amount and timing of expected cash flows decrease compared to those originally estimated at acquisition. These estimates are calculated on an individual loan pool basis, and any allowances for loan losses are also recorded on a loan pool basis.

Accretable yield represents interest income that will be recorded in future periods. It is the excess of cash flows expected at acquisition over the initial investment in the loan and is recognized in interest income over the remaining life of the loan, or pool of loans.

The accretable yield at December 31, 2017, is estimated to be recognized into interest income in the following periods:

Year:	
2018	\$ 4,698
2019	2,978
2020	1,877
2021	1,120
