Company Performance

We delivered strong financial performance in 2018 as we experienced higher sales and generated higher net income. The Company believes that focusing our portfolio on smart products, or products which contain embedded electronics or logic, will address industry megatrends and have a positive impact on both our top-line growth and underlying margins.

Net sales increased by 5.1% due to higher sales in our Electronics segment, offset by lower sales in our Control Devices and PST segments. Our Electronics segment net sales increased primarily due to an increase in European and North American commercial vehicle and off-highway product sales. Our Control Devices segment net sales decreased primarily as a result of decreased sales volume in the North American automotive market as a result of certain program volume reductions, partially offset by increased sales volume in our commercial vehicle and China automotive markets. Our PST segment net sales decreased primarily due to unfavorable foreign currency translation as well as lower volumes for our audio products and our Argentina aftermarket channel.

Net income increased by \$8.8 million compared to the prior year, which was primarily due to higher sales in our Electronics segment offset by lower sales in our Control Devices and PST segments, and gross margin expansion and improved operational efficiency in our Electronics and PST segments. The Company

also experienced favorable selling, general and administrative costs (SG&A) in 2018 compared to the prior year due to a reduction of expense for the fair value of the earn-out considerations related to our Orlaco and PST acquisitions.

Executive Compensation Highlights

Our executive compensation program is designed to attract, retain, motivate and reward talented executives who advance our strategic, operational and financial objectives and, thereby, enhance shareholder value. The primary objectives of our compensation programs for executive officers are to:

- Attract and retain talented executive officers by providing a compensation package that is competitive with that offered by similarly situated companies;
- Create a compensation structure under which a substantial portion of total compensation is based on achievement of performance goals; and
- Align total compensation with the objectives and strategies of our business and shareholders.

ii

TABLE OF CONTENTS

Key elements of our 2018 compensation program were as follows:

Base Salary. Base salary has been targeted at the 50th percentile of our comparator group.

Annual Incentive Plan (AIP). The 2018 AIP was comprised of consolidated and, where appropriate, divisional financial performance metrics. In addition, there is an individual performance component.

Long-Term Incentive Plan (LTIP). Long-term incentives were awarded under our Long-Term Incentive Plan for 2018 and targeted at approximately the 50th percentile of our comparator group. These awards will vest in three years, weight performance-based share units (Performance Shares) more heavily than time-based restricted share units (RSUs), and are allocated as follows: 25% Performance Shares that vest based on achievement of a three year cumulative earnings per share (EPS) target; 30% Performance Shares that vest based on our Total Shareholder Return (TSR) over a three year period compared to a group of peer companies; and 45% RSUs that vest based on the passage of time.

TABLE OF CONTENTS

PROPOSAL ONE: ELECTION OF DIRECTORS

In accordance with the Company's Amended and Restated Code of Regulations, the number of directors has been fixed at eight. At the Annual Meeting, shareholders will elect eight directors to hold office until our next Annual Meeting of Shareholders and until their successors are elected and qualified. The Board proposes that the nominees identified below be elected to the Board. Jonathan B. DeGaynor has an employment agreement with the Company which provides that during the term of the agreement he shall be entitled to be nominated for election to the Board. At our Annual Meeting, the common shares represented by proxies, unless otherwise specified, will be voted for the election of the eight nominees hereinafter named.

Directors are elected by a plurality of the votes cast at the Annual Meeting. Broker non-votes and abstaining votes will be counted as Present for purposes of determining whether a quorum has been achieved at the Annual Meeting, but will not be counted as For or Withheld from any nominee. Plurality means that the director nominees who receive the greatest number of votes cast are elected, up to the maximum number of directors to be elected at the meeting. The maximum number to be elected is eight. Shares not voted will have no impact on the election of directors. Unless proper voting instructions are to Withhold authority for any or all nominees, the proxy given will be voted For each of the nominees for director.

Majority Voting Principle. Under our Corporate Governance Guidelines, any nominee for director in an uncontested election who receives a greater number of votes Withheld from his or her election than votes For his or her election must promptly offer his or her resignation. The Board's Nominating and Corporate Governance Committee will then consider the resignation and recommend to the Board whether to accept or reject it. The Board will act on the Committee's recommendation within 90 days after the Annual Meeting, and the Board's decision will be publicly disclosed on Form 8-K. Any director who offers his or her resignation may not participate in the Board's discussion or vote.

The director nominees are identified below. If for any reason any of the nominees is not a candidate when the election occurs (which is not expected), the Board expects that proxies will be voted for the election of a substitute nominee designated by the Board. The following information is furnished with respect to each person nominated for election as a director.

Mr. Mayes, 60, has served as a director since 2012. Mr. Mayes currently provides independent business consulting services. Previously, Mr. Mayes served as Executive Vice President and Chief Operating Officer of Diebold, Inc., a provider of integrated self-service delivery and security systems and services, from 2013 to 2015. Prior to that, he served as Executive Vice President of Operations from 2008, as Senior Vice President, Supply Chain Management from 2006 to 2008, and as Vice President, Global Manufacturing upon joining Diebold, Inc. in 2005.

George S. Mayes, Jr.

Mr. Mayes has extensive experience in lean manufacturing and Six Sigma processes and has managed manufacturing facilities in Canada, Mexico, France, Hungary, Brazil, China, Poland, Italy and the United States.

The Company believes that Mr. Mayes should serve as a director because he provides in-depth knowledge of manufacturing theories and operations, business acumen and leadership to the Board, which strengthens the Board's collective qualifications, skills and experience.

Mr. Schlather, 66, has served as a director since 2009. Mr. Schlather currently provides independent business consulting services. Mr. Schlather was a partner at PricewaterhouseCoopers LLP, serving as co-head to the Private Client Service group from August 2002 until his retirement in 2008. Mr. Schlather also serves on the boards of four closely held businesses.

Paul J. Schlather

Mr. Schlather qualifies as an audit committee financial expert due to his extensive background in accounting and finance built through his career in public accounting. In addition to his professional and accounting experience described above, the Company believes that Mr. Schlather should serve as a director because he provides financial analysis and business acumen to the Board, which strengthens the Board's collective qualifications, skills and experience.

PROPOSAL TWO: RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP

The Audit Committee of the Board currently anticipates appointing Ernst & Young LLP (Ernst & Young) as our independent registered public accounting firm for the year ending December 31, 2019. For 2018, Ernst & Young was engaged by us to audit our annual financial statements, assess our internal control over financial reporting and to perform audit-related and tax services. We expect that representatives of Ernst & Young will be present at the Annual Meeting, will have an opportunity to make a statement if they so desire, and are expected to be available to respond to appropriate questions from shareholders.

The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the independent external audit firm retained to audit the Company's financial statements. As a matter of good corporate governance, the Audit Committee requests that shareholders ratify its anticipated selection of Ernst & Young to serve as our independent registered public accounting firm for 2019.

Although ratification by shareholders is not legally required, the Board believes that the submission is an opportunity for the shareholders to provide feedback on an important issue of corporate governance. If our shareholders do not

approve the appointment of Ernst & Young, the appointment of our independent registered public accounting firm will be re-evaluated by the Audit Committee, but will not require the Audit Committee to appoint a different accounting firm. If the selection is not ratified, the Audit Committee will consider whether it is appropriate to select another registered public accounting firm. Even if the selection is ratified, the Audit Committee in its discretion may select a different

independent registered public accounting firm at any time during 2019 if it determines that such a change would be in the best interests of the Company and our shareholders.

Approval of this proposal requires the affirmative vote of a majority of the common shares present in person or by proxy and entitled to be voted on the proposal at our Annual Meeting. Abstentions will have the same effect as votes against the proposal. Broker non-votes will not be considered common shares present and entitled to vote on the proposal and will not have a positive or negative effect on the outcome of this proposal, however, there should be no broker non-votes on this proposal because brokers should have the discretion to vote uninstructed common shares on this proposal.

The Board of Directors recommends that you vote FOR Proposal Two.

Service Fees Paid to the Independent Registered Public Accounting Firm

For the fiscal years ended December 31, 2018 and 2017 we retained Ernst & Young to provide services in the following categories and amounts. The Audit Committee has considered the scope and fee arrangements for all services provided by Ernst & Young, taking into account whether the provision of non-audit-related services is compatible with maintaining Ernst & Young's independence.

	2018	2017
Audit Fees	\$2,291,400	\$2,339,100
Audit Related Fees	3,000	75,900
Tax Fees	357,400	437,800
Total Fees	\$2,651,800	\$2,856,400

Audit Fees. Audit fees include services associated with the annual audit of our consolidated financial statements, the audit of our internal control over financial reporting, the quarterly reviews of the financial statements included in our SEC Form 10-Q filings, international statutory audits and other services that are normally provided by the independent accountants in connection with regulatory filings.

Audit-related fees. Audit related fees include services associated with assurance and related services that are reasonably related to the performance of the audit of the Company's financial statements which included the assistance in financial due diligence related to mergers and acquisitions in 2017.

Tax Fees. Tax fees relate to tax planning, domestic and international tax compliance and tax advice. The decrease in tax fees in 2018 primarily relates to tax due diligence for mergers and acquisitions incurred in 2017, but not incurred in 2018, offset by higher fees related to the 2018 tax reform.

Pre-Approval Policies and Procedures

The Audit Committee's policy is to approve in advance all audit and permitted non-audit services to be performed for the Company by its independent registered public accounting firm. Pre-approval is generally provided for up to one

year, is detailed as to the particular service or category of services and is generally subject to a specific budget. The Audit Committee also pre-approves particular services on a case-by-case basis. In accordance with this policy, the Audit Committee has delegated pre-approval authority to the Chairman of the Audit Committee. The Chairman may pre-approve services and inform the Audit Committee at the next scheduled meeting.

All services provided by Ernst & Young during fiscal year 2018, as noted in the previous table, were authorized and approved by the Audit Committee in compliance with the pre-approval policies and procedures described above.

Audit Committee Report

In accordance with its written charter, the Audit Committee assists the Board in fulfilling its responsibility relating to corporate accounting, our reporting practices, and the quality and integrity of the financial reports and other financial information provided by us to any governmental body or to the public. Management is responsible for the financial statements and the financial reporting process, including assessing the effectiveness of the Company's internal control over financial reporting. The independent registered public accounting firm is responsible for conducting audits and reviews of our financial statements in accordance with standards established by the Public Company Accounting Oversight Board, expressing an opinion on the conformity of the Company's financial statements in accordance with generally accepted accounting principles, and auditing and reporting on the Company's effectiveness of internal controls over financial reporting. The Audit Committee is comprised of five directors, each of whom is independent for audit committee purposes under the listing standards of the NYSE.

In discharging its oversight responsibility as to the audit process, the Audit Committee reviewed and discussed our audited financial statements for the year ended December 31, 2018, with management, including a discussion of the quality, not just the acceptability, of the accounting principles; the reasonableness of significant judgments; and the clarity of disclosures in the financial statements. The Audit Committee also discussed with our independent registered public accounting firm, Ernst & Young, the matters required to be discussed under Public Company Accounting Oversight Board Auditing Standard No. 1301, *Communications with Audit Committees*. The Audit Committee has received the written disclosures and letter from Ernst & Young required by the applicable requirements of the Public Company Accounting Oversight Board regarding Ernst & Young's communication with the Audit Committee concerning independence. The Audit Committee discussed Ernst & Young's independence with Ernst & Young. The Audit Committee also considered whether the provision of non-audit services by Ernst & Young is compatible with maintaining Ernst & Young's independence.

The Audit Committee discussed with our Internal Audit Director and Ernst & Young the overall scope and plans for their respective audits. The Audit Committee also met with the Internal Audit Director and Ernst & Young, with and without management present, to discuss the results of their examinations, their evaluations of our internal controls, and the overall quality of the Company's financial reporting.

Based on the above-referenced review and discussions with management, the Internal Audit Director and Ernst & Young, the Audit Committee recommended to the Board, and the Board approved, that the audited consolidated financial statements for fiscal 2018 be included in the Company's Annual Report on Form 10-K filed with the SEC.

PROPOSAL THREE: SAY-ON-PAY

As required by Section 14A of the Securities Exchange Act of 1934 (the Exchange Act) we provide our shareholders with the opportunity to cast an annual advisory non-binding vote to approve the compensation of our Named Executive Officers as disclosed pursuant to the SEC's compensation disclosure rules (which disclosure includes the Compensation Discussion and Analysis, the compensation tables, and the narrative disclosures that accompany the compensation tables) (a Say-On-Pay proposal). We believe that it is appropriate to seek the views of shareholders on the design and effectiveness of the Company's executive compensation program.

At the Company's 2018 Annual Meeting of Shareholders, 97.5% of the votes cast on the Say-On-Pay proposal voted in favor of the proposal. The Compensation Committee believes this affirmed shareholders' support of the Company's approach to executive compensation.

Our goal for the executive compensation program is to attract, motivate, and retain a talented, entrepreneurial and creative team of executives to provide operational and strategic leadership for the Company's success in competitive markets. We seek to accomplish this goal in a way that rewards performance and is aligned with our shareholders' long-term interests. We believe that our executive compensation program, which emphasizes performance-based compensation and long-term equity awards, satisfies this goal and is strongly aligned with the long-term interests of our shareholders.

Base compensation is aligned to be competitive in the industry in which we operate. Performance-based compensation (cash and equity) represents 44-53% of each executive officer's target compensation opportunity, with long-term incentives representing the largest portion of compensation. Targets for incentive compensation are based on financial performance targets and increasing shareholder value. The Compensation Committee retains the services of an independent compensation consultant to advise the Compensation Committee on competitive compensation and compensation practices.

The Board recommends that shareholders vote FOR the following resolution:

RESOLVED that the compensation paid to the Company's Named Executive Officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.

Because the vote is advisory, it will not be binding upon the Board or the Compensation Committee. The Board and the Compensation Committee value the opinions of our shareholders and will take into account the outcome of the vote when considering future decisions regarding executive compensation.

The affirmative vote of a majority of the common shares present or represented by proxy and voting at the Annual Meeting will constitute approval of this non-binding resolution. If you own common shares through a bank, broker or other holder of record, you must instruct your bank, broker or other holder of record how to vote in order for them to vote your common shares so that your vote can be counted on this proposal. Abstentions will have the same effect as votes against the proposal. Broker non-votes will not be considered common shares present and entitled to vote on this proposal and will not have a positive or negative effect on the outcome of this proposal.

CORPORATE GOVERNANCE

Corporate Governance Documents and Committee Charters

The Company's Corporate Governance Guidelines, Code of Business Conduct and Ethics, Code of Ethics for Senior Financial Officers and the charters of the Board of Directors' Audit, Compensation, and Nominating and Corporate Governance committees are posted on our website at www.stoneridge.com. Written copies of these documents are available without charge to any shareholder upon request. Requests should be directed to Investor Relations at the address listed on the Notice of Annual Meeting of Shareholders.

Corporate Ethics Hotline

We established a corporate ethics hotline as part of our Whistleblower Policy and Procedures to allow persons to lodge complaints about accounting, auditing and internal control matters, and to allow an employee to lodge a concern, confidentially and anonymously, about any accounting and auditing matter. Information about lodging such complaints or making such concerns known is contained in our Whistleblower Policy and Procedures, which is posted on our website at www.stoneridge.com.

Director Independence

The NYSE rules require listed companies to have a Board of Directors comprised of at least a majority of independent directors. Under the NYSE rules, a director qualifies as independent upon the affirmative determination by the Board of Directors that the director has no material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company). The Board has not adopted categorical standards of independence. The Board has determined that the following directors and nominees for election as a director are independent:

Jeffrey P. Draime
Douglas C. Jacobs
Ira C. Kaplan

Kim Korth
William M. Lasky

George S. Mayes, Jr.
Paul J. Schlather

Annual Board and Committee Self Evaluations

Our Corporate Governance guideline requires that the Board and each committee conduct an annual self-evaluation. The self-evaluations are intended to facilitate a candid assessment and discussion by the Board and each committee of its effectiveness as a group in fulfilling its responsibilities. Each year the Board and each committee conducts a self-evaluation/assessment using questionnaires to facilitate the evaluation. The Board and each Committee then reviews a summary of the questionnaires in connection with discussions to determine which areas the Board and Committee would like to focus on during the coming year to enhance its effectiveness.

The Board of Directors' Role in Risk Oversight

It is management's responsibility to manage risk and bring to the Board's attention the most material risks to the Company. The Board has oversight responsibility of the processes established to report and monitor systems for material risks applicable to us. The Audit Committee regularly reviews enterprise-wide risk management, which includes treasury risks (foreign exchange rates, and credit and debt exposures), financial and accounting risks, legal and compliance risks, and other risk management functions. The Compensation Committee considers risks related to the attraction and retention of talent and related to the design of compensation programs and arrangements. The full Board considers strategic risks and opportunities and regularly receives reports from management on risk and from the committees regarding risk oversight in their areas of responsibility.

TABLE OF CONTENTS

The Board of Directors Role in Ethics and Compliance

The Company is committed to a culture of integrity and trust, to conducting all of its business dealings in compliance with applicable federal, state and foreign laws, rules and regulations and to operating with the highest standards of business ethics. To facilitate this, in 2017 the Board established the Compliance and Ethics Committee to assist the Board in overseeing (i) the Company's activities in the areas of corporate responsibility, compliance and ethics, including oversight of the Company's Code of Business Conduct and Stoneridge Integrity Program Charter, and (ii) the Company's compliance with legal and regulatory requirements. Members of the Compliance and Ethics Committee are Ira C. Kaplan, Kim Korth, George S. Mayes, Jr. (chair) and Paul Schlather.

Anti-Hedging Policy

Our Insider Trading Policy prohibits Company directors, officers and key employees covered by the pre-clearance procedures of the Insider Trading Policy from engaging in hedging transactions designed to offset decreases in the market value of the Company's securities, including transactions in put options, call options or other derivative securities, on an exchange or in any other organized market, prepaid variable forwards, equity swaps, collars and exchange funds.

Anti-Pledging Policy

Our Insider Trading Policy prohibits directors, officers and key employees covered by the pre-clearance provisions of the Insider Trading Policy from holding Company securities in a margin account or pledging Company securities as collateral for a loan.

The Board of Directors

In 2018 the Board held six meetings. Each Board member attended at least 75% of the meetings of the Board and of the committees on which he or she serves. Our policy is that directors are required to attend the Annual Meeting of Shareholders. All of our directors attended the 2018 Annual Meeting of Shareholders. Mr. Lasky has been appointed as the lead independent director by the independent directors to preside at the executive sessions of the independent directors. The Board's independent directors meet regularly in executive session. All directors, except Mr. DeGaynor, the Company's President and CEO, are independent.

Leadership of the Board

The Board does not have a formal policy regarding the separation of the roles of CEO and Chairman of the Board as the Board believes it is in the best interest of the Company and our shareholders to make that determination based on the position and direction of the Company and the membership of the Board. At this time, the Board has determined that having an independent director serve as Chairman is in the best interest of the Company and our shareholders. This structure ensures a greater role for the independent directors in the oversight of the Company and active participation of the independent directors in setting agendas and establishing Board priorities and procedures. Further, this structure permits our President and CEO to devote more time focusing on the strategic direction and management of our day-to-day operations.

Committees of the Board

The Board has four standing committees to facilitate and assist the Board in the execution of its responsibilities. These committees are the Audit Committee, the Compensation Committee, the Nominating and Corporate Governance Committee and the Compliance and Ethics Committee. Each member of the Audit, Compensation, Nominating and Corporate Governance and Compliance and Ethics

Committee Chairperson

Audit Committee

This committee held eight meetings in 2018. Information regarding the functions performed by the Audit Committee is set forth in the Audit Committee Report, included in this Proxy Statement. The Board has determined that each Audit Committee member is financially literate under the listing standards of the NYSE. The Board also determined that Mr. Jacobs and Mr. Schlather each qualify as an audit committee financial expert as defined by the SEC rules adopted pursuant to the Sarbanes-Oxley Act of 2002. In addition, under the Sarbanes-Oxley Act of 2002 and the NYSE rules mandated by the SEC, members of the audit committee must have no affiliation with the issuer, other than their Board seat, and receive no compensation in any capacity other than as a director or committee member. Each member of the Audit Committee meets this additional independence standard applicable to audit committee members of NYSE listed companies.

Compensation Committee

This committee held four meetings in 2018. Each member of our Compensation Committee meets the independence requirements of the NYSE, including the enhanced independence requirements applicable to Compensation Committee members under NYSE rules and is a non-employee director under Rule 16b-3 of the Exchange Act. The Compensation Committee is responsible for establishing and reviewing our compensation philosophy and programs with respect to our executive officers; approving executive officer compensation and benefits; recommending to the Board the approval, amendment and termination of incentive compensation and equity-based plans; and certain other compensation matters, including director compensation. Our CEO makes recommendations regarding compensation of other officers to the Compensation Committee. The Compensation Committee can exercise its discretion in modifying any amount presented by our CEO. The Compensation Committee regularly reviews the total compensation obligations to each of our executive officers. During 2018, the Compensation Committee retained Total Rewards Strategies LLC to provide compensation related consulting services. Specifically, the compensation consultant provided relevant market data, current trends in executive and director compensation and advice on program design. In accordance with its charter, the Compensation Committee may delegate power and authority as it deems appropriate for any purpose to a subcommittee of not fewer than two members.

Nominating and Corporate Governance Committee

This committee held two meetings in 2018. The purpose of the Nominating and Corporate Governance Committee is to evaluate the qualifications of director nominees, to recommend candidates for election as directors, to make recommendations concerning the size and composition of the Board, to develop and implement our corporate

governance policies and to assess the effectiveness of the Board.

Compliance and Ethics Committee

This committee, established December 2017, held three meetings in 2018. The purposes of the Compliance and Ethics Committee are to assist the Board in overseeing (a) the Company's activities in the areas of corporate responsibility, compliance and ethics, including oversight of the Stoneridge Integrity Program,

15

TABLE OF CONTENTS

(b) in collaboration with the Audit Committee, the Company's compliance with legal and regulatory requirements, and (c) to oversee the Company's commitment to establishing a culture of integrity and trust, to conducting all of its business dealings in compliance with applicable federal, state and foreign laws, rules and regulations and to operating with the highest standards of business ethics.

Nominations and Nomination Process

It is the policy of the Nominating and Corporate Governance Committee to consider individuals recommended by shareholders for membership on the Board. If a shareholder desires to recommend an individual for membership on the Board, then that shareholder must provide a written notice (the "Recommendation Notice") to the Secretary of the Company at Stoneridge, Inc., 39675 MacKenzie Drive, Suite 400, Novi, Michigan 48377, on or before January 15 for consideration by this committee for that year's election of directors at the Annual Meeting of Shareholders.

In order for a recommendation to be considered by the Nominating and Corporate Governance Committee, the Recommendation Notice must contain, at a minimum, the following:

- the name and address, as they appear on the Company's books, and telephone number of the shareholder making the recommendation, including information on the number of common shares owned and date(s) acquired, and if such person is not a shareholder of record or if such common shares are owned by an entity, reasonable evidence of such person's ownership of such shares or such person's authority to act on behalf of such entity;
- the full legal name, address and telephone number of the individual being recommended, together with a reasonably detailed description of the background, experience, and qualifications of that individual;
- a written acknowledgment by the individual being recommended that he or she has consented to the recommendation and consents to the Company undertaking an investigation into that individual's background, experience, and qualifications in the event that the Nominating and Corporate Governance Committee desires to do so;
- any information not already provided about the person's background, experience and qualifications necessary for us to prepare the disclosure required to be included in our proxy statement about the individual being recommended;
- the disclosure of any relationship of the individual being recommended with us or any of our subsidiaries or affiliates, whether direct or indirect; and
- the disclosure of any relationship of the individual being recommended with the shareholder, whether direct or indirect, and, if known to the shareholder, any material interest of such shareholder or individual being recommended in any proposals or other business to be presented at our Annual Meeting of Shareholders (or a statement to the effect that no material interest is known to such shareholder).

The Nominating and Corporate Governance Committee determines, and periodically reviews with the Board, the desired skills and characteristics for directors as well as the composition of the Board as a whole. This assessment considers the directors' qualifications and independence, as well as diversity, age, skill, and experience in the context of the needs of the Board. Directors should share our values and should possess the following characteristics: high personal and professional integrity; the ability to exercise sound business judgment; an inquiring mind; and the time available to devote to Board activities and the willingness to do so. The Nominating and Corporate Governance Committee does not have a formal policy specifically focusing on the consideration of diversity; however, diversity is one of the factors that the Nominating and Corporate Governance Committee considers when identifying candidates and making its recommendations to the Board. In addition to the foregoing considerations, generally with

TABLE OF CONTENTS

respect to nominees recommended by shareholders, the Nominating and Corporate Governance Committee will evaluate such recommended nominees considering the additional information regarding them contained in the Recommendation Notices. When seeking candidates for the Board, the Nominating and Corporate Governance Committee may solicit suggestions from incumbent directors, management and third-party search firms. Ultimately, the Nominating and Corporate Governance Committee will recommend to the Board prospective nominees who the Nominating and Corporate Governance Committee believes will be effective, in conjunction with the other members of the Board, in collectively serving the long-term best interests of our shareholders.

The Nominating and Corporate Governance Committee recommended to the Board each of the nominees identified in Election of Directors beginning on page 5 of this Proxy Statement.

Compensation Committee Interlocks and Insider Participation

None of the members of the Board's Compensation Committee served as an officer at any time or as an employee during 2018. In addition, no Compensation Committee interlocks existed during 2018.

Communications with the Board of Directors

The Board believes that it is important for interested parties to have the ability to send communications to the Board. Persons wishing to communicate with the Board may do so by sending a letter to the Secretary of the Company at Stoneridge, Inc., 39675 MacKenzie Drive, Suite 400, Novi, Michigan 48377. The envelope must contain a clear notation indicating that the enclosed letter is a Board Communication or Director Communication. All such letters must identify the author and clearly state whether the intended recipients are all members of the Board or certain specified individual directors (such as the lead independent director or non-management directors as a group). The Secretary will make copies of all such letters and circulate them to the appropriate director or directors. The directors are not spokespeople for the Company and responses or replies to any communication should not be expected.

Transactions with Related Persons

There were no reportable transactions involving related persons in 2018.

Review and Approval of Transactions with Related Persons

The Board has adopted a written statement of policy with respect to related party transactions. Under the policy, a related party transaction is a transaction required to be disclosed pursuant to Item 404 of Regulation S-K or any other similar transaction involving the Company or the Company's subsidiaries and any Company employee, officer, director, 5% shareholder or an immediate family member of any of the foregoing if the dollar amount of the transaction or series of transactions exceeds \$25,000. A related party transaction will not be prohibited merely because it is required to be disclosed or because it involves related parties. Pursuant to the policy, such transactions are presented to the Nominating and Corporate Governance Committee for evaluation and approval by the committee, or if the committee elects, by the full Board. If the transaction is determined to involve a related party, the Nominating and Corporate Governance Committee will either approve or disapprove the proposed transaction. Under the policy, in order to be approved, the proposed transaction must be on terms that are fair to the Company and are comparable to market rates, where applicable.

TABLE OF CONTENTS**EXECUTIVE COMPENSATION****Compensation Discussion and Analysis**

In this section we describe the compensation program for our Named Executive Officers (NEOs). We also discuss our compensation philosophy, policies and the decisions made by the Compensation Committee (the Committee) of the Board in 2018 as it relates to the compensation of our NEOs.

Named Executive Officers for 2018

Name	Title
Jonathan B. DeGaynor	President and Chief Executive Officer
Robert R. Krakowiak	EVP, Chief Financial Officer & Treasurer
Thomas M. Dono, Jr.	Chief Legal Officer and Secretary
Thomas A. Beaver	Vice President and President of Global Sales
Robert R. Willig, Jr.	President Control Devices

2018 Overview

We delivered strong financial performance in 2018 as we experienced higher sales and generated higher net income. The Company believes that focusing our portfolio on smart products, or products which contain embedded electronics or logic, will address industry megatrends and have a positive impact on both our top-line growth and underlying margins.

The actions of the Committee and our pay-for-performance philosophy functioned such that compensation earned by our executives was aligned with our financial performance for 2018. Highlights from the year and our performance are as follows:

Our business units have continued to focus on profitable and sustainable top line growth by developing a clear current and future vision of our products, technologies and targeted customers.

Net sales increased by 5.1% due to higher sales in our Electronics segment, offset by lower sales in our Control Devices and PST segments. Our Electronics segment net sales increased primarily due to an increase in European and North American commercial vehicle and off-highway product sales. Our Control Devices segment net sales decreased primarily as a result of decreased sales volume in the North American automotive market as a result of certain program volume reductions, partially offset by increased sales volume in our commercial vehicle and China automotive markets. Our PST segment net sales decreased primarily due to unfavorable foreign currency translation as well as lower volumes for our audio products and our Argentina aftermarket channel.

Net income increased by \$8.8 million compared to the prior year, which was primarily due to higher sales in our Electronics segment offset by lower sales in our Control Devices and PST segments, and gross margin expansion and improved operational efficiency in our Electronics and PST segments, offset by slightly lower gross margin in our Control Devices segment. The Company also experienced favorable SG&A in 2018 compared to prior year due to a reduction of expense for fair value earn-out consideration related to our Orlaco and PST acquisitions.

TABLE OF CONTENTS

As a result:

Performance on our consolidated operating income, free cash flow and return on invested capital fell below the budgeted targets for our Annual Incentive Plan (AIP), resulting in an overall weighted achievement of 75.2% of target for the consolidated portion of the AIP.

Our Control Devices segment achieved below budgeted targets for the divisional financial metrics and earned 53.1% of target for the AIP.

Our Electronics segment met some of its targets for the divisional financial metrics and earned 102.2% of target for the AIP.

Our PST segment achieved below budgeted targets for the divisional financial metrics and earned 58.6% of target for the AIP.

Under our long-term incentive plan, our earnings per share for 2018 exceeded the 2018 EPS performance target.

This, combined with the annual EPS performance from 2016 and 2017, resulted in total EPS share awards of 134% of target being earned for the 2016-2018 performance period. Additionally, for the three year total shareholder return performance component, our shareholder return was at the 70th percentile of companies in our peer group resulting in TSR awards being earned at 140% of target for the 2016-2018 performance period.

Compensation Philosophy and Objectives

Our Company's compensation programs for executive officers are designed to attract, retain, motivate, and reward talented executives who advance our strategic, operational and financial objectives and thereby enhance shareholder value. The primary objectives of our compensation programs for executive officers are to:

Attract and retain talented executive officers by providing a total compensation package that is competitive with that offered by similarly situated companies.

Create a compensation structure under which a substantial portion of total compensation is based on achievement of performance goals.

Align total compensation with the objectives and strategies of our shareholders and business.

A substantial portion of our executive officers' annual and long-term compensation is tied to quantifiable measures of the Company's financial performance, and therefore will not be earned unless at least the minimum threshold performance is achieved.

TABLE OF CONTENTS**Elements of Compensation**

Following are the elements of our executive compensation program and the objectives for including them.

Element	Type	Objective
Base Salary	Cash fixed	Attract and retain highly skilled executives by providing market competitive base salary that is aligned with the executive's responsibilities, experience & performance.
Annual Incentive Plan	Cash variable	Motivate and reward the achievement of individual, division and/or corporate financial and operational strategic objectives.
Long-Term Incentive Plan	Equity and/or Cash variable	Retain and reward key employees, and align the interests of employees with our shareholders and the long-term success of the Company.
Benefits & Perquisites	Non-cash	Retain key employees by providing market competitive health, welfare & retirement benefits, and limited perquisites that align with our compensation philosophy.

Mix of Compensation

Our executive compensation is based on our pay-for-performance philosophy, which emphasizes executive performance measures that closely correlate with the achievement of both short-term performance objectives and long-term shareholder value. A significant portion of our executive officers' annual and long-term performance-based compensation is at-risk, with the amount of risk increasing with the officer's position level. This provides more upside potential as well as downside risk for more senior positions because they have greater influence on our overall performance.

There is no pre-established policy or target for the allocation between cash and non-cash or short-term and long-term incentive compensation. Rather, the Committee reviews competitive market compensation information provided by our compensation consultant and considers the Company's historical compensation practices in determining the appropriate level and mix of incentive compensation for each executive position.

Total Target Compensation

Total target compensation is the value of the compensation package that is intended to be delivered if performance goals are met. Actual compensation depends on the annual and long-term incentive compensation payout levels based upon the applicable performance achievement and, for a significant percentage of long-term awards, the price of our common shares and total return to shareholders measured against peer group TSR. The following charts show the weighting of each element of total target compensation for the CEO, and average for the other NEOs.

TABLE OF CONTENTS

These charts demonstrate our pay-for-performance philosophy, showing that annual and long-term incentive-based compensation comprises the majority of total target compensation.

Compensation Policies & Best Practices

To achieve the goals of aligning executive compensation with Company performance while maintaining strong corporate governance and minimizing risk, the Committee and the Company review and adopt policies and best practices that they believe are in the best interest of the Company and our shareholders. Following are some of the practices that have been adopted over time that we believe help us to achieve these goals.

Significant emphasis on performance-based compensation

Use of an independent compensation consultant whose firm does no other work for the Company

Annual benchmarking of compensation mix and levels for executive officers to ensure competitiveness

Use of the Total Shareholder Return metric in the long-term incentive plan to align executive and shareholder interests

Include caps on both the annual incentive plan and the long-term incentive plan

Provide limited perquisites to executive officers

Maintain stock ownership guidelines for our executive officers and non-employee Directors

Established anti-hedging and anti-pledging policies

Recoupment of compensation (clawback) policy

Conduct an annual compensation risk assessment

The Compensation Committee

The Committee has the responsibility for determining the compensation paid to the Company's executive officers. In carrying out its responsibilities, among other things, the Committee does the following:

Ensures there is a clear, reasonable and logical linkage between executive officer compensation programs and overall Company performance

Considers comparison to the Company's established Comparator Group and the broader market to ensure appropriate mix and level of competitiveness of compensation

TABLE OF CONTENTS

Reviews and approves annual base salary levels, annual incentive plan targets, and long-term incentive plan targets, in alignment with the level and performance of each NEO as well as Company performance and market conditions

Reviews, advises on and approves new or revised compensation plans

Independent Compensation Consultant

The Committee retains the services of an independent compensation consultant to assist the Committee with the following:

Appraising of relevant trends and compensation developments in the market

Providing advice regarding issues such as long-term incentives and change in control arrangements and other topics as needed

Providing Comparator Group analysis

Providing market data for the CEO position and other executive officers

In 2018, the Committee's compensation consultant was Total Rewards Strategies, LLC (TRS).

Management

The Committee considers the recommendations and evaluations of the CEO when setting the compensation of the other executive officers.

Comparator Group

The Comparator Group is comprised of some of our direct competitors and a broader group of companies in the electronic and motor vehicle parts manufacturing industries that the Committee believes is representative of the labor market from which we recruit executive talent. Factors used to select the Comparator Group of companies include, but are not limited to, industry segment, revenue, profitability, number of employees and market capitalization. The Committee reviews and approves the Comparator Group annually. The companies in the Comparator Group in 2018 were:

Actuant	EnPro Industries	Methode Electronics
Altra Industrial Motion	ESCO Technologies	Modine Manufacturing Company
AVX	Franklin Electric	OSI Systems
Barnes Group	Gentex	Rogers
Chart Industries	Gentherm	Shiloh Industries
CIRCOR	Graco	Spartan Motors
Columbus McKinnon	KEMET	Standard Motor Products
Commercial Vehicle Group	Littelfuse	Superior Industries
CTS	Lydall	Tower International
Dorman Products	Meritor	Wabash National

Compensation Benchmarking

TRS provides the Committee with the 50th and 75th percentiles of the Comparator Group for base salary, cash bonus, long-term incentives and total overall compensation. The Committee uses as a primary reference point the 50th percentile when determining base salary, annual incentive and long-term incentive targets; each element of pay is adjusted to reflect competitive market conditions. The goal of the executive compensation program is to target overall

compensation at the 50th percentile of pay practices of the Comparator Group of companies. Actual target pay for an individual may be more or less

22

TABLE OF CONTENTS

than the referenced percentiles based on the Committee's evaluation of the individual's performance and potential. Consistent with the Committee's philosophy of pay-for-performance, incentive payments can exceed target levels only if overall Company financial targets are exceeded and will fall below target levels if overall financial goals are not achieved.

Consideration of Shareholder Advisory Vote on Executive Compensation

At our 2018 Annual Meeting of Shareholders, our shareholders approved our compensation advisory resolution with 97.5% of the votes cast on the say-on-pay proposal voted for the proposal on the 2017 executive compensation described in our 2018 Proxy Statement. The Committee believes the shareholders vote affirms the Company's approach to executive compensation.

Base Salary

Base salary is the foundation of our compensation program for our executive officers. The annual cash incentive compensation awards and long-term incentive awards are typically based on a percentage of base compensation. The base salary is set at competitive market levels to attract and retain our executive officers. Base salary levels for our executive officers are set on the basis of the executive's responsibilities, the current general industry, and competitive market data, as discussed above. In each case, due consideration is given to individual factors, such as the officer's experience, competencies, performance and contributions, and to external factors, such as salaries paid to similarly situated executive officers by like-sized companies and in particular our comparator group. The Committee considers the evaluation and recommendation of the CEO in determining the base salary of the other executive officers. The Committee generally approves all executive officer base salaries at its December meeting, which become effective January 1 of the following year.

Executive officers' base salaries remain fixed throughout the year unless a promotion, change in responsibilities, or special circumstances occur. In 2018, in recognition of his performance, Mr. Krakowiak was awarded a 5% base salary increase on October 1, 2018.

Annual Incentive Awards

Our executive officers participate in our Annual Incentive Plan (AIP) which provides for annual cash payments based on the achievement of specific financial goals. As described above, the Company believes that a substantial portion of each executive's overall compensation should be directly tied to quantifiable measures of financial performance. At the March 2018 Compensation Committee meeting, the Committee approved the Company's 2018 AIP targets and performance metrics. The AIP targets are expressed as a percentage of the executive officer's base salary.

For 2018, the structure of our AIP included both consolidated financial performance metrics and, where appropriate, divisional metrics to incentivize specific performance. In addition, there is an individual performance metric for executive officers (excluding Mr. DeGaynor) and other leaders in the Company as a way to incentivize and reward specific strategic and measurable activities that are particular to each leader's area of responsibility. The individual metrics are considered critical to the achievement of the overall financial and operational metrics. The individual performance metric functions as a multiplier to the Overall Weighted Achievement, and can range from 90% to 110%.

TABLE OF CONTENTS

The AIP metrics, weighting, metric performance targets, and achievement for 2018 are summarized as follows:

Mr. DeGaynor, Mr. Krakowiak, Mr. Dono, Mr. Beaver	Weight		Metric Target		Achievement	
<i>Consolidated Metrics:</i>						
Operating profit	60	%	\$79.9 million		72	%
Free cash flow	20	%	\$63.0 million		68	%
Return on invested capital	20	%	13.2	%	91	%
Overall Weighted Achievement					75.2	%

Mr. Willig	Weight		Metric Target		Achievement	
<i>Consolidated Metrics:</i>						
Operating profit	40	%	\$79.9 million		72	%
Free cash flow	20	%	\$63.0 million		68	%
Return on invested capital	20	%	13.2	%	91	%
<i>Divisional Metrics:</i>						
Operating income	10	%	\$77.7 million		57	%
Free cash flow	5	%	\$50.0 million		0	%
Return on invested capital	5	%	32.3	%	57	%
Overall Weighted Achievement					69.3	%

The consolidated and divisional financial performance metric targets were based on our 2018 business plan and were intended to be challenging but achievable based on industry conditions known at the time they were established. Under the 2018 AIP, the minimum level for achievement for the consolidated and divisional financial metrics was based on 80% of target while the maximum level was based on 130% of target.

The following table provides the 2018 AIP targets and achievement as a percent of base salary and as a dollar amount for our NEOs.

Executive Officer	Percent of Base Salary Target		Percent of Target Bonus Achieved		Target Bonus	Achieved Bonus
Jonathan B. DeGaynor	100	%	75.2	%	\$750,000	\$564,000
Robert R. Krakowiak	70	%	75.2	%	303,660	228,352
Thomas M. Dono, Jr.	55	%	75.2	%	200,750	150,964
Thomas A. Beaver	55	%	75.2	%	184,968	139,096
Robert R. Willig, Jr.	40	%	69.3	%	130,000	90,090

For each performance metric, specific levels of achievement for minimum, target, and maximum were set as described above. At target, 100% payout is achieved for each element of the plan; at maximum, 200% payout is achieved; and at minimum, 50% payout is achieved. Below the minimum, no incentive is earned under the plan. Minimum achievement under the Operating Income metric is required for the other metrics to payout above their minimum levels. The AIP incentive compensation payout earned between the minimum and maximum levels is prorated. The payment of compensation under the 2018 plan was subject to our overall performance and is included in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table.

In addition to AIP, Mr. Willig received a sign-on bonus in the amount of \$85,000, which is included in the Bonus column of the Summary Compensation Table.

TABLE OF CONTENTS**Long-Term Incentive Awards**

We believe that long-term incentive awards are a valuable motivation and retention tool and provide a long-term performance incentive to management. Under our Long-Term Incentive Plan (LTIP), executive officers may be granted share options, restricted common shares and other equity-based awards. Under our Long-Term Cash Incentive Plan (LTCIP), executive officers may be granted awards payable in cash. The long-term awards are calculated based on the fair value of the shares, shares equivalent or cash at the time of grant. In 2018, we used the following long-term incentive vehicles to provide grants to our executive officers.

Time-Based Restricted Share Units (RSUs): RSUs provide strong retention value by granting the recipients the right to receive common shares (on a one-for-one basis for the number of RSUs granted) after a three year vesting period, provided that the executive officer is still employed by the Company.

Performance-Based Share Units (Performance Shares) Total Shareholder Return: These awards may be earned based on our TSR over a three year period relative to the TSR of our 2018 Peer Group, which is comprised of our 2018 Comparator Group of companies. The following table shows the payout levels associated with TSR percentile ranking. We believe the use of the TSR metric effectively aligns executive and shareholder interests. The Performance Shares earned based on the TSR metric will be paid after a three year vesting period by the issuance on a one-for-one basis of common shares.

SRI TSR v. Peer Group	Calculation of # of Shares	Shares Earned as a % of Target Shares
50 th 10 th percentile	SRI percentile x 2.0	100% 200%
30 th 4 th percentile	50% + {2.5 × (SRI percentile - 30)}	50% 99%
< 30 th percentile	n/a	0%

Performance-Based Share Units (Performance Shares) Earnings Per Share: In 2018, we granted Performance Shares that may be earned after three years based on performance relative to a pre-determined threshold, target and maximum cumulative EPS metric over a three year period. Below the threshold, no shares will be earned. The maximum shares that may be earned is 150% of target. The target EPS for 2018 was set using the Board-approved budget, with an additional 10% added for each of the next two years in the vesting period. The threshold is set at 70% of target and the maximum is set at 130%. Provided the executive officer remains employed, and depending on annual EPS performance, the number of Performance Shares vested prorates between minimum and maximum amounts. Actual EPS performance below the minimum level results in no vested Performance Shares for the annual performance period. The Performance Shares earned based on the EPS metric will be paid after a three year vesting period by the issuance on a one-for-one basis of common shares.

	Threshold	Target	Maximum
Cumulative EPS	\$4.21	\$6.02	\$7.83

TABLE OF CONTENTS

The following chart shows the allocation of the LTIP awards that were granted in 2018:

The Committee determines the value of the annual grant to the executive officers by considering the comparison to our Comparator Group obtained during the annual compensation review process, as well as the executives responsibilities, performance and potential contributions. The targeted value of 2018 LTIP grants were established as listed in the table below.

Executive Officer	Targeted Value 2018 Grant
Jonathan B. DeGaynor	\$1,800,000
Robert R. Krakowiak	536,000
Thomas M. Dono, Jr.	365,000
Thomas A. Beaver	346,000
Robert R. Willig, Jr.	325,000

The grant date fair value of the RSUs and Performance Shares awarded in 2018 are included in the Stock Awards column of the Summary Compensation Table. The RSUs awarded in 2018 are included in the All Other Stock Awards column of the Grants of Plan-Based Awards table, and the grant date fair value of the Performance Shares awarded are included in the Estimated Future Payouts Under Equity Incentive Plan Awards columns of the Grants of Plan-Based Awards table.

The Committee's practice has been to approve the long-term incentive awards at the first regular meeting of the calendar year. As a general practice, awards under the long-term incentive plans are approved once a year unless a situation arises whereby a compensation package is approved for a newly hired or promoted executive officer and equity-based compensation is a component.

2016 Grant of RSUs and Performance Shares

The performance period for the Performance Shares that were granted in 2016 ended on December 31, 2018. The shares vested on March 4, 2019, as shown below. These shares are included for the NEOs, as applicable, in the Outstanding Equity Awards at Year-End table.

2016 LTIP Grant		Performance Period Results

AVX	Franklin Electric	OSI Systems
Barnes Group	Gentex	Rogers
Chart Industries	Gentherm	Shiloh Industries
CIRCOR	Graco	Spartan Motors

Perquisites

We provide executive officers with limited perquisites that we and the Committee believe are reasonable and consistent with the overall compensation program to better enable us to attract and retain superior employees for key positions. The Committee periodically reviews the levels of perquisites provided to executive officers.

Perquisites that are provided to executive officers are different by individual and might include an auto allowance or spousal travel. The incremental costs of the perquisites listed above for the NEOs are included in the All Other Compensation column of the Summary Compensation Table.

Employment Agreements

We use employment agreements in limited situations. In 2015, we entered into a negotiated employment agreement with Mr. DeGaynor which remains in effect. This agreement provides for a minimum base salary of \$500,000; participation in the annual incentive plan at a target of 100% of base salary; a monthly auto allowance, participation in the Company's customary benefit plans including an annual executive physical; and participation in the long-term incentive plan. In addition, if Mr. DeGaynor is terminated without cause, we will be obligated to pay him the sum of his annual base salary and target annual incentive as well as health and welfare benefits for one year, and if the termination occurs in the last six months of the fiscal year, he would be paid a prorated annual incentive.

The Company has not entered into an employment agreement with any other NEO.

Severance Plan

The Company provides executive severance through the Officers and Key Employees Severance Plan (the Severance Plan). The NEOs covered under the Severance Plan include Mr. Krakowiak, Mr. Beaver, Mr. Dono and Mr. Willig. If a covered executive is terminated by us without cause, we will be obligated under the Severance Plan to pay the executive's salary for 12 months and continue health and welfare benefits coverage over the same period of time. Mr. DeGaynor's severance protection is provided in his employment agreement as described above.

Termination and Change in Control Payments

We have entered into change in control agreements with Mr. DeGaynor, Mr. Krakowiak, Mr. Dono, Mr. Beaver and Mr. Willig, and certain other senior management employees. These agreements are designed to promote stability and continuity of senior management, both of which are in the best interest of Stoneridge and our shareholders. Our termination and change in control provisions for the NEOs are summarized below under Potential Change in Control and Other Post-Employment Payments.

Tax Deductibility of Compensation

Section 162(m) of the Internal Revenue Code (Code) generally limits tax deductibility of compensation paid by a public company to its chief executive officer and certain other executive officers in any year to \$1 million in the year compensation becomes taxable to the executive. Prior to the 2017 Tax Cuts and Jobs Act, certain compensation was exempt from the deduction limit to the extent it met the requirements to be considered qualified performance-based compensation as previously defined in Section 162(m). The 2017 Tax Cuts and Jobs Act eliminated that exemption. Certain arrangements entered into prior to November 2, 2017 are considered grandfathered and compensation paid under such arrangements will continue to be deductible until the arrangements are materially modified.

The Compensation Committee has historically considered Section 162(m) in the design of incentive plans to preserve the corporate tax deductibility of compensation. However, in light of the changes to Section 162(m), the Committee anticipates that a larger portion of future compensation paid to the Company's NEOs will be subject to a tax deduction disallowance under Section 162(m). The Compensation Committee recognizes that factors other than tax deductibility should be considered in determining the forms and levels of executive compensation most appropriate and in the best interests of the Company and its stockholders. Annually, the Compensation Committee reviews all compensation programs and payments, including the tax impact on the Company.

Accounting Treatment of Compensation

As one of many factors, the Committee considers the financial impact in determining the amount of and allocation of the different pay elements, including Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 718 Stock Compensation.

Share Ownership Guidelines

The Committee has established share ownership guidelines for our executive officers to enhance the linkage between the interests of our executive officers and those of our shareholders. These guidelines provide that the CEO, CFO and other executive officers must retain Company common shares equal in market value to five, four and three times, respectively, of their annual base salaries. The executive officers have a five year accumulation period to achieve compliance and are restricted from selling any common shares earned under a Company equity-based compensation plan until their ownership guideline has been reached. The accumulation period begins on the date of their first grant following their date of hire or promotion which subjects them to the guidelines.

Clawback Policy

The Company adopted a clawback policy which provides for recoupment of performance-based executive compensation in the event of an accounting restatement resulting from material noncompliance with financial reporting requirements under federal securities laws. The policy applies to current and former executives and requires reimbursement or forfeiture of any excess performance-based compensation received by an executive during the three completed fiscal years immediately preceding the date on which the Company is required to prepare an accounting restatement.

Compensation Risk Assessment

The Compensation Committee reviews the Company's incentive compensation structure practices for all employees to evaluate any risks associated with the Company's compensation programs.

28

TABLE OF CONTENTS

As part of the evaluation, the Compensation Committee reviews a compensation risk assessment that was prepared by Company management and its independent compensation consultant. The compensation risk assessment analyzes all Company compensation programs for various categories of compensation related risk.

The Compensation Committee considers, among other factors, the design of the incentive compensation programs, which are closely aligned to corporate performance, the mix of short term and long term compensation, the maximum payout levels for short term and long term incentives, the distribution of compensation between equity and cash, and other factors that mitigate risk.

The Compensation Committee determined that the Company's compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company.

Compensation Committee Report

We have reviewed and discussed with management the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K and, based on that review and discussion, we recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

(1) The amounts shown reflect awards granted under our 2018 AIP. In March 2018, the Compensation Committee approved the 2018 target AIP awards expressed as a percentage of the executive officer's 2018 approved base salary, and Company and individual performance measures for the purpose of determining the amount paid out under the AIP for each executive officer for the year ended December 31, 2018. Please see Compensation Discussion and Analysis Annual Incentive Awards for more information regarding the Company's 2018 awards and performance measures.

(2) The amounts shown reflect grants of Performance Share awards made under our LTIP on March 6, 2018. The amount of the Performance Shares that will be earned will be determined based on our total shareholder return compared to that of a defined peer group for 30% of the awards and based on our EPS performance for 25% of the awards for the performance period January 1, 2018 through December 31, 2020. The shares will vest on March 6, 2021, assuming the grantee is still employed on that date.

(3) The amounts shown reflect grants of time-based RSUs made under our LTIP. These RSUs were granted on March 6, 2018. The time-based grant comprises 45% of the total LTIP award, and will be earned on March 6, 2021, assuming the grantee is still employed on that date.

(4) The amounts included in Fair Value of Awards column represent the aggregate grant date fair value of the awards computed in accordance with FASB ASC Topic 718. Time-based RSUs and Performance Shares are paid after the end of the performance period and on the vesting dates shown in the following footnotes. With regard to Performance Shares the actual number of common shares paid out is dependent upon the achievement of the related performance objectives. In this column, the theoretical value of the number of outstanding time-based RSUs and Performance Shares, as applicable, reported in the (1) column to the immediate left is based on the price of our common shares on December 31, 2018 (\$24.64). In calculating the number of Performance Shares and their value, we compare the Company's performance through 2018 under each outstanding Performance Share grant against the threshold, target, and maximum performance levels for the grant and report in this column the applicable potential payout amount. If the performance is between levels, we report the potential payout at the next highest level.

(2) These time-based RSUs vest on March 4, 2019.

(3) These time-based RSUs vest on March 6, 2020.

(4) These time-based RSUs vest on March 6, 2021.

Non-Qualified Deferred Compensation Plan

The Compensation Committee approved implementation of a non-qualified deferred compensation plan for our executive officers and certain other leaders in the organization, effective June 1, 2017. The plan provides the opportunity to defer current compensation and taxes until a future date, and to receive tax deferred investment returns on deferred amounts. The Company will provide matching contributions to the extent that participants are unable to receive a full match in the 401(k) plan, due to contribution and/or compensation limits. The plan allows eligible employees to defer up to 80% of their base salary, up to 100% of AIP and up to 100% of LTIP. The minimum deferral period is three years. No NEO participated in the Company's non-qualified deferred compensation plan in 2018.

Potential Change in Control and Other Post-Employment Payments

We have entered into a Change in Control Agreement (the "CIC Agreement") with certain executive officers. There is no excise tax gross-up payment under the CIC Agreements. Our change in control agreements were designed to provide for continuity of management in the event of change in control of the Company. We think it is important for our executives to be able to react neutrally to a potential change in control and not be influenced by personal financial concerns. We believe our arrangements are consistent with market practice. For our NEOs covered under a CIC Agreement we set the level of benefits, as described below, to remain competitive with our select peer group. All payments under the CIC Agreement are conditioned on a non-compete, non-solicitation and non-disparagement agreement.

We believe that the CIC Agreements should compensate executives displaced by a change in control and not serve as an incentive to increase personal wealth. Therefore, our CIC Agreements are "double trigger" arrangements. In order for the executives to receive the payments and benefits set forth in the agreement, both of the following must occur:

- a change in control of the Company; and
- a triggering event:

the Company separates NEO from service, other than in the case of a termination for cause, within two years of the change in control; or

NEO separates from service for good reason (defined as material reduction in NEO's title, responsibilities, power or authority, or assignment of duties that are materially inconsistent to previous duties, or material reduction in NEO's compensation and benefits) within two years of the change in control.

TABLE OF CONTENTS

In March 2015, we entered into a CIC Agreement with Mr. DeGaynor as part of his employment agreement. The terms of this CIC Agreement are substantially similar to that described above. If the events listed above occur and the executive delivers a release to the Company, we will be obligated to provide the following to Mr. DeGaynor:

- two times the greater of Mr. DeGaynor's annual base salary at the time of a triggering event or at the time of the occurrence of a change in control;
- two times the greater of Mr. DeGaynor's target annual incentive award at the time of termination or the actual incentive award received for the fiscal year prior to termination;
- an amount equal to the pro rata amount of annual incentive compensation Mr. DeGaynor would have been entitled to at the time of a triggering event calculated based on the personal and performance goals that were achieved in the year in which the triggering event occurred; and
- continued life and health insurance benefits for twenty-four months following termination.

If the events listed above occur and the executive delivers a release to the Company, we will be obligated to provide the following to Mr. Krakowiak, Mr. Dono, Mr. Beaver, and Mr. Willig:

- two times the greater of the NEO's annual base salary at the time of a triggering event or at the time of the occurrence of a change in control;
- two times the greater of the NEO's average annual incentive award over the last three completed fiscal years or the last five completed fiscal years;
- an amount equal to the pro rata amount of annual incentive compensation the NEO would have been entitled to at the time of a triggering event calculated based on the performance goals that were achieved in the year in which the triggering event occurred; and
- continued life and health insurance benefits for twenty-four months following termination.

Upon a change in control as defined by the Amended and Restated Long-Term Incentive Plan (2016 LTIP), time-based RSUs and Performance Shares granted under that plan vest immediately and are no longer subject to forfeiture. Upon a change in control as defined by the 2016 LTIP, time-based RSUs and Performance Shares granted under that plan remain subject to forfeiture under the original terms of the grant unless a triggering event, as described above, occurs within two years of the effective date of the change in control.

We have a Severance Plan. The NEOs covered under the Severance Plan include Mr. Krakowiak, Mr. Dono, Mr. Beaver, and Mr. Willig. If we terminate a covered executive without cause, we will be obligated under the Severance Plan to pay the executive's salary for one year and continue health and welfare benefits coverage over the same period of time. Mr. DeGaynor's severance protection is provided in his employment agreement as described above. No severance is payable if the NEO's employment is terminated for cause, if they resign, or upon death or disability.

TABLE OF CONTENTS**Value of Payment Presuming Hypothetical December 31, 2018 Termination Date**

CEO Pay Ratio

In compliance with Section 953(b) of the Dodd-Frank Act and Item 402(u) of Regulation S-K, we undertook activities to calculate the ratio of our CEO's total annual compensation to that of our median employee. For 2018, as permitted, we used the employee who was identified in 2017 as our median paid employee as that individual is still employed and there have been no significant changes to our global employee population.

We calculated the 2018 total compensation data for both the CEO and the median employee. Our median employee's total annual compensation in 2018 was \$22,714. Our CEO's total annual compensation in 2018 for purposes of calculating the CEO pay ratio was \$3,142,035. The ratio of our CEO's total annual compensation to the total annual compensation of our median employee was 138 to 1.

For 2018, the Committee recommended and the Board approved a \$5,000 increase to the Annual Cash Retainer and a \$10,000 increase to the Equity Annual Retainer for directors.

Pursuant to the Directors' Restricted Shares Plan, non-employee directors are eligible to receive awards of restricted common shares. In 2018, all directors were granted 4,277 restricted common shares. The restrictions for those common shares lapsed on March 7, 2019.

Director Share Ownership Guidelines

The Board has established share ownership guidelines for all non-employee directors. These guidelines provide that each director should own Company common shares equal in market value to four times the cash portion of the Board's annual retainer. The Directors have a five year accumulation period from implementation of the guideline or appointment to the Board to achieve compliance and are restricted from selling any common shares earned under a Company equity-based compensation plan until their ownership guideline has been reached.
