_____ The following information was issued as Company announcements, in London, England and is furnished pursuant to General Instruction B to the General Instructions to Form 6-K: _____

UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL INFORMATION

Introduction

The proposed acquisition of ABN AMRO Holding N.V. (ABN AMRO) is to be made by RFS Holdings B.V. (RFS Holdings), a company owned jointly by The Royal Bank of Scotland Group plc (RBSG), Fortis N.V. and Fortis SA/NV and the group of companies owned and/or controlled by Fortis N.V. and Fortis SA/NV, (collectively Fortis) and Banco Santander Central Hispano, S.A. (Santander). RFS Holdings will be owned 38.3% by RBSG, 33.8% by Fortis and 27.9% by Santander. RFS Holdings will be accounted for as a subsidiary of RBSG as, although it does not have a majority of the voting rights, it will control the Board of Directors.

The unaudited pro forma condensed combined financial information (the pro forma financial information) comprising a balance sheet as at 30 June 2007 (the pro forma balance sheet) and income statements for the six months ended 30 June 2007 and the year ended 31 December 2006 (the pro forma income statements) and the related notes is based on the published audited and unaudited financial statements of RBSG and ABN AMRO, prepared in accordance with International Financial Reporting Standards issued by the International Accounting Standards Board, or IASB, and interpretations issued by the International Financial Reporting Interpretations Committee of the IASB (collectively IFRS), after giving effect to the proposed sale of LaSalle Bank Corporation (LaSalle) by ABN AMRO to Bank of America Corporation (Bank of America) as announced by ABN AMRO on 23 April 2007.

The pro forma balance sheet has been prepared after giving effect to the proposed acquisition of ABN AMRO by RFS Holdings using the purchase method of accounting and applying the estimates, assumptions and adjustments described in the accompanying notes. The pro forma income statements have been prepared after giving effect to the proposed acquisition of ABN AMRO by RFS Holdings and the reorganisation of businesses that will be carried out subsequent to the acquisition (the Reorganisation). The Reorganisation will comprise the agreed sale of certain businesses to Fortis and Santander and also the probable sale of the non-strategic businesses to third parties.

Due to the limited information publicly available regarding the allocation of assets and liabilities to each of ABN AMRO s business segments that will be included in the reorganisation, a pro forma balance sheet cannot be prepared on a basis consistent with the pro forma income statements.

IFRS vary in certain significant respects from U.S. GAAP. Information relating to the nature and the effect of such differences for the six months ended 30 June 2007 and the year ended 31 December 2006 is presented in Note 5 to the pro forma financial information. As no information is publicly available regarding the allocation of the existing differences between IFRS and U.S. GAAP related to ABN AMRO to each of its business segments that will be included in the reorganisation, a pro forma reconciliation to U.S. GAAP cannot be prepared on a basis consistent with the pro forma income statements.

The pro forma financial information has been prepared on the following basis:

Only publicly available information for ABN AMRO has been used, except for outstanding share options and share awards at 30 June 2007, which have been provided by ABN AMRO.

The purchase consideration has been calculated assuming that 100% of the existing holders of ABN AMRO ordinary shares (including ABN AMRO ordinary shares represented by ABN AMRO ADSs) will accept the offer made by RFS Holdings.

The proposed sale of LaSalle to Bank of America is completed prior to the acquisition of ABN AMRO by RFS Holdings.

The balance sheet the unaudited consolidated balance sheets of RBSG and ABN AMRO at 30 June 2007 prepared in accordance with IFRS have been combined as if the proposed acquisition and the sale of LaSalle had occurred on 30 June 2007. No pro forma adjustments have been recognised for the reorganisation of the businesses to be transferred to Fortis and Santander or the non-strategic businesses to be disposed of, as ABN AMRO does not publish sufficiently detailed segmental balance sheet data to enable such pro forma information to be compiled.

Edgar Filing: ROYAL BANK OF SCOTLAND GROUP PLC - Form 6-K

The income statements the unaudited income statements of RBSG and ABN AMRO for the six months ended 30 June 2007 and the audited income statements of RBSG and ABN AMRO for the year ended 31 December 2006 prepared in accordance with IFRS have been combined as if the proposed acquisition, the sale of LaSalle and the Reorganisation had occurred on 1 January 2006.

The pro forma financial information reflects appropriate adjustments based solely on publicly available information for ABN AMRO and other estimates to account for the disposal of LaSalle, the proposed acquisition and, in the case of the pro forma income statements, the Reorganisation. If the disposal of LaSalle, the acquisition and the Reorganisation occur, the final determination of these estimates may result in material differences from the pro forma financial information.

These estimates include:

The cash proceeds receivable from Bank of America in respect of the sale of LaSalle which may be adjusted in accordance with the terms of the Purchase and Sale Agreement, dated as of April 22, 2007, between Bank of America and ABN AMRO in respect of ABN AMRO North America Holding Company, the holding company for LaSalle, including the subsidiaries LaSalle N.A. and LaSalle Midwest N.A., including any amendment thereto (Bank of America Agreement).

The costs expected to be incurred as part of the proposed acquisition, including RBSG's costs of funding the cash element of its consideration.

The fair value of consideration to be given, including RBSG's shares and the settlement of ABN AMRO's share option schemes and of assets acquired and liabilities assumed, as disclosed in ABN AMRO's published financial statements.

Potential synergy benefits have been excluded.

The presentation currency of RBSG is pounds sterling. Any changes in the foreign exchange rate prior to the date at which the U.S. offer is declared unconditional may also result in material differences

The pro forma financial information and accompanying notes should be read in conjunction with the unaudited financial statements of RBSG included in its Current Report on Form 6-K for the six months ended 30 June 2007 filed with the SEC on 15 August 2007, the ABN AMRO interim results for the six months ended 30 June 2007 filed with the SEC on a Form 6-K on 30 July 2007, the ABN AMRO Form 6-K filed with the SEC on 31 August 2007 containing the unaudited IFRS U.S. GAAP reconciliation data for the six months ended 30 June 2007, the published audited financial statements of RBSG included in its Annual Report on Form 20-F for the year ended 31 December 2006 filed with the SEC on 24 April 2007, the ABN AMRO financial statements for the year ended 31 December 2006 included in the ABN AMRO Annual Report on Form 20-F for the year ended 31 December 2006 filed with the SEC on 2 April 2007 and the unaudited income statement for the year ended 31 December 2006 of LaSalle published by ABN AMRO within the ABN AMRO Unaudited Pro Forma Condensed Financial Statements filed with the SEC on a Form 6-K on 25 April 2007.

The pro forma financial information is presented for information purposes only and does not represent what the results of operations would actually have been, had the acquisition occurred on the dates indicated nor does it project the results of operations for any future period.

(1) The financial information for RBSG has been extracted from

the unaudited financial statements for the six months ended 30 June 2007 included in its 2007 Current Report on Form 6-K.

- (2) The financial information for ABN AMRO has been extracted from the unaudited financial statements for the six months ended 30 June 2007 published by ABN AMRO in its 2007 interim Form 6-K. ABN AMRO financial statements data have been reformatted, to the extent possible, to RBSG's income statement line item presentation.

ABN AMRO disclosed sufficient information in its Annual Report on Form 20-F to enable insurance premium income less reinsurers' share and insurance claims less reinsurers' share to be identified and the income statements for the year ended 31 December 2006 of ABN AMRO and Businesses to be transferred to Fortis and Santander were reformatted to RBSG's income statement line item presentation. No equivalent adjustment has been made to the income statement for the six months ended 30 June 2007 as ABN AMRO did not disclose comparable information in its 2007 interim Form 6-K.

- (3) As the LaSalle results were presented as discontinued operations by ABN AMRO in its 2007 interim Form 6-K, the disposal of LaSalle has not been shown separately in the columnar presentation above. See Notes to Pro Forma Condensed Combined Financial Information Note 2 on page 9.
- (4) See Notes to Pro Forma Condensed Combined Financial Information Note 3 on page 10.
- (5) The pro forma income statement reflects the Reorganisation and has been extracted from the segmental disclosures published in ABN AMRO's 2007 interim Form 6-K without adjustment. Shared Assets means Head Office and central functions,

private equity

in Capitalia and
Saudi Hollandi
and Prime Bank.

- (6) Businesses to be transferred to Fortis and Santander include Business Unit Netherlands (excluding wholesale clients), Business Unit Private Clients, Business Unit Asset Management, Business Unit Latin America (excluding wholesale clients businesses other than in Brazil) and Antonveneta. Global Clients and wholesale clients businesses in the Netherlands and Latin America (excluding Brazil) are to be retained by RBSG but the results attributable to these businesses cannot be separately identified from the information disclosed in ABN AMRO's 2007 interim Form 6-K. Therefore the results of these businesses are included in

Businesses to be transferred to Fortis and Santander, solely for the purposes of the pro forma information.

- (7) Shared Assets to be disposed of comprises Business Unit Private Equity and Group Functions.
- (8) Businesses to be retained by RBSG and forming part of Pro forma Enlarged RBSG include Business Unit North America (excluding LaSalle), Business Unit Asia (excluding Saudi Hollandi and Prime Bank), Business Unit Europe (excluding Antonveneta), and Global Clients and wholesale clients businesses in the Netherlands and Latin America (excluding Brazil). Notes to Pro forma Condensed Combined Financial Information

1. Description of proposed acquisition and estimated pro forma purchase price

The pro forma financial information has been prepared on the basis of preliminary estimates and assumptions. The assumptions used to prepare the pro forma financial information (excluding those in relation to the sale of LaSalle which are disclosed in Note 2) are:

The total estimated purchase price of the proposed acquisition in the amount of £48,741 million, reflecting the offer price of 35.60 in cash and 0.296 RBSG ordinary shares for each ordinary share in ABN AMRO comprising:

cash consideration paid of 67,887 million (£45,718 million), including transaction costs.

the issue of 555 million RBSG ordinary shares. The fair value of the ordinary shares is £2,891 million based on the closing price of RBSG ordinary shares of £5.21 as listed on the London Stock Exchange on 20 September 2007.

ABN AMRO outstanding convertible financing preference shares of 767 million purchased for a cash consideration of 783 million (£527 million) and the formerly convertible preference shares purchased for cash at 27.65 per share, the closing price on 20 April 2007, for an aggregate consideration of 1.24 million (£1 million).

ABN AMRO employee share options of 30,638,425 at 30 June 2007 (based on information provided by ABN AMRO) exercised as part of the acquisition at a weighted average strike price of 19.19 per share, resulting in a cash inflow of 588 million (£396 million).

The ABN AMRO income statement for the six months ended 30 June 2007 has been translated at an average exchange rate of 1.48223 (:£) and the ABN AMRO balance sheet at 30 June 2007 has been translated at the 30 June 2007 closing exchange rate of 1.4849 (:£) being the exchange rates used by RBSG to prepare its financial statements for the six months ended 30 June 2007. The ABN AMRO income statement for the year ended 31 December 2006 has been translated at an average exchange rate of 1.46714 (:£) being the exchange rate used by RBSG to prepare its income statement for the year ended 31 December 2006.

ABN AMRO's interim Form 6-K did not disclose the fair value of financial assets and liabilities as at 30 June 2007. Accordingly, no adjustments have been made to reflect the fair value of financial assets and liabilities at that date.

Retirement benefit liabilities have been adjusted to reflect their fair value (the net pension liability at 31 December 2006 disclosed in the ABN AMRO 2006 Annual Report on Form 20-F as ABN AMRO did not disclose equivalent data at 30 June 2007 in its 2007 interim Form 6-K).

The fair value of property, plant and equipment and other non-financial assets and liabilities is not materially different from the balance sheet carrying values disclosed in the ABN AMRO 2007 interim Form 6-K.

There is not sufficient publicly available information to split goodwill and other intangible assets arising from the proposed acquisition. Accordingly, the allocation of goodwill is preliminary and may change once a valuation of intangible assets has been carried out and consequently future results may change due to the amortisation of any intangible assets identified.

Tax rates have been applied to individual adjustments as considered to be appropriate to the nature and jurisdiction of the adjustment.

Estimated pro forma allocation of purchase price of the proposed acquisition

For the purposes of this pro forma financial information, the proposed acquisition has been accounted for using the purchase method of accounting in accordance with IFRS and U.S. GAAP. ABN AMRO did not publish fair values for its financial assets and financial liabilities at 30 June 2007. Consequently, with limited exceptions, this purchase price allocation is based on the historical carrying value of ABN AMRO assets and liabilities as at 30 June 2007.

Based on initial estimates, and subject to changes upon completion of a final valuation, which may be material, the preliminary allocation of the estimated purchase price is:

8

If the proposed acquisition occurs, RBSG will undertake, after the closing date, a comprehensive assessment of the fair value of assets and liabilities acquired in order to estimate the value of goodwill. Identified intangible assets, upon completion of the fair value assessment, will be amortised over their estimated useful lives.

Of the total estimated purchase price of £48,741 million, described in Note 1 on page 8, the total pro forma amount to be funded by RBSG is £18,740 million. This will be funded by: (i) £2,891 million from the issue of RBSG ordinary shares in exchange for existing ABN AMRO shares; (ii) £3,554 million from the issue of equity preference shares for which RBSG has a firm underwriting commitment; and (iii) £12,295 million from the issue of debt securities; RBSG is currently in the process of issuing securities, primarily euro-denominated, but also in other currencies which will be swapped into euros.

2. Disposal of LaSalle

The proposed acquisition is subject to an offer condition that prior to completion of the proposed acquisition, the agreement for the sale of LaSalle to Bank of America has been completed in accordance with its terms. The estimated effects of the disposal of ABN AMRO North America Holding Company (AANAHA) which principally consists of the retail and commercial banking activities of LaSalle were based solely on publicly available information published by

ABN AMRO within the ABN AMRO 2007 interim Form 6-K for the six months ended 30 June 2007 and the ABN AMRO Unaudited Pro Forma Condensed Financial Statements filed with the SEC on a Form 6-K on 25 April 2007.

ABN AMRO will receive cash consideration of U.S.\$21,000 million (£10,469 million) from Bank of America as set out in the Purchase and Sale Agreement by and between ABN AMRO and Bank of America dated 22 April 2007 and filed with the SEC by ABN AMRO on a Current Report on Form 6-K on 24 April 2007. The cash consideration will be adjusted in accordance with the terms of the Bank of America Agreement if the actual net income of LaSalle for the three months ended 31 March 2007 and the net income of LaSalle, with certain limited adjustments, for the period commencing on 1 April 2007 and concluding on the earlier of the date of the closing of the sale of LaSalle and 31 December 2007 is less than a pre-defined income threshold. No adjustment has been made to the LaSalle purchase price as no information on the performance of LaSalle is available.

The estimated effects of the disposal of LaSalle on the pro forma balance sheet consisted of the following:

The elimination of the LaSalle assets and liabilities at 30 June 2007, as disclosed in Note 11 of the ABN AMRO 2007 interim Form 6-K referred to above. These assets and liabilities were presented as single line items within Other assets and Other liabilities as LaSalle was classified as held-for-sale.

The estimated cash proceeds of U.S.\$21,000 million (£10,469 million) receivable from Bank of America.

The estimated gain on sale of £7,734 million is based on the cash proceeds of £10,469 million and the net assets of LaSalle as disclosed in ABN AMRO's 2007 interim Form 6-K referred to above.

The Bank of America Agreement also anticipates the conversion to equity by ABN AMRO, prior to completion, of U.S.\$6,148 million (£3,065 million) of loans which it currently extends to AANAHA. The impact of the conversion of these loans into equity is not included in the pro forma balance sheet or income statement as there is insufficient publicly available information to conclude whether these loans were included in the LaSalle assets and liabilities published in ABN AMRO's 2007 interim Form 6-K referred to above.

The LaSalle results for the six months ended 30 June 2007 were presented as discontinued operations by ABN AMRO in its 2007 interim Form 6-K filed on 30 July 2007 and therefore no adjustment is required to the results from continuing operations in the pro forma condensed combined income statement for the six months ended 30 June 2007. The estimated effects of the disposal of LaSalle on the pro forma condensed combined income statement for the year ended 31 December 2006 consist of the elimination of the historical revenues and expenses presented in the unaudited condensed consolidated IFRS income statement for the year ended 31 December 2006 of AANAHA disclosed in the ABN AMRO Unaudited Pro Forma Condensed Financial Statements referred to above.

No provision for taxation that may become payable on the sale of LaSalle to Bank of America has been included as there is insufficient publicly available information to assess any potential liability that may arise.

The impact of the disposal of LaSalle as disclosed above and included in the pro forma financial information is estimated based on publicly available information in the referred to documents and therefore is subject to change once the transaction is completed. The results related to the disposal of LaSalle should be read in conjunction with ABN AMRO's 2007 interim Form 6-K filed with the SEC on 30 July 2007 and its Form 6-K filed with the SEC on 25 April 2007.

3. Acquisition adjustments

The acquisition adjustments included in the pro forma financial information have been prepared as if the proposed acquisition was completed on 30 June 2007 for the balance sheet and on 1 January 2006 for the income statements.

ABN AMRO published the fair values of its financial assets and liabilities at 31 December 2006 in its 2006 Annual Report on Form 20-F (see below) but not as at 30 June 2007 in its 2007 interim Form 6-K. Consequently, it is not possible to reflect acquisition adjustments in respect of the fair values of financial assets and liabilities in the pro forma combined balance sheet or in the pro forma combined income statements. The pro forma acquisition adjustments are based on the carrying values of ABN AMRO's assets and liabilities at 30 June 2007 except for net post-retirement benefit liabilities as described below in note (e)(i) on page 11. If the proposed acquisition takes place, RBSG will record the acquired assets, liabilities and contingent liabilities at their fair values on the date of acquisition, which may be significantly different from the carrying values recorded at 30 June 2007 in the pro forma combined financial information. Further, changes in ABN AMRO's net tangible and intangible assets which occur prior to completion may cause material differences between actual and pro forma combined financial information.

The differences between carrying values and fair values of financial instruments at 31 December 2006 disclosed in ABN AMRO's 2006 Annual Report on Form 20-F, were as follows:

	2006 <i>(million)</i>
Loans and advances to customers	3,334
Treasury bills and other eligible bills, debt and equity securities	34
Deposits by banks	7
Customer accounts	80
Debt securities in issue	975
Subordinated liabilities	(151)
Total	4,279

Adjustments to the balance sheet reflect:

(a) The recognition of estimated purchased goodwill of £29,350 million arising from the proposed acquisition less the elimination of existing goodwill and other intangibles, £4,808 million, as disclosed in ABN AMRO's 2007 interim

Form 6-K. It is not possible separately to identify intangible assets from goodwill relating to the proposed acquisition. (b) Deferred tax adjustment in respect of the present value of ABN AMRO's net post-retirement employee benefit liabilities, £116 million (see (e) below, calculated at an estimated tax rate of 28% based on a weighted average of the tax rates applicable in the jurisdictions in which ABN AMRO operates), less the elimination of the deferred tax asset in respect of intangible assets including goodwill, as disclosed in ABN AMRO's 2006 Annual Report on Form 20-F, £413 million. Data at 31 December 2006 were used as ABN AMRO did not disclose equivalent information about the deferred tax asset in respect of intangible assets including goodwill at 30 June 2007 in its 2007 interim Form 6-K. Data at 30 June 2007 may therefore differ from that at 31 December 2006.

- (c) Cash payable by RBSG on the proposed acquisition of ABN AMRO, together with transaction costs, of £12,564 million, financed by the issuance of debt securities.
- (d) The purchase for cash of the outstanding convertible financing preference shares and the redemption of the outstanding formerly convertible preference shares, £517 million.
- (e) (i) The purchase accounting adjustment related to the present value of ABN AMRO's net post-retirement employment benefit liability of £415 million necessary to reflect the present value of the defined benefit obligation less the fair value of plan assets, as disclosed in ABN AMRO's 2006 Annual Report on Form 20-F, less (ii) the elimination of the deferred tax liability in respect of intangible assets including goodwill, as disclosed in ABN AMRO's 2006 Annual Report on Form 20-F, £308 million. Data at 31 December 2006 in respect of the present value of ABN AMRO's net post-retirement employee benefit liability and the deferred tax liability in respect of intangible assets including goodwill were used as ABN AMRO did not disclose equivalent information at 30 June 2007 in its 2007 interim Form 6-K. Data at 30 June 2007 may therefore differ from that at 31 December 2006.
- (f) Minority interests of Fortis and Santander in RFS Holdings.
- (g) Issuance of RBSG ordinary shares for £2,891 million and 5,278 million equity preference shares (£3,554 million at an exchange rate of 1.4849 at 30 June 2007) with a coupon rate of 6.96% (representing the estimated rate applicable to such instruments had they been issued on 20 September 2007) less the elimination of ABN AMRO's shareholders equity upon consolidation of £16,621 million and the estimated gain arising from the disposal of LaSalle of £7,734 million.

No balance sheet adjustments have been made to reflect the businesses to be transferred to Fortis or Santander or the disposal of non-strategic businesses as ABN AMRO does not publish sufficiently detailed segmental balance sheet data in its 2007 interim Form 6-K to enable information related to these businesses to be identified.

Adjustments to the income statement reflect:

- (h) Interest payable of £250 million for the six months ended 30 June 2007 (£390 million for the year ended 31 December 2006) in respect of funding RBSG's investment in RFS Holdings, based on the issuance of £12,295 million debt securities at an equivalent interest rate of 4.05%, being the average 3 month Euribor interest rate for the first half of 2007 (year ended 31 December 2006 3.16%, being the average 3 month Euribor interest rate for 2006) (considered the appropriate market rates applicable to such instruments), including related fees. Had the 3 month Euribor interest rate on 20 September 2007 of 4.99%, including related fees, been applied in calculating the interest payable in respect of funding RBSG's investment in RFS Holdings, the interest payable for the six months ended 30 June 2007 and the year ended 31 December 2006 would have been £307 million and £614 million respectively.
- (i) Reversal of amortisation of other intangible assets recorded on ABN AMRO's balance sheet but not recognised separately from goodwill in the acquisition accounting, £378 million and the reduction in staff costs on recognition of the present value of ABN AMRO's net post-retirement employee benefit liabilities, £18 million, for the year ended 31 December 2006. ABN AMRO did not disclose equivalent data for the six months ended 30 June 2007 in its 2007 interim Form 6-K and therefore no adjustments have been made for the six months ended 30 June 2007.
- (j) Current and deferred tax charges and credits relating to the adjustments above at tax rates considered to be appropriate to the nature and jurisdiction of such adjustments.
- (k) Equity preference share dividends of £124 million for the six months ended 30 June 2007 (£250 million for the year ended 31 December 2006) relating to £3,554 million of euro-denominated equity preference shares with a coupon rate of 6.96% issued by RBSG to fund its investment in RFS Holdings. Data for the year ended 31 December 2006 has been updated to reflect the estimated coupon rate as at 20 September 2007.
- (l) Earnings per share and weighted average number of RBSG shares for the year ended 31 December 2006 adjusted for the two-for-one bonus issue of ordinary shares effected by RBSG on 8 May 2007.

4. Unaudited comparative historical and pro forma earnings per share data

Earnings used for the basic pro forma combined earnings per share calculations are the pro forma profit attributable to ordinary shareholders of RBSG for the six months ended 30 June 2007 and the year ended 31 December 2006 respectively.

The weighted average number of shares outstanding during the six months ended 30 June 2007 and the year ended 31 December 2006 for the unaudited pro forma condensed combined income statements are based on the estimated

equivalent weighted average number of ordinary shares for RBSG following the proposed acquisition. The weighted average number of RBSG shares in issue during the year ended 31 December 2006 has been adjusted for the two-for-one bonus issue of ordinary shares effected on 8 May 2007.

For illustrative purposes, earnings per share are calculated as if the ordinary shares issued by RBSG as part of the consideration for the proposed acquisition of ABN AMRO had occurred on 1 January 2006. Under the terms of the proposed acquisition, RBSG will issue 0.296 RBSG ordinary shares for each ABN AMRO share, increasing the weighted average number of shares in issue during 2006 and the first half of 2007 by 555 million shares.

5. Reconciliation to U.S. GAAP

Reconciliations of the unaudited pro forma combined profit attributable to ordinary shareholders under IFRS to the unaudited pro forma combined net income available for ordinary shareholders under U.S. GAAP for the six months ended 30 June 2007 and the year ended 31 December 2006 and pro forma combined shareholders' equity under IFRS to pro forma combined shareholders' equity under U.S. GAAP as at 30 June 2007 are set out below. For additional information on these adjustments, refer to Note 13 in the RBSG 2007 interim Form 6-K filed with the SEC on 15 August 2007, Note 47 in the RBSG 2006 Annual Report on Form 20-F, ABN AMRO's Form 6-K filed with the SEC on 31 August 2007, Note 50 in the ABN AMRO 2006 Annual Report on Form 20-F and the Reconciliation to U.S. GAAP included in the ABN AMRO Unaudited Pro Forma Condensed Financial Statements filed with the SEC on a Form 6-K on 25 April 2007.

No adjustments have been made in the unaudited pro forma combined IFRS U.S. GAAP net income or shareholders' equity reconciliations to reflect ABN AMRO's discontinued operations (except in relation to LaSalle - see below), the businesses to be transferred to Fortis or Santander or the non-strategic businesses to be disposed, as ABN AMRO did not publish sufficiently detailed data in its Form 6-K filed with the SEC on 31 August 2007 or its 2006 Annual Report on Form 20-F to enable IFRS U.S. GAAP differences relating to these businesses to be identified. Therefore, the reconciliations are not prepared on a continuing operations basis.

ABN AMRO published IFRS U.S. GAAP adjustments for the year ended 31 December 2006 relating to LaSalle in its Form 6-K filed on 25 April 2007. Similar information for the six months ended 30 June 2007, however, has not been published by ABN AMRO. Therefore, in the pro forma IFRS U.S. GAAP reconciliations as of and for the six months ended 30 June 2007 below, IFRS U.S. GAAP adjustments relating to allowances for loan losses, leasehold and property provisions and related tax effects (based on a tax rate of 31.4%, as published in ABN AMRO's Form 6-K filed on 30 July 2007) have been assumed to relate entirely to LaSalle based on information in ABN AMRO's Form 6-K filed on 25 April 2007. It is not possible to make similar assumptions for other adjustments. Consequently, pro forma combined U.S. GAAP information as of and for the six months ended 30 June 2007 may differ from the amounts presented here.

have been
eliminated.

Under IFRS and U.S. GAAP, on the acquisition of ABN AMRO, its identifiable assets, liabilities and contingent liabilities will be measured at fair value and the difference between the purchase consideration and the fair value of net assets acquired, recorded as goodwill. There are differences in both the recognition of net assets acquired and the measurement of consideration between IFRS and U.S. GAAP. Any such differences in the value of net assets acquired will be matched by an equal and opposite difference in goodwill on acquisition recorded under IFRS and under U.S. GAAP; RBSG's consolidated shareholders' equity will be unaffected.

Forward-Looking Statements

This announcement includes certain forward-looking statements. These statements are based on the current expectations of Fortis, RBSG and Santander (the Consortium Banks) and are naturally subject to uncertainty and changes in certain circumstances. Forward-looking statements include any synergy statements and, without limitation, other statements typically containing words such as intends, expects, anticipates, targets, plans, estimates and similar import. By their nature, forward-looking statements involve risk and uncertainty because they relate to events and depend on circumstances that will occur in the future. There are a number of factors that could cause actual results and developments to differ materially from those expressed or implied by such forward-looking statements. These factors include, but are not limited to, the presence of a competitive offer for ABN AMRO, whether the Consortium Banks and ABN AMRO enter into any definitive agreement with respect to the potential acquisition of ABN AMRO, satisfaction of any conditions to the offer, including the receipt of required regulatory and anti-trust approvals, the successful completion of the offer or any subsequent compulsory acquisition procedure, the anticipated benefits of the offer (including anticipated synergies) not being realized, the separation and integration of ABN AMRO and its assets among the Consortium Banks being materially delayed or more costly or difficult than expected, as well as additional factors, such as changes in economic conditions, changes in the regulatory environment, fluctuations in interest and exchange rates, the outcome of litigation and government actions. Other unknown or unpredictable factors could cause actual results to differ materially from those in the forward-looking statements. None of the Consortium Banks undertake any obligation to update publicly or revise forward-looking statements, whether as a result of new information, future events or otherwise, except to the extent legally required.

Pro Forma Financial Information

You are advised that the unaudited pro forma condensed combined financial information (Pro Forma Financial Information) in this Form 6-K has been derived from Amendment No. 5 to our Registration Statement on Form F-4 filed with the SEC on September 24, 2007 (Amendment No. 5). This Registration Statement has not yet been declared effective by the SEC and remains subject to review and comment by the SEC until such date as it is declared effective. As a result of such review and comment and as a consequence of changes to relevant market share prices, interest rates and currency exchange rates during the intervening periods, any amendments to the Registration Statement subsequent to Amendment No. 5 are expected to amend, supplement or revise the Pro Forma Financial Information. Further amendments to our Registration Statements on Form F-4 that will amend, supplement or revise the Pro Forma Financial Information, including the amendment declared effective, will be filed with the SEC. Such amendments will be available on EDGAR and accessible through the internet website maintained by the SEC at <http://www.sec.gov>.
