- Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

Item 7.01. Regulation FD Disclosure.

On June 29, 2006 ("Effective Date"), Sabine Pass Tug Services, LLC ("Sabine Tug Services"), a wholly-owned subsidiary of Cheniere Energy, Inc. ("Cheniere"), entered into a Marine Services Agreement (the "Agreement") with Alpha Marine Services, L.L.C. ("Alpha Marine"), a subsidiary of Edison Chouest Offshore. Pursuant to the Agreement, Alpha Marine will provide marine services at the liquefied natural gas ("LNG") terminal currently under construction in western Cameron Parish, Louisiana, on the Sabine Pass Channel (the "Terminal") owned by Sabine Pass LNG, L.P. ("Sabine Pass"), a wholly-owned subsidiary of Cheniere and an affiliate of Sabine Tug Services.

Edgar Filing: CHENIERE ENERGY INC - Form 8-K

MARINE SERVICES

The Agreement requires Alpha Marine to employ three (3) newly-built tugs (unless Sabine Tug Services determines to mobilize a fourth tug) on a continuous basis in order to provide the following services:

- (a) escorting LNG vessels;
- (b) assisting in the berthing and unberthing of LNG vessels at the Terminal;
- (c) standing-by an LNG vessel at all times (except in certain cases) while an LNG vessel is in berth at the Terminal;
- (d) standing-by at the Terminal when no LNG vessel is present;
- (e) performing fire fighting, lifesaving, and other emergency response services (including spill or hazardous material spill response and cleanup activities) needed by an LNG vessel or the Terminal which can be reasonably and safely provided by the tugs;
- (f) conducting salvage and/or wreck removal activities, as authorized under the Agreement;
- (g) providing picket boat services to the Terminal and any LNG vessels berthed at the Terminal;
- (h) performing such other related or ancillary tasks as may be requested by Sabine Tug Services; and
- (i) performing other activities directly related to the performance by Alpha Marine of the marine services under the Agreement.

TERM

Alpha Marine will commence providing the marine services no earlier than October 1, 2007, but no later than February 12, 2008 ("Service Date"). The initial term of the Agreement commenced on the Effective Date, and will end on the ten (10) year anniversary of the Service Date (the "Initial Term"). Sabine Tug Services has the option to extend the Initial Term for up to two (2) additional, consecutive extension terms of five (5) years each.

NON-AVAILABILITY

Alpha Marine will use its best efforts to avoid and minimize any occasions on which any of the tugs are not available to provide the marine services when needed. If a tug is not available to fully perform the marine services, Alpha Marine is to promptly provide a replacement tug to provide the services at its expense, which expense is not to exceed \$100,000 per year.

CONSIDERATION

In consideration of Alpha Marine performing the marine services, Sabine Tug Services will pay Alpha Marine the day rate as determined under the Agreement.

CONSTRUCTION AND OPERATION OF TUGS

Alpha Marine will cause four (4) tugs to be constructed in compliance with the characteristics outlined in the Agreement. The tugs are to be in service and ready to commence marine services by February 12, 2008. If one or more of the tugs has not commenced marine services by February 12, 2008, then Sabine Tug Services may terminate the Agreement if (i) the unavailability of a tug continues for 90 days and is not excused by reason of force majeure suffered by Alpha Marine; or (ii) the unavailability of a tug continues for more than 180 days by reason of force majeure suffered by Alpha Marine.

TERMINATION

Edgar Filing: CHENIERE ENERGY INC - Form 8-K

Sabine Tug Services may terminate the Agreement at any time upon giving Alpha Marine 30 days' prior written notice, and by paying (i) any day rate or other payments then owing under the Agreement, or (ii) a break-up fee if the termination is during the Initial Term. The break-up fee payable if Sabine Tug Services terminates the Agreement during the first full calendar year during the Initial Term is \$4,000,000, and declines \$400,000 for each succeeding calendar year thereafter. For example, the break-up fee payable in year ten of the Initial Term would be \$400,000.

Sabine Tug Services may terminate the Agreement for cause if after notification to Alpha Marine of a material breach, it reasonably believes that Alpha Marine cannot cure such breach, or within three (s) days of such notice, Alpha Marine fails in the reasonable opinion of Sabine Tug Services to remedy the breach or to provide adequate assurance that such breach will be remedied. Sabine Tug Services may also terminate the Agreement in the event of Alpha Marine's bankruptcy or insolvency or should any government requisition or otherwise take possession of one or more Tugs.

GUARANTEE

On June 28, 2006, Cheniere issued a guarantee (the "Guarantee") to Alpha Marine to guarantee Sabine Tug Services' payment obligations under the Agreement, provided that Cheniere's liability under the Guarantee shall not in the aggregate exceed \$5,000,000.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.
