Forward-Looking Statements

Certain statements in this document are “forward-looking statements” under Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. Forward-looking statements are based on current expectations. However, actual results may differ materially from expectations due to the risks, uncertainties and other factors that affect our business and that of VersaPharm. These factors include, among others, the occurrence of any event, change or other circumstances that could give rise to the termination of the definitive agreement; the failure to satisfy conditions to completion of the acquisition, including receipt of regulatory approvals; changes in the business or operating prospects of VersaPharm; our ability to obtain additional funding or financing to operate and grow our business; the effects of federal, state and other governmental regulation on our business; our ability to obtain and maintain regulatory approvals for our products; our success in developing, manufacturing, acquiring and marketing new products; the success of our strategic partnerships for the development and marketing of new products; our ability to successfully integrate acquired businesses and products; and the effects of competition from other generic pharmaceuticals and from other pharmaceutical companies. We provide additional information about these and other factors of the Company in the reports we have filed with the Securities and Exchange Commission, including, but not limited to, those described in “Risk Factors” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” in our annual report on Form 10-K for the year ended December 31, 2013. Except as required by applicable law, we disclaim any obligation to update any forward-looking statement in this document, whether as a result of changes in underlying factors, new information, future events or otherwise.
